DISTRICT SCHOOL BOARD**

Florida Education Finance Program
Full-Time Equivalent Student Enrollment
and Student Transportation

For the Fiscal Year Ended June 30, 2024

Sherrill F. Norman, CPA
Auditor General

Board Members and Superintendent

During the 2023-24 fiscal year, Buddy L. Brown served as Superintendent and the following individuals served as Board members:

	<u>District No.</u>
Charley Wilson	1
Wilburn G. Baker, Chair	2
Natalie Miller	3
Shirley Owens	4
Leesa Lee, Vice Chair	5

The team leader was Clayton G. Dyer, and the examination was supervised by Jennifer Taylor, CPA.

Please address inquiries regarding this report to Jacqueline Bell, CPA, Audit Manager, by e-mail at jacquelinebell@aud.state.fl.us or by telephone at (850) 412-2811.

SUMMARY

SUMMARY OF ATTESTATION EXAMINATION

Except for the material noncompliance described below involving reporting errors or records that were not properly or accurately prepared or were not available at the time of our examination and could not be subsequently located for students in English for Speakers of Other Languages (ESOL), the Holmes County District School Board (District) complied, in all material respects, with State requirements relating to the classification, assignment, and verification of the full-time equivalent (FTE) student enrollment, including teacher certification, and student transportation as reported under the Florida Education Finance Program (FEFP) for the fiscal year ended June 30, 2024.

Specifically, we noted exceptions involving reporting errors or records that were not properly or accurately prepared or were not available at the time of our examination and could not subsequently be located for two of the three students in our ESOL test.

The District did not report any charter schools; therefore, all our tests relate to District schools other than charter schools and to the District's virtual instruction program. Noncompliance related to the reported FTE student enrollment resulted in one finding. The resulting proposed net adjustment to the District's reported, unweighted FTE totaled .0000 but has a potential impact on the District's weighted FTE of negative .0699. Noncompliance related to student transportation resulted in four findings and a proposed net adjustment of negative five students.

The weighted adjustments to the FTE student enrollment are presented in our report for illustrative purposes only. The weighted adjustments to the FTE student enrollment do not take special program caps and allocation factors into account and are not intended to indicate the weighted FTE used to compute the dollar value of adjustments. That computation is the responsibility of the Department of Education (DOE). However, the gross dollar effect of our proposed adjustments to the FTE may be estimated by multiplying the proposed net weighted adjustments to the FTE student enrollment by the base student allocation amount. The base student allocation for the fiscal year ended June 30, 2024, was \$5,139.73 per FTE. For the District, the estimated gross dollar effect of our proposed adjustments to the reported FTE student enrollment is negative \$359 (negative .0699 times \$5,139.73).

We have not presented an estimate of the potential dollar effect of our proposed adjustments to student transportation because there is no equivalent method for making such an estimate.

The ultimate resolution of our proposed adjustments to the FTE student enrollment and student transportation and the computation of their financial impact is the responsibility of the DOE.

THE DISTRICT

The District was established pursuant to Section 1001.30, Florida Statutes, to provide public educational services for the residents of Holmes County, Florida. Those services are provided primarily to prekindergarten (PK) through 12th-grade students and to adults seeking career education-type training. The District is part of the State system of public education under the general direction and control of the State Board of Education (SBE). The geographic boundaries of the District are those of Holmes County.

The governing body of the District is the District School Board that is composed of five elected members. The executive officer of the Board is the elected Superintendent of Schools. The District had eight schools,¹ and two virtual education cost centers serving PK through 12th-grade students. The District did not report any charter schools.

For the fiscal year ended June 30, 2024, State funding totaling \$22.4 million was provided through the FEFP to the District for the District-reported 3,089.19 unweighted FTE as recalibrated. The primary sources of funding for the District are funds from the FEFP, local ad valorem taxes, and Federal grants and donations.

FEFP

FTE Student Enrollment

Florida school districts receive State funding through the FEFP to serve PK through 12th-grade students (adult education is not funded by the FEFP). The FEFP was established by the Florida Legislature in 1973 to guarantee to each student in the Florida public school system, including charter schools, the availability of programs and services appropriate to the student’s educational needs that are substantially equal to those available to any similar student notwithstanding geographic differences and varying local economic factors. To provide equalization of educational opportunity in Florida, the FEFP formula recognizes: (1) varying local property tax bases, (2) varying program cost factors, (3) district cost differentials, and (4) differences in per-student costs for equivalent educational programs due to sparsity and dispersion of student population.

The funding provided by the FEFP is based on the numbers of individual students participating in particular educational programs. A numerical value is assigned to each student according to the student’s hours and days of attendance in those programs. The individual student thus becomes equated to a numerical value known as an unweighted FTE student enrollment. For brick and mortar school students, one student would be reported as 1.0 FTE if the student was enrolled in six courses per day at 50 minutes per course for the full 180-day school year (i.e., six courses at 50 minutes each per day is 5 hours of class a day or 25 hours per week, which equates to 1.0 FTE). For virtual education students, one student would be reported as 1.0 FTE if the student has successfully completed six courses or credits or the prescribed level of content that counts toward promotion to the next grade. A student who completes less than six credits will be reported as a fraction of an FTE. Half-credit completions will be included in determining an FTE student enrollment. Credits completed by a student in excess of the minimum required for that student for graduation are not eligible for funding.

School districts report all FTE student enrollment regardless of the 1.0 FTE cap. The DOE combines all FTE student enrollment reported for the student by all school districts, including the Florida Virtual School. The DOE then recalibrates all reported FTE student enrollment for each student to 1.0 FTE if the total reported FTE for the student exceeds 1.0 FTE. The FTE student enrollment reported by the Department of Juvenile Justice (DJJ) for FTE student enrollment earned beyond the 180-day school year, and FTE reported for the Family Empowerment Scholarship Programs are not included in the recalibration to 1.0 FTE.

¹ Includes the Family Empowerment Scholarship Programs identified with special use school numbers.

All FTE student enrollment is capped at 1.0 FTE except for the FTE student enrollment reported by the DJJ for students beyond the 180-day school year and FTE related to the Family Empowerment Scholarship Programs. However, if a student only has FTE student enrollment reported in one FTE membership survey² of the 180-day school year (Survey 2 or Survey 3), the FTE student enrollment reported will be capped at .5000 FTE, even if FTE student enrollment is reported in Survey 1 or Survey 4, with the exception of FTE student enrollment reported by the DJJ for students beyond the 180-day school year and FTE related to Family Empowerment Scholarship Programs.

Student Transportation

Any student who is transported by the District must meet one or more of the following conditions to be eligible for State transportation funding: live 2 or more miles from school, be classified as a student with a disability under Individuals with Disabilities Education Act (IDEA) or be a student with a parent enrolled in the Teenage Parent Program, be a Career Education 9-12 or an ESE student who is transported from one school center to another where appropriate programs are provided, or be on a route that meets the criteria for hazardous walking conditions specified in Section 1006.23, Florida Statutes. The District received \$729,997 for student transportation as part of the State funding through the FEFP.

² FTE is determined and reported during the school year by means of four FTE membership surveys that are conducted under the direction of district and school management. See Note A6. for more information on surveys.

INDEPENDENT AUDITOR'S REPORT

Report on Full-Time Equivalent Student Enrollment

We have examined the Holmes County District School Board's (District's) compliance with State requirements relating to the classification, assignment, and verification of the full-time equivalent student enrollment including teacher certification reported under the Florida Education Finance Program for the fiscal year ended June 30, 2024. These requirements are found primarily in Sections 1011.60, 1011.61, and 1011.62, Florida Statutes; State Board of Education Rules, Chapter 6A-1, Florida Administrative Code; and the *FTE General Instructions 2023-24* issued by the Department of Education.

Management's Responsibility for Compliance

District management is responsible for the District's compliance with the aforementioned State requirements, including the design, implementation, and maintenance of internal control to prevent, or detect and correct, noncompliance due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the District's compliance with State requirements based on our examination. Our examination was conducted in accordance with attestation standards for a direct examination engagement established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the classification, assignment, and verification of the full-time equivalent student enrollment including teacher certification reported by the District under the Florida Education Finance Program complied with State requirements in all material respects.

An examination involves performing procedures to obtain evidence about whether the District complied with State requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error.

We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our modified opinion. Our examination does not provide a legal determination on the District's compliance with State requirements. The legal determination of the District's compliance with these requirements is the responsibility of the Department of Education.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our examination engagement.

An examination by its nature does not include a review of all records and actions of District management and staff and, as a consequence cannot be relied upon to identify all instances of noncompliance, fraud, waste, abuse, or inefficiency. Because of these limitations and the inherent limitations of internal control, an unavoidable risk exists that some material noncompliance may not be detected, even though the examination is properly planned and performed in accordance with attestation standards.

Opinion

Our examination disclosed material noncompliance with State requirements relating to the classification, assignment, and verification of full-time equivalent student enrollment as reported under the Florida Education Finance Program for students in our English for Speakers of Other Languages test involving reporting errors or records that were not properly or accurately prepared or were not available at the time of our examination and could not be subsequently located.

In our opinion, except for the material noncompliance with State requirements described in the preceding paragraph involving reporting errors or records, the Holmes County District School Board complied, in all material respects, with State requirements relating to the classification, assignment, and verification of the full-time equivalent student enrollment including teacher certification reported under the Florida Education Finance Program for the fiscal year ended June 30, 2024.

Other Reporting Required by *Government Auditing Standards*

In accordance with attestation standards established by *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses³ in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the District's compliance with State requirements; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and waste and abuse that has a material effect on the District's compliance with State requirements. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions.

We performed our examination to express an opinion on the District's compliance with State requirements and not for the purpose of expressing an opinion on the District's related internal control over compliance with State requirements; accordingly, we express no such opinion. Because of its limited purpose, our examination would not necessarily identify all deficiencies in internal control over compliance that might

³ A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that material noncompliance will not be prevented, or detected and corrected, on a timely basis.

be significant deficiencies or material weaknesses. However, the material noncompliance mentioned above is indicative of significant deficiencies considered to be material weaknesses in the District's internal controls related to reporting errors or records that were not properly or accurately prepared or were not available at the time of our examination and could not be subsequently located for students in English for Speakers of Other Languages. Our examination disclosed certain findings that are required to be reported under *Government Auditing Standards* and all findings, along with the views of responsible officials, are described in *SCHEDULE D* and *MANAGEMENT'S RESPONSE*, respectively. The impact of this noncompliance with State requirements on the District's reported full-time equivalent student enrollment including teacher certification is presented in *SCHEDULES A, B, C, and D*.

The District's written response to this examination has not been subjected to our examination procedures and, accordingly, we express no opinion on it.

Purpose of this Report

Pursuant to Section 11.45(4)(c), Florida Statutes, this report is a public record and its distribution is not limited. Attestation standards established by the American Institute of Certified Public Accountants require us to indicate that the purpose of this report is to provide an opinion on the District's compliance with State requirements. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

A handwritten signature in blue ink that reads "Sherrill F. Norman". The signature is written in a cursive style with a large initial 'S'.

SCHEDULE A

POPULATIONS, TEST SELECTION, AND TEST RESULTS FULL-TIME EQUIVALENT STUDENT ENROLLMENT

Reported FTE Student Enrollment

The funding provided by the FEFP is based on the numbers of individual students participating in particular educational programs. The FEFP funds ten specific programs that are grouped under four general program titles: Basic, ESOL, ESE, and Career Education 9-12. The unweighted FTE represents the FTE prior to the application of the specific cost factor for each program. (See *SCHEDULE B* and NOTE A3., A4., and A5.) For the fiscal year ended June 30, 2024, the Holmes County District School Board (District) reported to the DOE 3,089.19 unweighted FTE as recalibrated at eight District schools and two virtual education cost centers. The District did not report any charter schools.

Schools and Students

As part of our examination procedures, we tested the FTE student enrollment reported to the DOE for schools and students for the fiscal year ended June 30, 2024. (See NOTE B.) The population of schools (ten) included the total number of brick and mortar schools in the District that offered courses as well as the virtual education cost centers in the District that offered virtual instruction in the FEFP-funded programs. The population of students (1,137) consisted of the total number of students in each program at the schools and cost centers in our tests.

We noted the following material noncompliance: exceptions involving reporting errors or records that were not properly or accurately prepared or were not available at the time of our examination and could not be subsequently located for two of the three students in our ESOL test.⁴

Our populations and tests of schools and students are summarized as follows:

Programs	Number of Schools		Number of Students at Schools Tested		Students With Exceptions	Recalibrated Unweighted FTE		Proposed Adjustments
	Population	Test	Population	Test		Population	Test	
Basic	10	3	974	34	-	2,470.0700	22.9279	.3177
Basic with ESE Services	10	3	158	12	-	533.3200	8.3538	.0000
ESOL	2	1	3	3	2	2.5600	.8325	(.3177)
ESE Support Levels 4 and 5	5	1	2	2	-	4.1500	.4068	.0000
Career Education 9-12	6	-	-	-	-	<u>79.0900</u>	<u>.0000</u>	<u>.0000</u>
All Programs	10	3	<u>1,137</u>	<u>51</u>	<u>2</u>	<u>3,089.1900</u>	<u>32.5210</u>	<u>.0000</u>

⁴ For ESOL, the material noncompliance is disclosed in Finding 1 on *SCHEDULE D*.

Teachers

We also tested teacher qualifications as part of our examination procedures. (See NOTE B.) The population of teachers (48) consisted of the total number of teachers at schools in our test who taught courses in ESE Support Levels 4 and 5, Career Education 9-12, or taught courses to ELL students, and of the total number of teachers reported under virtual education cost centers in our test who taught courses in Basic, Basic with ESE Services, ESE Support Levels 4 and 5, Career Education 9-12, or taught courses to ELL students. From the population of teachers, we selected 38 and found no exceptions.

Proposed Adjustments

Our proposed adjustments present the net effects of noncompliance disclosed by our examination procedures, including those related to our test of teacher qualifications. Our proposed adjustments generally reclassify the reported FTE to Basic education, except for noncompliance involving a student's enrollment or attendance in which case the reported FTE is taken to zero. (See *SCHEDULES B, C, and D.*)

The ultimate resolution of our proposed adjustments to the FTE student enrollment and the computation of their financial impact is the responsibility of the DOE.

SCHEDULE B

EFFECT OF PROPOSED ADJUSTMENTS ON WEIGHTED FULL-TIME EQUIVALENT STUDENT ENROLLMENT

<u>No. Program</u> ¹	<u>Proposed Net Adjustment</u> ²	<u>Cost Factor</u>	<u>Weighted FTE</u> ³
103 Basic 9-12	.3177	.988	.3139
130 ESOL	(.3177)	1.208	(.3838)
Total	<u>.0000</u>		<u>(.0699)</u>

¹ See NOTE A7.

² These proposed net adjustments are for unweighted FTE. (See *SCHEDULE C.*)

³ Weighted adjustments to the FTE are presented for illustrative purposes only. The weighted adjustments to the FTE do not take special program caps or allocation factors into consideration and are not intended to indicate the FTE used to compute the dollar value of adjustments. That computation is the responsibility of the DOE. (See NOTE A5.)

SCHEDULE C

¹ These proposed net adjustments are for unweighted FTE. (See Note A5.)

SCHEDULE D

FINDINGS AND PROPOSED ADJUSTMENTS FULL-TIME EQUIVALENT STUDENT ENROLLMENT

Overview

Holmes County District School Board (District) management is responsible for determining that the FTE student enrollment including teacher certification as reported under the FEFP is in compliance with State requirements. These requirements are found primarily in Sections 1011.60, 1011.61, and 1011.62, Florida Statutes; SBE Rules, Chapter 6A-1, FAC; and the *FTE General Instructions 2023-24* issued by the DOE. All noncompliance disclosed by our examination procedures is discussed below and requires management’s attention and action as presented in *SCHEDULE E*.

Findings

Our examination included the July and October 2023 reporting survey periods and the February and June 2024 reporting survey periods. (See NOTE A6.) Unless otherwise specifically stated, the Findings and Proposed Adjustments presented herein are for the October 2023 reporting survey period, the February 2024 reporting survey period, or both. Accordingly, our Findings do not mention specific reporting survey periods unless necessary for a complete understanding of the instances of noncompliance being disclosed.

Popular Springs High School (#0031)

1. [Ref. 3101] The *ELL Student Plans* for two students were not completed until November 17, 2023, which was after the October reporting survey period. We propose the following adjustment:

103 Basic 9-12	.3177	
130 ESOL	<u>(.3177)</u>	<u>.0000</u>
		<u>.0000</u>
Proposed Net Adjustment		<u>.0000</u>

**Proposed Net
Adjustments
(Unweighted FTE)**

SCHEDULE E

FINDING CAUSES, RECOMMENDATIONS, AND REGULATORY CITATIONS FULL-TIME EQUIVALENT STUDENT ENROLLMENT

FINDING CAUSES AND RECOMMENDATIONS

Holmes County District School Board (District) management indicated that the issue identified in *SCHEDULE D* could be attributed to staff oversight and misunderstanding of procedures. (Finding 1)

We recommend that District management exercise more care and take corrective action, as appropriate, to ensure that *ELL Student Plans* are timely prepared.

The absence of statements in this report regarding practices and procedures followed by the District should not be construed as acceptance, approval, or endorsement of those practices and procedures. Additionally, the specific nature of this report does not limit or lessen the District's obligation to comply with all State requirements relating to the classification, assignment, and verification of the FTE student enrollment including teacher certification as reported under the FEFP.

NOTES TO SCHEDULES

<p>NOTE A – SUMMARY FULL-TIME EQUIVALENT STUDENT ENROLLMENT</p>

A summary discussion of the significant features of the Holmes County District School Board (District), the FEFP, the FTE, and related areas is provided below.

1. The District

The District was established pursuant to Section 1001.30, Florida Statutes, to provide public educational services for the residents of Holmes County, Florida. Those services are provided primarily to PK through 12th-grade students and to adults seeking career education-type training. The District is part of the State system of public education under the general direction and control of the SBE. The geographic boundaries of the District are those of Holmes County.

The governing body of the District is the District School Board that is composed of five elected members. The executive officer of the Board is the elected Superintendent of Schools. The District had eight schools and two virtual education cost centers serving PK through 12th-grade students. The District did not report any charter schools.

For the fiscal year ended June 30, 2024, State funding totaling \$22.4 million was provided through the FEFP to the District for the District-reported 3,089.19 unweighted FTE as recalibrated. The primary sources of funding for the District are funds from the FEFP, local ad valorem taxes, and Federal grants and donations.

2. FEFP

Florida school districts receive State funding through the FEFP to serve PK through 12th-grade students (adult education is not funded by the FEFP). The FEFP was established by the Florida Legislature in 1973 to guarantee to each student in the Florida public school system, including charter schools, the availability of programs and services appropriate to the student's educational needs that are substantially equal to those available to any similar student notwithstanding geographic differences and varying local economic factors. To provide equalization of educational opportunity in Florida, the FEFP formula recognizes: (1) varying local property tax bases, (2) varying program cost factors, (3) district cost differentials, and (4) differences in per-student cost for equivalent educational programs due to sparsity and dispersion of student population.

3. FTE Student Enrollment

The funding provided by the FEFP is based on the numbers of individual students participating in particular educational programs. A numerical value is assigned to each student according to the student's hours and days of attendance in those programs. The individual student thus becomes equated to a numerical value known as an unweighted FTE student enrollment. For example, for PK through 3rd-grade, 1.0 FTE is defined as one student in membership in a program or a group of programs for 20 hours per week for 180 days; for grade levels 4 through 12, 1.0 FTE is defined as one student in membership in a program or a group of programs for 25 hours per week for 180 days. For brick and

mortar school students, one student would be reported as 1.0 FTE if the student was enrolled in six courses per day at 50 minutes per course for the full 180-day school year (i.e., six courses at 50 minutes each per day is 5 hours of class a day or 25 hours per week, which equates to 1.0 FTE). For virtual education students, one student would be reported as 1.0 FTE if the student has successfully completed six courses or credits or the prescribed level of content that counts toward promotion to the next grade. A student who completes less than six credits will be reported as a fraction of an FTE. Half-credit completions will be included in determining an FTE student enrollment. Credits completed by a student in excess of the minimum required for that student for graduation are not eligible for funding.

4. Recalibration of FTE to 1.0

School districts report all FTE student enrollment regardless of the 1.0 FTE cap. The DOE combines all FTE student enrollment reported for the student by all school districts, including the Florida Virtual School. The DOE then recalibrates all reported FTE student enrollment for each student to 1.0 FTE if the total reported FTE for the student exceeds 1.0 FTE. The FTE student enrollment reported by the DJJ for FTE student enrollment earned beyond the 180-day school year, FTE related to the Family Empowerment Scholarship Programs are not included in the recalibration to 1.0 FTE.

All FTE student enrollment is capped at 1.0 FTE except for the FTE student enrollment reported by the DJJ for students beyond the 180-day school year and FTE related to the Family Empowerment Scholarship Programs. However, if a student only has FTE student enrollment reported in one FTE membership survey of the 180-day school year (Survey 2 or Survey 3), the FTE student enrollment reported will be capped at .5000 FTE, even if FTE student enrollment is reported in Survey 1 or Survey 4, with the exception of FTE student enrollment reported by the DJJ for students beyond the 180-day school year and FTE related to Family Empowerment Scholarship Programs.

5. Calculation of FEFP Funds

The amount of State and local FEFP funds is calculated by the DOE by multiplying the number of unweighted FTE in each educational program by the specific cost factor of each program to obtain weighted FTEs. Weighted FTEs are multiplied by the base student allocation amount and that product is multiplied by the appropriate cost differential factor. Various adjustments are then added to obtain the total State and local FEFP dollars. All cost factors, the base student allocation amount, cost differential factors, and various adjustment figures are established by the Florida Legislature.

6. FTE Reporting Surveys

The FTE is determined and reported during the school year by means of four FTE membership surveys that are conducted under the direction of district and school management. Each survey is a determination of the FTE membership for a period of 1 week. The surveys for the 2023-24 school year were conducted during and for the following weeks at the applicable schools: Survey 1 was performed July 10 through 14, 2023; Survey 2 was performed October 9 through 13, 2023; Survey 3 was performed February 5 through 9, 2024; and Survey 4 was performed June 10 through 14, 2024.

7. Educational Programs

The FEFP funds ten specific programs under which instruction may be provided as authorized by the Florida Legislature. The general program titles under which these specific programs fall are: (1) Basic, (2) ESOL, (3) ESE, and (4) Career Education 9-12.

8. Statutes and Rules

The following statutes and rules are of significance to the administration of Florida public education:

Chapter 1000, Florida Statutes, *Early Learning-20 General Provisions*

Chapter 1001, Florida Statutes, *Early Learning-20 Governance*

Chapter 1002, Florida Statutes, *Student and Parental Rights and Educational Choices*

Chapter 1003, Florida Statutes, *Public K-12 Education*

Chapter 1006, Florida Statutes, *Support for Learning*

Chapter 1007, Florida Statutes, *Articulation and Access*

Chapter 1010, Florida Statutes, *Financial Matters*

Chapter 1011, Florida Statutes, *Planning and Budgeting*

Chapter 1012, Florida Statutes, *Personnel*

SBE Rules, Chapter 6A-1, FAC, *Finance and Administration*

SBE Rules, Chapter 6A-4, FAC, *Certification*

SBE Rules, Chapter 6A-6, FAC, *Special Programs I*

NOTE B – TESTING FTE STUDENT ENROLLMENT
--

Our examination procedures for testing provided for the selection of schools, students, and teachers using judgmental methods for testing the FTE student enrollment including teacher certification as reported under the FEFP to the DOE for the fiscal year ended June 30, 2024. Our testing process was designed to facilitate the performance of appropriate examination procedures to test the District's compliance with State requirements relating to the classification, assignment, and verification of the FTE student enrollment including teacher certification as reported under the FEFP. The following schools were selected for testing:

<u>School</u>	<u>Finding(s)</u>
1. Popular Springs High School	1
2. Holmes County High School	NA
3. Holmes Virtual Franchise	NA

INDEPENDENT AUDITOR'S REPORT

Report on Student Transportation

We have examined the Holmes County District School Board's (District's) compliance with State requirements relating to the classification, assignment, and verification of student transportation as reported under the Florida Education Finance Program for the fiscal year ended June 30, 2024. These requirements are found primarily in Chapter 1006, Part I, E. and Section 1011.68, Florida Statutes; State Board of Education Rules, Chapter 6A-3, Florida Administrative Code; and the *FTE General Instructions 2023-24 (Appendix G)* issued by the Department of Education.

Management's Responsibility for Compliance

District management is responsible for the District's compliance with the aforementioned State requirements, including the design, implementation, and maintenance of internal control to prevent, or detect and correct, noncompliance due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the District's compliance with State requirements based on our examination. Our examination was conducted in accordance with attestation standards for a direct examination engagement established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the classification, assignment, and verification of student transportation reported by the District under the Florida Education Finance Program complied with State requirements in all material respects.

An examination involves performing procedures to obtain evidence about whether the District complied with State requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for

our opinion. Our examination does not provide a legal determination on the District's compliance with State requirements. The legal determination of the District's compliance with these requirements is, however, ultimately the responsibility of the Department of Education.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our examination engagement.

An examination by its nature does not include a review of all records and actions of District management and staff and, as a consequence cannot be relied upon to identify all instances of noncompliance, fraud, waste, abuse, or inefficiency. Because of these limitations and the inherent limitations of internal control, an unavoidable risk exists that some material noncompliance may not be detected, even though the examination is properly planned and performed in accordance with attestation standards.

Opinion

In our opinion, the Holmes County District School Board complied, in all material respects, with State requirements relating to the classification, assignment, and verification of student transportation reported under the Florida Education Finance Program for the fiscal year ended June 30, 2024.

Other Reporting Required by *Government Auditing Standards*

In accordance with attestation standards established by *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses⁵ in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the District's compliance with State requirements; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and waste and abuse that has a material effect on the District's compliance with State requirements. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions.

We performed our examination to express an opinion on the District's compliance with State requirements and not for the purpose of expressing an opinion on the District's related internal control over compliance with State requirements; accordingly, we express no such opinion. Our examination disclosed certain findings that are required to be reported under *Government Auditing Standards* and all findings, along with the views of responsible officials, are described in *SCHEDULE G* and *MANAGEMENT'S RESPONSE*, respectively. Because of its limited purpose, our examination would not necessarily identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. The impact of this noncompliance with State requirements on the District's reported student transportation is presented in *SCHEDULES F* and *G*.

The District's written response to this examination has not been subjected to our examination procedures and, accordingly, we express no opinion on it.

⁵ A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that material noncompliance will not be prevented, or detected and corrected, on a timely basis.

Purpose of this Report

Pursuant to Section 11.45(4)(c), Florida Statutes, this report is a public record and its distribution is not limited. Attestation standards established by the American Institute of Certified Public Accountants require us to indicate that the purpose of this report is to provide an opinion on the District's compliance with State requirements. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA
Tallahassee, Florida
February 26, 2026

SCHEDULE F

POPULATIONS, TEST SELECTION, AND TEST RESULTS STUDENT TRANSPORTATION

Any student who is transported by the Holmes County District School Board (District) must meet one or more of the following conditions to be eligible for State transportation funding: live 2 or more miles from school, be classified as a student with a disability under IDEA or be a student with a parent enrolled in the Teenage Parent Program, be a Career Education 9-12 or an ESE student who is transported from one school center to another where appropriate programs are provided, or be on a route that meets the criteria for hazardous walking conditions specified in Section 1006.23(2), Florida Statutes. (See NOTE A1.)

As part of our examination procedures, we tested student transportation as reported to the DOE for the fiscal year ended June 30, 2024. (See NOTE B.) The population of vehicles (74) consisted of the total number of vehicles (buses, vans, or passenger cars) reported by the District for all reporting survey periods. For example, a vehicle that transported students during the July and October 2023 and February and June 2024 reporting survey periods would be counted in the population as four vehicles. Similarly, the population of students (2,696) consisted of the total number of funded students reported by the District as having been transported for all reporting survey periods. (See NOTE A2.) The District reported students in the following ridership categories:

<u>Ridership Category</u>	<u>Number of Funded Students Transported</u>
IDEA – PK through Grade 12, Weighted	8
All Other FEFP Eligible Students	<u>2,688</u>
Total	<u>2,696</u>

Students with exceptions are students with exceptions affecting their ridership category. Students cited only for incorrect reporting of DIT, if any, are not included in our error-rate determination.

Our examination results are summarized below:

<u>Description</u>	<u>Buses</u>	<u>Students</u>	
	<u>Proposed Net Adjustment</u>	<u>With Exceptions</u>	<u>Proposed Net Adjustment</u>
We noted that the reported number of buses in operation was understated.	1	-	-
Our tests included 188 of the 2,696 students reported as being transported by the District.	-	3	(3)
In conjunction with our general tests of student transportation we identified certain issues related to 2 additional students.	-	<u>2</u>	<u>(2)</u>
Totals	<u>1</u>	<u>5</u>	<u>(5)</u>

Our proposed net adjustment presents the net effect of noncompliance disclosed by our examination procedures. (See *SCHEDULE G*.)

The ultimate resolution of our proposed net adjustment and the computation of its financial impact is the responsibility of the DOE.

SCHEDULE G

FINDINGS AND PROPOSED ADJUSTMENTS STUDENT TRANSPORTATION

Overview

Holmes County District School Board (District) management is responsible for determining that student transportation as reported under the FEFP is in compliance with State requirements. These requirements are found primarily in Chapter 1006, Part I, E. and Section 1011.68, Florida Statutes; SBE Rules, Chapter 6A-3, FAC; and the *FTE General Instructions 2023-24 (Appendix G)* issued by the DOE. All noncompliance disclosed by our examination procedures is discussed below and requires management's attention and action as presented in *SCHEDULE H*.

Findings

Our examination procedures included both general tests and detailed tests. Our general tests included inquiries concerning the District's transportation of students and verification that a bus driver's report existed for each bus reported in a survey period. Our detailed tests involved verification of the specific ridership categories reported for students in our tests from the October 2023 reporting survey period and the February 2024 reporting survey period. Adjusted students who were in more than one reporting survey period are accounted for by reporting survey period. For example, a student included in our tests twice (e.g., once for the October 2023 reporting survey period and once for the February 2024 reporting survey period) will be presented in our Findings as two test students.

1. [Ref. 52] Our general tests disclosed that the number of buses in operation was understated by one bus in the February 2024 reporting survey period due to a data entry error when keying in the bus numbers. We propose the following adjustment:

February 2024 Survey

Number of Buses In Operation	<u>1</u>	0
------------------------------	----------	---

2. [Ref. 51] Our general tests disclosed that 1,259 students were reported for an incorrect number of DIT during the February 2024 reporting survey period due to inclement weather. The students were reported for 90 DIT rather than 89 DIT based on the District's instructional calendar. We propose the following adjustments:

February 2024 Survey

90 Days in Term

IDEA - PK through Grade 12, Weighted	(4)
All Other FEFP Eligible Students	(1,255)

**Students
Transported
Proposed Net
Adjustments**

<u>Findings</u>		<u>Students Transported Proposed Net Adjustments</u>
<u>89 Days in Term</u>		
IDEA - PK through Grade 12, Weighted	4	
All Other FEFP Eligible Students	<u>1,255</u>	0
<p>3. [Ref. 53] Our general tests disclosed that two students were not marked as riding the bus for the October 2023 reporting survey period (one student) or were not listed on the bus driver report for the February 2024 reporting survey period (one student). We propose the following adjustments:</p>		
October 2023 Survey		
<u>90 Days in Term</u>		
All Other FEFP Eligible Students	(1)	
February 2024 Survey		
<u>89 Days in Term</u>		
All Other FEFP Eligible Students	<u>(1)</u>	(2)
<p>4. [Ref. 54] Three students in our test were incorrectly reported in the All Other FEFP Eligible Students ridership category. The students lived less than 2 miles from the students' assigned school and were not otherwise eligible for State transportation funding. We propose the following adjustments:</p>		
October 2023 Survey		
<u>90 Days in Term</u>		
All Other FEFP Eligible Students	(1)	
February 2024 Survey		
<u>89 Days in Term</u>		
All Other FEFP Eligible Students	<u>(2)</u>	<u>(3)</u>
Proposed Net Adjustment		<u>(5)</u>

SCHEDULE H

FINDING CAUSES, RECOMMENDATIONS, AND REGULATORY CITATIONS STUDENT TRANSPORTATION

FINDING CAUSES AND RECOMMENDATIONS

Holmes County District School Board (District) management indicated that the issues identified in *SCHEDULE G* could be attributed to clerical or data entry errors. (Findings 1 through 4).

We recommend that District management exercise more care and take corrective action, as appropriate, to ensure that: (1) the number of DIT is accurately reported; (2) the number of buses in operation is accurately reported and documentation is maintained to support that reporting; (3) only those students who are recorded on bus driver reports as having been transported to an FEFP eligible program on at least 1 day during the 11 day window of the reporting survey period are reported for State transportation funding; and (4) the distance from home to school is verified prior to students being reported in the All Other FEFP Eligible Students ridership category based on living 2 miles or more from their assigned schools.

The absence of statements in this report regarding practices and procedures followed by the District should not be construed as acceptance, approval, or endorsement of those practices and procedures. Additionally, the specific nature of this report does not limit or lessen the District's obligation to comply with all State requirements relating to the classification, assignment, and verification of student transportation as reported under the FEFP.

REGULATORY CITATIONS

Section 1002.33, Florida Statutes, *Charter Schools*

Chapter 1006, Part I, E., Florida Statutes, *Transportation of Public K-12 Students*

Section 1011.68, Florida Statutes, *Funds for Student Transportation*

SBE Rules, Chapter 6A-3, FAC, *Transportation*

FTE General Instructions 2023-24 (Appendix G)

NOTES TO SCHEDULES

NOTE A - SUMMARY STUDENT TRANSPORTATION

A summary discussion of the significant features of the Holmes County District School Board (District) student transportation and related areas is provided below.

1. Student Eligibility

Any student who is transported by the District must meet one or more of the following conditions to be eligible for State transportation funding: live 2 or more miles from school, be classified as a student with a disability under IDEA or be a student with a parent enrolled in the Teenage Parent Program, be a Career Education 9-12 or an ESE student who is transported from one school center to another where appropriate programs are provided, or be on a route that meets the criteria for hazardous walking conditions specified in Section 1006.23(2), Florida Statutes.

2. Transportation in Holmes County

For the fiscal year ended June 30, 2024, the District received \$729,997 for student transportation as part of the State funding through the FEFP. The District's student transportation reported by survey period was as follows:

<u>Survey Period</u>	<u>Number of Vehicles</u>	<u>Number of Funded Students</u>	<u>Number of Courtesy Riders</u>
October 2023	37	1,437	268
February 2024	<u>37</u>	<u>1,259</u>	<u>224</u>
Totals	<u>74</u>	<u>2,696</u>	<u>492</u>

3. Statutes and Rules

The following statutes and rules are of significance to the District's administration of student transportation:

Section 1002.33, Florida Statutes, *Charter Schools*

Chapter 1006, Part I, E., Florida Statutes, *Transportation of Public K-12 Students*

Section 1011.68, Florida Statutes, *Funds for Student Transportation*

SBE Rules, Chapter 6A-3, FAC, *Transportation*

NOTE B – TESTING STUDENT TRANSPORTATION

Our examination procedures for testing provided for the selection of students using judgmental methods for testing student transportation as reported to the DOE for the fiscal year ended June 30, 2024. Our testing process was designed to facilitate the performance of appropriate examination procedures to test the District's compliance with State requirements relating to the classification, assignment, and verification of student transportation as reported under the FEFP.

Dear Ms. Norman:

This letter is in response to the preliminary and tentative findings, adjustments, and recommendations related to the full-time equivalent (FTE) students under the Florida Education Finance Program (FEFP) and student transportation for the fiscal year ended June 30, 2024.

The Holmes County School District is committed to accurate reporting of all FTE in accordance with state law and state regulations, as well as operating in an effective and efficient manner. The following pages contain corrective actions already in progress or planned for the very near future to address the recommendations made in the preliminary and tentative report.

If any further information is needed regarding these responses, please do not hesitate to contact us.

Sincerely,

Buddy L. Brown
Superintendent of Schools

The Holmes County School Board is an Equal Education/Employment Institution

The District concurs with the following findings:

Reported FTE Student Enrollment

Finding #	Ref. #	Finding Summary	Response/Corrective Action
1	3101	ELL Student Plans for two ELL students were not completed until November 17, 2023, which was after the October reporting survey.	Guidance counselors will be informed at a district meeting that when an ELL students enrolls in their school the district ELL office must be notified immediately to begin support. They will also be instructed to look for the ELL indicator (check box) in FOCUS when new students are enrolled. We believe that this notification will ensure that we hold all ELL meetings in a timely manner, completing plans and support the ELL students at their new school. Person Responsible: Pam Price Expected Completion: May 29, 2026

Student Transportation

The District concurs with the following findings:

Finding #	Ref. #	Finding Summary	Response/Corrective Action
1	52	Our general tests disclosed that the number of buses in operation was understated by one bus in the February 2024 reporting survey period due to a data entry error when keying in the bus numbers.	The number of buses in operation was understated by one bus due to a route bus being repaired and a spare bus being used and the spare bus data not being entered into the information system. This error has been corrected. Person Responsible: Shane Bush Expected Completion: February 2, 2026

The District concurs with the following findings:

Finding #	Ref. #	Finding Summary	Response/Corrective Action
2	51	Our general tests disclosed that 1,259 students were reported for an incorrect number of DIT during the February 2024	Data reporting for DIT will be corrected to include the actual days of operation for transportation and not the days in

The Holmes County School Board is an Equal Education/Employment Institution

		reporting survey period due to inclement weather. The students were reported for 90 DIT rather than 89 DIT based on the District's instructional calendar.	the district calendar. Person Responsible: Shane Bush Expected Completion: June 30, 2026
3	53	Our general tests disclosed that two students were not marked as riding the bus for the October 2023 reporting survey period (one student) or were not listed on the bus driver report for the February 2024 reporting survey period (one student).
