INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
 Lehigh Acres Fire Control and Rescue District
 636 Thomas Sherwin Avenue South
 Lehigh Acres, FL 33974

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Lehigh Acres Fire Control and Rescue District (the "District") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of Florida Retirement Systems Pension Plan (FRS) or Health Insurance Subsidy Pension Plan (HIS) as of and for the year ended June 30, 2019. The District is required to record its proportionate share of the FRS and HIS liability in the District's government-wide financial statements as of September 30, 2019 and for the year then ended. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Lehigh Acres Fire Control and Rescue District's government-wide financial statements, is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit

INTEGRITY SERVICE EXPERIENCE

procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Lehigh Acres Fire Control and Rescue District as of September 30, 2019, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Matter of Emphasis

During the year ended September 30, 2019, the District's unrestricted net asset balance remained a deficit, due substantially to recording the District's current year actuarially determined net OPEB liability of \$2,455,132 and in its proportionate share of its pension liability of \$21,025,912. The pension liability is a non cash actuarially determined liability for the District's participation in the State's FRS defined benefit retirement system. The District's fund balance remains approximately equal to eight (8) months budgeted expenditures. See Note R for further discussion. Our opinion was not modified for this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i - viii, Schedule of the District's Proportionate Share of the Net Pension Liability - Florida Retirement System Pension Plan (FRS), Schedule of District Contributions - Florida Retirement System Pension Plan (FRS), Schedule of the District's Proportionate Share of the Net Pension Liability - Health Insurance Subsidy Pension Plan (HIS), Schedule of District Contributions - Health Insurance Subsidy Pension Plan (HIS), Notes to the Required Supplementary Information and Schedule of Changes in the Net OPEB Liability and Related Ratios GASB 75 and Notes to the Schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information - management's discussion and analysis (MD&A), Schedule of the District's Proportionate Share of the Net Pension Liability - Florida Retirement System Pension Plan (FRS), Schedule of District Contributions - Florida Retirement System Pension

Plan (FRS), Schedule of the District's Proportionate Share of the Net Pension Liability - Health Insurance Subsidy Pension Plan (HIS), Schedule of District Contributions - Health Insurance Subsidy Pension Plan (HIS), Notes to the Required Supplementary Information and Schedule of Changes in the Net OPEB Liability and Related Ratios GASB 75 and Notes to the Schedule, as listed in the table of contents, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information - management's discussion and analysis (MD&A), Schedule of the District's Proportionate Share of the Net Pension Liability - Florida Retirement System Pension Plan (FRS), Schedule of District Contributions - Florida Retirement System Pension Plan (FRS), Schedule of the District's Proportionate Share of the Net Pension Liability - Health Insurance Subsidy Pension Plan (HIS), Schedule of District Contributions - Health Insurance Subsidy Pension Plan (HIS), Notes to the Required Supplementary Information and Schedule of Changes in the Net OPEB Liability and Related Ratios GASB 75 and Notes to the Schedule, as listed in the table of contents, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Lehigh Acres Fire Control and Rescue District's basic financial statements. The required supplementary information other than MD&A - budgetary comparison information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The required supplementary information other than MD&A - budgetary comparison information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the required supplementary information other than MD&A - budgetary comparison information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

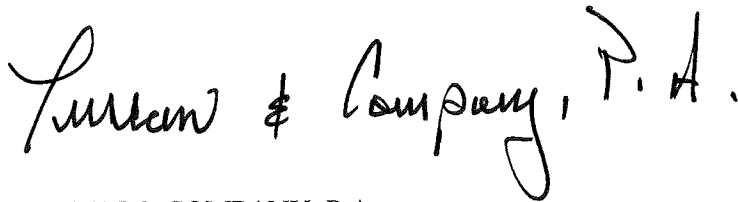

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The Exhibit - Management's Response to Independent Auditor's Report to Management is not a required part of the basic financial statements but is required by Government Auditing Standards. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Section 218.415, Florida Statutes

In accordance with Section 218.415, Florida Statutes, we have also issued a report dated April 28, 2020 on our consideration of Lehigh Acres Fire Control & Rescue District's compliance with provisions of Section 218.415, Florida Statutes. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and to provide an opinion on compliance with the aforementioned Statute. That report is an integral part of an audit performed in accordance with Sections 218.39 and 218.415, Florida Statutes in considering Lehigh Acres Fire Control and Rescue District's compliance with Section 218.415, Florida Statutes.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated April 28, 2020 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contract and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Lehigh Acres Fire Control and Rescue District's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS
(MD&A)**

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

As management of the Lehigh Acres Fire Control and Rescue District (the "District"), we offer readers of the District's financial statement this narrative overview and analysis of the District's financial activities for the fiscal year ended September 30, 2019.

INTRODUCTION

The District responded to approximately 12,081 calls, with approximately 24% being fire service related and 76% being rescue related. This was an increase in total call volume of 1% over the previous fiscal year (2017/2018). The District transported 6,886 patients to area hospitals in Lee County. This is an increase of 2% from the previous fiscal year. Lehigh Regional Medical Center received 43% of the patients transported. The busiest zone of Lehigh Acres continues to be Station 102 at 11 South Homestead Road.

In fiscal year 2018/2019, the District for the fourth consecutive year did use the Fire Assessment Fee based form of taxation as a revenue source which was approved through voter referendum in November 2014. The District is still facing various challenges as call volume and growth continue to increase. The District continues to focus on providing the highest level of service while maintaining fiscal responsibility and exploring other areas of obtaining revenue and reducing expenditures.

Performance Measures

Fiscal Year	11-12	12-13	13-14	14-15	15-16	16-17	17-18	18-19

Forward-Looking Statements

This Management's Discussion and Analysis of Financial Condition and Results of Operations for the Lehigh Acres Fire Control and Rescue District contains forward-looking statements regarding future events and our future results that are based on current expectations, estimates, forecasts, and projections about the District in which we operate and the beliefs and assumptions of our management. This discussion and analysis is intended to serve as an introduction to the District's basic financial statements.

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

FINANCIAL HIGHLIGHTS

- At the close of fiscal year 2019 the District's net position was \$7,441,341.
- The District's total net position decreased \$367,749.
- The District had \$24,224,025 of fund balance. Of this amount \$8,398,119 is restricted for construction and \$1,093,679 is non-spendable. The District has an unassigned fund balance total of \$1,822,059 or approximately 7% of the total. The District also has an assigned fund balance total of \$12,910,168 or approximately 53% of the total. This is a result of non-spendable, restricted, assigned, and unassigned fund balance of \$26,485,807 in the General Fund and a (deficit) balance of \$(2,261,782) in the Impact Fee Fund.
- The District generated revenues of \$2,195,859 from EMS transports.
- Total governmental revenues increased \$1,730,696, in comparison to prior year.
- Total governmental expenses increased \$2,300,062, in comparison to prior year.
- Effective September 30, 2018, the District adopted the provisions of Governmental Accounting Standards Board Statement No. 75 "*Accounting and Financial Reporting of Post Employment Benefits Other than Pensions (OPEB)*" (Statement No. 75). This accounting standard requires the District to annually report its actuarially determined net OPEB liability in the government-wide financial statements of the District. Implementation at September 30, 2018 also required the District to restate its net position.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis of the Lehigh Acres Fire Control and Rescue District financial statements is designed to introduce the basic financial statements and provide an analytical overview of the District's financial activities for the fiscal year ended September 30, 2019. The basic financial statements are comprised of the government-wide financial statements, governmental fund financial statements, and notes to the financial statements. We hope this will assist readers in identifying significant financial issues and changes in the District's financial position.

Government-wide Financial Statements

Government-wide financial statements (statement of net position and statement of activities found on pages 5 and 6) are intended to allow a reader to assess a government's operational accountability. Operational accountability is defined as the extent to which the government has met its operating objectives efficiently and effectively, using all resources available for that purpose, and whether it can continue to meet its objectives for the foreseeable future. Government-wide financial statements concentrate on the District as a whole and do not emphasize fund types.

The *Statement of Net Position* (Page 5) presents information on all of the District's assets, deferred outflows, liabilities and deferred inflows, with the difference between the two reported as *net assets*. The District's capital assets (property, plant and equipment) are included in this statement and reported net of their accumulated depreciation.

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

The *Statement of Activities* (Page 6) presents revenue and expense information showing how the District's net position changed during the fiscal year. Both statements are measured and reported using the economic resource measurement focus (revenues and expenses) and the accrual basis of accounting (revenue recognized when earned and expense recognized when a liability is incurred).

Governmental Fund Financial Statements

The accounts of the District are organized on the basis of governmental funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Governmental fund financial statements (found on pages 7 and 9) are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets.

Notes to the Financial Statements

The *notes* to the financial statements explain in detail some of the data contained in the preceding statements and begin on page 11. These notes are essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements were designed so that the user could determine if the District is in a better or worse financial condition from the prior year.

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

The following is a condensed summary of net position for the primary government as of September 30:

Assets:	<u>2019</u>	<u>2018</u>
Current and other assets	\$ 26,389,807	\$ 14,669,523
Capital Assets	<u>11,255,512</u>	<u>9,610,607</u>
Total Assets	<u>37,645,319</u>	<u>24,280,130</u>
Deferred outflows of resources	<u>7,940,083</u>	<u>8,303,469</u>
Liabilities:		
Current liabilities	2,891,690	962,881
Non-current liabilities	<u>33,483,564</u>	<u>21,514,452</u>
Total liabilities	<u>36,375,254</u>	<u>22,477,333</u>
Deferred inflows of resources	<u>1,768,807</u>	<u>2,297,176</u>
Net position:		
Net investment in capital assets	10,874,807	9,113,884
Unrestricted (deficit)	<u>(3,433,466)</u>	<u>(1,304,794)</u>
Total net position	<u>\$ 7,441,341</u>	<u>\$ 7,809,090</u>

Current and other assets represent 60% and 70% of total assets for the years 2018 and 2019, respectively. For 2019 current assets were comprised of unrestricted cash and cash equivalents of \$4,129,965, restricted cash of \$10,115,882 and investments of \$10,378,180, due from other governments of \$232,433, net receivables from ambulance transports and inspection fees of \$439,668, and deposits of \$1,093,679. For 2018 current assets were comprised of cash and cash equivalents of \$3,753,002 and investments of \$10,096,484, due from other governments of \$234,118, net receivables from ambulance transports and inspection fees of \$542,139, and deposits of \$43,780.

The net investment in capital assets represent the portion of net position for the years ended 2018 and 2019 and are comprised of capital assets net of accumulated depreciation. Unrestricted net position (deficit) was \$(1,304,794) in 2018 as a result of recording the net pension liability and OPEB liability. The unrestricted net position was a deficit of \$(3,433,466) at September 30, 2019 as a result of recording the District's net pension liability and OPEB liability.

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

The following schedule reports the revenues, expenses, and changes in net position for the District for fiscal years ended September 30:

Revenues:	<u>2019</u>	<u>2018</u>
General Revenues		
Fire Assessment Fees	\$ 15,596,922	\$ 14,257,605
Miscellaneous		
Interest	425,121	171,966
Impact Fees	63,455	83,576
Other	764,861	1,009,842
Program Revenues		
Charges for services		
Ambulance	2,195,859	2,769,847
Inspection Fees	43,861	32,379
Operating and capital grants	990,864	25,032
Total Revenues	<u>20,080,943</u>	<u>18,350,247</u>
Expenses:		
Public Safety - Fire and Rescue Services	<u>20,448,692</u>	<u>18,148,630</u>
Increase (Decrease) in net position	(367,749)	201,617
Net Position – Beginning, as originally stated	7,809,090	8,172,023
Prior Period Adjustment – GASB No. 75	-	(564,550)
Net Position - Beginning, as restated	<u>7,809,090</u>	<u>7,607,473</u>
Net Position - Ending	<u>\$ 7,441,341</u>	<u>\$ 7,809,090</u>

Total revenues increased \$1,730,696 and \$1,943,143 or 9% and 12% for the fiscal years ended 2019 and 2018, respectively. Total expenses increased \$2,300,062 and \$1,712,307 or 13% and 13% for fiscal years ended 2019 and 2018, respectively.

The unearned revenue balances for impact fees at September 30, 2019 and 2018 were \$806,905 and \$309,583, respectively. This balance consists of impact fees collected by the District but not yet spent for capital improvements.

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

BUDGETARY HIGHLIGHTS

The following is a brief review of the FY19 budgeting changes from the original budget to the final budget for the General Fund (see supplementary information on pages 54-57). The final budget had a total overall increase due to: the increase in the cash brought forward balance and an increase in the assigned Capital balance. Budget changes can be briefly summarized as follows:

- The (General Fund) budgeted cash brought forward increased by \$3,344,813.
- Budgeted capital outlay for construction was increased by \$2,165,449.
- Budgeted proceeds from loans was increased by \$9,984,000 to reflect proceeds from the \$8,900,000 construction loan and \$1,084,000 loan for 2 engines.

General Fund budget versus actual comparisons are reported in the required supplementary information other than management discussion and analysis on pages 54-57. No major variances from budgeted amounts were noted.

CAPITAL ASSETS

Non-depreciable capital assets include land and construction in progress. Depreciable assets include buildings, improvements other than buildings, vehicles, equipment, furniture and fixtures.

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

The following is a schedule of the District's capital assets as of September 30:

Capital Assets	2019	2018
Land	\$ 807,173	\$ 870,173
Construction in progress	1,523,374	-
Buildings	8,619,771	8,331,692
Improvements other than buildings	195,696	195,696
Equipment	2,951,532	2,570,376
Vehicles	8,479,028	8,417,884
Total Capital Assets	<u>22,603,574</u>	<u>20,385,821</u>
Accumulated Depreciation		
Buildings	(2,565,276)	(2,351,305)
Improvements other than buildings	(155,965)	(152,242)
Equipment	(1,779,017)	(1,953,199)
Vehicles	(6,847,804)	(6,318,468)
Total accumulated depreciation	<u>(11,348,062)</u>	<u>(10,775,214)</u>
Capital Assets, Net	<u>\$ 11,255,512</u>	<u>\$ 9,610,607</u>

The District's major purchases consisted of beginning construction/rehab of 3 stations damaged by Hurricane Irma during the year ended September 30, 2019. In addition, a deposit of \$1,084,000 was made for two pumper trucks.

During the year ended September 30, 2018, the District purchased four (4) staff vehicles for \$269,000, various equipment for \$231,000, building improvements of \$354,000 and land of \$32,000.

Additional information on the District's capital assets can be found in Note I on pages 27 and 28.

LONG TERM LIABILITIES

The following is a schedule of the District's outstanding long term liabilities as of September 30:

	2019	2018
Net Pension Liability - FRS	\$ 18,155,407	\$ 15,322,929
Net Pension Liability - HIS	2,870,505	2,698,365
Compensated Absences	670,699	652,669
Net OPEB Obligation	2,455,132	2,459,784
Loans Payable	10,057,729	496,723
	<u>\$ 34,209,472</u>	<u>\$ 21,630,470</u>

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT

Management's Discussion and Analysis

September 30, 2019

The net pension liability related to the District's participation in the State's Retirement Plan (FRS) and (HIS) increased by \$3,054,618.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The following were factors considered when next year's budget (2019-2020) was prepared:

- The District projects the Fire Assessment fees (Non-Ad Valorem) budget at \$17,254,037. Due to the fire assessment fee taxation method, property values are no longer utilized for taxing purposes.
- In January 2019, the District entered a loan agreement of \$1,084,000 to acquire two (2) new fire engines. The trucks were delivered and accepted in FY 20.
- The District expects to complete construction/rehab on its 3 stations damaged by Hurricane Irma in FY 20.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

The accompanying notes are an integral part of this statement.

**LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCE -
GOVERNMENTAL FUNDS TO THE STATEMENT
OF ACTIVITIES**

Year Ended September 30, 2019

	<u>Amount</u>
Net change (excess of revenues and other financing sources over (under) expenditures and other financing uses) in fund balance - total governmental funds	\$ 10,401,365

The increase in net position reported for governmental activities in the Statement of Activities is different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Also, the gain/loss on the sale of capital assets is recorded on the Statement of Activities but not in the governmental funds.

Plus: expenditures for capital assets	2,651,238	
Less: proceeds from loan payable (construction)	(8,900,000)	
Less: proceeds from loan payable (2 pumpers)	(1,084,000)	
Less: current year depreciation	(998,160)	
Less: loss on disposal of capital assets	<u>(8,173)</u>	
		(8,339,095)

The issuance of debt is reported as a financing source in governmental funds and thus contributes to the change in fund balance. In the Statement of Net Position, however, issuing debt increases long-term liabilities and does not affect the Statement of Activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the Statement of Net Position.

Repayments (principal retirement):		
Loan payable (construction)	306,976	
Loan payable (5 vehicles)	<u>116,018</u>	
		422,994

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

(Increase) decrease in net pension liability - FRS	(2,832,478)	
(Increase) decrease in net pension liability - HIS	(172,140)	
Increase (decrease) in deferred outflows - Pensions	(411,218)	
Increase (decrease) in deferred outflows - OPEB	47,832	
(Increase) decrease in deferred inflows - Pensions	651,112	
(Increase) decrease in deferred inflows - OPEB	(122,743)	
Net (increase) decrease in compensated absences	(18,030)	
(Increase) decrease in net OPEB liability	<u>4,652</u>	
		<u>(2,853,013)</u>

Increase (decrease) in net position of governmental activities	<u>\$ (367,749)</u>
--	---------------------

The accompanying notes are an integral part of this statement.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Lehigh Acres Fire Control and Rescue District (the "District") is an independent special taxing district established May 23, 1963 by Laws of Florida, Chapter 63-1546. Laws of Florida, Chapter 2000-406 codified, reenacted, amended and repealed its prior enabling acts and was effective July 3, 2000. The District adopted Resolution 15-05-01 which provided for the District to convert its revenue generation from ad valorem based taxation to fire assessment fee based taxation (F.S. Chapter 197.3632) and set the assessment amounts. This change was initially effective for the year ended September 30, 2016. The District's codification was further amended by Laws of Florida, Chapter 2017-210 which released a small portion of the District's service area to another fire district in closer proximity to the specified area. The District has the general and special powers prescribed by Florida Statutes, Chapters 189, 191, 200 and 633.15, as well as Laws of Florida, Chapter 97-340. The District was created for the purpose of providing fire control and protection services, as well as crash and rescue services, for a certain unincorporated designated area in northeastern Lee County, Florida known as Lehigh Acres. The District also provides emergency medical and rescue services, including transport (ambulance) services. The District is governed by an elected five (5) member Board of Commissioners serving staggered four (4) year terms. The District operates five (5) station houses.

Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies used in the preparation of these basic financial statements.

Reporting Entity

The District adheres to Governmental Accounting Standards Board (GASB) Statement Number 14, "Financial Reporting Entity" (GASB 14), as amended by GASB Statement Number 39, "Determining Whether Certain Organizations Are Component Units" (GASB 39) and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus - An Amendment of GASB Statements No. 14 and 34" (GASB 61). These statements require the basic financial statements of the District (the primary government) to include its component units, if any. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. Based on the criteria established in GASB 14, as amended, there are no component units required to be included or included in the District's basic financial statements.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the District and do not emphasize fund types. These governmental activities comprise the primary government. General governmental and intergovernmental revenues support the governmental activities. The purpose of the government-wide financial statements is to allow the user to be able to determine if the District is in a better or worse financial position than the prior year. The effect of all interfund activity between governmental funds has been removed from the government-wide financial statements.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement 33, "Accounting and Financial Reporting for Nonexchange Transactions" (GASB 33).

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability in the government-wide financial statements, rather than as expenditures.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital improvements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Government-Wide Financial Statements, continued

Program revenues are considered to be revenues generated by services performed and/or by fees charged such as inspection, ambulance and fire prevention fees, as well as operating and capital grants.

Fund Financial Statements

The District adheres to GASB No. 54 , "Fund Balance Reporting and Governmental Fund Type Definitions" (GASB 54).

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the District's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds, in aggregate, for governmental funds.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period.

The District's major funds are presented in separate columns on the governmental fund financial statements. The definition of a major fund is one that meets certain criteria set forth in GASB Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments" (GASB 34). The funds that do not meet the criteria of a major fund are considered non-major funds and are combined into a single column on the governmental fund financial statements.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Governmental Funds, continued

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported in separate columns on the fund financial statements.

Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period and soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers tax revenues to be available if they are collected within sixty days of the end of the current fiscal period.

Revenues susceptible to accrual are fire assessment fees, interest on investments, and intergovernmental revenues. Fire assessment fees are recorded as revenues in the fiscal year in which they are levied, provided they are collected in the current period or within sixty days thereafter. Interest on invested funds is recognized when earned. Intergovernmental revenues that are reimbursements for specific purposes or projects are recognized when all eligibility requirements are met.

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES, CONTINUED**

Measurement Focus and Basis of Accounting, continued

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) principal and interest on the long-term debt, if any, which is recognized when due; and (2) expenditures, which are generally not divided between years by the recording of prepaid expenditures.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Non-Current Government Assets/Liabilities

GASB 34 requires non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as notes payable and capital leases, to be reported in the governmental activities column in the government-wide Statement of Net Position.

Major Funds

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

The Impact Fee Fund consists of fees imposed and collected by Lee County based on new construction within the District. The fees are restricted and can only be used for certain capital expenditures associated with growth within the District.

Budgetary Information

The District has elected to report budgetary comparison of major funds as required supplementary information (RSI).

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Cash and Investments

According to Board Resolution 2002-01-01 (consistent with Florida Statute, Chapter 218.415(17)), the District may invest in the following instruments:

- a) The Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Section 163.01, Florida Statutes.
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency.
- c) Interest-bearing time deposits or savings accounts (money market accounts noted as "public") in qualified public depositories, as defined in Section 280.02, Florida Statutes.
- d) Direct obligations of the U.S. Treasury.

The District adheres to the requirements of Governmental Accounting Standards Board Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" (GASB 31), in which all investments are reported at fair value.

Capital Assets

Capital assets, which include land, construction in progress, buildings, improvements, vehicles, equipment and furniture are reported in the government-wide financial statements in the Statement of Net Position.

The District follows a capitalization policy which calls for capitalization of all tangible assets that have a cost or donated value of \$1,000 or more and have a useful life in excess of one year.

All capital assets are valued at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair market value on the date donated. Public domain (infrastructure) capital assets consisting of certain improvements other than building, including curbs, gutters and drainage systems, are not capitalized, as the District generally does not acquire such assets. No debt-related interest expense is capitalized as part of capital assets in accordance with GASB 34.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Capital Assets, continued

Maintenance, repairs and minor renovations are not capitalized. The acquisition of land and construction projects utilizing resources received from Federal and State agencies is capitalized when the related expenditure is incurred.

Expenditures that materially increase values, change capacities, or extend useful lives are capitalized. Upon sale or retirement, the cost is eliminated from the respective accounts.

Expenditures for capital assets are recorded in the fund statements as current expenditures. However, such expenditures are not reflected as expenditures in the government-wide statements, but rather are capitalized and depreciated.

Depreciable capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Buildings	10-50
Improvements other than buildings	10-50
Equipment and furniture	3-20
Vehicles	6-15

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Budgets and Budgetary Accounting

The District adopted an annual budget for the General Fund and the Impact Fee Fund.

The District follows these procedures in establishing budgetary data for the General and Impact Fee Funds:

1. During the summer of each year, the District Fire Chief submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing on the upcoming October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. The budget is adopted by approval of the Board of Commissioners.
4. Budget amounts, as shown in these financial statements, are as originally adopted or as amended by the Board of Commissioners.
5. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America.
6. The level of control for appropriations is exercised at the fund level.
7. Appropriations lapse at year-end.

Budget amendments were approved during the fiscal year ended September 30, 2019. Budget amendments increased the total budgeted revenues and expenditures in the General Fund by \$12,494,912. A budget amendment in the Impact Fee Fund increased the budget by \$90,520.

Impact Fees/Unearned Revenue

Through an inter-local agreement, the District levies an impact fee on new construction within the District. The intent of the fee is for growth within the District to pay for capital improvements needed due to the growth. The fee is collected by Lee County and remitted to the District. The fee is refundable if not expended by the District within twenty (20) years from the date of collection. The District, therefore, records this fee as restricted cash and as unearned revenue until the date of expenditure, at which time it is recognized as revenue and charged to capital outlay

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES, CONTINUED**

Impact Fees/Unearned Revenue, continued

or debt service in the fund financial statements and capital assets or liability reduction and interest charges in the government-wide financial statements. During the year ended September 30, 2008, the Impact Fee Fund borrowed \$2,659,280 (net) from the General Fund to extinguish long term debt. The District's Impact Fee Fund has been paying the General Fund as such fees are collected and as directed by the Board. At September 30, 2019, the Impact Fee Fund reflects a deficit fund balance of \$2,261,782 including an amount due the General Fund of \$2,261,782. It is the District's intent to collect and retain impact fees to repay the loan.

Due To/From Other Funds

Interfund receivables and payables arise from interfund transactions and are recorded by funds affected in the period in which transactions are executed.

Due From Other Governments

No allowance for losses on uncollectible accounts has been recorded since the District considers all amounts to be fully collectible.

Compensated Absences

The District's employees accumulate annual leave based on the number of years of continuous service. Upon termination of employment, employees can receive payment of accumulated annual leave if certain criteria are met. The costs of vacation and sick leave benefits (compensated absences) are expended in the respective operating funds when payments are made to employees. However, the liability for all accrued vacation and personal leave benefits is recorded in the government-wide Statement of Net Position.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District because at present, it is not necessary in order to assure effective budgetary control or to facilitate effective cash planning and control.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, net position and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Net Position

In the government-wide financial statements, no net position has been identified as restricted. Restricted net position are those net assets that have constraints as to their use externally imposed by creditors, through debt covenants, by grantors, or by law.

Fund Balances

The governmental fund financial statements of the District include nonspendable, assigned and unassigned fund balances. Nonspendable fund balances are those that cannot be spent because they are either (a) not in spendable form such as the loan receivable from the impact fee fund (not expected to be repaid in the near term) or (b) legally or contractually required to be maintained intact. Criteria include items that are not expected to be converted into cash, for example prepaid expenses.

The District's assigned fund balances are a result of the District's Board approval. The District's intent is to maintain a minimum assigned fund balance level of three (3) months of prior year total expenditures. The assigned fund balance will serve as the District's operational reserve to carry the District's operations from October 1 through December 31 of the subsequent fiscal year. The Board's intent is to hold an assigned capital asset reserve for future capital asset needs as well as assigned fund balance amounts for disaster events (30 days all-out response). At September 30, 2019, fund balance is also assigned for a variety of specific items by District Board action. Any use or change of the assigned fund balance requires the District's Board approval.

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES, CONTINUED**

Interfund Transactions

The District considers interfund receivables (due from other funds) and interfund liabilities (due to other funds) to be loan transactions to and from other funds to cover temporary (including potentially long-term) cash needs. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing funds and as reduction of expenditures/expenses in the fund that is reimbursed.

Pensions

In the government-wide Statement of Net Position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability as required by GASB 68. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments, (including refunds of employees contributions) are recognized when due and payable in accordance with the benefit terms.

The District's retirement plans and related amounts are described in a subsequent note.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The deferred amount on pensions and OPEB is reported only in the government-wide Statement of Net Position. The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Deferred Outflows/Inflows of Resources, continued

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The deferred amount on pension and OPEB is reported only in the government-wide Statement of Net Position. A deferred amount on pension and OPEB results from the difference in the expected and actual amounts of experience, earnings, and contributions. This amount is deferred and amortized over the service life of all employees that are provided with benefits through these plans, except earnings which are amortized over five to seven years.

Subsequent Events

Subsequent events have been evaluated through April 28, 2020, which is the date the financial statements were available to be issued.

NOTE B - CASH AND CASH EQUIVALENTS

At September 30, 2019, cash and cash equivalents were \$14,245,847, which included \$200 cash on hand and restricted cash of \$10,115,882 comprised of \$719,363 impact fees (Impact Fee Fund), which are restricted for capital asset acquisition and/or improvement due to growth within the District and repayment of a loan from the General Fund and proceeds of \$8,398,119 in the General Fund from a construction loan which are restricted for construction related costs and a debt reserve of \$998,400 for the construction and engine loans.

Deposits

At September 30, 2019, the carrying amount of the District's deposits were \$13,526,284 in the General Fund and the bank balance was \$13,531,632. The bank balance consists of \$12,631,127 in demand deposits and \$900,505 in certificates of deposit. At September 30, 2019, the carrying amount and the bank balance of the District's deposits were \$719,363 in the Impact Fee Fund. These deposits were entirely covered by federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida (Florida Statute 280).

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE C - INVESTMENTS

Florida Statutes and the District's investment policy authorize investments in the Florida Fixed Income Trust (FL FIT). Specifically, the District's investment policy is consistent with Florida Statutes, Chapter 218.415(17). At September 30, 2019, the District's investments in the FL FIT-Cash Pool (CP) consist of the following:

	Cost Basis	Fair Value (NAV)/ Carrying Amount
	<u> </u>	<u> </u>
<u>General Fund</u>		
Florida Fixed Income Trust		
FL FIT - Cash Pool (CP)	\$ 10,378,180	\$ 10,378,180
Total investments - General Fund	<u>\$ 10,378,180</u>	<u>\$ 10,378,180</u>

The Florida Fixed Income Trust (FL FIT) Cash Pool (CP) is an external 2a7-like investment pool, which is self administered. The Florida Fixed Income Trust (FL FIT) Cash Pool (CP) is not categorized as it is not evidenced by securities that exist in physical or book entry form. The Florida Fixed Income Trust (FL FIT) Cash Pool are stated at a net asset value (NAV) which approximates fair value, NAV = \$1.00. These investments are subject to the risk that the market value of an investment, collateral protecting a deposit or securities underlying an investment will decline and lose value.

FL FIT is not required to register (and has not registered) with the SEC; however, the fund is an external investment pool that has historically adopted operating procedures consistent with those required by Florida Statutes.

The District's investment in the Florida Fixed Income Trust (FL FIT) Cash Pool (CP) represented approximately 1.4% of the Fund's total investments.

At June 30, 2019, the Cash Pool's investments consisted of the following: 80% with commercial paper; 10% with institutional money market deposits and mutual funds; 5% with certificates of deposit; 3% with U. S. Treasury securities; and 2% with governmental agency bonds.

These short-term investments are stated at fair value. Investment income is recognized as earned and is allocated to participants of the Fund based on their equity participation.

NOTE C - INVESTMENTS, CONTINUED

The District adheres to GASB Statement No. 79 and where the Fund meets the criteria to make GASB Statement No. 31 which requires the following disclosures related to its FL FIT Cash Pool investment:

Limitation on Participant Contributions and Withdrawals: FL FIT-Cash Pool has no limitations or restrictions on participant withdrawals, does not charge liquidity fees, and has not put in place a redemption gate. Each participant has the ability to withdraw 100 percent of its account balance any business day that the Investment Advisor is open for trading, the funds will settle trading date plus one business day (T+1).

Investment Income, Unrealized Gains/Losses, and Realized Gains/Losses: FL FIT-Cash Pool follows industry practice and records security transactions on a trade date basis. Dividend and interest income is recognized on an accrual basis. Net investment income is distributed to participants at least monthly. Unrealized and realized gains and losses, if any, are distributed to participants on a daily and monthly basis. Distributions to participants are recorded on the ex-dividend date.

Valuation: Fair value of the investments in the FL FIT-Cash Pool is determined on a daily basis. Fair value increases and decreases are included in the change in unrealized gains and losses during the period. Net realized gains and losses on sales of securities are computed based on specific identification. Mutual fund securities are recorded at fair value as determined by using net position value as furnished by a pricing service and the number of shares owned.

Redemption Gates: Per the Administrator there are no redemption gates.

Liquidity Fees: Per the Administrator there are no liquidity fees.

Redemption Fees: As of September 30, 2019, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Fair Value: The carrying value of the investments held by the District approximate fair value. However, it is the opinion of the management of Florida Fixed Income Trust (FL FIT) it is exempt from GASB Statement No.72 financial hierarchy disclosures.

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2019

NOTE C - INVESTMENTS, CONTINUED

Foreign Currency Risk: Florida Fixed Income Trust (FL FIT) Cash Pool was not exposed to foreign currency risk during the year ended September 30, 2019.

Securities Lending: Florida Fixed Income Trust (FL FIT) Cash Pool did not participate in securities lending program during the period October 1, 2018 through September 30, 2019.

Florida Fixed Income Trust (FL FIT) Cash Pool does provide separate audited financial statements for the year ended June 30, 2019.

At September 30, 2019, the District reported Florida Fixed Income Trust (FL FIT) Cash Pool investments of \$10,378,180. The Florida Fixed Income Trust (FL FIT) Cash Pool carried a credit rating of AA Af/S1+ by Standard and Poors and had a dollar weighted average days to maturity (WAM) of 135 days at September 30, 2019. The Cash Pool's duration is as follows: expected target duration 0-.50 years; effective duration .25 years. Rule 2a7 allows funds to use a constant of \$1.00 per share.

NOTE D - RECEIVABLES

Receivables consist of the following at September 30, 2019:

	Ambulance User Fees	Inspection Fees	Totals
Accounts receivable	\$ 5,452,796	\$ 9,370	\$ 5,462,166
Less: allowance for doubtful accounts	<u>(5,022,498)</u>	<u>-</u>	<u>(5,022,498)</u>
Receivables - net	<u>\$ 430,298</u>	<u>\$ 9,370</u>	<u>\$ 439,668</u>

The allowance for doubtful accounts on ambulance billings is computed by management based on historical experience rates. The aforementioned allowance total at September 30, 2019, includes estimated uncollectible balances and Medicare and Medicaid adjustments.

NOTE E - DEPOSITS

Deposits as of September 30, 2019, in the amount of \$1,093,679, represents the deposit payment for two (2) pumper trucks and fitness equipment to be delivered upon acceptance in the subsequent fiscal year. The deposits balance is also reflected as nonspendable fund balance in the General Fund.

Net Pension Obligation - HIS	2,870,505	-	2,870,505
Compensated Absences	670,699	-	670,699
Net OPEB Liability	<u>2,455,132</u>	-	<u>2,455,132</u>
	<u>\$ 34,209,472</u>	<u>\$ 2,484,509</u>	<u>\$ 36,693,981</u>

Interest expense related to the notes payable for the year ended September 30, 2019 was \$83,062.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN

General Information about the Florida Retirement System

The Florida Retirement System ("FRS") was created in Chapter 121, Florida Statutes. The FRS was created to provide a defined benefit pension plan ("Pension Plan") for participating public employees. All District employees are participants in the Statewide Florida Retirement System (FRS) under authority of Article X, Section 14 of the State Constitution and Florida Statutes, Chapters 112 and 121. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide an integrated defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a separate cost-sharing, multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN

General Information about the Florida Retirement System, continued

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined benefit plans (Pension and HIS Plans) and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information dated June 30, 2018, is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

The District's total pension expense, \$4,806,551 for the year ended September 30, 2019, is recorded in the government-wide financial statements. Total District actual retirement contribution expenditures were \$2,041,826, \$1,828,684 and \$1,636,259 for the years ended September 30, 2019, 2018 and 2017, respectively. The District contributed 100% of the required contributions.

FRS Pension Plan

Plan Description. The FRS Pension Plan ("Plan") is a cost-sharing, multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

Regular Class - Members of the FRS who do not qualify for membership in the other classes.

Senior Management Service Class (SMSC) - Members in senior management level positions.

Special Risk Class - Members who are employed as certified firefighters and meet the criteria to qualify for this class.

Elected Officials - Members who are elected by the voters within the District boundaries.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS Pension Plan, continued

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for those members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Members of both Plans (Pension and HIS) may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost of living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age, and/or years of service, average final compensation, and credit service. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for the members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on retirement plan and/or the class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS Pension Plan, continued

The following chart shows the percentage value of each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>%Value</u>
Regular Class and elected members initially enrolled before July 1, 2011	
Retirement up to age 62, or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class and elected members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Special Risk Regular	
Service from December 1, 1970 through September 30, 1974	2.00
Service on or after October 1, 1974	3.00
Senior Management Service Class	2.00
Elected Officer's Class	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS Pension Plan, continued

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the year ended September 30, 2019 were as follows:

Class	Percent of Gross Salary*		
	Employee	Employer (1)	Employer (3)
Florida Retirement System, Regular	3.00	8.47	8.26
Florida Retirement System, Senior Management Service	3.00	25.41	24.06
Florida Retirement System, Special Risk	3.00	25.48	24.50
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes	0.00	14.60	14.03
Florida Retirement System, Reemployed Retiree	(2)	N/A	N/A
Florida Retirement System, Elected Official	3.00	48.82	48.70

Notes:

- (1) Employer rates include 1.66 percent for the post employment health insurance subsidy. Also, employer rates, other than for DROP participants, include .06 percent for administrative costs for the Investment Plan. Rates for 7/1/19 - 6/30/20.
- (2) Contribution rates are dependent upon retirement class in which reemployed.
- (3) Employer rates include 1.66 percent for the post employment health insurance subsidy. Also, employer rates, other than for DROP participants, include .06 percent for administrative costs for the Investment Plan. Rates for 7/1/18 - 6/30/19.

* As defined by the Plan.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS Pension Plan, continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Pension Plan. At

September 30, 2019, the District reported an FRS pension liability of \$18,155,407 for its proportionate share of the net pension liability. The net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The District's proportionate share of the net pension liability was based on the District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. At September 30, 2019, the District's proportionate share was .052718180 percent, which was an increase of .001846117 percent from its proportionate share measure as of September 30, 2018.

For the year ended September 30, 2019, the District recognized pension expense of \$4,470,092. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to the pension from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,076,849	\$ 11,267
Change of assumptions	4,663,090	-
Net difference between projected and actual earnings on pension plan investments	-	1,004,452
Changes in proportion and differences between District contributions and proportionate share of contributions	1,061,026	219,287
District contributions subsequent to the measurement date	<u>468,124</u>	<u>-</u>
Total	<u>\$ 7,269,089</u>	<u>\$ 1,235,006</u>

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS Pension Plan, continued

The deferred outflows of resources related to the pensions, totaling \$468,124, resulting from District contributions subsequent to the measurement date, will be recognized as a reduction on the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the pension will be recognized in pension expense over the remaining service period of 6.4 years as follows:

Fiscal Years Ending <u>September 30</u>	<u>Amount</u>
2020	\$ 965,629
2021	965,629
2022	965,629
2023	965,629
2024	1,216,742
Thereafter	<u>486,701</u>
Total	<u>\$ 5,565,959</u>

Actuarial Assumptions. The total pension liability in the July 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Measurement date	June 30, 2019
Inflation	2.60 percent
Real payroll growth	0.65 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	6.90 percent, net of pension plan investment expense, including inflation
Actuarial cost method	Individual entry age

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS Pension Plan, continued

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	3.3%	3.3%	1.2%
Fixed income	18%	4.1%	4.1%	3.5%
Global equity	54%	8.0%	6.8%	16.5%
Real estate (property)	10%	6.7%	6.1%	11.7%
Private equity	11%	11.2%	8.4%	25.8%
Strategic investments	6%	5.9%	5.7%	6.7%
Total	<u>100%</u>			
Assumed inflation - Mean		2.6%		1.7%

(1) As outlined in the Plan's investment policy

Money-weighted Rate of Return. The annual money-weighted rate of return on the FRS Pension Plan investments was 5.98%.

Discount Rate. The discount rate used to measure the total pension liability was 6.90 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS Pension Plan, continued

Sensitivity of the District's Proportionate Share of the Net FRS Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90 percent) or 1-percentage-point higher (7.90 percent) than the current rate:

	1% Decrease (5.90%)	Current Discount Rate (6.90%)	1% Increase (7.90%)
District's proportionate share of the net pension liability	<u>\$ 31,384,653</u>	<u>\$ 18,155,407</u>	<u>\$ 7,106,749</u>

Pension Plan Fiduciary Net Position. Detailed information about pension plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report ("FRS CAFR") dated June 30, 2019.

The FRS CAFR and actuarial reports may also be obtained by contacting the Division of Retirement at:

Payables to the Pension Plan. At September 30, 2019, the District reported a payable of \$201,751 for the outstanding amount of contributions in the pension plan required for the year ended September 30, 2019.

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

HIS Plan

Plan Description. The Health Insurance Subsidy Plan ("HIS Plan") is a cost-sharing multiple-employer defined benefit pension plan established under section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the year ended September 30, 2019, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the year ended September 30, 2019, the contribution rate ranged between 1.66 percent and 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to the HIS Plan. At September 30, 2019, the District reported a HIS liability of \$2,870,505 for its proportionate share of the net HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability was used to calculate the net pension liability which was determined by an actuarial valuation as of July 1, 2019. The District's proportionate share of the net HIS liability was based on the

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

HIS Plan, continued

District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. At September 30, 2019, the District's proportionate share was .025654709 percent, which was an increase of .000160222 percent from its proportionate share measured as of September 30, 2018.

For the fiscal year ended September 30, 2019, the District recognized HIS expense of \$336,459. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 34,865	\$ 3,515
Change of assumptions	332,377	234,612
Net difference between projected and actual earnings on HIS pension plan investments	1,852	-
Changes in proportion and differences between District HIS contributions and proportionate share of HIS contributions	215,470	103,427
District contributions subsequent to the measurement date	<u>38,598</u>	<u>-</u>
Total	<u>\$ 623,162</u>	<u>\$ 341,554</u>

The deferred outflows of resources related to HIS, totaling \$38,598, resulting from District contributions subsequent to the measurement date, will be recognized as a reduction on the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense over the remaining service period of 7.2 years as follows:

<u>Fiscal Years Ending September 30</u>	<u>Amount</u>
2020	\$ 39,358
2021	39,358
2022	39,358
2023	39,358
2024	38,895
Thereafter	<u>46,683</u>
Total	<u>\$ 243,010</u>

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

HIS Plan, continued

Actuarial Assumptions. The total pension liability in the July 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Real payroll growth	0.65 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.50 percent
Actuarial cost method	Individual entry age

Mortality rates were based on the Generational RP-2000 with Projected Scale BB.

Because the HIS plan is funded on a pay-as-you-go basis, no experience study has been completed for this plan.

Discount Rate. The discount rate used to measure the total HIS liability was 3.50 percent. In general, the discount rate for calculating the total HIS liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the District's Proportionate Share of the Net HIS Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net HIS liability calculated using the discount rate of 3.50 percent, as well as what the District's proportionate share of the net HIS liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50 percent) or 1-percentage-point higher (4.50 percent) than the current rate:

	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
District's proportionate share of the net HIS liability	<u>\$ 3,276,829</u>	<u>\$ 2,870,505</u>	<u>\$ 2,532,084</u>

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

HIS Plan, continued

Pension Plan Fiduciary Net Position. Detailed information about the HIS plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Comprehensive Annual Financial Report ("FRS CAFR") dated June 30, 2019.

Payables to the Pension Plan. At September 30, 2019, the District reported a payable of \$15,186 for the outstanding amount of contributions to the HIS plan required for the fiscal year ended September 30, 2019.

FRS - Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS - Defined Contribution Pension Plan, continued

are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2018-19 fiscal year were as follows:

Class	Percent of Gross Salary*		
	Employee	Employer (1)	Employer (3)
Florida Retirement System, Regular	3.00	8.47	8.26
Florida Retirement System, Senior Management Service	3.00	25.41	24.06
Florida Retirement System, Special Risk	3.00	25.48	24.50
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes	0.00	14.60	14.03
Florida Retirement System, Reemployed Retiree	(2)	N/A	N/A
Florida Retirement System, Elected Official	3.00	48.82	48.70

Notes:

- (1) Employer rates include 1.66 percent for the post employment health insurance subsidy. Also, employer rates, other than for DROP participants, include .06 percent for administrative costs for the Investment Plan. Rates for 7/1/19 - 6/30/20.
- (2) Contribution rates are dependent upon retirement class in which reemployed.
- (3) Employer rates include 1.66 percent for the post employment health insurance subsidy. Also, employer rates, other than for DROP participants, include .06 percent for administrative costs for the Investment Plan. Rates for 7/1/18 - 6/30/19.

* As defined by the Plan.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5 year period, the employee will

NOTE K - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

FRS - Defined Contribution Pension Plan, continued

forfeit the accumulated account balance. For the fiscal year ended September 30, 2019, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$444,994 for the fiscal year ended September 30, 2019.

Payables to the Investment Plan. At September 30, 2019, the District reported a payable of \$0 for the outstanding amount of contributions to the Plan required for the fiscal year ended September 30, 2019.

NOTE L - FIRE ASSESSMENT FEES

Fire assessments fees are levied after formal adoption of the District's budget and become due and payable on November 1 of each year and are delinquent on April 1 of the following year. Discounts on fire assessments are allowed for payments made prior to the April 1 delinquent date. Tax certificates are sold to the public for the full amount of any unpaid assessments and must be sold not later than June 1 of each year. The billing, collection, and related recordkeeping of all fire assessment fees is performed for the District by the Lee County Tax Collector. No accrual for the fire assessment fees becoming due in November 2019, is included in the accompanying basic financial statements, since such fees are collected to finance expenditures of the subsequent period.

**LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 September 30, 2019**

NOTE L - FIRE ASSESSMENT FEES, CONTINUED

Procedures for collecting delinquent fees, including applicable tax certificate sales and tax deed sales, are provided for by Florida Statutes. The enforceable lien date is approximately two years after fees become delinquent and occurs only upon request of a holder of a delinquent tax certificate. As of September 30, 2019, \$66,654 was due from the Lee County Tax Collector to the District for fire assessment fees.

Important dates in the property tax cycle are as follows:

Assessment roll certified	July 1
Fire Assessment fee resolution approved	No later than 93 days following certification of assessment roll
Fees due and payable (Levy date)	November, with various discount provisions through March 31
Fire assessments payable - maximum discount (4 percent)	30 days after levy date
Beginning of fiscal year for which fees have been levied	October 1
Due date	March 31
Fees become delinquent (lien date)	April 1
Tax certificates sold by the Lee County Tax Collector	Prior to June 1

For the year ended September 30, 2019, the Board of Commissioners of the District levied an annual non ad valorem fire assessment fee (F.S.197.3632) at the following rates:

	<u>Amount</u>
Residential per dwelling	\$317.41
Industrial/warehouse	\$.06 per square foot
Institutional	\$.57 per square foot
Commercial	\$.37 per square foot
Vacant land	\$22.83 per acre

The voter approved fire assessment fee rather than ad valorem tax levy initially began for the year ended September 30, 2016.

**NOTE M - POST-EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS
(OPEB)**

Pursuant to the provisions of Section 112.08, Florida Statutes, the District's defined benefit single employer OPEB Plan provides the opportunity to obtain insurance (health, dental, life and vision) benefits to its retired employees. The District administers the OPEB Plan. The year ended September 30, 2018 was the District's transition year and as such, the District implemented GASB No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". GASB No. 75 requires the District annually record its actuarially determined total OPEB liability.

All retired full-time employees, with at least 20 years of credited service with the District, are eligible for OPEB benefits if actively employed by the District immediately before retirement. As of September 30, 2019, there were twenty-six (26) retirees eligible to receive benefits and eighteen (18) retirees receiving these benefits. The benefits are provided both with contractual or labor agreements. The benefits may require contribution from the retirees, depending on certain specified criteria and, in particular, length of creditable employment. The District pays the retiree \$5 per month for each year of service except bargaining unit district #6 which is capped at \$125 per month. Certain limited exceptions to this general policy are permitted. The District pays 100% of the retiree health only coverage (single) less the FRS health insurance subsidy (HIS) reimbursement amount until age 65 and less the OPEB benefit. The retiree may purchase dependent coverage through the District. At age 65 the retiree then must move to Medicare but may continue to purchase life, dental and vision coverage through the District. Surviving spouses and beneficiaries are not eligible for the OPEB benefits. The District finances the benefits on a pay-as-you-go basis and recognizes expenditures at the time the premiums are due. There is no separate trust for these benefits.

The District does provide a \$10,000 life insurance policy to all retirees without cost to the retiree. Retired Chiefs are provided a \$100,000 policy at 50% of its cost.

The retiree's premiums for these benefits totaled \$213,633 during the year ended September 30, 2019, of which the District paid \$40,776.

Funding Policy

The District's OPEB benefits are unfunded. The District has not determined if a separate trust fund or equivalent arrangement will be established into which the District would make contributions to advance-fund the obligation. Therefore, no separate financial statement is issued. All required disclosures are presented herein.

**NOTE M - POST-EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS
(OPEB), CONTINUED**

Funding Policy, continued

The District obtained an actuarial valuation for its OPEB Plan to measure the current year's subsidies and project these subsidies into the future, making an allocation of that cost to different years.

The District subsidizes the premium rates paid by retirees by allowing them to participate at blended premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, retiree claims are expected to result in higher costs to the plan on average than those of active employees.

Actuarial Methods and Assumptions

At September 30, 2019, the District's net OPEB liability of \$2,455,132 was measured as of October 1, 2018, and was determined by an actuarial valuation as of October 1, 2019. The following actuarial assumptions and other inputs were applied to all periods included in the measurement:

Salary Increases	2.20%
Discount Rate	3.83% (2018) (3.50% 2017)
Inflation Rate	2.40%
Health Care Trend	4.10%

Annual healthcare cost trend using the Society of Actuaries Long-Run Medical Cost Trend Model baseline assumptions with an initial rate of 5.5% per year trending to 5.20% by 2050.

The discount rate was based on the 20 Year Municipal Bond Rate with AA/Aa or higher. (3.10 for 2017)

Entry age normal cost method was used.

The FRS salary scale was used.

Mortality rates were based on the RP-2000 Generational Healthy Mortality Table with scale MP-2017.

The actuarial assumptions used in the September 30, 2019 valuation were based on results of an actuarial experience study performed for the FRS Retirement Plan.

Measurement Date:	October 1, 2018
Actuarial Valuation Date:	October 1, 2019

The rationales for selecting each of the assumptions used in the financial accounting valuation and for the assumptions changes summarized above are to best reflect the current market conditions and recent plan experience.

**NOTE M - POST-EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS
(OPEB), CONTINUED**

Changes to Plan Provisions

Participants were required to be at least 45 years of age with 10 years of service to participate in the Plan as of the last Valuation. This was changed to be at least 20 years of service with no age requirement for the 2018 Plan year.

Changes in the Net OPEB Liability

	<u>Amount</u>
Balance at September 30, 2018	\$ 2,459,784
Changes for the year:

	<u>\$ (144,415)</u>

LEHIGH ACRES FIRE CONTROL AND RESCUE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2019

NOTE N - FUND BALANCE

Fund balance, in the General Fund, was categorized as follows at September 30, 2019:

Nonspendable fund balance	Amount	
Impact Fee Fund receivable	\$ 2,261,782	
Deposits	1,093,679	
Total Nonspendable Fund Balance	\$ 3,355,461	**
Restricted fund balance		
Construction related restricted cash	\$ 8,398,119	
	\$ 8,398,119	
Assigned fund balance		
Capital reserves	\$ 3,000,000	
Debt service	3,946,192	
Ninety (90) day carryforward	3,965,576	
Disaster reserves (30 day all-out)	1,000,000	
Loan payable - construction - restricted cash	890,000	
Loan payable - 2 engines - restricted cash	108,400	
Total Assigned Fund Balance	\$ 12,910,168	

** Nonspendable fund balance includes deposits and monies previously expended by the General Fund on behalf of the Impact Fee Fund. The receivable amount of \$2,261,782 is owed to the General Fund at September 30, 2019 and is reflected in the Due To/From Other Funds. Since management does not anticipate any significant repayment of the balance due in the foreseeable future, this receivable serves to reduce the balance in the General Fund unassigned fund balance to reflect the reduction in General Fund cash and equivalents that is available and spendable for future years.

NOTE O - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of a public entity risk pool which is a cooperative group of governmental entities joining together to finance an exposure, liability, or risk. The pool provides coverage for property, liability, public officials liability, workers' compensation, automobile physical damage, general liability, and automotive liability subject to various annual deductible amounts.

There were no settled claims which exceeded insurance coverage during the past three (3) fiscal years. In addition, there were no significant reductions in insurance coverage from the prior year.

The District carries limits of general liability of \$1,000,000 per occurrence and \$3,000,000 in the aggregate.

The District is covered by Florida Statutes under Doctrine of Sovereign Immunity, which effectively limits the liability of individual claims to \$200,000/\$300,000 for all claims relating to the same incident.

In accordance with Governmental Accounting Standards Board Statement No. 10, (GASB 10) which recognizes the funding of outstanding liabilities at full value, the pool retained Insurance Industry Consultants, Inc. to estimate ultimate retained losses and net loss reserve requirements as of the fiscal year ended September 30, 2019. The actuaries have concluded that the loss fund, including contributions not yet received and interest earned on all fund years to date, is sufficient to pay the retained ultimate losses and loss adjustment expenses for all fund years through September 30, 2019.

Major uninsurable risks include damages to infrastructure assets and damages or governmental fines due to seepage, pollution, or contamination of any kind.

NOTE P - CONTINGENCIES

Litigation/Administrative Hearing

The District, from time to time, is involved as a defendant in certain litigation, assertions and/or claims arising in the ordinary course of operations. In the opinion of legal counsel, the range of potential liabilities, if estimable, will not materially affect the financial position of the District. At September 30, 2019, it appears any potential unfavorable outcome from asserted claims may be paid, in full or in part through insurance coverage. At September 30, 2019, no liability has been accrued for such losses, if any. The District intends to vigorously pursue all potential claims.

NOTE Q - DEFICIT FUND BALANCE - IMPACT FEE FUND

During the year ended September 30, 2008, the District's Impact Fee Fund borrowed \$2,659,280 (net) from the General Fund to early pay off an outstanding balance of a \$8,000,000 note payable. The District resolved to early pay off the Note Payable to save the District future interest costs. The District intends to repay the General Fund through future collections of impact fees.

During the year ended September 30, 2019, the General Fund was repaid \$0 from the Impact Fee Fund to reduce the liability owed to the General Fund. Therefore, the "Due to General Fund" liability balance at September 30, 2019 was \$2,261,782 and the Impact Fee Fund continued to reflect a deficit fund balance of \$2,261,782. This deficit will be reduced as future impact fee collections are used to repay the General Fund.

NOTE R - DEFICIT UNRESTRICTED NET POSITION (NET ASSETS)

During the year ended September 30, 2014, the District's unrestricted net position (net assets) balance became a deficit of \$(2,291,559), due substantially to recording the net pension liability of \$5,236,479. The District's fund balance of \$10,813,499 remains approximately equal to nine (9) months budgeted expenditures. The Board, however, has assigned \$7,310,368 of the \$10,813,499 for specific purposes.

NOTE R - DEFICIT UNRESTRICTED NET POSITION (NET ASSETS), CONTINUED

During the year ended September 30, 2015, the District's unrestricted net position (net assets) was again a deficit and totaled \$(1,730,922), due substantially to recording the current year actuarially determined net pension liability of \$7,867,883. The District's total available fund balance remains approximately equal to nine (9) months of actual expenditures. However, the Board has assigned \$6,735,638 of the \$9,597,913 for specific purposes.

During the year ended September 30, 2017, the District's unrestricted net position (net assets) decreased to a balance of (\$1,523,985), due substantially to the recording the current year actuarially determined net pension liability of \$16,624,430. The District's total available fund balance remains approximately equal to eight (8) months of actual expenditures. However, the Board has assigned \$7,621,015 of the \$11,906,399 for specific purposes.

During the year ended September 30, 2018, the District's unrestricted net position (net assets) decreased to a deficit balance of (\$1,304,784), due substantially to the recording the current year actuarially determined net pension liability of \$18,021,294 and its net OPEB liability of \$2,459,784. The District's total available fund balance remains approximately equal to eight (8) months of actual expenditures. However, the Board has assigned \$11,119,032 of the \$13,822,660 for specific purposes.

During the year ended September 30, 2019, the District's unrestricted net position (net assets) decreased to a deficit balance of (\$3,433,466), due substantially to the recording the current year actuarially determined net pension liability of \$21,025,912 and its net OPEB liability of \$2,455,132. The District's total available fund balance less restricted and non-spendable fund balance remains approximately equal to eight (8) months of actual expenditures. However, the Board has assigned \$12,910,168 of the \$14,732,227 for specific purposes.

NOTE S - COMMITMENT

As a result of Hurricane Irma, the District's fire stations received severe damage as follows:

Station 101: Extensive water damage. Firefighters living in mobile home. New station under construction.

Station 102: Extensive water damage. Firefighters living in mobile home. District analyzing options.

Station 103: Received extensive damage. Station being rebuilt.

During the prior year, the District entered into an agreement with a construction company with the intent of performing long term construction projects on the District's stations. Per the agreement, the District may terminate the agreement, after giving the contractor seven (7) days written notice, if the contractor fails to meet specific requirements stated in the agreement. This agreement expires on September 20, 2023 and may be renewed or extended for additional terms upon the mutual written agreement of the parties.

The following is a summary of construction projects contracted by the District and not yet completed at September 30, 2019:

	Contract Price	Amounts Paid Through September 30, 2019:
Station 101	\$ 3,135,504	\$ 622,482
Station 103	<u>1,710,936</u>	<u>144,765</u>
	<u>\$ 4,846,440</u>	<u>\$ 767,247</u>

During the year the District borrowed \$1,084,000 to purchase two new Sutphen pumper trucks and borrowed \$8,900,000 for remodeling/construction of station 101, 103 and 102 and any other construction projects. The District received an additional \$488,530 from the insurance company and \$165,089 from FEMA for damages from hurricane Irma .

Changes of Assumptions

Actuarial assumptions for both cost-sharing defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013 through June 30, 2018. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total FRS pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.60%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments were reduced from 7.00% to 6.90%. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.50% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB tables.

Florida Retirement System Pension Plan

There were no changes in actuarial assumptions. As of June 30, 2019, the inflation rate assumption remained at 2.6 percent, the real payroll growth assumption was 0.65 percent, and the overall payroll growth rate assumption remained at 3.25 percent. The long-term expected rate of return was reduced from 7.00 percent to 6.90 percent.

Health Insurance Subsidy Pension Plan

The municipal rate used to determine total pension liability decreased from 3.87 percent to 3.50 percent.

Pension Expense and Deferred Outflows/Inflows of Resources

In accordance with GASB 68, paragraphs 54 and 71, changes in the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors - amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Changes of assumptions or other inputs - amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Changes in proportion and differences between contributions and proportionate share of contributions - amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Differences between expected and actual earnings on pension plan investments - amortized over five years

Contributions to the pension plans from employers are not included in collective pension expense. However, employee contributions are used to reduce pension expense.

The average expected remaining service life of all employees provided with pensions through the pension plans at June 30, 2019, stayed consistent with the prior year at 6.4 years for FRS and 7.2 years for HIS.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL
 CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
 AND OTHER MATTERS BASED ON AN AUDIT OF BASIC
 FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
 WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
 Lehigh Acres Fire Control and Rescue District
 636 Thomas Sherwin Avenue South
 Lehigh Acres, FL 33974

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America, the basic financial statements of the governmental activities and each major fund of Lehigh Acres Fire Control and Rescue District (the "District") as of and for the year ended September 30, 2019, and the related notes to the financial statements which collectively comprise the District's basic financial statements as listed in the table of contents and have issued our report thereon dated April 28, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

INTEGRITY SERVICE EXPERIENCE

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Lehigh Acres Fire Control and Rescue District's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined previously. However, material weaknesses may exist that have not been identified.

We did, however, note a certain other matter that we have reported in our Report to Management dated April 28, 2020.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lehigh Acres Fire Control and Rescue District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

Board of Commissioners
Lehigh Acres Fire Control and Rescue District
636 Thomas Sherwin Avenue South
Lehigh Acres, Florida 33974

We have examined Lehigh Acres Fire Control and Rescue District's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2019. Management is responsible for Lehigh Acres Fire Control and Rescue District's compliance with those requirements. Our responsibility is to express an opinion on Lehigh Acres Fire Control and Rescue District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Lehigh Acres Fire Control and Rescue District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Lehigh Acres Fire Control and Rescue District's compliance with specified requirements.

In our opinion, Lehigh Acres Fire Control and Rescue District complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

This report is intended solely for the information and use of the Lehigh Acres Fire Control and Rescue District and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT TO MANAGEMENT

Board of Commissioners
 Lehigh Acres Fire Control and Rescue District
 636 Thomas Sherwin Avenue South
 Lehigh Acres, Florida 33974

We have audited the accompanying basic financial statements of Lehigh Acres Fire Control and Rescue District (the "District") as of and for the year ended September 30, 2019 and have issued our report thereon dated April 28, 2020.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America and Chapter 10.550, Rules of the Florida Auditor General. We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters based on an audit of the financial statements performed in accordance with Government Auditing Standards and Chapter 10.550, Rules of the Florida Auditor General. Disclosures in those reports, which were dated April 28, 2020, should be considered in conjunction with this report to management.

Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter included the following information, which is not included in the aforementioned auditor's report:

- Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no financially significant prior year comments noted.
- Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. No such recommendations were noted to improve financial management.

INTEGRITY SERVICE EXPERIENCE

- Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address violations of noncompliance with provisions of contracts or grant agreements, or abuse, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in the management letter, unless disclosed in the notes to the financial statements. The District discloses this information in the notes to the financial statements.
- Section 10.554(1)(i)5.a., Rules of the Auditor General, requires a statement be included as to whether or not the local government entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- Pursuant to Sections 10.554(1)(i)5.b. and 10.556(7), Rules of the Auditor General, we have applied financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
- Pursuant to Section 10.554(1)(i)5.b.2, Rules of the Auditor General, if a deteriorating financial condition(s) is noted then a statement is so required along with the conditions causing the auditor to make such a conclusion. No such conditions were noted.
- Pursuant to Section 10.554(1)(i)5.c., Rules of the Auditor General, requires a statement indicating a failure, if any, of a component unit Special District to provide financial information necessary to a proper reporting of the component unit within the audited financial statements of this entity (F.S. Section 218.39(3)(b)). There are no known component units required to report within these financial statements.
- Section 10.556(10)(a), Rules of the Auditor General, requires that the scope of our audit to determine the entity's compliance with the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the District complied with Section 218.415, Florida

Statutes as reported in our Independent Accountant's Report on Compliance with Section 218.415, Florida Statutes dated April 28, 2020, included herein.

PRIOR YEAR COMMENTS:

There were no financially significant prior year comments noted.

CURRENT YEAR COMMENTS:

2019-1 All Census Data for Employees Should be Updated Periodically on FRS Website

During the audit we tested FRS census data for thirteen employees. We noted one employee did not have their date of hire listed on the FRS website.

We recommend the District periodically update/test all census data for all employees on the FRS website.

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of the Board of Commissioners, management, the Auditor General of the State of Florida and other federal and state agencies. This report is not intended to be and should not be used by anyone other than these specified parties.

Fort Myers, FL 33907

Dear Mr. Tuscan,

This letter is in response to the Management letter provided to Board of Commissioners, Lehigh Acres Fire Control and Rescue District, for the 2018/2019 fiscal year ended September 30, 2019, by Tuscan & Company, P.A. Responses to the individual comments are addressed in the same order as presented in the Management letter dated April 28, 2020.

PRIOR YEAR COMMENTS THAT CONTINUE TO APPLY (AS REVISED OR AMENDED):

(There were no financially significant prior year comments noted).

CURRENT YEAR COMMENTS:

2019-1 All Census Data for Employees Should be Updated Periodically on FRS Website

All employee hire dates have been verified/updated with the May 2020 FRS submittal for retirement.

We continue to strive to maintain and sustain financial controls and internal controls in a timely and prudent manner. Any further inquiries, please advise.

Sincerely,

A handwritten signature in blue ink that reads "Robert A. DiLallo".

Robert A. DiLallo
Fire Chief
