

ST. JOHNS RIVER STATE COLLEGE

Financial Audit

For the Fiscal Year Ended
June 30, 2010

BOARD OF TRUSTEES AND PRESIDENT

Members of the Board of Trustees and President who served during the 2009-10 fiscal year are listed below:

	<u>County</u>
William W. Roberts, Chair	Putnam
Larry R. Lancaster, Vice Chair (1)	Clay
Carl C. Beck, Jr. (1)	St. Johns
Rob Bradley from 7-15-09 (2)	Clay
Diane Leone	St. Johns
John Nelson, Jr., from 7-15-09 (2)	Putnam
Preston B. Sloan (1)	Putnam

Joe H. Pickens, J.D., President

- Notes: (1) Member continued to serve after term expired on May 31, 2010.
(2) Position was vacant from July 1, 2009, to July 14, 2009.

The Auditor General conducts audits of governmental entities to provide the Legislature, Florida's citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations.

The audit team leader was Jenny Ranick, and the audit was supervised by John P. Duffy, CPA. Please address inquiries regarding this report to James R. Stultz, CPA, Audit Manager, by e-mail at jimstultz@aud.state.fl.us or by telephone at (850) 922-2263.

This report and other reports prepared by the Auditor General can be obtained on our Web site at www.myflorida.com/audgen; by telephone at (850) 487-9175; or by mail at G74 Claude Pepper Building, 111 West Madison Street, Tallahassee, Florida 32399-1450.

EXECUTIVE SUMMARY

Summary of Report on Financial Statements

Our audit disclosed that the College's basic financial statements were presented fairly, in all material respects, in accordance with prescribed financial reporting standards.

Summary of Report on Internal Control and Compliance

Our audit did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* issued by the Comptroller General of the United States.

Audit Objectives and Scope

Our audit objectives were to determine whether St. Johns River State College and its officers with administrative and stewardship responsibilities for College operations had:

- Presented the College's basic financial statements in accordance with generally accepted accounting principles;
- Established and implemented internal control over financial reporting and compliance with requirements that could have a direct and material effect on the financial statements; and
- Complied with the various provisions of laws, rules, regulations, contracts, and grant agreements that are material to the financial statements.

The scope of this audit included an examination of the College's basic financial statements as of and for the fiscal year ended June 30, 2010. We obtained an understanding of the College's environment, including its internal control, and assessed the risk of material misstatement necessary to plan the audit of the basic financial statements. We also examined various transactions to determine whether they were executed, in both manner and substance, in accordance with governing provisions of laws, rules, regulations, contracts, and grant agreements.

An examination of Federal awards administered by the College is included within the scope of our Statewide audit of Federal awards administered by the State of Florida. The results of our operational audit of the College are included in our report No. 2011-032.

Audit Methodology

The methodology used to develop the findings in this report included the examination of pertinent College records in connection with the application of procedures required by auditing standards generally accepted in the United States of America and applicable standards contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

DAVID W. MARTIN, CPA
AUDITOR GENERAL

AUDITOR GENERAL STATE OF FLORIDA

FAX: 850-488-6975

The President of the Senate, the Speaker of the
House of Representatives, and the
Legislative Auditing Committee

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of St. Johns River State College, a component unit of the State of Florida, and its discretely presented component unit as of and for the fiscal year ended June 30, 2010, which collectively comprise the College's basic financial statements as shown on pages 10 through 27. These financial statements are the responsibility of College management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit, as described in note 1 to the financial statements, which represents 100 percent of the transactions and account balances of the discretely presented component unit columns. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of St. Johns River State College and of its discretely presented component unit as of June 30, 2010, and the respective changes in financial position and cash flows thereof for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of St. Johns River State College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS** on pages 3 through 9 and **OTHER REQUIRED SUPPLEMENTARY INFORMATION** on page 28 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Respectfully submitted,

David W. Martin, CPA
February 10, 2011

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the College for the fiscal year ended June 30, 2010, and should be read in conjunction with the financial statements and notes thereto. This overview is required by Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities*, as amended by GASB Statements Nos. 37 and 38. The MD&A, and financial statements and notes thereto, are the responsibility of College management.

COLLEGE NAME CHANGE

The College's Board of Trustees approved the name change from St. Johns River Community College to St. Johns River State College on September 15, 2010, pursuant to Section 1001.60(2)(b), Florida Statutes, and effective January 2, 2011, the College started using its new name.

FINANCIAL HIGHLIGHTS

The College's assets totaled \$72.3 million at June 30, 2010. This balance reflects a \$1 million, or 1.5 percent, increase from the 2008-09 fiscal year. While assets grew, liabilities increased by \$1.4 million, or 43.3 percent, totaling \$4.6 million at June 30, 2010, compared to \$3.2 million at June 30, 2009, primarily from increases in retainage payable and deposits held for others. As a result, the College's net assets decreased to a year-end balance of \$67.7 million.

The College's operating revenues totaled \$11.4 million for the 2009-10 fiscal year, representing a 2.9 percent increase over the 2008-09 fiscal year due mainly to increases in enrollment and in student tuition and fees. Operating expenses totaled \$41.8 million for the 2009-10 fiscal year, representing an increase of 10 percent over the 2008-09 fiscal year due mainly to increases in scholarship and waivers, and materials and supplies.

OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to GASB Statement No. 35, the College's financial report consists of three basic financial statements: the statement of net assets; the statement of revenues, expenses, and changes in net assets; and the statement of cash flows. These financial statements, and notes thereto, provide information on the College as a whole, present a long-term view of the College's finances, and include activities for the following entities:

- St. Johns River State College (Primary Institution) – Most of the programs and services generally associated with a college fall into this category, including instruction, public service, and support services.
- St. Johns River State College Foundation, Inc. (Component Unit) – Although legally separate, this component unit is important because the College is financially accountable for it, as the College reports its financial activities to the State of Florida.

THE STATEMENT OF NET ASSETS AND THE STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET ASSETS

One of the most important questions asked about the College's finances is, "Is St. Johns River State College as a whole, better or worse off as a result of the year's activities?" The statement of net assets and the statement of revenues, expenses, and changes in net assets report information on the College as a whole and on its activities in a way that helps answer this question. When revenues and other support exceed expenses, the result is an increase in net assets. When the reverse occurs, the result is a decrease in net assets. The relationship between revenues and expenses may be thought of as St. Johns River State College's operating results.

These two statements report St. Johns River State College's net assets and changes in them. You can think of the College's net assets, the difference between assets and liabilities, as one way to measure the College's financial health,

or financial position. Over time, increases or decreases in the College's net assets are one indication of whether its financial health is improving or deteriorating. You will need to consider many other nonfinancial factors, such as certain trends, student retention, condition of the buildings, and the safety of the campus, to assess the College's overall financial health.

These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. All of the current fiscal year's revenues and expenses are taken into account regardless of when cash is received or paid.

A condensed statement of assets, liabilities, and net assets of the College and its component unit for the respective fiscal years ended, is shown in the following table:

	Condensed Statement of Net Assets at (In Thousands)			
	College		Component Unit	
	6-30-10	6-30-09	3-31-10	3-31-09
Assets				
Current Assets	\$ 21,424	\$ 21,840	\$ 1,856	\$ 1,555
Capital Assets, Net	49,531	47,290		
Other Noncurrent Assets	1,341	2,132	1,195	1,176
Total Assets	<u>72,296</u>	<u>71,262</u>	<u>3,051</u>	<u>2,731</u>
Liabilities				
Current Liabilities	2,793	1,422		
Noncurrent Liabilities	1,830	1,805		
Total Liabilities	<u>4,623</u>	<u>3,227</u>		
Net Assets				
Invested in Capital Assets, Net of Related Debt	49,531	47,290		
Restricted	11,141	16,877	2,644	2,620
Unrestricted	7,001	3,868	407	111
Total Net Assets	<u>\$ 67,673</u>	<u>\$ 68,035</u>	<u>\$ 3,051</u>	<u>\$ 2,731</u>
Increase (Decrease) in Net Assets	<u>\$ (362)</u> -0.53%		<u>\$ 320</u> 11.72%	

As noted earlier, net assets decreased primarily due to an increase in liabilities.

Revenues and expenses of the College and its component unit for the respective fiscal years ended, are shown in the following table:

**Condensed Statement of Revenues, Expenses, and Changes in Net Assets
For the Fiscal Years Ended
(In Thousands)**

Net Assets, Beginning of Year	68,035	58,114	2,731	3,334
Net Assets, End of Year	\$ 67,673	\$ 68,035	\$ 3,051	\$ 2,731

Operating Revenues

GASB Statement No. 35 categorizes revenues as either operating or nonoperating. Operating revenues generally result from exchange transactions where each of the parties to the transaction either gives or receives something of equal or similar value.

The following chart presents the College’s operating revenues for the 2009-10 and 2008-09 fiscal years:

**Operating Revenues: College
(In Thousands)**

College operating revenue changes were primarily the result of the increases in enrollment and in student tuition and fees.

Operating Expenses

Expenses are categorized as operating or nonoperating. The majority of the College’s expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The College has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net assets and has displayed the functional classification in the notes to financial statements.

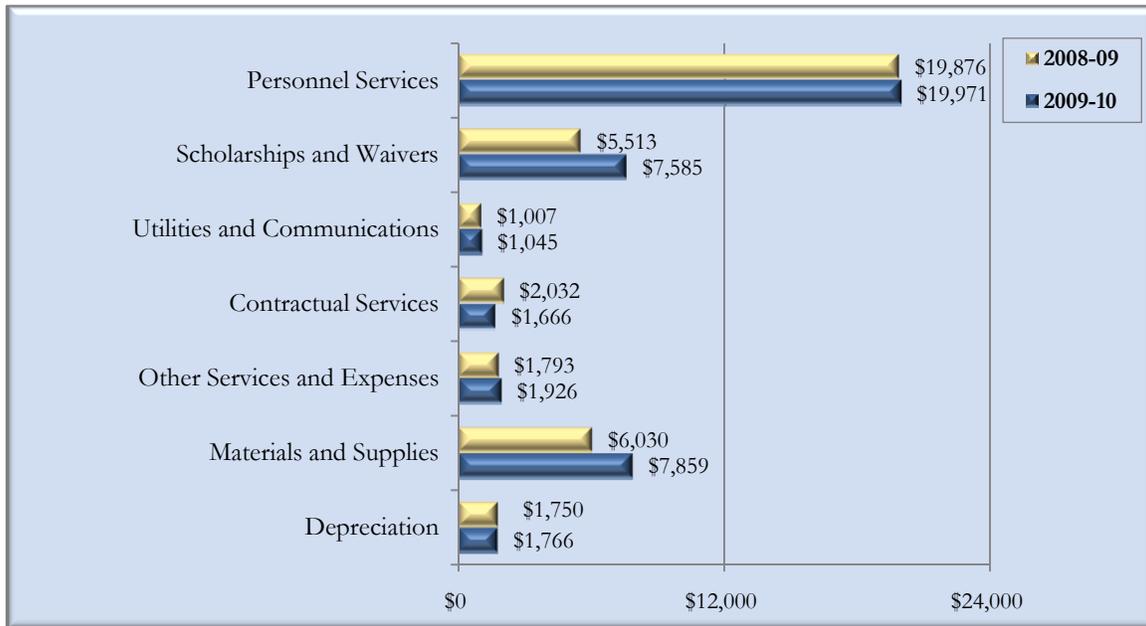

Operating expenses for the College and its component unit for the respective fiscal years ended are presented in the following table:

**Operating Expenses
(In Thousands)**

	College		Component Unit	
	6-30-10	6-30-09	3-31-10	3-31-09
Operating Expenses				
Personnel Services	\$ 19,971	\$ 19,876	\$	\$
Scholarships and Waivers	7,585	5,513	378	408
Utilities and Communications	1,045	1,007		
Contractual Services	1,666	2,032	6	13
Other Services and Expenses	1,926	1,793	159	185
Materials and Supplies	7,859	6,030		
Depreciation	1,766	1,750		
Total Operating Expenses	\$ 41,818	\$ 38,001	\$ 543	\$ 606

The following chart presents the College’s operating expenses for the 2009-10 and 2008-09 fiscal years:

**Operating Expenses: College
(In Thousands)**

College operating expenses increased by \$3.8 million, or 10 percent. The change was the result of increases in scholarships and waivers, and materials and supplies.

Nonoperating Revenues and Expenses

Certain revenue sources that the College relies on to provide funding for operations, including State appropriations, certain gifts and grants, and investment income, are defined by GASB as nonoperating. Nonoperating expenses include capital financing costs and other costs related to capital assets. The following summarizes the College’s nonoperating revenues and expenses for the 2009-10 and 2008-09 fiscal years:

**Nonoperating Revenues (Expenses): College
(In Thousands)**

	<u>2009-10</u>	<u>2008-09</u>
State Appropriations	\$15,569	\$17,022
Gifts and Grants	12,867	7,473
Investment Income (Loss)	165	(21)
Gain on Disposal of Capital Assets	28	12
Net Nonoperating Revenues	<u>\$28,629</u>	<u>\$24,486</u>

Nonoperating revenues increased 16.9 percent mainly from a 72.2 percent increase in gifts and grants, primarily from increases in student financial aid programs and American Recovery and Reinvestment Act (ARRA) stimulus funds that mostly offset a 8.5 percent decrease in State appropriations.

Other Revenues, Expenses, Gains, or Losses

This category is composed of capital appropriations and capital grants, contracts, gifts, and fees. The following summarizes the College’s other revenues, expenses, gains, or losses for the 2009-10 and 2008-09 fiscal years:

**Other Revenues, Expenses, Gains, or Losses: College
(In Thousands)**

	2009-10	2008-09
Capital Appropriations	\$ 479	\$ 11,690
Capital Grants, Contracts, Gifts, and Fees	979	698
Total	\$ 1,458	\$ 12,388

Other revenues decreased 88.2 percent due mainly to decreases in Public Education Capital Outlay appropriations.

THE STATEMENT OF CASH FLOWS

Another way to assess the financial health of an institution is to look at the statement of cash flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of an entity during a period. The statement of cash flows also helps users assess:

- An entity’s ability to generate future net cash flows.
- Its ability to meet its obligations as they come due.
- Its need for external financing.

A summary of the College’s cash flows for the 2009-10 and 2008-09 fiscal years is presented in the following table:

**Condensed Statement of Cash Flows: College
(In Thousands)**

	2009-10	2008-09
Cash Provided (Used) by:		
Operating Activities	\$ (27,916)	\$ (25,233)
Noncapital Financing Activities	28,435	24,495
Capital and Related Financing Activities	3,874	2,429
Investing Activities	160	158
Net Increase in Cash and Cash Equivalents	4,553	1,849
Cash and Cash Equivalents, Beginning of Year	10,044	8,195
Cash and Cash Equivalents, End of Year	\$ 14,597	\$ 10,044

Major sources of funds came from State appropriations (\$15.6 million), net student tuition and fees (\$8.1 million), and gifts and grants (\$12.9 million). Major uses of funds were for payments to employees (\$16 million) and to providers of goods and services (\$11.4 million).

The College’s overall cash and cash equivalents increased by \$4.6 million, or 45.3 percent, as compared to the prior year. Changes in cash and cash equivalents were the result of the following:

- Operating activities used \$2.7 million more in cash as compared to the prior year. The increase was primarily the result of an increase in payments for scholarships totaling \$2.1 million.
- Noncapital financing activities provided \$3.9 million more in cash as compared to the prior fiscal year. The increase was primarily due to increased student financial aid grants of \$4 million and receipt of ARRA stimulus funds of \$1.4 million, which offset the \$1.5 million decrease in State appropriations.
- Capital and related financing activities net cash increased by \$1.4 million as compared to the prior fiscal year. Although PECO appropriations decreased, receipt of PECO money increased \$4.1 million and spending on purchases of capital assets increased by \$3 million, mostly for new construction.

CAPITAL ASSETS AND DEBT ADMINISTRATION

CAPITAL ASSETS

At June 30, 2010, the College had \$69.2 million in capital assets, less accumulated depreciation of \$19.7 million, for net capital assets of \$49.5 million. Depreciation charges for the current fiscal year totaled \$1.8 million. The following table summarizes the College's capital assets at June 30:

Capital Assets, Net at June 30: College (In Thousands)

<u>Capital Assets</u>	<u>2010</u>	<u>2009</u>
Land	\$ 687	\$ 688
Buildings	57,283	57,283
Other Structures and Improvements	4,164	4,151
Furniture, Machinery, and Equipment	3,240	2,796
Construction in Progress	<u>3,840</u>	<u>329</u>
Total	<u>69,214</u>	<u>65,247</u>
Less, Accumulated Depreciation:		
Buildings	14,066	12,799
Other Structures and Improvements	3,532	3,417
Furniture, Machinery, and Equipment	<u>2,085</u>	<u>1,741</u>
Total Accumulated Depreciation	<u>19,683</u>	<u>17,957</u>
Capital Assets, Net	<u><u>\$49,531</u></u>	<u><u>\$47,290</u></u>

The College has \$1.1 million in construction commitments at June 30, 2010. The construction commitments are for projects that include an expansion of the Central Plant and the addition of the Health Science Facility on the St. Augustine campus. State appropriations together with local funds are expected to finance the construction and renovation. More information about the College's capital assets is presented in the notes to financial statements.

DEBT ADMINISTRATION

At fiscal year-end, the College had no long-term debt outstanding.

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

St. Johns River State College's economic condition is closely tied to that of the State of Florida. Although State appropriations decreased during the fiscal year, this decrease was offset by the receipt of Federal ARRA funds of \$1.4 million. Because of limited economic growth and increased demands for State resources, no increase in State funding is anticipated in the coming year and Federal ARRA funds will be used to maintain present services. However, the Federal ARRA funding expires during the 2010-11 fiscal year, and the College faces the potential of a large reduction in funding for the 2011-12 fiscal year. The College has anticipated these factors, and has budgeted accordingly.

REQUESTS FOR INFORMATION

Questions concerning information provided in the MD&A (or other required supplementary information) and financial statements and notes thereto, or requests for additional financial information, should be addressed to the Vice President for Business Affairs, St. Johns River State College, 5001 St. Johns Avenue, Palatka, Florida 32177.

ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity. The governing body of St. Johns River State College¹, a component unit of the State of Florida, is the District Board of Trustees. The Board constitutes a corporation and is composed of seven members appointed by the Governor and confirmed by the Senate. The District Board of Trustees is under the general direction and control of the Florida Department of Education, Division of Florida Colleges, and is governed by law and State Board of Education rules. However, the District Board of Trustees is directly responsible for the day-to-day operations and control of the College within the framework of applicable State laws and State Board of Education rules. Geographic boundaries of the District correspond with those of Clay, Putnam, and St. Johns Counties.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the District Board of Trustees is financially accountable and other organizations for which the nature and significance of their relationship with the District Board of Trustees are such that exclusion would cause the College's financial statements to be misleading or incomplete. Based upon the application of these criteria, the College is a component unit of the State of Florida, and its financial balances and activity are reported in the State's Comprehensive Annual Financial Report by discrete presentation.

Discretely Presented Component Unit. Based on the application of the criteria for determining component units, the St. Johns River State College Foundation, Inc. (Foundation), is included within the College's reporting entity as a discretely presented component unit. The St. Johns River State College Foundation provides funding and services to support and foster the pursuit of higher education at the College.

The Foundation is audited by other auditors pursuant to Section 1004.70(6), Florida Statutes. The Foundation's audited financial statements are available to the public at the College. The financial data reported on the accompanying financial statements was derived from the Foundation's audited financial statements for the fiscal year ended March 31, 2010.

The Foundation is also a direct-support organization, as defined in Section 1004.70, Florida Statutes, and although legally separate from the College, is financially accountable to the College. The Foundation is managed independently, outside the College's budgeting process, and its powers generally are vested in a governing board pursuant to various State statutes. The Foundation receives, holds, invests, and administers property, and makes expenditures to or for the benefit of the College.

Basis of Presentation. The College's accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by the

¹ The College's Board of Trustees approved the name change from St. Johns River Community College to St. Johns River State College on September 15, 2010, pursuant to Section 1001.60(2)(b), Florida Statutes, and on January 2, 2011, the College started using its new name.

ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

Governmental Accounting Standards Board (GASB). The National Association of College and University Business Officers (NACUBO) also provides the College with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB and the Financial Accounting Standards Board (FASB). GASB allows public colleges various reporting options. The College has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entitywide reporting including the following components:

- Management's Discussion and Analysis
- Basic Financial Statements:
 - Statement of Net Assets
 - Statement of Revenues, Expenses, and Changes in Net Assets
 - Statement of Cash Flows
 - Notes to Financial Statements
- Other Required Supplementary Information

Basis of Accounting. Basis of accounting refers to when revenues, expenses, and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The College's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met.

The College's component unit uses the economic resources measurement focus and accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred, and follows GASB standards of accounting and financial reporting for State and local governmental entities.

The College follows GASB pronouncements and FASB pronouncements issued on or before November 30, 1989, unless the FASB pronouncements conflict with GASB pronouncements. Under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the College has the option to elect to apply all pronouncements of FASB issued after November 30, 1989, unless those pronouncements conflict with GASB pronouncements. The College has elected not to apply FASB pronouncements issued after November 30, 1989.

Significant interdepartmental sales between auxiliary service departments and other institutional departments have been accounted for as reductions of expenses and not revenues of those departments.

The College's principal operating activity is instruction. Operating revenues and expenses generally include all fiscal transactions directly related to instruction as well as administration, academic support, student services, physical plant operations, and depreciation of capital assets. Nonoperating revenues include State

ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

appropriations, Federal and State student financial aid, investment income (net of unrealized gains or losses on investments), and revenues for capital construction projects. Interest on capital asset-related debt is a nonoperating expense.

The statement of net assets is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, it is the College's policy to first apply the restricted resources to such programs followed by the use of the unrestricted resources.

The statement of revenues, expenses, and changes in net assets is presented by major sources and is reported net of tuition and book scholarship allowances. Tuition and book scholarship allowances are the differences between the stated charge for goods and services provided by the College and the amount that is actually paid by the student or the third party making payment on behalf of the student. The College is able to identify, within its accounting system, amounts paid for tuition and fees and book charges by financial aid. To the extent that these resources are used to pay student charges, the College records a scholarship allowance against tuition and fee revenues and against auxiliary enterprises revenues.

The statement of cash flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

Cash and Cash Equivalents. The amount reported as cash and cash equivalents consists of cash on hand, cash in demand accounts, bank certificates of deposit, and cash placed with the State Treasury Special Purpose Investment Account (SPIA) and with the State Board of Administration (SBA) Florida PRIME investment pool, formerly known as the Local Government Surplus Funds Trust Fund Investment Pool. For reporting cash flows, the College considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Under this definition, the College considers amounts invested in the SPIA and SBA Florida PRIME investment pool to be cash equivalents. College cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets are classified as restricted.

At June 30, 2010, the College reported as cash equivalents at fair value \$11,489,404 of moneys held in the State Treasury SPIA investment pool representing ownership of a share of the pool, not the underlying securities. The SPIA carried a credit rating of Af by Standard & Poor's and had an effective duration of 1.81 years at June 30, 2010. The College relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury investment pool are included in the notes to financial statements of the State's Comprehensive Annual Financial Report.

**ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010**

The Foundation, for reporting cash flows, considers all highly liquid investments with original maturities of three months or less to be cash equivalents. At March 31, 2010, the component unit had \$32,151 in demand accounts, \$237,634 in money market accounts, and \$490,052 in its separate SPIA account.

Capital Assets. College capital assets consist of land; construction in progress; buildings; other structures and improvements; and furniture, machinery, and equipment. These assets are capitalized and recorded at cost at the date of acquisition or at estimated fair value at the date received in the case of gifts and purchases of State surplus property. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The College has a capitalization threshold of \$5,000 for tangible personal property and \$25,000 for buildings and other structures and improvements. Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings – 40 years
- Other Structures and Improvements – 10 years
- Furniture, Machinery, and Equipment:
 - Computer Equipment – 3 years
 - Vehicles, Office Machines, and Educational Equipment – 5, 7, and 10 years
 - Furniture – 7 years

Noncurrent Liabilities. Noncurrent liabilities include compensated absences payable and other postemployment benefits payable that are not scheduled to be paid within the next fiscal year.

2. INVESTMENTS

The College's Board of Trustees has adopted a written investment policy providing that surplus funds of the College shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Section 218.415(16), Florida Statutes, authorizes the College to invest in the Florida PRIME investment pool administered by the State Board of Administration; interest-bearing time deposits and savings accounts in qualified public depositories, as defined by Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and other investments approved by the College's Board of Trustees as authorized by law. State Board of Education Rule 6A-14.0765(3), Florida Administrative Code, provides that College loan, endowment, annuity, and life income funds may also be invested pursuant to Section 215.47, Florida Statutes. Investments authorized by Section 215.47, Florida Statutes, include bonds, notes, commercial paper, and various other types of investments. Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

**ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010**

State Board of Administration Fund B Surplus Funds Trust Fund

On December 4, 2007, the State Board of Administration (SBA) restructured the Local Government Surplus Funds Trust Fund to establish the Fund B Surplus Funds Trust Fund (Fund B). Fund B, which is administered by the SBA pursuant to Sections 218.405 and 218.417, Florida Statutes, is not subject to participant withdrawal requests. Distributions from Fund B, as determined by the SBA, are effected by transferring eligible cash or securities to the Florida PRIME investment pool, consistent with the pro rata allocation of pool shareholders of record at the creation date of Fund B. One hundred percent of such distributions from Fund B are available as liquid balance within the Florida PRIME investment pool.

At June 30, 2010, the College reported investments at fair value of \$135,567 for amounts held in Fund B. The College’s investments in Fund B are accounted for as a fluctuating net asset value pool, with a fair value factor of .67353149 at June 30, 2010. The weighted-average life (WAL) of Fund B at June 30, 2010, was 8.05 years. A portfolio’s WAL is the dollar-weighted average length of time until securities held reach maturity and is based on legal final maturity dates for Fund B as of June 30, 2010. WAL measures the sensitivity of Fund B to interest rate changes. The College’s investment in Fund B is unrated.

Component Unit Investments

Investments held by the College’s component unit (Foundation) at March 31, 2010, are reported at fair value, as follows:

Investment Type	Fair Value	Maturity in Years		Credit Quality Rating
		Less Than 1	1 - 5	
Investment in Debt Obligations:				
United States Treasury Bills	\$ 101,465	\$ 101,465	\$	Not rated
United States Government Obligations	346,561		346,561	AAA
Corporate Bonds	563,214	30,074	533,140	A2 or better
Total Investment in Debt Obligations	1,011,240	\$ 131,539	\$ 879,701	
Other Investments:				
Equities	1,228,587			
Certificate of Deposit	50,865			
Total Other Investments	1,279,452			
Total Component Unit Investments	\$ 2,290,692			

The Foundation invested in various debt and equity securities. The following risks apply to its investments:

- *Interest Rate Risk:* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Foundation does not have a formal investment policy that limits debt obligations maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

- *Credit Risk:* Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations. The Foundation's investment policy requires that debt securities be rated "Baa" or "BBB" or better by Moody's or Standard & Poor's rating services, respectively.
- *Custodial Credit Risk:* Custodial credit risk is the risk that in the event of the failure of the counterparty, the value of investments or collateral securities in the possession of an outside party will not be recoverable. The Foundation's investments in United States Government obligations and in corporate debt securities were uninsured, were not registered in the Foundation's name, and were held by a counterparty. The Foundation does not have a formal investment policy that addresses custodial credit risk.
- *Concentration of Credit Risk:* Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The Foundation's investment policy does not limit the amount that may be invested in one issuer. .

3. ACCOUNTS RECEIVABLE

Accounts receivable represent amounts for student fee deferments, various student services provided by the College, and contract and grant reimbursements due from third parties. These receivables are reported net of a \$145,775 allowance for uncollectible accounts.

4. DUE FROM OTHER GOVERNMENTAL AGENCIES

This amount primarily consists of \$6,203,671 of Public Education Capital Outlay allocations due from the State for construction of College facilities.

5. INVENTORIES

Inventories consist of items for resale by the campus bookstore, and are valued using the last invoice cost, which approximates the first-in, first-out, method of inventory valuation. Consumable laboratory supplies, teaching materials, and office supplies on hand in College departments are expensed when purchased, and are not considered material. Accordingly, these items are not included in the reported inventory.

6. CAPITAL ASSETS

Capital assets activity for the fiscal year ended June 30, 2010, is shown below:

ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA

Construction in Progress	329,134	3,522,974	12,575	3,839,533
Total Nondepreciable Capital Assets	\$ 1,016,716	\$ 3,522,974	\$ 12,575	\$ 4,527,115
Depreciable Capital Assets:				
Buildings	\$ 57,282,777	\$	\$	\$ 57,282,777
Other Structures and Improvements	4,151,372	12,575		4,163,947
Furniture, Machinery, and Equipment	2,796,510	483,487	40,042	3,239,955
Total Depreciable Capital Assets	64,230,659	496,062	40,042	64,686,679
Less, Accumulated Depreciation:				
Buildings	12,799,502	1,266,076		14,065,578
Other Structures and Improvements	3,416,796	115,157		3,531,953
Furniture, Machinery, and Equipment	1,741,092	384,413	40,042	2,085,463
Total Accumulated Depreciation	17,957,390	1,765,646	40,042	19,682,994
Total Depreciable Capital Assets, Net	\$ 46,273,269	\$ (1,269,584)	\$	\$ 45,003,685

7. LONG-TERM LIABILITIES

Long-term liabilities of the College at June 30, 2010, include compensated absences payable and other postemployment benefits payable. Long-term liabilities activity for the fiscal year ended June 30, 2010, is shown below:

Description	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion
Compensated Absences Payable	\$ 1,752,763	\$ 57,033	\$ 64,969	\$ 1,744,827	\$ 51,034
Other Postemployment Benefits Payable	97,167	70,613	31,711	136,069	
Total Long-Term Liabilities	\$ 1,849,930	\$ 127,646	\$ 96,680	\$ 1,880,896	\$ 51,034

Compensated Absences Payable. College employees may accrue annual and sick leave based on length of service, subject to certain limitations regarding the amount that will be paid upon termination. The College reports a liability for the accrued leave; however, State appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the College expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. At June 30, 2010, the estimated liability for compensated absences, which includes the College's share of the Florida Retirement System and FICA contributions, totaled \$1,744,827. The current portion of the compensated absences liability is the amount expected to be paid in the coming fiscal year, and represents payments for employees in the final year of the Deferred Retirement Option Program.

ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

Other Postemployment Benefits Payable. The College follows Governmental Accounting Standards Board Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for certain healthcare and life insurance benefits provided by the Florida College System Risk Management Consortium (Consortium).

Plan Description. The College contributes to an agent, multiple-employer defined-benefit plan administered by the Consortium. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the College are eligible to participate in the College's healthcare and life insurance benefits. The College subsidizes the premium rates paid by retirees by allowing them to participate in the plans at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plans on average than those of active employees. The College does not offer any explicit subsidies for retiree coverage. Retirees are required to enroll in the Federal Medicare program for their primary health coverage as soon as they are eligible. Neither the College nor the Consortium issue a stand-alone annual report for the plans and they are not included in the annual report of a public employee retirement system or another entity.

Funding Policy. Plan benefits are pursuant to the provisions of Section 112.0801, Florida Statutes, and the Board of Trustees can amend the benefits and contribution rates. The College has not advance-funded or established a funding methodology for the annual other postemployment benefit (OPEB) costs or the net OPEB obligation, and the plans are financed on a pay-as-you-go basis. For the 2009-10 fiscal year, 41 retirees received postemployment healthcare benefits, and 21 retirees received postemployment life insurance benefits. The College provided required contributions of \$28,375 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees for claim expenses (net of reinsurance), administrative expenses, and reinsurance premiums. Retiree contributions totaled \$300,208.

Annual OPEB Cost and Net OPEB Obligation. The College's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of Governmental Accounting Standards Board Statement No. 45. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the College's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the College's net OPEB obligation:

**ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010**

Description	Amount
Normal Cost (Service Cost for One Year)	\$ 49,698
Amortization of Unfunded Actuarial Accrued Liability	18,000
Annual Required Contribution	67,698
Interest on Net OPEB Obligation	2,915
Adjustment to Annual Required Contribution	(3,336)
Annual OPEB Cost (Expense)	67,277
Contribution Toward the OPEB Cost	(28,375)
Increase in Net OPEB Obligation	38,902
Net OPEB Obligation, Beginning of Year	97,167
Net OPEB Obligation, End of Year	\$ 136,069

The College’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plans, and the net OPEB obligation as of June 30, 2010, and for the transition and preceding years, were as follows:

Fiscal Year	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
Beginning Balance, July 1, 2007	\$		\$
2007-08	67,881	23.1%	52,111
2008-09	67,607	33.4%	97,167
2009-10	67,277	42.2%	136,069

Funded Status and Funding Progress. As of July 1, 2009, the most recent valuation date, the actuarial accrued liability for benefits was \$560,911 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$560,911 and a funded ratio of 0 percent. The covered payroll (annual payroll of active participating employees) was \$13,954,110 for the 2009-10 fiscal year and the ratio of the unfunded actuarial accrued liability to the covered payroll was 4 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types

ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The College's OPEB actuarial valuation as of July 1, 2009, used the projected unit credit actuarial method to estimate the unfunded actuarial liability as of June 30, 2010, and the College's 2009-10 fiscal year ARC. This method was selected because it is the same method used in the private sector for determination of retiree medical liabilities. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 3 percent rate of return on invested assets, which is the College's expectation of investment returns under its investment policy. The actuarial assumptions also included a payroll growth rate of 3 percent per year, and an annual healthcare cost trend rate of 8 percent initially for the 2009-10 fiscal year, reduced by 0.2 percent per year for two years, then 0.1 percent and 0.2 percent per year to an ultimate rate of 4.5 percent after 18 years. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll amortized over 30 years. The remaining amortization period at June 30, 2010, was 27 years.

8. RETIREMENT PROGRAMS

Florida Retirement System. Essentially all regular employees of the College are eligible to enroll as members of the State-administered Florida Retirement System (FRS). Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. FRS is a single retirement system administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the Public Employee Optional Retirement Program (PEORP).

Employees in the Plan vest at six years of service. All vested members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability and death benefits, and annual cost-of-living adjustments.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

The State of Florida establishes contribution rates for participating employers. Contribution rates during the 2009-10 fiscal year were as follows:

**ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010**

Class	Percent of Gross Salary	
	Employee	Employer (A)
Florida Retirement System, Regular	0.00	9.85
Florida Retirement System, Senior Management Service	0.00	13.12
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes	0.00	10.91
Florida Retirement System, Reemployed Retiree	(B)	(B)

Notes: (A) Employer rates include 1.11 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.05 percent for administrative costs of the Public Employee Optional Retirement Program.

(B) Contribution rates are dependent upon retirement class in which reemployed.

The College’s liability for participation is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the College. The College’s contributions for the fiscal years ended June 30, 2008, June 30, 2009, and June 30, 2010, totaled \$970,164, \$997,293, and \$965,267, respectively, which were equal to the required contributions for each fiscal year.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the PEORP in lieu of the FRS defined-benefit plan. College employees already participating in the State College System Optional Retirement Program or the DROP are not eligible to participate in this program. Employer contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The PEORP is funded by employer contributions that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in PEORP vest at one year of service. There were 97 College participants during the 2009-10 fiscal year. Required contributions made to the PEORP totaled \$441,435.

Financial statements and other supplementary information of the FRS are included in the State’s Comprehensive Annual Financial Report, which is available from the Florida Department of Financial Services. An annual report on the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement.

9. CONSTRUCTION COMMITMENTS

The College’s construction commitments at June 30, 2010, are as follows:

**ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010**

Project Description	Total Committed	Completed to Date	Balance Committed
Health Science Facility - St. Augustine Campus	\$ 4,189,265	\$ 3,469,718	\$ 719,547
Central Plant Expansion - St. Augustine Campus	799,101	369,815	429,286
Total	\$ 4,988,366	\$ 3,839,533	\$ 1,148,833

10. RISK MANAGEMENT PROGRAMS

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College provided coverage for these risks primarily through the Florida College System Risk Management Consortium (Consortium), which was created under authority of Section 1001.64(27), Florida Statutes, by the boards of trustees of the Florida public colleges for the purpose of joining a cooperative effort to develop, implement, and participate in a coordinated Statewide College risk management program. The Consortium is self-sustaining through member assessments (premiums) and is reinsured through commercial companies for claims in excess of specified amounts. Reinsurance from commercial companies provided excess coverage of up to \$175 million through February 28, 2010, and \$150 million effective March 1, 2010. Insurance coverage obtained through the Consortium included fire and extended property, general and automobile liability, health and hospitalization, life, workers' compensation, and other liability coverage. Settled claims resulting from these risks have not exceeded coverage in any of the past three fiscal years.

Dental and short-term disability coverage are provided through purchased commercial insurance with minimum deductibles for each line of coverage.

11. SCHEDULE OF STATE REVENUE SOURCES

Revenue from State sources for current operations is primarily from the College Program Fund administered by the Florida Department of Education under the provisions of Section 1011.81, Florida Statutes. In accordance with Section 1011.84, Florida Statutes, the Legislature determines each college's apportionment considering the following components: base budget, which includes the State appropriation to the College Program Fund in the current year plus the related student tuition and fees assigned in the current General Appropriations Act; the cost-to-continue allocation, which consists of incremental changes to the base budget, including salaries, price levels, and other related costs; enrollment workload adjustments; operation costs of new facilities adjustments; and new and improved program enhancements, which are determined by the Legislature. Student fees in the base budget plus student fee revenues generated by increases in fee rates are deducted from the sum of these components to determine the net annual State apportionment to each college.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the College on an annual basis. The College is authorized to receive and expend these resources only upon applying for and receiving an encumbrance authorization from the Florida Department of Education.

**ST. JOHNS RIVER STATE COLLEGE
A COMPONENT UNIT OF THE STATE OF FLORIDA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010**

The following is a summary of State revenue sources and amounts:

<u>Source</u>	<u>Amount</u>
College Program Fund	\$13,643,758
Education Enhancement Trust Fund (Lottery)	1,924,868
Bright Futures Scholarship Program	1,179,928
Florida Student Assistance Grants	844,875
Gross Receipts Tax (Public Education Capital Outlay)	277,327
Motor Vehicle License Tax (Capital Outlay and Debt Service)	201,791
Restricted Contracts and Grants	<u>140,665</u>
Total	<u>\$18,213,212</u>

12. FUNCTIONAL DISTRIBUTION OF OPERATING EXPENSES

The functional classification of an operating expense (instruction, academic support, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of an academic department for which the primary departmental function is instruction may include some activities other than direct instruction such as public service. However, when the primary mission of the department consists of instructional program elements, all expenses of the department are reported under the instruction classification. The operating expenses on the statement of revenues, expenses, and changes in net assets are presented by natural classifications. The following are those same expenses presented in functional classifications as recommended by NACUBO:

<u>Functional Classification</u>	<u>Amount</u>
Instruction	\$ 11,693,619
Academic Support	2,722,630
Student Services	2,867,271
Institutional Support	4,844,001
Operation and Maintenance of Plant	7,659,233
Scholarships and Fellowships	7,585,334
Depreciation	1,765,646
Auxiliary Enterprises	<u>2,680,338</u>
Total Operating Expenses	<u>\$ 41,818,072</u>

13. CAPITAL CREDITS

The College participated in a nonprofit electric cooperative established under Chapter 425, Florida Statutes. In accordance with this Statute, revenues in excess of operating expenses, unless otherwise determined by a vote of membership, are disbursed by the cooperative on a pro rata basis to its members' accounts. Annually, the Cooperative makes payments for designated prior years' capital credits. During the 2009-10 fiscal year, the College received \$6,737.31 related to the portions of capital credits earned from 1986 through 2008 fiscal years. At June 30, 2010, the accumulated credits to the College's accounts were \$338,307.71.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited the financial statements of St. Johns River State College, a component unit of the State of Florida, and its discretely presented component unit as of and for the fiscal year ended June 30, 2010, which collectively comprise the College's basic financial statements, and have issued our report thereon included under the heading **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**. Our report on the financial statements was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Other auditors audited the financial statements of the discretely presented component unit as described in our report on the College's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting

that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to College management in our operational audit report No. 2011-032.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

David W. Martin, CPA
