Report No. 2023-158 March 2023

STATE OF FLORIDA AUDITOR GENERAL

Financial Audit

UNIVERSITY OF NORTH FLORIDA

For the Fiscal Year Ended June 30, 2022

Sherrill F. Norman, CPA Auditor General

Board of Trustees and President

During the 2021-22 fiscal year, Dr. Pamela Chally served as Interim President from September 19, 2021, and Dr. David M. Szymanski served as President of the University of North Florida before that date. The following individuals served as Members of the Board of Trustees:

Kevin E. Hyde, ChairDr. AnnePaul E. McElroy, Vice Chair from 7-15-21 aJohn GolJason BarrettStephen aSelma Besirevic through 4-14-22 bChristophThomas A. BryanNik PatelMajor General Douglas Burnett (Ret.)Nathanielthrough 8-5-21Allison K.Jill Smith DavisDr. John

Dr. Anne T. Egan John Gol Stephen C. Joost through 2-27-22 ° Christopher Lazzara Nik Patel Nathaniel Rodefer from 4-15-22 ^b Allison K. Shelton from 8-6-21 Dr. John White ^d

^a Vice Chair position vacant 7-1-21, through 7-14-21.

- ^b Student Body President.
- ^c Trustee position vacant 2-28-22, through 6-30-22.
- ^d Faculty Association President (equivalent to faculty senate chair referred to in Section 1001.71(1), Florida Statutes).

The Auditor General conducts audits of governmental entities to provide the Legislature, Florida's citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations.

The team leader was Adeyemi Olaogun, CPA, and the audit was supervised by Dennis W. Gay, CPA.

Please address inquiries regarding this report to Jaime N. Hoelscher, CPA, Audit Manager, by e-mail at jaimehoelscher@aud.state.fl.us or by telephone at (850) 412-2868.

Purpose of this Report	

SUMMARY

SUMMARY OF REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our audit disclosed that the basic financial statements of the University of North Florida (a component unit of the State of Florida) were presented fairly, in all material respects, in accordance with prescribed financial reporting standards.

SUMMARY OF REPORT ON INTERNAL CONTROL AND COMPLIANCE

Our audit did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, issued by the Comptroller General of the United States.

AUDIT OBJECTIVES AND SCOPE

Our audit objectives were to obtain reasonable assurance about whether the financial statements as a whole were free from material misstatements, whether due to fraud or error, and to issue an auditor's report that included our opinion. In doing so we:

- Exercised professional judgment and maintained professional skepticism throughout the audit.
- Identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, and designed and performed audit procedures responsive to those risks.
- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control.
- Evaluated the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluated the overall presentation of the financial statements and the Schedules of Receipts and Expenditures City of Jacksonville Grant Funds Budget and Actual.
- Concluded whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.
- Examined various transactions to determine whether they were executed, in both manner and substance, in accordance with governing provisions of laws, rules, regulations, contracts, and grant agreements.

An examination of Federal awards administered by the University is included within the scope of our Statewide audit of Federal awards administered by the State of Florida.

AUDIT METHODOLOGY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and applicable standards contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Sherrill F. Norman, CPA Auditor General

INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the University of North Florida, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of University of North Florida and of its aggregate discretely presented component units as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the blended and aggregate discretely presented component units. The financial statements of the University of North Florida Financing Corporation, a blended component unit, represent 5 percent, 2 percent, 33 percent, and 1 percent, respectively, of the assets, deferred outflows of resources, liabilities, and expenses reported for the University of North Florida. The financial statements of the aggregate discretely presented component units represent 100 percent of the transactions and account balances of the discretely presented component units columns. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the blended and aggregate discretely presented component units, are based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing*

Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 2. to the financial statements, the University adopted new accounting guidance Governmental Accounting Standards Board Statement No. 87, *Leases*, which is a change in accounting principle that addresses accounting and financial reporting for leases. This affects the comparability of amounts reported for the 2021-22 fiscal year with amounts reported for the 2020-21 fiscal year. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that MANAGEMENT'S DISCUSSION AND ANALYSIS, the Schedule of the University's Proportionate Share of the Total Other Postemployment Benefits Liability, Schedule of the University's Proportionate Share of the Net Pension Liability – Florida Retirement System Pension Plan, Schedule of University Contributions - Florida Retirement System Pension Plan, Schedule of the University's Proportionate Share of the Net Pension Liability – Health Insurance Subsidy Pension Plan, Schedule of University Contributions – Health Insurance Subsidy Pension Plan, and Notes to **Required Supplementary Information**, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University of North Florida's basic financial statements. The accompanying **Schedules of Receipts and Expenditures City of Jacksonville Grant Funds – Budget and Actual**, as listed in the table of contents, are presented for purposes of additional analysis as required by the Ordinance Code of the City of Jacksonville (Chapter 118, Part 2) and are not a required part of the basic financial statements.

The Schedules of Receipts and Expenditures City of Jacksonville Grant Funds – Budget and Actual are the responsibility of management and were derived from and relate directly to the underlying

accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the **Schedules of Receipts and Expenditures City of Jacksonville Grant Funds – Budget and Actual** are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2023, on our consideration of the University of North Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS.** The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University of North Florida's internal control over financial reporting and compliance.

Respectfully submitted,

Sherrill F. Norman, CPA Tallahassee, Florida March 22, 2023

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the University for the fiscal year ended June 30, 2022, and should be read in conjunction with the financial statements and notes thereto. The MD&A, and financial statements and notes thereto, are the responsibility of University management. The MD&A contains financial activity of the University for the fiscal years ended June 30, 2021.

FINANCIAL HIGHLIGHTS

The University's assets and deferred outflows of resources totaled \$717 million at June 30, 2022. This balance reflects a \$14.2 million, or 2 percent, increase as compared to the 2020-21 fiscal year, resulting from increases in restricted cash in bank and construction in progress. While assets and deferred outflows of resources grew, liabilities and deferred inflows of resources decreased by \$7.7 million, or 1.6 percent, totaling \$465 million at June 30, 2022, resulting from decreases in pension liability and loans payable. As a result, the University's net position increased by \$21.9 million, resulting in a year-end balance of \$252 million.

The University's operating revenues totaled \$142.8 million for the 2021-22 fiscal year, representing a 2.4 percent increase compared to the 2020-21 fiscal year due mainly to an increase in sales and services of auxiliary enterprises. Operating expenses totaled \$332.6 million for the 2021-22 fiscal year, representing a decrease of 5.3 percent as compared to the 2020-21 fiscal year due primarily to decreases in other postemployment benefit (OPEB) and pension expenses and an increase in the number of vacant positions.

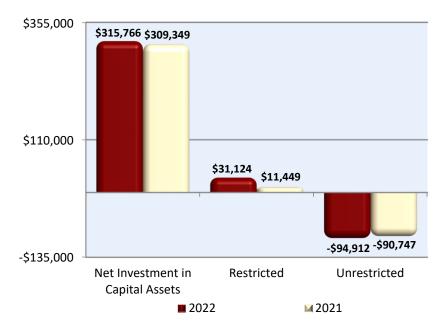

Net position represents the residual interest in the University's assets and deferred outflows of resources after deducting liabilities and deferred inflows of resources. The University had a deficit in the unrestricted net position of \$27.4 million and its blended component unit had a deficit net position of \$67.5 million, or a total deficit unrestricted net position of \$94.9 million. The deficit in the University's unrestricted net position was primarily the result of recording long-term liabilities within the unrestricted operating funds as required by the Governmental Accounting Standards Board for the OPEB liability (\$142 million), the pension liability (\$35.7 million), and the compensated absences liability (\$20.3 million) that will be paid over time and financed by future appropriations. The following table shows the items comprising the difference between the University's unrestricted ending net position before amount to be funded by future State appropriations and the University's unrestricted ending net position:

Unrestricted Net Position

(In Thousands)

		Amount
Ending Net Position Before Amount to be Funded by		
Future State Appropriations		\$ 209,297
Less Amount to be Funded by Future State Appropriations:		
Compensated Absences Liability	\$ (20,271)	
Other Postemployment Benefits Payable	(141,954)	
Florida Retirement System Net Pension Liability	(13,738)	
Health Insurance Subsidy Net Pension Liability	(21,982)	
Deferred Outflows Related to Other Postemployment Benefits	48,346	
Deferred Outflows Related to Pensions	26,398	
Deferred Inflows Related to Other Postemployment Benefits	(63,175)	
Deferred Inflows Related to Pensions	(50,293)	
Total Amount to be Funded by Future State Appropriations		(236,669)
University's Unrestricted Net Position		(27,372)
Blended Component Unit's Unrestricted Net Position		(67,540)
Total Ending Unrestricted Net Position		\$ (94,912)

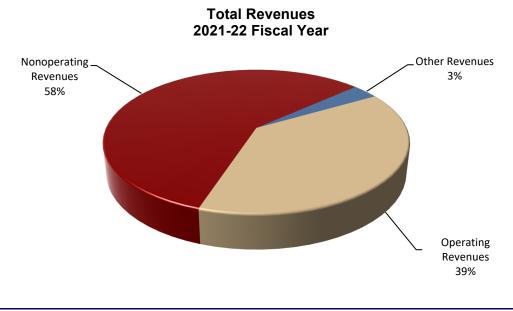

The University's comparative total net position by category for the fiscal years ended June 30, 2022, and June 30, 2021, is shown in the following graph:

Net Position

(In Thousands)

The following chart provides a graphical presentation of University revenues by category for the 2021-22 fiscal year:

OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to the Governmental Accounting Standards Board (GASB) Statement No. 35, the University's financial report consists of three basic financial statements: the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. The financial statements, and notes thereto, encompass the University and its component units. These component units include:

- University of North Florida Foundation, Inc. (Foundation)
- The University of North Florida Training and Service Institute, Inc. (TSI)
- Museum of Contemporary Art Jacksonville, Inc. (MOCA)
- University of North Florida Financing Corporation, Inc. (Financing Corporation)

Based on the application of the criteria for determining component units, the Financing Corporation is included within the University reporting entity as a blended component unit, and the Foundation, TSI, and MOCA are included within the University reporting entity as discretely presented component units.

Information regarding these component units, including summaries of the blended and discretely presented component units' separately issued financial statements, is presented in the notes to financial statements. This MD&A focuses on the University, excluding the discretely presented component units. MD&A information for the discretely presented component units is included in their separately issued audit reports.

The Statement of Net Position

The statement of net position reflects the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the University, using the accrual basis of accounting, and presents the financial position of the University at a specified time. Assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position, which is one indicator of the University's current financial condition. The changes in net position that occur over time indicate improvement or deterioration in the University's financial condition.

The following summarizes the University's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at June 30:

Condensed Statement of Net Position at June 30

. .

·· —·

(In Thousands)				
	2022	2021		
Assets				
Current Assets	\$ 176,135	\$ 176,946		
Capital Assets, Net	441,878	439,708		
Other Noncurrent Assets	22,415	4,786		
Total Assets	640,428	621,440		
Deferred Outflows of Resources	76,597	81,382		
Liabilities				
Current Liabilities	37,597	43,414		
Noncurrent Liabilities	313,513	363,291		
Total Liabilities	351,110	406,705		
Deferred Inflows of Resources	113,937	66,066		
Net Position				
Net Investment in Capital Assets	315,766	309,349		
Restricted	31,124	11,449		
Unrestricted	(94,912)	(90,747)		
Total Net Position	\$ 251,978	\$ 230,051		

Total assets increased \$19 million in the 2021-22 fiscal year due primarily to increases of \$17.3 million in restricted cash and cash equivalents, \$11.7 million in construction work in progress, and \$2.9 million in due from State for capital appropriations, offset by decreases of \$9.5 million and \$5.2 million in depreciable capital assets and current cash and cash equivalents, respectively. Additionally, deferred outflows of resources decreased by \$4.8 million, due mainly to a \$7.3 million decrease in the deferred outflows of resources related to pensions, offset by a \$2.6 increase in deferred outflows related to OPEB. The \$14.2 million increase in total assets and deferred outflows was offset mainly by a \$61.2 million decrease in pension liability, and a \$47.1 million increase in the deferred inflows of resources related to pensions.

The Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position presents the University's revenue and expense activity, categorized as operating and nonoperating. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The following summarizes the University's activity for the 2021-22 and 2020-21 fiscal years:

Condensed Statement of Revenues, Expenses, and Changes in Net Position For the Fiscal Years

	2021-22	2020-21
Operating Revenues Less, Operating Expenses	\$ 142,847 332,582	\$ 139,484 351,204
Operating Loss Net Nonoperating Revenues	(189,735) 199,389	(211,720) 209,668
Income (Loss) Before Other Revenues Other Revenues	9,654 12,273	(2,052) 5,035
Net Increase In Net Position	21,927	2,983
Net Position, Beginning of Year	230,051	227,068
Net Position, End of Year	\$ 251,978	\$ 230,051

(In Thousands)

Operating Revenues

GASB Statement No. 35 categorizes revenues as either operating or nonoperating. Operating revenues generally result from exchange transactions where each of the parties to the transaction either gives or receives something of equal or similar value.

The following summarizes the operating revenues by source that were used to fund operating activities for the 2021-22 and 2020-21 fiscal years:

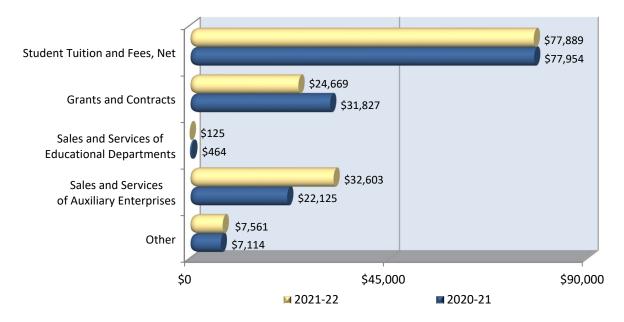

Operating Revenues For the Fiscal Years

(In Thousands)

	2021-22		2 2020-21	
Student Tuition and Fees, Net	\$	77,889	\$	77,954
Grants and Contracts		24,669		31,827
Sales and Services of Educational Departments		125		464
Sales and Services of Auxiliary Enterprises		32,603		22,125
Other		7,561		7,114
Total Operating Revenues	\$	142,847	\$	139,484

The following chart presents the University's operating revenues for the 2021-22 and 2020-21 fiscal years:

Operating Revenues (In Thousands)

The University's overall operating revenues increased by \$3.4 million, or 2.4 percent, primarily as a result of a \$10.5 million increase in sales and services of auxiliary enterprises. This was offset primarily by a \$7.2 million decrease in grants and contracts.

Operating Expenses

Expenses are categorized as operating or nonoperating. The majority of the University's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The University has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net position and has displayed the functional classification in the notes to financial statements.

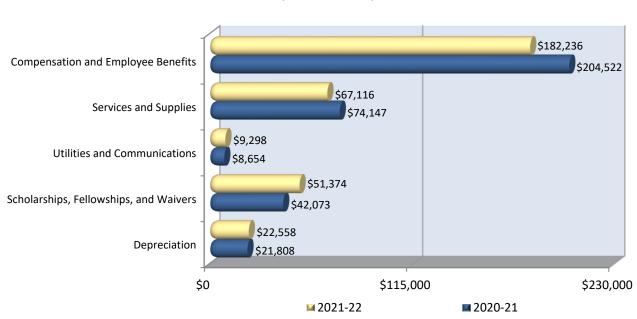

The following summarizes operating expenses by natural classification for the 2021-22 and 2020-21 fiscal years:

Operating Expenses For the Fiscal Years

(In Thousands)

	2021-22	2020-21
Compensation and Employee Benefits	\$ 182,236	\$ 204,522
Services and Supplies	67,116	74,147
Utilities and Communications	9,298	8,654
Scholarships, Fellowships, and Waivers	51,374	42,073
Depreciation	22,558	21,808
Total Operating Expenses	\$ 332,582	\$ 351,204

The following chart presents the University's operating expenses for the 2021-22 and 2020-21 fiscal years:

Operating Expenses (In Thousands)

The University's overall operating expenses decreased by \$18.6 million, or 5.3 percent, partly as a result of a decrease in compensation and employee benefits of \$22.3 million due to decreases in OPEB and pension expenses and an increase in the number of vacant positions, and a decrease in services and supplies of \$7 million. This was offset primarily by a \$9.3 million increase in scholarships and fellowships.

Nonoperating Revenues and Expenses

Certain revenue sources that the University relies on to provide funding for operations, including State noncapital appropriations and Federal and State student financial aid are defined by GASB as nonoperating. Nonoperating expenses include investment losses and capital financing costs and other costs related to capital assets. The following summarizes the University's nonoperating revenues and expenses for the 2021-22 and 2020-21 fiscal years:

Nonoperating Revenues (Expenses) For the Fiscal Years

	2021-22	2020-21
State Noncapital Appropriations	\$ 124,701	\$ 128,172
Federal and State Student Financial Aid Investment Loss	66,856 (7,820)	58,048 (972)
Other Nonoperating Revenues	25,072	32,907
Loss on Disposal of Capital Assets	(14)	(137)
Interest on Capital Asset-Related Debt	(4,208)	(4,935)
Other Nonoperating Expenses	(5,198)	(3,415)
Net Nonoperating Revenues	\$ 199,389	\$ 209,668

(In Thousands)

Net nonoperating revenues decreased by \$10.3 million, or 4.9 percent, as compared to the 2020-21 fiscal year as a result of a decrease of \$7.8 million in other nonoperating revenues due primarily to a reduction in Higher Education Emergency Relief Fund lost revenue funding, a decrease of \$6.8 million in investment income resulting primarily from an increase in unrealized losses on investments, a decrease of \$3.5 million in State noncapital appropriations, and an increase of \$1.8 million in other nonoperating expenses. This decrease was offset by an increase of \$8.8 million in Federal and State student financial aid.

Other Revenues

This category is composed of State capital appropriations and capital grants, contracts, donations, and fees. The following summarizes the University's other revenues for the 2021-22 and 2020-21 fiscal years:

Other Revenues For the Fiscal Years

(In Thousands)			
	2021-22	2020-21	
State Capital Appropriations Capital Grants, Contracts, Donations, and Fees	\$ 7,205 5,068	\$ 2,397 2,638	
Total	\$ 12,273	\$ 5,035	

Other revenues increased \$7.2 million, primarily due to a \$4.8 million increase in State capital appropriations and a \$2.4 million increase in capital grants, contracts, donations, and fees to fund various construction projects.

The Statement of Cash Flows

The statement of cash flows provides information about the University's financial results by reporting the major sources and uses of cash and cash equivalents. This statement will assist in evaluating the University's ability to generate net cash flows, its ability to meet its financial obligations as they come due, and its need for external financing. Cash flows from operating activities show the net cash used by the operating activities of the University. Cash flows from capital and related financing activities include all plant funds and related long-term debt activities. Cash flows from investing activities show the net

source and use of cash related to purchasing or selling investments, and earning income on those investments. Cash flows from noncapital financing activities include those activities not covered in other sections.

The following summarizes cash flows for the 2021-22 and 2020-21 fiscal years:

Condensed Statement of Cash Flows For the Fiscal Years

(In Thousands)

	2021-22	2020-21	
Cash Provided (Used) by:			
Operating Activities	\$ (171,134)	\$ (167,020)	
Noncapital Financing Activities	217,150	215,121	
Capital and Related Financing Activities	(27,072)	(20,188)	
Investing Activities	(6,805)	(26,303)	
Net Increase in Cash and Cash Equivalents	12,139	1,610	
Cash and Cash Equivalents, Beginning of Year	14,870	13,260	
Cash and Cash Equivalents, End of Year	\$ 27,009	\$ 14,870	

Major sources of funds from operating activities were from net student tuition and fees of \$77.1 million, Federal, State and local grants and contracts of \$24.4 million, sales and services of auxiliary enterprises of \$31.2 million, and other operating receipts of \$7.5 million. Major uses of funds were for payments to employees totaling \$185.4 million, payments to suppliers for goods and services totaling \$74.6 million, and disbursements to students for scholarships and fellowships totaling \$51.4 million. The increase in net cash used for operating activities was primarily due to increases in payments to students of \$9.3 million, payments to employees of \$2 million, and a decrease in grants and contracts of \$10 million, offset by an increase in sales and services of auxiliary enterprises of \$10.1 million, and a decrease in payments to suppliers of \$8.4 million.

Major sources of funds from noncapital financing activities are from State noncapital appropriations of \$124.7 million, Federal and State student financial aid of \$66.9 million, Federal Direct Loan Program receipts of \$37.1 million, and other nonoperating receipts of \$23.7 million. The major use of funds was for the Federal Direct Loan Program disbursements of \$37.1 million. The increase in net cash provided by noncapital financing activities was primarily due to increases in Federal and State student financial aid of \$8.8 million, net change in funds held for others of \$2 million, and decreases in other nonoperating receipts of \$5.3 million and State noncapital appropriations of \$3.5 million.

Major sources of funds from capital and related financing activities are from the proceeds from capital debt of \$8.9 million and State capital appropriations of \$4.3 million. Major uses of funds were for the purchase and construction of capital assets of \$19.8 million, principal paid on capital debt and leases of \$19 million, and interest paid on capital debt and leases of \$4.2 million. The increase in net cash used by capital and related financing activities was primarily due to the increase in principal paid on capital debt and leases of \$11.2 million, increase in the purchase or construction of capital assets of \$3.1 million, and the decrease in capital appropriations of \$2.6 million offset by an increase in proceeds of capital debt of \$8.9 million.

Investment activities used \$6.8 million in net cash for purchases of investments.

CAPITAL ASSETS, CAPITAL EXPENSES AND COMMITMENTS, AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2022, the University had \$827.8 million in capital assets, less accumulated depreciation of \$385.9 million, for net capital assets of \$441.9 million. Depreciation charges for the current fiscal year totaled \$22.6 million. The following table summarizes the University's capital assets, net of accumulated depreciation, at June 30:

(In Thousands)				
		2022		2021
Land	\$	20,929	\$	20,929
Construction in Progress		28,097		16,439
Buildings		348,105		362,445
Infrastructure and Other Improvements		27,379		29,685
Furniture and Equipment		11,170		7,510
Library Resources		57		98
Property Under Capital Leases and				
Leasehold Improvements		2,190		2,522
Right-to-Use Assets		3,951		-
Computer Software		-		80
Capital Assets, Net	\$	441,878	\$	439,708

Capital Assets, Net at June 30

Additional information about the University's capital assets is presented in the notes to financial statements.

Capital Expenses and Commitments

Major capital expenses through June 30, 2022, were incurred on the Competition Pool project, the Campus Wireless project, HUC Catering Kitchen project, and the Lassiter Hall Remodeling project. Major capital construction commitments included \$5.2 million each for the Lassiter Hall Remodeling and HUC Catering Kitchen, \$2 million for the MEDNEXUS Jacksonville, \$1.4 million for Campus Wireless, and \$1.3 million for the Recreation Facility Improvements projects. The University's total construction commitments at June 30, 2022, are as follows:

	Amount (In Thousands)		
Total Committed Completed to Date	\$	51,256 28,097	
Balance Committed	\$	23,159	

Additional information about the University's construction commitments is presented in the notes to financial statements.

Debt Administration

As of June 30, 2022, the University had \$128 million in outstanding bonds payable, capital improvement debt payable, loans and notes payable, and right-to-use leases payable, representing a decrease of \$4.3 million, or 3.3 percent, from the prior fiscal year. The following table summarizes the outstanding long-term debt by type for the fiscal years ended June 30:

(In Thousands)				
	2022	2021		
Bonds Payable	\$ 69,826	\$ 74,140		
Capital Improvement Debt	10,437	11,070		
Loans and Notes Payable	43,654	46,910		
Right-to-Use Leases Payable	4,080	208		
Total	\$ 127,997	\$ 132,328		

Long-Term Debt at June 30

Additional information about the University's long-term debt is presented in the notes to financial statements.

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

The University's economic condition is closely tied to that of the State of Florida. Because of limited economic growth and increased demand for State resources, an increase of \$5.8 million in State funding is anticipated in the 2022-23 fiscal year. The Florida Legislature's adopted budget for the 2022-23 fiscal year provided \$74.3 million from educational and general funds and \$28.9 million from the Educational Enhancement Trust Fund. Subsequently, the Florida Board of Governors also allocated \$27.1 million in performance-based funding to the University for the 2022-23 fiscal year. Also, the University will receive \$17.6 million from the Capital Improvement Trust Fund for deferred building maintenance. The University of North Florida administration and Board of Trustees approved a 5 percent salary increase across-the-board for all staff and faculty effective July 9, 2022.

REQUESTS FOR INFORMATION

Questions concerning information provided in the MD&A or other required supplemental information, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Vice President for Administration and Finance, University of North Florida, 1 UNF Drive, Building 53, Hicks Hall, Suite 2200, Jacksonville, Florida 32224-2648.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Reporting Entity. The University is a separate public instrumentality that is part of the State university system of public universities, which is under the general direction and control of the Florida Board of Governors. The University is directly governed by a Board of Trustees (Trustees) consisting of 13 members. The Governor appoints 6 citizen members and the Board of Governors appoints 5 citizen members. These members are confirmed by the Florida Senate and serve staggered terms of 5 years. The chair of the faculty senate and the president of the student body of the University are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the University, which provide governance in accordance with State law and Board of Governors' Regulations, and selecting the University President. The University President serves as the executive officer and the corporate secretary of the Trustees and is responsible for administering the policies prescribed by the Trustees.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the primary government's financial statements to be misleading. Based on the application of these criteria, the University is a component unit of the State of Florida, and its financial balances and activities are reported in the State's Annual Comprehensive Financial Report by discrete presentation.

Blended Component Unit. Although it is legally separate from the University, the University of North Florida Financing Corporation, Inc. (Financing Corporation) is included within the University's reporting entity as a blended component unit. The Financing Corporation was created in October 2005 as a not-for-profit entity organized to receive, hold, invest, and administer property and to issue revenue bonds or other forms of indebtedness (finance or refinance capital projects) with the associated expenditures and debt service, exclusively for the University. An annual audit of the Financing Corporation is conducted by independent certified public accountants and is submitted to the Auditor General and the University Board of Trustees. Additional information on the Financing Corporation, including copies of its audit reports, is available by contacting the University Controller's Office. Condensed financial statements for the University's blended component unit are shown in a subsequent note.

Discretely Presented Component Units. Based on the application of the criteria for determining component units, the following direct-support organizations (as provided for in Section 1004.28, Florida Statutes, and Board of Governors Regulation 9.011) are included within the University reporting entity as discretely presented component units. These legally separate, not-for-profit, corporations are organized and operated to assist the University in achieving excellence by providing supplemental resources from private gifts and bequests and valuable education support services and are governed by separate boards. Florida Statutes authorize these organizations to receive, hold, invest, and administer property and to make expenditures to or for the benefit of the University. These organizations and their purposes are explained as follows:

- University of North Florida Foundation, Inc. (Foundation) solicits, invests, administers, and distributes private gifts for the funding of activities and facilities directly related to the mission, role, and scope of the University. This organization provides funding and services to support and foster the pursuit of higher education at the University. Although the Foundation is chartered as a private not-for-profit corporation, it operates solely for the benefit of the University and its mission of teaching, research, and service. The Foundation serves as the vehicle whereby taxpayers who want to advance the cause of higher education and to pay more than their share of the cost of education may do so. The Foundation does not serve any private causes, but generally benefits the public.
- The University of North Florida Training and Service Institute, Inc. (TSI) conducts, accounts for, and reports on special educational and training programs and related specialized activities. TSI was organized for the purpose of providing training and service to assist the University in achieving excellence by providing supplemental resources from external sources and to provide valuable educational support services. In March 2010, the TSI Board of Directors met and approved the formation of UNF TSI Investments, LLC, as a wholly-owned Florida limited liability corporation.
- Museum of Contemporary Art Jacksonville, Inc. (MOCA) operates a museum of contemporary art which also provides visual arts education and cultural resources to the University in furtherance of its mission and operations, and the University may add its own educational and outreach programs. MOCA serves the community and its visitors through exhibitions, collections, educational programs, and publications designed to enhance an understanding and appreciation of modern and contemporary art with particular emphasis of works created from 1960 to the present.

An annual audit of each organization's financial statements is conducted by independent certified public accountants. The annual report for each organization is submitted to the Auditor General and the University Board of Trustees. Additional information on the University's discretely presented component units, including copies of audit reports, is available by contacting the University Controller's Office. Condensed financial statements for the University's discretely presented component units are shown in a subsequent note.

Basis of Presentation. The University's accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by GASB. The National Association of College and University Business Officers (NACUBO) also provides the University with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB and the Financial Accounting Standards Board (FASB). GASB allows public universities various reporting options. The University has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entitywide reporting including the following components:

- Management's Discussion and Analysis
- Basic Financial Statements:
 - Statement of Net Position
 - o Statement of Revenues, Expenses, and Changes in Net Position
 - Statement of Cash Flows
 - Notes to Financial Statements
- Other Required Supplementary Information

Measurement Focus and Basis of Accounting. Basis of accounting refers to when revenues, expenses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources, are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The University's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources inflows of resources resulting from exchange resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met. The University follows GASB standards of accounting and financial reporting.

The University's blended and discretely presented component units use the economic resources measurement focus and the accrual basis of accounting, and follow GASB standards of accounting and financial reporting.

Significant interdepartmental sales between auxiliary service departments and other institutional departments have been eliminated from revenues and expenses for reporting purposes.

The University's principal operating activities consist of instruction, research, and public service. Operating revenues and expenses generally include all fiscal transactions directly related to these activities as well as administration, operation and maintenance of capital assets, and depreciation of capital assets. Nonoperating revenues include State noncapital appropriations, Federal and State student financial aid, and investment income (net of unrealized gains or losses on investments). Interest on capital asset-related debt is a nonoperating expense. Other revenues generally include revenues for capital construction projects.

The statement of net position is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, it is the University's policy to first apply the restricted resources to such programs, followed by the use of the unrestricted resources.

The statement of revenues, expenses, and changes in net position is presented by major sources and is reported net of tuition scholarship allowances. Tuition scholarship allowances are the difference between the stated charge for goods and services provided by the University and the amount that is actually paid by the student or the third party making payment on behalf of the student. The University applied the "Alternate Method" as prescribed in NACUBO Advisory Report 2000-05 to determine the reported net tuition scholarship allowances. Under this method, the University computes these amounts by allocating the cash payments to students, excluding payments for services, using a ratio of total aid to aid not considered third-party aid.

The statement of cash flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

<u>Cash and Cash Equivalents</u>. Cash and cash equivalents consist of cash on hand, cash in demand accounts, and money market funds. University cash deposits are held in banks qualified as public

depositories under Florida law. All such deposits are insured by the Federal Deposit Insurance Corporation, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. The University and its blended component unit, the Financing Corporation, hold \$26,972,094.23 in money market funds which are permissible under the University's investment policy and were rated AAAm/Aaa-mf by Standard & Poor's and Moody's Investors Service, respectively. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets, are classified as restricted.

<u>Capital Assets</u>. University capital assets consist of land, construction in progress, buildings, infrastructure and other improvements, furniture and equipment, library resources, leasehold improvements, right-to-use lease assets, and computer software. Except for right-to-use lease assets, these assets are capitalized and recorded at cost at the date of acquisition or at acquisition value at the date received in the case of gifts and purchases of State surplus property. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The University has a capitalization threshold of \$5,000 for tangible personal property, \$100,000 for new buildings and building improvements, and \$4,000,000 for computer software. Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings 5 to 40 years
- Infrastructure and Other Improvements 5 to 20 years
- Furniture and Equipment:
 - Equipment (Nonoffice) 5 to 15 years
 - Computer Equipment 2 to 10 years
 - Moveable Equipment 3 to 20 years
- Library Resources 5 to 10 years
- Leasehold Improvements 5 to 15 years
- Computer Software 4 to 5 years

Capital assets of the University's discretely presented component units, if applicable, are recorded at cost. Donated items are stated at independent appraisal or estimated value at the date of donation. Depreciation is computed using the straight-line basis over the following estimated useful lives of the assets, as follows:

- Buildings 25 years
- Leasehold Improvements 5 to 20 years
- Furniture and Equipment 3 to 10 years

Noncurrent Liabilities. Noncurrent liabilities include unearned revenue, bonds payable, capital improvement debt payable, loans and notes payable, right-to-use leases payable, compensated absences payable, other postemployment benefits payable, and net pension liability that are not scheduled to be paid within the next fiscal year. Bonds payable are reported net of unamortized

premiums. The University amortizes debt premiums over the life of the debt using the straight-line method.

Pensions. For purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and HIS fiduciary net positions have been determined on the same basis as they are reported by the FRS and the HIS plans. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Leases. Leases consist of contracts that convey control of the right to use an underlying asset as specified in the contract for a period of time in an exchange or exchange-like transaction. The University recognizes a lease receivable and deferred inflow of resources when it is the lessor party to a contract, or an intangible right-to-use lease asset and lease liability when it is the lessee party to a contract. The expected receipts or payments are discounted using the interest rate stated in the contract, if available, or are otherwise discounted using an estimated incremental borrowing rate. The University applies a materiality threshold of \$100,000 for equipment and space based on the present value of expected receipts or payments over the term of the contract. Lease amounts are amortized over the shorter of the contract term or the useful life of the underlying asset.

2. Reporting Change

The University implemented GASB Statement No. 87, *Leases*, which establishes a single model for lease accounting based on the foundation principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. As a result of implementation, the University reclassified capital assets previously reported as property under capital leases to right-to-use lease assets, and reclassified current and noncurrent liabilities previously reported as capital leases payable to right-to-use leases payable. These changes are reflected in Note 5. Receivables, Note 7. Capital Assets, and Note 8. Long-Term Liabilities. There was no effect to beginning net position.

3. Deficit Net Position in Individual Funds

The University reported an unrestricted net position which included a deficit in the current funds – unrestricted as shown below. This deficit can be attributed to the full recognition of long-term liabilities (i.e., compensated absences payable, other postemployment benefits payable, and net pension liabilities) in the current unrestricted funds.

Fund	Net Position
Current Funds - Unrestricted Auxiliary Funds	\$ (158,907,999.98) 63,996,302.30
Total	\$ (94,911,697.68)

4. Investments

Section 1011.42(5), Florida Statutes, authorizes universities to invest funds with the State Treasury and State Board of Administration (SBA) and requires that universities comply with the statutory requirements governing investment of public funds by local governments. Accordingly, universities are subject to the requirements of Chapter 218, Part IV, Florida Statutes. The Board of Trustees has adopted a written investment policy providing that surplus funds of the University shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Pursuant to Section 218.415(16), Florida Statutes, the University is authorized to invest in the Florida PRIME investment pool administered by the SBA; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits and savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open end or closed end management type investment companies; and other investments approved by the Board of Trustees as authorized by law. Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

The University categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

All of the University's recurring fair value measurements as of June 30, 2022, are valued using quoted market prices (Level 1 inputs), with the exception of corporate bonds and notes and Obligations of United States Government Agencies and Instrumentalities which are valued daily using available market pricing information, including benchmarking processes, sector groupings, and matrix pricing (Level 2 inputs) and investments with the State Treasury which are valued based on the University's share of the pool (Level 3 inputs).

		Fair Value Measurements Using				
Investments by fair value level	Amount	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)		
External Investment Pool:						
State Treasury Special Purpose Investment Account	\$ 50,857,627.27	\$-	\$-	\$ 50,857,627.27		
United States Treasury Securities	38,736,255.83	38,736,255.83	-	-		
Obligations of United States Government						
Agencies and Instrumentalities	10,688,924.51	-	10,688,924.51	-		
Bonds and Notes	48,967,657.95		48,967,657.95			
Total investments by fair value level	\$ 149,250,465.56	\$ 38,736,255.83	\$ 59,656,582.46	\$ 50,857,627.27		

The University's investments at June 30, 2022, are reported as follows:

External Investment Pools.

The University reported investments at fair value totaling \$50,857,627.27 at June 30, 2022, in the State Treasury Special Purpose Investment Account (SPIA) investment pool, representing ownership of a share of the pool, not the underlying securities. Pooled investments with the State Treasury are not registered with the Securities and Exchange Commission. Oversight of the pooled investments with the State Treasury is provided by the Treasury Investment Committee per Section 17.575, Florida Statutes. The authorized investment types are set forth in Section 17.57, Florida Statutes. The State Treasury SPIA investment pool carried a credit rating of AA-f by Standard & Poor's, had an effective duration of 2.66 years, and fair value factor of 0.9479 at June 30, 2022. Participants contribute to the State Treasury SPIA investment pool on a dollar basis. These funds are commingled and a fair value of the pool is determined from the individual values of the securities. The fair value of the securities is summed and a total pool fair value is determined. A fair value factor is calculated by dividing the pool's total fair value by the pool participant's total cash balances. The fair value factor is the ratio used to determine the fair value of an individual participant's pool balance. The University relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury investment pool are included in the notes to financial statements of the State's Annual Comprehensive Financial Report.

Other Investments.

The University's other investments consisted of various debt securities totaling \$98,392,838.29 at June 30, 2022. The following risks apply to those University investments.

Interest Rate Risk: Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. The University's investment policy generally requires that the investment portfolio be maintained with short-term maturities to provide sufficient liquidity to pay obligations as they come due, based on anticipated cash-flow requirements, and includes certain restrictions on specific investment durations up to a maximum of 10 years. Investment maturities at June 30, 2022, were as follows:

		Investment Maturities (In Years)					ars)
Investment Type	 Fair Value		Less Than 1		1 - 5		6 - 10
United States Treasury Securities Obligations of United States Government	\$ 38,736,255.83	\$	2,131,872.95	\$	27,642,461.21	\$	8,961,921.67
Agencies and Instrumentalities	10,688,924.51		299,578.32		10,389,346.19		-
Bonds and Notes	 48,967,657.95		11,552,241.70		24,911,471.50		12,503,944.75
Total	\$ 98,392,838.29	\$	13,983,692.97	\$	62,943,278.90	\$	21,465,866.42

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. United States Treasury Securities or obligations explicitly guaranteed by the United States Government are not considered to have credit risk and do not require disclosure of credit quality. At June 30, 2022, the University had \$38,736,255.83 of these investments. The University's investment policy requires that the portfolio provide specific types of investments that may be purchased, including credit quality guidelines, where applicable, and maintain a total average quality rating of "AA" or higher.

At June 30, 2022, the University had Obligations of United States Government Agencies and Instrumentalities and bonds and notes with quality ratings by nationally recognized rating agencies, as follows:

	Fair	Cre	j (1)	
Investment Type	Value	 AAA	AA	Α
Obligations of United States Government Agencies and Instrumentalities Bonds and Notes	\$ 10,688,924.51 48,967,657.95	\$ - 554,988.42	\$ 10,688,924.51 14,584,588.41	\$- 33,828,081.12
Total	\$ 59,656,582.46	\$ 554,988.42	\$ 25,273,512.92	\$ 33,828,081.12

(1) The credit quality ratings are from Standard & Poor's or Moody's.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the value of investments or collateral securities in the possession of an outside party will not be recoverable. Exposure to custodial risk relates to investment securities that are held by someone other than the entity and are not registered in the entity's name. All University investments are held in safekeeping by a third-party custodian.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The University policy states that a maximum of 5 percent of the Fund may be invested in securities of any single issuer, except that Obligations of United States Government Agencies and Instrumentalities are not subject to the limitations.

Discretely Presented Component Units Investments.

Investments held by the University's discretely presented component units are reported at fair value and consist of United States Government and Federal agency securities, corporate bonds, various mutual funds holding domestic and foreign debt, equities, hedge funds, private equity funds, and real assets funds.

The Foundation reported investments totaling \$138,899,414. The Foundation's investment policy states equity securities will be broadly diversified (e.g., country, economic sector, industry, etc.) to minimize the impact during sudden and severe market downturns, as equity markets have historically displayed a high degree of such correlation during these periods. The role of hedge funds and private equity is to reduce the overall volatility of the equity fund performance. Fixed-income securities will be diversified among different sectors of the fixed-income market. The principal purpose of the fixed-income fund will be to reduce risk by reducing the overall volatility of the investment returns and to serve as a partial hedge against periods of prolonged economic contraction. The fixed-income objective is to preserve principal during periods of deflation, provide a source of current income, and reduce overall portfolio volatility. These portfolios are primarily domestically focused but do include exposure to international and emerging markets' debt as well. Decisions as to individual security selection, security size and quality, etc., will be left to broad manager discretion.

As of June 30, 2022, the Foundation had 87 percent (\$120,266,704) of its total portfolio invested in global equities and fixed-income funds, private equity funds and an absolute return fund. The Foundation's investments are subject to various risk factors including interest rate, credit, custodial credit,

concentration of credit, and foreign currency risks, which are discussed in the following paragraphs. Additional information is contained in the Foundation's audit reports for the years ended June 30, 2022, and June 30, 2021, and may be obtained from the Director, University of North Florida TSI/Foundation Accounting, UNF Hall, Suite 2900, 1 UNF Drive, Jacksonville, Florida 32224-2648.

The TSI, reported investments totaling \$228,014. The TSI's investment policy requires equity securities to be limited to investments in publicly traded securities on a major stock exchange or NASDAQ, with no more than 7 percent of the market value of an investment manager's equity portfolio invested in the shares of a single corporate issuer, and no more than 5 percent of the market value of the total equity portfolio invested in shares of companies that have been publicly traded for less than 1 year. For fixed income securities, the investment policy provides that securities be rated "A" or higher by Moody's Investors Service or Standard & Poor's rating services; no more than 10 percent of the market value of the total fixed income portfolio be invested in the securities of any single corporate issuer; no more than 20 percent of the market value of the total fixed income portfolio be invested in collateralized mortgage obligations (CMOs) and are restricted to those issues that are currently paying interest, receiving principal pay-downs, and do not contain leverage; and no more than 25 percent of the total fixed-income portfolio be invested in securities issued by foreign governments or corporations. There is no limit on investments in securities issued directly by the United States Government or any agency or instrumentality thereof. The TSI's investment policy prohibits investments in interest only or principal only CMOs, interest rate swaps, precious metals, limited partnerships of any kind, real estate, venture capital, futures contracts, or options contracts in individually managed portfolios. Trading on margin and short selling are also prohibited. The TSI does not have a formal policy limiting the duration of mid-term and long-term investments.

MOCA reported investments totaling \$6,999,477. MOCA's investments consist of United States Treasury Securities.

On January 28, 1991, MOCA entered into a trust agreement with the State of Florida, Department of State, creating a \$600,000 fine arts endowment matching fund program. In managing the investments of the fine arts endowment fund, MOCA must comply with an established investment plan specified by the State of Florida, Department of State, which requires the preservation of the \$600,000 program fund. MOCA may expend funds generated from the endowment program fund only for operating costs incurred while engaged in programs directly related to fine arts activities. The balance of the endowment at June 30, 2022, was \$103,000, which is included in MOCA's investment total reported above, and in MOCA's restricted cash and cash equivalents.

The estimated fair value of the Foundation, TSI, and MOCA investments was based on valuations provided by external investment managers at June 30, 2022, and consisted of the following:

Investment Type	Amount	
United States Government Bonds and		
Federal Agency Securities	\$ 9,216,798	
Corporate Bonds	6,889,482	
Fixed Income Mutual Funds	74,839	
Equity Mutual Funds	912,145	
Stock	118,360	
Absolute Return Fund	14,898,132	
Global Equities Fund	62,241,615	
Global Fixed Income Fund	3,557,715	
Hedge Funds	11,144	
Private Equity Funds	39,569,242	
Real Assets Fund	8,637,433	
Total Foundation, TSI, and MOCA Investments	\$146,126,905	,

All of the University's discretely presented component units have provided additional information about fair value measurements which are based on the assumptions that market participants would use when pricing an asset or liability. A fair value hierarchy was established that prioritizes that information used to develop these assumptions.

The University's discretely presented component units' investments at June 30, 2022, are reported as follows:

			Fair Value Measurements Usin							
Investments by fair value level	Amount		Amount		M Ider	Quoted Prices in Active arkets for ntical Assets (Level 1)		Significant Other Dbservable Inputs (Level 2)	Unobs Inp	ficant ervable uts el 3)
United States Government Bonds and Federal Agency Securities Corporate Bonds Fixed Income Mutual Funds Equity Mutual Funds Stock	\$	9,216,798 6,889,482 74,839 912,145 118,360	\$	74,839 912,145 118,360	\$	9,216,798 6,889,482 - - -	\$	- - - -		
Total Foundation, TSI, and MOCA Investments by fair value level		17,211,624	\$	1,105,344	\$	16,106,280	\$			
Investments measured at the net asset value (NAV) Absolute return funds Global equities funds Global fixed income funds Hedge funds Private equity funds Real assets funds		14,898,132 62,241,615 3,557,715 11,144 39,569,242 8,637,433								
Total investments measured at NAV		128,915,281								
Total Foundation, TSI, and MOCA Investments measured at fair value	\$	146,126,905								

The valuation method for investments measured at the net asset value per share, or its equivalent, is presented in the following table:

Investments measured at the NAV	Fair Value		Unfunded Fair Value Commitments		Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Absolute return funds	\$	14,898,132	\$	-	Monthly, Quarterly, Semi-Annually, Annually	45 - 105 days
Global equities funds		62,241,615		-	Monthly, Quarterly, Semi-Annually, Annually	6 - 90 days
Global fixed income funds		3,557,715		-	Daily, Bi-Monthly, Monthly, Quarterly	5 - 60 days
Hedge funds		11,144		-	Quarterly, Semi-Annually, Annually	45 - 105 days
Private equity funds		39,569,242		37,750,860	None	None
Real assets funds		8,637,433		-	Quarterly	60 days
Total investments measured at the NAV	\$	128,915,281	\$	37,750,860		

Interest Rate Risk: Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. The Foundation, TSI, and MOCA do not have formal investments policies that limit the duration of investments. However, the University component units manage exposure to declines in fair value occurring from increasing interest rates through the specific identification method and maintaining diversification of investments and investment maturities so as to minimize the impact of downturns in the market. Investments of these component units by investment type and their future maturities at June 30, 2022, are as follows:

Investment Type	Investment Maturities (In Years)		
	Fair Value	Less Than 1	1-5
United States Government Bonds and Federal Agency Securities Corporate Bonds	\$ 9,216,798 6,889,482	\$ 488,076 <u>3,291,031</u>	\$ 8,728,722 3,598,451
Total Foundation, TSI, and MOCA Investments	\$ 16,106,280	\$ 3,779,107	\$ 12,327,173

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Foundation and MOCA have no formal investment policies on credit risk. The TSI's investment policy provides that fixed-income securities shall be rated "A" or higher by Moody's Investors Service or Standard & Poor's rating services. At June 30, 2022, the credit quality ratings of the component units' investments are as follows:

	Fair	Credit Quality Rating (1)								
Investment Type	Value	_	AAA		AA		A	 BBB		Unrated
United States Government Bonds										
and Federal Agency Securities	\$ 9,216,798	\$	8,899,774	\$	99,502	\$	-	\$ -	\$	217,522
Corporate Bonds	6,889,482		100,070		1,067,249		5,415,878	306,285		-
Fixed Income Mutual Funds	74,839		-		-		50,676	-		24,163
Equity Mutual Funds	912,145		-		-		-	-		912,145
Stocks	118,360		-		-		-	-		118,360
Absolute Return Fund	14,898,132		-		-		-	-		14,898,132
Global Equities Fund	62,241,615		-		-		-	-		62,241,615
Global Fixed Income Fund	3,557,715		-		-		-	-		3,557,715
Hedge Funds	11,144		-		-		-	-		11,144
Private Equity Funds	39,569,242		-		-		-	-		39,569,242
Real Assets Fund	8,637,433		-		-		-	 -		8,637,433
Total Foundation, TSI, and										
MOCA Investments	\$ 146,126,905	\$	8,999,844	\$	1,166,751	\$	5,466,554	\$ 306,285	\$ `	130,187,471

(1) The credit quality ratings are from Standard & Poor's.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the value of investments or collateral securities in the possession of an outside party will not be recoverable. Exposure to custodial risk relates to investment securities that are held by someone other than the University or its component units and are not registered in the University's or its component units' names. The Foundation, TSI, and MOCA do not have formal investment policies that address custodial credit risk.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The Foundation's investment policy provides that with the exception of obligations of the U.S. Government and its agencies, no purchase will be made that will cause more than 5 percent of the fixed-income fund to be invested in the securities of any one issuer. The TSI's investment policy provides for investments in equity securities of not more than 7 percent (at cost) in one corporate issuer, and investments in fixed-income securities of not more than 10 percent (at cost) in one corporate issuer. MOCA does not have a formal investment policy that addresses concentration of credit risk.

Foreign Currency Risk: Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The TSI's investment policy limits its investments in fixed-income securities of foreign issuers to 25 percent of its fixed-income portfolio. The TSI does not have a formal investment policy that addresses foreign currency risk for other types of investments. The Foundation and MOCA do not have formal investment policies that address foreign currency risk.

5. Receivables

Accounts Receivable. Accounts receivable represent amounts for student tuition and fees, contracts and grants, student deferments, and other amounts due from students and third parties. As of June 30, 2022, the University reported the following amounts as accounts receivable:

Description	 Amount			
Student Tuition and Fees Contracts and Grants	\$ 6,418,629.80 2,417,163.12			
Due from Component Units	2,264,604.76			
Student Housing Rentals	1,668,711.12			
Other Auxiliary Enterprises	1,084,186.71			
Due from Other Governmental Units	938,700.00			
Parking	252,527.90			
Other	 183,831.67			
Total Accounts Receivable	\$ 15,228,355.08			

<u>Allowance for Doubtful Receivables</u>. Allowances for doubtful accounts are reported based on management's best estimate as of fiscal year end considering type, age, collection history, and other factors considered appropriate. Accounts receivable are reported net of allowances of \$332,453.19, at June 30, 2022.

No allowance has been accrued for contracts and grants receivable. University management considers these to be fully collectible.

Leases Receivable. The University leases space to external parties for various terms. During the fiscal year ended June 30, 2022, lease revenue totaling \$100,989.32 and interest revenue totaling \$15,737.42 were recognized in accordance with GASB Statement No. 87, *Leases*. Deferred inflow of resources was recorded for \$468,866.33. Total minimum payments to be received under lessor agreements are as follows:

For the Fiscal Year Ending June 30	Principal	Interest
2023	\$ 91,844.74	\$ 13,250.46
2024	98,281.4 ⁻	l 10,407.51
2025	95,987.92	2 7,389.57
2026	74,967.93	4,896.03
2027	53,721.44	4 2,740.90
2028-2029	68,381.1 ⁻	1 2,353.49
Total Leases Receivable	\$ 483,184.5	5 \$ 41,037.96

<u>Component Units' Pledges Receivable, Net</u>. The Foundation accounts for pledges in accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*. GASB Statement No. 33 establishes reporting standards for nonexchange transactions, which in the case of the Foundation are restricted pledges to be contributed in the future. Pledges receivable are reported at estimated net realizable value, and reported in current and long-term portions, net of appropriate allowances and present value discounts of \$435,773.

6. Due From State

The amount due from State consists of \$6,105,053 of Public Education Capital Improvement Fee Trust Fund and General Revenue Fund allocations due from the State for construction, maintenance, and renovation of University facilities.

7. Capital Assets

Capital assets activity for the fiscal year ended June 30, 2022, is shown in the following table:

Description	Beginning Balance	Adjustmen (1)				 Reductions	Ending Balance
Nondepreciable Capital Assets:							
Land	\$ 20,929,295.83	\$	-	\$	-	\$ -	\$ 20,929,295.83
Construction in Progress	16,439,171.38		-		14,400,535.66	 2,742,242.64	28,097,464.40
Total Nondepreciable Capital Assets	\$ 37,368,467.21	\$	-	\$	14,400,535.66	\$ 2,742,242.64	\$ 49,026,760.23
Depreciable Capital Assets:							
Buildings	\$ 620,333,882.97	\$	-	\$	1,942,498.05	\$ -	\$ 622,276,381.02
Infrastructure and Other Improvements	69,052,150.59		-		625,996.35	-	69,678,146.94
Furniture and Equipment	35,649,295.19		837,790.50		6,319,362.21	3,579,651.50	39,226,796.40

Total Depreciable Capital Assets, Net	\$ 402,339,565.85	\$	-	\$	(9,474,082.62)	\$ 13,848.07	\$ 392,851,635.16

(1) Right-to-use lease assets were added due to implementation of GASB Statement No.87, *Leases*, and the property under capital leases was reclassified to this category. The adjustment of \$837,790.50 moved a portion of capital leases to furniture and equipment since the lease was paid off during the 2021-22 fiscal year.

(2) Computer software was written off during the 2021-22 fiscal year since the cost of the remaining assets were below the University's capitalization threshold of \$4,000,000.

Capital assets activity for the University's discretely presented component units for the fiscal year ended June 30, 2022, is shown in the following table:

Description	Beginning Balance	Additions	Reductions	Ending Balance
Nondepreciable Capital Assets: Land	\$ 12,537,556	\$21,000,000	\$-	\$33,537,556

8. Long-Term Liabilities

Long-term liabilities of the University at June 30, 2022, include unearned revenue, bonds payable, capital improvement debt payable, loans and notes payable, right-to-use leases payable, compensated absences payable, other postemployment benefits payable, and net pension liability. Long-term liabilities activity for the fiscal year ended June 30, 2022, is shown in the following table:

Description	Beginning Balance	Additions Reductions		Ending Balance	Current Portion
Unearned Revenue	\$ 1,654,697.49	\$-	\$ 804,150.83	\$ 850,546.66	\$ 199,198.08
Bonds Payable	74,140,221.65	-	4,313,806.72	69,826,414.93	4,220,000.00
Capital Improvement Debt Payable	11,070,000.00	11,081,248.80	11,714,669.01	10,436,579.79	590,000.00
Loans and Notes Payable	46,910,248.01	-	3,255,857.76	43,654,390.25	3,401,530.42

Total Long-Term Liabilities	\$ 387,149,242.26	\$ 36,043,315.03	\$ 96,400,484.08	\$ 326,792,073.21	\$ 13,279,048.10

Bonds Payable. Revenue Bonds were issued to construct University facilities, including student housing and student union facilities. Bonds outstanding, which include both term and serial bonds, are secured by a pledge of housing rental revenues and an assessed student union fee based on credit hours. These bonds were direct placements, and in the event of default, the trustee may exercise one or more of the rights and powers conferred in the trust indenture at the request of at least 25 percent of the bondholders. However, the bonds are not subject to acceleration in the event of default.

On August 23, 2016, the Financing Corporation issued bonds (Student Union Project), Series 2016, in the amount of \$17,920,000 to advance refund the outstanding Series 2007 bonds. On November 23, 2016,

the Financing Corporation issued bonds (Student Housing Project), Series 2016, in the amount of \$67,930,000 and a Capital Improvement Refunding Revenue Note (Student Housing Project), Series 2016, in the amount of \$50,000,000 to advance refund the outstanding Series 2007 bonds and prepay the outstanding balance on a loan for The Flats at Kernan student housing complex.

As a condition of the financing arrangements, the University entered into ground sublease and operating lease agreements dated June 1, 2007, with the Financing Corporation. Under the ground sublease agreements, the University leased the land and facilities to the Financing Corporation in exchange for prepaid rent. The land covered by the ground sublease agreements, together with the improvements thereon, was leased back to the University to manage and operate under the separate operating lease agreements. The operating lease agreements require that the University pay all debt payments, including principal, interest, fees, and charges over the lease term in accordance with the related bond documents (base rent), and all other operating costs of the premises (additional rent). The agreements terminate on November 1, 2037, or the date on which the Series 2016 refunding bonds and notes are fully paid or canceled. Net revenues from the student residence facilities are pledged to pay the Student Housing Project rents, and a portion of the University's activity and service fees revenues are pledged to pay the Student Union Project rents. As principal payments are made on the Student Housing and Student Union Projects bonds, the prepaid rent is amortized as shown in Note 15., the University reported remaining prepaid rent payable to the Financing Corporation of \$52,663,362 at June 30, 2022.

The University had the following bonds payable outstanding at June 30, 2022:

Bond Type and Series	 Amount of Original Debt	Amount Outstanding	Interest Rates (Percent)	Maturity Date To
Capital Improvement Revenue Bonds: Direct Borrowings and Direct Placements:				
Student Union Project, Series 2016, Refunding	\$ 17,920,000.00	\$ 14,290,000.00	2 - 5	11-01-2037
Housing Project, Series 2016, Refunding	 67,930,000.00	51,720,000.00	3 - 5	11-01-2037
Total Capital Improvement Revenue Bonds Add: Unamortized Bond Premiums	 85,850,000.00 -	66,010,000.00 3,816,414.93		
Total Capital Improvement Revenue Bonds Payable	\$ 85,850,000.00	\$ 69,826,414.93		

Annual requirements to amortize all bonds payable outstanding as of June 30, 2022, are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2023	\$ 4,220,000.00	\$ 2,625,068.76	\$ 6,845,068.76
2024	4,360,000.00	2,430,593.76	6,790,593.76
2025	4,505,000.00	2,225,993.76	6,730,993.76
2026	4,090,000.00	2,051,918.76	6,141,918.76

2038	3,775,000.00	69,600.00	3,844,600.00
Subtotal Add: Unamortized Bond Premiums	66,010,000.00 3,816,414.93	21,243,409.46	87,253,409.46 3,816,414.93
Total	\$ 69,826,414.93	\$ 21,243,409.46	\$ 91,069,824.39

<u>Capital Improvement Debt Payable</u>. The University had the following capital improvement debt payable outstanding at June 30, 2022:

Capital Improvement Debt Type and Series	Amount of Original Debt	Amount Outstanding	Interest Rate (Percent)	Maturity Date To
Capital Improvement Debt: 2021A - Student Wellness Center	\$ 8,875,000.00	\$ 8,425,000.00	5	11-01-2032
Add: Unamortized Bond Premium		2,011,579.79		
Total Capital Improvement Debt	\$ 8,875,000.00	\$ 10,436,579.79		

On July 13, 2021, the Board of Governors issued \$8,875,000 of University of North Florida Mandatory Student Fee Revenue Bonds (Series 2021A – Student Wellness Center) to directly advance refund \$11,070,000 of outstanding University of North Florida Mandatory Student Fee Revenue Bonds, Series 2010B Build America Bonds (Federally Taxable-Issuer Subsidy). The net proceeds of \$11,340,176.49 (after payment of \$114,909.55 in underwriting fees and other issuance costs) were placed in an irrevocable trust to provide for future debt service payments on the Series 2010B bonds. As a result, the Series 2010B bonds are considered to be defeased and the liability for those bonds has been removed from the University's statement of net position. As a result of the refunding, the University reduced its capital improvement debt service payments over the next 15 years by \$3,553,792.25 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$3,078,567.06.

The University has pledged a portion of future Student Wellness Center fees to repay \$8,425,000 in capital improvement bonds issued by the Florida Board of Governors on behalf of the University. The bonds are payable solely from Student Wellness Center fee assessments. The University has committed to appropriate each year from the Student Wellness Center fee assessment amounts sufficient to cover the principal and interest requirements on the debt. Principal and interest paid for the current fiscal year totaled \$793,750. During the 2021-22 fiscal year, Student Wellness Center fee assessments totaled \$1,230,207.74.

Annual requirements to amortize all capital improvement debt outstanding as of June 30, 2022, are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2023	\$ 590,000.00	\$ 406,500.00	\$ 996,500.00
2024	620,000.00	376,250.00	996,250.00
2025	650,000.00	344,500.00	994,500.00
2026	685,000.00	311,125.00	996,125.00
2027	720,000.00	276,000.00	996,000.00
2028-2032	4,190,000.00	787,500.00	4,977,500.00
2033	970,000.00	24,250.00	994,250.00
Subtotal	8,425,000.00	2,526,125.00	10,951,125.00
Net Discounts and Premiums	2,011,579.79	-	2,011,579.79
Total	\$ 10,436,579.79	\$ 2,526,125.00	\$ 12,962,704.79

Loans and Notes Payable. In November 2013, the Financing Corporation purchased a 67,224 square foot warehouse on a parcel of land adjacent to the University and entered into a loan agreement for \$2,724,915 with a fixed interest rate of 2.32 percent. Principal and interest payments of \$25,505.82 are made monthly over the 10-year term of the note.

In December 2014, the Financing Corporation entered into a loan agreement with the Foundation for \$1,200,000 with a fixed interest rate of 3 percent for funds to be used for improvement and renovation of the warehouse. Principal and interest payments of \$34,848.85 are made quarterly over the 10-year term of the note.

As noted under Bonds Payable above, on November 23, 2016, the Financing Corporation issued a \$50,000,000 Capital Improvement Refunding Revenue Note, Series 2016, in connection with the advance refunding of outstanding Capital Improvement Revenue Bonds (Student Housing Project), Series 2007, and prepayment of the loan for The Flats at Kernan student housing complex. The note has a fixed interest rate of 2.67 percent, with principal payments ranging from \$2,100,000 to \$2,815,000 made annually, and interest payments made semi-annually, paid solely from funds derived from pledged housing revenues over the remaining term of the note.

On January 31, 2018, the Financing Corporation entered into a fixed rate loan agreement in the amount of \$5,500,000, authorizing the refunding of the Remarketed Parking System Bonds, Series 1998, which resulted in a defeasance of the variable rate revenue bonds. The proceeds from the fixed rate loan were used to refund the outstanding principal of the remarketed Parking System Bonds, Series 1998, of \$5,500,000. The loan is collateralized by Parking System revenues and the principal and interest payments are due the first day of each month in the amount of \$53,272 at a fixed interest rate of 2.71 percent per annum through to the maturity date of January 1, 2028. The covenants of the Parking System to produce pledged revenues sufficient to pay 100 percent of the costs of operation and maintenance of the facility plus 120 percent of debt service during each year.

The provisions of the various loan and note agreements generally provide that, in the event of default, the outstanding principal amount of the loan or note shall become immediately due and payable to the lender. The Financing Corporation had the following loans and notes payable outstanding at June 30, 2022:

Description	Beginning Balance		Reductions		Ending Balance			Current Portion
Direct Borrowings and Direct Placements: Warehouse Acquisition	\$	718.329.86	\$	292.305.36	\$	426.024.50	\$	299.255.64
Warehouse Improvements	φ	710,329.00	φ	292,305.30	φ	420,024.00	φ	299,200.04
and Renovations Student Housing Refunding Revenue		461,440.50		126,940.26		334,500.24		130,801.27
Note, Series 2016	4	1,880,000.00		2,295,000.00	3	9,585,000.00		2,415,000.00

2033-2037	12,380,000.00	1,092,964.50	13,472,964.50
2038	 2,275,000.00	 30,371.25	2,305,371.25
Total	\$ 43,654,390.25	\$ 8,658,043.14	\$ 52,312,433.39

<u>Right-to-Use Leases Payable</u>. The University follows GASB Statement No. 87, *Leases*. Space is leased from Barnett Tower Master Tenant, LLC, in the amount of \$3,213,435.68. Equipment is leased from Ricoh, USA, Inc. in the amount of \$977,275.86 and National Cooperative Leasing in the amount of \$248,642. The imputed interest rate is 3 percent for Barnett Tower Master Tenant, LLC and Ricoh, USA, Inc. The imputed interest rate is 2.67 percent for National Cooperative Leasing. Future minimum payments under the lease agreements and the present value of the minimum payments as of June 30, 2022, are as follows:

Fiscal Year Ending June 30	Total	Principal	Interest	
2023	\$ 567,699.71	\$ 449,675.85	\$ 118,023.86	
2024	566,539.41	464,695.00	101,844.41	
2025	505,040.76	415,757.89	89,282.87	
2026	505,040.76	428,403.58	76,637.18	
2027	505,040.76	441,433.89	63,606.87	
2028-2032	1,592,186.74	1,412,198.38	179,988.36	
2033	479,016.00	467,826.48	11,189.52	
Total Minimum Lease Payments	\$ 4,720,564.14	\$ 4,079,991.07	\$ 640,573.07	

Compensated Absences Payable. Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave earned pursuant to Board of Governors' Regulations, University regulations, and bargaining agreements. Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balance. The University reports a liability for the accrued leave; however, State noncapital appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the University expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. At June 30, 2022, the estimated liability for compensated absences, which includes the University's share of the Florida Retirement System and FICA contributions, totaled \$20,270,541.53. The current portion of the compensated absences liability, \$1,824,348.74, is the amount expected to be paid in the coming fiscal year and is based on the actual payouts over the last 3 fiscal years calculated as a percentage of those 3 years' total compensated absences liability.

<u>Other Postemployment Benefits Payable</u>. The University follows GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for certain postemployment healthcare benefits administered by the State Group Health Insurance Program.

General Information about the OPEB Plan

Plan Description. The Division of State Group Insurance's Other Postemployment Benefits Plan (OPEB Plan) is a multiple-employer defined benefit plan administered by the State of Florida. Pursuant to the provisions of Section 112.0801, Florida Statutes, all employees who retire from the University are eligible to participate in the State Group Health Insurance Program. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. A retiree means any officer or employee who retires under a State retirement system or State optional annuity or retirement program or is placed on disability retirement and who begins receiving retirement benefits immediately after retirement from employment. In addition, any officer or employee who retires under the Florida Retirement System Investment Plan is considered a "retiree" if he or she meets the age and service requirements to qualify for normal retirement or has attained the age of 59.5 years and has the years of service required for vesting. The University subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because retiree healthcare costs are generally greater than active employee healthcare costs. No assets

are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75. The OPEB Plan contribution requirements and benefit terms necessary for funding the OPEB Plan each year is on a pay-as-you-go basis as established by the Governor's recommended budget and the General Appropriations Act. Retirees are required to enroll in the Federal Medicare (Medicare) program for their primary coverage as soon as they are eligible.

Benefits Provided. The OPEB Plan provides healthcare benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above.

Proportionate Share of the Total OPEB Liability

The University's proportionate share of the total OPEB liability of \$141,953,954.98 was measured as of June 30, 2021, and was determined by an actuarial valuation as of July 1, 2020, updated to July 1, 2021, using the actuarial assumptions in the table below. At June 30, 2021, the University's proportionate share, determined by its proportion of total benefit payments made, was 1.347 percent, which was an increase of 0.029 from its proportionate share reported as of June 30, 2020.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.60 percent
Salary increases	Varies by FRS Class
Discount rate	2.18 percent
Healthcare cost trend rates: Preferred Provider Option Plan	7.95 percent for 2022, decreasing to an ultimate rate of 4.04 percent for 2076 and later years
Health Maintenance Organization Plan	6.02 percent for 2022, decreasing to an ultimate rate of 4.04 percent for 2076 and later years
Retirees' share of benefit-related costs	100 percent of projected health insurance premiums for retirees

The discount rate was based on the Bond Buyer General Obligation 20-year Municipal Bond Index.

Mortality rates were based on the PUB-2010 mortality tables with fully generational mortality improvement using Scale MP-2018.

While an experience study had not been completed for the OPEB Plan, the actuarial assumptions that determined the total OPEB liability for the OPEB Plan were based on certain results of the most recent experience study for the FRS Plan.

The following changes have been made since the prior valuation:

- Discount Rate The discount rate was updated to utilize the mandated discount rate based on a 20-year Standard & Poor's Municipal Bond Rate Index as of the measurement date, as required under GASB Statement No. 75. The discount rate decreased from 2.66 percent to 2.18 percent.
- Retirement Retirement rates were updated based on those used in the actuarial valuation of the Florida Retirement System (FRS) conducted by Milliman as of July 1, 2019, with certain

adjustments made to reflect the difference in the underlying populations. 60 percent of DSGI employees are assumed to become eligible for the Deferred Retirement Option Program (DROP), while the remaining 40 percent are assumed to participate in plans which do not offer DROP benefits. Rates were previously those used in Milliman's actuarial valuation of FRS as of July 1, 2015. This change decreased the Total OPEB Liability by about 7 percent as of the valuation date.

- Termination Termination rates were updated to those used in the actuarial valuation of the FRS conducted by Milliman as of July 1, 2019. Previously, rates were those used in Milliman's actuarial valuation of FRS as of July 1, 2015. This change increased the Total OPEB Liability by about 3 percent as of the valuation date.
- Disability Disability rates were updated to those used in the actuarial valuation of the FRS conducted by Milliman as of July 1, 2019. Previously, rates were those used in Milliman's actuarial valuation of FRS as of July 1, 2015. This change increased the Total OPEB Liability by about 0.5 percent as of the valuation date.
- Salary Scale Salary Increase rates were updated to those used in the actuarial valuation of the FRS conducted by Milliman as of July 1, 2019. Previously, rates were those used in Milliman's actuarial valuation of FRS as of July 1, 2015. This change increased the Total OPEB Liability by about 0.2 percent as of the valuation date.
- Active Medical Plan Election Rate Most actively employed participants in the Plan are health plan subscribers. Those participants are assumed to continue their current health coverage into retirement at a rate of 47 percent. For those who are not currently covered under the health plan, 3.7 percent are assumed to elect medical coverage in retirement. The resulting overall participation rate is 43 percent. Previously, the overall participation rate was 50 percent. This assumption is based on guidance provided by the DSGI on June 23, 2021. This change resulted in an 8 percent decrease in the Total OPEB Liability as of the valuation date.

Sensitivity of the University's Proportionate Share of the Total OPEB Liability to Changes in the Discount Rate. The following table presents the University's proportionate share of the total OPEB liability, as well as what the University's proportionate share of the total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.18 percent) or 1 percentage point higher (3.18 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(1.18%)	(2.18%)	(3.18%)
University's proportionate share of the total OPEB liability	\$176,337,081.77	\$141,953,954.98	\$115,950,643.52

Sensitivity of the University's Proportionate Share of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following table presents the University's proportionate share of the total OPEB liability, as well as what the University's proportionate share of the total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
University's proportionate share of the total OPEB liability	\$112,408,245.85	\$141,953,954.98	\$182,458,014.61

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.

For the fiscal year ended June 30, 2022, the University recognized OPEB expense of \$5,668,227.88. At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Description	Deferred Outflows of Resources			
Differences between expected				
and actual experience	\$	1,349,466.03	\$	-
Change of assumptions or other inputs		23,331,931.28		63,174,859.56
Changes in proportion and differences between University benefit payments				
and proportionate share of benefit payments		21,420,715.10		-
Transactions subsequent to the				
measurement date		2,243,712.08		-
Total	\$	48,345,824.49	\$	63,174,859.56

Of the total amount reported as deferred outflows of resources related to OPEB, \$2,243,712.08 resulting from transactions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the total OPEB liability and included in OPEB expense in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30	Amount
2023	\$ (5,201,202.77)
2024	(5,201,202.77)
2025	(5,201,202.77)
2026	(2,444,731.59)
2027	(829,933.46)
Thereafter	1,805,526.21
Total	\$ (17,072,747.15)

<u>Net Pension Liability</u>. As a participating employer in the FRS, the University recognizes its proportionate share of the collective net pension liabilities of the FRS cost-sharing multiple-employer defined benefit plans. As of June 30, 2022, the University's proportionate share of the net pension liabilities totaled \$35,719,654. Note 9. includes a complete discussion of defined benefit pension plans.

<u>Component Units – Loans and Notes Payable</u>. On May 20, 2010, TSI purchased a building and approximately 7.71 acres of land adjacent to the University for \$17,408,190. TSI executed three loan and note agreements totaling \$17,279,294 on May 20, 2010, through its financing corporation, UNF TSI Investments, LLC. A summary of the long-term debt activity associated with the purchase is shown in the following table:

Description	Beginning		Ending	Current
	Balance Reductions		Balance	Portion
Note Payable - UNF Foundation (1)	\$ 4,446,000	\$ 935,277	\$ 3,510,723	\$ 1,260,912

(1) Pursuant to a Memorandum of Understanding entered into between the TSI, UNF TSI Investments, LLC, and the Foundation, total loan funding to UNF TSI Investments, LLC from the Foundation will not exceed \$4.8 million and the TSI will be restricted from making any additional loans or otherwise pledging, collateralizing, or encumbering the property purchased or funding any capital projects as long as any portion of the loan remains unpaid.

9. Retirement Plans – Defined Benefit Pension Plans

General Information about the Florida Retirement System (FRS).

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 121, Florida Statutes, also provides for nonintegrated, optional retirement programs in lieu of the FRS to certain members of the Senior Management Service Class employed by the State and faculty and specified employees in the State university system. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the University are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The University's FRS and HIS pension expense totaled \$2,212,774 for the fiscal year ended June 30, 2022.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Senior Management Service Class (SMSC) Members in senior management level positions.
- *Special Risk Class* Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of creditable service except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of creditable service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS-participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age, and/or years of service, average final compensation, and credit service. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average final compensation is the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on retirement plan and/or the class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	<u>% Value</u>
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Senior Management Service Class	2.00
Special Risk Class	3.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2021-22 fiscal year were:

	Percent of Gross Salary	
<u>Class</u>	Employee	Employer (1)
FRS, Regular	3.00	10.82
FRS, Senior Management Service	3.00	29.01
FRS, Special Risk	3.00	25.89
Deferred Retirement Option Program (applicable to members from all of the above classes)	0.00	18.34
FRS, Reemployed Retiree	(2)	(2)

(1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

The University's contributions to the Plan totaled \$7,956,961 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the University reported a liability of \$13,737,689 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The University's proportionate share of the net pension

liability was based on the University's 2020-21 fiscal year contributions relative to the total 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the University's proportionate share was 0.181863080 percent, which was an increase of 0.007267183 from its proportionate share measured as of June 30, 2020.

For the year ended June 30, 2022, the University recognized pension expense of \$301,843. In addition, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	 rred Outflows Resources	 erred Inflows Resources
Differences between expected		
and actual experience	\$ 2,354,662	\$ -
Change of assumptions	9,400,009	-
Net difference between projected and actual earnings on FRS Plan investments	-	47,927,344
Changes in proportion and differences between University contributions and proportionate share		
of contributions	2,370,144	1,320,567
University FRS contributions subsequent to the measurement date	 7,956,961	
Total	\$ 22,081,776	\$ 49,247,911

The deferred outflows of resources totaling \$7,956,961, resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount	
2023	\$ (6,187,072)	
2024	(7,181,778)	
2025	(9,644,521)	
2026	(12,466,792)	
2027	357,067	
Total	\$ (35,123,096)	

Actuarial Assumptions. The total pension liability in the July 1, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	6.80 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target <u>Allocation (1)</u>	Annual Arithmetic <u>Return</u>	Compound Annual (Geometric) <u>Return</u>	Standard <u>Deviation</u>
Cash	1.0%	2.1%	2.1%	1.1%
Fixed Income	20.0%	3.8%	3.7%	3.3%
Global Equity	54.2%	8.2%	6.7%	17.8%
Real Estate (Property)	10.3%	7.1%	6.2%	13.8%
Private Equity	10.8%	11.7%	8.5%	26.4%
Strategic Investments	3.7%	5.7%	5.4%	8.4%
Total	100.0%	=		
Assumed inflation - Mean			2.4%	1.2%

(1) As outlined in the Plan's investment policy.

Discount Rate. The discount rate used to measure the total pension liability was 6.80 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2021 valuation was unchanged from the previous valuation.

Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the University's proportionate share of the net pension liability calculated using the discount rate of 6.80 percent, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.80 percent) or 1 percentage point higher (7.80 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(5.80%)	(6.80%)	(7.80%)
University's proportionate share of the net pension liability	\$61,435,864	\$13,737,689	\$(26,132,638)

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan. At June 30, 2022, the University reported a payable of \$907,720.16 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2022.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2022, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The University contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The University's contributions to the HIS Plan totaled \$1,048,454 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the University reported a liability of \$21,981,965 for its proportionate share of the net pension liability. The current portion of the net pension liability is the University's proportionate share of benefit payments expected to be paid within 1 year, net of the University's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020, and update procedures were used to determine the net pension liability as of June 30, 2021. The University's proportionate share of the total 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the University's proportionate share was 0.179203182 percent, which was an increase of 0.005274361 from its proportionate share measured as of June 30, 2020.

For the fiscal year ended June 30, 2022, the University recognized pension expense of \$1,910,931. In addition, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between expected				
and actual experience	\$	735,572	\$	9,207
Change of assumptions		1,727,290		905,713
Net difference between projected and actual earnings on HIS Plan investments		22,916		-
Changes in proportion and differences between University HIS contributions and proportionate				
share of HIS contributions		781,782		130,115
University HIS contributions subsequent to the				
measurement date		1,048,454		-
Total	\$	4,316,014	\$	1,045,035

The deferred outflows of resources totaling \$1,048,454, resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount	
2023	\$	621,048
2024		226,617
2025		392,301
2026		502,950
2027		385,702
Thereafter		93,907
Total	\$	2,222,525

Actuarial Assumptions. The total pension liability in the July 1, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent			
Salary increases	3.25 percent, average, including inflation			
Investment rate of return	6.80 percent, net of pension plan investmen expense, including inflation			

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 2.16 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is

considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate used in the 2021 valuation was updated from 2.21 percent to 2.16 percent.

Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the University's proportionate share of the net pension liability calculated using the discount rate of 2.16 percent, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.16 percent) or 1 percentage point higher (3.16 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(1.16%)	(2.16%)	(3.16%)
University's proportionate share of the net pension liability	\$25,413,280	\$21,981,965	\$19,170,769

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Annual Comprehensive Financial Report.

Payables to the Pension Plan. At June 30, 2022, the University reported a payable of \$148,522.22 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2022.

10. Retirement Plans – Defined Contribution Pension Plans

FRS Investment Plan. The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. University employees already participating in the State University System Optional Retirement Program or DROP are not eligible to participate in the Investment Plan. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contributions, that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.), as the FRS defined benefit plan. Contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2021-22 fiscal year were as follows:

	Percent of Gross
<u>Class</u>	Compensation
FRS, Regular	6.30
FRS, Senior Management Service	7.67
FRS, Special Risk Regular	14.00

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the FRS Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the University.

After termination and applying to receive benefits, the member may roll over vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The University's Investment Plan pension expense totaled \$2,679,814 for the fiscal year ended June 30, 2022.

<u>State University System Optional Retirement Program</u>. Section 121.35, Florida Statutes, provides for an Optional Retirement Program (Program) for eligible university instructors and administrators. The Program is designed to aid State universities in recruiting employees by offering more portability to employees not expected to remain in the FRS for 8 or more years.

The Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Employees in eligible positions can make an irrevocable election to participate in the Program, rather than the FRS, and purchase retirement and death benefits through contracts provided by certain insurance carriers. The employing university contributes 5.14 percent of the participant's salary to the participant's account, 4.19 percent to cover the unfunded actuarial liability of the FRS pension plan, and 0.01 percent to cover administrative costs, for a total of 9.34 percent, and employees contribute 3 percent of the employee's salary. Additionally, the employee may contribute, by payroll deduction, an amount not to exceed the percentage contributed by the University to the participant's annuity account. The contributions are invested in the company or companies selected by the participant to create a fund for the purchase of annuities at retirement.

The University's contributions to the Program totaled \$5,456,214.61, and employee contributions totaled \$2,905,673.29 for the 2021-22 fiscal year.

11. Construction Commitments

Project Description	Total Commitment	Completed to Date	Balance Committed
Competition Pool	\$ 10,363,924.46	\$ 10,251,054.52	\$ 112,869.94
Campus Wireless	6,184,831.59	4,818,164.99	1,366,666.60
HUC Catering Kitchen	6,446,728.01	1,201,480.00	5,245,248.01
MEDNEXUS Jacksonville	3,203,928.00	1,221,564.29	1,982,363.71
Lassiter Hall 2nd Floor Remodel	6,926,334.00	1,677,326.74	5,249,007.26
Recreation Facility Improvements	1,398,719.00	117,612.00	1,281,107.00
Subtotal	34,524,465.06	19,287,202.54	15,237,262.52
Other Projects (1)	16,731,984.27	8,810,261.86	7,921,722.41
Total	\$ 51,256,449.33	\$ 28,097,464.40	\$ 23,158,984.93

The University's construction commitments at June 30, 2022, were as follows:

(1) Individual projects with a total commitment of less than \$3 million and a current balance committed of less than \$1 million at June 30, 2022.

12. Risk Management Programs

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Pursuant to Section 1001.72(2), Florida Statutes, the University participates in State self-insurance programs providing insurance for property and casualty, workers' compensation, general liability, fleet automotive liability, Federal Civil Rights, and employment discrimination liability. During the 2021-22 fiscal year, for property losses, the State retained the first \$2 million per occurrence for all perils except named windstorm and flood. The State retained the first \$2 million per occurrence with an annual aggregate retention of \$40 million for named windstorm and flood losses. After the annual aggregate retention, losses in excess of \$2 million per occurrence were commercially insured up to \$57.5 million for named windstorm and flood through February 14, 2022, and decreased to \$56.3 million starting February 15, 2022. For perils other than named windstorm and flood, losses in excess of \$2 million per occurrence were commercially insured up to \$167.5 million through February 14, 2022, and increased to \$168.7 million starting February 15, 2022; and losses exceeding those amounts were retained by the State. No excess insurance coverage is provided for workers' compensation, general and automotive liability, Federal Civil Rights and employment action coverage; all losses in these categories are completely self-insured by the State through the State Risk Management Trust Fund established pursuant to Chapter 284, Florida Statutes. Payments on tort claims are limited to \$200,000 per person and \$300,000 per occurrence as set by Section 768.28(5), Florida Statutes. Calculation of premiums considers the cash needs of the program and the amount of risk exposure for each participant. Settlements have not exceeded insurance coverage during the past 3 fiscal years.

Pursuant to Section 110.123, Florida Statutes, University employees may obtain healthcare services through participation in the State group health insurance plan or through membership in a health

maintenance organization plan under contract with the State. The State's risk financing activities associated with State group health insurance, such as risk of loss related to medical and prescription drug claims, are administered through the State Employees Group Health Insurance Trust Fund. It is the practice of the State not to purchase commercial coverage for the risk of loss covered by this Fund. Additional information on the State's group health insurance plan, including the actuarial report, is available from the Florida Department of Management Services, Division of State Group Insurance.

<u>Commercially Purchased Insurance</u>. The University's insurance coverage is for professional medical liability that was obtained through commercially purchased insurance. The insurance policy coverage is for the College of Health students who conduct practicums and clinical rotations. Coverage limits are \$1 million per occurrence and \$5 million in the aggregate. Settled claims arising from these risks have not exceeded coverage in any of the past 3 fiscal years.

13. Functional Distribution of Operating Expenses

The functional classification of an operating expense (instruction, research, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of an academic department for which the primary departmental function is instruction may include some activities other than direct instruction such as research and public service. However, when the primary mission of the department consists of instructional program elements, all expenses of the department are reported under the instruction classification. The operating expenses on the statement of revenues, expenses, and changes in net position are presented by natural classifications. The following are those same expenses presented in functional classifications as recommended by NACUBO:

Functional Classification	Amount
Instruction	\$ 97,423,792.68
Research	12,483,642.52
Public Services	1,506,245.90
Academic Support	43,327,597.08
Student Services	16,255,951.38
Institutional Support	26,417,697.88
Operation and Maintenance of Plant	18,044,481.96
Scholarships, Fellowships, and Waivers	51,374,320.09
Depreciation	22,558,207.51
Auxiliary Enterprises	43,189,852.18
Total Operating Expenses	\$ 332,581,789.18

14. Segment Information

A segment is defined as an identifiable activity (or grouping of activities) that has one or more bonds or other debt instruments outstanding with a revenue stream pledged in support of that debt. In addition, the activity's related revenues, expenses, gains, losses, assets, deferred outflows of resources, and liabilities are required to be accounted for separately. The following financial information for the University's Parking System, Housing System, Student Union, and Student Wellness Center represents identifiable activities for which one or more bonds and/or loans or notes are outstanding:

Condensed Statement of Net Position

	Parking System	Housing System	Student Union	Student Wellness Center

1. Schedule of the University's Proportionate Share of the Total Other Postemployment Benefits Liability

No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Changes of Assumptions. The discount rate was updated to utilize the mandated discount rate based on a 20-year Standard & Poor's Municipal Bond Rate Index as of the measurement date, as required under GASB Statement No. 75. The discount rate decreased from 2.66 percent to 2.18 percent. Other changes of assumptions since the prior valuation were updates to retirement rates, termination rates, disability rates, salary scale rates to those used in the actuarial valuation of the Florida Retirement System conducted by Milliman as of July 1, 2019, as well as the medical plan election percentages. Refer to Note 8. to the financial statements for further detail.

2. Schedule of Net Pension Liability and Schedule of Contributions – Florida Retirement System Pension Plan

Changes of Assumptions. In 2021, the maximum amortization period was decreased to 20 years for all current and future amortization bases.

3. Schedule of Net Pension Liability and Schedule of Contributions – Health Insurance Subsidy Pension Plan

Changes of Assumptions. In 2021, the municipal rate used to determine total pension liability decreased from 2.21 percent to 2.16 percent.

Sherrill F. Norman, CPA Auditor General

AUDITOR GENERAL STATE OF FLORIDA

Claude Denson Pepper Building, Suite G74 111 West Madison Street Tallahassee, Florida 32399-1450

Phone: (850) 412-2722 Fax: (850) 488-6975

The President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the University of North Florida, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated March 22, 2023, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the blended and aggregate discretely presented component units, as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on

a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA Tallahassee, Florida March 22, 2023
