#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors Broward Education Foundation, Inc. Fort Lauderdale, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Broward Education Foundation, Inc. (the "Foundation"), a component unit of the School Board of Broward County, Florida, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

1

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Foundation as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2021, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Miramar, Florida September 27, 2021

## THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2021

Our discussion and analysis of Broward Education Foundation, Inc. (the "Foundation"), provides a narrative overview of the Foundation's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the Foundation's Independent Auditor's Report, basic financial statements, and accompanying notes to the basic financial statements.

### **FINANCIAL HIGHLIGHTS**

The assets of the Foundation exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of \$8,783,294.

The change in the Foundation's total net position in comparison with the prior fiscal year was a decrease of \$398,967. The key components of the Foundation's net position and changes in net position are reflected in the table in the government-wide financial analysis section.

On February 14, 2018, a mass shooting occurred at Marjory Stoneman Douglas ("MSD") High School. Broward Education Foundation orchestrated a large fundraiser to support the families and victims of this horrific tragedy. The campaign ended on June 30, 2019. Beneficiaries applied and were vetted in accordance with recommendations from business, community, and civic-based Marjory Stoneman Douglas Victims' Fund Steering Committee. Said beneficiaries received \$10.6 million during the fiscal year ending June 30, 2019.

As of June 30, 2021, the MSD Victims' Fund balance is \$70,790, comprised of remaining funds and subsequent donations from donors who were apprised the campaign had ended but still wished to help. These funds have been transferred to the MSD Strong fund, which will be used as directed by donors for the benefit of the school, students, teachers, and administrators in its/their ongoing recovery.

At June 30, 2021, the Foundation's fund balance in governmental funds decreased to \$8,783,294 from \$9,182,261 at June 30, 2020. Of the total fund balance, \$3,475,436 is restricted for future scholarships; \$2,166,214 is non-spendable for inventories; \$70,790 is restricted for the remaining MSD accounts; \$148,523 represents the net investment in capital assets; and the remainder of \$2,922,331 is unassigned and available for spending at the Foundation's discretion.

### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as the introduction to the Foundation's basic financial statements. The Foundation's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

# BROWARD EDUCATION FOUNDATION, INC. A COMPONENT UNIT OF THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA MANAGEMENT'S DISCUSSION AND ANALYSIS

**JUNE 30, 2021** 

### **OVERVIEW OF FINANCIAL STATEMENTS – (continued)**

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Foundation's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the Foundation's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Foundation is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by contributions. The Foundation has no business-type activities. The governmental activities of the Foundation include general administration and scholarships and programs functions.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Foundation, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Foundation has two fund categories: governmental funds and fiduciary funds.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a Foundation's near-term financing requirements.

# BROWARD EDUCATION FOUNDATION, INC. A COMPONENT UNIT OF THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2021

### **OVERVIEW OF FINANCIAL STATEMENTS – (continued)**

### **Governmental Funds (continued)**

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Foundation's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Foundation maintains only one governmental fund, the general fund. Information is presented in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund.

### **Fiduciary Funds**

The Foundation is a trustee, or fiduciary, for several grants. It is also responsible for other programs or assets that, because of a trust arrangement, can be used only for the trust beneficiaries. The Foundation is responsible for ensuring that the assets reported in these funds are used for the intended purposes. Fiduciary activities are reported in a separate statement of fiduciary net position. These activities are excluded from the Foundation's government-wide financial statements because the Foundation cannot use these assets to finance its operations.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the Foundation assets exceeded liabilities at the close of the most recent fiscal year.

# BROWARD EDUCATION FOUNDATION, INC. A COMPONENT UNIT OF THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS – (continued)**

Key components of the Foundation's net position are reflected in the following table. The Foundation owns a building with a net value of \$729,886 with a mortgage of \$581,362.

NET POSITION  JUNE 30,					
Assets, including capital assets	<b>2021</b> \$ 10,334,320	<b>2020</b> \$ 10,484,230			
Total assets	10,334,320	10,484,230			
Liabilities, including non-current liabilities Total liabilities	1,551,026 1,551,026	1,301,969 1,301,969			
Net position  Net investment in capital assets  Restricted for:	148,524	153,230			
Expendable-scholarships MSD accounts	3,475,434	3,809,221			
Unrestricted	70,790 <u>5,088,545</u>	112,426 <u>5,107,384</u>			
Total net position	\$ 8,783,293	\$ 9,182,261			

The restricted portion of the Foundation's net position represents funds set aside for future scholarships, MSD accounts and capital assets. The remaining balance of unrestricted net position may be used to meet the Foundation's other obligations.

The Foundation's net position decreased during the most recent fiscal year as a result of an increase in grants and contributions causing an increase in net operations.

# BROWARD EDUCATION FOUNDATION, INC. A COMPONENT UNIT OF THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

### MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2021

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS – (continued)**

Key elements of the change in the Foundation's net position are reflected in the following table:

CHANGES IN NET POSITION						
FOR THE FISCAL YEARS ENDED JUNE 30,						
	<u>20</u>	<u> 21</u>	<u>2020</u>			
Revenues:						
Program revenues:						
Charges for services	\$ 9,7	'87 \$	33,446			
Operating grants and contributions	4,358,4	80	6,415,680			
General revenues:						
Unrestricted investment earnings	600,5	<u> </u>	59,052			
Total revenues	4,968,7	<u>'00</u>	6,508,178			
Expenses:						
General administration	379,3	86	452,359			
Scholarships and programs	4,956,7	45	4,665,855			
Interest on long-term debt	31,5	<u> </u>	31,708			
Total expenses	5,367,6	68	5,149,922			
Change in net position	(398,9	58)	1,358,256			
Net position – beginning	9,182,2	<u>.61</u>	7,824,005			
Net position – ending	<u>\$ 8,783,2</u>	<u>\$</u>	9,182,261			

As noted above and in the statement of activities, the cost of all Foundation activities during the fiscal year ended June 30, 2021 was \$5,367,668.

### **BUDGETARY COMPARISON**

No analysis of significant variations between the original and final budget amounts and between the final budget and actual results have been presented in these financial statements as not all programs of the Foundation have legally adopted budgets.

### **CONTACTING THE FOUNDATION'S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of the Foundation's finances and to demonstrate the Foundation's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact Broward Education Foundation, Inc. at 600 SE Third Avenue 1<sup>st</sup> Floor, Fort Lauderdale, Florida 33301.

### Note 1 - Organization

Broward Education Foundation, Inc., ("the Foundation") a component unit of the School Board of Broward County, Florida was incorporated in August 1983. The Foundation is a broadly based, nonprofit direct-support organization of the School Board of Broward County, Florida (the "District").

The purpose of the Foundation is exclusively educational and charitable, namely, to receive, hold, invest and administer grant funds, donor funds and property and to make expenditures to enhance public education in Broward County Public Schools. The Foundation secures and distributes contributions from individuals, corporations, and foundations; and also holds fiduciary funds for agencies supporting public education. These funds are used only for the intended purposes set up by these grants/donors/agencies.

The Foundation employs eight individuals who are paid through the Foundation's payroll. In addition, two individuals employed and paid by the District, work at the Foundation.

The nature and purpose of the Foundation's programs and funding sources are as follows:

### **CORE PROGRAMS**

#### Innovative Teaching

With the Foundation's multi-faceted PreK-12 "best practices" model, Innovative Teachers are recognized for their ingenuity in developing engaging and proven curriculum, their classrooms benefit from grant funding; and their peers replicate, enhance and build upon proven methods of academic achievement. Innovative Teacher grant-winning projects funded through the Foundation instill enthusiasm for learning in the District's students, improve their grasp of the curriculum and ultimately, increase the likelihood they will stay in school.

### Scholarship

Scholarships awarded to qualified graduating students in Broward County Public Schools through Broward Education Foundation are primarily based on need, as well as on merit and academic achievement. Students pursuing a university, college or vocational education receive scholarships ranging from \$500 to a four-year scholarship. Frederick A. Deluca Foundation, Inc. and Community Foundation of Broward awards Broward Education Foundation's Scholarship Program which supports first generation college students, many of whom are homeless and have high academic or community service achievements, without the financial ability to attend the schools of their choice.

### Note 1 - Organization (continued)

### **CORE PROGRAMS (continued)**

### School Supply Center

Broward Education Foundation's School Supply Center provides free school supplies for students in need. Through a collaborative partnership with Kids in Need Foundation and tremendous support from business and community leaders, educators in schools serving a high-percentage of economically disadvantaged students shop free, twice a year, in the School Supply Center.

#### **FUNDING SOURCES**

### Education First - Employee Giving Campaign

Employees in Broward County Public Schools know that students depend on them, both directly and indirectly. The Foundation's *Education First Employee Giving Campaign* strongly reinforces the District's commitment and dedication to quality education. Employee payroll deduction proceeds are allocated to the Foundation's core programs, namely Innovative Teaching, Scholarships, and the School Supply Resource Center.

### License for Learning

In 1994, the Florida Legislature approved the design and sale of automobile license plates to support education throughout the state. For each tag sold in Broward County, Broward Education Foundation directly receives \$20 from the State of Florida Department of Highway Safety and Motor Vehicles. These funds provide support for the Foundation's core programs- innovative teaching, school supplies and scholarships.

### Stanley G. Tate Florida Prepaid Scholarship Program

Since its founding in 1990, the Florida Prepaid College Foundation ("FPCF") has committed to giving aspiring students the opportunity to build a better future for themselves and the state by providing college scholarships funded through partnerships with individuals, businesses, educational foundations, and the Florida Legislature. The Florida Prepaid College Board manages the Stanley G. Tate Florida Prepaid College Program which provides matching funds to certified organizations that purchase Florida Prepaid scholarships for low income youth. The Foundation purchases these scholarships and awards them to qualified seniors graduating from Broward County Public Schools.

### Note 1 – Organization (continued)

### **FUNDING SOURCES (continued)**

### State of Florida - School District Education Foundation Matching Grants

Adopted by the Florida Legislature in 2000, the School District Education Foundation Matching Grants program contributes substantially to the success of students and teachers in the state's 2<sup>nd</sup> largest District- Broward County Public Schools ("BCPS".) This is a model public-private partnership administered through the Consortium of Florida Education Foundations ("CFEF".) Based upon student enrollment, CFEF issues grants provided the funds are matched at the local level by private funding. In Broward County, said grants support the Innovative Teaching and School Supply Center programs, and programs that focus on science, technology, engineering, and math ("STEM"), teaching quality, literacy, increasing graduation rates and underperforming students.

### Marjory Stoneman Douglas ("MSD") Victims' Fund

On February 14, 2018, a mass shooting occurred at Marjory Stoneman Douglas High School. Broward Education Foundation orchestrated a large fundraiser to support the families and victims of this horrific tragedy. The campaign ended on June 30, 2019. Beneficiaries applied and were vetted in accordance with recommendations from business, community, and civic-based Marjory Stoneman Douglas Victims' Fund Steering Committee. Said beneficiaries received \$10.6 million during the fiscal year ending June 30, 2019.

As of June 30, 2021, the MSD Victims' Fund balance is \$70,790, comprised of remaining funds and subsequent donations from donors who were apprised the campaign had ended but still wished to help. These funds have been transferred to the MSD Strong fund, which will be used as directed by donors for the benefit of the school, students, teachers, and administrators in its/their ongoing recovery.

### Note 2 – Summary of Significant Accounting Policies

### **Reporting Entity**

For financial statement reporting purposes, the Foundation is considered a component unit of the District, as the District approves the Foundation's board members. In addition, the Foundation receives specific financial benefits from the District and the District provides financial support to help the Foundation meet its ongoing operating expenses and, thus, the Foundation is included in the Comprehensive Annual Financial Report (CAFR) of the District.

### Note 2 - Summary of Significant Accounting Policies (continued)

#### **Government-Wide and Fund Financial Statements**

Government-wide Financial Statements: The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Foundation.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Foundation's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues mainly include contributions to the Foundation. The effect of material interfund activity, has been eliminated from these statements.

Fund Financial Statements: The fund financial statements provide information about the Foundation's funds: governmental and fiduciary. The emphasis of fund financial statements is on major governmental funds.

Governmental Funds: Governmental funds are used to account for the Foundation's general government activities. The Foundation's governmental fund is its general fund, which is a major fund and the primary operating fund. The general fund accounts for all financial resources of the Foundation.

*Fiduciary Funds:* Fiduciary funds are used to account for assets held by the Foundation in a trustee or agency capacity for others.

The agency fund is custodial in nature and does not present results of operations or have a measurement focus. The agency fund is used to account for assets held by the Foundation for various schools and programs.

#### **Measurement Focus**

Government-wide Financial Statements: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Agency Funds are reported using the accrual basis of accounting. However, they report only assets and liabilities and, as such, do not have a measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Foundation gives or receives value without receiving or giving equal value in exchange, include donations or contributions.

## THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS

**JUNE 30, 2021** 

### Note 2 - Summary of Significant Accounting Policies (continued)

### Measurement Focus (continued)

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Foundation considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are recorded when the related fund liability is incurred.

### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

### **Cash and Cash Equivalents**

Cash equivalents includes cash on hand and in banks except for cash equivalents associated with the investment accounts.

#### **Inventories**

Inventories consist of school supplies, located at the School Supply Center and School District warehouse, which were donated throughout the fiscal year. Inventories are stated at retail value, as determined by management on a first-in first-out basis.

#### **Income Tax Status**

The Foundation qualifies as a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code, and, therefore, these financial statements contain no provision for federal income taxes.

### **Investments**

Investments in debt securities and equity securities with readily determinable market values are recorded at fair value. Unrealized and realized gains and losses on these investments are reported in the statement of activities and in the statement of revenues, expenditures, and changes in fund balance. Securities are generally held in custodial investment accounts administered by certain financial institutions.

## THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

### Note 2 - Summary of Significant Accounting Policies (continued)

The Foundation's investment policy mix for the long-term investment account is as follows:

Asset Class - Agency Investments	Minimum	Target	Maximum
Equity Investments	0%	15%	25%
Fixed Income	75%	84%	100%
Alternatives	0%	0%	5%
Cash Equivalents	0%	1%	15%
Asset Class - Scholarship Endowment Investments	Minimum	Target	Maximum
Equity Investments	50%	61%	70%
Fixed Income	20%	28%	40%
Alternatives	0%	10%	20%
Cash Equivalents	0%	1%	20%
Asset Class - Unrestricted Investments	Minimum	Target	Maximum
Equity Investments	50%	61%	70%
Fixed Income	20%	28%	40%
Alternatives	0%	10%	20%
Cash Equivalents	0%	1%	20%

The Foundation's investment policy for the short-term investment fund is that the funds be invested in any of the following security types:

- 1) Securities issued by the U.S. Government and its Agencies and Instrumentalities
- 2) Commercial Paper
- 3) Money Market Mutual Funds
- 4) Certificates of Deposit
- 5) Bankers Acceptances Notes and Repurchase Agreements
- 6) Short-duration Corporate Fixed Income Instruments
- 7) Ultra-Short-Term Fixed Income Mutual or Exchange Traded Funds investing in the above security types.

See Note 4 for further details.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

### Note 2 – Summary of Significant Accounting Policies (continued)

### **Capital Assets**

Capital assets, which the Foundation defines as land, buildings and fixed equipment, improvements other than buildings, furniture and equipment, audio/visual equipment, computer software, and motor vehicles with a cost of \$750 or greater and an initial useful life of more than 1 year, are reported in the government-wide financial statements. Such assets are recorded at historical cost or at estimated historical cost if the actual historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation. Capital assets used in operations are depreciated using the straight-line method over their estimated useful lives in the government-wide financial statements. The Foundation owns a building that serves as a warehouse and storage for its School Supply Center program. The building is currently being depreciated over 40 years.

Capital assets of the Foundation are depreciated using the straight-line method over the following useful lives:

Buildings	20–50 years
Improvements	15–40 years
Machinery and equipment	3–20 years

### **Contributions**

Contributions received are recognized as revenue when the donor's commitment is received unless amounts are restricted for a subsequent period.

### **Donated Services**

A substantial number of board members and volunteers have donated significant amounts of their time and in-kind services in the Foundation's program services and fund-raising campaigns. However, no amounts have been reflected in the financial statements for these donated services in as much as no objective basis is available to measure the value of such services.

The District permits the use of property and facilities. The value of contributed space, equipment, and supplies are reported as other contributions and general and administrative expense and have been recorded based on an agreement between the Foundation and the District.

### **JUNE 30, 2021**

### Note 2 – Summary of Significant Accounting Policies (continued)

### **Prepaid Scholarships**

Unused scholarships purchased by the Foundation under the Florida Prepaid Program are recorded as prepaid scholarships. Some of the scholarships are assigned to the students under a conditional promise by the Foundation. These promises are conditioned on the student enrolling in a qualified institution within a certain time period. Failure to comply results in forfeiture of the scholarship back to the Foundation. The scholarships purchased are in most cases matched, dollar for dollar, by the State. As the cost of tuition increases, the value of purchased credit hours is increased at each fiscal year-end.

The resulting increase is recorded as income in the period in which the scholarship hours are revalued. This increase in the value of credit hours is available to the assigned students, but does not revert to the Foundation, should the contracts be refunded to the Foundation or cancelled by the Florida Prepaid Program. However, if the Foundation reassigns the credit hours, the increase in value of the Scholarship stays with the Foundation.

### **Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

In the fund financial statements, governmental fund types recognize the face amount of the debt issued as other financing sources and the repayment of debt as expenditure, the Foundation obtained a loan to purchase a warehouse for its Tools for School Program. The loan is payable in 10 years and carries a 5.25% fixed interest rate.

### **Unearned Revenue**

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

### **Fund Balance/Net Position**

In the fund financial statements, governmental funds report non-spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

### Note 2 - Summary of Significant Accounting Policies (continued)

### Fund Balance/Net Position (continued)

The Foundation can establish limitations on the use of fund balance as follows:

<u>Non-spendable fund balance</u> – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

<u>Restricted fund balance</u> – amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

<u>Committed fund balance</u> – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Directors. Commitments may be changed or lifted only by the Board of Directors.

<u>Assigned fund balance</u> – Includes spendable fund balance amounts established by the Board of Directors that are intended to be used for specific purposes that are neither considered restricted nor committed. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The Foundation first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant, and equipment. Restricted net position represents the assets restricted by the Foundation's contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

# BROWARD EDUCATION FOUNDATION, INC. A COMPONENT UNIT OF THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

### Note 3 – Cash, Deposits, and Investments

At June 30, 2021, the Foundation maintained cash balances (including agency funds) of approximately \$7 million in a qualified depositories account at various banks. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

The Foundation's remaining cash balances are in deposit, money market accounts, and investment accounts at Truist (formerly Sun Trust), following a merger between BB&T and Sun Trust. The bank balances are insured by the Federal Deposit Insurance Corporation up to \$250,000.

The Foundation applies the U.S. GAAP authoritative guidance for fair value measurements and disclosures, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements.

U.S. GAAP describes three levels of inputs that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities.

**Level 2**—Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3**—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

All investments of the Foundation are valued using Level 1 inputs. Valuation techniques used in fair value measurements need to maximize the use of observable inputs and minimize the use of unobservable inputs. A valuation method may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date. There have been no changes in the methodologies used during the year ended June 30, 2021.

The fair value of common stock and mutual funds is based on quoted market prices in active markets.

## THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

### Note 3 – Cash, Deposits, and Investments (continued)

The Foundation's investments as of June 30, 2021 were distributed as reflected in the following table:

**JUNE 30, 2021** 

### Note 3 – Cash, Deposits, and Investments (continued)

The underlying investments in common stock and mutual funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain common stocks and mutual funds, and the level of uncertainty related to changes in the value of the common stock and mutual funds, it is at least reasonably possible that changes in risks in the near term could materially affect account balances and the amounts reported in the statement of financial position and the statement of activities.

*Interest rate risk*. The Foundation's investment policy does not limit the maturity of fixed income investments. The Foundation manages the risk by monitoring its investments in relation to the economic environment and adjusting its holdings to prevent any loss in principal.

*Credit risk*. The Foundation's investment policy requires each portfolio type to maintain certain weighted average credit rating by Standard and Poor's and Moody's.

Concentration of credit risk. The Foundation investment policy limits the amount that can be invested in a single investment to no more than five percent of the Foundation's total portfolio.

### Note 4 - Related Party Transactions

As stated in Note 2, the District contributes operating space, supplies, equipment, and salaries and benefits for 2 district employees working for the Foundation. For the fiscal year ended June 30, 2021, the amount contributed for the use of office equipment, furniture and fixtures was \$222,564. The amount contributed for the 2 district employees was \$139,992. Those amounts are recorded as revenues and corresponding expenditures as follows on the statement of revenues, expenditures, and changes in fund balances:

	P Rev	nolarship rogram enues and <u>enditures</u>	Cent Reve	ol Supply er Other nues and enditures	Te Pi Reve	novative eaching rogram enues and enditures	ar Adr	Other Revenues nd General ministration penditures	Rev and Pro	ther enues Other ogram nditures	Totals

benefits  Totals	\$	33,012	\$	69,996 112,992	\$	69,996 80,508	\$	136,044	\$	<u>-</u>	\$ 139,992 362,556

## THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

### Note 5 - Capital Assets

Capital asset activity for the Foundation for the year ended June 30, 2021, is as follows:

Begi <u>Bal</u>		Increases	(Decreases)	Transfers	Ending Balance
Governmental activities:					
Capital assets, being depreciated	<u>\$ 751,017</u>	<u>\$ -</u>	\$ (21,131)	<u>\$ -</u>	\$ 729,886

In 2016, the Foundation purchased a warehouse building for the School Supply Program, located at 2300 Copans Road, Suite 5, Pompano Beach, FL. At June 30, 2021, the amortized value of the building was \$729,886. There is a note on the property for \$581,363. (Refer to Note 6). As of June 30, 2021, the market value of the building is understood to be significantly higher than the amortized cost as presented in the financial statements.

### Note 6 - Long-Term Debt, Notes Payable

The Foundation has a loan agreement through a financial institution for \$581,363 for the purchase of the warehouse building for the Tools for School program. Monthly payments of \$3,997, including interest at a rate of 5.25% began in February 2016 and will continue through January 2026.

Long-term liability activity for the year ended June 30, 2021, is as follows:

	Balance June 30, 2020	Increases	(Decreases)	Balance June 30, 2021	Amounts Due Within One Year
Notes payable	<u>\$ 597,787</u>	<u>\$ -</u>	\$ (16,424)	<u>\$ 581,363</u>	<u>\$ 18,049</u>

The debt service requirements to maturity are as follows:

Fiscal Period Ending June 30,		<u>Principal</u>		<u>Interest</u>		<u>Total</u>
2022	\$	18,049	\$	29,913	\$	47,962
2023		19,020		28,942		47,962
2024		20,043		27,919		47,962
2025		21,121		26,841		47,962
2026		503,130		12,841		515,971
	<u>\$</u>	581,363	<u>\$</u>	126,456	<u>\$</u>	707,819

### Note 7 - Budgetary Comparison

Budgetary comparison schedules for certain governmental funds are required to be presented as Required Supplementary Information (RSI). No budgetary comparison is included in these financial statements as the Foundation does not have legally adopted budgets for all its programs.

### Note 8 - Risk Management

The Foundation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Foundation is covered for these risks under insurance policies for the Broward County School District and the Foundation.

### Note 9 – Income Taxes

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization's Forms 990, Return of Organization Exempt from Income Tax, for the years ending 2018, 2017, and 2016 are subject to examination by the IRS, generally for three years after they were filed.

### Note 10 - Unearned Revenue

In May 2020, the Foundation received a grant in the amount of \$535,000 from the Frederick A. DeLuca Foundation, Inc. ("DeLuca"), towards the Foundation's Scholarship Program which supports first generation college students, many who are homeless and have high academic or community service achievements, without the financial ability to attend the schools of their choice. The DeLuca grant is payable over a period of four years towards scholarships for 2020 – 2024 fiscal school years, assuming the Foundation makes satisfactory progress towards the goals of the grant and complies with stated conditions per the grant agreement. As of June 30, 2021, \$397,500 of the balance received was recorded as unearned revenue.

In May 2021, the Foundation received an additional grant from the Frederick A. DeLuca Foundation, Inc. ("DeLuca") in the amount of \$536,000 under the same terms for scholarships payable for 2021 – 2025 fiscal school years. The total amount was recorded as unearned revenue as of June 30, 2021.

### Note 10 – Unearned Revenue (continued)

Unearned revenue consisted of the following at June 30, 2021:

\$ 535,000
536,000
 (137,500)
\$ 933,500
\$ 

### Note 11 - Subsequent Events

The Foundation has evaluated all subsequent events through September 27, 2021, the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to impact contributions and donations. However, the related financial impact on operations and duration cannot be reasonably estimated at this time.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Broward Education Foundation, Inc. Fort Lauderdale, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Broward Education Foundation, Inc. (the "Foundation") as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements, and have issued our report thereon dated September 27, 2021.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies.

30

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Broward Education Foundation, Inc.'s Response to Findings**

Broward Education Foundation, Inc.'s response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Broward Education Foundation, Inc.'s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information of the management, Board of Directors of the Foundation, and the School District and is not intended to be and should not be used by anyone other than these specified parties.

Miramar, Florida September 27, 2021

# BROWARD EDUCATION FOUNDATION, INC. A COMPONENT UNIT OF THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

### Section I - Current Year Findings

No findings in current year.

### Section II – Prior Year Findings – Significant Deficiencies

### 2019 - 02 Transactions are not recorded timely during the year

### **Condition**

During our audit we noted that activity for significant accounts such as the prepaid scholarships account, are not maintained and updated in the general ledger throughout the fiscal year. For example, the Foundation relies on a schedule provided by the Florida Prepaid College Foundation at the end of the fiscal year to record the prepaid scholarship activity for the entire year in the general ledger.

### Criteria

This may result in the misstatement of account balances and the misappropriation of assets.

### **Cause of Condition**

During the year, the Program Director manages and maintains files on prepaid scholarships independently of the accounting function. Activity and adjustments for the account is only reviewed and recorded in the general ledger at year end for financial statement reporting purposes.

#### Recommendation

We recommend that the Controller performs a quarterly analysis and review of the prepaid scholarships detailed account to verify the accuracy and completeness of the balances, within 30 days of the contract detail report (CDR) from the Florida Prepaid College Foundation. All related activity and adjustments should be posted on the general ledger periodic, upon completion of the review.

## THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

### Section II - Prior Year Findings - Significant Deficiencies (continued)

### 2019 - 02 Transactions are not recorded timely during the year (continued)

### **Client Response**

We concur with this finding.

We are currently reviewing our accounting policies, procedures, and business processes as part of a review of our Bylaws and the upgrade of our accounting software. This new software will allow for better management and maintenance, along with timelier accountability for pledges and receivables.

We have addressed this issue by engaging a full-time Controller and hiring an Accounts Payable Specialist to maintain accounting records in compliance with policies and procedures established by the board of directors. These changes will also allow for implementation of the recommended periodic analysis and review of the Florida Prepaid Scholarship Program.

#### Current Year Status - 2020

We observed that prepaid scholarship balances were monitored, and transactions were recorded timely during the year resulting in minimal closing adjustments at year end. However, we observed that the deferred revenue and designated funds accounts (trust beneficiary liability accounts), were not reviewed during the year and included many unsupported balances that were posted in prior years. This resulted in a prior year adjustment to the opening fund balances. We encourage management to consistently perform detailed reviews and updates of accounts during the year.

### Current Year Status - 2021

This condition was not observed in the fiscal year under review.

## THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

### Section II - Prior Year Findings - Significant Deficiencies (continued)

### 2016-02 Pledges receivables schedule

#### Condition

The Pledges receivable schedule at year end did not agree with the General Ledger amount by approximately \$427,000.

#### Cause of Condition

The Pledges receivable schedule is maintained in Excel by the Administration Department and the schedule is not sent to the Accounting Department on a regular basis.

### **Potential Effect of Condition**

Overstatement of accounts receivable and misappropriation of assets.

#### Recommendation

We recommend, a reconciliation of pledges receivable from the general ledger to the accounts receivable detail ledger should be prepared to check that the recording of transactions is accurate and proper and that any adjustments to, or write-offs of, accounts receivable have been approved.

#### **Client Response**

We agree with the finding and have acquired the fundraising module of our accounting software which will integrate general ledger and subsidiary record activity.

### Current Status - FY 2019

Finding is still applicable. Accounts receivables are managed and maintained manually in an excel file by the Administrative and Web Marketing Coordinator, independent of the accounting function. Activity and adjustments for the account is only reviewed and recorded in the general ledger at year end for financial statement reporting purposes.

As noted above, we are currently reviewing our accounting policies, procedures, and business processes as part of a review of our Bylaws and the upgrade of our accounting software. This new software will allow for better management and maintenance, along with timelier accountability for pledges and receivables.

## BROWARD EDUCATION FOUNDATION, INC. A COMPONENT UNIT OF THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

### <u>Section II – Prior Year Findings - Significant Deficiency (continued)</u>

### 2016-02 Pledges receivables schedule (continued)

### **Current Status – FY 2019 (continued)**

The upgrade of the Fund E-Z fund accounting software will allow the Foundation to implement the usage of the fundraising module of the accounting software. This module will integrate the general ledger and subsidiary record activity such as the pledges receivable from the general ledger to the accounts receivable detail ledger.

### Current Year Status - FY 2020

The upgrade of the Foundation's accounting software is still pending, and accounts receivable are still managed outside Fund-EZ. That said, we observed that accounts receivable balances were monitored, and transactions were recorded timely during the year.

#### Current Year Status - FY 2021

The Fund-EZ upgrade was completed on June 30, 2021 and the system is fully implemented and operating. Further, we observed that the accounts receivable balances were monitored, and transactions were recorded timely during the year. This condition no longer exists.
