## INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners  
Collier Mosquito Control District  
Naples, Florida

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the remaining fund information of Collier Mosquito Control District, Naples, Florida ("District") as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the remaining fund information of the District as of September 30, 2020, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the schedule of changes in the District's OPEB liability and related ratios, annual money-weighted rate of return schedule, and the schedules of proportionate share of net pension liability and pension contributions - defined benefit pension plan be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated April 20, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

April 20, 2021

## **COLLIER MOSQUITO CONTROL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS**

We, as management of the Collier Mosquito Control District (the District), offer readers of the District's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended September 30, 2020. The information presented in this MD&A should be considered in conjunction with the accompanying financial statements.

### District Highlights:

- The Collier Mosquito Control District is an independent special district, which operates under Chapter 388, Florida Statutes, and is governed by a five-member Board of Commissioners. The commissioners are elected for a four-year term.
- The District employs 40 full-time employees and two part-time employees, as well as owning and operating 7 aircraft and 24 vehicles.
- The primary location for operations is at the Naples Municipal Airport with a substation at the Immokalee airport. The District and its operations are in Collier County, which is located on the southwest coast of Florida, directly west of Miami.
- Ground and aerial mosquito control services were provided to residents and the public at large within the 401-square mile District boundary in Collier County during the fiscal year ended September 30, 2020.
- Reimbursable ground and aerial mosquito control services were provided to residents and the public at large within the Ave Maria Stewardship Community District via a Governmental Interlocal Agreement during the fiscal year ended September 30, 2020 and will continue as per the terms of this agreement. The service area consists of 12 ½ square miles.

### Financial Highlights:

- The District's assets and deferred outflows of resources exceed its liabilities and deferred inflows of resources at the close of the fiscal year by \$24,708,460 (*net position*).
- Of this amount, \$16,346,949 (*unrestricted net position*) may be used to meet the District's ongoing obligations.
- The District's total net position increased by \$6,694,077 from investments in capital assets and operations. This increase is discussed further in the government-wide financial analysis.
- Total liabilities decreased by \$180,018. This amount reflects an increase in the net pension liability of \$519,439 and an OPEB liability decrease of \$721,373, respectively. Compensated absences increased by \$73,339 and the environmental liability decreased by \$191,280. The pension liability increase is discussed further in Note 8 and the OPEB liability decrease is discussed in Note 10 to the Financial Statements.
- At the close of the current fiscal year, the ending fund balance was \$19,738,856, an increase of \$4,737,279, or 31.58%, from the 2019 ending fund balance of \$15,001,577.
- Of this balance, \$500,000 has been committed for self-insurance, \$174,711 committed for the sick and annual leave reserve, and \$4,052,131 has been committed for future capital outlays, which includes significant investment into District infrastructure. In addition, \$6,584,412 is nonspendable, consisting of prepaid items and inventories. Approximately \$2 million is available for spending at the District's discretion (unassigned fund balance).

### Overview of the Financial Statements:

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. Most revenue is collected via ad valorem taxes, and the basic financial statements are comprised of the following components: 1) Government-wide Financial Statements; 2) Fund Financial Statements, which include governmental and fiduciary types of funds that will be described later in this analysis; and 3) Notes to Financial Statements. The District does not perform any services to individual customers on a fee basis; therefore, there are no Proprietary Funds to report.

### **Government-Wide Financial Statements:**

Government-wide financial statements are intended to allow the reader to assess a government's operational accountability. Operational accountability is defined as the extent to which the government has met its operating objectives efficiently and effectively, using all resources available for that purpose, and whether it can continue to meet its objectives for the foreseeable future.

The *Statement of Net Position* (Page 11) presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The District's capital assets (property, plant, and equipment) are included in this statement and reported net of their accumulated depreciation.

The *Statement of Activities* (Page 12) presents revenue and expense information showing how the District's net position changed during the fiscal year. Both statements are measured and reported using the economic resource measurement focus (revenues and expenses) and the accrual basis of accounting (revenue recognized when earned and expense recognized when cost is incurred).

### **Fund Financial Statements:**

The District accounts for its services in a *general governmental fund*. A *fund* is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. Governmental funds are used to account for the sources, uses, and balances of a government's expendable general government financial resources (and the related current liabilities). The focus is on how money flows into and out of those funds and the balances left at year-end that are available for spending.

The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The *Governmental Fund Financial Statements* begin on page 13 and provide a more detailed look at the District's most significant activities. An accounting method called modified accrual accounting is utilized to measure cash and all other financial assets that can readily be converted to cash. These statements provide a detailed short-term view of the general government operations and the basic services provided. You will find reconciliations on pages 14 and 16 that convert the data to an economic resource measurement focus and the accrual basis of accounting for use in the government-wide financial statements.

Fiduciary funds are used to account for resources held by the District for the benefit of parties outside of the District. Fiduciary funds are excluded from the government-wide financial statements because the District cannot use these assets to finance its operations. The fund is used to report Other Post-Employment Benefits (OPEB) of the District and uses the accrual basis of accounting. The Fiduciary fund financial statements can be found on pages 17 and 18.

### **Notes to Financial Statements:**

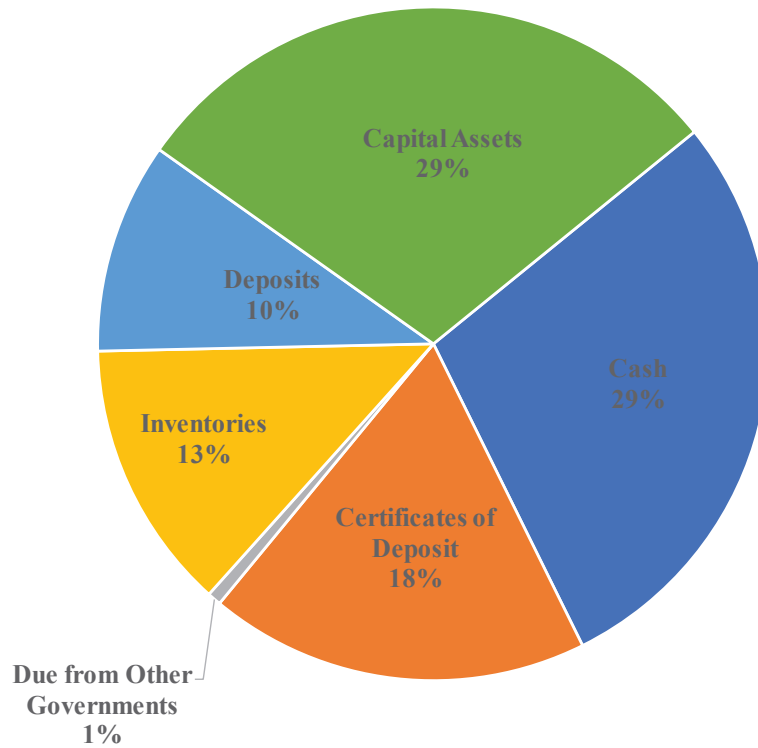

The notes to the financial statements explain in detail some of the data contained in the preceding statements and begin on page 19. These notes are essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Government-wide Financial Analysis:**

Net position may serve as a useful indicator of an agency's financial position. The District's net position as of September 30, 2020 was \$24,708,460. Its revenues, which include property taxes, investments, and miscellaneous income, totaled \$15,949,169 (*general revenue plus program revenue*). Total program expenses were \$9,255,092.

Approximately fifty-two percent of the District's assets represent its investment in capital assets, chemicals and aircraft parts inventory. The District utilizes and consumes these assets in order to safely provide effective mosquito control to the citizens within the District boundaries. The assets that remain are invested in Certificates of Deposit (CDs) and deposit accounts with banks designated by the Florida Chief Financial Officer as qualified public depositories.

## CMCD ASSETS

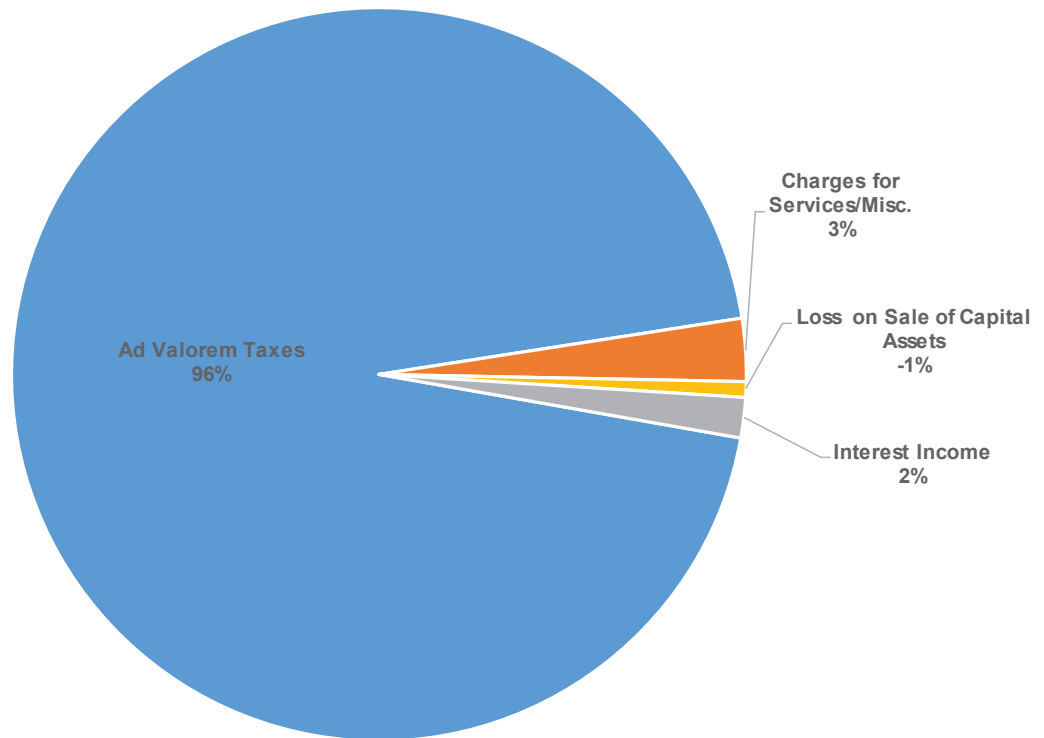

### Summary of Net Position September 30,

	2020	2019	Difference
Current and Other Assets	\$ 20,100,898	\$ 15,223,762	\$ 4,877,136
Capital Assets	8,361,511	6,842,778	1,518,733
Total Assets	<u>28,462,409</u>	<u>22,066,540</u>	6,395,869
Deferred Outflows of Resources	1,175,177	1,127,655	47,522
Current and Other Liabilities	362,042	222,185	139,857
Long-Term Liabilities	4,427,898	4,747,773	(319,875)
Total Liabilities	<u>4,789,940</u>	<u>4,969,958</u>	(180,018)
Deferred Inflows of Resources	139,186	209,854	(70,668)
Net Position			
Invested in Capital Assets	8,361,511	6,842,778	1,518,733
Unrestricted	16,346,949	11,171,605	5,175,344
Total Net Position	<u>\$ 24,708,460</u>	<u>\$ 18,014,383</u>	<u>\$ 6,694,077</u>

During the past year, total assets increased by \$6,395,869, total deferred outflow of resources decreased by \$47,522, total liabilities decreased by \$180,018, and total deferred inflows of resources decreased \$70,668, as indicated in the above table. In fiscal year 2019-2020, adulticide/larvicide materials on-hand at the end of the year increased by approximately \$287,000 as we keep multiple adulticides on hand to utilize the lowest impact approach toward treatment and in an effort to prevent insecticide resistance. In addition, an abundance of larvicide is on hand for pretreatment of areas before and during mosquito season.

The balance in cash and CDs increased by approximately \$2,038,000, as the District has begun to replace its fleet with new aircraft and has commenced to refurbish the District Headquarters. The District has contracted with a vendor to purchase a new fixed-wing aircraft and already made a deposit of \$2,689,500 and has \$2,200,500 to be paid in fiscal year 20-21. Personnel expenses decreased by \$715,403, as two full-time employees were hired and the cost of health insurance decreased. Operating expenses decreased by \$1,368,450 which, due to the net effect of the activities mentioned above.

### CMCD REVENUE

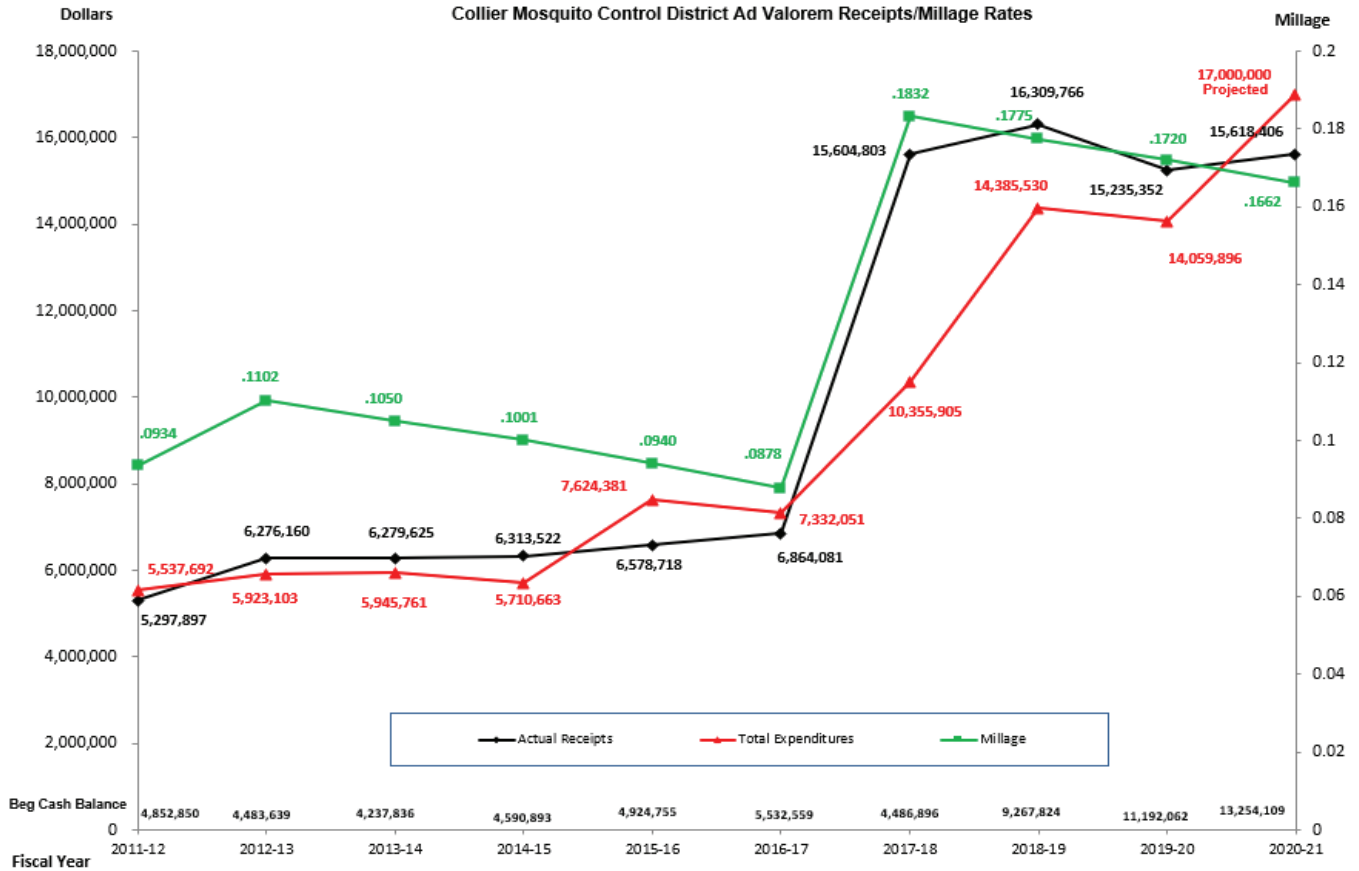

**Summary Changes in Net Position  
For the Fiscal Year Ended September 30,**

	2020	2019	Difference
<b>Revenues</b>			
Property Taxes	\$ 15,325,627	\$ 15,072,812	\$ 252,815
Intergovernmental	10,451	149,920	\$ (139,469)
Interest	287,005	329,860	\$ (42,855)
Charges for Services	330,002	212,449	\$ 117,553
Gain (Loss) on Sale of Capital Asset	(111,388)	518,000	\$ (629,388)
Miscellaneous	<u>107,472</u>	<u>98,261</u>	<u>\$ 9,211</u>
<b>Total Revenues</b>	<u>\$ 15,949,169</u>	<u>\$ 16,381,302</u>	<u>\$ (432,133)</u>
<b>Expenses</b>			
Human Services - Mosquito Control	<u>9,255,092</u>	<u>11,161,378</u>	<u>(1,906,286)</u>
Increase/Decrease in Net Position	6,694,077	5,219,924	1,474,153
Net Position - Beginning of Fiscal Year	<u>18,014,383</u>	<u>12,794,459</u>	<u>5,219,924</u>
<b>Net Position - End of Fiscal Year</b>	<u>\$ 24,708,460</u>	<u>\$ 18,014,383</u>	<u>\$ 6,694,077</u>

Total revenue decreased by \$432,133. The majority of the decrease is related to the District receiving proceeds for surplus assets in the prior year, whereas in the current year there were no significant sales of surplus assets and the vehicle maintenance building was demolished prior to being fully depreciated accounting for the loss on capital asset of (\$111,388). Charges for services were for reimbursable contractual mosquito control treatment rendered to the Ave Maria Stewardship Community Development District. In fiscal year 2019-2020, property tax revenue increased by \$252,815 and expenditures decreased by \$1,906,082, thus increasing the net position by \$1,474,153 at the end of the fiscal year. Property taxes represent 95% of the District's revenue.

The chart above reflects revenues, expenses, and millage rates (cash basis) for the past nine years and projections for the upcoming fiscal year (FY 2020-2021).

The District is partially self-insured for health insurance and has a high deductible on several other insurance policies. Four aircrafts are self-insured for in-flight and physical damage liability. Three aircrafts are fully insured. Fund balance committed for uninsured events on September 30, 2020 was \$500,000. For more information on the District's risk management, please see Note 12 on page 36 of the *Notes to Financial Statements*.

**Fiduciary Funds:**

The *CMCD IRC Section 115 Retiree Benefit Trust Fund* was established in 2008 to fund retiree health, dental, prescription, and vision benefits provided under the group self-health insurance program. The CMCD, as Sponsor, administers the fund for retired employees of the District, as specified by the Trust. The Trust can be funded via payments from the District, retirees, and/or reimbursements from the health self-insurance plan.

Post-employment health insurance related contributions were made in the amount of \$500,000.

**Budgetary Highlights:**

The District adopts an annual budget for its funds as required by Florida Statutes. The budget incorporates input from the Board of Commissioners, District staff, and citizens within the District regarding what services to provide and how to pay for them.

The budget also authorizes the District to obtain funds from identified sources to finance these current period activities. The *Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund* is provided on page 37 and denotes changes in the budget from the original to the final budget. The comparison statement is presented using the same format, language, and classifications as the original legal budget document.

Revenue variances from the final budget as compared to the actual amounts are depicted on page 37. The variance of \$52,538 is mainly related to budgeted miscellaneous revenues being higher than actual specifically for health insurance rebates that were placed in the OPEB trust instead of into the District’s revenue. The difference between the final amended budgeted expenditures and actual expenditures represents a positive variance of \$9,293,669. The variance is due primarily to the delay of refurbishment of District headquarters as discussed earlier, as well as unspent contingency funds.

**Capital Asset and Debt Administration:**

The District’s investment in *capital assets* at year-end is \$8,361,511 (net of accumulated depreciation) which includes property, plant, and equipment with a threshold of \$1,000 and an estimated useful life of more than one year, with the exception of software and improvements which extend the useful life beyond two years. Software and improvements acquired for general government purposes with an initial individual cost equal to or more than \$25,000 are capitalized. Assets are recorded at the lesser of cost when purchased or constructed and at acquisition value at the date of donation, and are depreciated utilizing the straight-line method. The District’s net book value increased by \$1,518,733. Maintenance and repairs of aircraft are not capitalized. The District purchases assets using existing funds available.

## Capital Assets

	<u>2020</u>	<u>2019</u>
Construction in Progress	\$ 1,697,114	\$ 531,050
Buildings & Leasehold Improvements	6,073,815	6,182,162
Aircraft	5,906,262	5,133,120
Vehicles	958,714	894,330
Equipment	<u>1,632,104</u>	<u>1,640,528</u>
Total Assets	\$ 16,268,009	\$ 14,381,190
Less: Accumulated Depreciation	<u>(7,906,498)</u>	<u>(7,538,412)</u>
Net Book Value	<u>\$ 8,361,511</u>	<u>\$ 6,842,778</u>

At September 30, 2020, the District had no *long-term debt*; its *other non-current liabilities* were comprised of accrued compensated absences, net pension liability and net OPEB obligation payables. For more information on accrued compensated absences, pensions or Postemployment Benefits other than Pensions, please see Note 1 on page 19, Note 8 on page 24, Note 9 on page 31 and Note 10 on page 31, respectively, of the *Notes to Financial Statements*. For more information on capital assets, please see Note 6 on page 24, of the *Notes to Financial Statements*.

### **Economic Factors and Next Year's Budget and Rates:**

In September of 2020, the Board of Commissioners approved a \$26.9 million budget for fiscal year 2021. The millage rate is .1662 mills per thousand, which is at the rolled-back rate, resulting in an increase in revenue of approximately \$383,054 or 2.52%. Property taxes are the largest source of revenue for the Collier Mosquito Control District.

### **Contacting the District's Financial Management:**

This financial report is designed to provide a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Questions concerning any of the information found in this report or requests for additional information should be directed to the Chief Financial Officer, Collier Mosquito Control District, 600 North Road, Naples, Florida 34104-3464.

RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION  
SEPTEMBER 30, 2020**

Fund balance - governmental fund \$ 19,738,856

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. The statement of net position includes those capital assets, net of any accumulated depreciation, in the net position of the government as a whole.

Cost of capital assets	16,268,009	
Accumulated depreciation	<u>(7,906,498)</u>	8,361,511

Deferred outflows of resources related to pensions are recorded in the statement of net position. 1,118,763

Deferred inflows of resources related to pensions are recorded in the statement of net position. (139,186)

Deferred outflows of resources related to Other Post Employment Benefit (OPEB) are recorded in the statement of net position. 56,414

Liabilities not due and payable from current available resources are not reported as liabilities in the governmental fund statements. All liabilities, both current and long-term, are reported in the government-wide financial statements.

Net pension liability		(3,440,239)
Net OPEB liability		(620,074)
Environmental remediation liability		(82,220)
Accrued compensated absences		<u>(285,365)</u>
Net position of governmental activities		<u>\$ 24,708,460</u>

See notes to the financial statements

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN  
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020**

Net change in fund balances - governmental fund	\$ 4,347,506
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets are eliminated and capitalized as capital assets.	2,135,822
Depreciation on capital assets is not recognized in the governmental fund financial statements but is reported as an expense in the statement of activities.	(496,851)
Governmental funds report inventory purchases as expenditures; however, in the statement of activities, the cost of inventory is capitalized and expensed as consumed	389,773
Some expenses reported in the statement of activities do not require the use of current financial resources; and, therefore, are not reported as expenditures in governmental funds. The details of the differences are as follows:	
Change in long-term compensated absences	(73,339)
Change in net pension liability and deferred outflows and inflows of resources related to pensions	(401,992)
Change in environmental remediation liability	191,280
Loss on disposal of capital assets	(120,238)
Change in net OPEB liability and deferred outflows and inflows of resources related to OPEB	722,116
Change in net position of governmental activities	\$ 6,694,077

**COLLIER MOSQUITO CONTROL DISTRICT  
NAPLES, FLORIDA  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY**

Collier Mosquito Control District, Naples, Florida ("District") is an independent special district created to perform mosquito control and suppression in Collier County in accordance with Chapter 388, Florida Statutes. The District was created as Naples Mosquito Control District by Chapter 63-1234, Laws of Florida, and was changed to Collier Mosquito Control District by Chapter 76-351, Laws of Florida. Chapter 2001-298, Laws of Florida, as amended, provided for resulted codification of previous legislation and amended the boundaries of the District.

The District is governed by the Board of Commissioners ("Board"), which is composed of five members, who are elected for terms of four years.

The Board has the final responsibility for:

1. Assessing and levying taxes and assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of the Executive Director.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes and other items not restricted to a particular program are reported instead as *general revenues*.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and any claims or judgments, are recorded only when payment is due.

#### Property Taxes

Property taxes are ad valorem and levied each November 1 on property as of the previous January 1. The fiscal year for which annual assessments are levied begins on October 1 with a maximum discount available for payments through November 30 and become delinquent on April 1. The taxes are billed and collected by the County Tax Assessor/Collector on behalf of the District. The amounts remitted to the District are net of applicable discounts or fees. The tax rate levied upon all of the taxable property in the Collier Mosquito Control District for the fiscal year ended September 30, 2020 was 0.1720 mills (\$0.1720 per \$1,000 of assessed taxable property value). Property tax revenue is recognized in the fiscal year for which taxes are levied.

Property tax revenue, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recorded as earned since they are measurable and available. In addition, revenue from Federal, State or local reimbursement type grants for which eligibility requirements have been met and which meet the availability criteria have been accrued and recognized as revenues of the period. Other revenue items are not considered to be measurable until cash is received by the government and, therefore, are not recorded as revenue until cash is actually received.

The District reports the following major governmental fund:

#### General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Additionally, the District reports the following fund type:

#### Fiduciary Fund

The IRC Section 115 Retiree Benefit Trust Fund is used to account for assets held by the District in a trustee capacity for individuals. The trust fund is accounted for on an accrual basis of accounting.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

### **Assets, Liabilities and Net Position or Equity**

#### Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Assets, Liabilities and Net Position or Equity (Continued)

#### Deposits and Investments (Continued)

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

#### Inventories and Prepaid Items

Inventories, consisting primarily of expendable chemicals and aircraft parts to be used in operations, are stated at the lower of cost, (first-in, first-out method), or market. The District utilizes the purchase method of accounting.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Capital Assets

Capital assets, which include property, plant and equipment, are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year, with the exception of software and improvements which extend the useful life beyond two years. Software and improvements acquired for general government purposes with an initial, individual cost of more than \$25,000 are capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and leasehold improvements	30
Aircraft	20-25
Vehicles	7
Machinery and equipment	5-10

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

#### Compensated Absences

It is the District's policy to permit employees to accumulate, within certain limits, earned but unused vacation and sick pay benefits, which will be paid to employees upon separation from the District's service, if certain criteria are met. In addition, certain sick pay, subject to limitation, is eligible for payout. Vacation and sick pay is accrued when earned in the government-wide financial statements. A liability for those amounts is reported in the governmental funds if they have matured as a result of employee resignations, termination or retirements.

#### Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Assets, Liabilities and Net Position or Equity (Continued)

#### Long-Term Obligations

In the government-wide financial statements long-term obligations are reported as liabilities in the statement of net position.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

#### Minimum Fund Balance Policy

The District's policy is to maintain an adequate general fund unassigned fund balance to provide liquidity to meet seasonal shortfalls in cash flow, and reduce susceptibility to emergence or unanticipated expenditures and/or revenue shortfalls. The District adopted a financial standard to maintain a general fund minimum unassigned fund balance of approximately three months' worth of operating expenditures, not to exceed 20% of local and state funds budgeted for expenditures.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Other Disclosures

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) During the summer, the executive director submits to the District Board of Commissioners a proposed operating budget for the fiscal year commencing the following October.
- b) Public hearings are conducted to obtain taxpayer comments.
- c) Prior to October 1, the budget is legally adopted through a resolution by the District Board of Commissioners. The budget is then approved by the Florida Department of Agriculture and Consumer Services, Bureau of Entomology and Pest Control.
- d) All budget changes must be approved by the District Board and by the Florida Department of Agriculture and Consumer Services, Bureau of Entomology and Pest Control.
- e) The budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles.
- f) The level of control for appropriations is exercised at the functional level.
- g) Unused appropriations for annually budgeted funds lapse at the end of the year.

## NOTE 4 – DEPOSITS

The District's cash balances including certificates of deposits were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

## NOTE 5 – INVENTORIES

Inventories as of September 30, 2020 were as follows:

	<u>Carrying amount</u>
Chemicals	\$ 2,772,449
Aircraft and vehicle parts	927,736
Total	<u>\$ 3,700,185</u>

## NOTE 6 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2020 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
<u>Governmental activities</u>				
Capital assets, not being depreciated				
Construction in progress	\$ 531,050	\$ 1,687,514	\$ (521,450)	\$ 1,697,114
Total capital assets, not being depreciated	531,050	1,687,514	(521,450)	1,697,114
Capital assets, being depreciated				
Buildings and leasehold improvements	6,182,162	-	(108,347)	6,073,815
Aircrafts	5,133,120	773,142	-	5,906,262
Vehicles	894,330	91,474	(27,090)	958,714
Machinery and equipment	1,640,528	105,142	(113,566)	1,632,104
Total capital assets, being depreciated	13,850,140	969,758	(249,003)	14,570,895
Less accumulated depreciation for:				
Buildings and leasehold improvements	4,681,307	55,043	(7,223)	4,729,127
Aircrafts	1,513,345	152,570	-	1,665,915
Vehicles	315,636	149,462	(27,090)	438,008
Machinery and equipment	1,028,124	139,776	(94,452)	1,073,448
Total accumulated depreciation	7,538,412	496,851	(128,765)	7,906,498
Total capital assets, being depreciated, net	6,311,728	472,907	(120,238)	6,664,397
Governmental activities capital assets, net	\$ 6,842,778	\$ 2,160,421	\$ (641,688)	\$ 8,361,511

Depreciation expense was charged to the Human services – mosquito control operating expenditures function.

## NOTE 7 – LONG TERM LIABILITIES

The changes in long-term liabilities for the fiscal year ended September 30, 2020, were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<u>Governmental activities</u>					
Compensated absences	\$ 212,026	\$ 73,339	\$ -	\$ 285,365	\$ 35,334
Governmental activity long-term liabilities	\$ 212,026	\$ 73,339	\$ -	\$ 285,365	\$ 35,334

## NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS)

### General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

## NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS) (Continued)

### General Information about the FRS (Continued)

All regular employees of the District are eligible to enroll as members of the FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' website ([www.dms.myflorida.com](http://www.dms.myflorida.com)).

The District's pension expense totaled \$650,755 for the fiscal year ended September 30, 2020.

### FRS Pension Plan

*Plan Description* – The FRS Pension Plan (Plan) is a cost-sharing, multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The classes of membership within the District are as follows:

- Regular Class – Member of the FRS who do not qualify for membership in another class.
- Senior Management Service Class – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

*Benefits Provided* – Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation (AFC). For members initially enrolled before July 1, 2011, the AFC is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the AFC is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

**NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS) (Continued)**

**FRS Pension Plan (Continued)**

The following chart shows the percentage value for each year of service credit earned:

<b>Class, Initial Enrollment, and Retirement Age/Years of Service</b>	<b>% Value</b>
<b>Regular Class members initially enrolled before July 1, 2011</b>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 years of service	1.68
<b>Regular Class members initially enrolled on or after July 1, 2011</b>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 years of service	1.68
<b>Senior Management Service Class</b>	2.00
<b>Elected Local Officers</b>	3.00

Per Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

**Contributions** – The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2020 fiscal year were as follows:

Class	Percent of Gross Salary October 1, 2019 to June 30, 2020		Percent of Gross Salary July 1, 2020 to September 30, 2020	
	Employee	Employer (1)	Employee	Employer (1)
FRS, Regular	3.00	8.47	3.00	10.00
FRS, Elected Officials	3.00	48.82	3.00	49.18
FRS, Senior Management Service Class	3.00	25.41	3.00	27.29
DROP, Applicable to all members in the above classes	0.00	14.60	0.00	16.98

(1) Except for the DROP, employer rates include a postemployment HIS contribution rate of 1.66%. Also, employer rates include .06% for administrative costs of the Investment plan.

The District's contributions to the Plan totaled \$167,090 for the fiscal year ended September 30, 2020. This excludes the HIS defined benefit pension plan contributions.

**NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS) (Continued)**

**FRS Pension Plan (Continued)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions* – At September 30, 2020, the District reported a liability of \$2,536,633 for its proportionate share of the Plan’s net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The District’s proportionate share of the net pension liability was based on the District’s contributions for the year ended June 30, 2020 relative to the contributions made during the year ended June 30, 2019 of all participating members. At June 30, 2020, the District’s proportionate share was .0059%, an increase of .0003% from its proportionate share measured as of June 30, 2019.

For the fiscal year ended September 30, 2020, the District recognized pension expense of \$550,794 related to the Pension Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>Description</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 97,082	\$ -
Change of assumptions	459,211	-
Net difference between projected and actual earnings on FRS pension plan investments	151,033	-
Changes in proportion and differences between City FRS contributions and proportionate share of FRS contributions	47,197	(79,086)
City FRS contributions subsequent to the measurement date	64,580	-
<b>Total</b>	<b>\$ 819,103</b>	<b>\$ (79,086)</b>

The deferred outflows of resources related to pensions, totaling \$64,580, resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ending September</b>	
<b>30:</b>	<b>Amount</b>
2021	\$ 142,992
2022	222,837
2023	188,490
2024	106,477
2025	14,641
Thereafter	-
<b>Total</b>	<b>\$ 675,437</b>

*Actuarial Assumptions* – The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary increases	3.25%, average, including inflation
Discount rate	6.8%

Mortality rates were based on the PUB-2010 base table which varies by member category and sex, projected generationally with Scale MP-2018. The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

**NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS) (Continued)**

**FRS Pension Plan (Continued)**

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation (1)</b>	<b>Annual Arithmetic Return</b>	<b>Geometric Return</b>	<b>Standard Deviation</b>
Cash	1.0%	2.2%	2.2%	1.2%
Fixed income	19.0%	3.0%	2.9%	3.5%
Global equity	54.2%	8.0%	6.7%	17.1%
Real estate (property)	10.3%	6.4%	5.8%	11.7%
Private equity	11.1%	10.8%	8.1%	25.7%
Strategic investments	4.4%	5.5%	5.3%	6.9%
<b>Total</b>	<b>100.0%</b>			
Assumed inflation - mean			2.4%	1.7%

(1) As outlined in the Plan’s investment policy

**Discount Rate** – The discount rate used to measure the total pension liability was 6.8 percent. The Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

**Sensitivity of the District’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate** – The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 6.8%, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.8%) or 1-percentage-point higher (7.8%) than the current rate:

	1% Decrease	Current Discount Rate Assumption	1% Increase
Net Pension Liability	\$ 4,050,577	\$ 2,536,633	\$ 1,272,181

**Pension Plan Fiduciary Net Position** – Detailed information about the Plan’s fiduciary net position is available in the FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

**HIS Pension Plan**

**Plan Description** – The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

**Benefits Provided** – In general, eligible retirees and beneficiaries receive a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

**NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS) (Continued)**

**HIS Pension Plan (Continued)**

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the contribution rate was 1.66% of payroll from October 1, 2019 through September 30, 2020 pursuant to section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District’s contributions to the HIS Plan totaled \$43,387 for the fiscal year ended September 30, 2020.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions* – At September 30, 2020, the District reported a net pension liability of \$903,606 for its proportionate share of the HIS Plan’s net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The District’s proportionate share of the net pension liability was based on the year ended June 30, 2020 contributions relative to the year ended June 30, 2019 contributions of all participating members. At June 30, 2020, the District’s proportionate share was .0074%, an increase of .0004% compared to its proportionate share measured as of June 30, 2019.

For the fiscal year ended September 30, 2020, the District recognized pension expense of \$99,961 related to the HIS Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 36,963	\$ (697)
Change of assumptions	97,164	(52,541)
Net difference between projected and actual earnings on FRS pension plan investments	721	-
Changes in proportion and differences between City FRS contributions and proportionate share of FRS contributions	152,789	(6,862)
City FRS contributions subsequent to the measurement date	12,023	-
Total	<u>\$ 299,660</u>	<u>\$ (60,100)</u>

The deferred outflows of resources related to pensions, totaling \$12,023, resulting from District contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending September 30:</u>	<u>Amount</u>
2021	\$ 48,574
2022	45,893
2023	35,274
2024	40,064
2025	36,015
Thereafter	21,717
<b>Total</b>	<u>\$ 227,537</u>

**NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS) (Continued)**

**HIS Pension Plan (Continued)**

Actuarial Assumptions – The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- 2.40%
- 3.25%, average, including inflation
- 2.21%

Mortality rates were based on the PUB-2010 base table which varies by member category and sex, projected generationally with Scale MP-2018. The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

Discount Rate – The discount rate used to measure the total pension liability was 2.21%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 2.21%, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21%) or 1-percentage-point higher (3.21%) than the current rate:

	1% Decrease	Current Discount Rate Assumption	1% Increase
	1.21%	2.21%	3.21%
Net Pension Liability	\$ 1,044,528	\$ 903,606	\$ 788,262

Pension Plan Fiduciary Net Position – Detailed information about the HIS Plan’s fiduciary net position is available in the FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

**FRS – Defined Contribution Pension Plan**

The District contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA’s annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member’s account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected Local Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

## NOTE 8 – FLORIDA RETIREMENT SYSTEM (FRS) (Continued)

### FRS – Defined Contribution Pension Plan (Continued)

Allocations to the investment member’s accounts during the 2020 fiscal year were as follows:

Investment plan Class	October 1, 2019 to June 30, 2020	July 1, 2020 to September 30, 2020
FRS, Regular	6.30%	6.30%
FRS, Elected Officials	11.34%	11.34%
FRS, Senior Management Service Class	7.67%	7.67%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS covered employment within the five year period, the employee will regain control over their account. If the employee does not return within the five year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District’s Investment Plan pension expense totaled \$76,527 for the fiscal year ended September 30, 2020.

## NOTE 9 – DEFINED CONTRIBUTION PLAN

### Pilots Supplemental Retirement Plan

Effective June 1, 2005, the District adopted and established the Collier Mosquito Control District Supplemental Retirement Plan for Pilots, a defined contribution pension plan for the benefit of its pilots. Contributions to the plan are limited to employer contributions. The District is required to contribute to the plan the percentage representing the difference between total employer contribution rate for members in the “Special Risk Class” under the Florida Retirement System and the total employer contribution rate actually applicable for the plan participants under the Florida Retirement System (currently the “Regular Class” or “DROP” rate). The employer contribution to the plan for the fiscal year ended September 30, 2020 was \$24,519. At September 30, 2020 there were six participants. The District has reserved the right to amend all plan provisions.

## NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

### Plan Description

The Collier Mosquito Control District IRC Section 115 Retiree Benefit Trust (the Trust) is a single-employer defined benefit healthcare plan established by the District. The provisions of the plan can be amended by the District. The Board of Trustees consists of the District’s Board of Commissioners, the District’s Executive Director, and the District’s Director of Administration.

For eligible employees who retired on or before December 31, 2011, the plan provides healthcare coverage for them, their spouses, and qualifying dependents for a period equal to one-half of the number of years of service at the District, after accruing a minimum of 20 years of service, through the District’ group health plan, which covers both active and retired employees.

**NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)**

Plan Description (Continued)

Beginning January 1, 2012, the plan provides healthcare coverage for eligible retirees and their spouses for a period equal to one-half of the number of years of service at the District, after accruing a minimum of 20 years of service, through the District' group health plan, which covers both active and retired employees. Upon demise of the employee, the spouse is offered coverage at the current plan rates with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). When a retiree reaches eligibility for Medicare, Medicare must become the primary provider; the District would then provide the supplemental coverage for the remainder of the benefit period.

The Trust does not issue a separate financial report.

Funding Policy

The District has assets designated for OPEB. These assets are in a qualified irrevocable trust which is included as a fiduciary fund in these financial statements. Contribution requirements are established through Policy # 2008-02, Policy for Funding OPEB Contributions. Active employees are not required to make contributions to the plan. Retirees must contribute the monthly health insurance subsidy received from the Florida Retirement System (FRS). For the fiscal year ended September 30, 2020, the District contributed \$25,668 to the Trust in FRS monthly health, vision, and dental insurance subsidies received by the District from retirees. In addition, the District contributed \$155,033 directly to the Trust and \$212,472 in benefits were paid by the General Fund rather than the Trust which resulted in an offsetting contribution recorded. In the event that Trust assets are not sufficient to pay benefits, the District is required to fund healthcare expenses from the current operating budget. Administrative costs of the Trust are to be paid by the District until such time as the Trust becomes self-sustaining.

Membership

At September 30, 2020, the following employees were covered by benefit terms:

Inactive employees or beneficiaries currently receiving benefits	11
Active employees	<u>18</u>
	<u><u>29</u></u>

Actuarial Methods and Assumptions

The assumptions used in the September 30, 2018 actuarial valuation report are based on the Alternative Measurement Method assumptions and methods under GASB 75.

## NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

### Actuarial Methods and Assumptions (Continued)

The net OPEB liability at September 30, 2020 was determined using the following actuarial assumptions:

Valuation date	September 30, 2018
Measurement date	September 30, 2020
Actuarial cost method	Entry age normal (level % of pay)
Amortization method	Straight-line over a closed 5-year period
Inflation	2.5 percent
Healthcare cost trend rates	6.9 percent for FY19, gradually decreasing to 4.0% for the years FY 2076 and later. Dental and vision premiums are assumed to increase 3.75% and 2.75% annually, respectively
Salary increases	3.25 percent per annum
Discount rate	3.25 percent.
Investment rate of return	3.25 percent
Retirement age	Latest of age 63, plan eligibility or current age.
Mortality	Rates are from the Pub-2010 headcount weighted mortality tables for General projected generational using scale MP-2018.
Coverage election	100% of the future retirees eligible for District premium subsidy and 0% of the future retirees not eligible for a District premium subsidy are assumed to elect coverage at retirement, continue until the District subsidy expires and then waive coverage. Employees currently waiving coverage are assumed to waive coverage at retirement. Future retirees electing coverage at retirement are assumed to cover their spouse, if their spouse currently has coverage. 100% of current retirees are assumed to continue their current single or family coverage until the District subsidy expires and then waive coverage.
Spouses and dependents	Future retirees: husbands are assumed to be three years older than their wives; retirees: actual spouse date of birth is used, if provided. Otherwise, males are assumed to be 3 years older than females
Funding Policy	The District has assets designated for OPEB in a GASB 74 qualified irrevocable Trust. No future contributions are assumed to be made to the Trust and no benefit payments are assumed to be made from the Trust.

### Discount Rate

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. The weighted asset class estimates are combined with the inflation and investment expense assumptions to produce the portfolio long-term expected rate of return. The assumed asset weighting is based on target allocations in the plan's investment policy statement.

## NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

### Actuarial Methods and Assumptions (Continued)

#### Discount Rate (Continued)

Expected future asset class returns were published in the 2019 Survey of Capital Market Assumptions produced by Horizon Actuarial Services. These expected returns, along with expected asset class standard deviations and correlation coefficients, are based on Horizon's annual survey of investment advisory firms. The expected inflation assumption was developed based on an analysis of historical experience blended with forward-looking expectations available in market data.

Estimated geometric real and nominal rates of return for each major asset class included in the OPEB plan's asset allocation as of the measurement date are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Expected Nominal Rate of Return</u>
International equity	0.0%	5.41%	7.91%
Domestic equity	0.0%	4.76%	7.26%
Fixed income	0.0%	2.01%	4.51%
Real estate and alternatives	0.0%	4.53%	7.03%
Cash and equivalents	100.0%	0.74%	3.24%
<b>Total</b>	<b>100.00%</b>		<b>3.25%</b>
Weighted Arithmetic average			3.3%

#### Changes in the Net OPEB Liability

Changes in the net OPEB liability during the fiscal year ended September 30, 2020 were as follows:

	<u>Increase (Decrease)</u>		
	<u>Total OPEB Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Net OPEB Liability</u>
	<u>(a)</u>	<u>(b)</u>	<u>(a) - (b)</u>
Balances at 9/30/2019	\$ 3,941,703	\$ 2,600,256	\$ 1,341,447
Changes for the year:			
Service cost	58,102	-	58,102
Interest	124,863	-	124,863
Change of assumptions	-	-	-
Differences between expected and actual experience	-	-	-
Employer contributions	-	846,228	(846,228)
Net investment income	-	58,110	(58,110)
Benefit payments & refunds	(315,723) <sup>1</sup>	(315,723)	-
Net Changes	(132,758)	588,615	(721,373)
Balance at 9/30/2020	\$ 3,808,945	\$ 3,188,871	\$ 620,074

<sup>1</sup> Benefit payments equal \$291,041 explicit subsidy payments to retirees and \$24,682 implicit subsidy costs incurred during the measurement period ending 9/30/2020.

## NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

### Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.25%) or 1-percentage-point higher (4.25%) than the current discount rate:

	<u>1% Decrease</u> <u>(2.25%)</u>	<u>Discount Rate</u> <u>(3.25%)</u>	<u>1% Increase</u> <u>(4.25%)</u>
Net OPEB liability	\$ 1,016,024	\$ 620,074	\$ 279,005

### Sensitivity of the Net OPEB Liability to the Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease in</u> <u>Trend Rates</u>	<u>Current</u> <u>Healthcare Cost</u> <u>Trend Rates</u>	<u>1% Increase in</u> <u>Trend Rates</u>
Net OPEB liability	\$ 173,184	\$ 620,074	\$ 1,160,953

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB  
For the fiscal year ended September 30, 2020, the District recognized OPEB expense of \$124,112. At September 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

<u>Description</u>	<u>Deferred Outflows</u> <u>of Resources</u>	<u>Deferred Inflows</u> <u>of Resources</u>
Net difference between projected and actual investment earnings	\$ 56,414	\$ -
Total	<u>\$ 56,414</u>	<u>\$ -</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending September 30:</u>	<u>Amount</u>
2021	\$ 26,151
2022	15,732
2023	9,153
2024	5,378
2025	-
Thereafter	-
<b>Total</b>	<b><u>\$ 56,414</u></b>

## NOTE 11 – COMMITMENTS AND CONTINGENCIES

### Operating facility leases

The District is committed under noncancelable operating leases for the use of various properties. Total payments under the lease for the year ended September 30, 2020 were \$85,000.

## NOTE 11 – COMMITMENTS AND CONTINGENCIES (Continued)

### Operating facility leases

Future minimum lease payments under noncancelable operating leases having excess of one year as of September 30, 2020 were as follows:

Year Ending September 30,	Amount
2021	\$ 56,880
2022	52,000
2023	52,000
2024	52,000
2025	52,000
Thereafter	<u>970,840</u>
Total Future Minimum Lease Payments	<u>\$ 1,235,720</u>

### Environmental Remediation Liability

The District is currently involved in an environmental assessment related to petroleum soil contamination at the District's facility at the Naples Municipal Airport in Naples, Florida. The District entered into a contract with GFA International to prepare a work plan for petroleum soil contamination assessment, excavation and source removal. The assessment involved collaboration between the District and GFA International. In October 2018, GFA concluded that contamination existed in the vicinities of the southwestern and southeastern former service islands. GFA International provided a preliminary cost estimate for excavation and removal of petroleum contaminated soil of \$273,500. To date, the District has incurred costs of \$191,280 related to the remediation. A liability for the remaining estimated amount of \$82,220 is included in the governmental activities at September 30, 2020.

## NOTE 12 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks, except for 4 aircraft which are partially self-insured for in-flight coverage. Three of the District's aircraft include in-flight and all aircrafts have physical damage coverage.

The District is self-insured for health benefits, and procures indemnity insurance for dental and vision benefits. During 2019, the District joined the Florida Local Government Health Insurance Consortium ("Consortium") risk pool for self-insured health benefits. The plan is managed by a third-party administrator and member contributions are established by the Consortium based on benefits selected by the member, premiums charged by an insurance company for reimbursement of benefits under a high-deductible insurance contract, and by use of a risk model for paying benefits on a self-funded basis. During the current fiscal year, the District paid \$1,123,470 for premiums, various fees, claims and cross-share amounts, of which \$194,727 is reported as an advance deposit at September 30, 2020.

A liability for claims incurred but not reported ("IBNR") is recognized when it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. At September 30, 2020, the District reported an IBNR of \$48,966.

**COLLIER MOSQUITO CONTROL DISTRICT  
NAPLES, FLORIDA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Commissioners. The general fund budget for the fiscal year ended September 30, 2020 was amended to increase revenues by \$362,743 and decrease other financing sources for sale of capital assets and use of fund balance by \$291,150 and \$71,593, respectively. Actual expenditures did not exceed appropriations for the fiscal year ended September 30, 2020.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners  
Collier Mosquito Control District  
Naples, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the remaining fund information of Collier Mosquito Control District, Naples, Florida ("District") as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated April 20, 2021.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE  
REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY  
RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Board of Commissioners  
Collier Mosquito Control District  
Naples, Florida

We have examined Collier Mosquito Control District, Naples, Florida, (the "District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2020. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2020.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Commissioners of Collier Mosquito Control District, Naples, Florida and is not intended to be and should not be used by anyone other than these specified parties.

## MANAGEMENT LETTER PURSUANT TO THE RULES OF THE AUDITOR GENERAL FOR THE STATE OF FLORIDA

To the Board of Commissioners  
Collier Mosquito Control District  
Naples, Florida

### Report on the Financial Statements

We have audited the accompanying basic financial statements of Collier Mosquito Control District, Naples, Florida (the "District") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated April 20, 2021.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

### Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated April 20, 2021, should be considered in conjunction with this management letter.

### Purpose of this Letter

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General for the State of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

- I. **Current year findings and recommendations.**
- II. **Status of prior year findings and recommendations.**
- III. **Compliance with the Provisions of the Auditor General of the State of Florida.**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, as applicable, management, and the Board of Commissioners of Collier Mosquito Control District, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank the District and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements, and the courtesies extended to us.

*Grau & Associates*

April 20, 2021

## REPORT TO MANAGEMENT

### I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

None

### II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS

None

### III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2019.

2. Any recommendations to improve the local governmental entity's financial management.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2020.

3. Noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2020.

4. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.
5. The District has not met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes.
6. We applied financial condition assessment procedures and no deteriorating financial conditions were noted as of September 30, 2020. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
