### **REPORT OF INDEPENDENT AUDITORS**

To the Board of Supervisors Arlington Ridge Community Development District City of Leesburg, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Arlington Ridge Community Development District (the "District") as of and for the year ended September 30, 2019, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Accounting Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Fort Pierce / Stuart

To the Board of Supervisors Arlington Ridge Community Development District

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Arlington Ridge Community Development District, as of September 30, 2019, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated April 17, 2020 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Arlington Ridge Community Development District's internal control over financial reporting and compliance.

Management's discussion and analysis of Arlington Ridge Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements,* 2) *Fund financial statements,* and 3) *Notes to financial statements.* The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The Government-wide financial statements are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets, 2) restricted and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses and related program revenues are reported by major function, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment, public safety, roads and streets, and interest on long-term debt.

*Fund financial statements* present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

## OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

*Fund financial statements* include a **balance sheet** and a **statement of revenues**, **expenditures and changes in fund balances** for all governmental funds. A **statement of revenues**, **expenditures**, **and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

*Notes to financial statements* provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *Notes to financial statements.* 

## Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2019.

- The District's total assets exceeded total liabilities by \$9,972,254 (net position). Net investment in capital assets for Governmental Activities was \$8,336,462. Unrestricted net position for Governmental Activities was \$693,330. Restricted net position for Governmental Activities was \$942,462.
- Governmental Activities revenues totaled \$3,817,096 while Governmental Activities expenses totaled \$3,681,419.

## **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

## Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

## **Net Position**

	Governmenta	I Activities
	2019	2018
Current assets	\$ 622,284	\$ 1,039,204
Restricted assets	3,147,958	946,586
Capital assets	13,022,514	13,584,726
Total Assets	16,792,756	15,570,516
-		
Current liabilities	630,502	418,939
Non-current liabilities	6,190,000	5,315,000
Total Liabilities	6,820,502	5,733,939
Net Position - Net investment in capital assets	8,336,462	8,084,726
Net Position - Restricted	942,462	816,496
Net Position - Unrestricted	693,330	935,355
Total Net Position	\$ 9,972,254	\$ 9,836,577

The decrease in current assets is primarily due to the decrease in investments used to pay operating expenses.

The decrease in capital assets is primarily the result of depreciation in excess of capital additions in the current year.

The increase in non-current liabilities is primarily due to the issuance of new long-term debt in the current year.

The increase in net position – restricted is the result of current year activity.

## **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

## Financial Analysis of the District (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

## **Change in Net Position**

Net Position - End of Year	\$ 9,972,254	\$ 9,836,577

The decrease in general government is primarily due to a decrease in legal services in the current year.

The increase in interest and other charges is related to the issuance of new debt in the current year.

Accumulated depreciation	(8,342,842)	(7,694,014)
Total Capital Assets (Net)	\$ 13,022,514	\$ 13,584,726

During the year, the District added \$86,616 in capital assets and depreciation for governmental activities was \$648,828.

### General Fund Budgetary Highlights

The budget exceeded governmental expenditures primarily due to less miscellaneous expenditures than were anticipated.

The September 30, 2019 budget was amended for increased payroll expenditures for the restaurant and repairs and maintenance expenditures.

### Debt Management

Governmental Activities debt includes the following:

- In March 2006, the District issued \$15,965,000 Series 2006A Special Assessment Revenue Bonds with a fixed interest rate of 5.50%. These bonds were issued to finance the acquisition and construction of certain improvements for the benefit of certain property within the District. As of September 30, 2019, \$4,670,000 of Series 2006A Bonds were still outstanding.
- In July 2019, the District issued \$1,765,000 Series 2019 Special Assessment Revenue Bonds with varying interest rates from 3.60% to 4.00%. These bonds were issued to finance the acquisition of the Arlington Ridge Golf Club and the construction or reconstruction of related improvements. As of September 30, 2019, \$1,765,000 of Series 2019 Bonds were still outstanding.

## OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

## Economic Factors and Next Year's Budget

Other than the new capital project, the District does not anticipate any economic factors to have a significant effect on the financial position or the results of operations in fiscal year 2020.

## Request for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Arlington Ridge Community Development District, 219 E Livingston St, Orlando, Florida 32801.

Net Change in Fund Balances - Total Governmental Funds	\$ 1,625,972
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount depreciation, \$(648,828), exceeded capital outlay, \$86,616,	
in the current period.	(562,212)
Repayment of long-term liabilities are reported as expenditures in the governmental fund statements but such repayments reduce liabilities in the Statement of Net Position and are eliminated in the Statement of Activities.	830,000
The issuance of long-term debt is reflected as an other financing source at the fund level, however, at the government-wide level these amounts increase liabilities.	(1,765,000)

## NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Arlington Ridge Community Development District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

## 1. Reporting Entity

The District was established on October 13, 2003 by Ordinance No. 03-94 of the City of Leesburg, Florida, under the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is governed by a five-member Board of Supervisors, who are elected for terms of four years. The District operates within the criteria established by Chapter 190. The Board has the responsibility for assessing and levying assessments, approving budgets, exercising control over facilities and properties, controlling the use of funds generated by the District, approving the hiring and firing of key personnel, and financing improvements.

The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility. Oversight responsibility includes, but is not limited to, financial interdependency, designation of management, significant ability to influence operations and accountability for fiscal matters. As required by GAAP, these financial statements present the Arlington Ridge Community Development District (the primary government) as a stand-alone government.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has identified no component units.

## 2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## 2. Measurement Focus and Basis of Accounting (Continued)

## a. Government-wide Financial Statements

Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments, miscellaneous revenues and interest. Program revenues include charges for services, and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

### b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

## Governmental Funds

The District has implemented the Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by the state constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

## 2. Measurement Focus and Basis of Accounting (Continued)

### b. Fund Financial Statements (Continued)

## **Governmental Funds (Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

### 3. Basis of Presentation

### a. Governmental Major Funds

<u>General Fund</u> – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## 3. Basis of Presentation (Continued)

## a. Governmental Major Funds (Continued)

<u>Debt Service Fund</u> – Accounts for debt service requirements to retire certain special assessment refunding bonds which were used to finance the construction of District infrastructure improvements and finance certain additional improvements. The bond series is secured by a pledge of debt service special assessment revenues in any fiscal year related to the improvements. A lien is placed on all benefited land in relationship to the debt outstanding.

<u>Capital Projects Fund</u> – The Capital Project Fund accounts for the construction of infrastructure improvements within the boundaries of the District.

## b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as special assessment bonds, be reported in the governmental activities column in the government-wide statement of net position.

## 4. Assets, Liabilities and Net Position or Equity

### a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

## NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## 4. Assets, Liabilities and Net Position or Equity (Continued)

## a. Cash and Investments (Continued)

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

- 1. Direct obligations of the United States Treasury;
- 2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
- 3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
- 4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash equivalents include time deposits and certificates of deposit with original maturities of three months or less and held in a qualified public depository as defined by Florida Statute 280.02.

### b. Restricted Net Position

Certain net position of the District are classified as restricted on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

### c. Capital Assets

Capital assets, which include land and infrastructure, are reported in the applicable governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

## NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## 4. Assets, Liabilities and Net Position or Equity (Continued)

### c. Capital Assets (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Buildings and Improvements:	5-30 years
Infrastructure:	20-30 years
Equipment	5-15 years

## d. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget variance columns of the accompanying financial statements may occur.

# NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

# 1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

"Total fund balances" of the District's governmental funds (\$3,503,865) differs from "net position" of governmental activities (\$9,972,254) reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below.

## **Capital related items**

When capital assets (property, plant and equipment that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Land and improvements	\$	4,135,000
Buildings and improvements		9,479,150
Infrastructure		7,410,755
Equipment		340,451
Accumulated depreciation		(8,342,842)
Total	<u>\$</u>	13,022,514

# NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

# 1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position (Continued)

## Long-term debt transactions

Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2019 were:

Bonds payable

<u>\$ (6,435,000)</u>

### Accrued interest

Accrued liabilities in the Statement of Net Position differ from the amount reported in governmental funds due to accrued interest on bonds.

Accrued interest on bonds payable

<u>\$ (119,125)</u>

# 2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities

The "net change in fund balances" for government funds (\$1,625,972) differs from the "change in net position" for governmental activities (\$135,677) reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

### Capital related items

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation. As a result, fund balances decrease by the amount of financial resources expended, whereas net position decrease by the amount of depreciation charged for the year.

Depreciation	\$	(648,828)
Capital outlay		86,616
Total	<u>\$</u>	(562,212)

# NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

# 2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities (Continued)

## Long-term debt transactions

Repayments of bond principal are reported as an expenditure in the governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used.

Debt principal payments	\$	830,000
Issuance of long-term debt		(1,765,000)
Total	<u>\$</u>	(935,000)

Some expenses reported in the Statement of Activities do not require the use of current financial resources, therefore, are not reported as expenditures in governmental funds.

Net change in accrued interest payable <u>\$ 6,917</u>

## NOTE C – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

### Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2019, the District's bank balance was \$113,771 and the carrying value was \$110,588. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

As of September 30, 2019, the District had the following investments and maturities:

First American Government		
Obligation Fund	24 days*	\$ 3,147,958
Local Government Surplus Fund	37 days*	 369,943
Total		\$ 3,517,901

\*Maturity is a weighted average maturity.

## NOTE C – CASH AND INVESTMENTS (CONTINUED)

The District categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

The investment in First American Government Obligation is a level 1 asset.

### Investments

The District's investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. Among other investments, the policy allows the District to invest in the State Board of Administration Local Government Surplus Trust Funds.

Cash placed with the State Board of Administration represents the District's participation in the Local Government Surplus Trust Funds Investment Pool and is reported at fair value. As a pool participant the District invests in pools of investments in which shares are owned in the pool rather than the underlying investments.

### Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

### Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. As of September 30, 2019, the District's investment in First American Government Obligation Fund and the Local Government Surplus Fund were rated AAAm by Standards & Poors.

## NOTE C – CASH AND INVESTMENTS (CONTINUED)

## Concentration of Credit Risk

The District places no limit on the amount it may invest in any one investment. The investment in the First American Government Obligation is 89% and the Local Government Surplus Fund is 11% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2019 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

## NOTE D – SPECIAL ASSESSMENT REVENUES

Assessments are non-ad valorem assessments on benefitted property within the District. Operating and Maintenance Assessments are based upon adopted budget and levied annually. Debt Service Assessments are levied when bonds are issued and collected annually. The District may collect assessments directly or utilize the uniform method of collection (Chapter 197.3632, Florida Statutes). Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are mailed by County Tax Collector on November 1 and due on or before March 31 of each year. Property owners may prepay a portion or all of the Debt Service Assessments on their property subject to various provisions in the bond documents.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

## NOTE E – CAPITAL ASSETS

Capital Asset activity for the year ended September 30, 2019 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance	
Governmental Activities:

Summary of Significant Bonds Resolution Terms and Covenants

<u>Depository Funds</u> – The bond resolution establishes certain funds and determines the order in which revenues are to be deposited into these funds. A description of the significant funds, including their purposes, is as follows:

- <u>Reserve Fund</u> The 2006A Reserve Account is funded from the proceeds of the Bonds in an amount equal to the reserve percentage, 6.82%, times the deemed outstanding amount. Monies held in the reserve accounts will be used only for the purposes established in the Trust Indenture.
- <u>Reserve Fund</u> The 2019 Reserve Account is funded from the proceeds of the Bonds in an amount equal to 50% of the maximum annual debt service requirement for the Series 2019 Bonds, which amount initially equals \$71,850. Monies held in the reserve accounts will be used only for the purposes established in the Trust Indenture.

	Special Assessment Revenue Bonds

Series 2006A Special Assessment Revenue Bonds Series 2019 Special Assessment Revenue Bonds	\$ \$	354,469 71,850	\$ \$	318,494 71,850

## NOTE G – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the cost of these risks, coverage may not extend to all situations. The District has not filed any claims under this commercial coverage during the last three years.

## NOTE H – MANAGEMENT AGREEMENTS

The District has contracted with a management company to perform management services, which include financial and accounting services. Certain employees of the management company also serve as non-voting officers of the District.

## NOTE I – LITIGATION

In a previous year, a subcontractor on a pool resurfacing project sued the contractor. The contractor added the District to the lawsuit alleging the District did not pay monies due under the contract. The District and the contractor entered into a settlement agreement whereby the contractor was to reimburse the District for legal expenses of \$15,913. The Contractor failed to make payment and a final judgement in favor of the District was entered on February 28, 2017. The contractor subsequently filed for bankruptcy on January 7, 2019. The collectability of the claim is uncertain as no collection proceedings have begun.

## NOTE J – SUBSEQUENT EVENT

On October 1, 2019, the District closed on the purchase of the Arlington Ridge Golf Club at a purchase price of \$1,185,254. Per the Series 2019 Bond Indenture, the District transferred \$1,179,604 from the Series 2019 Acquisition and Construction Account and credited the Series 2006A Prepayment Account, \$1,145,789, and credited the Series 2006A Interest Account, \$33,815. On November 1, 2019, a \$1,230,000 prepayment was made on the Series 2006A Bonds.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Arlington Ridge Community Development District City of Leesburg, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Arlington Ridge Community Development District, as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated April 17, 2020.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Arlington Ridge Community Development District's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Arlington Ridge Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Arlington Ridge Community Development District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Supervisors Arlington Ridge Community Development District

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Arlington Ridge Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements; noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### MANAGEMENT LETTER

To the Board of Supervisors

Arlington Ridge Community Development District City of Leesburg, Florida

#### **Report on the Financial Statements**

We have audited the financial statements of the Arlington Ridge Community Development District as of and for the year ended September 30, 2019, and have issued our report thereon dated April 17, 2020.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

#### Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with *AICPA Professionals Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated April 17, 2020, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings or recommendations in the preceding audit.

#### **Financial Condition and Management**

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Arlington Ridge Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that Arlington Ridge Community Development District did not meet any of the conditions described in Section 218.503(1) Florida Statutes.

Fort Pierce / Stuart

To the Board of Supervisors Arlington Ridge Community Development District

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for Arlington Ridge Community Development District. It is management's responsibility to monitor the Arlington Ridge Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same as of September 30, 2019.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note one such finding.

#### Purpose of this Letter

Our Management Letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

### INDEPENDENT ACCOUNTANT'S REPORT/COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

To the Board of Supervisors Arlington Ridge Community Development District City of Leesburg, Florida

We have examined Arlington Ridge Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2019. Management is responsible for Arlington Ridge Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Arlington Ridge Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Arlington Ridge Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Arlington Ridge Community Development District's compliance with the specified requirements.

In our opinion, Arlington Ridge Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2019.
