INDEPENDENT AUDITORS' REPORT

Administrative Board
Panhandle Public Library Cooperative System
Marianna, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund of the Panhandle Public Library Cooperative System (the "Cooperative") as of and for the year ended September 30, 2019 and the related notes to financial statements, which collectively comprise the Cooperative's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Cooperative's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund of the Cooperative as of September 30, 2019, and the respective changes in financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 5 and 8, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2020, on our consideration of the Cooperative's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cooperative's internal control over financial reporting and compliance.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Panhandle Public Library Cooperative System (the "Cooperative") conform to generally accepted accounting principles as applicable to governments. The Jackson County Board of County Commissioners' Finance Office performs the accounting functions associated with the Panhandle Public Library Cooperative System's Administrative Board. The following is a summary of the more significant policies:

Reporting Entity

The Panhandle Public Library Cooperative System was formed pursuant to Chapter 257.171, F.S. The interlocal agreement was entered into on September 3, 1992, and operations begun in November of 1992. The interlocal agreement is made up of three counties: Calhoun County, Florida; Jackson County, Florida; Holmes County, Florida; and shall be referred to as "the Counties." The Counties entered into an agreement for the purpose of establishing a multi-county library system to provide unified library services. In particular, it is the express purpose of the Agreement and of the Counties to provide for the coordinator of library service throughout the legal service areas of the Counties; to provide for equal access to free public library service to all residents of the legal service areas of the Counties; and to formulate and implement consistent plans, programs, policies, and procedures in the operation, maintenance and development of library service throughout the legal service areas of the Counties.

The Cooperative receives substantial support from the State of Florida under grants with the Florida Division of Library and Information Services. These grants must be renegotiated at the end of each grant term.

The Cooperative is governed by a Board whose members are appointed by the respective member counties. Each County appoints two members of the Board. In addition, each County Director (or head librarian or administrative head) shall be an ex-officio, voting member of the Board.

The Cooperative uses the criteria established in GASB Statement No. 14 to define the reporting entity and identify component units. Component units are entities for which the Cooperative is considered to be financially accountable. There are no entities included as a component unit within the Cooperative's reporting entity.

Reporting Model

As an independent special district, the Cooperative accounts for its activities using the governmental financial reporting model and follows GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, as amended.

Panhandle Public Library Cooperative System Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reporting Model (Continued)

The Cooperative is engaged in a single governmental program and administers only one fund, the General Fund. It has taken the option of presenting combined fund financial statements and government-wide statements using a columnar format that reconciles fund financial data to government-wide data in a separate column.

The Statement of Net Position and Governmental Fund Balance Sheet reports the Cooperative's financial position as of the end of the fiscal year for both the General Fund and the governmental activities.

The Statement of Activities and Governmental Fund Revenues, Expenditures and Changes in Fund Balance reports changes in financial position of the General Fund and the governmental activities, and the degree to which the functional expenses are offset by program revenues for the governmental activities.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Cooperative considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

Intergovernmental and interest associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when the Cooperative receives cash.

Cash and Cash Equivalents

Cash includes amounts in demand deposits as well as short term investments with a maturity date within three months of the date acquired by the government.

Equity in Pooled Investments

Equity in pooled investments include amounts placed with the State Board of Administration for participation in the Local Government Surplus Funds Trust Fund investment pools created by Sections 218.405 and 218.417, Florida Statutes.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position/Fund Balance

Net position represents the difference between assets and liabilities reported for the governmental activities. Net position is reported as *restricted* when there are externally imposed restrictions. *Unrestricted* net position is net position that does not meet the definition of the classification previously described.

When both restricted and unrestricted resources are available for use, it is the Cooperative's policy to use restricted resources first, and then unrestricted resources as they are needed.

The Cooperative follows the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Cooperative is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Cooperative's highest level of decision-making authority, which is a resolution of the Board of Directors. Committed amounts cannot be used for any other purpose unless the Cooperative removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the Cooperative's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the Board of Directors or (b) a body or official to which the Board has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The Cooperative's policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Panhandle Public Library Cooperative System Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting

Florida Statutes govern the preparation, adoption, and administration of the budget for the Panhandle Public Library Cooperative System. The annual budget for the Cooperative Governmental Fund was prepared consistent with generally accepted accounting principles. The budget is controlled according to Chapter 129, Florida Statutes, at the total fund level. Amendments to the budget have been properly approved by the Board.

Capital Assets

General capital assets generally result from expenditures in the governmental funds. These assets are reported on the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The Cooperative maintains a capitalization threshold of \$5,000. The Cooperative does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not. Capital assets are depreciated using the straight line method. The Cooperative did not have any assets that met their capitalization threshold in the current or prior years.

Unearned Revenues

Unearned revenues reported in governmental fund financial statements represent unearned revenues or revenues which are measurable but not available, and in accordance with the modified accrual basis of accounting, are reported as unearned revenues. These amounts represent unearned library grant revenues for the Cooperative.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk Management and Insurance

The Cooperative insures itself against losses from casualty, accident and dishonesty by purchasing insurance through a local insurance agency. The Cooperative believes the level of insurance purchased is adequate to protect against material loss. No significant changes in coverage or claims have been made in the last year.

SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date that the financial statements were available to be issued, March 23, 2020 and determined there were no events that occurred that required disclosure.

Panhandle Public Library Cooperative System

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impact of Recently Issued Accounting Pronouncements

In fiscal year 2019, the Cooperative adopted two new statements of financial accounting standards issued by the Governmental Accounting Standards Board (GASB):

- GASB Statement No. 83, *Certain Asset Retirement Obligations* (“GASB 83”)
- GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings And Direct Placements* (“GASB 88”)

GASB 83 establishes standards of accounting and financial reporting requirements for legally enforceable liabilities associated with the retirement of certain tangible capital assets. State and local governments that have legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the regulation of the statement. The requirements of GASB 83 are effective for reporting periods beginning after June 15, 2018. GASB 83 had no impact on the Cooperative's financial statements.

GASB 88 defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. GASB 88 requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant subjective acceleration clauses. GASB 88 also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. The requirements of GASB 88 are effective for reporting periods beginning after June 15, 2018. GASB 88 had no impact on the Cooperative's Financial Statements.

Pronouncements Issued But Not Yet Effective

GASB has issued the following pronouncements that may affect future financial position, results of operations, cash flows, or financial presentation of the Cooperative upon implementation. Management has not yet evaluated the effect of implementation of these standards.

GASB Statement No.	GASB Accounting Standard	Effective Fiscal Year
84	<i>Fiduciary Activities</i>	2020

Note 2: CASH AND INVESTMENTS

At September 30, 2019, the carrying amount of the Panhandle Public Library Cooperative System's cash and cash equivalents was \$318,572 and the bank balance was \$318,472. The bank balance was covered by federal depository insurance and, for the amount in excess of such federal depository insurance, by the State of Florida's Public Deposit Act. Provisions of the Act require that public deposits may only be made at qualified public depositories. The Act requires each qualified public depository to deposit with the State Treasurer eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. In the event of a failure by a qualified public depository, losses in excess of federal depository insurance and proceeds from the sale of securities pledged by the defaulting depository are assessed against the other qualified public depositories of the same type as the depository in default. When other qualified public depositories are assessed additional amounts, they are assessed on a pro-rata basis.

The Cooperative's investment practices are governed by Chapter 218.415 of the Florida Statutes. The Cooperative is authorized to invest in certificates of deposit, money market certificates, obligations of the U.S. Treasury, mutual funds and repurchase agreements collateralized by U.S. Government securities, and Florida PRIME.

The Cooperative invested funds in the Florida State Board of Administration's Florida PRIME. At September 30, 2019, the market value and carrying value of these funds was \$96,196. Additional information and investment policies regarding Florida PRIME may be obtained from the State Board of Administration at www.sbafla.com/prime.

Florida PRIME is administered by the Florida State Board of Administration (SBA), which provides regulatory oversight. The powers and duties of the SBA are defined in Florida Statute 218.409. In addition, Chapter 19-7 of the Florida Administrative Code identifies the rules and regulations governing the administration of the Pool. These rules provide guidance and establish the general operating procedures for the administration of the pool. The SBA provides regulatory oversight for Florida PRIME. As a pool participant, the Cooperative owns a share of the respective pool, not the underlying securities.

Florida PRIME is an external investment pool that has adopted operating procedures consistent with the requirements of GASB Statement No. 79 to measure its investments at amortized cost. Therefore, the Cooperative's investment in Florida PRIME is recorded at amortized cost.

CREDIT RISK

The credit risk of certain investments, such as investment pools managed by other governments, cannot be categorized as to credit risk because the Cooperative's investments are not evidenced by specific, identifiable investment securities.

As of September 30, 2019, the Cooperative's investment in Florida PRIME is rated by Standard and Poors and the current rating is AAAM.

Panhandle Public Library Cooperative System Notes to Financial Statements

Note 2: CASH AND INVESTMENTS (Continued)

INTEREST RATE RISK

The weighted average days to maturity (WAM) of Florida PRIME at September 30, 2019, is 37 days. Next interest rate reset for floating rate securities are used in the calculation of the WAM. The weighted average life (WAL) of Florida PRIME at September 30, 2019 is 85 days.

CUSTODIAL CREDIT RISK

At September 30, 2019, the Cooperative did not hold any deposits or investments that were considered to have custodial risk.

CONCENTRATION OF CREDIT RISK

At September 30, 2019, the Cooperative did not hold any investments that were considered to have concentration of credit risk.

FOREIGN CURRENCY RISK

At September 30, 2019, the Cooperative did not hold any investments that were considered to have a foreign currency risk.

COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Administrative Board
Panhandle Public Library Cooperative System
Marianna, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Panhandle Public Library Cooperative System (the "Cooperative") as of and for the year ended September 30, 2019, and the related notes to basic financial statements, which collectively comprise the Cooperative's basic financial statements and have issued our report thereon dated March 23, 2020.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the Cooperative's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cooperative's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Cooperative's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standard*.

Purpose of This report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cooperative's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cooperative's internal control and specified parties.
