REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
River Hall Community Development District
Lee County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of River Hall Community Development District as of and for the year ended September 30, 2018, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Fort Pierce / Stuart

To the Board of Supervisors
River Hall Community Development District

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of River Hall Community Development District as of September 30, 2018, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Governmental accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures in accordance with governmental auditing standards generally accepted in the United States of America, which consisted principally of inquires of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 7, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering River Hall Community Development District's internal control over financial reporting and compliance.

**River Hall Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2018**

Management's discussion and analysis of River Hall Community Development District (the "District") financial performance provides an objective analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position are reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment and interest on long term debt.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

**River Hall Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2018**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues and expenditures that are restricted for certain purposes or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including land, infrastructure and improvements are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental funds, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, a reconciliation is provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements*.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2018.

- ◆ The District's total assets exceeded total liabilities by \$11,475,100 (net position). Unrestricted net position for Governmental Activities was \$695,379. Net position restricted was \$395,294. Net investment in capital assets was \$10,384,427.
- ◆ Governmental activities revenues totaled \$2,632,975 while governmental activities expenses totaled \$1,907,126.

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

	Governmental Activities	
	2018	2017
Current assets	\$ 724,522	\$ 1,149,606
Restricted assets	2,597,615	3,058,993

 Total Assets	 <u>34,587,583</u>	 <u>34,593,225</u>
 Current liabilities	 1,342,483	 1,313,974
Non-current liabilities	<u>21,770,000</u>	<u>22,530,000</u>
 Total Liabilities	 <u>23,112,483</u>	 <u>23,843,974</u>
 Net position - net investment in capital assets	 10,384,427	 9,685,045
Net position - restricted for debt service	395,294	313,046
Net position - unrestricted	<u>695,379</u>	<u>751,160</u>
 Total Net Position	 <u>\$11,475,100</u>	 <u>\$10,749,251</u>

The increase in net position is the result of revenues exceeding expenses.

The decrease in current assets is related to assessments receivable in the prior year that were collected before year end in the current year.

The decrease in restricted cash is the result of the capital outlay additions in the current year net of the increase in debt service restricted cash.

The increase in capital assets is the result of additional construction in progress during the current year net of depreciation.

The decrease in non-current liabilities is primarily due to debt principal payments made in the current year.

Change in Net Position	725,849	773,063
Net Position - Beginning of Year	<u>10,749,251</u>	<u>9,976,188</u>
Net Position - End of Year	<u><u>\$ 11,475,100</u></u>	<u><u>\$ 10,749,251</u></u>

The increase in general government expenses is related to increase engineering costs in the current year.

The increase in physical environment expenses is primarily due to increased hurricane clean up, streetlight and landscape maintenance costs in the current year.

The decrease in interest on long term debt is due to the reduction in debt outstanding.

Capital Assets Activity

The following schedule provides a summary of the District's capital assets activity as of September 30, 2018 and 2017:

<u>Description</u>	<u>Governmental Activities</u>	
	<u>2018</u>	<u>2017</u>
Capital assets not being depreciated:		
Land	\$ 9,299,800	\$ 9,299,800

Less: Accumulated depreciation	(282,106)	(233,044)
Total Capital Assets	<u>\$ 31,265,446</u>	<u>\$ 30,384,626</u>

Capital asset activity during the year was additions to construction in progress of \$929,882 and depreciation of \$49,062.

Debt Management

Governmental Activities debt includes the following:

- ◆ In May 27, 2011, the District issued Capital Improvements Revenue Bonds, Series 2011 A-1 and Series 2011 A-2 to restructure and retired the remaining balance on its Series 2005 bonds. These bonds were issued to fund certain infrastructure and facilities benefitting the lands of the District. As of September 30, 2018, the outstanding balance was \$22,530,000.

General Fund Budgetary Highlights

Actual general fund expenditures for the current fiscal year were less than budgeted amounts due primarily to miscellaneous contingency costs being less than expected.

The September 30, 2018 was amended for higher engineering fees and landscape maintenance costs than originally expected.

Economic Factors and Next Year's Budget

River Hall Community Development District does not expect any economic factors to have any significant effect on the financial position or results of operations of the District in fiscal year ended September 30, 2019.

STATEMENT OF ACTIVITIES
For the Year Ended September 30, 2018

Net Changes in Fund Balances - Total Governmental Funds \$ (886,208)

Amounts reported for governmental activities in the Statement of Activities are different because:

Government funds reported capital outlays as expenditures; however, in the Statement of Activities, the cost of those assets is eliminated and capitalized in the Statement of Net Position. This is the amount that capital outlay (\$929,882) exceeded depreciation (\$(49,062)). 880,820

Repayment of long-term liabilities are reported as expenditures in the governmental funds statement but such repayments reduce liabilities in the Statement of Net Position. 715,000

In the Statement of Activities, interest is accrued on outstanding bonds; whereas in governmental funds, interest expenditures are reported when due. This is the change in accrued interest from the prior year. 16,237

River Hall Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2018

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on April 21, 2005, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing or re-constructing, enlarging or extending, equipping, operating and maintaining water management, district roads, landscaping, street lights and other basic infrastructure projects within or outside the boundaries of the River Hall Community Development District. The District is governed by a five-member Board of Supervisors who are elected on an at-large basis in an election by landowners within the District. The District operates within the criteria established by Chapter 190.

As required by GAAP, these financial statements present the River Hall Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

River Hall Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2018

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments. Program revenues include charges for services and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the Statement of Activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as another financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

Governmental Funds

The District implemented the Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest revenue associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as another financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund is composed of General Fund and Reserve Fund balances.

Debt Service Fund – Accounts for debt service requirements to retire the capital improvement bonds which were used to finance the construction of District infrastructure improvements.

Capital Projects Fund – Accounts for the construction of improvements within the boundaries of the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as general obligation bonds, be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash and cash equivalents includes time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.

4. Assets, Liabilities, and Net Position or Equity (Continued)

b. Restricted Assets

Certain assets of the District and a corresponding liability or portion of net position is classified as restricted on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include land improvements, construction in progress and infrastructure are reported in governmental activities.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method over the assets' estimated useful lives. Useful life for infrastructure is estimated at 15 years.

d. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. Formal budgets are adopted for the general fund. The legal level of budgetary control is at the fund level. As a result, deficits in the budget columns of the accompanying financial statements may occur. All budgeted appropriations lapse at year end.

e. Net Position

Net position represents the difference between assets and liabilities and is reported in three categories. Net position invested in capital assets, net of related debt, represents capital assets, net of accumulated depreciation and any outstanding debt related to those assets. Net position is reported as restricted when there are legal limitations imposed on their use by legislation, or external restrictions imposed by other governments, creditors, or grantors. Unrestricted net position is assets that do not meet definitions of the classifications previously described.

NOTE B – CASH AND DEPOSITS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2018, the District's bank balance was \$1,050,375 and the carrying value was \$716,816. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

As of September 30, 2018, the District had the following investments and maturities:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
First American Treasury Obligation Fund Class Z	31 days*	\$2,597,615
Local Government Surplus Funds Trust Fund (Florida PRIME)	33 days*	5,077
Total		<u>\$2,602,692</u>

* Weighted average maturity

The District categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most realizable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtained quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investment in First American Treasury Obligation Fund Class Z is a Level 1 asset.

NOTE B – CASH AND DEPOSITS (CONTINUED)

Investments

The District's investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. Among other investments, the policy allows the District to invest in the State Board of Administration Local Government Surplus Trust Funds.

Cash placed with the State Board of Administration represents the District's participation in the Local Government Surplus Trust Funds Investment Pool and is reported at fair value. As a pool participant the District invests in pools of investments in which shares are owned in the pool rather than the underlying investments.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, however; the bond indenture limits the type of investments held using unspent proceeds.

Credit Risk

The District's investments in treasury funds and commercial paper, are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. Among other investments, the District invests in the State Board of Administration Local Government Surplus Funds Trust Fund. Cash placed with the State Board of Administration represents the District's participation in the Local Government Surplus funds trust fund investment pool and is reported at fair value.

As a pool participant, the District invests in pools of investments in which shares are owned in the pool rather than the underlying investments. Fair market value is determined and reported as disclosed by the State Board of Administration and the calculation of the net change in the fair value of investments is independent of the calculation of realized gains and losses.

As of September 30, 2018, the District's investment in the First American Treasury Obligation Fund was rated AAAm by Standard & Poor's.

River Hall Community Development District
NOTES TO FINANCIAL STATEMENTS

NOTE B – CASH AND DEPOSITS (CONTINUED)

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in First American Treasury Obligation represent 99.79% of the District's total investments. The investment in Florida Prime Local Government Surplus represents .21% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2018 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

NOTE C – SPECIAL ASSESSMENT REVENUES

Special assessment revenues recognized for the 2017-2018 fiscal year were levied in October 2017. All assessments are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Per Section 197.162, Florida Statutes, discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Assessments paid in March are without discount.

All unpaid assessments become delinquent as of April 1. Virtually all unpaid assessments are collected via the sale of tax certificates on or prior to, June 1; therefore, there were no material taxes receivable at fiscal year end.

NOTE D – CAPITAL ASSETS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
River Hall Community Development District
Lee County, Florida

We have audited the financial statements of River Hall Community Development District as of and for the year ended September 30, 2018, and have issued our report thereon dated June 7, 2019. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of River Hall Community Development District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered River Hall Community Development District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of River Hall Community Development District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of River Hall Community Development District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Board of Supervisors
River Hall Community Development District

Compliance and Other Matters

As part of obtaining reasonable assurance about whether River Hall Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Supervisors, Management, others within the entity and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than those specified parties.

MANAGEMENT LETTER

To the Board of Supervisors
River Hall Community Development District
Lee County, FL

Report on the Financial Statements

We have audited the financial statements of the River Hall Community Development District as of and for the year ended September 30, 2018, and have issued our report thereon dated June 7, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with AICPA Professionals Standards, AT-C Section 315 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in that report, which is dated June 7, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been made to address findings and recommendations made in the preceding financial audit report. There were no findings or recommendations made in the preceding financial audit report.

Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not River Hall Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the River Hall Community Development District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

To the Board of Supervisors
River Hall Community Development District

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial conditions assessment procedures as of September 30, 2018 for the River Hall Community Development District. It is management's responsibility to monitor the River Hall Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANT'S REPORT/COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

To the Board of Supervisors
River Hall Community Development District
Lee County, Florida

We have examined River Hall Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2018. Management is responsible for River Hall Community Development District's compliance with those requirements. Our responsibility is to express an opinion on River Hall Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about River Hall Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on River Hall Community Development District's compliance with the specified requirements.

In our opinion, River Hall Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2018.
