## INDEPENDENT AUDITOR'S REPORT

To the Board Members of the Orange County Housing Finance Authority  
Orlando, Florida

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, each major fund, and the aggregate remaining fund information of the Orange County Housing Finance Authority (Authority), a component unit of Orange County, Florida as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective position of the business-type activities, each major fund, and the aggregate remaining financial fund information of the Authority, as of September 30, 2017, and the respective changes in

financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 20, 2018, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board Members of the Orange County Housing Finance Authority  
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, each major fund, and the aggregate remaining fund information of the Orange County Housing Finance Authority (Authority), a component unit of Orange County, Florida as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 20, 2018.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Management's Discussion and Analysis** (Unaudited)

This section of the Orange County Housing Finance Authority's (Authority) financial statements presents management's analysis of the Authority's financial performance during the fiscal year that ended on September 30, 2017. Please read it in conjunction with the financial statements, which follow this section.

### **Financial Highlights**

- In the current year, the Authority issued \$3,975,635 of Multifamily Draw Down Bonds, 2016 Series A/B; \$16,500,000 of Multifamily Housing Revenue Bonds 2016 Series D (Westwood Park Apartments); \$14,275,000 of Multifamily Housing Revenue Bonds, 2017 Series A (Vista Pines Apartments); and, \$20,160,000 of Multifamily Housing Revenue Bonds 2017 Series B (Landon Pointe Apartments).
- The following bonds were fully redeemed in the current year: \$3,225,000 of Homeowner Revenue Bond Series 2007A and \$1,720,000 of Homeowner Revenue Bond Series 2007B.

### **Overview of the Financial Statements**

The financial statements consist of two parts: management's discussion and analysis (MD&A) and the basic financial statements. The basic financial statements also include notes that explain in more detail some of the information in the financial statements.

### **Required Basic Financial Statements**

The Authority utilizes enterprise funds for financial reporting purposes. These funds include the activities of the operating fund of the Authority (Operating Fund) and the single family and multifamily bond programs, which are administered by the Authority and are included as one fund as they essentially fulfill the same purpose (Bond Programs Fund). As the Authority only presents its financial information using enterprise funds, under Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis - for State and Local Governments* (GASB 34), it is considered to be a "special purpose government engaged only in business-type activities." Accordingly, the Authority only presents fund financial statements as defined in GASB 34. Additionally, under GASB 34 the Operating Fund and the Bond Programs Fund are each considered major funds.

The financial statements of the Authority report information about the Authority using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about its activities. The Statement of Net Position includes all of the Authority's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to Authority creditors (liabilities). The assets and liabilities are presented in a classified format, which distinguishes between current and long-term assets and liabilities. It also provides the basis for computing rate of return, evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all of its costs through its services provided, as well as its profitability and credit worthiness.

The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the Authority's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments, and net changes in cash resulting from operating, investing, non-capital financing and financing activities and provides

answers to such questions as where did cash come from, what was cash used for and what was the change in the cash balance during the reporting period.

## Financial Analysis

Our analysis of the financial statements of the Authority begins below. One of the most important questions asked about the Authority's finances is, "Is the Authority as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position report information about the Authority's activities in a way that will help answer this question. These two statements report the net position of the Authority and changes in them. You can think of the Authority's net position - the difference between assets and liabilities - as one way to measure financial health or financial position. Over time, increases or decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other non-financial factors such as changes in interest rates, economic conditions, regulations and new or changed government legislation.

### Net position

To begin our analysis, a summary of the Authority's Statement of Net Position is presented in Table A-1.

**Table A-1**  
**Condensed Statement of Net Position**  
**(In millions of dollars)**

	<b>Fiscal Year 2017</b>	<b>Fiscal Year 2016</b>	<b>Dollar Change</b>	<b>Percentage Change</b>

Total net position	<u>\$ 51.0</u>	<u>\$ 51.7</u>	<u>\$ (0.7)</u>	-1.4%

Total changes in assets and liabilities reflect changes due to bond issues and redemptions in fiscal year 2017. As shown in Table A-1 above, net position decreased during 2017.

**Table A-2**  
**Condensed Statement of Revenues, Expenses and Changes in Net Position**  
(In millions of dollars)

	<b>Fiscal Year 2017</b>	<b>Fiscal Year 2016</b>	<b>Dollar Change</b>	<b>Percentage Change</b>

Beginning net position	51.6	49.5	2.1	4.2%
Ending net position	\$ 51.0	\$ 51.7	\$ (0.7)	-1.4%

While the Statement of Net Position shows the change in net position, the Statement of Revenues, Expenses and Changes in Net Position provides answers as to the nature and source of these changes.

As can be seen in Table A-2 above, the decrease in operating revenues resulted primarily from a decrease in investment income.

### Individual Major Fund Analysis

#### *Operating Fund*

Beginning net position	50.3	46.7	3.6	7.7%
Ending net position	\$ 50.4	\$ 50.3	\$ 0.1	0.2%

During the current fiscal year, the Operating Fund statement of revenues, expenses and changes in net position reflects that net position increased by approximately \$0.1 million as compared to an increase in fiscal year 2016 of approximately \$3.6 million. The decrease in the change in net position was primarily due to a greater increase in investment income between the fiscal year 2015 and fiscal year 2016 than between fiscal year 2017 and fiscal year 2016.

*Bond Programs Fund*

Ending net position	<u>\$ 0.5</u>	<u>\$ 1.4</u>	<u>\$ (0.9)</u>	<u>-64.3%</u>

During the current fiscal year, the Bond Programs Fund net position decreased by \$0.8 million, consisting of an decrease in multifamily net position of \$0.5 million and a decrease in single family net position of \$0.9 million.

Fiscal year 2016 Bond Programs Fund net position decrease by \$1.4 million, consisting of a decrease in multifamily net position of \$0.09 million and a decrease in single family net position of \$0.72 million.

**Capital Assets and Long-Term Debt**

*Capital Assets*

As of September 30, 2017, the Authority had approximately \$319 thousand invested in a variety of capital assets, net of accumulated depreciation. As shown in Table A-5, this represents a net increase (additions, deductions and depreciation) from the end of last year.

**Table A-5**  
**Capital Assets**

Net Capital Assets	<u>\$ 319</u>	<u>\$ 309</u>

### *Long-Term Debt*

As of September 30, 2017, the Authority had \$422.9 million in outstanding long-term debt, net of the current portion of \$1.4 million. This represents a net increase of \$24.7 million from the prior fiscal year, resulting from bond redemptions, scheduled bond principal payments and new issues. A summary of long-term debt is included in Table A-6.

For more detailed information regarding the Authority's capital assets and long-term debt, please refer to the notes to the financial statements.

### *Economic Factors and Next Year's Budget*

The Authority's Board of Directors and management considered many factors when setting the fiscal year 2018 budget. These factors include the expected operating costs of the Authority, as well as projected issuance costs for single family projects, which in turn consider such factors as anticipated population growth of the participating counties and the economy of the region as a whole.

### **Requests for Information**

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Chief Financial Officer, 2211 East Hillcrest Street, Orlando, Florida 32803.

**Orange County Housing Finance Authority**  
**(A Component Unit of Orange County, Florida)**  
**Notes to Basic Financial Statements**  
**September 30, 2017**

**1. Reporting entity**

The Orange County Housing Finance Authority (Authority), a public body corporate and politic with no taxing power, was established on October 13, 1978, by the Board of County Commissioners of Orange County, Florida (Board) in accordance with the Florida Housing Finance Authority Law, Part IV of Chapter 159, *Florida Statutes*. The Authority was created to finance dwelling accommodations for low, moderate and middle-income persons. The Authority is authorized to borrow money through the issuance of bonds, notes or other obligations to finance multifamily housing developments and single family residential housing.

Financial oversight and accountability to the citizens of Orange County is provided by the Board. The Board appoints the Authority members, who serve a term of four years. The Board has the power to remove a member of the Authority from office without cause.

The Authority is a component unit of Orange County, Florida (County) for financial reporting purposes; the Authority has no component units that meet the criteria for inclusion in the Authority's basic financial statements.

Bonds and other obligations issued by the Authority are conduit debt and are payable, both as to principal and interest, solely from the assets of the various programs which are pledged under the resolutions authorizing the particular issues. These issues do not constitute an obligation, either general or special, of the Authority, the state of Florida or of any local government therein. Neither the full-faith, credit and revenues, nor the taxing power of Orange County, the state of Florida or any local government therein, shall be pledged to the payment of the principal or interest on the obligations.

Pursuant to interlocal agreements with the surrounding Florida counties of Seminole, Osceola and Lake, the Authority is also authorized to issue bonds to fund projects located within those counties and to provide mortgage loans under its programs to the residents of those counties.

**2. Summary of significant accounting policies**

**A. Measurement focus, basis of accounting and financial statement presentation**

The accounting records of the Authority are organized on the basis of funds as prescribed by accounting principles generally accepted in the United States of America (GAAP) applicable to governments as established by the Governmental Accounting Standards Board (GASB); and when applicable to governmental entities, statements of the Financial Accounting Standards Board (FASB). The operations of each fund are accounted for within a separate set of self-balancing accounts recording cash and other financial resources, together with related liabilities, net position, revenues and expenses.

The Authority accounts for its activities through the use of enterprise funds. Enterprise funds are used to account for activities similar to those found in the private sector, where the determination of a change in financial position is necessary or useful for sound financial administration (business-type activities). Because the Authority has only business-type activities, it is considered to be a special purpose government for financial reporting purposes. As such, the Authority presents its fund activity separately with a total column to denote the financial position, changes in financial position and cash flows at the reporting unit level (the Authority as a whole). All activities are considered to be operating in nature.

The accompanying financial statements present the financial position, changes in financial position and cash flows of the Operating Fund, which reports all of the funds controlled by the Authority, and the Bond Programs Fund, which accounts for all of the multifamily and single family bond programs of the Authority. The Operating Fund and Bond Programs Fund are each considered major funds.

The financial statements are prepared on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when incurred. Pursuant to the election option made available by GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting* (GASB 20), pronouncements of the Financial Accounting Standards Board issued after November 30, 1989 are not applied in the preparation of the financial statements.

#### **B. Cash and cash equivalents**

The Authority considers all highly liquid financial instruments with an original maturity of 90 days or less at the time of purchase to be cash equivalents.

#### **C. Investments**

Investments in direct obligations of the United States of America or any agency thereof, federal instrumentalities and mutual funds are carried at fair value as determined in an active market. Investments in certificates of deposit are carried at amortized cost.

#### **D. Loans receivable**

Loans receivable are carried at original cost, including unamortized discount, less principal collections. Servicing of loans is provided by various approved and qualified private lending institutions and servicing organizations on behalf of the Authority. Servicing costs on single family issues are recorded as a reduction of interest income.

#### **E. Mortgage backed securities (MBS)**

The Authority has entered into various investment agreements with the bond trustees (financial institutions) (Bond Trustees) who are custodians of Government National Mortgage Association (GNMA) and Federal National Mortgage Association (FNMA) securities which are collateral on the majority of single-family bonds. These agreements require the Bond Trustees to hold these securities to maturity, thus requiring the GNMA and FNMA securities to be redeemed at their face value. GASB Statement No. 72, *Fair Value Measurement and Application*, requires these MBS to be recorded at fair value, which will reflect current period fluctuations in their value.

#### **F. Allowance for losses on loans and notes receivable**

No allowance has been established in the Bond Programs Fund for loans receivable based upon management's evaluation of the loan portfolio and the ratings of the insurance companies, financial institutions and developers, which guarantee payment of loan principal and interest.

As described in Note 7, the Authority makes loans through its Operating Fund for down payment assistance and to various agencies. These loans have very favorable interest rates and repayment terms. An allowance has been established based upon management's evaluation of

the balances therein. These loans are included as notes receivable in the accompanying financial statements.

#### **G. Internal balances**

Down payment assistance and bond issuance costs paid for by the Operating Fund on behalf of the single family bond program are presented as internal balances on the Statement of Net Position. Bond Program Fund reimbursements of these balances to the Operating Fund are anticipated to result from residual proceeds upon retirement of bonds payable.

#### **H. Interfund transfers**

Transfers of resources between funds when the custody of the mortgage-backed securities changes due to the retirement of bond issues.

#### **I. Bond discounts and premiums**

Discounts and premiums on the sale of bonds are capitalized and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Costs relating to issuing bonds that were paid for through the use of other funding sources are expensed when incurred.

#### **J. Capital assets**

Capital assets are stated at historical cost and are depreciated based on various useful lives ranging from 3 to 39 years using the straight-line method. The Authority has established a capitalization threshold for capital assets of \$1,000.

#### **K. Deferred outflows/inflows of resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense until then. The Authority only has one item that qualifies for reporting in this category. It is the contributions made to the pension plan in the 2017 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Authority only has one item that qualifies for reporting in this category. It is the deferrals of pension expense that result from the implementation of GASB Statement No. 68 (GASB 68), *Accounting and Financial Reporting for Pensions* – an amendment of GASB 27.

#### **L. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the Florida Retirement System (FRS or the System) and additions to/deductions from FRS' plan net position has been determined on the same basis as they are reported by FRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

#### **M. Fee income**

In connection with the administration of its bond programs, the Authority receives various fees from developers for each of the bond issues administered. These fees are based on either a percentage of bonds, mortgage loans or GNMA certificates outstanding or a certain dollar amount, as provided for in the bond issue documents and recognized as income in the year for which they are assessed. The portion of these fees assessed for the Authority's operating costs is recognized in the Operating Fund. The portion of these fees assessed for bond and trustee fees is recognized in the Bond Programs Fund. In addition to these fees, the Authority receives

the residual, if any, of single family project funds upon full payment of the bonds.

#### **N. Interest Income**

Interest on mortgage loans and investments is recognized as income when earned. Interest on mortgage loans is recorded net of service fees.

#### **O. General and administrative expenses**

The Bond Programs Fund recognizes various trustee costs, bond issue costs, and project operating expenses, as defined in trust indentures, as general and administrative expenses. Operating Fund general and administrative expenses represent the Authority's operating costs.

#### **P. Income taxes**

The Authority is exempt from income taxes; therefore, no provision for tax liability has been included in the Authority's financial statements.

The Authority's Forms 8038 filed in connection with its bond issues, and payroll tax returns, are subject to examination by the IRS, generally for three years after they were filed.

#### **Q. Use of restricted resources**

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

#### **R. Net position**

Net investment in capital assets includes the Authority's capital assets, net of the accumulated depreciation on those assets.

Restricted net position is used to indicate a segregation of a portion of net position equal to the assets restricted for meeting various covenants as defined in the bond indentures or other laws or regulations. Unrestricted net position relates to that portion of net position not restricted for the purposes defined above.

#### **S. Use of estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### **3. Recently issued account standards**

GASB Statement No. 82, *Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73*. This Statement clarifies that payments that are made by an employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements should be classified as plan member contributions for purposes of Statement 67 and as employee contributions for purposes of Statement 68. It also requires that an employer's expense and expenditures for those amounts be recognized in the period for which the contribution is assessed and classified in the same manner as the employer classifies similar compensation other than pensions (for example, as salaries and wages or a fringe benefits.) The requirements of this Statement are effective for the current year, except for the requirement of this Statement for the selection of assumptions in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements for the selection of assumptions are effective for that employer in the first reporting period in which the measurement date of the

pension liability is on or after June 15, 2017.

GASB Statement No. 85, *Omnibus 2017*, effective for reporting periods beginning after June 15, 2017. Objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. The requirements of this Statement will enhance consistency in the application of accounting and financial reporting requirements. Consistent reporting will improve the usefulness of information for users of state and local government financial statements.

#### 4. Prior period adjustment

The Bond Program Fund's prior year net position has been restated by a decrease of \$83,245 for MBS income that was due to the Operating Fund at September 30, 2016 but was not accrued.

	<b>Bond Programs Fund</b>
Net position, as previously	\$ 51,712,743

- Multifamily Housing Revenue Bonds 2016 Series D
- Multifamily Housing Revenue Bonds 2017 Series A
- Multifamily Housing Revenue Bonds 2017 Series B

Proceeds from the sale of the bonds were used to finance the construction or acquisition of multifamily housing developments located in Orange and Seminole Counties, Florida which are intended for occupancy in part by persons of low, moderate, and middle-income.

### **C. Single family programs**

The single family programs have issued the following:

- Single Family Bond Issues 1980; 1982 Series A; 1983 Series A; 1984 Series A; and 1985 Series A

The proceeds of the bonds were used primarily to purchase mortgage loans from certain qualified lending institutions on single-family residences for persons of low to moderate income in Orange County, Florida.

The Program also issued the following:

- Single Family Housing Revenue Bonds 1987 Series A, B, C, D, E, F; 1988 Series A; 1989 Series A, B, C, D, E; 1990 Series A; 1991 Series A; 1992 Series A, B; 1994 Series A; Series 1994; Series 1995; 1996 Series A, B; 1997 Series A, B; 2001 Series A-1 (AMT), A-2 (ST AMT), A-3 (Taxable); and 2002 Series A (AMT)
- Homeowner Revenue Bonds 1998 Series A-1 (AMT), A-2 (Taxable); 1999 Series A-1 (AMT), A-2 (Non-AMT), A-3 (Short-term AMT), A-4 (Taxable); 2000 Series A-1 (AMT), A-2 (Short-term AMT), A-3 (Taxable), B-1 (AMT), B-2 (Short-term AMT), B-3 (Taxable); 2001 Series A-1 (AMT), A-2 (Short-term AMT), A-3 (Taxable); 2002 Series A (AMT); 2002 Series B (AMT); 2003 Series A (AMT); and 2004 Series A (AMT)

- Homeowner Revenue Bonds 2001 Series C-1 (AMT), Series C-2 (Variable Rate AMT), Series C-3 (Non-AMT), and Series C-4 (Taxable)
- Homeowner Revenue Bonds 2006 Series A-1 (AMT), and Series A-2 (AMT)

- Homeowner Mortgage Revenue Bonds, NIBP 2009 Series A & 2010 A (Non-AMT) (Multi-County Program)
- Homeowner Mortgage Revenue Bonds, NIBP 2009 Series B (Non-AMT) and 2011 A (Non-AMT) (Multi-County Program)
- Homeowner Mortgage Revenue Bonds, NIBP 2009 Series C (Non-AMT) and 2011 B (Non-AMT) (Multi-County Program)
- Homeowner Revenue Bonds 2013 Series A Taxable (Multi-County Program) Refunding Bonds
- Homeowner Revenue Bonds 2014 Series A (Non-AMT)(Multi-County Program)

The proceeds of the bonds are used primarily to purchase GNMA certificates to the extent mortgage loans are originated by participating lenders. The mortgage loans are intended for single family residences for persons of low to moderate income in Orange, Seminole, Lake and Osceola Counties, Florida.

#### D. Operating fund

The Authority's operating fund collects program fees from the various bond issues. Expenses are those incurred in operating the Authority, which are determined by budgetary restrictions imposed by Board of Directors. The operating fund also makes second and third mortgage loans used for down payment assistance as well as loans to various agencies that assist in providing housing for handicapped, homeless and low-income people in the area served by the Authority. These loans are typically non-interest bearing or have interest rates substantially below the prevailing market rate and include other favorable terms of repayment.

### 6. Cash, cash equivalents and investments

At September 30, 2017, the Authority had the following cash, cash equivalents and investments:

	Fair Value	Credit Quality Rating	Maturity (Years)
<b>Operating fund</b>			
Bank deposits	\$ 4,865,229	NA	NA
U.S. Bank Money Market Account	1,712,564	NA	NA
Money Market Mutual Funds	<u>375,057</u>	AAAm	< 90 days
Total operating fund cash and cash equivalents	<u>\$ 6,952,850</u>		
<b>Bond Programs fund</b>			
<b>Single Family</b>			
Money Market Mutual Funds	\$ 7,038,687	AAAm	< 90 days
Total single family cash and cash equivalents	<u>7,038,687</u>		
<b>Multifamily</b>

Guaranteed Investment Contracts	1,764,765	AAAm	5-15
US Treasury Note	20,062,588	AA+	1.167
Money Market Mutual Funds	<u>12,729,506</u>	AAAm	< 90 days
Total Multifamily cash, cash equivalents and investments	<u>37,112,344</u>		
Total Bond Programs Fund cash, cash equivalents and investments	<u>\$ 44,151,031</u>		

Bank deposits are secured as provided by Chapter 280, *Florida Statutes*. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida, and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred. At September 30, 2017, all of the Authority's bank deposits were in qualified public depositories.

Certain of the Authority's investments are subject to credit risk, interest rate risk and concentration of credit risk considerations, as defined by GASB 40. Cash equivalents are not exposed to credit risk, as defined by GASB 40.

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. GASB 40 requires the disclosure of investments in any one issuer that represent 5% or more of total investments. Investments issued by or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are exempt from this requirement. As of September 30, 2017, the Authority's Operating Fund had no investments which are subject to concentration of credit risk disclosure requirements.

### ***Fair value measurements***

The Authority's financial instruments measured and reported at fair value are classified according to the following hierarchy:

**Level 1** – Unadjusted quoted prices for identical assets or liabilities in active markets that the Authority has the ability to access at the measurement date.

**Level 2** – Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

**Level 3** – Inputs that are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The categorization of financial instruments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk. The mortgage backed securities and Guaranteed Investment Contracts classified as Level 2 of the fair value hierarchy are valued using prices quoted in active markets for similar securities.

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total Financial Instruments by Fair Value Level	<u>\$ 88,911,473</u>	<u>\$ -</u>	<u>\$ 88,911,473</u>	<u>\$ -</u>

### ***Operating Fund Investment Risk Mitigation Policies***

The Operating Fund investment policy limits maturities of direct obligations of the United States of America, any agency thereof, and federal instrumentalities to two years from the date of

purchase, limits investments in money market mutual funds to those with weighted average maturities of 90 days or less, and limits maturities of certificates of deposit to one year.

The Authority manages credit risk in its Operating Fund by limiting investments authorized to direct obligations of the United States of America or any agency thereof, federal instrumentalities, interest-bearing time or demand deposits with any qualified depository institution and money market mutual funds registered under the Federal Investment Company Act of 1940 and with credit quality ratings equivalent to or better than Standard & Poor's rating of AAAM or the equivalent by another rating agency.

In the Operating Fund, the Authority manages concentration of credit risk by diversification of its investment portfolio to minimize the impact of potential losses from one type of security or individual issuer. In addition, the Authority invests in investments issued by or explicitly guaranteed by the U.S. Government.

### ***Bond Program Funds***

Credit quality ratings, weighted average maturities and concentration of credit risk permitted for multifamily and single family investments are based on policies provided in respective trust indentures, which vary among projects. Such investments are made at the direction of trustees based on the underlying trust indenture policies.

## **7. Mortgage backed securities**

At September 30, 2017, mortgage backed securities consisted of investments in the following securities with maturity dates ranging from years 2023 to 2047.

	<u>Operating Fund</u>	<u>Single Family</u>	<u>Total</u>
Federal Home Loan Mortgage Corporation	\$ 949,010	\$ 591,406	\$ 1,540,416
Federal National Mortgage Association	224,648	2,292,819	2,517,467
Government National Mortgage Association	17,782,906	45,243,331	63,026,237
	<u>\$ 18,956,564</u>	<u>\$ 48,127,556</u>	<u>\$ 67,084,120</u>

In connection with the retirement of certain single family mortgage revenue bond programs, the Authority has transferred residuals consisting in part of mortgage backed securities from the Bonds Program Funds to the Operating Fund.

The mortgage backed securities are valued at fair value and bear interest at various rates ranging from 2.75% to 6.30%.

## **8. Loans receivable**

Loans receivable at September 30, 2017 were as follows

Federal Home Loan Bank - collateral	\$ 6,554,912
Single family mortgage loans	774,706
Multifamily mortgage loans	368,603,563
	<u>\$ 375,933,181</u>

Operating fund loans receivable are mortgage backed securities held as collateral by Federal Home Loan Bank.

Single family mortgage loans receivable relate to down payment assistance loans issued during

2006 and 2007 in amounts up to \$35,000 per household and down payment assistance loans issued during 2007 through 2011 in amounts up to \$10,000 per household. These loans are secured by second mortgages and, in the opinion of management do not have a material exposure to loss.

Multifamily mortgage loans are collateralized by a first mortgage deed and, with the exception of 13 privately placed issues, either an insurance policy or an irrevocable letter of credit. The related insurance company or financial institution must have a rating greater than or equal to the rating on the bonds. Due to the nature of these notes and the repayment terms, all are considered to be long-term for financial reporting purposes. Multifamily mortgage loans receivable are pledged as collateral for the payment of principal and interest on the related indebtedness.

## 9. Notes receivable

\$78,929 fifth mortgage loan, secured by property, \$254 due monthly	\$ 58,708
\$2,000,000 non-revolving promissory note with Habitat for Humanity of Greater Orlando, Inc., simultaneously with the closing of each home prepayment of principal of \$40,000 is made, maturity date is September 30, 2018	360,000
Down payment assistance notes receivable, secured by property, issued from 1991 through 1997	351,117
Down payment assistance notes receivable, secured by property, issued from 2006 through 2011	3,141,287
Down payment assistance notes receivable, secured by property, issued since 2014	2,533,501
Other notes receivable, secured by property, primarily due 2030	2,095,017
	<u>8,539,630</u>
Less allowance for losses on notes receivable	<u>(1,332,070)</u>
	<u>\$ 7,207,560</u>

Due to the nature of these notes and the repayment terms, substantially all are considered to be long term receivables for financial reporting purposes.

Down payment assistance ("DPA") notes issued from 1991 through 1997 were in amounts up to \$2,500 per household and are due after the first mortgage has been paid in full. An allowance has been established for approximately \$325,417 of these DPA notes. DPA notes issued from 2006 through 2011 were in amounts up to \$10,000 per household with varying repayment terms allowing for repayments on some notes to be deferred up to 5 years from the date of issuance. An allowance has been established for approximately \$1,006,653 of these DPA notes, which equates to the amount of loans for which foreclosure notices have been received. It is reasonably possible that a change in this estimated allowance may occur in the near term; however, an estimate of possible additional valuation allowance for these notes, if any, cannot be made. All of the DPA notes are secured by second or third mortgages.

Other notes receivable consist of five notes, two which require only principal payments and two which require principal and interest payments. One of the notes requires interest only payments until December 1, 2018, at which time it will begin paying principal and interest. All five notes were made to entities associated with multifamily housing projects, are secured by property and are expected to be fully collectable.

## 10. Interfund transfers

The Authority reports interfund transfers between the Operating Fund and Bond Programs Fund. In 2017, the \$8,440,803 in interfund transfers was the result of retiring Homeowner Revenue Bond Series 2007A and 2007B.

	<u>Transfers in</u>	<u>Transfers out</u>
Operating Fund	\$ 3,912,612	\$ (4,168,204)

Assets of the various programs are pledged for payment of principal and interest on the applicable bonds. Each issue is collateralized by a separate collateral package. In addition,

certain assets are further restricted for payment of interest and principal in the event that the related debt service and other available funds are insufficient.

Provisions of the bond resolutions provide for various methods of redemption. Bonds are to be redeemed at par, primarily from prepayments of mortgage loans securing the issues, from unexpended bond proceeds and excess program revenues. Bonds are generally redeemable at the option of the Authority at premiums ranging up to 6%. Certain term bonds require mandatory sinking fund payments for their redemption.

The interest rate on the Authority's variable rate multifamily bonds is computed weekly by a remarketing agent at a rate that will price the bonds at a market value of approximately 100% of the principal balance outstanding, plus accrued interest.

#### 14. Changes in long-term debt

##### Unrestricted net position

Unrestricted net position represents all resources not included in the other components of net position. At September 30, 2017, \$39,782 of the Authority's Operating Fund unrestricted net position has been designated in the amount of \$19,782 for replacement of property and \$20,000 as a general contingency account.

## 16. Retirement plans

### Florida Retirement System:

General Information - All of the Authority's employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, *Florida Statutes*, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (Pension Plan) and the Retiree Health Insurance Subsidy (HIS Plan). Under Section 121.4501, *Florida Statutes*, the FRS also provides a defined contribution plan (Investment Plan) alternative to the FRS Pension Plan, which is administered by the State Board of Administration (SBA). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, *Florida Statutes*, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site: [www.dms.myflorida.com/workforce\\_operations/retirement/publications](http://www.dms.myflorida.com/workforce_operations/retirement/publications).

### Pension Plan

Plan Description - The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Pension Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants

Contributions - Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2016 through June 30, 2017 and from July 1, 2017 through September 30, 2017, respectively, were as follows: Regular—5.80% and 6.20%; Special Risk Administrative Support—26.34% and 32.91%; Special Risk—20.85% and 21.55%; Senior Management Service—20.05% and 20.99%; Elected Officers'—40.75% and 43.78%; and DROP participants—11.33% and 11.60%. These employer contribution rates include 1.66% HIS Plan subsidy for the entire fiscal year.

The Authority's contributions to the Pension Plan totaled \$53,355 for the fiscal year ended September 30, 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2017, the Authority reported a liability of \$606,245 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Authority's proportionate share of the net pension liability was based on the Authority's 2016-17 fiscal year contributions relative to the 2015-16 fiscal year contributions of all participating members. At June 30, 2017, the Authority's proportionate share was 0.002049555%, which was a decrease of 0.000083874% from its proportionate share measured as of June 30, 2016.

For the fiscal year ended September 30, 2017, the Authority recognized Pension Plan pension expense of \$91,502. In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

DESCRIPTION	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 55,639	\$ 3,358
Change of assumptions	203,741	-
Net difference between projected and actual earnings on Pension Plan investments	-	15,024
Changes in proportion and differences between Authority Pension Plan contributions and proportionate share of contributions	86,330	32,808
Authority Pension Plan contributions subsequent to the measurement date	14,627	-
Total	<u>\$ 360,337</u>	<u>\$ 51,190</u>

The deferred inflows of resources related to the Pension Plan, totaling \$14,627 resulting from Authority contributions to the Pension Plan subsequent to the measurement date, will be recognized as a reduction to the net pension liability in the fiscal year ended September 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

<u>Fiscal Year Ending September 30:</u>	<u>Amount</u>
2018	\$ 50,851
2019	50,851
2020	91,914
2021	57,140
2022	3,958
Thereafter	<u>39,806</u>
Total	<u>\$ 294,520</u>

Actuarial Assumptions - The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumption, applied to all period included in the measurement:

Inflation	2.60 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	7.10 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale BB.

The actuarial assumptions used in the July 1, 2017, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.0%	3.0%	1.8%
Fixed Income	18.0%	4.5%	4.4%	4.2%
Global Equity	53.0%	7.8%	6.6%	17.0%
Real Estate (Property)	10.0%	6.6%	5.9%	12.8%
Private Equity	6.0%	11.5%	7.8%	30.0%
Strategic Investments	12.0%	6.1%	5.6%	9.7%
Total	100.0%			
Assumed Inflation - Mean			2.6%	1.9%

(1) As outlined in the Pension Plan's investment policy

**Discount Rate** - The discount rate used to measure the total pension liability was 7.10%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

**Sensitivity of the Authority's Proportionate Share of the Net Position Liability to Changes in the Discount Rate** - The following represents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.10%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower, 6.10%, or one percentage point higher, 8.10%, than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
Authority's proportionate share of the net pension liability	\$ 1,097,266	\$ 606,245	\$ 198,584

**Pension Plan Fiduciary Net Position** - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

## HIS Plan

**Plan Description** - The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

**Benefits Provided** - For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS Plan payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS Plan payment of \$30 and a maximum

HIS Plan payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

**Contributions** - The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2017, the HIS Plan contribution for the fiscal year was 1.66%. The Authority contributed 100% of its statutorily required contributions for the current and preceding four years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The Authority's contributions to the HIS Plan totaled \$13,765 for the fiscal year ended September 30, 2017.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** – At September 30, 2017, the Authority reported a liability of \$278,097 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016, with update procedures used to determine the liabilities as of June 30, 2017. The Authority's proportionate share of the net pension liability was based on the Authority's 2016-17 fiscal year contributions relative to the 2015-16 fiscal year contributions of all participating members. At June 30, 2017, the Authority's proportionate share was 0.002600868%, which was a decrease of 0.000013309% from its proportionate share measured as of June 30, 2016.

For the fiscal year ended September 30, 2017, the Authority recognized HIS Plan pension expense of \$14,781. In addition, the Authority reported deferred outflows of resources and deferred in flows of resources related to pensions from the following sources:

<b>Description</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ -	\$ 579
Change of assumptions	39,091	24,048
Net difference between projected and actual earnings on HIS Plan investments	154	-
Changes in proportion and differences between Authority HIS Plan contributions and proportionate share of contributions	17,603	1,128
Authority HIS Plan contributions subsequent to the measurement date	3,503	-
<b>Total</b>	<b>\$ 60,351</b>	<b>\$ 25,755</b>

The deferred outflows of resources related to the HIS Plan, totaling \$3,503 resulting from Authority contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

<u>Fiscal Year Ending</u> <u>September 30:</u>	<u>Amount</u>
2018	\$ 6,952
2019	6,952
2020	6,945
2021	6,917
2022	5,304
Thereafter	(1,977)
Total	<u>\$ 31,093</u>

Actuarial Assumptions - The total pension liability in the July 1, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary increases	3.25 percent, average, including inflation
Municipal bond rate	3.58 percent

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale BB.

The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

Discount Rate - The discount rate used to measure the total pension liability was 3.58%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Plan benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the Authority's Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following represents the Authority's proportionate share of the net pension liability calculated using the discount rate of 3.58%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower, 2.58%, or one percentage point higher, 4.58%, than the current rate:

	1% Decrease (2.58%)	Current Discount Rate (3.58%)	1% Increase (4.58%)
Authority's proportionate share of the net pension liability	\$ 317,345	\$ 278,097	\$ 245,405

HIS Plan Fiduciary Net Position - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

## **Investment Plan**

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Authority employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

Allocations to the investment member's accounts during the 2016-17 fiscal year, as established by Section 121.72, *Florida Statutes*, are based on a percentage of gross compensation, by class, as follows: Regular class 6.30%, Special Risk Administrative Support class 7.95%, Special Risk class 14.00%, Senior Management Service class 7.67% and County Elected Officers class 11.34%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Authority.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Authority's contributions, including employee contributions, to the Investment Plan totaled \$86,353 for the fiscal year ended September 30, 2017.

## **17. Deferred compensation plan**

The Authority participates in a deferred compensation plan available under Internal Revenue Code Section 457(b) (Plan). Plan assets are held in trust for the exclusive benefit of the plan

participants and their beneficiaries. The Authority is required to contribute on behalf of each participant 5% of earnings for the plan year. Participants may select additional individual levels of contributions (not to exceed maximum contribution limits established by the Internal Revenue Service.) Plan assets are managed by Voya Financial. The Authority has no management control over the assets of the Plan. Accordingly, the assets of the Plan are not included in these financial statements. For the year ended September 30, 2017, the Authority contributed \$53,849 to the Plan.

## **18. Commitments and contingencies**

In 1995, as part of the Single Family Housing Revenue Bond Series 1994 (1994 Bonds), the trustee for the 1994 Bonds received \$675,000 in exchange for an agreement whereby the trustee for the 1994 Bonds will remit an amount equal to 6.0689655% of each interest payment

received by the trustee on GNMA certificates to a third party. During the year ended September 30, 2017, the Authority remitted \$1,061 under such agreement.

In 1995, as part of the Single Family Housing Revenue Bond Series 1995 (1995 Bonds), the trustee for the 1995 Bonds received \$261,000 in exchange for an agreement whereby the trustee for the 1995 Bonds will remit an amount equal to 3.67647% of each interest payment received by the trustee on GNMA certificates to a third party. During the year ended September 30, 2017, the Authority remitted \$537 under such agreement.

## **19. Other bondholder information**

The Authority has currently financed more than 50 separately collateralized multifamily housing projects, certain of which have required debt service payments to be made by the provider of credit enhancement due to developer payment defaults. No debt service payment default has ever occurred on any publicly offered Authority indebtedness. Developer payment defaults may result in:

- Prepayments by the provider of credit enhancement guaranteeing the obligations of the defaulting developer with respect to such bonds in whole or in part.
- The refunding and early redemption of bonds prior to their stated maturities at their original principal amount plus accrued interest.

The guarantor or provider of other credit enhancement may also be a partner or hold other ownership interests in the developer. Under such circumstances, it may be advantageous for the provider of credit enhancement to prepay the program loan upon developer payment default and eliminate the project from participation in the housing programs of the Authority.

The public policy goal of the Authority is to provide affordable housing to persons of low, moderate and middle income. The Authority realizes that in certain instances, the financial difficulties of the developers may result, in part, from the deed restrictions and other covenants required by the Authority in furtherance of this public policy and which are required by federal income tax law. The Authority intends to make every effort to preserve the participation of troubled projects in providing affordable housing to persons of low, moderate and middle income without impairing the security for bonds issued by the Authority.

## **20. Risk management**

The Authority is exposed to various risks related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Authority purchases commercial insurance. No settlements in excess of claims have been incurred in the past three fiscal years.

The Authority's health insurance is covered by Orange County, Florida's Self-Insurance Fund, a risk management pool to which risk is transferred in exchange for annual premium payments.

## 21. Subsequent events

- On October 18, 2017, the Authority issued the \$20,000,000 Orange County Housing Finance Authority Homeowner Revenue Bonds Series 2017A (Non-Amt) (Multi-County Program).
- On December 21, 2017, the Authority issued the \$6,275,000 Orange County Housing Finance Authority Multifamily Housing Revenue Bonds Series 2017C (Citrus Square Apartments).
- During the period October 1, 2017 through February 20, 2018 pursuant to various trust indentures, bonds in the aggregate amount of \$14,266 were called for partial and full redemptions. The bonds were called at a redemption price equal to par value plus accrued interest.

## **INDEPENDENT AUDITOR'S MANAGEMENT LETTER**

To the Board Members of the Orange County Housing Finance Authority, Orlando, Florida.

### **Report on the Financial Statements**

We have audited the financial statements of the Orange County Housing Finance Authority (Authority), a component unit of Orange County, Florida (County), as of and for the fiscal year ended September 30, 2017, and have issued our report thereon dated February 20, 2018.

### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

### **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 20, 2018, should be considered in conjunction with this management letter.

### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings in the preceding annual audit report.

### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Authority has no component units. This information is disclosed in Note 1 of the basic financial statements.

### **Financial Condition and Management**

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and identification of the specific condition(s) met. In connection with our audit we determined that the Authority did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

### **Annual Financial Report**

Section 10.554(1)(i)5.b. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the Authority for the fiscal year ended September 30, 2017, filed with the Florida Department of Financial Services (Department) pursuant to Section 218.32(1)(a), *Florida Statutes*, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2017. As a component unit, the Authority files its annual fiscal report on a consolidated basis with Orange County, Florida. The Authority is not required to file a separate annual financial report with the Florida Department of Financial Services.

### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Board Members of the Authority, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANT'S REPORT ON  
COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES**

To the Board Members of the Orange County Housing Finance Authority  
Orlando, Florida

We have examined the Orange County Housing Finance Authority's (Authority), compliance with Section 218.415, Florida Statutes, as of and for the year ended September 30, 2017, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the Authority's compliance with those requirements. Our responsibility is to express an opinion on the Authority's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide legal determination of the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of the Florida Auditor General, Orange County, Board Members and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
