

Report No. 2022-129
February 2022

STATE OF FLORIDA AUDITOR GENERAL

Financial Audit

SEMINOLE STATE COLLEGE OF FLORIDA

For the Fiscal Year Ended
June 30, 2021

Sherrill F. Norman, CPA
Auditor General

Board of Trustees and President

During the 2020-21 fiscal year, Dr. Georgia Lorenz served as President of Seminole State College of Florida and the following individuals served as Members of the Board of Trustees:

Amy L. Lockhart, Chair from 1-25-21, ^a
Vice Chair through 1-24-21
Bob Cortes, Vice Chair from 1-25-21
Scott D. Howat, Chair through 12-22-20 ^a
Dr. Tina Calderone through 6-7-21 ^b
Daniel O'Keefe from 12-23-20

^a Chair position vacant from 12-23-20, through 1-24-21.

^b Trustee position vacant from 6-8-21, through 6-30-21.

Note: One Trustee position was vacant for the entire fiscal year.

The Auditor General conducts audits of governmental entities to provide the Legislature, Florida's citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations.

The team leader was Vincent Coppola, and the audit was supervised by Keith A. Wolfe, CPA.

Please address inquiries regarding this report to Jaime N. Hoelscher, CPA, Audit Manager, by e-mail at jaimehoelscher@aud.state.fl.us or by telephone at (850) 412-2868.

SUMMARY

SUMMARY OF REPORT ON FINANCIAL STATEMENTS

Our audit disclosed that the basic financial statements of Seminole State College of Florida (a component unit of the State of Florida) were presented fairly, in all material respects, in accordance with prescribed financial reporting standards.

SUMMARY OF REPORT ON INTERNAL CONTROL AND COMPLIANCE

Our audit did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, issued by the Comptroller General of the United States.

AUDIT OBJECTIVES AND SCOPE

Our audit objectives were to determine whether Seminole State College of Florida and its officers with administrative and stewardship responsibilities for College operations had:

- Presented the College's basic financial statements in accordance with generally accepted accounting principles;
- Established and implemented internal control over financial reporting and compliance with requirements that could have a direct and material effect on the financial statements; and
- Complied with the various provisions of laws, rules, regulations, contracts, and grant agreements that are material to the financial statements.

The scope of this audit included an examination of the College's basic financial statements as of and for the fiscal year ended June 30, 2021. We obtained an understanding of the College's environment, including its internal control, and assessed the risk of material misstatement necessary to plan the audit of the basic financial statements. We also examined various transactions to determine whether they were executed, in both manner and substance, in accordance with governing provisions of laws, rules, regulations, contracts, and grant agreements.

An examination of Federal awards administered by the College is included within the scope of our Statewide audit of Federal awards administered by the State of Florida.

AUDIT METHODOLOGY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and applicable standards contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Seminole State College of Florida, a component unit of the State of Florida, and its discretely presented component unit as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit, which represent 100 percent of the transactions and account balances of the discretely presented component unit columns. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of Seminole State College of Florida and of its discretely presented component unit as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS**, the **Schedule of Changes in the College's Total Other Postemployment Benefits Liability and Related Ratios**, **Schedule of the College's Proportionate Share of the Net Pension Liability – Florida Retirement System Pension Plan**, **Schedule of College Contributions – Florida Retirement System Pension Plan**, **Schedule of the College's Proportionate Share of the Net Pension Liability – Health Insurance Subsidy Pension Plan**, **Schedule of College Contributions – Health Insurance Subsidy Pension Plan**, and **Notes to Required Supplementary Information**, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 21, 2022, on our consideration of the Seminole State College of Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations,

contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Seminole State College of Florida's internal control over financial reporting and compliance.

Respectfully submitted,

Sherrill F. Norman, CPA
Tallahassee, Florida
February 21, 2022

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the College for the fiscal year ended June 30, 2021, and should be read in conjunction with the financial statements and notes thereto. The MD&A, and financial statements and notes thereto, are the responsibility of College management. The MD&A contains financial activity of the College for the fiscal years ended June 30, 2021, and June 30, 2020.

FINANCIAL HIGHLIGHTS

The College's assets and deferred outflows of resources totaled \$260.5 million at June 30, 2021. This balance reflects a \$7.2 million, or 2.8 percent, increase as compared to \$253.3 million at June 30, 2020. This increase is primarily the result of increases in amounts due from other governmental agencies of \$7.1 million due to the timing of draws of Higher Education Emergency Relief Fund (HEERF) grants from the Federal Government. Liabilities and deferred inflows of resources increased \$5.9 million, or 8.1 percent, totaling \$78.7 million at June 30, 2021, as compared to \$72.8 million at June 30, 2020. This change is primarily the result of an increase in net pension liability of \$8.5 million and partially offset by a decrease in deferred inflows of resources related to pensions of \$1.8 million. As a result, the College's net position increased by \$1.3 million, resulting in a year-end balance of \$181.8 million.

The College's operating revenues totaled \$29 million for the 2020-21 fiscal year, representing a 4.5 percent decrease compared to the 2019-20 fiscal year due to lower enrollments as a result of the pandemic. Operating expenses totaled \$126.7 million for the 2020-21 fiscal year, representing an increase of 2.1 percent as compared to the 2019-20 fiscal year, due mainly to increases in expenses for materials and supplies and an increase in scholarships and waivers, both related to the pandemic.

Net position represents the residual interest in the College's assets and deferred outflows of resources after deducting liabilities and deferred inflows of resources. The College's comparative total net position by category for the fiscal years ended June 30, 2021, and June 30, 2020, is shown in the following graph:

**Net Position
(In Thousands)**

The following chart provides a graphical presentation of College revenues by category for the 2020-21 fiscal year:

**Total Revenues
2020-21 Fiscal Year**

OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to the Governmental Accounting Standards Board (GASB) Statement No. 35, the College’s financial report consists of three basic financial statements: the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. The financial statements, and notes thereto, encompass the College and its component unit, the Foundation for Seminole State College of Florida, Inc. (Foundation). Based on the application of the criteria for

determining component units, the Foundation is included within the College reporting entity as a discretely presented component unit.

In February 2019, articles of incorporation were filed to establish a tax exempt 501(c)(3) corporation to be organized and operated as a direct-support organization called the Seminole State College of Florida Housing Corporation. The corporation shall provide residential housing services and other services ancillary to residential housing to students of Seminole State College of Florida. As of June 30, 2021, no financial transactions have been conducted by this entity.

This MD&A focuses on the College, excluding the discretely presented component unit. MD&A information is included in its separately issued audit report.

The Statement of Net Position

The statement of net position reflects the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the College, using the accrual basis of accounting, and presents the financial position of the College at a specified time. Assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position, which is one indicator of the College's current financial condition. The changes in net position that occur over time indicate improvement or deterioration in the College's financial condition.

The following summarizes the College's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at June 30:

Condensed Statement of Net Position at June 30

(In Thousands)

	<u>2021</u>	<u>2020</u>
Assets		
Current Assets	\$ 25,211	\$ 23,163
Capital Assets, Net	199,748	200,678
Other Noncurrent Assets	16,939	12,770
Total Assets	<u>241,898</u>	<u>236,611</u>
Deferred Outflows of Resources	<u>18,635</u>	<u>16,735</u>
Liabilities		
Current Liabilities	8,133	9,758
Noncurrent Liabilities	68,007	58,651
Total Liabilities	<u>76,140</u>	<u>68,409</u>
Deferred Inflows of Resources	<u>2,591</u>	<u>4,420</u>
Net Position		
Net Investment in Capital Assets	194,997	196,727
Restricted	20,136	14,223
Unrestricted	<u>(33,331)</u>	<u>(30,433)</u>
Total Net Position	<u>\$ 181,802</u>	<u>\$ 180,517</u>

Total assets increased by \$5.3 million from the prior fiscal year primarily due to an increase in other noncurrent assets of \$4.2 million and an increase in current assets of \$2 million. More specifically, in other noncurrent assets the restricted cash and cash equivalents increased by \$4.2 million due to an increase in the amount of funds available in the plant fund for construction projects. The increase in current assets is the result of an increase in amounts due from other governmental agencies of \$7.1 million, primarily related to the timing of draws on HEERF grants from the Federal Government. This increase is partially offset by a decrease of \$2.8 million in accounts receivable, net, due to lower enrollments and the use of HEERF funds to extinguish student debt related to charges incurred during the pandemic.

Total liabilities increased \$7.7 million from the prior fiscal year primarily due to an increase in net pension liability of \$8.5 million.

The Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position presents the College's revenue and expense activity, categorized as operating and nonoperating. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The following summarizes the College's activity for the 2020-21 and 2019-20 fiscal years:

Condensed Statement of Revenues, Expenses, and Changes in Net Position For the Fiscal Years

(In Thousands)

	2020-21	2019-20
Operating Revenues	\$ 29,035	\$ 30,388
Less, Operating Expenses	126,664	124,060
Operating Loss	(97,629)	(93,672)
Net Nonoperating Revenues	90,317	79,432
Loss Before Other Revenues	(7,312)	(14,240)
Other Revenues	8,597	4,017
Net Increase (Decrease) In Net Position	1,285	(10,223)
Net Position, Beginning of Year	180,517	190,740
Net Position, End of Year	\$ 181,802	\$ 180,517

Operating Revenues

GASB Statement No. 35 categorizes revenues as either operating or nonoperating. Operating revenues generally result from exchange transactions where each of the parties to the transaction either gives or receives something of equal or similar value.

The following summarizes the operating revenues by source that were used to fund operating activities for the 2020-21 and 2019-20 fiscal years:

Operating Revenues For the Fiscal Years

(In Thousands)

	2020-21	2019-20
Student Tuition and Fees, Net	\$ 21,529	\$ 24,162
Grants and Contracts	6,081	4,147
Sales and Services of Educational Departments	81	71
Auxiliary Enterprises	1,310	1,776
Other	34	232
Total Operating Revenues	\$ 29,035	\$ 30,388

The following chart presents the College's operating revenues for the 2020-21 and 2019-20 fiscal years:

Total operating revenues decreased by \$1.4 million compared to the prior fiscal year as a result of decreases in enrollments during the pandemic, partially offset by an increase in grants and contracts.

Operating Expenses

Expenses are categorized as operating or nonoperating. The majority of the College's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The College has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net position and has displayed the functional classification in the notes to financial statements.

The following summarizes operating expenses by natural classification for the 2020-21 and 2019-20 fiscal years:

**Operating Expenses
For the Fiscal Years**

(In Thousands)

	<u>2020-21</u>	<u>2019-20</u>
Personnel Services	\$ 74,802	\$ 78,090
Scholarships and Waivers	22,018	19,671
Utilities and Communications	2,384	2,503
Contractual Services	3,810	3,451
Other Services and Expenses	6,482	6,715
Materials and Supplies	9,352	6,497
Depreciation	7,816	7,133
Total Operating Expenses	\$ 126,664	\$ 124,060

The following chart presents the College’s operating expenses for the 2020-21 and 2019-20 fiscal years:

**Operating Expenses
(In Thousands)**

College operating expenses increased by \$2.6 million due primarily to increases in expenses for materials and supplies and an increase in scholarships and waivers. The increase in materials and supplies expense included non-capitalizable repairs, software purchases and the purchase of supplies related to the pandemic. These increases were partially offset by a decrease in personnel services, also related to the pandemic.

Nonoperating Revenues and Expenses

Certain revenue sources that the College relies on to provide funding for operations, including State noncapital appropriations, Federal and State student financial aid, certain gifts and grants, and investment income, are defined by GASB as nonoperating. Nonoperating expenses include capital

financing costs and other costs related to capital assets. The following summarizes the College's nonoperating revenues and expenses for the 2020-21 and 2019-20 fiscal years:

**Nonoperating Revenues (Expenses)
For the Fiscal Years**

(In Thousands)

	2020-21	2019-20
State Noncapital Appropriations	\$ 47,042	\$ 46,198
Federal and State Student Financial Aid	32,077	30,529
Gifts and Grants	11,301	1,325
Investment Income (Loss)	(125)	476
Net Gain on Investments	-	93
Other Nonoperating Revenues	142	1,002
Gain on Disposal of Capital Assets	56	-
Interest on Capital Asset-Related Debt	(176)	(191)
Net Nonoperating Revenues	\$ 90,317	\$ 79,432

Net nonoperating revenues and expenses increased by \$10.9 million, or 13.7 percent. This increase is primarily the result of an increase in gifts and grants reflecting HEERF grants to provide economic relief from the pandemic.

Other Revenues

This category is composed of State capital appropriations and capital grants, contracts, gifts, and fees. The following summarizes the College's other revenues for the 2020-21 and 2019-20 fiscal years:

**Other Revenues
For the Fiscal Years**

(In Thousands)

	2020-21	2019-20
State Capital Appropriations	\$ 4,961	\$ 535
Capital Grants, Contracts, Gifts, and Fees	3,636	3,482
Total	\$ 8,597	\$ 4,017

The increase in other revenues of \$4.6 million, or 114 percent, is the result of an increase in State capital appropriations for construction projects. The College received \$4.5 million in Public Education Capital Outlay (PECO) funds for various projects.

The Statement of Cash Flows

The statement of cash flows provides information about the College's financial results by reporting the major sources and uses of cash and cash equivalents. This statement will assist in evaluating the College's ability to generate net cash flows, its ability to meet its financial obligations as they come due, and its need for external financing. Cash flows from operating activities show the net cash used by the operating activities of the College. Cash flows from capital financing activities include all plant funds and related long-term debt activities. Cash flows from investing activities show the net source and use of

cash related to purchasing or selling investments, and earning income on those investments. Cash flows from noncapital financing activities include those activities not covered in other sections.

The following summarizes the College's cash flows for the 2020-21 and 2019-20 fiscal years:

**Condensed Statement of Cash Flows
For the Fiscal Years
(In Thousands)**

	2020-21	2019-20
Cash Provided (Used) by:		
Operating Activities	\$(89,340)	\$(78,199)
Noncapital Financing Activities	90,286	79,205
Capital and Related Financing Activities	1,022	550
Investing Activities	(122)	605
Net Increase in Cash and Cash Equivalents	1,846	2,161
Cash and Cash Equivalents, Beginning of Year	28,242	26,081
Cash and Cash Equivalents, End of Year	\$ 30,088	\$ 28,242

Major sources of funds came from State noncapital appropriations (\$47 million), Federal and State student financial aid (\$31.8 million), net student tuition and fees (\$22.1 million), Federal Direct Student Loan program receipts (\$15.1 million), and gifts and grants received for other than capital or endowment purposes (\$11.3 million). Major uses of funds were for payments to employees and for employee benefits (\$69.6 million), payments for scholarships (\$22 million), payments to providers of goods and services (\$19.4 million), disbursements to students for the Federal Direct Student Loans (\$15.1 million), and purchases of capital assets (\$5.4 million).

Changes in cash and cash equivalents were the result of the following factors:

- Operating activities used \$11.1 million more in cash compared to the prior fiscal year. The use of cash is due in part to the timing of the draws of HEERF grants to reimburse the College for lost revenue in the amount of \$4.9 million. The funds were drawn in July 2021. Payments to suppliers increased by \$3.1 million for non-capitalizable repairs, software purchases and purchases of supplies and equipment related to the pandemic. Payments for scholarships increased \$2.3 million due primarily to student grants funded from the HEERF grants.
- Noncapital financing cash flows increased by \$11.1 million primarily due to a \$10 million increase in gifts and grants received for other than capital or endowment purposes provided by funding from the HEERF grants.
- Net cash flows from capital and related financing activities increased by \$0.5 million because of lower cash outflows for purchases of capital assets by \$0.4 million, related to construction projects and offset by a decrease in State capital appropriations of \$1 million.

**CAPITAL ASSETS, CAPITAL EXPENSES AND COMMITMENTS,
AND DEBT ADMINISTRATION**

Capital Assets

At June 30, 2021, the College had \$314.1 million in capital assets, less accumulated depreciation of \$114.3 million, for net capital assets of \$199.7 million. Depreciation charges for the current fiscal year

totaled \$7.8 million. The following table summarizes the College's capital assets, net of accumulated depreciation, at June 30:

Capital Assets, Net at June 30		
(In Thousands)		
	2021	2020
Land	\$ 32,346	\$ 32,526
Construction in Progress	41	3,924
Buildings	162,480	160,005
Other Structures and Improvements	372	823
Furniture, Machinery, and Equipment	1,472	1,448
Assets Under Capital Leases	2,547	1,379
Leasehold Improvements	490	573
Capital Assets, Net	\$199,748	\$200,678

Additional information about the College's capital assets is presented in the notes to financial statements.

Capital Expenses and Commitments

Major capital expenses through June 30, 2021, were incurred on the renovation of the H building for the new Wellness Center and repairs to roofs and envelopes of the S and W buildings on the Sanford/Lake Mary Campus. The College had no major construction commitments at June 30, 2021.

Debt Administration

As of June 30, 2021, the College's long-term debt consisted of \$2.2 million in outstanding bonds payable and \$2.6 million in capital leases payable. Bonds payable had a decrease of \$0.4 million, or 13.9 percent, from the prior fiscal year while capital leases increased \$1.2 million, or 81.8 percent. The following table summarizes the outstanding long-term debt by type for the fiscal years ended June 30:

Long-Term Debt at June 30		
(In Thousands)		
	2021	2020
Bonds Payable	\$ 2,188	\$ 2,540
Capital Lease Payable	2,563	1,410
Total	\$ 4,751	\$ 3,950

The State Board of Education issues capital outlay bonds on behalf of the College. During the 2020-21 fiscal year, there were no bond sales and debt repayments totaled \$0.4 million.

The College also entered into capital leases totaling \$1.8 million for upgrades of the core network and Wi-Fi infrastructure and installation of security cameras. Additional information about the College's long-term debt is presented in the notes to financial statements.

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

The College's economic condition is closely tied to that of the State of Florida. Because of uncertain economic growth due to the coronavirus pandemic and evolving variants and increased competition for State resources, only a modest increase in State funding is anticipated in the 2021-22 fiscal year.

Despite increasing economic pressures, such as a very competitive labor market and supply chain inflation, College Administration did not recommend an increase in student tuition and statutory local fees to the District Board of Trustees. Due to the financial uncertainty in adjustments to State operating appropriations, the College's current and projected financial and capital plans indicate that the infusion of additional financial resources from Board designated reserves above the 5 percent statutory level and an increase in tuition rates could be necessary to offer new and expand existing programs while continuing to deliver high quality degrees, certificates, and industry credentials that are needed in our community.

In the 2021-22 fiscal year the College expects to maintain enrollment as students seek to enhance job skills, credentials, and degrees due to the COVID-19 pandemic. Also, the College plans to offer additional programs to attract new students and increase retention of students currently enrolled. Therefore, the College anticipates flat full-time equivalent enrollment in the 2021-22 fiscal year.

The College did not receive any PECO Sum-of-the-Digits State appropriations for the critical repair, deferred maintenance, and site improvements on its campus buildings, and infrastructure for the 2021-22 fiscal year. The College received \$0.5 million in PECO State appropriations to complete renovation and roof replacement projects at the Sanford/Lake Mary Campus.

In case of mid-year State operating appropriation reductions and reduced student enrollment, the College has adequate Board designated reserves coupled with budgetary reduction plans, if needed, to enable the College to navigate pandemic related economic issues and continue its educational mission. Additionally, the College was awarded \$51.7 million in Federal Coronavirus Response and Relief Supplemental Appropriations Act (HEERF II) and American Rescue Plan (HEERF III) funds which will continue to assist students in the form of emergency grant aid and also assist in replacing lost revenue, enhancing online learning and student support initiatives, certain technology needs, and address campus health and safety protocols as a result of the coronavirus pandemic so that all campuses can reopen safely for students and staff.

REQUESTS FOR INFORMATION

Questions concerning information provided in the MD&A or other required supplementary information, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Vice President, Business Operations/Chief Financial Officer, Seminole State College of Florida, 100 Weldon Boulevard, Sanford, Florida 32773.

**SUPPLEMENTAL DISCLOSURE OF NONCASH CAPITAL
FINANCING ACTIVITIES**

The College entered into a capital lease purchase for the acquisition of networking equipment. The new debt and capital assets related to the capital lease purchase were recorded as an increase in long-term debt and capital assets on the statement of net position, but are not cash transactions for the statement of cash flows.

\$ 1,840,679

The accompanying notes to financial statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Reporting Entity. The governing body of Seminole State College of Florida, a component unit of the State of Florida, is the College Board of Trustees. The Board of Trustees constitutes a corporation and is composed of five members appointed by the Governor and confirmed by the Senate. The Board of Trustees is under the general direction and control of the Florida Department of Education, Division of Florida Colleges, and is governed by State law and State Board of Education (SBE) rules. However, the Board of Trustees is directly responsible for the day-to-day operations and control of the College within the framework of applicable State laws and SBE rules. The College serves Seminole County.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the Board of Trustees is financially accountable and other organizations for which the nature and significance of their relationship with the Board of Trustees are such that exclusion would cause the College's financial statements to be misleading. Based on the application of these criteria, the College is a component unit of the State of Florida, and its financial balances and activities are reported in the State's Annual Comprehensive Financial Report by discrete presentation.

Discretely Presented Component Unit. Based on the application of the criteria for determining component units, the Foundation for Seminole State College of Florida, Inc. (Foundation), a legally separate entity, is included within the College's reporting entity as a discretely presented component unit and is governed by a separate board.

The Foundation is also a direct-support organization, as defined in Section 1004.70, Florida Statutes, and although legally separate from the College, is financially accountable to the College. The Foundation is managed independently, outside the College's budgeting process, and its powers generally are vested in a governing board pursuant to various State statutes. The Foundation receives, holds, invests, and administers property, and makes expenditures to or for the benefit of the College.

The Foundation is audited by other auditors pursuant to Section 1004.70(6), Florida Statutes. The Foundation's audited financial statements are available to the public and can be obtained from the Vice President of Resource and Economic Development and Foundation Executive Director, Seminole State College of Florida Foundation, Inc., 1055 AAA Drive, Heathrow, Florida 32746. The financial data reported on the accompanying financial statements was derived from the Foundation's audited financial statements for the fiscal year ended June 30, 2021.

Basis of Presentation. The College's accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by GASB. The National Association of College and University Business Officers (NACUBO) also provides the College with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB and the Financial Accounting Standards Board (FASB). GASB allows public colleges various reporting options. The College has elected to report as an entity engaged in only

business-type activities. This election requires the adoption of the accrual basis of accounting and entitywide reporting including the following components:

- Management's Discussion and Analysis
- Basic Financial Statements:
 - Statement of Net Position
 - Statement of Revenues, Expenses, and Changes in Net Position
 - Statement of Cash Flows
 - Notes to Financial Statements
- Other Required Supplementary Information

Measurement Focus and Basis of Accounting. Basis of accounting refers to when revenues, expenses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The College's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met. The College follows GASB standards of accounting and financial reporting.

The College's component unit uses the economic resources measurement focus and the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred, and follows GASB standards of accounting and financial reporting.

Significant interdepartmental sales between auxiliary service departments and other institutional departments have been accounted for as reductions of expenses and not revenues of those departments.

The College's principal operating activity is instruction. Operating revenues and expenses generally include all fiscal transactions directly related to instruction as well as administration, academic support, student services, physical plant operations, and depreciation of capital assets. Nonoperating revenues include State noncapital appropriations, Federal and State student financial aid, and investment income (net of unrealized gains or losses on investments). Interest on capital asset-related debt is a nonoperating expense. Other revenues generally include revenues for capital construction projects.

The statement of net position is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, it is the College's policy to first apply the restricted resources to such programs followed by the use of the unrestricted resources.

The statement of revenues, expenses, and changes in net position is presented by major sources and is reported net of tuition scholarship allowances. Tuition scholarship allowances are the difference between

the stated charge for goods and services provided by the College and the amount that is actually paid by the student or the third party making payment on behalf of the student. The College determines its scholarship allowance by identifying those student transactions where the student's classes were paid by an applicable financial aid resource. To the extent that these resources are used to pay student charges, the College records a scholarship allowance against tuition and fees revenues.

The statement of cash flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

Cash and Cash Equivalents. The amount reported as cash and cash equivalents consists of cash on hand, cash in demand accounts, cash placed with the State Treasury Special Purpose Investment Account (SPIA), and cash in a money market account. For reporting cash flows, the College considers all highly liquid investments with original maturities of 3 months or less, that are not held solely for income or profit, to be cash equivalents. Under this definition, the College considers amounts invested in the State Treasury SPIA investment pool to be cash equivalents.

College cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets are classified as restricted.

At June 30, 2021, the College reported as cash equivalents at fair value \$4,855,428 in the State Treasury SPIA investment pool representing ownership of a share of the pool, not the underlying securities (Level 3 inputs, as discussed in Note 3.). Pooled investments with the State Treasury are not registered with the Securities and Exchange Commission. Oversight of the pooled investments with the State Treasury is provided by the Treasury Investment Committee per Section 17.575, Florida Statutes. The authorized investment types are set forth in Section 17.57, Florida Statutes. The State Treasury SPIA investment pool carried a credit rating of AA-f by Standard & Poor's, had an effective duration of 2.6 years and fair value factor of 0.984 at June 30, 2021. Participants contribute to the State Treasury SPIA investment pool on a dollar basis. These funds are commingled and a fair value of the pool is determined from the individual values of the securities. The fair value of the securities is summed and a total pool fair value is determined. A fair value factor is calculated by dividing the pool's total fair value by the pool participant's total cash balance. The fair value factor is the ratio used to determine the fair value of an individual participant's pool balance. The College relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury SPIA investment pool are included in the notes to financial statements of the State's Annual Comprehensive Financial Report.

At June 30, 2021, the College also reported as cash equivalents at fair value \$5,299,844 in a money market account. The funds invested in the money market account carried a credit rating of AAAM by Standard & Poor's. As of June 30, 2021, there were no redemption fees or maximum transaction

amounts, or any other requirements that serve to limit the College's daily access to 100 percent of the account value.

Capital Assets. College capital assets consist of land, construction in progress, buildings, other structures and improvements, furniture, machinery, and equipment, assets under capital leases, and leasehold improvements. These assets are capitalized and recorded at cost at the date of acquisition or at acquisition value at the date received in the case of gifts and purchases of State surplus property. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The College has a capitalization threshold of \$5,000 for tangible personal property and \$65,000 for buildings and other structures and improvements. Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings – 40 years
- Other Structures and Improvements – 10 years
- Furniture, Machinery, and Equipment:
 - Computer Equipment – 3 years
 - Vehicles, Office Machines, and Educational Equipment – 5 years
 - Furniture – 7 years
- Assets Under Capital Leases – 5 years
- Leasehold Improvements – 10 to 40 years

Noncurrent Liabilities. Noncurrent liabilities include bonds payable, capital leases payable, compensated absences payable, other postemployment benefits payable, and net pension liabilities that are not scheduled to be paid within the next fiscal year.

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and HIS fiduciary net positions have been determined on the same basis as they are reported by the FRS and the HIS plans. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

2. Deficit Net Position in Individual Funds

The College reported an unrestricted net position which included a deficit in the current funds - unrestricted, as shown below. This deficit can be attributed to the full recognition of long-term liabilities (i.e., compensated absences payable, other postemployment benefits payable, and net pension liabilities) in the current unrestricted funds.

<u>Fund</u>	<u>Net Position</u>
Current Funds - Unrestricted	\$ (39,135,299)
Auxiliary Funds	5,804,360
Total	\$ (33,330,939)

3. Investments

The Board of Trustees has adopted a written investment policy providing that surplus funds of the College shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Section 218.415(16), Florida Statutes, authorizes the College to invest in the Florida PRIME investment pool administered by the State Board of Administration (SBA); Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits and savings accounts in qualified public depositories, as defined by Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; and other investments approved by the Board of Trustees as authorized by law. SBE Rule 6A-14.0765(3), Florida Administrative Code, provides that College loan, endowment, annuity, and life income funds may also be invested pursuant to Section 215.47, Florida Statutes. Investments authorized by Section 215.47, Florida Statutes, include bonds, notes, commercial paper, and various other types of investments.

Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

Fair Value Measurement. The College categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

State Board of Administration Debt Service Accounts. The College reported investments totaling \$10,359 at June 30, 2021, in the SBA Debt Service Accounts. These investments are used to make debt service payments on bonds issued by the SBE for the benefit of the College. The College's investments consist of United States Treasury securities, with maturity dates of 6 months or less, and are reported at fair value (Level 1 inputs). The College relies on policies developed by the SBA for managing interest rate risk and credit risk for these accounts. Disclosures for the Debt Service Accounts are included in the notes to financial statements of the State's Annual Comprehensive Financial Report.

Component Unit Investments. Investments of the Foundation consist of corporate bonds, United States Treasury Bonds, foreign bonds, United States mortgage-backed securities, mutual funds, and domestic and international equities. Investments held by the Foundation at June 30, 2021, are reported at fair value as follows:

<u>Investment</u>	<u>Average Maturity</u>	<u>Credit Quality Rating</u>	<u>Fair Value</u>
Corporate Bonds	5.41 years	AAA - Baa3	\$ 4,547,428
United States Treasury Bonds	10.28 years	AAA - AA+	1,138,184
Foreign Bonds	3.92 years	A3 - Baa3	283,497
United States Mortgage-Backed Securities	21.24 years	AAA - AA+	1,097,165
Mutual Funds	N/A	(1)	7,541,434
Domestic Equities	N/A	(1)	9,984,720
International Equities	N/A	(1)	3,241,567
Total Foundation Investments			\$ 27,833,995

(1) Disclosure of interest rate risk, maturity date, and credit quality rating is not applicable to this investment type.

The following table presents the levels within the fair value hierarchy in which the Foundation's financial instruments are measured at June 30, 2021.

Investments by fair value level	Amount	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest-sensitive investments:				
Corporate Bonds	\$ 4,547,428	\$ -	\$ 4,547,428	\$ -
United States Treasury Bonds	1,138,184	1,138,184	-	-
Foreign Bonds	283,497	-	283,497	-
Total interest-sensitive investments	5,969,109	1,138,184	4,830,925	-
Alternative Investments:				
United States Mortgage-Backed Securities	1,097,165	-	1,097,165	-
Total alternative investments	1,097,165	-	1,097,165	-
Equity Investments:				
Mutual Funds	7,541,434	7,541,434	-	-
Domestic Equities	9,984,720	9,984,720	-	-
International Equities	3,241,567	3,241,567	-	-
Total equity investments	20,767,721	20,767,721	-	-
Total investments measured at fair value	\$ 27,833,995	\$ 21,905,905	\$ 5,928,090	\$ -

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following are descriptions of the valuation methodologies used for investments measured at fair value.

Common Stocks (Equities): Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Funds valued at daily closing price as reported by the fund. Mutual funds held by the Foundation are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Foundation are deemed to be actively traded.

Bonds (Corporate, United States Treasury, and Foreign): Valued using pricing models maximizing the use of observable inputs for the same or similar securities. This includes basing values on yields currently available on comparable securities of issuers with the same or similar credit ratings.

United States Mortgage-Backed Securities: Funds valued using pricing models maximizing the use of observable inputs for similar securities.

Generally, the goals of the Foundation's investment program for endowments are set forth in the investment policy as approved by the Foundation's Board of Directors and Finance Committee. The objective is to provide a steady growing income stream to support the Foundation's mission while providing sufficient reinvestment to protect the endowment from inflation. For investments of endowed funds, except Title III funds, the investment policy includes target allocations of 55 percent equities, with a maximum of 70 percent, (up to 70 percent and 25 percent, of the total managed portfolio can be domestic and international) respectively, a target allocation of 30 percent fixed income, with a maximum of 85 percent, and a target allocation of 15 percent alternative investments, with a maximum of 25 percent. For investments of non-endowed funds, the investment policy includes target allocations of 25 percent equities, with a maximum of 45 percent (up to 30 percent and 15 percent, of the total managed portfolio can be domestic and international) respectively, a target allocation of 75 percent fixed income, with a maximum of 100 percent, and a target allocation of zero percent alternative investments, with a maximum of 5 percent. For Title III endowed funds, the investment policy includes target allocations of 80 percent fixed income, with a minimum of 70 percent and maximum of 100 percent, a target allocation of 20 percent equities with a minimum of zero percent and maximum of 30 percent.

In 2017, the Foundation received a contribution in the form of an investment portfolio endowment. The objective is to maximize investment returns with a primary focus on income generation from equity securities while maintaining prudent levels of risk to meet those objectives. Investments and earnings in this portfolio are subject to certain investment policies as stipulated by the donor. The investment policy includes a total target allocation of 95 percent equities, with an allowable range of 0 to 100 percent as defined (at least 50 percent of the total managed portfolio must be domestic equities), a target allocation of 5 percent cash equivalents or certificates of deposit, with an allowable range of 0 to 30 percent, and allowable ranges for various other security types, as defined, of zero percent to a maximum of 30 percent, as defined.

Management believes the Foundation is in compliance with its investment policy for the fiscal year ended June 30, 2021.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates of debt instruments will adversely affect the fair value of an investment. The Foundation's investment policy provides guidelines such as duration maximums and collateralization requirements to reduce its interest rate risk.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The table above summarizes the ratings of Foundation debt instruments using the higher of Standard & Poor's or Moody's nationally recognized statistical rating organizations. The Foundation's

investment policy requires investment grade bonds and commercial papers to be rated B+ and A1 or better, respectively.

Custodial Credit Risk: The Florida Security for Public Deposits Act (Act) establishes guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements, and characteristics of eligible collateral. Under the Act, Foundation deposits in qualified public depositories are fully insured. The qualified public depository must pledge at least 50 percent of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance. Additional collateral, up to a maximum of 125 percent, may be required, if deemed necessary under the conditions set forth in the Act. Obligations pledged to secure deposits must be delivered to the State Treasurer, or with the approval of the State Treasurer, to a bank, savings association, or trust company provided a power of attorney is delivered to the State Treasurer.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. The Foundation's investment policy requires diversification of investments sufficient to reduce the potential of a single security, single sector of securities, or single style of management having a disproportionate or significant impact on the portfolio. No more than 5 percent of Foundation investments can be invested with a single company and no more than 30 percent of investments can be in one equity industry.

Foreign Currency Risk: Foreign currency risk is the risk that changes in exchange rates between the U.S. dollar and foreign currencies will adversely affect the fair value of an investment. The Foundation had approximately \$283,000 in foreign fixed-income bonds at June 30, 2021.

4. Accounts Receivable

Accounts receivable represent amounts for student fee deferments, various student services provided by the College, uncollected commissions for bookstore, payroll receivables, and contract and grant reimbursements due from third parties. The accounts receivable are reported net of a \$1,039,346 allowance for doubtful accounts.

5. Due From Other Governmental Agencies

The amount due from other governmental agencies consists of \$7,878,194 due from Federal, State, and local agencies for grants, student fees or other contractual obligations.

6. Due From and To Component Unit/College

The \$302,997 reported as due from component unit consists of amounts owed to the College by the Foundation for scholarships, student aid, and other contractual obligations.

7. Capital Assets

Capital assets activity for the fiscal year ended June 30, 2021, is shown in the following table:

<u>Description</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>
Nondepreciable Capital Assets:				
Land	\$ 32,526,430	\$ -	\$ 180,000	\$ 32,346,430
Construction in Progress	3,923,698	4,436,521	8,319,542	40,677
Total Nondepreciable Capital Assets	\$ 36,450,128	\$ 4,436,521	\$ 8,499,542	\$ 32,387,107
Depreciable Capital Assets:				
Buildings	\$ 235,042,647	\$ 8,319,543	\$ 1,865,229	\$ 241,496,961
Other Structures and Improvements	17,085,497	15,888	-	17,101,385
Furniture, Machinery, and Equipment	11,802,016	867,029	444,388	12,224,657
Leasehold Improvements	3,922,135	-	-	3,922,135
Assets Under Capital Leases	1,519,302	1,840,679	-	3,359,981
Computer Software	3,595,938	-	-	3,595,938
Total Depreciable Capital Assets	272,967,535	11,043,139	2,309,617	281,701,057
Less, Accumulated Depreciation:				
Buildings	75,037,831	5,750,814	1,771,967	79,016,678
Other Structures and Improvements	16,262,582	467,242	-	16,729,824
Furniture, Machinery, and Equipment	10,354,422	842,826	444,388	10,752,860
Leasehold Improvements	3,348,616	83,171	-	3,431,787
Assets Under Capital Leases	140,729	672,025	-	812,754
Computer Software	3,595,938	-	-	3,595,938
Total Accumulated Depreciation	108,740,118	7,816,078	2,216,355	114,339,841
Total Depreciable Capital Assets, Net	\$ 164,227,417	\$ 3,227,061	\$ 93,262	\$ 167,361,216

Component Unit Capital Assets

Foundation capital assets activity for the fiscal year ended June 30, 2021, is shown in the following table:

<u>Description</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Reclassifications</u>	<u>Ending Balance</u>
Nondepreciable Capital Assets:					
Land	\$ 3,328,049	\$ -	\$ -	\$ (1,855,878)	\$ 1,472,171
Depreciable Capital Assets:					
Buildings and Improvements	2,244,122	-	429,078	(1,815,044)	-
Less, Accumulated Depreciation:					
Buildings and Improvements	467,118	103,804	-	(570,922)	-
Total Depreciable Capital Assets, Net	\$ 1,777,004	\$ (103,804)	\$ 429,078	\$ (1,244,122)	\$ -
Capital Assets Held for Sale:					
Land	\$ -	\$ -	\$ -	\$ 1,855,878	\$ 1,855,878
Buildings and Improvements	-	-	-	1,244,122	1,244,122
Total Capital Assets Held for Sale	\$ -	\$ -	\$ -	\$ 3,100,000	\$ 3,100,000

8. Unearned Revenue

Unearned revenue at June 30, 2021, in the amount of \$2,159,091 consists primarily of student tuition and fees invoiced prior to fiscal year end related to subsequent accounting periods.

9. Long-Term Liabilities

Long-term liabilities activity for the fiscal year ended June 30, 2021, is shown in the following table:

<u>Description</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Bonds Payable	\$ 2,540,000	\$ -	\$ 352,000	\$ 2,188,000	\$ 356,000
Capital Leases Payable	1,409,954	1,840,679	687,454	2,563,179	644,073
Compensated Absences Payable	7,007,175	617,842	456,070	7,168,947	197,376
Other Postemployment Benefits Payable	1,957,086	281,356	44,112	2,194,330	58,181
Net Pension Liability	46,834,590	27,562,843	19,092,997	55,304,436	156,148
Total Long-Term Liabilities	\$59,748,805	\$30,302,720	\$20,632,633	\$69,418,892	\$ 1,411,778

Bonds Payable. Various bonds were issued to finance capital outlay projects of the College. The following is a description of the bonded debt issues:

- **SBE Capital Outlay Bonds.** The SBE issues capital outlay bonds on behalf of the College. These bonds mature serially and are secured by a pledge of the College's portion of the State-assessed motor vehicle license tax and by the State's full faith and credit. The SBE and the SBA administer the principal and interest payments, investment of debt service resources, and compliance with reserve requirements.
- **Capital Improvement Revenue Bonds, Series 2018A.** These bonds are authorized by Article VII, Section 11(d) of the Florida Constitution; Sections 215.57 through 215.83 and 1009.23, Florida Statutes; and other applicable provisions of law. Principal and interest on these bonds are secured by and payable solely from a first lien pledge of the capital improvement fees collected pursuant to Sections 1009.22(6) and 1009.23(11), Florida Statutes, by the Series 2018A participating colleges on a parity with any additional bonds issued subsequent to the issuance of the Series 2018A bonds. The Series 2018A bonds were issued for the purpose of refunding certain of the outstanding Series 2006A and Series 2008A bonds. Upon the issuance of additional bonds, all bonds will share a parity first lien on the pledged revenues of all colleges participating in any series of bonds then outstanding. The Series 2018A bonds will share the lien of such additional bonds on the Series 2018A pledged revenues and on the revenues pledged by the colleges participating in such additional bonds. The bonds were issued for new construction and renovation and remodeling of educational facilities.

The College had the following bonds payable at June 30, 2021:

<u>Bond Type</u>	<u>Amount Outstanding</u>	<u>Interest Rates (Percent)</u>	<u>Annual Maturity To</u>
SBE Capital Outlay Bonds:			
Series 2017A	\$ 381,000	5.0	2026
Series 2020A	32,000	5.0	2022
Florida Department of Education Capital Improvement Revenue Bonds:			
Series 2018A	<u>1,775,000</u>	5.0	2027
Total	<u>\$ 2,188,000</u>		

Annual requirements to amortize all bonded debt outstanding as of June 30, 2021, are as follows:

<u>Fiscal Year Ending June 30</u>	<u>SBE Capital Outlay Bonds and Capital Improvement Revenue Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 356,000	\$ 109,400	\$ 465,400
2023	344,000	91,600	435,600
2024	366,000	74,400	440,400
2025	382,000	56,100	438,100
2026	410,000	37,000	447,000
2027	<u>330,000</u>	<u>16,500</u>	<u>346,500</u>
Total	<u>\$ 2,188,000</u>	<u>\$ 385,000</u>	<u>\$ 2,573,000</u>

Capital Leases Payable. Network and telephone equipment in the amount of \$3,359,981 is being acquired under capital lease agreements. Stated interest rates for two leases are 4.132 percent and 4.0703 percent, and one lease has an imputed interest rate of 2.906 percent. Future minimum payments under the capital lease agreements and the present value of the minimum payments as of June 30, 2021, are as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 736,570
2023	736,570
2024	736,570
2025	<u>580,461</u>
Total Minimum Payments	2,790,171
Less, Amount Representing Interest	<u>226,992</u>
Present Value of Minimum Payments	<u>\$ 2,563,179</u>

Compensated Absences Payable. College employees may accrue annual and sick leave based on length of service, subject to certain limitations regarding the amount that will be paid upon termination. The College reports a liability for the accrued leave; however, State noncapital appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the College expects

the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. At June 30, 2021, the estimated liability for compensated absences, which includes the College's share of the Florida Retirement System and FICA contributions, totaled \$7,168,947. The current portion of the compensated absences liability, \$197,376, is the amount expected to be paid in the coming fiscal year and represents a historical percentage of leave used applied to total accrued leave liability.

Other Postemployment Benefits Payable. The College follows GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for other postemployment benefits administered by the Florida College System Risk Management Consortium (Consortium).

General Information about the OPEB Plan

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the Consortium that provides OPEB for all employees who satisfy the College's retirement eligibility provisions. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the College are eligible to participate in the College's health and life insurance benefits. The College subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. The College does not offer any explicit subsidies for retiree coverage. Retirees are required to enroll in the Federal Medicare (Medicare) program for their primary coverage as soon as they are eligible. The OPEB Plan contribution requirements and benefit terms of the College and the OPEB Plan members are established and may be amended by action from the Board. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided. The OPEB Plan provides healthcare benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above.

Employees Covered by Benefit Terms. At June 30, 2019, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	58
Active Employees	739
Total	<u>797</u>

Total OPEB Liability

The College's total OPEB liability of \$2,194,330 was measured as of June 30, 2020, and was determined by an actuarial valuation as of June 30, 2019.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.40 percent
Real wage growth	0.85 percent
Wage inflation	3.25 percent
Salary increases, including wage inflation	
Regular Employees	3.40 percent – 7.80 percent
Senior Management	4.10 percent – 8.20 percent
Healthcare cost trend rates	
Pre-Medicare	7.00 percent for 2019, decreasing to an ultimate rate of 4.60 percent by 2026
Medicare	5.00 percent for 2019 decreasing to an ultimate rate of 4.60 percent by 2021
Benefit-related costs	100 percent of projected health insurance premiums for retirees

The discount rate was based on the Bond Buyer General Obligation 20-year Municipal Bond Index.

Mortality rates were based on the PUB-2010 mortality tables, with adjustments for FRS experience and generational mortality improvements using Scale MP-2018.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018, adopted by FRS.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2019, valuation were based on a review of recent plan experience performed concurrently with the June 30, 2019, valuation.

Changes in the Total OPEB Liability

	Amount
Balance at 6/30/20	<u>\$ 1,957,086</u>
Changes for the year:	
Service Cost	140,655
Interest	72,656
Changes in Assumptions or Other Inputs	68,045
Benefit Payments	<u>(44,112)</u>
Net Changes	<u>237,244</u>
Balance at 6/30/21	<u><u>\$ 2,194,330</u></u>

Changes of assumptions and other inputs reflect a change in the discount rate from 3.50 percent in 2019 to 2.21 percent in 2020 due to a change in the Municipal Bond Rate.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following table presents the total OPEB liability of the College, as well as what the College's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.21 percent) or 1 percentage point higher (3.21 percent) than the current rate:

	<u>1% Decrease (1.21%)</u>	<u>Current Discount Rate (2.21%)</u>	<u>1% Increase (3.21%)</u>
Total OPEB liability	\$2,536,109	\$2,194,330	\$1,917,910

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following table presents the total OPEB liability of the College, as well as what the College's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
Total OPEB liability	\$1,813,204	\$2,194,330	\$2,697,223

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2021, the College recognized OPEB expense of \$87,365. At June 30, 2021, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 384,000
Change of assumptions or other inputs	68,631	157,174
College OPEB payments subsequent to the measurement date	58,182	-
Total	<u>\$ 126,813</u>	<u>\$ 541,174</u>

Of the total amount reported as deferred outflows of resources related to OPEB, \$58,182 resulting from benefits paid subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the total OPEB liability in the year ended June 30, 2022.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ (67,765)
2023	(67,765)
2024	(67,765)
2025	(67,765)
2026	(67,765)
Thereafter	(133,718)
Total	<u>\$ (472,543)</u>

Net Pension Liability. As a participating employer in the Florida Retirement System (FRS), the College recognizes its proportionate share of the collective net pension liabilities of the FRS cost-sharing multiple-employer defined benefit plans. As of June 30, 2021, the College's proportionate share of the net pension liabilities totaled \$55,304,436. Note 10. includes a complete discussion of defined benefit pension plans.

10. Retirement Plans – Defined Benefit Pension Plans

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 121, Florida Statutes, also provides for nonintegrated, optional retirement programs in lieu of the FRS to certain members of the Senior Management Service Class employed by the State and faculty and specified employees of State colleges. Chapter 112, Florida Statutes, established the HIS Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the College are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The College's FRS and HIS pension expense totaled \$9,138,359 for the fiscal year ended June 30, 2021.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of creditable service. All members enrolled in the Plan on or after July 1, 2011, once vested,

are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS-participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on retirement plan and/or the class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Senior Management Service Class	2.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit

by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2020-21 fiscal year were:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00	10.00
FRS, Senior Management Service	3.00	27.29
Deferred Retirement Option Program (applicable to members from all of the above classes)	0.00	16.98
FRS, Reemployed Retiree	(2)	(2)

(1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

The College's contributions to the Plan totaled \$3,596,786 for the fiscal year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the College reported a liability of \$40,326,226 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The College's proportionate share of the net pension liability was based on the College's 2019-20 fiscal year contributions relative to the total 2019-20 fiscal year contributions of all participating members. At June 30, 2020, the College's proportionate share was 0.093043043 percent, which was a decrease of 0.001833686 from its proportionate share measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the College recognized pension expense of \$7,969,310. In addition, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,543,367	\$ -
Change of assumptions	7,300,330	-
Net difference between projected and actual earnings on FRS Plan investments	2,401,062	-
Changes in proportion and differences between College FRS contributions and proportionate share of contributions	318,439	624,391
College FRS contributions subsequent to the measurement date	3,596,786	-
Total	\$ 15,159,984	\$ 624,391

The deferred outflows of resources totaling \$3,596,786, resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 2,210,729
2023	3,586,027
2024	3,047,829
2025	1,758,548
2026	335,674
Total	\$ 10,938,807

Actuarial Assumptions. The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	6.80 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	2.2%	2.2%	1.2%
Fixed Income	19.0%	3.0%	2.9%	3.5%
Global Equity	54.2%	8.0%	6.7%	17.1%
Real Estate (Property)	10.3%	6.4%	5.8%	11.7%
Private Equity	11.1%	10.8%	8.1%	25.7%
Strategic Investments	4.4%	5.5%	5.3%	6.9%
Total	100.0%			
Assumed inflation - Mean			2.4%	1.7%

(1) As outlined in the Plan's investment policy.

Discount Rate. The discount rate used to measure the total pension liability was 6.80 percent. The Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2020 valuation was updated from 6.90 percent to 6.80 percent.

Sensitivity of the College’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the College’s proportionate share of the net pension liability calculated using the discount rate of 6.80 percent, as well as what the College’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.80 percent) or 1 percentage point higher (7.80 percent) than the current rate:

	1% Decrease (5.80%)	Current Discount Rate (6.80%)	1% Increase (7.80%)
College’s proportionate share of the net pension liability	\$64,394,541	\$40,326,226	\$20,224,545

Pension Plan Fiduciary Net Position. Detailed information about the Plan’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2021, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The College contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The College’s contributions to the HIS Plan totaled \$651,352 for the fiscal year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the College reported a net pension liability of \$14,978,210 for its proportionate share of the net pension liability. The current portion of the net pension liability is the College's proportionate share of benefit payments expected to be paid within 1 year, net of the College's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The College's proportionate share of the net pension liability was based on the College's 2019-20 fiscal year contributions relative to the total 2019-20 fiscal year contributions of all participating members. At June 30, 2020, the College's proportionate share was 0.122673302 percent, which was a decrease of 0.003882831 from its proportionate share measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the College recognized pension expense of \$1,169,049. In addition, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 612,700	\$ 11,554
Change of assumptions	1,610,584	870,925
Net difference between projected and actual earnings on HIS Plan investments	11,958	-
Changes in proportion and differences between College HIS contributions and proportionate share of HIS contributions	461,812	543,017
College contributions subsequent to the measurement date	651,352	-
Total	<u>\$ 3,348,406</u>	<u>\$ 1,425,496</u>

The deferred outflows of resources totaling \$651,352, resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 323,635
2023	318,092
2024	114,954
2025	189,596
2026	187,721
Thereafter	137,560
Total	<u>\$ 1,271,558</u>

Actuarial Assumptions. The total pension liability at July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Municipal bond rate	2.21 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018. This is a change from the prior year mortality assumption which was based on the Generational RP-2000 with Projection Scale BB tables.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 2.21 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate used in the 2020 valuation was updated from 3.50 percent to 2.21 percent.

Sensitivity of the College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the College's proportionate share of the net pension liability calculated using the discount rate of 2.21 percent, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.21 percent) or 1 percentage point higher (3.21 percent) than the current rate:

	<u>1% Decrease (1.21%)</u>	<u>Current Discount Rate (2.21%)</u>	<u>1% Increase (3.21%)</u>
College's proportionate share of the net pension liability	\$17,314,143	\$14,978,210	\$13,066,257

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan. At June 30, 2021, the College reported a payable of \$156,148 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2021.

11. Retirement Plans – Defined Contribution Pension Plans

FRS Investment Plan. The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. College employees already participating in the State College System Optional Retirement Program or DROP are not eligible to participate in the Investment Plan. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contributions rates, that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2020-21 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	6.30
FRS, Senior Management Service	7.67

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2021, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the College.

After termination and applying to receive benefits, the member may roll over vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The College's Investment Plan pension expense totaled \$1,356,499 for the fiscal year ended June 30, 2021.

State College System Optional Retirement Program. Section 1012.875, Florida Statutes, provides for an Optional Retirement Program (Program) for eligible college instructors and administrators. The

Program is designed to aid colleges in recruiting employees by offering more portability to employees not expected to remain in the FRS for 8 or more years.

The Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Employees in eligible positions can make an irrevocable election to participate in the Program, rather than the FRS, and purchase retirement and death benefits through contracts provided by certain insurance carriers. The employing college contributes 5.15 percent of the participant's salary to the participant's account, 3.44 percent to cover the unfunded actuarial liability of the FRS pension plan, for a total of 8.59 percent, and employees contribute 3 percent of the employee's salary. Additionally, the employee may contribute, by payroll deduction, an amount not to exceed the percentage contributed by the college to the participant's annuity account. The contributions are invested in the company or companies selected by the participant to create a fund for the purchase of annuities at retirement.

The College's contributions to the Program totaled \$242,970 and employee contributions totaled \$141,536 for the 2020-21 fiscal year.

Senior Management Service Local Annuity Program. Section 121.055(1)(b)2., Florida Statutes, and Florida Retirement System Rule 60S-1.0057, Florida Administrative Code, provide that local agency employees eligible for the FRS, Senior Management Service Class, may elect to withdraw from the FRS altogether and participate in a local annuity program. Pursuant thereto, the College established the Senior Management Service Class Local Annuity Program (Local Annuity Program). Employees in eligible positions are allowed to make an irrevocable election to participate in the Local Annuity Program, rather than the FRS.

The Local Annuity Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the employee. The College contributes 12.49 percent of the employee's salary to the Local Annuity Program. Employees may make contributions toward the Local Annuity Program by way of salary reduction or by deduction of a percentage of the employee's gross compensation not to exceed the percentage contributed by the employer.

The College's contributions to the Local Annuity Program totaled \$41,905 and there were no employee contributions for the 2020-21 fiscal year.

12. Operating Lease Commitments

Leased assets and the related commitments are not reported on the College's statement of net position. Operating lease payments are recorded as expenses when paid or incurred. Outstanding commitments resulting from these lease agreements are contingent upon future appropriations. The College has the following operating lease commitments:

- Land utilized for a Public Safety Training Center is leased under an operating lease that expires in 2052. Lease payments total \$1 annually beginning in the 2014-15 fiscal year until the expiration of the lease term.
- Computers and related equipment are leased under operating leases. These leases are for 4 and 5 years and the equipment is returned to the lessor upon expiration of the lease.

- College vehicles, primarily used by the maintenance department and security department, are leased for 5 years under an operating lease that began in the 2018-19 fiscal year.
- The College entered into a 5-year lease for multi-function printers that commenced in June 2020.

Future minimum lease commitments for these noncancelable operating leases are as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 1,347,886
2023	1,006,828
2024	765,117
2025	116,173
2026	25,302
Total Minimum Payments Required	\$ 3,261,306

13. Risk Management Programs

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College provided coverage for these risks primarily through the Florida College System Risk Management Consortium (Consortium), which was created under authority of Section 1001.64(27), Florida Statutes, by the boards of trustees of the Florida public colleges for the purpose of joining a cooperative effort to develop, implement, and participate in a coordinated Statewide college risk management program. The Consortium is self-sustaining through member assessments (premiums) and purchases excess insurance through commercial companies for claims in excess of specified amounts. Excess insurance from commercial companies provided coverage of up to \$110 million to February 28, 2021, and up to \$100 million from March 1, 2021, for property insurance. Insurance coverage obtained through the Consortium included fire and extended property, general and automobile liability, workers’ compensation, health, life, and other liability coverage. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past 3 fiscal years.

14. Functional Distribution of Operating Expenses

The functional classification of an operating expense (instruction, academic support, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of an academic department for which the primary departmental function is instruction may include some activities other than direct instruction such as public service. However, when the primary mission of the department consists of instructional program elements, all expenses of the department are reported under the instruction classification. The operating expenses on the statement of revenues, expenses, and changes in net position are presented by natural classifications. The following are those same expenses presented in functional classifications as recommended by NACUBO:

<u>Functional Classification</u>	<u>Amount</u>
Instruction	\$ 37,759,653
Academic Support	9,489,134
Student Services	10,457,894
Institutional Support	27,135,858
Operation and Maintenance of Plant	11,456,574
Scholarships and Waivers	22,017,757
Depreciation	7,816,078
Auxiliary Enterprises	531,518
Total Operating Expenses	<u><u>\$ 126,664,466</u></u>

Legislative Auditing Committee

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Seminole State College of Florida, a component unit of the State of Florida, and its discretely presented component unit as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated February 21, 2022, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the discretely presented component unit, as described in our report on the College's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control

that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA
