INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors
CFM Community Development District
Lee County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of CFM Community Development District (hereinafter referred to as "District"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 4, 2021, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion And Analysis

CFM Community Development District Management's Discussion and Analysis

Our discussion and analysis of the CFM Community Development District's financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2020. Please read it in conjunction with the District's financial statements, which begin on page 8.

FINANCIAL HIGHLIGHTS

- At September 30, 2020, the liabilities of the District exceed its assets by approximately \$9.4 million (deficit net position).
- During the fiscal year ended September 30, 2020, the District incurred approximately \$485,000 of interest expenditures and repaid \$1,036,057 of outstanding long-term principal. The District did not make scheduled interest payments on the unexchanged portion of the Series 2004 Bonds during the fiscal year. As a result, the District has accrued a debt service obligation totaling approximately \$124,000.

USING THE ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities on pages 8 – 9 provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements start on page 10. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

Reporting the District as a Whole

Our analysis of the District as a whole begins on page 4. One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and related changes during the current year. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position is one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the District's assessment base and the condition of the District's infrastructure, to assess the overall health of the District.

CFM Community Development District Management's Discussion and Analysis

Reporting the District's Most Significant Funds

Our analysis of the District's major funds begins on page 6. The fund financial statements begin on page 10 and provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be established by State law and by bond covenants. All of the District's funds are governmental fund-types.

- *Governmental funds* – All of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

THE DISTRICT AS A WHOLE

The following table reflects the condensed Statement of Net Position and is compared to the prior year.

<i>September 30,</i>	2020	2019	Change
Assets			
Current and other assets	\$ 1,255,687	\$ 1,714,717	\$ (459,030)
Capital assets, net	7,158,267	7,488,878	(330,611)
Total assets	\$ 8,413,954	\$ 9,203,595	\$ (789,641)
Liabilities			
Current liabilities	\$ 1,046,985	\$ 538,497	\$ 508,488

Total liabilities and net position	\$ 8,413,954	\$ 9,203,595	\$ (789,641)

For more detailed information, see the accompanying Statement of Net Position.

CFM Community Development District Management's Discussion and Analysis

During the fiscal year ended September 30, 2020, total assets and liabilities decreased by approximately \$790,000 and \$383,000, respectively, from the prior fiscal year. The decrease in assets primarily resulted from the depreciation of capital assets as well as receipt of the termination payment during the current fiscal year, which was due in conjunction with the debt restructure at prior year-end. The decrease in liabilities resulted from the District making scheduled principal payments as well as prepayments on the Series 2004 bonds.

The following schedule compares the Statement of Activities for the current and previous fiscal year.

<i>For the year ended September 30,</i>	2020	2019	Change
Revenue:			
Program revenue:			
Charges for services	\$ 1,330,072	\$ 849,001	\$ 481,071
Grants and contributions	497,707	1,215,185	(717,478)
General revenue:			
Debt forgiven	-	9,700,274	(9,700,274)
Prepayment in kind	-	10,614,375	(10,614,375)
Bad debt recovery	-	180,669	(180,669)
Interest and other income	3,825	2,071	1,754
Total revenue	1,831,604	22,561,575	(20,729,971)
Expenses:			
General government	411,539	783,945	(372,406)
Maintenance and operations	723,875	664,489	59,386
Cost of issuance	-	32,988	(32,988)
Interest	1,102,860	109,597	993,263
Total expenses	2,238,274	1,591,019	647,255
Change in net position	(406,670)	20,970,556	(21,377,226)
Net position (deficit), beginning of year	(8,962,142)	(29,932,698)	20,970,556
Net position (deficit), end of year	\$ (9,368,812)	\$ (8,962,142)	\$ (406,670)

For more detailed information, see the accompanying Statement of Activities.

Revenue decreased by approximately \$20.7 million, while expenses increased by approximately \$647,000 over the prior fiscal year. The decrease in revenue was primarily due to debt forgiveness received as a result of the debt restructuring agreement and bond cancelation from prepayment in kind during the prior year. The increase in expenses is primarily due to an increase in interest expense as a result of the debt restructuring agreement. The overall result was a \$406,670 decrease in net position for fiscal year 2020.

CFM Community Development District Management’s Discussion and Analysis

THE DISTRICT’S FUNDS

As the District completed the year, its governmental funds (as presented in the balance sheet on page 10) reported a combined fund balance of approximately \$1.1 million, which is a decrease from last year’s fund balance that totaled approximately 1.6 million. Significant transactions are discussed below.

- During the fiscal year ended September 30, 2020, the District incurred approximately \$485,000 of interest expenditures and repaid \$1,036,057 of outstanding long-term principal. The District did not make scheduled interest payments on the unexchanged portion of the Series 2004 Bonds during the fiscal year. As a result, the District has accrued a debt service obligation totaling approximately \$124,000.

The overall decrease in fund balance for the year ended September 30, 2020 totaled approximately \$494,000.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2020, the District had approximately \$7.2 million invested in capital assets (net of accumulated depreciation). This amount represents a decrease of approximately \$331,000 from the fiscal year 2019 total.

A listing of capital assets by major category for the current and prior year follows:

<i>September 30,</i>	2020	2019	Change
Land	\$ 2,668,665	\$ 2,668,665	\$ -
Capital assets being depreciated	8,265,280	8,265,280	-
Total, prior to depreciation	10,933,945	10,933,945	-
Accumulated depreciation	(3,775,678)	(3,445,067)	(330,611)
Net capital assets	\$ 7,158,267	\$ 7,488,878	\$ (330,611)

More information about the District’s capital assets is presented in Note 4 to the financial statements.

Debt

At September 30, 2020, the District had approximately \$17.4 million of bonds outstanding. This amount decreased by approximately \$561,000 from the fiscal year 2019 total.

CFM Community Development District Management's Discussion and Analysis

A listing of debt amounts outstanding for the current and prior year is as follows:

<i>September 30,</i>	2020	2019	Change
Series 2004 A bonds	\$ 1,987,173	\$ 1,987,173	\$ -
Series 2004 A-1 bonds	7,735,000	8,195,000	(460,000)
Series 2004 A-2 bonds	7,695,000	8,285,000	(590,000)
Bond accretion discount	(41,398)	(529,933)	488,535
	\$ 17,375,775	\$ 17,937,240	\$ (561,465)

More information about the District's long-term debt is presented in Note 5 to the financial statements.

GOVERNMENTAL FUNDS BUDGETARY HIGHLIGHTS

An Operating budget was established by the governing board for the District pursuant to the requirements of Florida Statutes. The budget to actual comparison for the general fund, including the original budget and final adopted budget, is shown at page 26.

The District experienced a favorable variance in revenue and an unfavorable variance in expenditures as compared to the budget in the amounts of \$63,796 and \$17,735, respectively. The variance in revenue occurred primarily because of developer contributions received in conjunction with a mitigation project for which certain costs were the responsibility of the SPE. The variance in expenditures was primarily due to unanticipated professional and mitigation costs incurred during the year.

FUTURE FINANCIAL FACTORS

CFM Community Development District is an independent special district that operates under the provisions of Chapter 190, Florida Statutes. The District operates under an elected Board of Supervisors, which, among other things, establishes policy and sets assessment rates. Assessment rates for fiscal year 2021 were established to provide for the operations of the District.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. If you have questions about this report or need additional financial information, contact the CFM Community Development District's finance department at 3434 Colwell Avenue, Suite 200, Tampa, FL 33625.

CFM Community Development District Notes to Financial Statements

NOTE 1: NATURE OF ORGANIZATION

The CFM Community Development District (the “District”) was established on January 14, 2002 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, by Lee County Ordinance No. 02-01. The Act provides, among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by a Board of Supervisors (“Board”), which is comprised of five members. The Supervisors are elected on an at large basis by landowners of the District, or elected at the general election in November, appointed by the board to fill a vacant seat, or are landowner holdovers in resident seats. Three Supervisors are affiliated with and the District is economically dependent on Maxcy Development Group Holdings – CFM, Inc. (the “SPE”). The Board of Supervisors of the District exercises all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the final responsibility for:

1. Allocating and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include or exclude a potential component unit in the reporting entity was made by applying the criteria set forth by Generally Accepted Accounting Principles (GAAP) as defined by the Governmental Accounting Standards Board (GASB). Based on the foregoing criteria, no potential component units were found.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the District conform to GAAP as applicable to governments in accordance with those promulgated by GASB. The following is a summary of the more significant policies:

Government-wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements.

CFM Community Development District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by assessments, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The business-type activities are reported separately in government-wide financial statements; however, at September 30, 2020, the District did not have any significant business-type activities. Therefore, no business-type activities are reported. Assessments and other items not properly included as program revenues (i.e., charges to customers or applicants who purchase, use, or directly benefit from goods or services) are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and other similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments, including debt service assessments along with operation and maintenance assessments, are non-ad valorem special assessments imposed on all developable lands located within the District and benefited by the District's activities. Operation and maintenance assessments are levied and certified for collection by the District prior to the start of the fiscal year which begins October 1st and ends on September 30th. Assessments are imposed upon all benefited lands located in the District as described in each resolution imposing the special assessment.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

CFM Community Development District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District reports the following major governmental funds:

General Fund – The General Fund is the primary operating fund of the District. It is used to account for all financial resources except those required to be accounted for in other funds.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

For the year ended September 30, 2020, the District does not report any proprietary funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, or unassigned resources are available for use in the governmental fund financial statements, it is the government's policy to use committed resources first, followed by assigned resources, then unassigned resources as needed.

Cash, Deposits and Investments

The District maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all the District's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40, *Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3)*.

The District is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others negotiable direct or indirect obligations which are secured by the United States Government; the Local Government Surplus Trust Funds as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

CFM Community Development District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which include primarily infrastructure assets (e.g., roads, sidewalks, water management systems and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial/individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost and estimated historical cost if purchased or constructed. Donated assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives: roadways: 25 years; sanitary sewer: 25 years; irrigation: 25 years; water management/mitigation: 25 years.

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line or effective interest method. Bonds payable are reported net of these premiums or discounts. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as current period expenses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CFM Community Development District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any of this type of item at September 30, 2020.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District does not have any of this type of item at September 30, 2020.

Fund Equity

Net position in the government-wide financial statements represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources and is categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents assets related to infrastructure and property, plant and equipment, net of any related debt. Restricted net position represents the assets restricted by the District's bond covenants.

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned. Nonspendable fund balance cannot be spent because of its form. Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions. Committed fund balance is a limitation imposed by the District board through approval of resolutions. Assigned fund balance is a limitation imposed by a designee of the District board. Unassigned fund balance in the General Fund is the net resources in excess of what can be properly classified in one of the above four categories. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes.

Budgets

The District is required to establish a budgetary system and an approved annual budget. Annual budgets are legally adopted on a basis consistent with GAAP for the General Fund. Any revision to the budget must be approved by the District Board. The budgets are compared to actual expenditures. In instances where budget appropriations and estimated revenues have been revised during the year, budget data presented in the financial statements represent final authorization amounts. During the fiscal year ended September 30, 2020, actual expenditures exceeded budgeted appropriations due to unanticipated professional and mitigation costs incurred during the year.

CFM Community Development District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- B. A public hearing is conducted to obtain comments.
- C. Prior to October 1, the budget is legally adopted by the District Board.
- D. All budget changes must be approved by the District Board.
- E. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

NOTE 3: INVESTMENTS

The District's investments consist of money market funds in which shares are owned in the fund rather than the underlying investments. In accordance with GASB 72, *Fair Value Measurement and Application*, these amounts are reported at amortized cost.

The following is a summary of the District's investments:

<u>September 30,</u>	<u>2020</u>	<u>Credit Risk</u>	<u>Weighted Average Maturities</u>
Short-term Money Market Funds	\$ 690,495	S&P AAAm	39 days

Concentration risk – The District's investment policy requires diversification, but does not specify limits on types of investments.

Custodial credit risk – For an investment, custodial credit risk is the risk that the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. At September 30, 2020, none of the investments listed above are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Interest rate risk – The District does not have a formal policy for addressing interest rate risk; however, investments are made with discretion, to seek reasonable returns, preserve capital, and in general, avoid speculative investments. The District manages its exposure to declines in fair values from interest rate changes by reviewing the portfolio on an ongoing basis for changes in effective yield amounts.

**CFM Community Development District
Notes to Financial Statements**

NOTE 4: CAPITAL ASSETS

The following is a summary of changes in the capital assets for the year ended September 30, 2020:

	Beginning Balance	Additions	Subtractions	Ending Balance
Governmental Activities:				
<i>Capital assets not being depreciated:</i>				
Land	\$ 2,668,665	\$ -	\$ -	\$ 2,668,665
Total capital assets, not being depreciated	2,668,665	-	-	2,668,665
<i>Capital assets being depreciated:</i>				
Roadways	2,741,831	-	-	2,741,831
Sanitary sewer	240,878	-	-	240,878
Irrigation	67,134	-	-	67,134
Water management/mitigation	5,215,437	-	-	5,215,437
Total capital assets, being depreciated	8,265,280	-	-	8,265,280
<i>Less accumulated depreciation:</i>				
Roadways	1,205,229	109,674	-	1,314,903
Sanitary sewer	105,985	9,635	-	115,620
Irrigation	29,480	2,685	-	32,165
Water management/mitigation	2,104,373	208,617	-	2,312,990
Total accumulated depreciation	3,445,067	330,611	-	3,775,678
Total capital assets, being depreciated, net	4,820,213	(330,611)	-	4,489,602
Governmental activities capital assets, net	\$ 7,488,878	\$ (330,611)	\$ -	\$ 7,158,267

Depreciation expense of \$330,611 was allocated to maintenance and operations on the accompanying Statement of Activities.

NOTE 5: BONDS PAYABLE

On May 14, 2004, the District issued \$42,940,000 of Capital Improvement Revenue Bonds, Series 2004 consisting of \$27,740,000 Term Bonds Series 2004A due on May 1, 2035 with a fixed interest rate of 6.25%, and \$15,200,000 Term Bonds Series 2004B due on May 1, 2014 with a fixed interest rate of 5.875%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is paid semiannually on each May 1 and November 1. Principal on the Series 2004A Bonds is paid serially commencing on May 1, 2006 through May 1, 2035. The Series 2004B Bonds were repaid in full during fiscal year 2008.

CFM Community Development District Notes to Financial Statements

NOTE 5: BONDS PAYABLE (Continued)

In the absence of available funds, the scheduled debt service payments due since May 1, 2010 had not been paid through the prior fiscal year. Effective August 20, 2019, the District restructured the Series 2004A Bonds with the bondholders through a trifurcation agreement. As a result of this trifurcation agreement, \$8,195,000 and \$8,285,000 of the Series 2004 bonds were converted into Series 2004A-1 and Series 2004A-2 Bonds, respectively, with a fixed interest rate of 6.25%, while the remaining unexchanged Series 2004A Bonds totaled \$1,987,173. The trifurcated bonds still have a maturity of May 1, 2035. The A-1 series were exchanged at a discount, totaling \$582,173, which will accrete over a period of time to the principal amount of the bonds because interest payments on this series does not commence until May 1, 2021.

The Unexchanged Series 2004A Bonds are no longer secured by the Series 2004A Special Assessments following the trifurcation, but are secured solely by the Parcel A and Parcel J True-Up Payments (see Note 9). The Unexchanged Series 2004A Bonds are expected to remain in default pursuant to the Master Indenture, but will not constitute an event of default for the Series 2004A-1/2 Bonds. When all remaining Parcel A and Parcel J have been sold and no further Parcel A and Parcel J True-Up Payments are payable, the Unexchanged Series 2004A Bonds will be canceled following a final distribution.

The trifurcation agreement resulted in debt forgiveness totaling approximately \$9.7 million, which represents unpaid interest. Prior to the bonds restructuring, the bondholders canceled principal and accrued interest on bonds totaling approximately \$6.7 million and \$4 million, respectively, related to certain conservation lands within the District which are owned by the SPE.

The bond indentures have certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedure to be followed by the District on assessments to property owners. The District agreed to levy special assessments in annual amounts adequate to provide payment of debt service. As discussed above, the District is not in compliance with certain requirements of the Master Indenture related to the Unexchanged Series 2004A Bonds. However, the District is in compliance with regards to the Series 2004A-1/2 Bonds.

The Bond Indenture requires that the District maintain adequate funds in the reserve account to meet the debt service reserve requirement as defined in the Indenture. The requirement has been met for the fiscal year ended September 30, 2020.

**CFM Community Development District
Notes to Financial Statements**

NOTE 5: BONDS PAYABLE (Continued)

Long-term liability activity for the year ended September 30, 2020, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<i>Governmental Activities</i>					
Bonds Payable:					
Series 2004A	\$ 1,987,173	\$ -	\$ -	\$ 1,987,173	\$ -
Series 2004A-1	8,195,000	-	(460,000)	7,735,000	320,000
Series 2004A-2	8,285,000	-	(590,000)	7,695,000	320,000
Bond accretion discount	(529,933)	-	488,541	(41,392)	-
	\$ 17,937,240	\$ -	\$ (561,459)	\$ 17,375,781	\$ 640,000

Long-term liability activity for the year ended September 30, 2020 was as follows:

<i>Year Ending September 30,</i>	Principal	Interest	Total Debt Service
2021	\$ 640,000	\$ 1,080,812	\$ 1,720,812
2022	680,000	1,048,574	1,728,574
2023	730,000	1,006,074	1,736,074
2024	775,000	960,448	1,735,448
2025	820,000	912,011	1,732,011
2026 - 2030	4,980,000	3,719,743	8,699,743
2031 - 2035	8,792,173	1,950,055	10,742,228
	\$ 17,417,173	\$ 10,677,717	\$ 28,094,890

NOTE 6: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District maintains commercial insurance coverage to mitigate the risk of loss. Coverage may not extend to all situations. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. The District has not filed any claims under this commercial coverage during the last three years.

CFM Community Development District Notes to Financial Statements

NOTE 7: MANAGEMENT COMPANY

The District has contracted with a management company to perform management services, which include financial and accounting services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs.

NOTE 8: RELATED PARTY TRANSACTIONS

During the year ended September 30, 2020, the SPE directed the trustee, with the consent of the bondholders, to utilize District debt service trust funds to satisfy the SPE's operations and maintenance assessments obligation totaling \$318,731. The SPE also contributed \$229,345 to the District to cover debt service costs, and contributed \$62,400 for their portion of a contract for mitigation services which are reported as Bondholder contributions and Developer contributions, respectively, on the accompanying Statement of Activities and Statement of Revenue, Expenditures and Changes in Fund Balances – Governmental Funds.

During the year ended September 30, 2020, the District recorded \$26,413 in Maintenance and operations expenses with Magnolia Landing Golf, LLC, a subsidiary of the Previous Developer. At September 30, 2020, \$60 of these expenses are included in Accrued expenses payable in the accompanying financial statements.

During the year ended September 30, 2020, the District recorded \$81,839 in Maintenance and operations expenses with Magnolia Landing Master Association, Inc. ("HOA"), the master homeowners association located in the District. At September 30, 2020, \$3,495 of these expenses are included in Accrued expenses payable in the accompanying financial statements.

During the year ended September 30, 2020, the District recorded \$219,461 in General government expense with Lerner Real Estate Advisors, the company that operates and manages the SPE. Four members of the District's Board of Supervisors are employed by this company.

NOTE 9: CONCENTRATION

A significant portion of the District's activity is dependent upon the continued involvement of the SPE, the loss of which could have a material adverse effect on the District's operations. At September 30, 2020, the SPE owned a significant portion of the assessable property located within the District boundaries, 842 unplatted lots.

CFM Community Development District Notes to Financial Statements

NOTE 9: CONCENTRATION (Continued)

On February 24, 2011, the District entered into a forbearance agreement with the Previous Developer, the bond trustee and the SPE. The SPE was formed for the purpose of taking ownership of additional land that would be brought into the District upon completion of the boundary amendment in accordance with the agreement. Pursuant to paragraph 8 of the agreement, the District on September 16, 2011 filed a boundary amendment petition with Lee County to incorporate the additional lands into the District. The petition was granted during fiscal year 2012.

The agreement also outlined the monetary obligations of the Previous Developer. According to the agreement, the District agreed not to commence collection or enforcement on the unpaid debt service assessments for the duration of the forbearance period (April 30, 2012) as long as the Previous Developer complied with the agreement. During fiscal year 2012, the Previous Developer defaulted on the 2011 forbearance agreement.

On April 18, 2013, the District, the bond trustee, the SPE, and the Previous Developer entered into a Project Transfer and Transition Agreement ("Transition Agreement") whereby, among other things, the Previous Developer conveyed its interest in certain lots to D.R. Horton, Inc. ("D.R. Horton"), conveyed its other developable property within the District to the SPE, and made certain payments to the District. As a result of the Transition Agreement, the Previous Developer was released from a portion of its obligations to the District, and a portion of O&M assessment amounts, as well as other amounts. Certain debt service assessments remain delinquent and have been forborne under the Transition Agreement. Subsequent to the execution of the Transition Agreement and the transfer of said developable property, the SPE has been acting as the developer for the project. The SPE was created at the direction of the Trustee, for the benefit of the bondholders.

In July 2016, D.R. Horton and the SPE entered into a land purchase contract (the "Land Sale Agreement"), whereby certain delinquent lands within parcels A and J were to be sold to D.R. Horton. The Land Sale Agreement requires D.R. Horton to make certain true-up payments to the SPE upon the sale of homes in parcels A and J (the "Parcels A&J True-up Payments"). In November 2017, D.R. Horton purchased 238 unplatted lots from the SPE. During the fiscal year ended September 30, 2020, D.R. Horton remitted \$363,720 to the District for operations and maintenance and debt service assessments on lots owned. In addition, D.R. Horton paid the District \$103,144 in prepayment revenue on lot closings occurring during the fiscal year.

In August 2017, in conjunction with a purchase contract between D.R. Horton and the SPE to purchase the undeveloped land from the SPE, the District, the bond trustee, and D.R. Horton entered into a forbearance agreement. According to the agreement, the District agreed not to commence collection or enforcement on the debt service assessments related to the undeveloped property previously held by the SPE, for the duration of the forbearance period, commencing October 1, 2017 and ending October 1, 2019, as long as D.R. Horton complied with the agreement. Pursuant to section 3.(a) of the agreement, D.R. Horton shall pay the District a Termination Payment of \$707,812 by the end of the forbearance period, which will satisfy the obligation for the

CFM Community Development District Notes to Financial Statements

NOTE 9: CONCENTRATION (Continued)

forborne debt service assessments accrued during the forbearance period. This amount will be adjusted for any sales of the forbearance property during the forbearance period. In November 2019, D.R. Horton made the Termination Payment of \$625,363 to the District. The funds from the Termination Payment will be held in trust until November 1, 2020, at which time the funds will be used for principal prepayments on the Series 2004A-1/2 Bonds.

As discussed in Note 5, in August 2019, the District, SPE and Trustee, with the direction and consent of the bondholders, entered into the Trifurcation Agreement, to properly align lands within the District with the separate Series of the Series 2004A-1/2 Bonds. The Unexchanged Series 2004A Bonds are secured solely by the Parcel A and Parcel J True-Up Payments from D.R. Horton. When all remaining Parcel A and Parcel J have been sold and no further Parcel A and Parcel J True-Up Payments are payable, the Unexchanged Series 2004A Bonds will be canceled following a final distribution.

During the fiscal year ended September 30, 2020, the SPE and D.R. Horton entered into a contract for the purchase of property within District boundaries owned by the SPE. At the time of closing, D.R. Horton would like to be in a position to refund the current bonds and issue bonds associated with the specific property outlined in the purchase agreement (see Note 11).

NOTE 10: CONTINGENCY

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the District. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.

NOTE 11: SUBSEQUENT EVENTS

In January 2021, the District authorized the issuance of Series 2021 Capital Improvement Revenue Bonds not to exceed \$11 million. The bonds were issued in May 2021 in the amount of \$10,545,000, consisting of four term bonds with fixed interest rates ranging from 2.4% to 4%. In addition, the SPE conveyed its assets to D.R. Horton.

In February 2021, the District approved an annual ground coverage contract totaling \$14,224 and a sidewalk repairs contract not to exceed \$20,687. Both projects are expected to be completed in fiscal year 2021.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
CFM Community Development District
Lee County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of CFM Community Development District (hereinafter referred to as the "District"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 4, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an

objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and which is described below:

- IC2010-1: At September 30, 2020, the District was not in compliance with certain provisions of its Debt Service Bond indenture for the Unexchanged Series 2004A Bonds only, including those relating to 1) collecting amounts to provide payment of debt service and 2) making its semi-annual debt service principal and interest payments.

The District's response to the finding identified in our audit is described below. We did not audit the District's response and, accordingly, we express no opinion on it.

- *The District and the bondholders have been working to alleviate this issue. During a prior year the Trustee and Bondholders formed the SPE to take ownership of the undeveloped land subject to delinquent assessments. During a prior year the District, Trustee, and SPE entered into a Project Transfer and Transition Agreement whereby, among other things, Windham/Magnolia Landing, LLC conveyed its interest in certain lots to D.R. Horton, Inc., conveyed its other developable property within the District to the SPE, and made certain payments to the District. As a result of Transfer and Transition Agreement, Windham was released from a portion of its obligations to the District, and a portion of O&M assessment amounts, as well as other amounts. Certain debt service assessments remain delinquent and have been forborne under the Agreement. Once the delinquent debt service assessments are collected they will be used to pay past due debt service assessments. During fiscal year 2018, the SPE sold an additional 238 lots to D. R. Horton Inc. and has assumed ongoing debt assessments for these lots, after a two year forbearance period. Furthermore, the SPE has completed the first of several improvements of Phase 2 lot development enhancing the future marketability of unsold property in the district. Effective August 20, 2019, the District restructured the Series 2004A Bonds with the bondholders through a trifurcation agreement. As a result of this trifurcation agreement, \$8,195,000 and \$8,285,000 of the Series 2004 bonds were converted into Series 2004A-1 and Series 2004A-2 Bonds, respectively, while the remaining unexchanged Series 2004A Bonds totaling \$1,987,173. Per the trifurcation agreement, the Unexchanged Series 2004A Bonds are no longer secured by the Series 2004A Special Assessments following the trifurcation, but are secured solely by the Parcels A&J True-Up Payments. The Unexchanged Series 2004A Bonds are expected to remain in default pursuant to the Master Indenture, but will not constitute an event of default for the Series 2004A-1/2 Bonds. When all remaining Parcel A and Parcel J have been sold and no further Parcel A and Parcel J True-Up Payments are payable, the Unexchanged Series 2004A Bonds will be canceled following a final distribution. At that time, none of the District's bonds are expected to be in default.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors
CFM Community Development District
Lee County, Florida

Report on the Financial Statements

We have audited the financial statements of CFM Community Development District (“District”) as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated June 4, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant’s Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in these reports, which are dated June 4, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Recommendation IC2010-01 was made in the preceding and second preceding financial audit report and is addressed on page 29. Actions have been taken to address the finding, which was also included in the preceding and second preceding fiscal year audit report. These actions are described in the District’s response to the finding, also on page 29.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information required is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the District met the condition described in Section 218.503(1)(a), Florida Statutes. In the absence of available funds, the scheduled debt service payments due May 1, 2010 through the date of this report were not made. The financial emergency condition met was a result of deteriorating financial conditions. Such deteriorating financial conditions are further discussed below. The District's response to these findings is presented on page 27.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures and as a result, it was determined that a deteriorating financial condition exists with respect to the District. The District is owed approximately \$6.5 million in debt service assessments. The District has not made the scheduled debt service payments since May 1, 2010 through the date of this report. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board of Supervisors
CFM Community Development District
Lee County, Florida

We have examined CFM Community Development District's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2020. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.
