

**DEPARTMENT OF
ENVIRONMENTAL PROTECTION**

Office of Inspector General's
Internal Audit Activity

For the Review Period
July 2017 Through June 2018

Sherrill F. Norman, CPA
Auditor General

Inspector General of the Department of Environmental Protection

The Secretary of the Department of Environmental Protection appointed the Inspector General in August 2011. The Chief Inspector General of the Executive Office of the Governor reappointed the Inspector General in June 2014. Candie M. Fuller served as the Inspector General during the review period.

The review team leader was Clint C. Boutwell, CPA, and the review was supervised by Melisa Hevey, CPA.

Please address inquiries regarding this report to Matthew Tracy, CPA, Deputy Auditor General, by e-mail at matthewtracy@aud.state.fl.us or by telephone at (850) 412-2922.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Office of Inspector General's Internal Audit Activity

SUMMARY

In our opinion, the quality assurance and improvement program related to the Department of Environmental Protection, Office of Inspector General's internal audit activity was adequately designed and complied with during the review period July 2017 through June 2018 to provide reasonable assurance of conformance with applicable professional auditing standards and the Code of Ethics issued by the Institute of Internal Auditors. Also, the Office of Inspector General generally complied with those provisions of Section 20.055, Florida Statutes, governing the operation of State agencies' offices of inspectors general internal audit activities.

BACKGROUND

Section 20.055(2), Florida Statutes, established in each State agency, as defined by Section 20.055(1)(d), Florida Statutes, the Office of Inspector General. The Secretary assigned 16 positions and 2 Other Personal Services (OPS) employees¹ to the Office of Inspector General and the Inspector General assigned 9.5 positions and the 2 OPS employees to the internal audit activity. As authorized by statute, the Inspector General delegated internal audit responsibilities to the Director of Auditing. The 9.5 audit positions and 2 OPS employees performed internal audit activities and other accountability and oversight activities.

Section 20.055(6)(a), Florida Statutes, requires that internal audits be conducted in accordance with current *International Standards for the Professional Practice of Internal Auditing (IIA Standards)* or, where appropriate, *Government Auditing Standards (GAS)*. *IIA Standards*, issued by The Institute of Internal Auditors, and *GAS*, issued by the Comptroller General of the United States, generally provide comparable guidance for the conduct of assurance engagements. *IIA Standards* also provide supplemental guidance for the conduct of consulting engagements.

The Director of Auditing identified 25 engagements that had been completed as part of the Office's internal audit activity during the review period. For 24 engagements, the Office elected to follow *IIA Standards*. For the Office's audit of the Clean Water and Drinking Water State Revolving Fund Programs, the Office was required to follow *GAS*.

REPORT ON QUALITY ASSESSMENT REVIEW

Pursuant to Section 11.45(2)(i), Florida Statutes, we have reviewed the quality assurance and improvement program for the Office of Inspector General's internal audit activity in effect for the period July 2017 through June 2018. We also reviewed compliance with specific provisions of Section 20.055, Florida Statutes, governing the operation of State agencies' offices of inspectors general internal audit activities.

A quality assurance and improvement program for the Office of Inspector General's internal audit activity encompasses the charter, organizational environment, and policies and procedures established to provide management with reasonable assurance that the internal audit activity operates in conformity with applicable auditing standards and the Code of Ethics issued by the Institute of Internal Auditors. The design of the quality assurance and improvement program and compliance with it are the responsibility of the Office of Inspector General.

¹ Pursuant to Department of Management Services Rule 60L-33.005, Florida Administrative Code, OPS employment is a temporary employer-employee relationship used solely for the completion of short-term or intermittent tasks. OPS employees do not fill established positions nor are they assigned the duties of any vacant authorized positions.

In conducting our review, we obtained an understanding of the quality assurance and improvement program and performed such tests and other procedures as we considered necessary. Because of inherent limitations in any quality assurance and improvement program, departures from the program may occur and not be detected. Also, projection of any evaluation of the quality assurance and improvement program to future periods is subject to the risk that the program may become inadequate because of changes in conditions, or that compliance with policies and procedures may deteriorate.

In our opinion, the quality assurance and improvement program related to the Office of Inspector General's internal audit activity was adequately designed and complied with during the review period to provide reasonable assurance of conformance to applicable professional auditing standards and the Code of Ethics issued by the Institute of Internal Auditors. Also, the Office of Inspector General generally complied with those provisions of Section 20.055, Florida Statutes, governing the operation of State agencies' offices of inspectors general internal audit activities.

OBJECTIVES, SCOPE, AND METHODOLOGY

We conducted this quality assessment review in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the review to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our review objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our review objectives.

The objectives of this review were to evaluate the extent to which the Office of the Inspector General's internal audit activity's charter, policies and procedures, quality assurance and improvement program, work products, and other selected programs, activities, and functions conform to applicable professional auditing standards and the Code of Ethics issued by the Institute of Internal Auditors; determine compliance with those provisions of Section 20.055, Florida Statutes, that relate to the operation of offices of inspectors general internal audit activities; and identify opportunities to enhance the Office of the Inspector General's internal audit activity's management and work processes, as well as its value to Department management.

Our review included an evaluation of 3 of the 25 engagements completed as part of the Office's internal audit activity during the review period for compliance with applicable professional auditing standards. Our review was modeled primarily on the methodology presented in The Institute of Internal Auditors' *Quality Assessment Manual*.

AUTHORITY

Section 11.45(2)(i), Florida Statutes, requires that the Auditor General, once every 3 years, review a sample of internal audit reports to determine compliance by the Office of Inspector General with the current *International Standards for the Professional Practice of Internal Auditing* or, if appropriate, *Government Auditing Standards*. Pursuant to the provisions of Section 11.45(2)(i), Florida Statutes, I have directed that this report be prepared to present the results of our review.

Sherrill F. Norman, CPA
Auditor General
