

STATE OF FLORIDA AUDITOR GENERAL

Financial Audit

BROWARD COLLEGE

For the Fiscal Year Ended
June 30, 2021

Sherrill F. Norman, CPA
Auditor General

Board of Trustees and President

During the 2020-21 fiscal year, Gregory Adam Haile, Esq. served as President of Broward College and the following individuals served as Members of the Board of Trustees:

Gloria M. Fernandez, Chair
Matthew Caldwell J.D., Vice Chair from 8-11-20 ^a
Zachariah "Reggie" P. Zachariah Jr.
Akhil K. Agrawal from 1-13-21 ^b

^a Vice Chair position vacant 7-1-20, through 8-10-20.

^b Trustee position vacant 7-1-20, through 1-12-21.

Note: One Trustee position vacant the entire period.

The Auditor General conducts audits of governmental entities to provide the Legislature, Florida's citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations.

The team leader was Zlatina Ruseva, and the audit was supervised by Diana G. Garza, CPA.

Please address inquiries regarding this report to Jaime N. Hoelscher, CPA, Audit Manager, by e-mail at jaimehoelscher@aud.state.fl.us or by telephone at (850) 412-2868.

This report and other reports prepared by the Auditor General are available at:

SUMMARY

SUMMARY OF REPORT ON FINANCIAL STATEMENTS

Our audit disclosed that the basic financial statements of Broward College (a component unit of the State of Florida) were presented fairly, in all material respects, in accordance with prescribed financial reporting standards.

SUMMARY OF REPORT ON INTERNAL CONTROL AND COMPLIANCE

Our audit did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, issued by the Comptroller General of the United States.

AUDIT OBJECTIVES AND SCOPE

Our audit objectives were to determine whether Broward College and its officers with administrative and stewardship responsibilities for College operations had:

- Presented the College's basic financial statements in accordance with generally accepted accounting principles;
- Established and implemented internal control over financial reporting and compliance with requirements that could have a direct and material effect on the financial statements; and
- Complied with the various provisions of laws, rules, regulations, contracts, and grant agreements that are material to the financial statements.

The scope of this audit included an examination of the College's basic financial statements as of and for the fiscal year ended June 30, 2021. We obtained an understanding of the College's environment, including its internal control, and assessed the risk of material misstatement necessary to plan the audit of the basic financial statements. We also examined various transactions to determine whether they were executed, in both manner and substance, in accordance with governing provisions of laws, rules, regulations, contracts, and grant agreements.

An examination of Federal awards administered by the College is included within the scope of our Statewide audit of Federal awards administered by the State of Florida.

AUDIT METHODOLOGY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and applicable standards contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Broward College, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of Broward College and of its aggregate discretely presented component units as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS**, the **Schedule of Changes in the College's Total Other Postemployment Benefits Liability and Related Ratios**, **Schedule of the College's Proportionate Share of the Net Pension Liability – Florida Retirement System Pension Plan**, **Schedule of College Contributions – Florida Retirement System Pension Plan**, **Schedule of the College's Proportionate Share of the Net Pension Liability – Health Insurance Subsidy Pension Plan**, **Schedule of College Contributions – Health Insurance Subsidy Pension Plan**, and **Notes to Required Supplementary Information** as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2022, on our consideration of the Broward College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant

agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Broward College's internal control over financial reporting and compliance.

Respectfully submitted,

Sherrill F. Norman, CPA
Tallahassee, Florida
February 9, 2022

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the College for the fiscal year ended June 30, 2021, and should be read in conjunction with the financial statements and notes thereto. The MD&A, and financial statements and notes thereto, are the responsibility of College management. The MD&A contains financial activity of the College for the fiscal years ended June 30, 2021, and June 30, 2020.

FINANCIAL HIGHLIGHTS

The College's assets totaled \$374.3 million at June 30, 2021. This balance reflects a \$16.5 million, or 4.6 percent, increase as compared to the 2019-20 fiscal year. Liabilities increased by \$12.2 million, or 8.4 percent, totaling \$158.1 million at June 30, 2021. In addition, deferred outflows of resources increased by \$2.5 million, or 6.8 percent, and deferred inflows of resources decreased by \$2.6 million, or 20.5 percent. As a result, the College's net position increased by \$9.4 million, resulting in a year-end balance of \$245.4 million.

The College's operating revenues totaled \$72.9 million for the 2020-21 fiscal year, representing a 2.5 percent increase compared to the 2019-20 fiscal year. Operating expenses totaled \$298.2 million for the 2020-21 fiscal year, representing an increase of 7.7 percent as compared to the 2019-20 fiscal year.

Net position represents the residual interest in the College's assets and deferred outflows of resources after deducting liabilities and deferred inflows of resources. The College's comparative total net position by category for the fiscal years ended June 30, 2021, and June 30, 2020, is shown in the following graph:

Net Position
(In Thousands)

The following chart provides a graphical presentation of College revenues by category for the 2020-21 fiscal year:

OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to the Governmental Accounting Standards Board (GASB) Statement No. 35, the College's financial report consists of three basic financial statements: the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. The financial statements, and notes thereto, encompass the College and its component units. These component units include:

- Broward College Foundation, Inc. – Although legally separate, this component unit is important because the College is financially accountable for it, as the College reports its financial activities to the State of Florida.
- BCEduventures, Inc. – Began operations on July 1, 2017, to serve as a supporting organization to the College, a tax-exempt public charity under Title 26, Section 501(c)(3), United States Code. The organization was established to receive, hold, invest, and administer gifts and to make expenditures to, or for the benefit of the College.

Information regarding these component units is presented in the notes to financial statements. This MD&A focuses on the College, excluding the discretely presented component units.

The Statement of Net Position

The statement of net position reflects the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the College, using the accrual basis of accounting, and presents the financial position of the College at a specified time. Assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position, which is one indicator of the College's current financial condition. The changes in net position that occur over time indicate improvement or deterioration in the College's financial condition.

The following summarizes the College's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at June 30:

Condensed Statement of Net Position at June 30

(In Thousands)

	2021	2020
Assets		
Current Assets	\$ 42,461	\$ 25,621
Capital Assets, Net	244,981	242,381
Other Noncurrent Assets	86,828	89,769
Total Assets	374,270	357,771
Deferred Outflows of Resources	39,326	36,827
Liabilities		
Current Liabilities	21,650	25,021
Noncurrent Liabilities	136,408	120,852
Total Liabilities	158,058	145,873
Deferred Inflows of Resources	10,134	12,744
Net Position		
Net Investment in Capital Assets	235,038	229,381
Restricted	30,006	37,966
Unrestricted	(19,640)	(31,366)
Total Net Position	\$ 245,404	\$ 235,981

Significant changes were the result of the following factors:

- The increase in current assets of \$16.8 million is mainly due to increases in cash and cash equivalents and restricted cash and cash equivalents of \$28.6 million, accounts receivable of \$2.2 million offset by decreases in due from other governmental agencies of \$5.4 million, and prepaid expenses of \$1.7 million.
- The increase in noncurrent liabilities of \$15.6 million is primarily due to increases of \$14.4 million in the Florida Retirement System (FRS) and Health Insurance Subsidy net pension liability related to GASB Statement No. 68, \$2.9 million in compensated absences payable related to GASB Statement No. 16, and \$0.9 million in other postemployment benefits payable related to GASB Statement No. 75, offset by decreases of \$3.1 million in scheduled debt service payments for bonds and notes payable and \$0.1 million in unearned lease revenue.
- The decrease in deferred inflows of resources of \$2.6 million is due to decreases of \$2.1 million associated with the FRS pension and \$0.5 million in other postemployment benefits.
- The decrease in restricted net position of \$8 million is mainly due to decreases in grants and loans of \$0.9 million and in capital projects of \$7.3 million.
- The increase of unrestricted net position of \$11.7 million is primarily due to an increase of revenue over expenditures in the unrestricted fund, as the College continued to exercise cost containment efforts in its primary operations.

The Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position presents the College's revenue and expense activity, categorized as operating and nonoperating. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The following summarizes the College's activity for the 2020-21 and 2019-20 fiscal years:

Condensed Statement of Revenues, Expenses, and Changes in Net Position For the Fiscal Years (In Thousands)

	<u>2020-21</u>	<u>2019-20</u>
Operating Revenues	\$ 72,859	\$ 71,082
Less, Operating Expenses	<u>298,157</u>	<u>276,845</u>
Operating Loss	(225,298)	(205,763)
Net Nonoperating Revenues	<u>224,662</u>	<u>191,407</u>
Loss Before Other Revenues	(636)	(14,356)
Other Revenues	<u>10,058</u>	<u>11,116</u>
Net Increase (Decrease) In Net Position	<u>9,422</u>	<u>(3,240)</u>
Net Position, Beginning of Year	235,981	239,221
Adjustment to Beginning Net Position (1)	<u>1</u>	<u>-</u>
Net Position, Beginning of Year, as Restated	<u>235,982</u>	<u>239,221</u>
Net Position, End of Year	<u>\$ 245,404</u>	<u>\$ 235,981</u>

- (1) For the 2020-21 fiscal year, the College's beginning net position was increased due to a decrease of GASB Statement No. 68 in Employer Proportionate Share of Net Position Liability at Measurement Date as of June 30, 2019.

Operating Revenues

GASB Statement No. 35 categorizes revenues as either operating or nonoperating. Operating revenues generally result from exchange transactions where each of the parties to the transaction either gives or receives something of equal or similar value.

The following summarizes the operating revenues by source that were used to fund operating activities for the 2020-21 and 2019-20 fiscal years:

Operating Revenues For the Fiscal Years

(In Thousands)

	2020-21	2019-20
Student Tuition and Fees, Net	\$ 45,349	\$ 45,851
Grants and Contracts	22,495	19,324
Sales and Services of Educational Departments	46	368
Auxiliary Enterprises	2,121	2,443
Other	2,848	3,096
Total Operating Revenues	\$ 72,859	\$ 71,082

The following chart presents the College's operating revenues for the 2020-21 and 2019-20 fiscal years:

Operating Revenues

(In Thousands)

Operating Expenses

Expenses are categorized as operating or nonoperating. The majority of the College's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The College has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net position and has displayed the functional classification in the notes to financial statements.

The following summarizes operating expenses by natural classification for the 2020-21 and 2019-20 fiscal years:

Operating Expenses For the Fiscal Years

(In Thousands)

	2020-21	2019-20
Personnel Services	\$ 161,366	\$159,962
Scholarships and Waivers	79,042	57,032
Utilities and Communications	3,702	3,093
Contractual Services	26,678	20,349
Other Services and Expenses	9,344	16,650
Materials and Supplies	7,695	9,835
Depreciation	10,330	9,924
Total Operating Expenses	\$ 298,157	\$276,845

The following chart presents the College's operating expenses for the 2020-21 and 2019-20 fiscal years:

Operating Expenses (In Thousands)

College operating expense changes were the result of the following factors:

- Scholarships and waivers increased by \$22 million, or 38.6 percent, mainly due to an increase in funding of \$11.3 million from Coronavirus Aid, Relief, and Economic Security (CARES) Act and \$10.6 million from Coronavirus Response and Relief Supplemental Appropriations Act to support students.
- Contractual services increased by \$6.3 million, or 31.1 percent, mainly due to an increase of CARES Institutional Emergency Funds of \$5.5 million to develop online courses for remote learning during the COVID-19 pandemic and beyond.
- Other services and expenses decreased by \$7.3 million, or 43.9 percent, mainly due to decreases in repairs and maintenance of \$4.8 million, travel of \$1.4 million, and printing of \$0.8 million.

- Materials and supplies decreased by \$2.1 million, or 21.8 percent, mainly due to decreases in data software of \$1.2 million and minor equipment of \$1.1 million.

Nonoperating Revenues and Expenses

Certain revenue sources that the College relies on to provide funding for operations, including State noncapital appropriations, Federal and State student financial aid, certain gifts and grants, and investment income, are defined by GASB as nonoperating. Nonoperating expenses include capital financing costs and other costs related to capital assets. The following summarizes the College's nonoperating revenues and expenses for the 2020-21 and 2019-20 fiscal years:

Nonoperating Revenues (Expenses) For the Fiscal Years

(In Thousands)

	<u>2020-21</u>	<u>2019-20</u>
State Noncapital Appropriations	\$ 92,457	\$ 92,814
Federal and State Student Financial Aid	101,688	93,144
Gifts and Grants	27,424	3,434
Investment Income	1,502	2,293
Net Gain on Investments	2,069	289
Other Nonoperating Revenues	32	38
Interest on Capital Asset-Related Debt	(510)	(605)
Net Nonoperating Revenues	<u>\$ 224,662</u>	<u>\$ 191,407</u>

College net nonoperating revenue changes were mainly because gifts and grants increased by \$24 million mainly due to an increase of \$24.2 million for the Higher Education Emergency Relief Fund - Institutional Portion formula grants.

Other Revenues

This category is mainly composed of State capital appropriations and capital grants, contracts, gifts, and fees. The following summarizes the College's other revenues for the 2020-21 and 2019-20 fiscal years:

Other Revenues For the Fiscal Years

(In Thousands)

	<u>2020-21</u>	<u>2019-20</u>
State Capital Appropriations	\$ 926	\$ 954
Capital Grants, Contracts, Gifts, and Fees	9,110	10,134
Other Revenues	22	28
Total	<u>\$ 10,058</u>	<u>\$ 11,116</u>

The Statement of Cash Flows

The statement of cash flows provides information about the College's financial results by reporting the major sources and uses of cash and cash equivalents. This statement will assist in evaluating the College's ability to generate net cash flows, its ability to meet its financial obligations as they come due,

and its need for external financing. Cash flows from operating activities show the net cash used by the operating activities of the College. Cash flows from capital financing activities include all plant funds and related long-term debt activities. Cash flows from investing activities show the net source and use of cash related to purchasing or selling investments, and earning income on those investments. Cash flows from noncapital financing activities include those activities not covered in other sections.

The following summarizes the College's cash flows for the 2020-21 and 2019-20 fiscal years:

**Condensed Statement of Cash Flows
For the Fiscal Years
(In Thousands)**

	2020-21	2019-20
Cash Provided (Used) by:		
Operating Activities	\$ (200,770)	\$ (186,097)
Noncapital Financing Activities	222,569	189,062
Capital and Related Financing Activities	(6,172)	(6,730)
Investing Activities	13,002	(2,782)
Net Increase (Decrease) in Cash and Cash Equivalents	28,629	(6,547)
Cash and Cash Equivalents, Beginning of Year	9,997	16,544
Cash and Cash Equivalents, End of Year	\$ 38,626	\$ 9,997

Major sources of funds came from State noncapital appropriations (\$92.5 million), net student tuition and fees (\$46.9 million), grants and contracts (\$25.1 million), Federal and State student financial aid (\$101.8 million), Federal Direct Student Loan program receipts (\$12.6 million), and noncapital grants and gifts (\$27.4 million). Major uses of funds were for payments to employees and for employee benefits (\$151.1 million), payments for scholarships (\$79 million), disbursements to students for Federal Direct Student Loans (\$12.6 million), and to providers of goods and services (\$43.1 million).

The College's cash and cash equivalents increased by \$28.6 million, or 286.4 percent, as compared to the prior fiscal year. The increase of \$14.7 million in net cash used by operations was primarily due to increases in payments for scholarships of \$22 million, payments for employees and employee benefits of \$0.6 million, and a reduction in other receipts of \$2.3 million, offset by an increase in grants and contracts of \$5.5 million, and a reduction in payments to suppliers of \$5.2 million. The increase of \$33.5 million in net cash provided by noncapital financing activities was primarily due to increases in gifts and grants received for other than capital or endowment purposes of \$24 million, in Federal and State student financial aid of \$8.7 million, and in other nonoperating receipts of \$1.1 million. The decrease in net cash used by capital and related financing activities of \$0.6 million was primarily due to a decrease in purchases of capital assets of \$4.1 million, offset by a decrease in State capital appropriations of \$2.7 million and in capital grants and gifts of \$1 million. Cash provided by investing activities increased by \$15.8 million due to a \$16.6 million increase from sales of investments, offset by a \$0.8 million decrease in investment income.

CAPITAL ASSETS, CAPITAL EXPENSES AND COMMITMENTS, AND DEBT ADMINISTRATION
--

Capital Assets

At June 30, 2021, the College had \$466 million in capital assets, less accumulated depreciation of \$221 million, for net capital assets of \$245 million. Depreciation charges for the current fiscal year totaled \$10.3 million. The following table summarizes the College's capital assets, net of accumulated depreciation, at June 30:

Capital Assets, Net at June 30

(In Thousands)

	2021	2020
Land	\$ 12,551	\$ 12,551
Construction in Progress	15,543	12,867
Software in Progress	4,783	4,745
Buildings	195,308	198,347
Other Structures and Improvements	14,027	10,869
Furniture, Machinery, and Equipment	1,302	1,112
Leasehold Improvements	254	273
Software	1,213	1,617
Capital Assets, Net	\$ 244,981	\$ 242,381

Additional information about the College's capital assets is presented in the notes to financial statements.

Capital Expenses and Commitments

The College's construction commitments at June 30, 2021, are as follows:

	Amount (In Thousands)
Total Committed	\$ 32,488
Completed to Date	(15,543)
Balance Committed	\$ 16,945

Additional information about the College's construction commitments is presented in the notes to financial statements.

Debt Administration

As of June 30, 2021, the College had \$9.9 million in long-term debt and notes payable, representing a decrease of \$3.1 million, or 23.5 percent, from the prior fiscal year. The following table summarizes the outstanding long-term debt by type for the fiscal years ended June 30:

Long-Term Debt at June 30

(In Thousands)

	<u>2021</u>	<u>2020</u>
Capital Improvement Revenue Bonds	\$ 7,800	\$ 8,715
Notes Payable	<u>2,143</u>	<u>4,286</u>
Total	<u>\$ 9,943</u>	<u>\$ 13,001</u>

The State Board of Education issues capital outlay bonds on behalf of the College. During the 2020-21 fiscal year, there were no bond sales and debt repayments totaled \$3.1 million. Additional information about the College's long-term debt is presented in the notes to financial statements.

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

The College's economic condition is closely tied to that of the State of Florida. Because of limited economic growth and increased demand for State resources due to the COVID-19 pandemic, only a modest increase in State funding is anticipated in the 2021-22 fiscal year. Due to the uncertainty of the economic outlook, and as is usual and customary, the College exercised a conservative approach to budgeting and spending while providing optimal services to the students.

REQUESTS FOR INFORMATION

Questions concerning information provided in the MD&A or other required supplementary information, and financial statements and notes thereto, or requests for additional financial information should be addressed to Caleb J. Cornelius, Vice President of Finance, Broward College, 6400 NW 6th Way, Fort Lauderdale, Florida 33309.

The accompanying notes to financial statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Reporting Entity. The governing body of Broward College, a component unit of the State of Florida, is the College Board of Trustees. The Board of Trustees constitutes a corporation and is composed of five members appointed by the Governor and confirmed by the Senate. The Board of Trustees is under the general direction and control of the Florida Department of Education, Division of Florida Colleges, and is governed by State law and State Board of Education (SBE) rules. However, the Board of Trustees is directly responsible for the day-to-day operations and control of the College within the framework of applicable State laws and SBE rules. The College serves Broward County.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the Board of Trustees is financially accountable and other organizations for which the nature and significance of their relationship with the Board of Trustees are such that exclusion would cause the College's financial statements to be misleading. Based on the application of these criteria, the College is a component unit of the State of Florida, and its financial balances and activities are reported in the State's Annual Comprehensive Financial Report by discrete presentation.

Discretely Presented Component Units. Based on the application of the criteria for determining component units, the following component units are included within the College's reporting entity:

- Broward College Foundation, Inc. (Foundation): Although legally separate, this component unit is important because the College is financially accountable for it, as the College reports its financial activities to the State of Florida.
- BCEduventures, Inc. (BCEduventures): Began operations on July 1, 2017, to serve as a supporting organization to the College, a tax-exempt public charity under Title 26, Section 501(c)(3), United States Code. The organization was established to receive, hold, invest, and administer gifts and to make expenditures to, or for the benefit of, the College.

The College's component units as described above are also direct-support organizations as defined in Section 1004.70, Florida Statutes, and although legally separate from the College, are financially accountable to the College. The component units are managed independently, outside the College's budgeting process, and their powers are generally vested in a governing board pursuant to various State statutes. The component units receive, hold, invest, and administer property, and make expenditures to or for the benefit of the College.

The College's component units are audited by other auditors pursuant to Section 1004.70(6), Florida Statutes. The audited financial statements of each component unit are available to the public and can be obtained from the Vice President of Finance, Broward College, 6400 NW 6th Way, Fort Lauderdale, Florida 33309. The financial data reported on the accompanying financial statements was derived from the Foundation's audited financial statements for the fiscal year ended December 31, 2020. BCEduventures changed its fiscal year end from June 30 to December 31 to better align with certain reporting requirements of Broward College. Accordingly, the financial data reported on

the accompanying financial statements was obtained from BCEduventures' audited financial statements for the period July 1, 2020, through December 31, 2020.

Basis of Presentation. The College's accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by GASB. The National Association of College and University Business Officers (NACUBO) also provides the College with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB and the Financial Accounting Standards Board (FASB). GASB allows public colleges various reporting options. The College has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entitywide reporting including the following components:

- Management's Discussion and Analysis
- Basic Financial Statements:
 - Statement of Net Position
 - Statement of Revenues, Expenses, and Changes in Net Position
 - Statement of Cash Flows
 - Notes to Financial Statements
- Other Required Supplementary Information

Measurement Focus and Basis of Accounting. Basis of accounting refers to when revenues, expenses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The College's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met. The College follows GASB standards of accounting and financial reporting.

The College's component units use the economic resources measurement focus and the accrual basis of accounting, and follow FASB standards of accounting and financial reporting for not-for-profit organizations.

Significant interdepartmental sales between auxiliary service departments and other institutional departments have been accounted for as reductions of expenses and not revenues of those departments.

The College's principal operating activity is instruction. Operating revenues and expenses generally include all fiscal transactions directly related to instruction as well as administration, academic support, student services, physical plant operations, and depreciation of capital assets. Nonoperating revenues include State noncapital appropriations, Federal and State student financial aid, and investment income (net of unrealized gains or losses on investments). Interest on capital asset-related debt is a nonoperating expense. Other revenues generally include revenues for capital construction projects.

The statement of net position is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, it is the College's policy to first apply the restricted resources to such programs followed by the use of the unrestricted resources.

The statement of revenues, expenses, and changes in net position is presented by major sources and is reported net of tuition scholarship allowances. Tuition scholarship allowances are the difference between the stated charge for goods and services provided by the College and the amount that is actually paid by the student or the third party making payment on behalf of the student. The College calculated its tuition scholarship allowance by determining the amount of "coverage" applied from financial aid and other funds determined to be subject to tuition scholarship allowance as prescribed in NACUBO Advisory Report 2000-05. Under this method, the College determined amounts by identifying those student transactions where the student's classes or bookstore charges were paid by an applicable financial aid source. The College maintains a detailed record of this activity in the Credit and Collection activity file at the financial aid and student level.

The statement of cash flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

Cash and Cash Equivalents. The amount reported as cash and cash equivalents consists of cash on hand, cash in demand accounts, and cash with the State Board of Administration (SBA) Florida PRIME investment pool. For reporting cash flows, the College considers all highly liquid investments with original maturities of 3 months or less, that are not held solely for income or profit, to be cash equivalents. Under this definition, the College considers amounts invested in the SBA Florida PRIME investment pools to be cash equivalents.

College cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets are classified as restricted.

At June 30, 2021, the College reported as cash equivalents at fair value \$99,522 in the Florida PRIME investment pool administered by the SBA pursuant to Section 218.405, Florida Statutes. The College's investments in the Florida PRIME investment pool, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. The Florida PRIME investment pool carried a credit rating of AAAM by Standard & Poor's and had a weighted-average days to maturity (WAM) of 50 days as of June 30, 2021. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating-rate instruments. WAM measures the sensitivity of the Florida PRIME investment pool to interest rate changes. The investments in the Florida PRIME investment pool are reported at amortized cost.

Section 218.409(8)(a), Florida Statutes, provides that “the principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board [State Board of Administration] can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days.” As of June 30, 2021, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100 percent of their account value.

Capital Assets. College capital assets consist of land, construction in progress, software in progress, buildings, other structures and improvements, furniture, machinery, and equipment, leasehold improvements, and software. These assets are capitalized and recorded at cost at the date of acquisition or at acquisition value at the date received in the case of gifts and purchases of State surplus property. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The College has a capitalization threshold of \$5,000 for tangible personal property and \$25,000 for buildings and other structures and improvements. Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings – 40 years
- Leasehold Improvements – 20 years
- Other Structures and Improvements – 10 years
- Software – 10 years
- Furniture, Machinery, and Equipment:
 - Computer Equipment – 3 years
 - Vehicles, Office Machines, and Educational Equipment – 5 years
 - Furniture – 7 years

Noncurrent Liabilities. Noncurrent liabilities include bonds payable, notes payable, unearned lease revenue, compensated absences payable, other postemployment benefits payable, and net pension liabilities that are not scheduled to be paid within the next fiscal year, as well as unearned lease revenue which will be amortized over 30 years.

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and HIS fiduciary net positions have been determined on the same basis as they are reported by the FRS and the HIS plans. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

2. Adjustment to Beginning Net Position

The beginning net position of the College was increased by \$1,820 due to the College’s proportionate share of the restatement of July 1, 2019, FRS Pension Liability from \$66,707,144 to \$66,705,324 as a result of a correction to an interfund receivable.

3. Deficit Net Position in Individual Funds

The College reported an unrestricted net position which included a deficit in the current funds - unrestricted, as shown below. This deficit can be attributed to the full recognition of long-term liabilities (i.e., compensated absences payable, other postemployment benefits payable, and net pension liabilities) in the current unrestricted funds.

<u>Fund</u>	<u>Net Position</u>
Current Funds - Unrestricted	\$ (25,269,350)
Auxiliary Funds	<u>5,629,149</u>
Total	<u><u>\$ (19,640,201)</u></u>

4. Investments

The Board of Trustees has adopted a written investment policy providing that surplus funds of the College shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Section 218.415(16), Florida Statutes, authorizes the College to invest in the Florida PRIME investment pool administered by the SBA; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits and savings accounts in qualified public depositories, as defined by Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; and other investments approved by the Board of Trustees as authorized by law. SBE Rule 6A-14.0765(3), Florida Administrative Code, provides that College loan, endowment, annuity, and life income funds may also be invested pursuant to Section 215.47, Florida Statutes. Investments authorized by Section 215.47, Florida Statutes, include bonds, notes, commercial paper, and various other types of investments.

Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

Fair Value Measurement. The College categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the

valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

All of the College's recurring fair value measurements as of June 30, 2021, are valued using quoted market prices (Level 1 inputs).

The College's investments at June 30, 2021, are reported as follows:

Investments by fair value level	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	
Equities	\$ 10,201,749
Bonds	60,390,208
Total investments by fair value level	\$ 70,591,957

Mutual Funds. The College's investments in mutual funds totaled \$70,591,957 at June 30, 2021.

The College's Investment Policy Statement provides for a short-term investment pool, an intermediate-term investment pool, and a long-term investment pool. The primary objective of the short-term investment pool (funds needed for expenditures in one year or less) is to provide for preservation of capital and liquidity. The primary objectives for the intermediate-term investment pool are the preservation of capital and maximization of income without undue risk within the specific parameters specified in the investment policy. The primary objectives of the long-term investment pool (funds not expected to be needed as working capital and are not intermediate-term) are to provide for long-term growth of principal and income without undue exposure to risk.

The following risks apply to these investments:

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The College's investments in mutual funds have portfolios with average durations ranging from 0.70 years to 6.06 years.

Credit Risk: Credit risk is the risk that an issue or other counterparty will not fulfill its obligations. The College's investments in mutual funds at June 30, 2021, had portfolios having an average credit quality of between AA and BBB.

Custodial Credit Risk: Custodial credit risk is the risk that, in the event of the failure of the counterparty to a transaction, the College will not be able to recover that value of investments of collateral securities that are in possession of an outside party. The College's investment policy provides that securities will be designated as an asset of the College and held in safekeeping by a third-party custodial bank, or other third-party custodial institution. The College's \$70,591,957 investments in mutual funds are held by the safekeeping agent in the name of the College.

Component Unit Investments. Investments held by the Foundation at December 31, 2020, are reported at fair value as follows:

<u>Investment Type</u>	<u>Amount</u>
Marketable Securities Equities:	
Foreign	\$ 27,551,644
Domestic	22,378,689
Other:	
Alternative Investments	29,069,004
Fixed Income	10,198,024
Money Market Funds	525,249
Total Component Unit Investments	\$ 89,722,610

5. Accounts Receivable

Accounts receivable represent amounts for student fee deferments, various student services provided by the College, uncollected commissions for food service and vending machine sales, unused credit memos, and contract and grant reimbursements due from third parties. The accounts receivable are reported net of a \$1,300,353 allowance for doubtful accounts.

6. Notes Receivable

Notes receivable represent student loans made through a third party under the short-term loan program, financial aid overpayments, and fee deficiencies. Notes receivable are reported net of a \$4,054,572 allowance for doubtful notes.

7. Due From Other Governmental Agencies

The amount due from other governmental agencies consists of \$7,123,931 due from Federal and State funding sources, primarily \$5,227,943 due from other agencies, including \$2,679,710 due from the Federal Government for Pell grant and other Federal financial aid programs.

8. Due From and To Component Units/College

The amount due from component units consists of amounts owed to the College by the Foundation for scholarships and student aid and by BCEduventures for its accounts payable and accrued expenses. The College's financial statements are reported for the fiscal year ended June 30, 2021. The Foundation and BCEduventures' financial statements are reported for the calendar year ended December 31, 2020. Accordingly, amounts reported by the College as due from and to component units on the statement of net position do not agree with amounts reported by the component units as due from and to the College.

9. Capital Assets

Capital assets activity for the fiscal year ended June 30, 2021, is shown in the following table:

<u>Description</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>
Nondepreciable Capital Assets:				
Land	\$ 12,551,113	\$ -	\$ -	\$ 12,551,113

Less, Accumulated Depreciation:				
Buildings	152,152,967	7,231,139	-	159,384,106
Other Structures and Improvements	18,123,065	1,969,737	-	20,092,802
Furniture, Machinery, and Equipment	38,181,988	705,494	339,552	38,547,930
Leasehold Improvements	107,836	19,030	-	126,866
Software	2,426,620	404,436	-	2,831,056
Total Accumulated Depreciation	210,992,476	10,329,836	339,552	220,982,760
Total Depreciable Capital Assets, Net	\$ 212,218,458	\$ (114,326)	\$ -	\$ 212,104,132

10. Unearned Revenue

Unearned revenue at June 30, 2021, primarily includes student tuition and fees received prior to fiscal year end related to subsequent accounting periods and grant revenues received in advance. As of June 30, 2021, the College reported the following amounts as unearned revenue:

<u>Description</u>	<u>Amount</u>
Grant Revenues	\$ 904,487
Student Tuition and Fees	756,306
Total Unearned Revenue	\$ 1,660,793

11. Long-Term Liabilities

Long-term liabilities activity for the fiscal year ended June 30, 2021, is shown in the following table:

<u>Description</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Bonds Payable	\$ 8,715,000	\$ -	\$ 915,000	\$ 7,800,000	\$ 960,000
Notes Payable	4,285,715	-	2,142,857	2,142,858	2,142,858
Unearned Lease Revenue	1,538,889	-	66,667	1,472,222	66,667
Compensated Absences Payable	10,682,642	4,965,786	2,058,061	13,590,367	1,112,029
Other Postemployment Benefits Payable	4,479,682	1,373,921	448,754	5,404,849	259,640
Net Pension Liability	96,479,627	54,890,442	40,503,967	110,866,102	327,318
Total Long-Term Liabilities	\$ 126,181,555	\$ 61,230,149	\$ 46,135,306	\$ 141,276,398	\$ 4,868,512

Bonds Payable. Bonds were issued to finance capital outlay projects of the College. The following is a description of the outstanding bonded debt issue:

- **Capital Improvement Revenue Bonds, Series 2018A.** These bonds are authorized by Article VII, Section 11(d) of the Florida Constitution; Sections 215.57 through 215.83 and 1009.23, Florida Statutes; and other applicable provisions of law. Principal and interest on these bonds were issued to refund the Series 2008A bonds and are secured by and payable solely from a first lien pledge of the capital improvement fees collected pursuant to Section 1009.23(11), Florida Statutes, by the Series 2018A participating colleges on a parity with any additional bonds issued subsequent to the issuance of the Series 2018A bonds. The Series 2018A bonds will share the lien of such additional bonds on the Series 2018A pledged revenues and on the revenues pledged by the colleges participating in such additional bonds. The bonds were issued for the construction of a multi-level parking garage at the College's Central Campus.

The College had the following bonds payable at June 30, 2021:

<u>Bond Type</u>	<u>Amount Outstanding</u>	<u>Interest Rate (Percent)</u>	<u>Annual Maturity To</u>
Florida Department of Education Capital Improvement Revenue Bonds: Series 2018A	<u>\$ 7,800,000</u>	5.0	2028
Total	<u><u>\$ 7,800,000</u></u>		

Annual requirements to amortize all bonded debt outstanding as of June 30, 2021, are as follows:

<u>Fiscal Year</u> <u>Ending June 30</u>	<u>Capital Improvement Revenue Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 960,000	\$ 390,000	\$ 1,350,000
2023	1,005,000	342,000	1,347,000
2024	1,060,000	291,750	1,351,750
2025	1,110,000	238,750	1,348,750
2026	1,160,000	183,250	1,343,250
2027-2028	2,505,000	189,500	2,694,500
Total	\$ 7,800,000	\$ 1,635,250	\$ 9,435,250

Notes Payable. On March 20, 2015, the College entered into a Credit Facility Debt Agreement for \$15 million, at a stated interest rate of 1.91 percent, to finance capital improvement projects on South Campus. The debt matures on December 1, 2021, and principal and interest payments are made annually and semi-annual, respectively. The College's capital improvement fees collected pursuant to Sections 1009.22 and 1009.23, Florida Statutes, are pledged as security for the debt. The bank note includes provisions that in an event of default, the bank will seek to enforce its rights through legal proceedings to require the College to meet its obligations under the note agreement. In addition, the bank note also contains provisions that in an event of default the bank may accelerate payment for all principal and interest due under the note. Annual requirements to amortize the outstanding notes as of June 30, 2021, are as follows:

<u>Fiscal Year</u> <u>Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 2,142,858	\$ 24,872	\$ 2,167,730
Total	\$ 2,142,858	\$ 24,872	\$ 2,167,730

Unearned Lease Revenue. The College leased land in Miramar, Florida, to a third party pursuant to a ground lease agreement dated August 9, 2013, with terms extending 30 years. The lease was prepaid in August 2013 by the third party to the College for the sum of \$2,000,000, which is being amortized over the life of the agreement. The unearned lease revenue amount held by the College totaled \$1,472,222 at June 30, 2021, of which \$66,667 was reported as current.

Compensated Absences Payable. College employees may accrue annual and sick leave based on length of service, subject to certain limitations regarding the amount that will be paid upon termination. The College reports a liability for the accrued leave; however, State noncapital appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the College expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. At June 30, 2021, the estimated liability for compensated absences, which includes the College's share of the Florida Retirement System and FICA contributions, totaled \$13,590,367. The current portion of the compensated absences liability, \$1,112,029, is the amount expected to be paid in the coming fiscal year and represents a historical percentage of leave used applied to total accrued leave liability.

Other Postemployment Benefits Payable. The College follows GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for other postemployment benefits administered by the College.

General Information about the OPEB Plan

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the College. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the College are eligible to participate in the College’s health and hospitalization plan for medical and prescription drug coverage. The College subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. The College does not offer any explicit subsidies for retiree coverage. Retirees are required to enroll in the Federal Medicare (Medicare) program for their primary coverage as soon as they are eligible. The OPEB Plan contribution requirements and benefit terms of the College and the OPEB Plan members are established and may be amended by action from the Board. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided. The OPEB Plan provides healthcare benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above.

Employees Covered by Benefit Terms. At June 30, 2020, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	33
Inactive Employees Entitled to But Not Yet Receiving Benefits	66
Active Employees	1,268
Total	<u>1,367</u>

Total OPEB Liability

The College’s total OPEB liability of \$5,404,849 was measured as of June 30, 2020, and was determined by an actuarial valuation as of June 30, 2019.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.40 percent
Salary increases	5.90 percent, average, including inflation
Discount rate	2.21 percent
Healthcare cost trend rates	
Pre-Medicare	7.0 percent for 2019, decreasing to an ultimate rate of 4.6 percent by 2026
Medicare	5.0 percent for 2019, decreasing to an ultimate rate of 4.6 percent by 2021

The discount rate was based on the Bond Buyer General Obligation 20-year Municipal Bond Index.

Mortality rates were based on the PUB-2010 mortality tables, with adjustments for FRS experience and generational mortality improvements using Scale MP-2018.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018, adopted by the FRS.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2019, valuation were based on a review of recent plan experience done concurrently with the June 30, 2019, valuation.

Changes in the Total OPEB Liability

	Amount
Balance at 6/30/20	<u>\$ 4,479,682</u>
Changes for the year:	
Service Cost	337,555
Interest	160,817
Differences Between Expected and Actual Experience	370,430
Changes in Assumptions or Other Inputs	505,119
Benefit Payments	<u>(448,754)</u>
Net Changes	<u>925,167</u>
Balance at 6/30/21	<u><u>\$ 5,404,849</u></u>

Changes of assumptions and other inputs reflect a change in the discount rate from 3.50 percent in 2019 to 2.21 percent in 2020.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following table presents the total OPEB liability of the College, as well as what the College's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.21 percent) or 1 percentage point higher (3.21 percent) than the current rate:

	<u>1% Decrease (1.21%)</u>	<u>Current Discount Rate (2.21%)</u>	<u>1% Increase (3.21%)</u>
Total OPEB liability	\$6,649,665	\$5,404,849	\$4,451,887

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following table presents the total OPEB liability of the College, as well as what the College's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
Total OPEB liability	\$4,180,017	\$5,404,849	\$7,124,583

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2021, the College recognized OPEB expense of \$136,108. At June 30, 2021, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 876,859	\$ 52,118
Change of assumptions or other inputs	459,857	3,934,622
Transactions subsequent to the measurement date	259,640	-
Total	\$ 1,596,356	\$ 3,986,740

Of the total amount reported as deferred outflows of resources related to OPEB, \$259,640 resulting from benefits paid subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the total OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ (369,539)
2023	(369,539)
2024	(369,539)
2025	(369,539)
2026	(369,539)
Thereafter	(802,329)
Total	\$ (2,650,024)

Net Pension Liability. As a participating employer in the Florida Retirement System (FRS), the College recognizes its proportionate share of the collective net pension liabilities of the FRS cost-sharing multiple-employer defined benefit plans. As of June 30, 2021, the College's proportionate share of the net pension liabilities totaled \$110,866,102. Note 12. includes a complete discussion of defined benefit pension plans.

12. Retirement Plans – Defined Benefit Pension Plans

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 121, Florida Statutes, also provides for nonintegrated, optional retirement programs in lieu of the FRS to certain members of the Senior Management Service Class employed by the State and faculty and specified employees of State colleges. Chapter 112, Florida Statutes, established the HIS Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the College are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The College's FRS and HIS pension expense totaled \$19,064,625 for the fiscal year ended June 30, 2021.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of creditable service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS-participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on retirement plan and/or the class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Senior Management Service Class	2.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2020-21 fiscal year were:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00	10.00
FRS, Senior Management Service	3.00	27.29
Deferred Retirement Option Program (applicable to members from all of the above classes)	0.00	16.98
FRS, Reemployed Retiree	(2)	(2)

(1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

The College's contributions to the Plan totaled \$7,274,579 for the fiscal year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the College reported a liability of \$79,468,807 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The College's proportionate share of the net pension liability was based on the College's 2019-20 fiscal year contributions relative to the total 2019-20 fiscal year contributions of all participating members. At June 30, 2020, the College's proportionate share was 0.183355111 percent, which was a decrease of 0.010343618 from its proportionate share measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the College recognized pension expense of \$16,302,198. In addition, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 3,041,432	\$ -
Change of assumptions	14,386,383	-
Net difference between projected and actual earnings on FRS Plan investments	4,731,649	-
Changes in proportion and differences between College FRS contributions and proportionate share of contributions	979,908	3,033,127
College FRS contributions subsequent to the measurement date	7,274,579	-
Total	\$ 30,413,951	\$ 3,033,127

The deferred outflows of resources totaling \$7,274,579, resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 3,847,506
2023	6,629,102
2024	5,767,859
2025	3,359,360
2026	502,418
Total	\$ 20,106,245

Actuarial Assumptions. The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, including inflation
Investment rate of return	6.80 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	2.2%	2.2%	1.2%
Fixed Income	19.0%	3.0%	2.9%	3.5%
Global Equity	54.2%	8.0%	6.7%	17.1%
Real Estate (Property)	10.3%	6.4%	5.8%	11.7%
Private Equity	11.1%	10.8%	8.1%	25.7%
Strategic Investments	4.4%	5.5%	5.3%	6.9%
Total	100.0%			
Assumed inflation - Mean			2.4%	1.7%

(1) As outlined in the Plan's investment policy.

Discount Rate. The discount rate used to measure the total pension liability was 6.80 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension

liability is equal to the long-term expected rate of return. The discount rate used in the 2020 valuation was updated from 6.90 percent to 6.80 percent.

Sensitivity of the College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the College's proportionate share of the net pension liability calculated using the discount rate of 6.80 percent, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.80 percent) or 1 percentage point higher (7.80 percent) than the current rate:

	<u>1% Decrease (5.80%)</u>	<u>Current Discount Rate (6.80%)</u>	<u>1% Increase (7.80%)</u>
College's proportionate share of the net pension liability	\$126,898,330	\$79,468,807	\$39,855,464

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan. At June 30, 2021, the College reported a payable of \$1,094,608 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2021.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2021, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The College contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The College's contributions to the HIS Plan totaled \$1,457,498 for the fiscal year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the College reported a net pension liability of \$31,397,295 for its proportionate share of the net pension liability. The current portion of the net pension liability is the College's proportionate share of benefit payments expected to be paid within 1 year, net of the College's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The College's proportionate share of the net pension liability was based on the College's 2019-20 fiscal year contributions relative to the total 2019-20 fiscal year contributions of all participating members. At June 30, 2020, the College's proportionate share was 0.257147535 percent, which was a decrease of 0.008955832 from its proportionate share measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the College recognized pension expense of \$2,762,427. In addition, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,284,340	\$ 24,221
Change of assumptions	3,376,103	1,825,630
Net difference between projected and actual earnings on HIS Plan investments	25,068	-
Changes in proportion and differences between College HIS contributions and proportionate share of HIS contributions	1,173,169	1,264,030
College contributions subsequent to the measurement date	1,457,498	-
Total	<u>\$ 7,316,178</u>	<u>\$ 3,113,881</u>

The deferred outflows of resources totaling \$1,457,498, resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 902,462
2023	482,241
2024	143,686
2025	380,844
2026	525,844
Thereafter	309,722
Total	<u>\$ 2,744,799</u>

Actuarial Assumptions. The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent including inflation
Municipal bond rate	2.21 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018. This is a change from the prior year mortality assumption which was based on the Generational RP-2000 with Projection Scale BB tables.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 2.21 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate used in the 2020 valuation was updated from 3.50 percent to 2.21 percent.

Sensitivity of the College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the College's proportionate share of the net pension liability calculated using the discount rate of 2.21 percent, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.21 percent) or 1 percentage point higher (3.21 percent) than the current rate:

	<u>1% Decrease (1.21%)</u>	<u>Current Discount Rate (2.21%)</u>	<u>1% Increase (3.21%)</u>
College's proportionate share of the net pension liability	\$36,293,872	\$31,397,295	\$27,389,461

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan. At June 30, 2021, the College reported a payable of \$55,190 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2021.

13. Retirement Plans – Defined Contribution Pension Plans

FRS Investment Plan. The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. College employees already participating in the State College System Optional Retirement Program or DROP are not eligible to participate in the Investment Plan. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contributions rates, that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2020-21 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	6.30
FRS, Senior Management Service	7.67

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2021, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the College.

After termination and applying to receive benefits, the member may roll over vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The College's Investment Plan pension expense totaled \$2,507,820 for the fiscal year ended June 30, 2021.

State College System Optional Retirement Program. Section 1012.875, Florida Statutes, provides for an Optional Retirement Program (Program) for eligible college instructors and administrators. The Program is designed to aid colleges in recruiting employees by offering more portability to employees not expected to remain in the FRS for 8 or more years.

The Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Employees in eligible positions can make an irrevocable election to participate in the Program, rather than the FRS, and purchase retirement and death benefits through contracts provided by certain insurance carriers. The employing college contributes 5.14 percent of the participant's salary to the participant's account, 3.44 percent to cover the unfunded actuarial liability of the FRS pension plan, and 0.01 percent to cover the administrative costs, for a total of 8.59 percent, and employees contribute 3 percent of the employee's salary. Additionally, the employee may contribute, by payroll deduction, an amount not to exceed the percentage contributed by the college to the participant's annuity account. The contributions are invested in the company or companies selected by the participant to create a fund for the purchase of annuities at retirement.

The College's contributions to the Program totaled \$773,701 and employee contributions totaled \$270,210 for the 2020-21 fiscal year.

Senior Management Service Local Annuity Program. Section 121.055(1)(b)2., Florida Statutes, and Florida Retirement System Rule 60S-1.0057, Florida Administrative Code, provide that local agency employees eligible for the FRS, Senior Management Service Class, may elect to withdraw from the FRS altogether and participate in a local annuity program. Pursuant thereto, the College established the Senior Management Service Class Local Annuity Program (Local Annuity Program). Employees in eligible positions are allowed to make an irrevocable election to participate in the Local Annuity Program, rather than the FRS.

The Local Annuity Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the employee. The College contributes 25.41 percent of the employee's salary to the Local Annuity Program. Employees may make contributions toward the Local Annuity Program by way of salary reduction or by deduction of a percentage of the employee's gross compensation not to exceed the percentage contributed by the employer.

The College's contributions to the Local Annuity Program totaled \$80,574 for the 2020-21 fiscal year.

14. Construction Commitments

The College's construction commitments at June 30, 2021, were as follows:

<u>Project Description</u>	<u>Total Commitment</u>	<u>Completed to Date</u>	<u>Balance Committed</u>
Central Campus:			
Student Services Building 19 Remodeling	\$ 6,600,000	\$ 4,711,647	\$ 1,888,353
Central Dispensing Systems, Utility Relocation & Master Plan	3,676,043	1,185,397	2,490,646
Central Elevator Upgrades	1,756,500	643,795	1,112,705
Building 8 Renovations	1,850,000	105,190	1,744,810
Pool Demolition & Backflows	666,867	491,391	175,476
Buildings 10, 17, 20, 27 Remodeling	5,905,171	1,333,748	4,571,423
Fleet Services Building Renovation	1,240,000	1,055,119	184,881
Canopies, Lightning System, and Chair Lift	319,140	191,086	128,054
North Campus:			
Building 46 Student Services Remodeling	1,400,000	1,000,491	399,509
Building 46 Turnaround/Drop Off	300,000	116,381	183,619
Storm Water Master Plan	63,000	8,291	54,709
South Campus:			
Demolition of Modular Buildings and Storm Water Management	2,180,016	1,621,589	558,427
Aviation Additions	4,090,095	936,506	3,153,589
Building 68 Second Floor Offices Renovation	150,000	79,289	70,711
Building 68 PCAT Addition	2,080,000	2,061,341	18,659
Second Floor Fire Sprinkler System	210,250	1,265	208,985
Total	\$ 32,487,082	\$ 15,542,526	\$ 16,944,556

15. Operating Lease Commitments

The College leased building space under an operating lease, which expires in 2034. The leased asset and the related commitments are not reported on the College's statement of net position. Operating lease payments are recorded as expenses when paid or incurred. Outstanding commitments resulting from this lease agreement are contingent upon future appropriations. Future minimum lease commitments for this noncancelable operating lease are as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 1,478,527
2023	1,532,658
2024	1,588,608
2025	2,126,437
2026	2,200,604
2027-2031	12,203,406
2032-2034	8,380,138
Total Minimum Payments Required	\$ 29,510,378

16. Risk Management Programs

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College provided coverage for these risks primarily through the Florida College System Risk Management Consortium

(Consortium), which was created under authority of Section 1001.64(27), Florida Statutes, by the boards of trustees of the Florida public colleges for the purpose of joining a cooperative effort to develop, implement, and participate in a coordinated Statewide college risk management program. The Consortium is self-sustaining through member assessments (premiums) and purchases excess insurance through commercial companies for claims in excess of specified amounts. Excess insurance from commercial companies provided coverage of up to \$110 million to February 28, 2021, and up to \$100 million from March 1, 2021, for property insurance. Insurance coverage obtained through the Consortium included fire and extended property, general and automobile liability, workers' compensation, and other liability coverage. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past 3 fiscal years.

Life, dental, and long-term disability coverage are provided through purchased commercial insurance.

Self-Insured Program. The Board has established an individual self-insured program to provide group health insurance for its employees, retirees, former employees, and their dependents. The College's liability was limited by excess reinsurance to \$325,000 per insured person for the 2020-21 fiscal year. The plan is provided by an insurance company licensed by the Florida Office of Insurance Regulation. The College contributes employee premiums as a fringe benefit. Employee dependent coverage is by payroll deduction and coverage for retirees, former employees, and their dependents is by prepaid premium.

The College reports a liability when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. The liability includes an amount for claims that have been incurred, but not reported, and an amount for claims administration expense. Because the actual claims liability depends on such complex factors as inflation, change in legal doctrines, and damage awards, the process used in computing the claims liability does not necessarily result in an exact amount. The College reevaluates the claims liability periodically and the claims liability totaled \$4,160,785 as of June 30, 2021. Amounts held by the College in excess of the estimated insurance claims liability at June 30, 2021, totaled \$1,386,586 and are classified as insurance claim deposits. The College will use these amounts to pay claims incurred in future fiscal years.

The following schedule represents the changes in claims liability for the current and prior year for the College's self-insured program:

<u>Fiscal Year</u>	<u>Beginning of Fiscal Year</u>	<u>Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Fiscal Year</u>
2019-20	\$ 4,581,023	\$ 15,858,139	\$ 15,941,813	\$ 4,497,349
2020-21	4,497,349	16,596,823	16,933,387	4,160,785

17. Functional Distribution of Operating Expenses

The functional classification of an operating expense (instruction, academic support, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of an academic department for which the primary departmental function is instruction may include some activities other than direct instruction such as public service. However, when the primary mission of the department consists of instructional program

elements, all expenses of the department are reported under the instruction classification. The operating expenses on the statement of revenues, expenses, and changes in net position are presented by natural classifications. The following are those same expenses presented in functional classifications as recommended by NACUBO:

<u>Functional Classification</u>	<u>Amount</u>
Instruction	\$ 89,275,271
Public Services	372,482
Academic Support	22,973,587
Student Services	28,824,331
Institutional Support	40,502,031
Operation and Maintenance of Plant	22,542,232
Scholarships and Waivers	79,042,347
Depreciation	10,329,836
Auxiliary Enterprises	4,295,183
Total Operating Expenses	<u><u>\$298,157,300</u></u>

18. Fiscal Agent for the Higher Education Technology Group

Effective July 2, 2002, the College was elected fiscal agent for the Higher Education Technology Group (HETGroup). As fiscal agent, the College is responsible for receiving, disbursing, and administering all moneys due or payable from the HETGroup and for certain personnel functions. For the 2020-21 fiscal year, HETGroup revenues and expenses totaled \$1,062,809 and \$1,621,099, respectively, on the Statement of Revenues, Expenses, and Changes in Net Position. At June 30, 2021, net assets of HETGroup totaling \$701,613 were held in the College's Current Restricted Fund.

19. Related Party Transactions

The Foundation utilized certain facilities and professional services provided by the College. The estimated fair value of donated services and other general administrative costs amounted to \$1,042,164 and \$100,124, respectively, for the fiscal year ended December 31, 2020, and are included in the accompanying Statement of Revenues, Expenses, and Changes in Net Position of the component unit as both income and expense.

BCEducventures, Inc. recorded \$5,200 related to the use of donated facilities for the 6-month period ended December 31, 2020. This amount is reflected in the accompanying Statement of Revenues, Expenses, and Changes in Net Assets of the Component unit as both income and expense.

20. Discretely Presented Component Units

The College has two discretely presented component units as discussed in Note 1. These component units represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns of the financial statements. The following financial information is from the most recently available audited financial statements for the component units:

Condensed Statement of Net Position

	Direct-Support Organizations		Total
	Foundation	BC Eduventures	
Assets:			
Current Assets	\$ 4,859,788	\$ 1,146,955	\$ 6,006,743
Other Noncurrent Assets	89,722,610	-	89,722,610
Total Assets	94,582,398	1,146,955	95,729,353
Liabilities:

1. Schedule of Changes in the College's Total Other Postemployment Benefits Liability and Related Ratios

No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Changes of Assumptions. The Discount Rate was changed from 3.50 percent at the prior measurement date to 2.21 percent at the current measurement date. As a result, the change in the total OPEB liability is to be recognized in the OPEB expense beginning in the current measurement period, over a closed period equal to 11.16 years.

2. Schedule of Net Pension Liability and Schedule of Contributions – Florida Retirement System Pension Plan

Changes of Assumptions. The long-term expected rate of return was decreased from 6.90 percent to 6.80 percent.

3. Schedule of Net Pension Liability and Schedule of Contributions – Health Insurance Subsidy Pension Plan

Changes of Assumptions. The municipal rate used to determine total pension liability decreased from 3.50 percent to 2.21 percent, and the active member mortality assumption was updated.

House of Representatives, and the
Legislative Auditing Committee

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Broward College, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated February 9, 2022, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the College's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control

that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA
