YOUR PARTNER FOR
SOLID WASTE SOLUTIONS

February 19, 2020

The Honorable Chair and Members of the
Solid Waste Authority Board
Solid Waste Authority of Palm Beach County
West Palm Beach, Florida

The comprehensive annual financial report of the Solid Waste Authority of Palm Beach County, Florida, (the "Authority") for the fiscal year ended September 30, 2019, is hereby submitted. The Authority is required by Florida Statutes to have an annual audit and to submit this report to the Florida Auditor General's office within nine months of the close of each fiscal year. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the Authority. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the Authority. All disclosures necessary to enable the reader to gain an understanding of the Authority's financial activities have been included.

Management of the Authority is responsible for establishing and maintaining internal controls designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Authority's financial statements in conformity with U.S. generally accepted accounting principles. The Authority's internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and, (2) the valuation of costs and benefits requires estimates and judgments by management.

The Authority's financial statements are audited by an independent certified public accounting firm. The objective of the audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management to provide reasonable assurance that the financial statements are free of material misstatements.

As part of the Authority's annual audit, a review is made of internal controls and tests are performed to determine that the Authority has complied with applicable laws and regulations. The results of the Authority's audit for the fiscal year ended September 30, 2019 identified no instances of significant deficiencies in internal controls or material violations of applicable laws and regulations.

The Authority is required to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Authority's MD&A can be found starting on page 3.

PROFILE OF THE GOVERNMENT

Government Entity: The Authority is a dependent special district created by the Florida Legislature and governed by the seven elected County Commissioners for Palm Beach County, Florida. The Palm Beach County Solid Waste Act gives the Authority the power to construct and operate solid waste disposal facilities sufficient to effectively manage all solid waste generated in Palm Beach County. Additionally, the Act provides the Authority with the jurisdiction to collect waste throughout the unincorporated areas of the county, which is handled by private haulers under contract with the Authority.

Reporting Entity: The management of the Authority has considered whether there are potential component units that should be included in the Authority's financial statements, by applying the criteria set forth by U.S. generally accepted accounting principles. Based upon the application of these criteria, the only entity to consider was Palm Beach County, Florida. Based on the Governing Board of the Authority being the Board of County Commissioners of Palm Beach County, it was determined that the County was financially accountable for the operations of the Authority. Accordingly, in accordance with U.S. generally accepted accounting principles, the Authority is reported as a component unit of Palm Beach County for the year ended September 30, 2019.

Budgetary Control: The Authority adopts an annual operating budget as a financial plan for the year. Activities of the operating accounts (Acquisition and Construction, Revenue, Operating, Debt Service, Operating Reserve, Subordinated Indebtedness, Renewal and Replacement, Capital Improvement and General Reserve) required by the Trust Indenture securing the Authority's bonded indebtedness are included in the annual budget. Although the Authority is legally required to adopt an annual budget, there is no legal requirement for external reporting of budgetary basis financial information.

ECONOMIC CONDITION

Local Economy: Palm Beach County is the 3rd most populous county in the State of Florida. The latest population estimate prepared by the University of Florida indicates that the current population of the County is approximately 1.45 million. Projections show the population growing at an estimated annual rate of 0.86% from 2019 through 2045 with corresponding increases in service businesses and light industry.

Major Industries: The economic base of Palm Beach County has been dependent on the real estate and construction industries associated with producing housing for the increasing population of the County. Agriculture is an important industry in the rural, western area of the County that produces winter vegetables, citrus, sugar cane, flowers and ornamental plants. During the winter and spring months many businesses rely on the economic gain from the increase in tourism. Tourists are drawn to south Florida due to our warm weather and major league baseball training camps.

Relevant Financial Policies: In accordance with the Indenture of Trust, the Authority must at all times establish assessments, tipping fees and other fees, rates and charges to provide net revenues (gross revenue less operating expenses) in each fiscal year at least equal to 110% of the annual debt service. The Authority was in compliance with this requirement for 2019 and all prior fiscal years.

Long Term Financial Planning: The unemployment rate in Palm Beach County has improved declining from 5.3% in 2015 to 3.2% in September 2019. Homeowners' equity positions and mortgage performance have improved strengthening home price appreciation. In the long-run, demographics should position the housing market to be more favorable with improvements in labor market conditions, which adds to the economic growth index creating increased demand for multifamily and single-family properties. While population continues to increase in Palm Beach County, the solid waste quantities requiring disposal will likely increase and the Authority's revenue stream, non-ad valorem assessment and volume-based tipping fees will be steady.

Actual quantities of waste for the current and preceding nine years, and future projections of solid waste to be handled by the Authority’s facilities are as follows:

		Garbage Class I (Tons/Year)	Trash/ Other Waste (Tons/Year)	Recycled Materials (Tons/Year)	Waste Stream Total (Tons/Year)
ACTUAL	2010	913,818	615,342	113,513	1,642,673
	2011	891,310	619,557	110,123	1,620,990
	2012	913,756	593,930	106,308	1,613,994
	2013	935,446	782,623	106,361	1,824,430
	2014	957,482	866,073	102,413	1,925,968
	2015	976,746	843,650	98,128	1,918,524
	2016	1,019,211	977,180	93,569	2,089,960
	2017	1,034,513	965,533	90,278	2,090,324
	2018	1,052,361	959,343	92,345	2,104,049
PROJECTED	2019	1,054,016	1,035,887	98,359	2,188,262
	2025*	1,227,451	1,009,605	106,735	2,343,791
	2030*	1,354,357	1,061,305	117,770	2,533,432

**Projected tonnage from the SWA 2020 Landfill Depletion Model (excludes tonnage from Supplemental Waste Program).*

Major Initiatives

The Authority has continued the project with the University of Florida to evaluate the utilization of the ash residue, created during the combustion of waste in the Authority’s Renewable Energy Facilities, in construction applications. The results of this investigation have been very promising indicating that the material is suitable for use as road base and aggregate in concrete with no measurable environmental impacts. Based on the results of these studies the Authority has submitted an application with the Florida Department of Transportation (FDOT) and the Florida Department of Environmental Protection (FDEP) seeking approval for the use of these products in commercial applications. FDEP has approved the utilization of the ash aggregate, on a pilot project basis, to include local roads and nonstructural concrete and FDOT is currently modifying the applicable standards to accommodate the use of this material. Given the progress to date the Authority has initiated discussions with; local municipal agencies/departments to identify potential pilot projects and several aggregate and concrete suppliers to engage potential partners in completing these pilot projects.

The Authority continued a technical evaluation of processing systems that remove small, less than 3/8” metal pieces from the ash residue created during the combustion of waste in the Authority’s Renewable Energy Facilities. Metals in this size range typically include a high percentage of precious and other high value metals that could potentially provide a new significant revenue stream for the Authority. The Authority initiated a pilot project to complete a large-scale testing program to capture and analyze this material, providing site specific data as to the quantity and quality of both the ferrous and non-ferrous metals remaining in the combustor ash. A mobile metals processing system was positioned on the landfill to process ash and recover the small metal particle sizes. In addition to recovering these metals the processing system produces ash aggregate that is suitable for use in the ash aggregate pilot projects described above. The metals recovery program is scheduled to run for 8 to 11 months.

The Authority completed the filling of the reopened areas of cells 5 & 6, which has provided nearly two years of additional capacity. Additionally, in 2019 the Authority received approval from the Florida Department of Environmental Protection (FDEP) to modify the closure plan for the Class 1 and Class 3 landfills. The closure plan modification consisted of regrading the side slopes of the landfill to a continuous 3H:1V slope versus the terrace design previously approved and installed in Class I Cells 1-6 and 7-10 closure. This closure plan modification increased the total estimated landfill volume by more than 5% (over 3 million cubic yards). This project will allow the Authority to capture significant amounts of new airspace, enhance stormwater management, improve leachate management systems, improve the gas collection system and improve odor control. Reconfiguration of the side slopes on the west side of the Class I Landfill in Cells 5, 8, and 9 is well underway.

The Authority completed a project to provide significant improvements to the Industrial Supply Well system. This project includes the addition of four (4) new wells and incorporates these into the Authority's SCADA system.

The Authority completed a project for roadway system expansion and improvements at the North County Transfer Station. These improvements included the addition of a bypass lane for Authority vehicles, the installation of concrete pad for roll-off turnaround and concrete repairs to the exit area of the tunnels.

The Authority initiated a design to replace the electrical switch gear and provide building upgrades for the main back-up generator at the SWA utilities complex. These improvements will include replacement of a 25-year-old electrical switch gear and building modifications to improve ventilation, safety and storm readiness. A contract has been awarded and the project is currently in permitting construction will be completed in 2020.

The Authority initiated a project to replace the push walls at the West Central Transfer Station. The project will include structural design and fabrication of new push walls to be installed on the tip floor of the Transfer Station. The project is currently under construction and will be complete in February of 2020.

The Authority initiated a project to provide upgrades to the Landfill Warehouse facility. These upgrades include addition of paved roadway and parking spots and landscaping necessary to comply with provisions issued in the City of West Palm Beach site plan approval. The project is currently in procurement and should be complete in mid-2020.

The Authority initiated a project to upgrade and improve the emergency generator systems at the Glades Regional Transfer Station. These improvements will result in the ability to supply emergency power to the entire facility. The project is currently in procurement and should be completed in mid-2020.

The Authority initiated a project to design and install several major improvements to the main Household Hazardous Waste Collection facility. These will include ventilation upgrades, improved storage capacity and improved lighting. The project design is complete and the project should be completed by late 2020.

The Authority completed a project to replace several scales at both the North County and West County Transfer Stations. These improvements resulted in increased reliability, reduced maintenance costs and associated down time.

The Authority completed a project to replace a large portion of the concrete slab at the South County Transfer Station. The project will enhance productivity and reduce maintenance costs at the facility.

For the Future

Several new projects are anticipated to be initiated during the upcoming fiscal year.

The Authority initiated a project to replace the portable scale house on the outbound scale at the Landfill facility. The project will include a new foundation and new scale house. The project is currently in design and should be complete by mid-2020.

The Authority will initiate a project to replace the steel cladding on the hoppers and tunnels at the North County Transfer Station. The project will replace the severely worn steel and reduce maintenance costs at the facility.

The Authority will initiate a project to repair curb steel at the West Central Transfer Station. The project will replace the severely worn steel cladding in the tunnels and will reduce the down time and maintenance costs at the facility.

The Authority will initiate a project to begin preliminary design efforts on Class I cells 25 & 26. This project will identify the design basis in anticipation of a full-blown design effort in subsequent years.

The Authority will initiate a project to upgrade the Recovered Materials Processing Facility's processing lines. This effort will include but not be limited to; the replacement of the comingled container processing lines' optical sorters and modifications to the residential and commercial fiber processing lines to include the addition of optical and/or robotic sorters. This effort is designed to increase the efficiency through increased throughput, consistent quality and decreased processing costs.

The Authority will initiate a planning project to determine options for the continued operation of the Biosolids Processing Facility at the end of the current Operations and Maintenance Agreement. This effort will consider options for; the refurbishing of the facility to continue at its design capacity, expanding the processing capability, modifying the facility to comply with new/pending regulatory requirements, and demolishing/demobilizing the facility. This effort will be accomplished in conjunction with the current Municipal Waste Water Utilities that are the Authority's partners in the development and operation of this facility.

The Authority will initiate an update to the Authority's Master Solid Waste Management Plan that will include a comprehensive analysis of the existing Solid Waste Management System (SWMS) relative to the quantity of municipal solid waste that is estimated to increase over the next 20 years. The condition and capacity of each major component and utility infrastructure of the SWMS will be evaluated relative to its continued suitability to function at the capacity necessary to manage the projected waste flows for the next 20-year planning period.

In November 2019 the Authority initiated a project to replace the scale software management system that is used at the six transfer stations, two waste to energy facilities and the landfill. Using the latest technology, the new system will provide a stable technological foundation for scale operations, increase process performance and improve the customer experience at the scale facilities.

AWARDS AND ACKNOWLEDGEMENTS

Awards: The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Authority for its comprehensive annual financial report for the fiscal year ended September 30, 2018. In order to be awarded a Certificate of Achievement, the Authority published an easily readable and efficiently organized comprehensive annual financial report. This report satisfies both U.S. generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments: The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated services of the entire staff of the finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Solid Waste Authority Board, preparation of this report would not have been possible.

Sincerely,

Dan Pellowitz

Report on the Financial Statements

We have audited the accompanying financial statements of the Solid Waste Authority of Palm Beach County, Florida, a component unit of Palm Beach County, Florida, as of and for the years ended September 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Solid Waste Authority of Palm Beach County, Florida's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Solid Waste Authority of Palm Beach County, Florida, as of September 30, 2019 and 2018, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principal

As described in Note O and S to the financial statements, the Solid Waste Authority of Palm Beach County, Florida implemented Governmental Accounting Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, during the year ended September 30, 2018. Accordingly, beginning net position as of October 1, 2017 was restated. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8, the other postemployment benefits schedules on page 64, and the pension schedules on pages 65 through 68 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Solid Waste Authority of Palm Beach County, Florida's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we do not express an opinion of provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 18, 2020, on our consideration of the Solid Waste Authority of Palm Beach County, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Solid Waste Authority of Palm Beach County, Florida's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Solid Waste Authority of Palm Beach County, Florida's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management of the Solid Waste Authority of Palm Beach County (the "Authority") presents the readers of our financial statements the following narrative overview and analysis of the financial activities for the fiscal years ended September 30, 2019 and 2018. Please consider this information in conjunction with the additional information we have furnished in our letter of transmittal (beginning on page iv) and the accompanying financial statements (beginning on page 9).

Financial Highlights

- The Authority's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources (net position) by approximately \$638.6 million, \$607.0 million and \$605.1 million at the close of fiscal years 2019, 2018 and 2017, respectively. Of these amounts, approximately \$117.0 million, \$109.7 million and \$100.3 million, respectively, are considered unrestricted and pursuant to the Authority's Trust Indenture are available for renewal and replacement of the solid waste system and capital improvements.
- The Authority's revenues and capital contributions exceeded expenses by \$31.6 million for fiscal year 2019. Details regarding the operations for 2019 are provided in our letter of transmittal. Revenues and capital contributions exceeded expenses for fiscal year 2018 by \$2.3 million. Expenses exceeded revenues and capital contributions for fiscal year 2017 by \$4.0 million.
- The Authority's aggressive capital renewal and expansion program is complete. Construction of the new mass burn facility that broke ground in 2012 was completed in July 2015. Entering its fifth year of operations, this facility will contribute to extending the useful life of its existing landfill through 2051. Net capital assets decreased by \$63.8 million in fiscal year 2019. The Authority's net capital assets decreased by 4.9% in 2018 and by 4.8% in 2017.
- The Authority's operating revenues increased from the prior year by approximately 4.1% and operating expenses decreased by approximately 6.0%. The increase in revenue is primarily due to increased assessment revenue, tipping fees and electrical generation. However, much of the 2019 expense decrease is due primarily to the \$33.6 million in Hurricane Irma debris removal costs reported in 2018. The Authority anticipates 99% reimbursement of these debris removal costs from federal and state programs.

Overview of the Financial Statements

The Solid Waste Authority of Palm Beach County is a single enterprise fund and presents its financial statements using the economic resources measurement focus and accrual basis of accounting which is the same measurement focus and basis of accounting employed by private-sector business enterprises. This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements, which include comparative Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, Statements of Cash Flows, and notes to the financial statements.

The Statements of Net Position present information on the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. Increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statements of Revenues, Expenses, and Changes in Net Position are the basic statements of activities for proprietary funds. These statements provide the user information on the Authority's operating revenues and expenses, non-operating revenues and expenses and whether the Authority's financial position has improved or deteriorated as a result of each year's operations.

The Statements of Cash Flows present the change in the Authority's cash and cash equivalents during each fiscal year. This information can assist the user of the report in determining how the Authority financed its activities and how it met its cash requirements.

The notes to the financial statements provide additional information that is essential to a full understanding of the data in the statements and can be found beginning on page 14 of this report.

Summary of Net Position

As noted earlier, net position may serve over time as a useful indicator of the Authority's financial position. The Authority's total net position increased by \$31,607,069 and \$1,926,411 during fiscal years 2019 and 2018, respectively. The Authority's net position decreased by \$3,994,437 during fiscal year 2017. A condensed summary of the Authority's net position for fiscal years 2019, 2018 and 2017 is presented below:

	2019	2018	2017
<u>Assets</u>			
<i>Current and Other Assets</i>	\$ 772,607,602	\$ 428,591,799	\$ 384,535,268

Total Net Position	\$ 638,641,298	\$ 607,034,229	\$ 605,107,818

Net investment in capital assets (approximately 67.7%, 68.2% and 71.0% of the Authority's total net position at September 30, 2019, 2018 and 2017, respectively) represents the Authority's investment in capital assets (e.g., land, buildings, improvements, equipment and construction in progress), less the related outstanding indebtedness used to acquire those assets. The Authority uses these capital assets to provide services to its customers and consequently these assets are not available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since it is unlikely that the capital assets will be liquidated to pay liabilities.

An additional portion of the Authority's net position (approximately 13.9%, 13.7% and 12.4% of the Authority's total net position at September 30, 2019, 2018 and 2017, respectively) represents resources that are subject to external restrictions on how they may be used.

The remaining balance of net position (approximately 18.3%, 18.1% and 16.6% of the Authority's total net position at September 30, 2019, 2018, and 2017, respectively) is considered unrestricted. However, the Authority is bound by its Trust Indenture that requires current period revenues be sufficient to cover current period operating expenses and 110% of current debt service. Therefore, the unrestricted balance in net position is not available for future operating expenditures, although it is available for renewal and replacement of the solid waste system and capital improvements.

Summary of Revenues, Expenses and Changes in Net Position

A summary of revenues, expenses and changes in net position for the years ended September 30, 2019, 2018 and 2017 is presented below:

	2019	2018	2017
Operating Revenues			
Assessments	\$ 203,681,416	\$ 197,454,060	\$ 191,553,915

Total Nonoperating Expense	<u>(6,926,802)</u>	<u>(6,677,044)</u>	<u>(33,338,579)</u>
Income (Loss) Before Capital Contributions	<u>30,782,153</u>	<u>1,985,847</u>	<u>(3,994,437)</u>
Capital Contributions	<u>824,916</u>	<u>300,564</u>	<u>-</u>
Increase (Decrease) in Net Position	31,607,069	2,286,411	(3,994,437)
Net Position - 10/01	607,034,229	605,107,818	609,102,255
GASB 75 Restatement	<u>-</u>	<u>(360,000)</u>	<u>-</u>
Net Position - 09/30	<u>\$ 638,641,298</u>	<u>\$ 607,034,229</u>	<u>\$ 605,107,818</u>

The Authority's net position increased during fiscal year 2019 by \$31,607,069. Net position increased by \$2,286,411 in 2018 and decreased by \$3,994,437 in 2017. The net positions increase from the prior fiscal year is due to the following:

- Operating Revenue increased by \$12.1 million due to assessments, tipping fees and electrical generation.
- Other Operating Expense decreased by \$33.6 million due primarily to 2018 Hurricane Irma expenses.
- Investment income increased by \$8.3 million due to the improving Treasury market.
- Franchise Hauler contract payments increased \$7.3 million due to one-year contract extensions for FY 2019.
- Contract Payments to plant operators increased by \$3.4 million.

The Authority's net position increased during fiscal year 2018 by \$2,286,411. Net position decreased by \$3,994,437 and \$7,172,635 for fiscal years 2017 and 2016, respectively. The increase in 2018 from the prior fiscal year is due to the following:

- Operating revenue increased by \$8.0 million due primarily to assessments and electrical generation.
- Interest expense decreased by \$4.5 million as a consequence of the Authority's bond refunding.
- Depreciation expense decreased by \$5.1 million.
- Investment income increased by \$3.5 million due to the improving Treasury market.
- Contract payments to plant operators increased by \$2.1 million.
- Landsite expenses increased by \$1.5 million.
- The Authority temporarily absorbed \$14.0 million of unfunded debris removal costs (Contractual Services) due to Hurricane Irma.

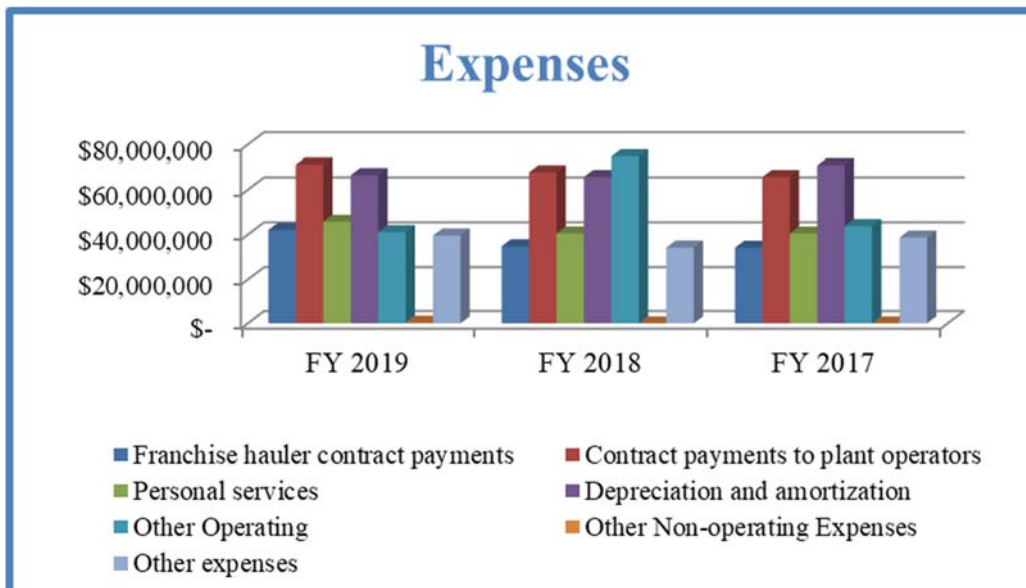

Revenues by Source (Graph)

Expenses by Source (Graph)

The following graph shows the major expense categories for the years ended September 30, 2019, 2018, and 2017:

Capital Assets

During fiscal year 2019, the Authority's net capital assets decreased approximately \$64 million due primarily to annual depreciation expense of \$67 million.

A summary of the 2019 capital asset acquisitions and disposals is as follows:

	<i>Balance 10/01/18</i>	<i>Additions</i>	<i>Deletions</i>	<i>Balance 09/30/19</i>
Land	\$ 50,626,126	\$ -	\$ -	\$ 50,626,126
Buildings	781,429,618	-	-	781,429,618
Improvements other than buildings	168,245,589	-	-	168,245,589
Equipment	757,405,885	9,254,553	(3,652,184)	763,008,254
Construction in Progress	6,812,972	196,544	(6,722,852)	286,664
Total Assets	1,764,520,190	9,451,097	(10,375,036)	1,763,596,251
Accumulated Depreciation	(604,751,434)	(66,532,810)	3,703,943	(667,580,301)
Total Assets Less Depreciation	\$ 1,159,768,756	\$ (57,081,713)	\$ (6,671,093)	\$ 1,096,015,950

During fiscal year 2018, the Authority's net capital assets decreased approximately \$60 million due primarily to annual depreciation expense of \$66 million.

A summary of the 2018 capital asset acquisitions and disposals is as follows:

	<i>Balance 10/01/17</i>	<i>Additions</i>	<i>Deletions</i>	<i>Balance 09/30/18</i>
Land	\$ 50,626,126	\$ -	\$ -	\$ 50,626,126
Buildings	781,429,618	-	-	781,429,618
Improvements other than buildings	166,195,903	2,049,686	-	168,245,589

Construction in Progress	16,619,719	1,570,370	(11,377,117)	6,812,972
Total Assets	1,763,669,309	17,703,859	(16,852,978)	1,764,520,190
Accumulated Depreciation	(544,302,458)	(65,723,955)	5,274,979	(604,751,434)
Total Assets Less Depreciation	\$ 1,219,366,851	\$ (48,020,096)	\$ (11,577,999)	\$ 1,159,768,756

Additional information on the Authority's capital assets can be found in *Note E – Capital Assets*, in the notes to the financial statements.

Long-Term Debt

At the close of fiscal year 2019, the Authority had \$1,048,045,000 in outstanding revenue bonds and notes payable compared to \$776,895,000 outstanding at the close of fiscal year 2018, an increase of 34.9%. During fiscal year 2019, the Authority issued \$347,605,000 of federally taxable Refunding Revenue Bonds, Series 2019 to refinance a portion of the outstanding Refunding Revenue Bonds, Series 2011. The Series 2019 refunding bond issue features a crossover date of October 1, 2021 when, subject to prevailing federal income tax law at the crossover date, the Authority may convert the refunding bonds to tax exempt bonds. The Authority will realize net present value savings of approximately 5.1% if the refunding bonds remain taxable. Conversion to tax exempt status may yield net present values savings of approximately 10%. In connection with the 2019 Series refunding bond issue, the Authority executed an escrow deposit agreement with the Bond Trustee to hold the bond proceeds until the crossover date. The bond escrow account balance of \$346,782,205 is reported as a noncurrent asset for fiscal year 2019.

At the close of fiscal year 2018, the Authority had \$776,895,000 in outstanding revenue bonds and notes payable compared to \$815,635,000 outstanding at the close of fiscal year 2017, a decrease of 4.7%. The Authority did not execute any debt restructuring during fiscal year 2018.

A summary of the Authority's outstanding revenue bonds and note and related activity for the last two fiscal years is presented in the following tables:

	<i>Principal Balance 10/01/2018</i>	<i>Decreases & Retirements</i>	<i>Increases</i>	<i>Principal Balance 09/30/2019</i>

Additional information on the Authority's long-term debt can be found in *Note H– Note Payable; Note I – Revenue Bonds Payable* and *Note J – Changes in Noncurrent Liabilities* in the notes to the financial statements.

Requests for Information

This financial report is designed to provide a general overview of the Authority's finances for all those interested. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Chief Finance Officer, Solid Waste Authority of Palm Beach County, 7501 N. Jog Road, West Palm Beach, FL 33412 or by email to pdumars@swa.org.

Sincerely,

Paul E. Dumars, Sr.
Chief Finance Officer

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY, FLORIDA

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The Solid Waste Authority of Palm Beach County (the “Authority”) is a dependent special district created by the Florida Legislature under the Palm Beach County Solid Waste Act, Chapter 75-473, Laws of Florida, Special Acts of 1975, as amended and supplemented (the “Act”). The Authority is governed by a seven-member board, consisting of the Board of County Commissioners of Palm Beach County, Florida (the “County”). The Act gives the Authority the power to construct and operate solid waste disposal facilities sufficient to effectively manage all solid waste generated in Palm Beach County. Additionally, the Act provides the Authority with the jurisdiction to collect waste throughout the unincorporated areas of the County, which is handled by private haulers under contract with the Authority.

Financial Reporting Entity: In evaluating the Authority for financial reporting purposes, management has considered whether or not to include potential component units in the reporting entity based on the criteria set forth in U.S. generally accepted accounting principles (GAAP). As defined by GAAP, the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. The Authority found that the only entity to consider when applying the above criteria was Palm Beach County, Florida. The Board of County Commissioners of Palm Beach County is the governing Board of the Authority and is financially accountable for the operations of the Authority. Accordingly, the Authority is considered a component unit of Palm Beach County, Florida.

Basis of Presentation: The financial activities of the Authority are accounted for in a single enterprise fund that reports the operations of the solid waste system, which is financed primarily by tipping fees and non-ad valorem assessments to property owners in Palm Beach County. The solid waste system includes landfills, transfer stations and resource recovery facilities located in Palm Beach County. Solid waste collection services are provided by local municipalities and private companies.

Basis of Accounting: The Authority’s single enterprise fund is accounted for using the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when they are incurred.

Measurement Focus: The Authority’s single enterprise fund is accounted for on a cost of service or “economic resources” measurement focus. This means that assets and all activities are included on the statements of net position. Operating statements present increases (revenues) and decreases (expenses) in net total position. The financial statements distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering services in connection with the Authority’s principal ongoing operations. The principal operating revenues of the Authority are charges to residents and customers for waste collection and disposal and the revenues from the sale of processed waste materials. Operating expenses include the cost of waste collection, disposal and processing services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets: The Authority adopts an annual, operating budget as a financial plan for the year, pursuant to the legal requirements of the Authority's bond documents. The budget is adopted by the governing Board as an operating plan and budgetary basis financial statements are not presented because there is no legal requirement to report budgetary basis financial information.

Cash, Cash Equivalents and Investments: Cash and cash equivalents consist of petty cash, deposits in non-interest-bearing checking accounts, money market mutual funds, and investments with Florida Prime managed by the State of Florida, State Board of Administration. All money market mutual funds are registered as a 2a-7 fund with the SEC and reported at amortized cost. Amortized cost is considered fair value for the money market mutual funds. Deposits in Florida Prime are generally available for withdrawal by the Authority on a next day basis and are therefore considered cash equivalents. Florida Prime is an external investment pool administered by the State of Florida, that meets the requirements of GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, which allows reporting the investment at amortized cost and the fair value of the shares in the pool is the same as the Authority's investment in the pool shares.

For purposes of determining cash equivalents, the Authority has defined its policy concerning the treatment of short-term investments to include investments with a maturity of three months or less when purchased, as cash equivalents if management does not plan to reinvest the proceeds. Short-term investments that management intends to rollover into similar investments are considered part of the investment portfolio and are classified as investments.

Accounts Receivable: Accounts receivable are composed of monthly billings for tipping fees, recycled products and electricity; annual billings for assessments to property owners in Palm Beach County; and other immaterial balances. Tipping fees are collateralized by a cash deposit or surety bond approximating 60 days' billing. Assessment billings included on property tax bills are collateralized by a property tax lien. All other accounts receivable are uncollateralized.

Inventory: Inventory consists of equipment spare parts and fill material and is stated at cost on a moving average basis.

Capital Assets: Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets are recorded at cost or, if donated, acquisition value at the date of donation. Expenses, which materially extend the useful life of existing assets, are capitalized. Certain costs for professional services and interest associated with the acquisition and construction of capital assets are capitalized. The cost of capital assets sold or retired is removed from the appropriate accounts and any resulting gain or loss is included in the change in net position.

Depreciation of capital assets is computed using the straight-line method over the estimated useful lives of the assets, which are summarized as follows:

Buildings	25 – 40 years
Improvements other than buildings	25 – 40 years
Furniture, fixtures and equipment	3 – 10 years

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Assets: Restricted assets of the Authority represent bond proceeds restricted for construction, and other amounts legally required by the Authority's bond covenants and trust indenture to be set aside for debt service, customer deposits, operations, renewal and replacement and capital improvements. Restricted resources are used first to fund expenses incurred for restricted purposes.

Deferred Outflow of Resources: In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a usage of net position that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense) until that time. The Authority has three items that qualify for reporting in this category. The first is the deferred amount on bond refunding. The deferred loss on bond refunding is being amortized, using the proportionate-to-stated-interest method. The second is deferred pension items in connection with the Retirement System. The third is deferred OPEB items in connection to Other Post-Employment Benefits.

Deferred Inflow of Resources: In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has two items that qualify for reporting in this category. The first is deferred pension items in connection with the Retirement System. The second is deferred OPEB items in connection to Other Post-Employment Benefits.

Customer Deposits: The liability for customer deposits represents cash deposits held as collateral by the Authority on behalf of credit customers.

Compensated Absences: Authority employees accumulate unused vacation and sick leave within certain limitations. Accumulated vacation and sick leave are payable to employees upon termination or retirement based on policy in the employee manual. The Authority accrues unused vacation and sick leave and related taxes and benefits on the statements of net position as noncurrent liabilities, less the current portion reported with accrued payroll and related liabilities.

Advance Capacity Payment: In October 2011, in conjunction with the Authority's plans to construct its Renewable Energy Facility #2 (REF #2), the Authority entered into an Agreement for the Purchase of Firm Capacity and Energy with Florida Power & Light (FPL). Under the terms of the agreement, the Authority will sell all energy and capacity in excess of its internal consumption needs to FPL. The initial term of the agreement runs through June 1, 2034. As part of the Agreement, the Authority received an Advance Capacity Payment (the "Payment") in the amount of \$56,643,942 in January 2014. This Payment will be earned over the term of the Agreement based on energy production. In addition, portions of the Payment may be required to be refunded in the event that certain production capacity thresholds are not met. The Payment has been treated as unearned revenue subject to pro-rata amounts being earned. The amount earned in 2019 and 2018 was \$2,981,260. The amount to be earned in 2020 of \$2,981,260 is included in current liabilities.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position: The financial statements utilize a net position presentation. Net position is categorized as:

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent, related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on the use of net position by external restrictions imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of elements of net position that do not meet the definition of *Net Investment in Capital Assets* or *Restricted*.

Ad Valorem Taxes: The Authority receives no ad valorem property tax revenues, but does levy an annual assessment on all properties in Palm Beach County for waste disposal costs and an annual assessment on all properties in unincorporated Palm Beach County for waste collection costs.

Revenue Recognition: Revenue from tipping fees is recognized when the service is provided for customers using the Authority's facilities. Credit customers are billed monthly and non-credit customers pay at the transfer station, landfill or resource recovery facility. Revenues from non-ad valorem assessments are recognized when received.

Amortization: Premiums and discounts on long-term debt are amortized on the straight-line method over the life of the related debt issues. Losses on advance refundings are amortized using the proportionate-to-stated-interest method for the related debt issue.

Landsite Expenses: Landsite expenses include amortization of the cost to design and construct landfill "cells" on property permitted and approved as a landfill site. The design and construction costs for each cell are recorded as capital assets and amortized to expense evenly over the estimated useful life of the cells. Landsite expenses also include accruals for landfill closure and postclosure care costs based on the landfill capacity used in each year and expenses related to end use facilities and operations.

Capital Contributions: The Authority constructed a Biosolids Pelletization Facility with other participating local governments. Occasionally this facility requires capital improvements, which are funded by capital contributions by the participating local governments.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Implementation of GASB Statements: The Authority implemented the following GASB Statements during the fiscal year ended September 30, 2019:

- GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

Recent Accounting Pronouncements: The Governmental Accounting Standards Board has also issued new Statements effective in future years. Management has not completed its analysis of the effects, if any, of these GASB statements on the financial statements of the Authority:

- GASB issued Statement No. 84, *Fiduciary Activities*. This Statement will improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement is effective for the fiscal year ending September 30, 2020.
- GASB Statement No. 87, *Leases*. This Statement will increase the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting that is based on the foundational principle that leases are financings of the right to use an underlying asset. This Statement is effective for the fiscal year ending September 30, 2021.
- GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset. This Statement is effective for the fiscal year ending September 30, 2021.
- GASB issued Statement No. 90, *Major Equity Interests*. This Statement will improve consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. This Statement is effective for the fiscal year ending September 30, 2020.

Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Reclassifications: Certain accounts in the prior year information have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE B - CASH AND INVESTMENTS

Cash and Cash Equivalents: The bank balance and carrying value of the Authority's cash and cash equivalents, including restricted balances, were as follows at September 30, 2019 and 2018:

	2019	2018
Bank balance of deposits with financial institutions (including customer deposits)	\$ 16,997,929	\$ 21,821,906
Carrying value		
Deposits with financial institutions	\$ 11,377,151	\$ 19,133,859
Petty cash and cash drawers	11,200	10,200
Money market mutual funds	217,999,364	202,356,563
Florida Prime	168,172,721	170,322,766
Total cash and cash equivalents	\$ 397,560,436	\$ 391,823,388

The deposits with financial institutions were entirely covered by a combination of federal depository insurance and a collateral pool pledged to the State Treasurer of Florida by financial institutions that comply with the requirements of Florida Statutes and have been designated as a qualified public depository by the State Treasurer. Qualified public depositories are required to pledge collateral to the State Treasurer with a fair value equal to a percentage of the average daily balance of all government deposits in excess of any federal deposit insurance. In the event of a default by a qualified public depository, all claims for government deposits would be satisfied by the State Treasurer from the proceeds of federal deposit insurance, pledged collateral of the public depository in default and, if necessary, a pro rata assessment to the other qualified public depositories in the collateral pool. Accordingly, all deposits with financial institutions are considered fully insured in accordance with pronouncements of the Governmental Accounting Standards Board.

The money market mutual funds consist of investments with financial institutions in open end, institutional, money market funds complying with Securities and Exchange Commission (SEC) Rule 2a7 and investing only in U.S. Government and Agency. Rule 2a7 allows SEC registered mutual funds to use amortized cost rather than fair value to report net assets used to compute share prices if certain conditions are met. Those conditions include restrictions on the types of investments held, restrictions on the term-to-maturity of individual investments and the dollar-weighted average of the portfolio, requirements for portfolio diversification, and requirements for divestiture considerations in the event of security downgrades and defaults, and required actions if the fair value of the portfolio deviates from amortized cost by a specified amount.

The investment in Florida Prime consists of equity in an external, investment pool managed by the State of Florida that was available to be withdrawn by the Authority on an overnight basis. Florida Prime meets the requirements with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, which allows reporting the investment at amortized cost. The fair value of the position in Florida Prime was considered to be the same as the Authority's account balance (amortized cost) in the pool. The money market mutual funds and Florida Prime are classified as cash equivalents in the statements of net position and statements of cash flows.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE B - CASH AND INVESTMENTS (Continued)

Investments: Florida Statutes and Authority policy authorize investments in Florida administered by the State; negotiable direct obligations of or obligations unconditionally guaranteed by the U.S. Government; interest-bearing time deposits or savings accounts in financial institutions located in Florida and organized under federal or Florida laws; obligations of the Federal Farm Credit Banks, the Federal Home Loan Mortgage Corporation, the Federal Home Loan Bank or its district banks; obligations guaranteed by Ginnie Mae; obligations of Fannie Mae; SEC registered money market mutual funds with the highest credit quality rating; mutual funds limited to U.S. Government securities; interest rate swaps, interest rate exchange agreements, investment contracts, or contracts providing for payments based on levels of or changes in interest rates, or contracts to exchange cash flows, a series of payments, or to hedge payment rate, spread or similar exposure; and, repurchase agreements fully collateralized by SEC registered money market mutual funds with the highest credit quality ratings.

The Authority's bond resolutions authorize the investment of bond proceeds in obligations of certain federal government agencies or obligations guaranteed by those agencies; obligations of the United States Government or obligations guaranteed by the United States Government; guaranteed investment contracts meeting certain restrictions; or certain certificates of deposit, repurchase agreements, and investments that are insured or collateralized and otherwise permitted by Florida law. The Authority holds Treasury Securities – State and Local Government Series (“SLGS”) issues that are reported at historical cost (face value). U.S. Treasury SLGS were issued to meet the debt service requirements of Refunding Revenue Bonds, Series 2019 until the crossover date of October 1, 2021, see Note I. There is no market for these securities as they may only be redeemed at the U.S. Department of Treasury on or before their stated maturity date at face value plus accrued interest.

GASB Statement No. 72, *Fair Value Measurement and Application*, requires governments to disclose the fair value hierarchy for each type of asset or liability measured at fair value in the notes to the financial statements. The standard also requires governments to disclose a description of the valuation techniques used in the fair value measurement and any significant changes in valuation techniques. GASB 72 establishes a three-tier fair value hierarchy. The hierarchy is based on valuation inputs used to measure the fair value as follows:

- Level 1: Inputs are directly observable, quoted prices in active markets for identical assets or liabilities.
- Level 2: Inputs are other than quoted prices included within Level 1 that are for the asset or liability, either directly or indirectly. These inputs are derived from or corroborated by observable market data through correlation or by other means.
- Level 3: Inputs are unobservable inputs used only when relevant Level 1 and Level 2 inputs are unavailable.

The level in which an asset is assigned is not indicative of its quality but an indication of the source of valuation inputs.

Money market mutual funds and Florida Prime are exempt from the GASB 72 fair value hierarchy disclosures.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE B - CASH AND INVESTMENTS (Continued)

Investments (Continued)

The fair value of the Authority's investments, including unrestricted and restricted asset balances at September 30, 2019 and 2018 are as follows:

	September 30, 2019	
	Weighted Average Maturity	Fair Value
Investments Reported at Historic Cost:		
U.S. Treasury SLGS	1.97 years	\$ 346,782,205
Investments Reported at Amortized Cost:		
Cash equivalents:		
Money market mutual funds	90 days or less	\$ 217,999,364
Florida Prime	37 days	168,172,721
		\$ 386,172,085
Total Investments		\$ 732,954,290
	September 30, 2018	
	Weighted Average Maturity	Fair Value
Investments Reported at Amortized Cost:		
Cash equivalents:		
Money market mutual funds	90 days or less	\$ 202,356,563
Florida Prime	33 days	170,322,766
		\$ 372,679,329

Custodial Credit Risk: Custodial credit risk is defined as the risk that the Authority may not recover the securities held by another party in the event of a financial failure. The Authority's investment policy for custodial credit risk requires all investment securities to be held in the Authority's name by a third-party safekeeping institution. All deposits with financial institutions are considered fully insured or collateralized pursuant to the custodial credit risk categories of GASB pronouncements. The investments in money market mutual funds and Florida Prime are considered *unclassified* pursuant to the custodial credit risk categories of GASB pronouncements.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The money market mutual funds and Florida Prime have a weighted average maturity of less than 90 days, resulting in minimal interest rate risk. U.S. Treasury SLGS are fixed income securities and are intended to be held to maturity.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE B - CASH AND INVESTMENTS (Continued)

Credit Risk: Credit risk is the risk that an issuer will not fulfill its obligations. The Authority's investment policy addresses credit risk by limiting allowable investments to the SBA Florida Prime investment pool, deposits with a financial institution meeting the requirements of a Florida qualified public depository, securities guaranteed by the U.S. Government, or investments that are otherwise fully collateralized or secured. The credit quality rating by a Nationally Recognized Statistical Rating Organization (NRSRO) is also an indication of credit risk.

The credit quality ratings of the investments held at September 30, 2019 and 2018 are as follows:

September 30, 2019			
Credit Quality Ratings			
	S&P Rating	Moody's Rating	Fair Value
Investments:			
U.S. Treasury SLGS	AA+	Aaa	\$ 346,782,205
Money market mutual funds	AAAm	Aaa-mf	217,999,364
Florida Prime	AAAm	Not Rated	168,172,721
Total Investments			\$ 732,954,290

September 30, 2018			
Credit Quality Ratings			
	S&P Rating	Moody's Rating	Fair Value
Investments:			
Money market mutual funds	AAAm	Aaa-mf	\$ 202,356,563
Florida Prime	AAAm	Not Rated	170,322,766
Total Investments			\$ 372,679,329

Concentration of Credit Risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer. The Authority's investment policy addresses the concentration of credit risk by limiting the maximum amount that may be invested in certain investments and in any one issuer, except for investments in Florida Prime, U.S. Treasury obligations and money market mutual funds which are not limited. Time and savings deposits are limited to 20% of the portfolio value, but no more than 5% per issuer. U.S. Government Agency and Instrumentality securities are limited to 40% of the portfolio value. Guaranteed investment contracts are limited to the total debt service reserve balance. Interest rate swap and repurchase agreements are generally limited to 50% of the portfolio fair value and must be fully collateralized or otherwise insured.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE B - CASH AND INVESTMENTS (Continued)

Concentration of Credit Risk (Continued)

The Authority was in compliance with these limitations at September 30, 2019 and 2018. At September 30, 2019 and 2018 certain individual investments exceeded 5% of the total investment portfolio (including cash and cash equivalents) as follows:

	September 30, 2019		September 30, 2018	
	Fair Value	Percentage of Total Investment Portfolio	Fair Value	Percentage of Total Investment Portfolio
U.S. Treasury SLGS	\$ 346,782,205	46.6%	\$ -	0.0%
Florida Prime	168,172,721	22.6%	170,322,766	43.5%
Money market mutual funds				
Dreyfus Government	171,001,043	23.0%	164,962,073	42.1%
Fidelity Government	46,998,321	6.3%	37,394,490	9.5%

Foreign Currency Risk: Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. There was no exposure to foreign currency risk in the Authority's investments at September 30, 2019 and 2018.

NOTE C - ACCOUNTS RECEIVABLE

Accounts receivable and the related allowance for doubtful accounts at September 30, 2019 and 2018 are summarized as follows:

September 30, 2019	Gross Accounts Receivable	Allowance For Doubtful Accounts	Net Accounts Receivable

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE F - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The Authority operated one active landfill site for the years ended September 30, 2019 and 2018. In addition, the Authority is responsible for two landfill sites closed after 1991 and three landfill sites closed prior to 1991. State and federal laws and regulations require the Authority to place a final cover on its operating landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at that and other landfill sites closed after 1991, for thirty years after closure. Although the majority of closure and postclosure care costs will be paid near or after the date that the operating landfill stops accepting waste, the Authority reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each statement of net position date.

Landfill closure and postclosure care liabilities at September 30, 2019 and 2018, are as follows:

	2019	2018
Accrued closure and postclosure care costs	\$ 50,123,939	\$ 52,891,938
Accrued postclosure care for closed landfills	2,118,624	2,418,525
Total accrued landfill closure costs	\$ 52,242,563	\$ 55,310,463

The \$50,123,939 and \$52,891,938 of accrued closure and postclosure care liabilities at September 30, 2019 and 2018, respectively, represent the cumulative cost based on the use of 47.3% and 46.1% of the estimated capacity of the operating landfill. The Authority will recognize the remaining estimated cost of closure and postclosure care of approximately \$74.9 million for the operating landfill as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2019. Based on current demographic information and engineering estimates of landfill consumption, the Authority expects to close the landfill in approximately 2051. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The Authority is required by state laws and regulations to make annual contributions to an escrow account to finance all closure costs and one year of postclosure care for landfills closed after 1991. The Authority is in compliance with these requirements, and at September 30, 2019 and 2018, cash and cash equivalents of \$38,655,551 and \$35,886,104, respectively, were held for these purposes. These amounts are reported as noncurrent restricted assets on the statements of net position. The Authority expects that future inflation costs will be paid from interest earnings on these invested amounts and subsequent annual contributions. However, if interest earnings are inadequate or additional closure or postclosure care requirements are determined (due to changes in technology or applicable laws or regulations), these costs may need to be covered by charges to future users of the solid waste system or from future non-ad valorem assessments.

At September 30, 2019 and 2018, the statutorily required escrow account balances were as follows:

Site	2019	2018
Site 7 closure costs	\$ 34,583,424	\$ 34,604,981
Dyer landfill long-term care	353,104	345,503
	\$ 34,936,528	\$ 34,950,484

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE F - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS (Continued)

State laws and regulations specify that required landfill escrow account balances must be calculated using either the “Pay-in” or the “Balance” method, as they are statutorily defined. During 2006 the Authority changed from the Pay-in method to the Balance method. The Authority will be required to continue using the Balance method through the remaining design life of the Site 7 landfill. Although the Authority is not legally required by state or federal laws and regulations to provide funding for the landfill sites closed prior to 1991, the Authority has accepted financial responsibility for these sites. The annual long-term care funding requirements for these sites were not estimated or accrued at September 30, 2019 and 2018; however, management does not believe that the annual costs are material to the Authority and these costs will be adequately funded through future, annual operating budgets.

NOTE G - RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft, environmental damage and destruction of assets; errors and omissions; injuries to employees; life and health of employees; and natural disasters. The Authority purchases commercial insurance for property damage with coverage up to a maximum of \$1.1 billion. This is subject to various policy sub-limits generally ranging from \$1 million to \$100 million and self-insured deductibles ranging from \$50,000 to \$500,000 per occurrence (2% for REF#1 and REF#2, and 5% of total property damage values at all other locations for a named windstorm; subject to a minimum of \$250,000). The Authority also purchases commercial insurance for general liability claims with coverage up to \$10 million per occurrence and \$10 million aggregate, with excess liability coverage of \$40 million, all subject to various self-insured deductibles up to \$50,000 per occurrence. General liability claims are limited by the Florida constitutional doctrine of sovereign immunity to \$200,000 per claim and \$300,000 per occurrence unless a higher claim is approved by the Florida Legislature. The limits addressed in the Florida Statutes do not apply to claims filed in Federal courts. Settled claims for property damage and general liability insurance have not exceeded commercial insurance coverage in any of the last three years.

The Authority purchases commercial insurance for workers compensation benefits with statutory coverage limits and employer’s liability coverage of \$1,000,000 per occurrence and per employee policy limit, subject to a self-insurance deductible of \$250,000 per occurrence. Settled claims have not exceeded commercial insurance coverage in any of the last three years. Changes in the claims liability for workers compensation benefits for the years ended September 30, 2019, 2018, and 2017, were as follows:

Year Ended September 30,	Liability at Beginning of Year	Current Year Claims and Changes in Estimates	Claim Payments	Liability At End of Year
2019	\$ 80,000	\$ 207,641	\$ (210,941)	\$ 76,700
2018	319,000	(59,329)	(179,671)	80,000
2017	126,000	368,743	(175,743)	319,000

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE H - NOTE PAYABLE

On January 9, 2008, the Authority entered into an \$80 million Subordinated Improvement Revenue Note, Series 2008 (the "Series 2008 Note") with CitiCapital Municipal Finance to finance costs incurred in connection with the relocation of facilities and improvements to the solid waste system. Interest on the outstanding principal balance of the Series 2008 Note accrued at a rate equivalent to 65% of the one-month LIBOR rate plus 82 basis points and was due semi-annually in arrears on April 1st and October 1st. The outstanding principal balance of \$36,000,000 was retired by the Authority on April 1, 2019. The Series 2008 Note was considered debt from direct borrowings.

NOTE I - REVENUE BONDS PAYABLE

Revenue bonds payable by the Authority at September 30, 2019 and 2018, are summarized as follows:

	2019	2018
Direct Placement Revenue Bonds		
Series 2019	\$ 347,605,000	\$ -
Revenue Bonds		
Series 2017	107,985,000	107,985,000
Series 2015	50,330,000	50,330,000
Series 2011 (1)	522,355,000	539,105,000
Series 2009	19,770,000	39,475,000
Unamortized premium	34,186,032	37,835,246
Net revenue bonds payable	1,082,231,032	774,730,246
Less current maturities	(39,990,000)	(36,455,000)
Revenue bonds payable, long-term portion	\$ 1,042,241,032	\$ 738,275,246

(1) On October 1, 2021, funds held in escrow will refund Series 2011 Refunding Revenue Bonds in the amount of \$336,665,000 and \$5,085,000 of the Series 2011 Refunding Revenue Bonds will be called using the Authority's debt service reserve fund.

Series 2019: \$347,605,000 Solid Waste Authority of Palm Beach County Refunding Revenue Bonds, Series 2019 dated February 20, 2019. The Series 2019 Bonds provided funding to purchase U.S. Treasury Securities that were placed in an irrevocable trust to (i) pay the interest coming due on the Series 2019 Bonds through October 1, 2021 (the "Crossover Date"), (ii) on the Crossover Date, retire \$336,665,000 of the Authority's outstanding Refunding Revenue Bonds, Series 2011 maturing on October 1, 2031, and (iii) pay costs of issuing the Series 2019 Bonds. As a result, the Series 2011 Bonds will not be defeased at the time of issuance of the Series 2019 Bonds, and will remain outstanding for all purposes until the Crossover Date on which date the Series 2011 Bonds will be redeemed and discharged. The Series 2019 Bonds were initially issued the Taxable Interest Rate of 3.65%. On or prior to the Crossover Date, the Authority shall obtain and provide to the registered owners of the Series 2019 Bonds an unqualified opinion of bond counsel to the effect that as of the Crossover Date the interest thereafter payable on the Series 2019 Bonds is excluded from the gross income of the holders thereof for federal income tax purposes, then after the Crossover Date the Series 2019 Bonds shall bear interest at the Tax-Exempt Interest Rate of 2.88%. The Series 2019 Bonds are considered debt from direct placements.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE I - REVENUE BONDS PAYABLE (Continued)

Series 2011: \$599,860,000 Solid Waste Authority of Palm Beach County Refunding Revenue Bonds, Series 2011 dated October 26, 2011. The Series 2011 Bonds, in conjunction with the refunded Series 2010 Bonds, provided funding for the acquisition and construction of the Renewable Energy Facility #2 (REF #2) mass burn facility, funding for the corresponding Debt Service Reserve Account, and funds for the cost of issuance of the Series 2011 Bonds.

Interest on the Series 2011 Bonds is payable semiannually on April 1st and October 1st and principal payments are due on October 1st, with the final payment due on October 1, 2031.

The debt service requirements and interest rates of the Series 2011 Bonds are as follows:

Year Ending September 30,	Interest Rate	Principal	Interest	Total
2020	4.00-5.00%	\$ 18,515,000	\$ 25,502,025	\$ 44,017,025
2021	3.00-5.00	21,370,000	24,560,650	45,930,650
2022	4.00-5.00	362,090,000	15,029,900	377,119,900
2023	4.00-5.00	21,285,000	5,467,275	26,752,275
2024	5.00	22,310,000	4,379,150	26,689,150
2025	5.00	33,095,000	2,994,025	36,089,025
2026	5.00	41,310,000	1,133,900	42,443,900
2027	4.25-5.00	395,000	92,756	487,756
2028	4.25-5.00	395,000	75,969	470,969
2029	4.25-5.00	395,000	59,181	454,181
2030	4.25-5.00	395,000	42,394	437,394
2031	4.25-5.00	400,000	25,500	425,500
2032	4.25-5.00	400,000	8,500	408,500
		<u>\$ 522,355,000</u>	<u>\$ 79,371,225</u>	<u>\$ 601,726,225</u>

On September 1, 2016, the Authority deposited approximately \$7.5 million of available Authority monies into an escrow account to defease \$735,000 of 2011 Refunding Revenue Bonds that have a scheduled maturity date of October 1, 2025 and to defease \$5,450,000 of 2011 Refunding Revenue Bonds that have a scheduled maturity date of October 1, 2031 for a total defeasance of \$6,185,000 of 2011 Refunding Revenue Bonds. On October 1, 2021, funds held in escrow will refund Series 2011 Refunding Revenue Bonds in the amount of \$336,665,000 and \$5,085,000 of the Series 2011 Refunding Revenue Bonds will be called using the Authority's debt service reserve fund.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE I - REVENUE BONDS PAYABLE (Continued)

Series 2009: \$261,545,000 Solid Waste Authority of Palm Beach County Improvement Revenue Bonds, Series 2009 dated April 23, 2009. The Series 2009 Bonds proceeds were used for funding various solid waste system projects, funding a deposit to the Debt Service Reserve Account, purchasing a bond insurance policy on the Series 2009 Bonds, and paying the costs of issuance for the Series 2009 Bonds.

Interest on the Series 2009 Bonds is payable semi-annually on April 1st and October 1st and principal payments are due on October 1st, with the final payment due on October 1, 2025. For marketing purposes, the 2009 bonds maturing on October 1, 2017 through October 1, 2023 were offered with two different coupon rates and prices producing identical yields. The debt service requirements and interest rates of the Series 2009 Bonds are as follows:

Year Ending	Interest	Principal	Interest	Total
September 30,	Rate	Principal	Interest	Total
2020	4.00-5.25%	\$ 19,770,000	\$ 484,525	\$ 20,254,525

On September 1, 2016, the Authority deposited approximately \$92.7 million of available Authority monies into an escrow account to defease \$80,760,000 of 2009 Revenue Bonds.

On August 30, 2017, the proceeds of the sale of the Series 2017 Bonds, together with funds contributed by the Authority, after payment of costs of issuance, were deposited into the Series 2009 special fund, an irrevocable escrow fund with an independent trustee created under the Indenture. The trustee of the Special Fund invested the amounts on deposit in cash and U.S. Government Securities to provide for refunding all future debt service payments when due. As a result, the \$104,280,000 of the Series 2009 Bonds are considered to be “defeased” and do not constitute a debt or indebtedness of the Authority, nor is the Authority obligated for repayment of these bonds. Schedule of defeased maturity dates listed below.

Maturity	2016 Defeased	2017 Defeased	Total
Date	Principal	Principal	Total
10/1/2019	\$ 5,255,000	\$ -	\$ 5,255,000

	<u>\$ 73,985,000</u>	<u>\$ 104,280,000</u>	<u>\$ 178,265,000</u>

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE I - REVENUE BONDS PAYABLE (Continued)

Legal Requirements: The Authority does not have a legal debt margin. All outstanding revenue bonds of the Authority are secured by a pledge of the net revenues of the solid waste system except the Series 2019 Refunding Revenue Bonds which secured by the Series 2019 Escrow Account until the Crossover Date. On the Crossover Date, the Series 2019 Refunding Bonds will be secured by a pledge of net revenues of the solid waste system. The bond documents require the following accounts and reserves to be established by the Authority:

<u>Account</u>	<u>Purpose</u>
Revenue Account	To collect gross revenues derived from the solid waste system.
Operating Account	To pay the budgeted operating expenses for the Authority.
Debt Service Accounts (including principal account, interest account, debt service reserve account, and Series 2019 escrow)	To accumulate sufficient funds to meet the annual debt service requirements of outstanding revenue bonds.
Subordinated Indebtedness Account	To accumulate sufficient funds to meet the annual debt service requirements of any outstanding indebtedness subordinate to outstanding revenue bonds.
Operating Reserve Account	To pay operating expenses of the Authority whenever monies on deposit in the Operating Account are insufficient.
Renewal and Replacement Account	To accumulate funds for the purpose of funding the cost of replacement or renewal of capital assets of the system and extraordinary repairs thereto.
Capital Improvement Account	To pay the cost of extensions, improvements or additions to capital assets of the solid waste system.
2009 Construction Account	To pay for the cost of construction projects financed by the Series 2009 bonds
2011 Project Account	To pay for the cost of construction projects financed by the Series 2011 bonds
General Reserve Account	First used to cover deficiencies in any other accounts and then for capital improvements or renewal and replacement of the solid waste system.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE I - REVENUE BONDS PAYABLE (Continued)

Legal Requirements (Continued)

In accordance with the requirements of the bond documents, revenues are first applied to the Operating Account in an amount sufficient to cover operating expenses. Revenues are next used for the required payments of principal and interest on the outstanding revenue bonds and then the subordinated indebtedness. Revenues are next used to fund the operating reserve and then for the renewal, replacement and capital improvement of the solid waste system. Remaining revenues are deposited in the General Reserve Account.

The Series 2019 Bonds include a provision that during the continuance of an event of default or rating event, at the option of the Registered Owner, exercised in writing delivered by it to the Authority, the Interest Rate shall be increased to 12% per annum. If any payment due is not paid within fifteen days after the due date, the Authority shall pay the Registered Owner on demand a rate fee equal to 4% of the overdue payment.

All other revenue bonds include a provision in the event of default that either the Trustee or the Holders of not less than twenty-five per centum (25%) in principal amount of the bonds outstanding shall declare the principal of all the bonds then outstanding, and the accrued interest accrued thereon, to be due and payable immediately. If an event of default is not remedied, then the Authority, upon the demand of the Trustee, will pay the net revenues pledged by the bond covenants to the Trustee.

The Series 2011 Bonds includes an Extraordinary Optional Redemption clause allowing for redemption of prior to maturity at a redemption price of one hundred percent (100%) of the principal amount, plus accrued interest, if any, to the redemption date, in whole or in part at any time, in the event of damage, condemnation or loss of title of the REF#1 and REF#2 renewable energy facilities.

NOTE K – SHORT-TERM DEBT

Line of Credit: On October 19, 2017 the Authority entered into a non-revolving line of credit arrangement (“2017 Note”) with Wells Fargo Bank. Pursuant to the terms the agreement the aggregate principal amount shall not exceed \$35,000,000 under which the Authority may draw moneys from time to time to finance recovery costs associated with Hurricane Irma.

The 2017 Note shall have a six-month draw period, and the outstanding amount at the end of the draw period will convert to a term loan with a term of three (3) years for a maximum loan period of 42 months, and shall be subject to prepayment. The interest rate on the 2017 Note shall be a variable rate based on 70% of LIBOR plus 42 basis points. Interest and principal payments on the 2017 Note will be secured by a pledge of the net revenues of the solid waste system, subject and subordinate to the Authority’s bonds, and additionally secured by the mandatory Collection Fund including State and FEMA reimbursement payments. The 2017 Note was retired by the Authority on April 1, 2019.

The following is a summary of changes in short-term debt for the year ended September 30, 2019:

	Beginning Balance	Additions	Deletions	Ending Balance
Note Payable	<u>\$ 28,658,702</u>	<u>\$ -</u>	<u>\$ (28,658,702)</u>	<u>\$ -</u>

Net position is restricted for the operating account, debt service accounts, operating reserve account, renewal and replacement accounts, capital improvement account and construction accounts to the extent that restricted assets exceed the respective liabilities payable from restricted assets and the unspent portion of revenue bond proceeds held as restricted assets.

NOTE M - CAPITAL CONTRIBUTIONS

In cooperation with major water and sewer utilities in Palm Beach County, the Authority constructed a Biosolids Pelletization Facility (“BPF”) to handle wastewater sludge disposal and eliminate the practice of land spreading sludge in environmentally sensitive watersheds of South Florida. Funding for the project was shared between the Authority, the participating local governmental utilities and federal, state and local grants. Pursuant to interlocal agreements with participating utilities, the Authority owns and operates the BPF and bills each participant for their allocable share of operating and capital costs. In 2019, the Authority recorded capital contributions totaling \$824,916 from its partners. In 2018, the Authority recorded capital contributions totaling \$300,564 from its partners. The participants do not retain any ongoing financial interest in the BPF facilities and have no ongoing financial obligation to the Authority beyond payment of the current charges billed by the Authority.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE N - RELATED PARTY TRANSACTIONS

The Authority is a component unit of Palm Beach County, Florida. For the years ended September 30, 2019 and 2018 the Authority billed various departments of the County for assessments of \$1,946,394 and \$2,018,316, respectively; tipping and other fees of \$1,188,306 and \$1,307,076, respectively. The Authority billed \$167,751 in capital contributions to Palm Beach County in 2018 and \$61,121 in capital contributions to Palm Beach County in 2018. At September 30, 2019 and September 30, 2018, there were no capital contributions due from Palm Beach County. In addition, the Authority received \$522,454 and \$500,876 during 2019 and 2018, respectively, from Palm Beach County for certificate of occupancy billings related to partial year assessments.

Operating expenses of the Authority for the years ended September 30, 2019 and 2018 include charges of \$1,349,099 and \$1,525,014, respectively, by the Palm Beach County Tax Collector for services rendered to the Authority in connection with the annual assessment billing, net of refunds receivable of \$2,416,231 and \$2,184,667 at September 30, 2019 and 2018, respectively. In addition, Palm Beach County billed the Authority for various other materials and contractual services totaling \$2,995,535 and \$2,764,731 for the years ended September 30, 2019 and 2018, respectively. At September 30, 2019 and 2018, \$2,440,203 and \$2,184,667, respectively, was due from Palm Beach County for Tax Collector rebates, assessments, tipping fees and other charges, and \$121,224 and \$351,495, respectively, was payable to Palm Beach County for various administrative services.

In connection with the closure of the Authority's Dyer Boulevard landfill site in prior years, a portion of the closed landfill was redeveloped and opened as a park facility. The Authority has entered into an initial 25-year lease (expiring in 2022) with Palm Beach County for \$10 per year to maintain the park and its facilities, which had a carrying value of approximately \$3.1 million at September 30, 2019 and 2018. The lease provides the option to extend the term for three additional periods of 25 years each under the same terms and conditions.

In cooperation with Palm Beach County, the Authority constructed a golf course on the site of the closed Lantana landfill. Palm Beach County and the Authority agreed to each fund 50% of the cost of the project. The Authority owns all the improvements and leases the golf course to Palm Beach County to operate under a long-term lease for \$10 per year. At September 30, 2019 and 2018, the carrying value of the golf course property and improvements was approximately \$9.4 million and \$9.4 million, respectively. The lease is for a period of 25 years and expires in December 2024.

NOTE O - OTHER POSTEMPLOYMENT BENEFITS

General Information about the OPEB Plan

Effective October 1, 2017, the Authority implemented Governmental Accounting Standards Board Statement 75 (GASB 75), *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This change in accounting principle's cumulative effect, as a restatement of the beginning net position, was a decrease of \$360,000, see Note S. Retirees of the Authority pay an amount equal to the actual premium for health insurance charged by the carrier. The premium charged includes an implied subsidy, as the amount charged for all participants (active employee or retiree) is the same, regardless of age. Under GASB 75, an implied subsidy is considered other post-employment benefits (OPEB).

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE O - OTHER POSTEMPLOYMENT BENEFITS (Continued)

The following describes the Authority’s OPEB Provisions:

Plan Description: The Authority provides a single employer defined benefit health care plan to all of its employees and the plan is administered by the Authority. The plan has no assets and does not issue a separate financial report.

Benefits Provided: The plan allows its employees and their beneficiaries, at their own cost, to obtain medical/Rx and other insurance benefits upon retirement. The benefits of the plan are in accordance with Florida Statutes, which are the legal authority for the plan.

Employees Covered by Benefit Terms: At September 30, 2018, the following employees were covered by benefit terms:

Participants	
Active employees	386
Inactive employees currently receiving benefits	15
Inactive employees entitled to but not receiving benefits	-
Total	401

Contribution Requirements: The Authority does not make direct contributions to the plan on behalf of retirees. Retirees and their beneficiaries pay the same group health rates as active employees. However, the Authority’s actuaries, in their actuarial valuation, calculate an offset to the cost of these benefits as an employer contribution, based upon an implicit rate subsidy. This offset equals the total annual age-adjusted costs paid by the Authority, or its active employees, for coverage of the retirees and their dependents net of the retiree’s own payments for the year.

Total OPEB Liability

As of September 30, 2019, the Authority’s OPEB liability of \$687,000 was measured as of September 30, 2019, and was determined by the actuarial valuation as of September 30, 2018. As of September 30, 2018, the Authority’s OPEB liability of \$707,000 was measured as of September 30, 2018, and was determined by the actuarial valuation as of September 30, 2018.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE O - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Actuarial Assumptions and Methods: The total OPEB liability was determined using the following actuarial assumptions and other methods:

Valuation Date:	September 30, 2018
Discount Rate:	2.66% per annum, September 30, 2019 Measurement Date 4.18% per annum, September 30, 2018 Measurement Date Source: Bond Buyer 20-Bond GO Index
Salary Increase Rate:	3.0% per annum
Medical Consumer Price Index Trend:	3.0% per annum
Inflation Rate:	3.0% per annum
Census Data:	The census was provided by the Authority as of May 2018.
Marriage Rate/Participation:	The assumed number of eligible dependents is based on the current portions of single and family contracts in the census provided. The spousal participation assumed at retirement is 15%.
Spouse Age:	Spouse dates of birth were provided by the Authority. Where this information is missing, male spouses are assumed to be three years older than female spouses.
Medicare Eligibility:	All current and future retirees are assumed to be eligible for Medicare at age 65.
Actuarial Cost Method:	Entry Age Normal based on level percentage of projected salary.
Amortization Method:	<i>Experience/Assumptions</i> gains and losses are amortized over the closed period of 10.5 years starting on October 1, 2017, equal to the average remaining service of active and inactive plan members (who have no future service).
Plan Participation Percentage:	The participation percentage is the assumed rate of future eligible retirees who elect to continue health coverage at retirement. It is assumed that 20% of future retirees will participate in the pre-65 retiree medical plan and 5% continue upon Medicare eligibility. This assumes that a one-time irrevocable election to participate is made at retirement.
Mortality Rates:	RP-2014 generational table scaled using MP-18 and applied on a gender-specific basis.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE O - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Discount Rate: The Authority does not have a dedicated Trust to pay retiree healthcare benefits. Per GASB 75, the discount rate is a yield or index rate for 20-year, tax-exempt municipal bonds. As of September 30, 2019, the calculation used a rate of 2.66%. As of September 30, 2018, the calculation used a rate of 4.18%.

Changes in the Total OPEB Liability

September 30, 2019	Total OPEB Liability
Balance at September 30, 2018	\$ 707,000
Changes for the Year:	
Service Cost	22,000
Interest Cost	28,000
Changes of Assumptions and Other Inputs	26,000
Benefit Payments	(96,000)
Net Change in Total OPEB Liability	\$ (20,000)
Balance at September 30, 2019	\$ 687,000
September 30, 2018	Total OPEB Liability
Balance at September 30, 2017, as restated	\$ 746,000
Changes for the Year:	
Service Cost	21,000
Interest Cost	30,000
Changes of Assumptions and Other Inputs	(11,000)
Benefit Payments	(79,000)
Net Change in Total OPEB Liability	\$ (39,000)
Balance at September 30, 2018	\$ 707,000

Changes in Assumptions: All assumptions, methods, and results are based on the fiscal year 2018 GASB 75 actuarial report dated November 13, 2018. There have been no significant changes to the assumptions since the report except the discount rate, which decreased from 4.18% to 2.66%

NOTE P - FLORIDA RETIREMENT SYSTEM

General Information: All full-time employees participate in the Florida Retirement System (FRS). The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the Florida Retirement System Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost sharing multiple-employer defined benefit pension plan, to assist retired members of any state administered retirement system in paying the costs of health insurance.

Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000 or calling toll free at 877-377-1737. The report is also available at the Florida Department of Management Services web site www.dms.myflorida.com.

Significant Accounting Policies: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System Pension Plan (FRSP) and the Florida Retirement System Health Insurance Subsidy Program and additions to/deductions from the FRSP and HIS fiduciary net position have been determined on the same basis as they are reported by FRSP and HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Plan

Plan Description: The FRS Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class
- Special Risk Class
- Elected Officials Class
- Senior Management Service Class

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE P - FLORIDA RETIREMENT SYSTEM (Continued)

Pension Plan

Plan Description: (Continued)

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service.

Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided: Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

The following table shows the percentage value for each year of service credit earned:

Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60%
Retirement at age 63 or with 31 years of service	1.63%
Retirement at age 64 or with 32 years of service	1.65%
Retirement at age 65 or with 33 or more years of service	1.68%
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60%
Retirement at age 66 or with 34 years of service	1.63%
Retirement at age 67 or with 35 years of service	1.65%
Retirement at age 68 or with 36 or more years of service	1.68%
Special Risk Class	
Service from December 1, 1970 through September 30, 1974	2.00%
Service on or after October 1, 1974	3.00%
Elected Officials Class	3.00%
Senior Management Service Class	2.00%

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE P - FLORIDA RETIREMENT SYSTEM (Continued)

Pension Plan (Continued)

Benefits Provided (Continued)

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011 will not have a cost-of-living adjustment after retirement.

Contributions

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the fiscal year ended September 30, 2019 and 2018 were as follows:

Class	10/01/17 through 06/30/18	07/01/18 through 06/30/19	07/01/19 through 09/30/19
Regular Class	7.92%	8.26%	8.47%
Senior Management Service Class	22.71%	24.06%	25.41%
Special Risk Class	23.27%	24.50%	25.48%
DROP	13.26%	14.03%	14.60%

The employer contribution rates include a 1.66% HIS Plan subsidy. Except for the DROP, the rates also include a 0.06% for administrative costs of the Public Employee Optional Retirement Program for the period October 1, 2017 through September 30, 2019.

For the fiscal year ended September 30, 2019, the Authority made contributions of \$1,891,052 to the Pension Plan and \$1,717,280 for the fiscal year ended September 30, 2018.

Pension Liabilities and Pension Expense: At September 30, 2019, the Authority reported a liability of \$22,183,563 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The Authority's proportionate share of the net pension liability was based on the Authority's 2018-19 plan year contributions relative to the 2018-19 plan year contributions of all participating members. At June 30, 2019, the Authority's proportionate share was 0.064414809 percent, which was an increase of 0.000756508 percent from its proportionate share measured as of June 30, 2018.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE P - FLORIDA RETIREMENT SYSTEM (Continued)

Pension Plan (Continued)

Pension Liabilities and Pension Expense (Continued)

At September 30, 2018, the Authority reported a liability of \$19,174,210 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The Authority's proportionate share of the net pension liability was based on the Authority's 2017-18 plan year contributions relative to the 2017-18 plan year contributions of all participating members. At June 30, 2018, the Authority's proportionate share was 0.063658301 percent, which was an increase of 0.000141222 percent from its proportionate share measured as of June 30, 2017.

For the fiscal year ended September 30, 2019 and 2018, the Authority recognized pension expense of \$5,582,523 and \$3,422,513, respectively, related to the Plan.

Deferred Outflows and Inflows of Resources Related to Pensions: The Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

September 30, 2019		
Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 1,315,771	\$ 13,767
Change of assumptions	5,697,693

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE P - FLORIDA RETIREMENT SYSTEM (Continued)

Pension Plan (Continued)

Actuarial Assumptions: The total pension liability in the actuarial valuation was determined using the following actuarial assumptions:

	September 30, 2019	September 30, 2018
Valuation date	July 1, 2019	July 1, 2018
Measurement date	June 30, 2019	June 30, 2018
Inflation	2.60%	2.60%
Salary increases	3.25%, average, including inflation	3.25%, average, including inflation
Investment rate of return	6.90%, net of pension plan investment expense, including inflation	7.00%, net of pension plan investment expense, including inflation
Mortality	PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2018	General RP-2000 with projected scale BB
Actuarial cost method	Individual Entry Age	Individual Entry Age

The actuarial assumptions that determined the total pension liability as of June 30, 2019, were based on certain results of an actuarial experience study of the FRS for the period July 1, 2013 through June 30, 2018. The actuarial assumptions that determined the total pension liability as of June 30, 2018, were based on certain results of an actuarial experience study of the FRS for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on investments is not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Description	September 30, 2019			
	(1) Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.3%	3.3%	1.2%

(1) As outlined in the Pension Plan's investment policy

Discount Rate: The discount rate used to measure the total pension liability at September 30, 2019 and 2018 was 6.90% and 7.00%, respectively. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:

The following represents the Authority's proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.90%) or one percentage point higher (7.90%) than the current rate at September 30, 2019:

	1% Decrease (5.90%)	Current Discount Rate (6.90%)	1% Increase (7.90%)
Proportionate share of the net pension liability	\$ 38,347,994	\$ 22,183,563	\$ 8,683,530

Pension Plan Fiduciary Net Position: Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan: At September 30, 2019, the Authority had a \$196,740 payable for outstanding contributions to the Pension Plan for the fiscal year ended September 30, 2019. At September 30, 2018, the Authority had a \$183,486 payable for outstanding contributions to the Pension Plan for the fiscal year ended September 30, 2018.

Retiree Health Insurance Subsidy (HIS) Program

Plan Description: The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided: For the fiscal year ended September 30, 2019 and 2018, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions: The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2019 and 2018, the HIS contribution was 1.66%. The Authority contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In

Contributions (Continued)

the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The Authority's contributions to the HIS Plan totaled \$448,920 for the fiscal year ended September 30, 2019 and \$427,278 for the fiscal year ended September 30, 2018.

Pension Liabilities and Pension Expense: At September 30, 2019, the Authority reported a liability of \$8,920,460 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The Authority's proportionate share of the net pension liability was based on the Authority's 2018-19 plan year contributions relative to the 2018-19 plan year contributions of all participating members. At June 30, 2019, the Authority's proportionate share was 0.079725271 percent, which was a decrease of 0.000756508 percent from its proportionate share measured as of June 30, 2018.

At September 30, 2018, the Authority reported a liability of \$8,298,340 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The Authority's proportionate share of the net pension liability was based on the Authority's 2017-18 plan year contributions relative to the 2017-18 plan year contributions of all participating members. At June 30, 2018, the Authority's proportionate share was 0.078403743 percent, which was a decrease of 0.000733459 percent from its proportionate share measured as of June 30, 2017.

For the fiscal year ended September 30, 2019 and 2018, the Authority recognized pension expense of \$764,087 and \$678,331, respectively.

Deferred Outflows and Inflows of Resources Related to Pensions (Continued)

The deferred outflows of resources related to the HIS Plan at September 30, 2019, totaling \$104,367 resulting from Authority contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. The deferred outflows of resources related to the HIS Plan at September 30, 2018, totaling \$98,009 resulting from Authority contributions to the HIS Plan subsequent to the measurement date, was recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

Fiscal Year Ending September 30	Amount
2020	\$ 253,363
2021	209,914
2022	151,088
2023	(36,405)
2024	34,375
Thereafter	88,818
	<u>\$ 701,153</u>

Actuarial Assumptions: The total pension liability in the actuarial valuation was determined using the following actuarial assumptions:

	September 30, 2019	September 30, 2018
Valuation date	July 1, 2018	July 1, 2018
Measurement date	June 30, 2019	June 30, 2018
Inflation	2.60%	2.60%
Salary increases	3.25%, average, including inflation	3.25%, average, including inflation
Municipal bond rate	3.50%	3.87%
Long-term expected rate of return	N/A	N/A
Mortality	General RP-2000 with projected scale BB	General RP-2000 with projected scale BB
Actuarial cost method	Individual Entry Age	Individual Entry Age

The actuarial assumptions that determined the total pension liability as of June 30, 2019, were based on certain results of an actuarial experience study of the FRS for the period July 1, 2013 through June 30, 2018. The actuarial assumptions that determined the total pension liability as of June 30, 2018, were based on certain results of an actuarial experience study of the FRS for the period July 1, 2008 through June 30, 2013.

Discount Rate: The discount rate used to measure the total pension liability at September 30, 2019 and 2018 was 3.50% and 3.87%, respectively. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for

Investment Plan

Plan Description

The Florida Retirement System Investment Plan is a defined contribution retirement plan qualified under Section 401(a) of the Internal Revenue Code. The Florida Legislature enacted the Plan during the 2000 legislative session, and amendments to the Plan can only be made by an act of the Florida Legislature. The Plan is administered by the State Board of Administration of Florida. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Authority employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE P - FLORIDA RETIREMENT SYSTEM (Continued)

Investment Plan (Continued)

Funding Policy

The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected Officers, etc.), as the defined benefit Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent, for the period October 1, 2017 through September 30, 2019, of payroll and by forfeited benefits of plan members.

Participating employers are required to make contributions based upon statewide contributions rates. The contribution rates by job class for the Authority's employees for the fiscal year ended September 30, 2019 and 2018, are as follows:

Class	10/01/17 through 06/30/18	07/01/18 through 06/30/19	07/01/19 through 09/30/19
Regular Class	7.92%	8.26%	8.47%
Senior Management Service Class	22.71%	24.06%	25.41%
Special Risk Class	23.27%	24.50%	25.48%
DROP	13.26%	14.03%	14.60%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2019 and 2018, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Authority.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

For the fiscal years ended September 30, 2019 and 2018, the Authority's Investment Plan pension expense totaled \$262,644 and \$231,156, respectively.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE Q - MAJOR CUSTOMERS

Waste Management of Palm Beach accounted for 18.8% and 19.2% of 2019 and 2018 tipping fee revenues, respectively. West Palm Beach Utilities Department accounted for 6.1% and 7.0% of 2019 and 2018 tipping fee revenues, respectively.

NOTE R - COMMITMENTS AND CONTINGENCIES

Environmental Liabilities: The Authority, in cooperation with other state and local regulatory agencies, maintains an extensive monitoring program for potential environmental contaminants at each of its sites and facilities. These monitoring programs have not identified any contaminants caused by landfill leachate or other operations of the Authority. In the event that any environmental contaminants are identified, the Authority may be financially responsible for the environmental assessment and cleanup costs, as well as potential fines imposed by governmental regulatory agencies.

Litigation, Claims and Assessments: The Authority is involved in various legal matters occurring in the normal course of operations. While the ultimate outcome of these matters cannot be determined at this time, it is the opinion of the Authority's management, in consultation with legal counsel, that no material losses in excess of recorded amounts or insured limits are expected to result from the settlement of any claims.

Contract Commitments: The Authority had outstanding purchase commitments for various equipment, goods and services totaling approximately \$4.8 million at September 30, 2019.

Interlocal Agreement: The Authority entered into an interlocal agreement with Palm Beach County to provide funding for a hazardous materials emergency response team to provide regional hazardous materials investigation and mitigation services through the fiscal year ending September 30, 2022.

The Authority paid \$2,246,594 and \$2,181,159 for 2019 and 2018, respectively. The Authority is required to pay \$2,313,992 under this agreement for the fiscal year ended September 30, 2020. The amount due each year can increase up to 3% per year.

Lease Commitments: The Authority owns approximately 1,600 acres of farmland in western Palm Beach County, which is held as a replacement waste disposal site. The Authority has an operating lease expiring in 2022 with the former owner to maintain and continue farming the property. The lease provides for annual rental payments to the Authority adjusted each year based on the change in the producer price index for raw cane sugar, provided that the total annual rent shall not exceed \$450,000. Rental income from this lease for the years ended September 30, 2019 and 2018, was approximately \$264,000 and \$219,000, respectively. The carrying value of the land subject to the lease was approximately \$8 million at September 30, 2019 and 2018. The lease also provides the option to extend the term for two additional periods of four years each (through 2030), under the same terms and conditions. The Authority retains the right to terminate the lease. Management expects the operating lease to be renewed until the property is utilized for its intended purpose as a replacement waste disposal site.

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 and 2018

NOTE R - COMMITMENTS AND CONTINGENCIES (Continued)

Lease Commitments (Continued)

The Authority leases the current site of the Delray Beach transfer station from the City of Delray Beach under a 20-year operating lease expiring September 30, 2020, with an option to renew for an additional 20 years under the existing terms. The lease provides for annual rental payments increased by the annual change in the consumer price index. Rent expense for the years ended September 30, 2019 and 2018, was approximately \$99,000 and \$99,000, respectively. The minimum future rental payments, based on an estimated annual increase of 3 percent, under this operating lease at September 30, 2019, were as follows:

<u>Year Ending</u> <u>September 30,</u>	<u>Amount</u>
2020	<u>\$ 99,000</u>

NOTE S – CHANGE IN ACCOUNTING PRINCIPLE

As discussed in Note O, the Authority implemented GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, during the fiscal year 2018. This standard requires participating employers in a single employer defined benefit health care plan to report the total OPEB liability and related OPEB amounts of the defined benefit healthcare plan. The cumulative effect of applying GASB 75 has been reported as a restatement of the beginning net position as of October 1, 2017. Application of this new standard to October 1, 2016, the earliest year presented, is not practical as complete information is not available. A reconciliation of the prior period ending net position to the current period beginning net position is as follows:

Balance at Septebmer 30, 2017, as reported	\$ 605,107,818
Adjustment for adoption of GASB 75	<u>(360,000)</u>
Balance at September 30, 2017, as restated	<u>\$ 604,747,818</u>

FRS Plan fiduciary net position as a percentage of the total pension liability	83.89%	84.26%	82.61%

This schedule is intended to present data for 10 years. For years prior to 2014, data is unavailable. Additional years will be presented as they become available. The amounts presented for each fiscal year were determined as of the June 30 measurement date. The Plan's fiduciary net position as a percentage of the total pension liability is published in the Plan's Comprehensive Annual Financial Report. The discount rate decreased from 7.65% in 2015 to 7.60% in 2016; 7.10% in 2017; 7.00% in 2018; 6.90% in 2019. The mortality assumption was changed from Generational RP-2000 with Projection Scale BB tables to the PUB-2010 base table, projected generationally with Scale MP-2018 in 2019.

- (1) Revenues are calculated in accordance with the legal requirements of the bond documents, which define revenues as total revenues from the use of the Solid Waste System, excluding certain collection assessments and franchise fees for unincorporated areas of the County and including investment earnings not restricted for construction.
- (2) Expenses are calculated in accordance with the legal requirements of the bond documents, which define expenses as operating expenses excluding franchise hauler contract payments, depreciation and amortization, grant expenses, certain recycling expenses and certain repair, maintenance, engineering, legal and other contractual services for unincorporated areas of the County.
- (3) The Trust Indenture requires the Authority to maintain net revenues in each fiscal year equal to 110% of annual debt service requirements. For full disclosure, debt service coverage is reported for both revenue bond debt service requirements and also for debt service requirements that include subordinate debt.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

BELLE GLADE OFFICE
333 S.E. 2nd STREET
POST OFFICE BOX 338
BELLE GLADE, FLORIDA 33430-0338
TELEPHONE (561) 996-5612
FAX (561) 996-6248

The Honorable Chair and Members of the
Solid Waste Authority Board
Solid Waste Authority of Palm Beach County
West Palm Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Solid Waste Authority of Palm Beach County, Florida, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Solid Waste Authority of Palm Beach County, Florida's basic financial statements, and have issued our report thereon dated February 18, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Solid Waste Authority of Palm Beach County, Florida's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Solid Waste Authority of Palm Beach County, Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of the Solid Waste Authority of Palm Beach County, Florida's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Solid Waste Authority of Palm Beach County, Florida's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Chair and Members of the
Solid Waste Authority Board
Solid Waste Authority of Palm Beach County
West Palm Beach, Florida

Report on Compliance for Each Major Federal Program

We have audited the Solid Waste Authority of Palm Beach County, Florida's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Solid Waste Authority of Palm Beach County, Florida's major federal program for the year ended September 30, 2019. The Solid Waste Authority of Palm Beach County, Florida's major Federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Solid Waste Authority of Palm Beach County, Florida's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Solid Waste Authority of Palm Beach County, Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance of the major federal program. However, our audit does not provide a legal determination of the Solid Waste Authority of Palm Beach County, Florida's compliance.

Opinion on Each Major Federal Program

In our opinion, the Solid Waste Authority of Palm Beach County, Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2019.

Report on Internal Control over Compliance

Management of the Solid Waste Authority of Palm Beach County, Florida is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Solid Waste Authority of Palm Beach County, Florida's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Solid Waste Authority of Palm Beach County, Florida's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

West Palm Beach, Florida
February 18, 2020

SOLID WASTE AUTHORITY OF PALM BEACH COUNTY, FLORIDA
Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended September 30, 2019

Federal Grantor/Program Title	CFDA Number	Contract Number	Federal Expenditures	Transfers to Subrecipients
<u>U.S. Department of Homeland Security</u>				
Federal Emergency Management Agency (FEMA)				
Passed Through: FL Division of Emergency Management				
Public Assistance Grants (Presidentially Declared Disasters)	97.036	Z0452	\$ 16,293,722	\$
			<u>16,293,722</u>	<u> </u>
Total Federal Awards			<u>\$ 16,293,722</u>	<u>\$</u>

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes Federal award activity of the Solid Waste Authority of Palm Beach County, Florida and is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Solid Waste Authority of Palm Beach County, Florida it is not intended to and does not present the financial position, changes in net position, or cash flows of the Solid Waste Authority of Palm Beach County, Florida.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Expenditures are recognized on the accrual basis of accounting. Such expenditures are recongized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. The Authority has elected not to use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance. The Authority did not have any loan programs.

NOTE 3 - CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by those agencies. Any disallowed claims, including amounts already received, might constitute a liability of the Authority for the return of those funds. In the opinion of management, all grant expenditures were in compliance with the terms of the grant agreements and applicable federal and state laws and regulations.

The Honorable Chair and Members of the
Solid Waste Authority Board
Solid Waste Authority of Palm Beach County
West Palm Beach, Florida

Report on the Financial Statements

We have audited the financial statements of the Solid Waste Authority of Palm Beach County, Florida (the "Authority"), as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated February 18, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 18, 2020, should be considered in conjunction with this Management Letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings or recommendations in the prior year that required corrective actions.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this Management Letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note A to the financial statements. There were no component units included in the Authority's financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes, as of and for the year ended September 30, 2019.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. Our assessment was done as of the fiscal year end. The results of our procedures did not disclose any matters that are required to be reported.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c, Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we noted the Authority provided a copy of its 2019 audited financial statements to Palm Beach County, Florida, for proper reporting within the audited financial statements of the County in accordance with Section 218.39(3)(b), Florida Statutes.

Based on the application of criteria in publications cited in Section 10.553, Rules of the Auditor General, there are no special district component units of the Solid Waste Authority of Palm Beach County, Florida.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Single Audits

The Authority expended more than \$750,000 of federal awards and less than \$750,000 of state financial assistance for the year ended September 30, 2019. Therefore, the Authority was required to have a federal single audit and was not required to have a state single audit.

Purpose of this Letter

Our Management Letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Solid Waste Authority Board, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

The Honorable Chair and Members of the
Solid Waste Authority Board
Solid Waste Authority of Palm Beach County
West Palm Beach, Florida

We have examined the Solid Waste Authority of Palm Beach County, Florida’s (the “Authority”) compliance with Section 218.415, Florida Statutes during the year ended September 30, 2019. Management of the Authority is responsible for the Authority’s compliance with the specified requirements. Our responsibility is to express an opinion on the Authority’s compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risk of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Authority’s compliance with the specified requirements.

In our opinion, the Authority complied, in all material respects, with Section 218.415, Florida Statutes for the year ended September 30, 2019.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Solid Waste Authority Board, applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Nowlen, Holt & Miner, P.A.
