Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Hardee County Economic Development Authority (Authority), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Authority as of September 30, 2018, and the respective changes in financial position and the respective budgetary comparison for the General Fund, Education Fund, and Recreation Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3–6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 12, 2019, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

ECONOMIC DEVELOPMENT AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2018**

As management of the Hardee County Economic Development Authority (Authority), we offer the readers of the Authority's financial statement this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended September 30, 2018. The financial reporting model and the financial statements associated with it are described in the following narrative as well as in the Notes to the Financial Statements.

Overview of the Financial Statements

The basic financial statements consist of three components: 1) government-wide financial statements providing information about the activities of the Authority as a whole; 2) fund financial statements and, 3) notes to the financial statements.

Government-wide Financial Statements – The government-wide financial statements are designed to provide a broad overview of the Authority's finances in a manner similar to a private-sector business. The government-wide statements provide information about the Authority's financial status as a whole. These statements include details of income during the year and a breakdown by category of expenses for activities and administration of the Authority. The statements include all assets and liabilities using the accrual basis of accounting. This means that all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Authority's net position and changes in net position. The net position – the difference between assets and liabilities – are an important measure of the Authority's financial health.

Fund Financial Statements – The fund financial statements provide a detailed look at the Authority's general fund. The Authority, like all government entities, uses fund accounting to ensure and reflect compliance (or noncompliance) with finance related legal requirements. The Authority uses three funds, a General Fund, an Education Fund, and a Recreation Fund, the latter two of which are special revenue funds.

Financial Analysis

As noted above, net position may serve, over time, as a useful indicator of a government's financial position. The assets of the Authority at September 30, 2018 total \$13,018,957 which was an increase from the previous year of \$4,932,941. The liabilities of the Authority at September 30, 2018 are \$1,162,818, which is an increase from the previous year of \$994,701. The net position at September 30, 2018 was \$11,856,139.

**HARDEE COUNTY
ECONOMIC DEVELOPMENT AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2018**

The following schedules provide a summary of assets, liabilities, and net position and changes in net position of the Authority:

**Economic Development Authority
Net Position**

	2018	2017	Increase (Decrease)
Total Assets	\$ 13,018,957	\$ 8,086,016	\$ 4,932,941
Total Liabilities	1,162,818	168,117	994,701
Total Net Position	<u>\$ 11,856,139</u>	<u>\$ 7,917,899</u>	<u>\$ 3,938,240</u>

**Economic Development Authority
Changes in Net Position**

	Governmental Activities		Increase (Decrease)
	2018	2017	
EXPENSES			
Economic Environment	\$ 1,779,824	\$ 1,187,716	\$ 592,108
GENERAL REVENUE			
Intergovernmental	2,416,887	2,295,625	121,262
Other Revenue:			
Mosaic Income	3,187,022	1,100,470	2,086,552
Interest	114,155	39,983	74,172
Total General Revenue	<u>5,718,064</u>	<u>3,436,078</u>	<u>2,281,986</u>
CHANGE IN NET POSITION	3,938,240	2,248,362	1,689,878
Net Position - Beginning of Year	<u>7,917,899</u>	<u>5,669,537</u>	<u>2,248,362</u>
NET POSITION - END OF YEAR	<u>\$ 11,856,139</u>	<u>\$ 7,917,899</u>	<u>\$ 3,938,240</u>

Total revenue increased from the prior year by \$2,281,986 and total expenses increased by \$592,108. The key element contributing to the increase in revenue was increased funding from Mosaic that is part of an agreement between Mosaic and the Authority. The increase in expenses was due to an increase in economic development projects and their related expenses.

**HARDEE COUNTY
ECONOMIC DEVELOPMENT AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2018**

Budgetary Highlights

Budget and actual comparison schedules are provided in the Basic Financial Statements for the General Fund, Education Fund, and Recreation Fund. The budget and actual comparison statements show the original adopted budget, the final revised budget, actual results, and variance between final budget and actual results. After the original budget is approved, it may be revised for a variety of reasons such as unforeseen circumstances or unanticipated revenues. The General Fund budget did not have any significant changes. The Education Fund budget was amended to reflect the increased Mosaic funding. And, the Recreation Fund budget was adopted during the fiscal year to separately account for the recreation portion of the Mosaic funding.

Economic Factors and Next Year's Budgets and Rates

State, national, and international economic factors influence the Authority's revenues. The Authority's revenues are heavily dependent upon the volume of phosphate rock extractions in the state of Florida and a distribution formula that allocates the severance tax proceeds to the eligible counties according to each county's pro-rata share of phosphate rock extractions. The primary factors influencing the rate of mining are:

- **Competition:** The markets are intensely competitive and particularly sensitive to products sourced from regions of the world with low natural gas costs. Natural gas is the principal raw material, as well as the primary fuel source, used in the ammonia production process.
- **Seasonality:** Climatic conditions can cause weather related shifts in planting schedules and purchasing patterns. Typically, these patterns average out over a given year and primarily impact quarterly activities and do not materially impact the results of a particular year.
- **Reserves:** At least for this period and future reporting periods, reserves for Mosaic are not a limiting factor. The company's permitted, recoverable reserves from their South Pasture Mine are sufficient to meet their requirements, at current production rates, for approximately 8 years. The South Pasture Extension which includes approximately 7,000 additional acres in Hardee County will provide additional reserves for approximately ten years for a total of approximately 18 years of reserves. Mosaic has recently completed the permitting on the Ona mine. This mine consist of approximately 27,000 acres with approximately 17,000 acres where extraction will occur over a 24-year period extending until approximately the year 2042.

Through the next reporting period, it is believed that the rate of mining will not be significantly reduced due to any of the above. The Authority should achieve the revenue projection for the 2019 budget.

**HARDEE COUNTY
ECONOMIC DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Hardee County Economic Development Authority (Authority) conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant accounting principles and policies used in the preparation of these financial statements.

Reporting Entity

The Authority was established in 2004 in accordance with Section 211.3103 of the Florida Statutes. Florida legislation created the Authority through the adoption of Senate Bill 3110. The Authority's board membership was revised in 2018 with House Bill 1397. House Bill 1397 also increased term limits for appointed members and sets terms of county commission members to run concurrent with their commission seat terms.

The Authority, as authorized by Section 211.3103 of the Florida Statutes, was created to solicit, rank, and fund projects that provide economic development opportunities and infrastructure within the geographic boundaries of Hardee County and to otherwise maximize the use of federal, local, and private resources as provided by Section 211.3103, Florida Statutes. The Authority's financial statements include only the funds of the Authority. There are no separate legal entities (component units) for which the Authority is considered financially accountable.

Basis of Presentation

The Authority complies with accounting standards established by the Governmental Accounting Standards Board (GASB). The Authority has implemented GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*.

Government-Wide Financial Statements

The government-wide financial statements include the statement of net position and a statement of activities and report information on all activities of the Authority. The Authority reports only governmental activities; it does not have any business-type activities. Governmental activities are supported largely by an excise tax upon the severance of phosphate rock.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues consist of grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Other items not properly included as program revenues are reported as general revenues.

**HARDEE COUNTY
ECONOMIC DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Accounting

The financial transactions of the Authority are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances or equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually for the governmental funds. There are no proprietary or fiduciary funds.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities for the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting.

Basis of Presentation

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of each fund category and the governmental and enterprise combined) for the determination of major funds. The Authority has used GASB Statement No. 34 minimum criteria for major fund determination. There are no nonmajor funds.

**HARDEE COUNTY
ECONOMIC DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (continued)

Governmental Major Funds

General Fund – The General Fund is the general operating fund of the Authority. It is used to account for all financial resources, primarily severance tax revenue and economic environment expenditures, except those accounted for in another fund.

Education Fund – The Education Fund, a special revenue fund, accounts for funds that are restricted for education.

Recreation Fund – The Recreation Fund, a special revenue fund, accounts for funds that are restricted for recreation.

Budgetary Requirements

The Authority follows the procedures provided by Florida Statutes in establishing final budget balances reported on the financial statements.

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for the general fund in accordance with procedures and time intervals prescribed by law.
- Budgets are prepared for the General Fund, Education Fund, and Recreation Fund on a basis consistent with accounting principles generally accepted in the United States of America and are based upon the final amended amounts.
- Appropriations lapse at year-end to the extent that they have not been expended. Budget appropriations may not be legally exceeded on a fund basis, which is the legal level of control.
- Final budget amounts reported are based upon the final amended budget.

Net Position

Net position represents the difference between assets and liabilities. The Authority may report three categories of net position, as follows: investment in capital assets, restricted net position, and unrestricted net position. Investment in capital assets consists of net capital assets. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute. Unrestricted net position consists of all other net position that does not meet the definition of the other two components and are available for general use by the Authority. When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted as needed.

**HARDEE COUNTY
ECONOMIC DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Revenue

Other revenues consist of annual contract payments from Mosaic Fertilizer LLC.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, as applicable to government entities, requires management to make use of estimates that affect the reported amounts in the financial statements. Actual results could differ from estimates.

Fund Balance and Spending Policy

In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, governments are required to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned.

- Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- Restricted – amounts that can be spent for specific purposes because of charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. Includes amounts restricted by enabling legislation s. 211.3103(3)(b)3., F.S. and constraints externally imposed by contributors.
- Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to grant funds awarded and passed by the Board, the Authority's highest level of decision-making authority.
- Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Authority's adopted policy, only the Board may assign amounts for specific purposes.
- Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund.

SEPTEMBER 30, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Board has not formally adopted fund balance and spending policies to clearly define the process for tracking the various classifications of fund balance. When a fund expenditure is incurred in which restricted, committed, assigned, or unassigned amounts are available to be used, the Board will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts.

NOTE 2 DEPOSITS

Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned to it.

At September 30, 2018, the book balance of the Authority's deposits was \$13,018,957, consisting entirely of demand deposits; and the bank balance was \$13,154,201. The Federal Deposit Insurance Corporation (FDIC) insures the District's bank balances for \$250,000 for each banking relationship and the balances are collateralized pursuant to Chapter 280, Florida Statutes. The District's investment policy requires that deposits be entirely covered by federal depository insurance or by collateral pledged with the State Treasurer pursuant to Chapter 280, Florida Statutes. Under this Chapter, in the event of default by a participating financial institution, (a qualified public depository), all participating institutions are obligated to reimburse the governmental entity for the loss.

NOTE 3 ECONOMIC DEPENDENCY

The Authority received 42.3% of its total revenue from the phosphate severance tax remitted by the state of Florida and 55.7% of its total revenue from Mosaic.

**HARDEE COUNTY
ECONOMIC DEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018**

NOTE 4 COMMITMENTS

As of September 30, 2018, the Authority has entered into various grant agreements with businesses and other entities within Hardee County to fund projects that provide economic development opportunities, job creation, and infrastructure within the geographic boundaries of the County. Commitments as of September 30, 2018 were:

<u>Entity - Project</u>	<u>Remaining Commitment</u>
Hardee County Board of County Commissioners - Old Bradenton Road	\$ 1,185,000
Hardee County Board of County Commissioners - Bostick Road	388,587
Hardee County Industrial Development Authority - Water/Sewer	566,234
Hardee County Industrial Development Authority - Pretreatment	269,440
Hardee County Industrial Development Authority - Steele Equine	256,458
Hardee County Industrial Development Authority - Carlton Street Expansion	52,507
Hardee County Industrial Development Authority - Bees & Bot	75
City of Bowling Green - Hwy 17 Utilities Ext.	8,775
Total Commitments	<u>\$ 2,727,076</u>

NOTE 5 RELATED PARTIES

The Authority granted contracts to certain entities that have representation on its board. During the year ended September 30, 2018, the Authority expensed \$1,514,828 related to grant contracts awarded to the Hardee County Industrial Development Authority (IDA), \$38,413 to the Hardee County Board of County Commissioners (BOCC), and \$44,028 to the City of Bowling Green. At September 30, 2018, the Authority had committed funding for grants to the IDA in the amount of \$1,144,714, to the BOCC in the amount of \$1,573,587, and to the City of Bowling Green in the amount of \$8,775.

During the year ended September 30, 2018, the Authority expensed \$150,000 related to grant contracts awarded to the Hardee County Economic Development Council.

The Authority's accounting function is provided by the Hardee County Clerk of Courts office. The Authority's operation function is provided by the BOCC. For the year ended September 30, 2018, the expense for services provided for accounting and operations totaled \$22,369.

During the year ended September 30, 2018, the Authority recognized \$3,187,022 in revenue from Mosaic Fertilizer LLC.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Members of the Authority Board
Hardee County Economic Development Authority
Wauchula, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Hardee County Economic Development Authority (Authority), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise Authority's basic financial statements, and have issued our report thereon dated February 12, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Members of the Authority Board
Hardee County Economic Development Authority
Wauchula, Florida

Report on the Financial Statements

We have audited the financial statements of the Hardee County Economic Development Authority (Authority), Florida, as of and for the fiscal year ended September 30, 2018, and have issued our report thereon dated February 12, 2019.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550; Rules of the Auditor General.

Other Reports and Schedule

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 12, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 in the notes to the financial statements.

Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us apply appropriate procedures and communicate the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Authority's Board, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

Members of the Authority Board
Hardee County Economic Development Authority
Wauchula, Florida

We have examined the Hardee County Economic Development Authority (Authority)'s compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2018. Management of the Authority is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2018.

This report is intended solely for the information and use of the Authority and the Auditor General, state of Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.
