Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The Riviera Beach Community Redevelopment Agency
Riviera Beach, Florida

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund of the Riviera Beach Community Redevelopment Agency (the Agency), a component unit of the City of Riviera Beach, Florida, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of the Auditor General. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund of the Agency as of September 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3–9 and 41–42 respectively be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2019, on our consideration of the Agency, a component unit of the City's internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Agency, a component unit of the City's, internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2018

The Riviera Beach Community Redevelopment Agency (Agency) Management's Discussion and Analysis (MD&A) is intended to provide the readers of the Agency's financial statements with a general overview of the financial activities during Fiscal Year (FY) 2018. This report and related financial statements include the consolidated financial position and result of activities of the Riviera Beach CDE, Inc., which is a controlled entity of the Agency. Refer to Note 1 of the *Notes to the Basic Financial Statements*. The information in this section should be read in conjunction with the financial statements and the notes.

HIGHLIGHTS

Financial Highlights

- For FY 2018, the Agency's total net position increased by \$3.129 million, or 34.77%, which is a significant improvement from the prior year's deficit of \$8.999 million.
- FY 2018 total revenues increased by \$7.839 million, or 16.55%, over those reported in the prior year. This is due mainly to an increase of 9.74% for tax increment financing revenues.
- FY 2018 total expenditures decreased by \$0.732 million, or 7.87%, over those reported in the prior year. This is due mainly to a reduction in expenditures for the redevelopment program and interest costs.

OVERVIEW OF FINANCIAL STATEMENTS

The Agency's basic financial statements provide information on both the Agency as a whole (government-wide) and the major individual funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Agency's finances, in a similar manner to a private-sector business. The government-wide financial statements are prepared using the accrual basis of accounting.

The government-wide financial statements include:

Statement of Net Position – This statement presents information on the Agency's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. This statement format combines and consolidates the governmental funds' current financial resources with capital assets and long-term obligations.

Statement of Activities – This statement presents information showing how the Agency's net position changed during the fiscal year. All changes in revenues are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The government-wide financial statements present functions of the Agency that are principally supported by tax increment financing (governmental activities). The governmental activities of the Agency include general government activities and redevelopment projects.

Fund Financial Statements

Fund financial statements provide readers with an overview of each fund and its related function in a traditional format. A fund is a grouping of related accounts that maintain control over resources that are segregated for specific activities or objectives. The Agency uses fund accounting to ensure and demonstrate legal compliance with financial related legal requirements. The General Fund is the only governmental fund that is used to account for the operating activities of the Agency. The General Fund also includes the activities of the redevelopment programs which are funded by restricted debt proceeds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources and balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The focus of governmental funds is narrower than government-wide financial statements and, therefore, useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. The *Balance Sheet – Governmental Funds* and *Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Funds* are reconciled to the government-wide statements to facilitate the comparison between the two presentations.

Notes to the Basic Financial Statements

The Notes to the Basic Financial Statements provide additional information that is essential to the full understanding of the information presented in the government-wide and the fund financial statements and is required by generally accepted accounting principles.

Required Supplementary Information

In addition to the basis financial statements and accompanying notes, this report also presents required supplementary information concerning the Agency's budget to actual results for the General Fund. The Agency adopts an annual appropriated budget for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve as a useful indicator over time of the Agency's financial position. Assets and deferred outflows of resources were less than liabilities and deferred inflows of resources by \$8.601 million as of September 30, 2018, an increase of \$2.994 million, or 25.82%, over last fiscal year. FINANCIAL ANALYSIS OF THE FUND FINANCIAL STATEMENTS

The focus of the Agency's governmental funds is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is useful in assessing the Agency's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The Agency's governmental funds reported an ending fund balance of \$4.705 million in comparison to the prior year's ending fund balance of \$4.131 million.

BUDGETARY ANALYSIS FOR THE GENERAL FUND

For FY 2018, the original budget was not amended during the fiscal year. The General Fund's budget for FY 2018 was \$11.771 million. Actual revenues was slightly above the budgeted revenues by \$0.154 million due mainly to the lease and common area maintenance, and tax increment financing revenues were less than anticipated. Actual expenditures were below the budgeted amount by \$3.209 million due mainly to a reduction of real estate and redevelopment program and capital expenditures.

Notes to the Basic Financial Statements

RIVIERA BEACH COMMUNITY REDEVELOPMENT AGENCY
(A component unit of the City of Riviera Beach, Florida)
NOTES TO THE BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of the Riviera Beach Community Redevelopment Agency (Agency) is presented to assist the reader in interpreting the basic financial statements. The policies are considered essential and should, therefore, be read in conjunction with the basic financial statements.

The accompanying basic financial statements are presented in conformity with generally accepted accounting principles (GAAP) for governments in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the Agency's significant accounting policies and reporting practices.

Reporting Entity

The Agency was established by a special act in 1969 of the Florida Legislature under Chapter 163 to develop and revitalize the blighted areas of the City of Riviera Beach (City). The Agency's services are rendered wholly within the boundaries of the City and its activities and transactions are intended to benefit the City by returning improved property to the City's tax rolls to enhance the business and cultural environment of the Agency's area and to provide employment to its citizens. The Agency was created by the City's Resolution No 130-84 dated August 7, 1984.

Community redevelopment agencies (CRA) are a common governmental tool for redevelopment in the State of Florida and operate on a budget generated by an increase in property taxes within a defined area. Once a CRA is established, a percentage of the increase in property taxes goes to the CRA. This tax increment is used to finance the redevelopment projects outlined in the Community Redevelopment Plan. The principal mission of the Agency is the preservation or enlargement of the community redevelopment area's tax base from which taxing authorities receive tax revenues to carry out public initiatives that stimulate the rehabilitation or redevelopment of the community redevelopment area.

Pursuant to GASB Statement No. 14, *The Financial Reporting Entity* and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*; the Agency is considered a blended component unit of the City. The Agency is reported in the City's basic financial statements, as required. The Board of Commissioners of the Agency is comprised of the members of the City Council.

Riviera Beach CDE, Inc. (RBCDE) – The RBCDE was organized in May 2011, pursuant to the laws of the State of Florida as a 501(c) (3) non-profit corporation and its primary mission is to provide investment capital to low-income communities or persons of low-income and to engage in other community development activities for neighborhood improvement and community and economic development by providing sustainable job opportunities for low income residents. The RBCDE is certified by the U.S. Department of Treasury, CDFI Fund, as a Community Development Entity. The RBCDE is governed by a Board of Directors that consists of a minimum of five directors. At least three directors must be either City or CRA employees and two shall be residents or business owners of the CRA area and represent low income communities.

The RBCDE is the sole member of the Riviera Beach Event Center, LLC (RBEC) which was formed in September 2013 pursuant to the laws of the State of Florida as a limited liability company. The RBEC is also recognized by the Internal Revenue Service as a tax-exempt organization under section 501 (c) (3) of the Internal Revenue Code. The purpose of the RBCDE is to facilitate the redevelopment and improvement of areas of blight

and deterioration within the municipal limits of the City and to own and operate a community facility open to the public. These entities are part of a combined New Markets Tax Credit financing redevelopment of the Marina and to provide a community event center for the residents, businesses and visitors of the City.

Separate financial statements are issued for the RBCDE and the RBEC. The statements may be obtained from the Riviera Beach Community Redevelopment Agency, 2001 Broadway, Suite 300, Riviera Beach, Florida 33404.

Principles of Consolidation - The RBCDE and RBEC are consolidated and all material intercompany transactions and balances have been eliminated in consolidation. In accordance with standards prescribed by the Financial Accounting Standards Board (FASB), the RBCDE evaluated its interests and determined that based on the rights afforded to it in the agreements, the RBCDE controls the RBEC and both entities have been consolidated in its statements. The financial statements for the RBCDE and RBEC are included in the Agency's financial statements for fiscal year ended September 30, 2018.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-wide financial statements include the Statement of Net Position and Statement of Activities. These statements present summaries of governmental activities for the Agency. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Assets and liabilities, including long-term liabilities, are included in the Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, and then use unrestricted resources, when needed and as appropriate.

Fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period, or soon thereafter, to pay for liabilities of the current period.

For this purpose, the Agency considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Incremental property taxes, interest income, and certain loan repayments are susceptible to accrual. Other revenues that are generally not measurable until actually received are not accrued. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payments are due.

The General Fund is the Agency's primary operating fund which accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Capital Assets

Capital assets are reported in the government-wide financial statements. Capital assets are defined by the Agency as assets with an initial, individual cost of more than \$750 and an estimated useful life in excess of one year. Capital assets which are purchased or acquired are carried at historical cost or estimated historical cost and capital assets which are donated or contributed are recorded at estimated fair value on the date received.

RIVIERA BEACH COMMUNITY REDEVELOPMENT AGENCY
(A component unit of the City of Riviera Beach, Florida)
NOTES TO THE BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

The costs of normal maintenance and repairs are charged to operations as incurred. Outlays for capital assets and improvements are capitalized as projects are constructed and depreciated over the remaining useful lives of the related assets, as applicable. Depreciation is computed using the straight-line method over the following estimated useful lives:

Buildings and improvements	10 to 40 years
Furniture, fixtures and equipment	3 to 10 years

Restricted Assets

Restricted assets represent developer deposits held in escrow and cash restricted for capital improvements. Proceeds of revenue bonds are set aside in accordance with bond covenants or by ordinance are classified as restricted assets. Restricted long-term assets are not required to be presented on the balance sheets of governmental funds under the modified accrual basis of accounting; however, certain assets are restricted as to their use. Such assets include debt proceeds and amounts held for debt service.

Compensated Absences

Regular full-time employees may accumulate, within certain limits, sick leave annually. A liability is accrued for unused vacation leave at year end. Sick leave is accrued as a liability as the benefits are earned by the employee only to the extent that it is probable that the employee will be compensated for the benefits upon termination or retirement. Compensated absences are accrued when earned in the government-wide and enterprise fund financial statements. Compensated absences liability is calculated based on the salary rate in effect at year end. In the government-wide financial statements, compensated absences liability is classified into two components - amounts due within one year (current portion) and amounts due in more than one year (non-current portion).

Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the government-wide and proprietary fund type Statement of Net Position. Bonds payable are reported net of bond premiums or discounts and deferred refunding amounts. Premiums, discounts, and issuance costs are amortized over the life of the bonds using the effective interest method. Deferred amounts on refunding are amortized over the shorter of the remaining life of the old debt or the life of the new debt using the straight-line method, which does not result in a material difference from the effective interest method. Costs of issuing bonds and deferred charges on refunding bonds are capitalized in the governmental activities of the Statement of Net Position.

Governmental funds recognize bond premiums and discounts, as well as issuance costs during the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Debt issuance costs and debt payments are reported as expenditures.

Fund Balance Policies

GASB Statement No. 54, *Fund Balance Reporting Governmental Fund Type Definitions*, establishes accounting and financial reporting requirements for governmental funds and criteria for classifying fund balances. Accordingly, the governmental fund financial statements report fund equity classifications that comprise a hierarchy based primarily on the extent to which the Agency is legally bound to honor the specific purposes for which amounts in fund balance may be spent. Amounts which are restricted to specific purposes either by a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation are classified as fund balances.

Amounts which may be appropriated, modified, or rescinded for specific purposes pursuant to constraints imposed by the Board are classified as committed fund balances. Amounts which are constrained by the intent to be used for specific purposes, but are neither restricted nor committed are classified as assigned fund balances. Fund balances can only be assigned by the Board. Non-spendable fund balances include amounts which cannot be spent because they are either a) not in spendable form; or b) legally or contractually required to be maintained intact.

Fund balances for governmental funds are displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used. The fund balance classifications are summarized below:

Non-spendable - Amounts that cannot be spent because they are a) not in a spendable form; or b) legally or contractually required to remain intact.

Restricted - Amounts that are restricted for specific purposes by a) constraints imposed by external providers; or b) imposed by constitutional provisions or through enabling legislation.

Committed - Amounts for specific purposes pursuant to constraints imposed by the Board.

Assigned - Amounts intended to be used for specific purposes, but are neither restricted nor committed. Assignments of fund balances are made by management based upon the direction of the Board.

Unassigned - Amounts not restricted, committed or assigned to specific purposes.

Committed fund balance is used first, followed by assigned fund balance, and then unassigned fund balance when expenditures are incurred for the purposes for which amounts in any of the unrestricted fund balance classifications may be used.

The Agency uses restricted amounts first when both restricted and unrestricted fund balances are available, unless there are legal agreements that prohibit doing this, such as grant and loan agreements that require dollar for dollar spending. The Executive Director has created assigned fund balance for major program expenses associated with the Marina and the Clean and Safe Program.

Use of Estimates

Management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities and amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from management's estimates. Significant estimates used in these financial statements include allowances for uncollectible accounts.

NOTES TO THE BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Budgets

The Agency's Board adopts a balanced operating budget and appropriates funds for the General Fund on an annual basis. Appropriations are legally controlled at the object code level and expenditures may not legally exceed budget appropriations.

Tax Increment Financing

In January of each year, the Palm Beach County Property Appraiser's Office and the City of Riviera Beach provide the Agency with an estimated tax increment financing amount. When the final tax roll valuations are issued, the Property Appraiser's Office notifies the Agency of the actual payment and the shortage is remitted to the Agency. If there is an overpayment, a refund is requested from the Agency.

Income Taxes

The RBCDE and RBEC are exempt from income taxes under Section 501 (c) (3) of the IRC, except for income taxes on "unrelated business income," as defined in the IRC. Management believes that all material activities of the RBCDE and the RBEC are not subject to income taxes. The RBCDE and RBEC are required to file and does file tax returns with the IRS and other taxing authorities. Accordingly, the consolidated financial statements of the RBCDE do not reflect a provision for income taxes and the RBCDE and RBEC have no other tax positions which must be considered for disclosure. Income tax returns filed by the RBCDE and RBEC are subject to examination by the IRS for a period of three years. The first year that the RBCDE was required to file tax returns with the IRS was 2014.

NOTE 2 – DEPOSITS

Cash and cash equivalents include cash on hand, amounts in demand and time deposits, and short-term investments with original maturity dates within three months of the date acquired. Deposits are held in qualified public depositories (QPD) pursuant to Florida Statutes, Chapter 280, *Florida Security for Public Deposits Act*. Provisions of the act require that public deposits may only be held at QPD. The Act requires that QPD deposit with the State Treasurer, eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. The Treasurer establishes minimum required collateral pledging levels. Collateral must be deposited with an approved financial institution. Potential losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessments against other QPD of the same type as the depository in default.

NOTE 6 – RETIREMENT PLAN

Effective June 1, 2015, those Agency's employees who were eligible to participate in the Florida Retirement System (FRS) became participants in FRS jointly with the City. As provided by Florida Statutes, Chapters 112 and 121, the FRS provides two cost sharing, multiple employer defined benefits plans administered by the Florida Department of Management Services, Division of Retirement.

As a general rule, membership in the FRS is compulsory for all employees in regularly established positions for a state agency, county government, or a participating city or special district within the State of Florida.

All other employees and new employees, whether full time or part time, are required to participate in the FRS system. FRS requires employees to contribute 3% of their salary to the plan. The employer contribution rates for the period from October 1, 2017 to June 30, 2018 and July 1, 2018 to September 30, 2018, respectively, were as follows: Regular - 7.92% and 8.26% and Senior Management – 22.71% and 24.06%. Certain employees who met specific criteria had the option to continue with the existing plan, a defined contribution 401 (a) plan, managed by Nationwide Insurance. Seven qualified employees opted to continue with this plan. Contributions to this plan are immediately 100% vested. Employees are not allowed to contribute additional funds. The Agency makes contributions to the Nationwide 401(a) plan in the amount of 6% of the participant's qualified compensation.

For FY 2018, the Agency contributed \$67,875 to FRS. The related net pension liability at September 30, 2018 was \$963,544. Prior to fiscal year 2016, the participation of the Agency employees was included in the City's FRS liability and expense.

2006 Note

In July 2006, the City issued the Community Redevelopment Projects Note, Series 2006, in the amount of \$7,175,876 to refund the *Community Redevelopment Bond Anticipation Notes, Series 2002A and Series 2003A*. Ocean Mall Redevelopment (OMRD) Loan

The Ocean Mall, a retail property, and the Municipal Beach are owned by the City. The properties are located within the Agency's boundaries. In October 2009, the City loaned \$10,194,621 to the Agency and in turn, the Agency provided a grant to Ocean Mall Redevelopment, LLC (OMRD) to make required infrastructure, parking and beach improvements. On behalf of the Agency, the City advanced the loan proceeds to OMRD based on draw requests from OMRD for construction of the improvements based on inspection and approval of the requests by the City.

In April 2011, the City agreed to modify the loan agreement by offering more flexible terms to the Agency. The loan agreement was further modified in February 2016, in order to enhance the Agency's cash flow to meet ongoing operational needs. The Agency's Board approved the Second Modification to the Loan Agreement. The terms of the Second Modification reduced the interest rate to zero percent for the remainder of the term of the loan and the Agency will pay the City fifteen equal installments of \$679,641 each October 1st, commencing October 1, 2023 until the loan is paid in full.

RBCDE Recoverable grant

The RBCDE entered into a services agreement with the Agency to manage its books, records, and operations. As a consequence, the Agency has a controlling influence over the day-to-day management and operations of the RBCDE. Additionally, the Agency's Executive Director was named as the uncompensated non-member manager of the RBEC.

The RBCDE entered into a recoverable grant agreement with the Agency on December 1, 2013. Funding up to \$8,928,728, payable in installments, was granted to provide funding for the construction of the Event Center. The grant proceeds are reflected in recoverable grants in the financial statements. Repayment of the grant proceeds is due upon repayment of loan receivable principal payments, unless otherwise canceled in accordance with the grant agreement. As of September 30, 2018, the RBCDE received advanced grant proceeds of \$6,930,000.

RBCDE Note payable

During 2013, the Agency over funded the recoverable grant by \$368,000. The amount over funded is to be repaid by the RBCDE out of available cash flow. As of September 30, 2018, the amount remained payable as there was no available cash flow for repayment.

RBEC Facility lease

The RBEC entered into a facility lease agreement to lease the Event Center to the Agency so that the Agency could vest control of the operations of the Event Center and to allow the RBEC sufficient funds to service loans from NDC New Markets Investments LXXXIV, LLC. The Agency took possession of the Event Center upon substantial completion of the Event Center and receipt of a certificate of occupancy, which occurred April 26, 2016. The lease agreement will terminate on September 30, 2050. Annual rent of \$299,349, under triple net lease terms, shall be increased annually by the Consumer Price Index for All Urban Consumers, and is due quarterly in arrears.

RBEC Ground lease

NOTE 8 – RISK MANAGEMENT

The Agency is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The Agency purchases insurance through the Florida Municipal Insurance Trust. There have been no settlements that exceeded insurance coverage during the fiscal year.

NOTE 9 – SUBSEQUENT EVENTS

The Agency has evaluated subsequent events through March 27, 2019, the date that the financial statements were issued.

In November 2018, the Agency issued *Redevelopment Revenue Note, Series 2018* notes in the amount of \$8,807,000.00 to fund various community redevelopment projects with the Riviera Beach CRA including the acquisition and renovation of certain property within the Agency, marina infrastructure, street improvements, and affordable housing projects to include grants to low income homeowners, rehabilitation and improvement of existing properties, and infrastructure improvements and other projects.

In December 2018, the Agency received the results of arbitrage rebate and yield restriction calculations on the Series 2013A bonds. The calculation period for the 2013A bonds covered the period August 30, 2013 to August 30, 2018. The finding was that the gross proceeds of the bonds have not accrued liability during this period. Consequently, there were no arbitrage rebate or yield restriction liability as of the end of the calculation period.

Compliance Section

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Riviera Beach Community Redevelopment Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund information of the Riviera Beach Community Redevelopment Agency (the ‘Agency’), a component unit of the City of Riviera Beach, Florida as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Agency’s basic financial statements, and have issued our report thereon dated March 27, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with

those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
