REPORT OF THE INDEPENDENT AUDITOR

Board of Commissioners Fort Myers Beach Fire Control District Fort Myers Beach, FL

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fort Myers Beach Fire Control District, (the "District") as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of the District as of September 30, 2020, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, and other required supplementary information, as provided in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 19, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters included under the heading INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Fort Myers Beach Fire Control District

Management's Discussion and Analysis (unaudited)

This discussion and analysis of the Fort Myers Beach Fire Control District (the "District") financial statements is designed to introduce the basic financial statements and provide an analytical overview of the District's financial activities for the fiscal year ended September 30, 2020. The basic financial statements are comprised of the government-wide financial statements, governmental fund financial statements, and footnotes. We hope this will assist readers in identifying significant financial issues and changes in the District's financial position.

Financial Highlights

- At the close of the fiscal year, the District's assets exceeded its liabilities, resulting in a net position of \$3,452,956.
- The District's total net position increased \$470,152 or 15.8%
- The District assigned/committed fund balance was 77.4% or \$5,930,983 of the District's total fund balance of \$7,665,795 at yearend. Additional information relating to fund balance can be found in Note I on page 34.
- Total revenues increased \$1,964,498, or 17.0%, in comparison to the prior year.
- Total expenses decreased \$629,788 or 4.6%, in comparison to the prior year.

Government-wide Financial Statements

Government-wide financial statements (Statement of Net Position and Statement of Activities found on pages 9 and 10) are intended to allow a reader to assess a government's operational accountability. Operational accountability is defined as the extent to which the government has met its operating objectives efficiently and effectively, using all resources available for that purpose, and whether it can continue to meet its objectives for the foreseeable future. Government-wide financial statements concentrate on the District as a whole and do not emphasize fund types.

The Statement of Net Position (Page 10) presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. The District's capital assets (property, plant and equipment) are included in this statement and reported net of their accumulated depreciation.

The *Statement of Activities* (Page 11) presents revenue and expense information showing how the District's net position changed during the fiscal year. Both statements are measured and reported using the economic resource measurement focus (revenues and expenses) and the accrual basis of accounting (revenue recognized when earned and expense recognized when a liability is incurred).

Governmental Fund Financial Statements

The accounts of the District are organized on the basis of governmental funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Governmental fund financial statements (pages 11 and 13) are prepared on the modified accrual basis of accounting using the current financial resources measurement focus. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets.

Fiduciary Funds

The Fiduciary fund (pages 15 and 16) is used to account for resources held in the Retiree Insurance Trust (VEBA) for the benefit of retired District employees. The fiduciary fund is not reflected in the government-wide financial statements because the resources of the VEBA fund are not available to support the District's programs.

Notes to the Financial Statements

The *notes* to the financial statements explain in detail the data contained in the preceding statements and begin on page 17. These notes are essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-Wide Financial Analysis

The government-wide financial statements were designed so that the user could determine if the District is in a better or worse financial condition from the prior year.

The following is a condensed summary of net position for the primary government for fiscal years 2020 and 2019:

Fort Myers Beach Fire Control District Summary of Net Position September 30, 2020 and 2019

Assets:	2020	2019
Current and other assets	\$ 8,131,766	\$ 10,800,113
Capital assets, net	12,842,915	8,062,105
Total Assets	20,974,681	18,862,218
Deferred outflows of resources - pensions	7,066,128	5,913,995
Liabilities:		
Current liabilities	752,417	841,992
Non-current Liabilities	23,216,060	19,642,965
Total liabilities	23,968,477	20,484,957
Deferred inflows of resources - pensions	619,376	1,308,452
Net position:		
Net investment in capital assets	11,267,748	6,175,699
Unrestricted (deficit)	(7,814,792)	(3,192,895)
Total net position	\$ 3,452,956	\$ 2,982,804

Current and other assets represent 38.8% of the total assets for fiscal year 2020. Current assets were comprised of cash and cash equivalents of \$1,772,790, investments of \$6,120,147, due from other governments of \$98,534, net receivables from ambulance transports of \$117,944, deposits of \$225, and prepaid expenses of \$22,126.

Capital assets, net of depreciation, was \$12,842,915. Capital assets are comprised of land, buildings, equipment, and vehicles, net of accumulated depreciation. The unrestricted net position (deficit) of \$7,814,792 represents available resources to be used at the District's discretion.

The District has assigned \$5,930,983 of the General Fund fund balance for purposes such as disaster, equipment sustainment, building improvements and millage stabilization. On a Governmental fund-basis the District had a total – General Fund – fund balance of \$7,665,795.

Current liabilities at September 30, 2020 are comprised of accounts payable, accrued expenses and unearned revenue of \$465,971 and the current portion of long-term liabilities of \$286,446. Non-current liabilities are comprised of notes and leases payable of \$1,288,721, a Net OPEB obligation of \$4,961,660, compensated absences of \$471,225, and net pension liability of \$16,494,454. Total liabilities increased \$3,483,520 or 17.0%, in comparison to the prior year. Additional information relating to long-term liabilities can be found in note F on pages 31-32.

The following schedule reports the revenues, expenses, and changes in net position for the District for fiscal years 2020 and 2019:

Fort Myers Beach Fire Control District Summary of Revenues, Expenses and Changes in Net Position Years ended September 30, 2020 and 2019

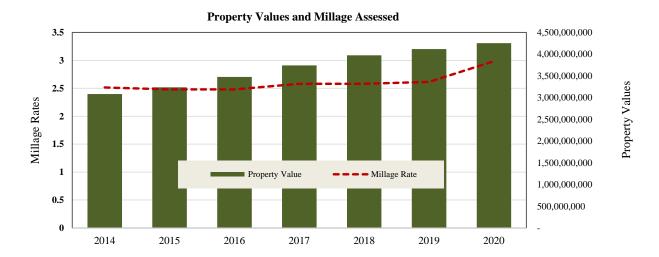

Revenues:	2020	2019
General Revenues		
Property taxes	\$ 12,322,291	\$ 10,456,777
Miscellaneous		
Impact fees	2,117	10,933
Interest	123,678	174,469
Other	62,588	5,862
Program Revenues		
Charges for services		
Ambulance	583,054	597,855
Inspection fees	310,967	207,598
Grants and contribuitions	115,702	102,405
Total Revenues	13,520,397	11,555,899
Expenses:		
Public Safety - Fire and Rescue Services	13,050,245	13,680,033
Increase (decrease) in net position	470,152	(2,124,134)
Net Position - Beginning of the year	2,982,804	5,106,938
Net Position - End of the year	\$ 3,452,956	\$ 2,982,804

In comparison to the prior year:

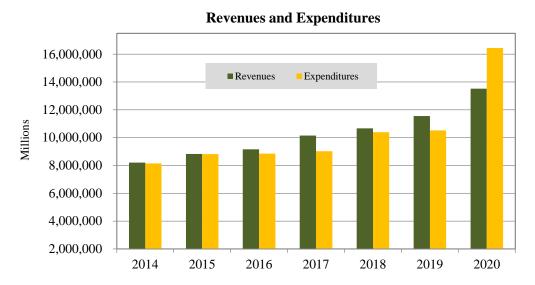

- Total revenues increased \$1,964,498, or 17.0%.
- Total expenses decreased \$\$629,788 or 4.6%.
- Assessed property values increased \$137,531,193 or 3.3%.
- Ad Valorem tax revenues increased \$1,865,514 or 17.8%.
- Impact fee revenues decreased \$8,816 or 80.6%.

The District adopted a millage rate of 2.9851 mills per thousand, an increase of 14.1% over the prior year. Property taxes represent 91.1% of total revenue.

The following chart compares the change in property value and millage rates for the past seven years:

The following chart compares revenues and expenditures for the past seven years:

Budgetary Highlights

The following is a brief review of noteworthy budgeting changes from the original budget to the final budget for the General Fund (see supplementary information on pages 56-59). The final budget increased \$1,413,458, or 6.3% from the original budget. The increase to fund balance is a result of final accounting for the prior fiscal year and applied to designated reserves. The District increased designated reserves for equipment and building replacement by \$1,100,000 in anticipation of purchasing property for the replacement of Station 31 in the near term, and increased the millage sustainment fund by \$313,458.

Budget versus actual comparisons are reported in the required supplementary information other than management discussion and analysis on pages 56-59.

Capital Assets

Non-depreciable capital assets include land; depreciable assets include buildings, vehicles, equipment, furniture and fixtures.

The following is a schedule of the District's capital assets as of September 30, 2020 and 2019:

Fort Myers Beach Fire Control District Capital Assets September 30, 2020 and 2019

CAPITAL ASSETS	2020	2019
Land	\$ 5,437,744	\$ 1,429,970
Total Capital Assets not depreciated	5,437,744	1,429,970
Buildings	6,730,798	6,648,298
Vehicles	3,679,206	3,058,856
Equipment	1,437,113	1,342,817
Total Capital Assets being depreciated	11,847,117	11,049,971
ACCUMULATED DEPRECIATION		
Buildings	(2,264,551)	(2,090,035)
Vehicles	(1,290,577)	(1,529,499)
Equipment	(886,818)	(798,302)
Total accumulated depreciation	(4,441,946)	(4,417,836)
CAPITAL ASSETS, NET	\$ 12,842,915	\$ 8,062,105

Major capital asset purchases during the current fiscal year included the following:

- Land purchase at a cost of \$4,007,774.
- Sutphen Aerial Truck at a cost of \$1,204,366.
- Two light duty vehicles at a cost of \$129,036.
- Communication and suppression equipment at a cost of \$109,220.
- Roof replacement at Station 32 at a cost of \$82,500.

Additional information on the District's capital assets can be found in Note E on page 30.

Debt Administration

The District's outstanding debt is comprised of notes and leases payable, compensated absences, a net OPEB (other post-employment benefit) obligation for retiree health insurance and net pension liability. The following is a summary schedule of the District's outstanding debt at September 30, 2020 and 2019:

Fort Myers Beach Fire Control District Debt Obligations September 30, 2020 and 2019

	2020	2019
Net pension liability	\$ 16,494,454	\$ 13,553,526
Notes and leases payable	1,575,167	1,908,502
Compensated Absences	471,225	345,447
Net OPEB obligation	4,961,660	4,290,827
Total outstanding debt	\$ 23,502,506	\$ 20,098,302

Compensated absences increased by \$125,778 or 36.4% in comparison to the prior year. This liability represents the total amount the District has due at the termination of all employees' employment as of September 30, 2020. Notes and leases payable decreased by \$333,335 or 17.5% in comparison to the prior year. Net pension liability increased by \$2,940,928 or 21.7% in comparison to the prior year. Net Other Post Employment Benefits (OPEB) increased by \$670,833 or 15.6% in comparison to the prior year.

Additional information on the District's debt obligations can be found in Note F on pages 31-32.

Economic Factors and Next Year's Budget

The following factors were considered when next year's budget (2020-2021) was adopted:

- Overall property values within the District increased \$319,953,370 or 4.29% to \$4,434,591,446.
- The District adopted the millage rate of 2.9851, no change from the prior year, with the intention of allocating additional revenues generated by increased property values to the Station 31 and Headquarters building project.

Request for information

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2020

The increase (change) in net position reported for governmental activities in the statement of activities is different because: Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Plus: Expenditures for capital assets Less: Current year depreciation expense The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net position. (162,763) The issuance of debt is reported as a financing source in governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position. Repayments (principal retirement): Notes Payable Capital Leases Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental fund. Increase in pension and OPEB expense related to amortization of deferred inflows and deferred outflows Increase in compensated absences Increase (decrease) in net position of governmental activities \$ 470,152	Net change (expenditures in excess of revenues and other financing sources) in fund balances - total governmental funds		\$ (2,747,663)

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Fort Myers Beach Fire Control District (the "District") is an independent special district established on May 1, 1951, by Laws of Florida, Chapter 51-27676, as amended, under the provisions of Florida Statute Chapter 633. Laws of Florida, Chapter 2000-422 codified, reenacted, amended and repealed its prior enabling acts and was effective June 5, 2000. The District's codified act was amended by Laws of Florida, Chapter 2008-275 which was approved by the Governor on June 17, 2008. This law approved a change in District boundaries by removing certain lands from within the District. The District has the general and special powers prescribed by Florida Statutes Chapters 189, 191 and 633.15 as well as Laws of Florida, Chapter 97-340. The District was created for the purpose of providing fire control and protection services for a certain designated area along coastal Lee County. The District also provides emergency medical and crash and rescue services including transport (ambulance) services. The District's service area includes the Town of Fort Myers Beach and certain adjacent areas of unincorporated Lee County. The District is governed by an at-large elected five (5) member Board of Commissioners serving staggered four (4) year terms. The District operates three (3) stations plus its administrative offices.

During the year ended September 30, 2008, the District established The Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008. This is presented as a fiduciary fund in the financial statements.

Reporting Entity

The District adheres to Governmental Accounting Standards Board Statement Number 14, "Financial Reporting Entity" (GASB 14), as amended by GASB Statement Number 39, "Determining Whether Certain Organizations Are Component Units" (GASB 39) and GASB Statement Number 61, "The Financial Reporting Entity: Omnibus - An Amendment of GASB Statements No. 14 and No. 34" (GASB 61).

These Statements require the basic financial statements of the District (the primary government) to include its component units, if any. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. Based on the criteria established in GASB 14, as amended, there are no component units required to be included. Therefore, no component units are included in the District's basic financial statements.

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the District as a whole. Individual funds are not displayed, but the statements distinguish governmental activities, generally supported by intergovernmental and general revenues.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Government-wide and Fund Financial Statements, continued

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, series, or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operating activities or capital improvements of a particular function. Program revenues are considered to be revenues generated by services performed and/or by fees charged, such as inspection and ambulance fees, as well as operating and capital grants. Taxes and other revenue sources not properly included with program revenues are reported as general revenue.

The purpose of the government-wide financial statements is to allow the user to be able to determine if the District is in a better or worse financial position than the prior year.

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the District's governmental and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds in aggregate for governmental funds. The General Fund is the District's primary operating fund and only governmental fund. It accounts for all financial resources of the District, including any impact fees collected.

The insurance trust fund (VEBA) accounts for the activities of the Retiree Insurance Trust, which accumulates resources for the payment of post-employment benefits other than pension for qualified retirees. This fiduciary fund is not reported in the government-wide financial statements, as the assets in this fund are held in trust for retirees and are not available for the operations of the District.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The financial statements of the District have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Measurement Focus, Basis of Accounting, and Financial Statement Presentation, continued

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability in the government-wide financial statements, rather than as expenditures.

Non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as notes payable and capital leases, to be reported in the governmental activities column in the government-wide Statement of Net Position.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period.

Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period and soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers tax revenues to be available if they are collected within sixty days of the end of the current fiscal period.

Revenues susceptible to accrual are property taxes, ambulance fees, interest on investments, and intergovernmental revenues. Property taxes are recorded as revenues in the fiscal year in which they are levied, provided they are collected in the current period or within sixty days thereafter. Interest on invested funds and ambulance fees are recognized when earned. Intergovernmental revenues that are reimbursements for specific purposes or projects are recognized when all eligibility requirements are met.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) principal and interest on the long-term debt, if any, which is recognized when due; and (2) expenditures, which are generally not divided between years by the recording of prepaid expenditures.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Measurement Focus, Basis of Accounting, and Financial Statement Presentation, continued

The Fiduciary Fund - The Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008 financial statements are prepared using the accrual basis of accounting and the economic resources measurement focus. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable.

Restricted assets and liabilities related to restricted assets which are current in nature are reported with current assets and current liabilities in both the government-wide and fund financial statements.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

Net Position

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted –net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Net position in the government-wide fund financial statements are classified as net investment in capital assets, restricted, and unrestricted. Restricted net positions represent constraints on resources that are either a) externally imposed by creditors, grantors, contributors or laws or regulations of other governments or b) imposed by law through state statute.

Fund Balances

When both restricted and unrestricted resources are combined in a fund, expenditures are considered to be paid first from restricted resources, as appropriate, and then from unrestricted resources. The governmental fund financial statements the District maintains include nonspendable, restricted, committed, assigned and unassigned fund balances. Nonspendable fund balances are those that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Criteria include items that are not expected to be converted into cash, for example prepaid expenses.

The District's restricted fund balance consists of amounts that can be spent only on specific purposes stipulated by constitutional provisions or enabling legislation or externally imposed by creditors, grantors, contributors, or laws or regulations of other governments.

Committed fund balance consists of amounts that can only be used for specific purposes pursuant to resolution of the District Board. Committed fund balance may be redirected by the District Board to other purposes as long as the original constraint is removed by a similar resolution.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Fund Balances, continued

The resolution giving rise to the committed fund balance must be imposed by the end of the fiscal year.

The District's assigned fund balances are a result of the District's Board approval. The District's intent is to maintain a minimum assigned fund balance level of three (3) months of prior year total expenditures. The assigned fund balance will serve as the District's operational reserve to carry the District's operations from October 1 through December 31 of the subsequent fiscal year. The Board's intent is to hold an assigned capital asset reserve for future capital asset needs as well as assigned fund balance amounts for disaster events (30 days all-out response). At September 30, 2020, fund balance is also assigned for a variety of specific items by District Board action. Any use of the assigned fund balance requires the District's Board approval.

Unassigned fund balance is fund balance that has not been reported in any other classification within the General Fund.

Impact Fees

Through an interlocal agreement, the District levies an impact fee on new construction within the District. The intent of the fee is for growth within the District to pay for capital improvements needed due to the growth. The fee is collected by both Lee County and the Town of Fort Myers Beach and is remitted to the District. The fee is refundable if not expended by the District within twenty (20) years from the date of collection. The District, therefore, records this fee as restricted cash and as unearned revenue, in the general fund, until the date of expenditure, at which time it is recognized as revenue and charged to growth related debt service in the fund financial statements and debt reduction in the government-wide financial statements.

During the year ended September 30, 2013, the District resolved to eliminate the Impact Fee Fund due to the small amount of impact fees collected annually. Impact fees imposed and collected by Lee County and the Town of Fort Myers Beach are based on new construction within the District. The fees are restricted and can only be used for certain capital expenditures and/or related debt associated with growth within the District. Any amounts collected are applied to the debt service of previously approved debt.

Investments

The District adheres to the requirements of Governmental Accounting Standards Board (GASB) Statement Number 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" (GASB 31), in which all investments are reported at fair value, other than those included in GASB Statement Number 79, "Certain External Investment Pools and Pool Participants," in which investments are reported at amortized cost. GASB Statement 40 "Deposit and Investment Risk Disclosures—an amendment of GASB Statement No. 3," and GASB Statement Number 72, "Fair Value Measurement and Application." Specifically, the District has adopted a policy to adhere to Chapter 218.415(17), Florida Statutes.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investments, continued

Investments held by the Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008 may include marketable securities, bonds, time deposits, mutual funds, money market funds and depository accounts. On November 28, 2008, the VEBA fund adopted a separate investment policy from that of the District which was intended to be in compliance with Florida Statute Chapter 218.415(1-16).

Capital Assets

Capital assets, which include land, construction in progress, buildings and improvements, vehicles, and equipment, are reported in the government-wide Statement of Net Position, and are capitalized and depreciated. Expenditures for capital assets are recorded in the fund statements as current expenditures.

The District follows a capitalization policy which calls for capitalization of all capital assets that have a cost or donated value of \$1,000 or more and have a useful life in excess of one year.

All capital assets are valued at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at acquisition value on the date donated. Public domain (infrastructure) capital assets consisting of certain improvements other than building, including curbs, gutters and drainage systems, are not capitalized, as the District generally does not acquire such assets. No debt-related interest expense is capitalized as part of capital assets.

Maintenance, repairs and minor renovations are not capitalized. The acquisition of land and construction projects utilizing resources received from Federal and State agencies is capitalized when the related expenditure is incurred. Expenditures that materially increase values, change capacities, or extend useful lives are capitalized. Upon sale or retirement, the cost is eliminated from the respective accounts.

Depreciable capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset	<u>Years</u>
Buildings and Improvements	20 - 40
Vehicles	5 - 20
Equipment	3 - 20

Compensated Absences

The District's employees accumulate annual leave based on the number of years of continuous service. Upon termination of employment, employees can receive payment of accumulated annual leave if certain criteria are met. The cost of personal leave benefits (compensated absences) are expended in the respective operating funds when payments are made to employees. However, the liability for all accrued personal leave benefits is recorded in the government-wide Statement of Net Position.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Retirement Plans and Post Employment Benefits other than Pension (OPEB) Plans

In the government-wide Statement of Net Position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability, the net OPEB liability for the Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008, and the total OPEB liability for the OPEB for those who retired on or before September 30, 2008 and the Implicit Subsidy of the District. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments, (including refunds of employees contributions) are recognized when due and payable in accordance with the benefit terms. For purposes of measuring the net OPEB liability and total OPEB liability of the District's two OPEB plans: The Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008 (the "VEBA Plan") and OPEB for those who retired on or before September 30, 2008 and the Implicit Subsidy of the District (the Non-VEBA Plan"), deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the plan, if applicable, and additions to/deductions from fiduciary net position of the plan, if applicable, have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

The District's retirement plans and OPEB plans and related amounts are described in a subsequent note.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized an as outflow of resources (expense/expenditure) until then. The deferred amount on pensions and OPEB is reported in the government-wide Statement of Net Position. The deferred outflows of resources related to pensions and OPEB are discussed in a subsequent note.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The deferred amount on pensions and OPEB is reported only in the government-wide Statement of Net Position.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Deferred Outflows/Inflows of Resources, continued

A deferred amount on pension and OPEB results from the difference in the expected and actual experience, changes in assumptions, the net difference between projected and actual earnings on investments, employer specific amounts due to a change in employer proportion, and contributions subsequent to the measurement date. These amounts are deferred and amortized over time.

Budgetary Information

The District has elected to report budgetary comparison of major funds as required supplementary information (RSI).

The District has adopted an annual budget for the General Fund.

No budget was legally required for the Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008

The District follows these procedures in establishing budgetary data for the General Fund:

- 1. During the summer of each year, the District Fire Chief submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing on the upcoming October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. The budget is adopted by approval of the Board of Commissioners.
- 4. Budget amounts, as shown in these financial statements, are as originally adopted or as amended by the Board of Commissioners.
- 5. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America.
- 6. The level of control for appropriations is exercised at the fund level.
- 7. Appropriations lapse at year-end.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District because, at present, it is not necessary in order to assure effective budgetary control or to facilitate effective cash planning and control.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through May 19, 2021, which is the date the basic financial statements were available to be issued.

NOTE B - CASH AND CASH EQUIVALENTS

The District's deposit policy is in accordance with Florida Statute Chapter 218.415(17). At September 30, 2020, the District maintained deposits in checking accounts and money market savings accounts. These deposits were entirely covered during the year and at year-end by federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida (Florida Statute Chapter 280). District depositories are banks designated as qualified depositories by the State Treasurer. As of September 30, 2020, the carrying amount of the District's deposits including investments in the Local Government Surplus Funds Trust Fund- PRIME ("PRIME") administered by the Florida State Board of Administration ("SBA"), but exclusive of the Retiree Insurance Trust Fund VEBA was \$7,892,637 the bank balance was \$7,950,205 and cash on hand was \$300. Restricted cash consisted of \$10,410.

The Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008, as later defined, held restricted cash and cash equivalents of \$57,277 (book and bank balance as well as deposits), at September 30, 2020, in a money market fund. This cash account is not subject to coverage under the Federal Depository Insurance (FDIC) or by collateral pursuant to the Public Depository Security Act of the State of Florida (Florida Statute 280).

NOTE C - INVESTMENTS

District Investments

Florida Statutes and District policy authorize investments in PRIME, an external 2a7-like investment pool. The Fund is publicly traded and may lose principal. PRIME is not registered with the SEC as an investment company, but nevertheless has a policy that it will, and does, operate as a qualifying external investment pool. PRIME has a Standard & Poor's rating of AAAm at September 30, 2019 and meets all of the necessary criteria to elect to measure all of the investments in PRIME at amortized cost. In terms of interest rate risk, PRIME had a weighted average days to maturity (WAM) of 37 days and a weighted average life (WAL) of 85 days at September 30, 2019. PRIME was not exposed to any foreign currency risk nor did it participate in a securities lending program during the period from October 1, 2019 through September 30, 2020. There are currently no limitations as to the frequency of redemptions; however, PRIME has the ability to impose restrictions on withdrawals should a material event occur. Detailed information on the withdrawal restrictions that may be imposed and PRIME's responsibilities should such an event occur is described in Section 218.409(8)(a), Florida Statutes.

The District's investment in PRIME represented less than 1% of the PRIME's total investments. Investments held in PRIME include, but are not limited to, short-term federal agency obligations, treasury bills, repurchase agreements and commercial paper. These short-term investments are stated at cost, which approximates market. Investment income is recognized as earned and is allocated to participants of the Fund based on their equity participation.

At September 30, 2020, the District reported PRIME investments of \$6,120,147 at amortized cost.

The Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008 (the "VEBA Plan")

Cash and cash equivalents and investments of the VEBA Plan totaled \$57,277 and \$1,201,229 respectively, at September 30, 2020. Such investments are controlled by the VEBA Plan's Board policy.

VEBA Plan Investment Authorization

The VEBA Plan's investment policy is determined by its Board of Trustees. The policy provides for the use of investment managers to oversee the investments of the Fund in a manner so that the assets will provide benefits to the participants and preserve capital while maximizing the rate of return.

The policy establishes certain investment objectives and asset class targets. The VEBA Plan is expected to earn a return over time exceeding the target rate of 7%. In addition, the VEBA Plan should earn a return greater than inflation, as measured by the Consumer Price Index, by 4% per year.

NOTE C - INVESTMENTS, CONTINUED

The Board of Trustees adopted the following asset class targets, based on market value:

	% Range	% Target
Large cap value equity	18.25-13.25%	15.75%
Large cap growth equity	18.25-13.25%	15.75%
SMID cap equity	17.00-12.50%	15.00%
International equity	18.50-13.50%	16.00%
Fixed income	32.50-22.50%	27.50%
Master limited partnership	15.00-0.00%	10.00%
		100.00%

VEBA Plan Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to change in market interest rates. As a means of limiting its exposure to interest rate risk, the VEBA Plan diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer with various durations of maturities.

Information about the sensitivity of the fair values of the VEBA Plan's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the VEBA Plan's investments by maturity at September 30, 2020, using the segmented time distribution method:

VEBA Plan Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The VEBA Plan's investment policy utilizes portfolio diversification in order to control this risk.

VEBA Plan Concentration of Credit Risk:

The investment policy of the Plan contains limitations on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. There were no individual investments that represented 10% or more of the fund's fiduciary net position at September 30, 2020.

VEBA Plan Custodial Credit Risk:

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Consistent with the Plan's investment policy, the investments are held by Plan's custodial bank and registered in the Plan's name.

NOTE C - INVESTMENTS, CONTINUED

VEBA Plan Foreign Currency Risk

Foreign currency risk is the risk that fluctuations in the currency exchange rate may affect transactions conducted in currencies other than US Dollars and the carrying value of foreign investments. The VEBA Plan's exposure to foreign currency risk derives mainly from its investments in international equity funds. The VEBA Plan reports international equity funds at market value of \$186,390.

VEBA Plan Fair Value Measurements

The framework for measuring fair value provided a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE C - INVESTMENTS, CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at September 30, 2020.

- Common stock: Valued at the closing price reported on the New York Stock Exchange.
- US government securities: Valued at the closing price reported in the active market in which the individual security is traded.
- Corporate Bonds: Certain corporate bonds are valued at the closing price reported in the active
 market in which the bond is traded. Other corporate bonds are valued based on yields currently
 available on comparable securities of issuers with similar credit ratings. When quoted prices are
 not available for identical or similar bonds, the bond is valued under a discounted cash flow
 approach that maximizes observable inputs, such as current yields of similar instruments, but
 includes adjustments for certain risks that may not be observable, such as credit and liquidity
 risks
- Master Limited Partnerships: Valued at the closing price reported on the New York Stock Exchange.

The following table sets forth by level, within the fair value hierarchy, the VEBA Plan's assets at fair value at September 30, 2020:

Asset Type	·	Level 1		Level 1		Level 1		Level 1		Level 1		Level 1		vel 2	Le	vel 3	 Total
Common stock	\$	707,274	\$	-	\$	-	\$ 707,274										
Corporate bonds		307,963		-		-	307,963										
Government securities		185,992		-		-	185,992										
Total at fair value	\$	1,201,229	\$	-	\$	-	\$ 1,201,229										

NOTE D - RECEIVABLES, NET

Receivables, net consist of the following at September 30, 2020:

	Amount
Ambulance receivables and other	\$ 291,491
Less: Allowance for doubtful accounts	(179,067)
Net ambulance receivables	112,424
Misc. receivable	5,520
Receivables, net	\$ 117,944

Receivables are considered doubtful when assigned to the third party collection agency. Subsequent payments recaptured on delinquent accounts are recorded when deposited and offset against the contra asset allowance for doubtful accounts.

NOTE E - CAPITAL ASSETS ACTIVITY

The following is a summary of changes in capital assets activity for the year ended September 30, 2020:

	Balance Oct. 1, 2019	Increases / Additions	Decreases /	Adj	ustments	Balance Sept. 30, 2020
Capital Assets						
Not Being Depreciated:						
Land	\$ 1,429,970	\$ 4,007,774	\$ 	\$		\$ 5,437,744
Capital Assets						
Being Depreciated:						
Buildings	6,648,298	82,500	-		-	6,730,798
Equipment	1,342,817	158,575	(64,279)		-	1,437,113
Vehicles	3,058,856	1,333,402	(713,052)		-	3,679,206
Total Capital Assets						
Being Depreciated	11,049,971	 1,574,477	(777,331)			 11,847,117
Less: Accumulated						
Depreciation						
Buildings	(2,090,035)	(174,516)	-		-	(2,264,551)
Equipment	(798,302)	(151,361)	62,845		-	(886,818)
Vehicles	(1,529,499)	(297,897)	536,819		-	(1,290,577)
Total Accumulated						
Depreciation	(4,417,836)	 (623,774)	599,664		-	 (4,441,946)
Total Capital Assets						
Being Depreciated, Net	6,632,135	950,703	(177,667)		_	7,405,171
Capital Assets, Net	\$ 8,062,105	\$ 4,958,477	\$ (177,667)	\$	-	\$ 12,842,915

Depreciation expense was charged to the following functions during the year ended September 30, 2020:

	<i>F</i>	Amount		
General Government	\$	623,774		
Total Depreciation Expense	\$	623,774		

NOTE F - LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities for the year ended September 30, 2020:

	Balance Oct. 1, 2019	 Additions	Retirements/ Adjustments	Balance Sept. 30, 2020	Dι	Amounts ue Within One Year
Notes Payable	\$ 490,933	-	\$ (130,202)	360,731	\$	157,393
Capital Leases	1,417,569	-	(203,133)	1,214,436		129,053
Compensated Absences	345,447	543,094	(417,316)	471,225		-
Net Pension Liability - FRS	11,753,697	4,748,212	(1,930,888)	14,571,021		-
Net Pension Liability - HIS	1,799,829	281,927	(158,323)	1,923,433		-
Net OPEB Liability	4,290,827	670,833	-	4,961,660		-
	\$20,098,302	\$ 6,244,066	\$ (2,839,862)	\$23,502,506	\$	286,446

Long-term liabilities are comprised of the following at September 30, 2020:

Note Payable

\$1,255,000 Revenue Note Series 2013 issued April 23, 2013, to refinance the original note used for the construction of Station #33. The note requires monthly payments of \$11,598, bearing interest at a rate of 2.08%. Final payment due on May 1, 2023.

360,731

Capital Leases

\$96,000 capital lease to a leasing company for the purchase of bunker gear was entered into on August 15, 2018. The first payment of \$6,521 was due on November 15, 2018 and quarterly thereafter over four years with an annual interest rate of 3.99%, with a final payment on August 15, 2022. The lease is collateralized by the bunker gear itself.

49,905

\$1,410,000 capital lease payable to a financial institution for the purchase of two fire trucks was entered into on September 27, 2018. The first payment of \$41,670 was due on December 27, 2018 and quarterly thereafter over ten years with an annual interest rate of 3.37%, with a final payment due September 27, 2028. The lease is collateralized by the respective fire trucks.

1,164,531

Total Capital Leases

1,214,436

Compensated absences, Employees of the District are entitled to paid leave based on length of service and job classification.

471,225

Net pension liability - FRS pension plan. This amount is actuarially determined through calculation based upon the audited financial statements of the Florida FRS Plan.

14,571,021

NOTE F - LONG-TERM LIABILITIES, CONTINUED

Net pension liability - HIS pension plan. This amount is actuarially determined through calculation based upon the audited financial statements of the Florida FRS Plan.

1,923,433

Net OPEB liability. Cumulative difference between annual OPEB cost and District payments toward the cost of post employment benefits other than pensions since GASB No. 75 transition date of September 30, 2020.

4,961,660

Total long-term liabilities \$23,502,506

The annual debt service requirements at September 30, 2020, were as follows:

Year Ending			
September 30,	Principal	Interest	Total
2021	286,446	45,494	331,940
2022	294,633	37,308	331,941
2023	230,076	29,386	259,462
2024	142,722	23,956	166,678
2025	147,593	19,085	166,678
2026	152,630	14,048	166,678
2027	157,839	8,839	166,678
2028	163,228	3,452	166,680
	1,575,167	181,568	1,756,735
Net Pension Liability - FRS	14,571,021		
Net Pension Liability - HIS	1,923,433		
Net OPEB Liability	4,961,660		
Compensated Absences	471,225		
Total long-term liabilities	\$ 23,502,506		

Interest expenditures for the year ended September 30, 2020 totaled \$54,031 and was recorded in the General Fund, of which \$10,933 was paid with impact fee revenue.

NOTE G - PROPERTY TAXES

Property taxes are levied after formal adoption of the District's budget and become due and payable on November 1 of each year and are delinquent on April 1 of the following year. Discounts on property taxes are allowed for payments made prior to the April 1 delinquent date. Tax certificates are sold to the public for the full amount of any unpaid taxes and must be sold not later than June 1 of each year. The billing, collection, and related recordkeeping of all property taxes is performed for the District by the Lee County Tax Collector. No accrual for the property tax levy becoming due in November 2020 is included in the accompanying financial statements, since such taxes are collected to finance expenditures of the subsequent period.

September 30, 2020

NOTE G - PROPERTY TAXES, CONTINUED

Procedures for collecting delinquent taxes, including applicable tax certificate sales and tax deed sales, are provided for by Florida Statutes. The enforceable lien date is approximately two years after taxes become delinquent and occurs only upon request of a holder of a delinquent tax certificate. As of September 30, 2020, \$85,003 was due from the Lee County Tax Collector to the District for ad valorem taxes and excess fees.

Important dates in the property tax cycle are as follows:

Tax certificates sold by the Lee County Tax Collector

Assessment roll certified	July 1
Millage resolution approved	No later than 93 days following certification of assessment roll
Taxes due and payable (Levy date)	November, with various discount provisions through March 31
Property taxes payable - maximum discount (4.00 %)	30 days after levy date
Beginning of fiscal year for which taxes have been levied	October 1
Due date	March 31
Taxes become delinquent (lien date)	April 1

For the year ended September 30, 2020, the Board of Commissioners of the District levied ad valorem taxes at a millage rate of \$2.9851 per \$1,000 of the 2019 net taxable value of real property located within the District.

Prior to June 1

NOTE H - IMPACT FEE ACTIVITY

During the year ended September 30, 2020, the District had the following transactions related to Impact Fees:

Unearned revenue, October 1, 2019	\$ -
Impact fee receipts	2,117
Debt service interest	(2,117)
Unearned revenue, September 30, 2020	\$ -

NOTE I - FUND BALANCE ALLOCATIONS

Fund balance was allocated the following purposes at September 30, 2020:

Nonspendable Fund Balance	Amounts
General Fund	
Prepaids	\$ 22,126
Total Nonspendable Fund Balance	\$ 22,126
Assigned Fund Balance	
General Fund	
Millage Sustainment	\$1,265,476
Emergency/disaster (30-45 days)	1,200,000
Building and equipment	2,699,657
OPEB costs	765,850
Total Assigned Fund Balance - General Fund	\$5,930,983

NOTE J - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions, injuries to employees; and natural disasters.

Insurance programs for general/professional liability, automobile, and property are insured by commercial insurance. The District retains the risk of loss up to a deductible amount (ranging from \$1,000 to 5% of loss) with the risk of loss in excess of this amount transferred to the insurance carrier with limits of liability of \$1,000,000.

Insurance programs for health, dental, vision, long-term disability, short-term disability and life are also insured through third party commercial insurance.

On April 1, 2010, the District elected to obtain a third party, fully insured group health, vision and dental plan administered by the Lee County Board of County Commissioners. The District paid premiums of \$1,175,820 which are net amounts paid by employees and retirees, during the year ended September 30, 2020. The District also provides life and disability insurance for the District's employees. The District incurred costs of \$30,212 for these additional coverages.

NOTE K - DEFICIT UNRESTRICTED NET POSITION

During the year ended September 30, 2016, the District's unrestricted net position (net assets) balance was again a deficit and totaled \$(518,345), due substantially to recording the current year actuarially determined net pension liability of \$9,170,406. The District's total available fund balance remains approximately equal to eight (8) months of actual expenditures. However, the Board assigned \$5,521,323 of the \$6,475,422 for specific purposes.

NOTE K - DEFICIT UNRESTRICTED NET POSITION, CONTINUED

During the year ended September 30, 2017, the District's unrestricted net position (net assets) balance was a deficit and totaled \$(319,519), due substantially to recording the current year actuarially determined net pension liability of \$10,406,289. The District's total available fund balance remains approximately equal to ten (10) months of actual expenditures. However, the Board assigned \$5,546,602 of the \$7,593,310 for specific purposes.

During the year ended September 30, 2018, the District's unrestricted net position (net assets) balance was again a deficit and totaled \$(998,675), due substantially to recording the current year actuarially determined net OPEB liability of \$3,155,012. The District's total available fund balance remains approximately equal to eleven (11) months of actual expenditures. However, the Board assigned \$6,502,632 of the \$9,375,252 for specific purposes.

During the year ended September 30, 2019, the District's unrestricted net position (net assets) balance was again a deficit and totaled \$(3,192,895), due substantially to recording the current year actuarially determined net OPEB liability of \$4,290,827. The District's total available fund balance remains approximately equal to eleven (11) months of actual expenditures. However, the Board assigned \$7,568,636 of the \$10,413,458 for specific purposes.

During the year ended September 30, 2020, the District's unrestricted net position (net assets) balance was again a deficit and totaled \$(7,814,792), due substantially to recording the current year Pension liability and actuarially determined net OPEB liability of \$2,940,928 and \$670,833, respectively. The District's total available fund balance remains approximately equal to eight(8) months of actual personal services and operating expenditures.

NOTE L - RETIREMENT PLANS

General Information about the Florida Retirement System

The Florida Retirement System ("FRS") was created in Chapter 121, Florida Statutes. The FRS was created to provide a defined benefit pension plan ("Pension Plan") for participating public employees. All District employees are participants in the Statewide Florida Retirement System (FRS) under authority of Article X, Section 14 of the State Constitution and Florida Statutes, Chapters 112 and 121. The FRS was amended in 1998 to add the Deferred Retirement Option Program ("DROP") under the defined benefit plan and amended in 2000 to provide an integrated defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a separate cost-sharing multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined benefit plans (Pension and HIS Plans) and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information dated June 30, 2020, is available from the Florida Department of Management Services' Website (www.dms.myflorida.com).

The District's total pension expense is \$2,207,878 for the year ended September 30, 2020 and is recorded in the government-wide financial statements. Total District actual retirement contribution expenditures were \$1,315,831, \$1,230,057, and \$1,090,170, for the years ended September 30, 2020, 2019 and 2018, respectively. The District contributed 100% of the required contributions.

Pension - Plan Description and Provisions - Florida Retirement System

Plan Description

The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees. The general classes of membership are as follows:

- Elected District Officers Class Members who hold specified elective offices in local government.
- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Senior Management Service Class (SMSC) Members in senior management level positions.
- Special Risk Class Member who are employed as certified firefighters and meet the criteria to qualify for this class.

NOTE L - RETIREMENT PLANS, CONTINUED

Pension - Plan Description and Provisions - Florida Retirement System, continued

Plan Description, continued

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for those members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Members of both Plans (Pension and HIS) may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost of living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Pension Benefits

Benefits under the Pension Plan are computed on the basis of age, and/or years of service, average final compensation, and credit service. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for the members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on retirement plan and/or the class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

NOTE L - RETIREMENT PLANS, CONTINUED

Pension - Plan Description and Provisions - Florida Retirement System, continued

Pension Benefits, continued

The following chart shows the percentage value of each year of service credit earned:

% Value
Per Year of
Service
1.60
1.63
1.65
1.68
1.60
1.63
1.65
1.68
2.00
3.00
2.00

0/ 1/21/22

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Pension Contributions

The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the year ended September 30, 2020 were as follows:

	Percent of Gross Salary		
Class	Employee Employer (1) Employer		Employer (3)
Florida Retirement System, Regular	3.00%	8.47%	10.00%
Florida Retirement System, Senior Management Ser.	3.00%	25.41%	27.29%
Florida Retirement System, Special Risk	3.00%	25.48%	24.45%
Deferred Retirement Option Program - Applicable			
to Members from All of the Above Classes	0.00%	14.60%	16.98%
Florida Retirement System, Reemployed Retiree	(2)	0.00%	0.00%

- (1) Employer rates include 1.66 percent for the post-employment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs for the Investment Plan. Rates for 7/1/2019-6/30/2020.
- (2) Contribution rates are dependent upon retirement class in which reemployed.
- (3) Employer rates include 1.66 percent for the post-employment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs for the Investment Plan. Rates for 7/1/2020-6/30/2021.

The District's contributions to the Pension Plan totaled \$1,011,961 for the fiscal year ended September 30, 2020, excluding HIS, inclusive of the administrative fee.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2020, the District reported a liability of \$14,571,021 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The District's proportionate share of the net pension liability was based on the District's 2019-20 fiscal year contributions relative to the 2019-20 fiscal year contributions of all participating members. At June 30, 2020, the District's proportionate share was 0.0336191%, which was an decrease of 0.0005103% from its proportionate share measured as of June 30, 2019.

NOTE L - RETIREMENT PLANS, CONTINUED

Pension - Plan Description and Provisions - Florida Retirement System, continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, continued

For the fiscal year ended September 30, 2020, the District recognized pension expense of \$2,109,558. In addition the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
Description	Resources	Resources
Differences between expected and actual experience	\$ 557,663	\$ -
Changes of assumptions	2,637,818	-
Net difference between projected and actual earnings on Pension Plan investments	867,573	-
Changes in proportion and differences between District Pension Plan contributions and proportionate share of contributions	827,484	182,200
District Pension Plan contributions subsequent to the measurement	207.224	
date	295,234	
Total	\$ 5,185,772	\$ 182,200

The deferred outflows of resources related to the Pension Plan, totaling \$295,234 resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Fiscal Year Ended September 30:	Amount
2021	\$ 1,053,426
2022	1,464,698
2023	1,219,408
2024	780,838
2025	189,968
Thereafter	-

NOTE L - RETIREMENT PLANS, CONTINUED

Pension - Plan Description and Provisions - Florida Retirement System, continued

Actuarial Assumptions

The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumption, applied to all periods included in the measurement:

Inflation	2.40%
Salary increases	3.25%, average, including inflation
Investment rate of return	6.80%, net of pension plan investment expense, including
	inflation

In 2019, the Mortality assumption was changed from the Generational RP-2000 with Projection Scale BB to the PUB-2010 base table that varies by member category and sex, projected generationally with Scale WP-2018. It was updated to better anticipate expected future experience for those members while in FRS covered employment.

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual Geometric Return	Standard Deviation
Cash	1.0%	2.2%	2.2%	1.2%
Fixed income	19.0%	3.0%	2.9%	3.5%
Global equity	54.2%	8.0%	6.7%	17.1%
Real estate (property)	10.3%	6.4%	5.8%	11.7%
Private equity	11.1%	10.8%	8.1%	25.7%
Strategic investments	4.4%	5.5%	5.3%	6.9%
Assumed Inflation - Mean			2.4%	1.7%

⁽¹⁾ As outlined in the Pension Plan's investment policy

NOTE L - RETIREMENT PLANS, CONTINUED

Pension - Plan Description and Provisions - Florida Retirement System, continued

Discount Rate

The discount rate used to measure the total pension liability was 6.80%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following represents the District's proportionate share of the net pension liability calculated using the discount rate of 6.80%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.80%) or one percentage point higher (7.80%) than the current rate:

	1% Decrease	Discount Rate	1	% Increase
	5.80%	6.80%		7.80%
District's proportionate share of the net pension				_
liability/(asset)	\$23,267,472	\$14,571,021	\$	7,307,707

Pension Plan Fiduciary Net Position

Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

Payable to the Pension Plan

At September 30, 2020, the District reported \$24,718 payable for the outstanding amount of contributions to the Plan required for the fiscal year ended September 30, 2020.

The FRS CAFR and actuarial reports may also be obtained by contacting the Division of Retirement at:

NOTE L - RETIREMENT PLANS, CONTINUED

HIS - Plan Description and Provisions - Florida Retirement System, continued

Plan Description

The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

HIS Benefits

For the fiscal year ended September 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

HIS Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the HIS contribution for the period October 1, 2019 through September 30, 2020 was 1.66%. The District contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The District's contributions to the HIS Plan totaled \$91,855 for the fiscal year ended September 30, 2020.

HIS Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2020, the District reported a liability of \$1,923,433 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The District's proportionate share of the net pension liability was based on the District's 2019-20 fiscal year contributions relative to the 2019-20 fiscal year contributions of all participating members. At June 30, 2020, the District's proportionate share was .0157531%, which was an decrease of 0.0003326% from its proportionate share measured as of June 30, 2019.

NOTE L - RETIREMENT PLANS, CONTINUED

HIS - Plan Description and Provisions - Florida Retirement System, continued

HIS Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, continued

For the fiscal year ended September 30, 2020, the District recognized HIS expense of \$98,320. In addition the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

—	Οι	Deferred atflows of	Ir	Deferred oflows of
Description	R	Resources Reso		esources
Differences between expected and actual experience	\$	78,680	\$	1,484
Changes of assumptions		206,824		111,840
Net difference between projected and actual earnings on Pension Plan investments		1,536		-
Changes in proportion and differences between District Pension Plan contributions and proportionate share of contributions		191,862		61,086
District Pension Plan contributions subsequent to the measurement date		24,740		
Total	\$	503,642	\$	174,410

The deferred outflows of resources related to the HIS Plan, totaling \$24,740 resulting from District contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

Fiscal Year Ended September 30:	 Amount	
2021	\$ 76,725	
2022	63,504	
2023	31,415	
2024	46,632	
2025	58,649	
Thereafter	27,567	

NOTE L - RETIREMENT PLANS, CONTINUED

HIS - Plan Description and Provisions - Florida Retirement System, continued

Actuarial Assumptions

The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumption, applied to all periods included in the measurement:

Inflation	2.40%
Salary increases	3 25% average

Salary increases 3.25%, average, including inflation

Municipal bond rate 2.21%

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018, updated to better anticipate expected future experience for those members while in FRS covered employment.

The actuarial assumptions used to determine the July 1, 2020 valuation, was based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount Rate

The discount rate used to measure the total HIS liability was 2.21%. In general, the discount rate for calculating the total HIS liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following represents the District's proportionate share of the net pension liability calculated using the discount rate of 2.21%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (1.21%) or one percentage point higher (3.21%) than the current rate:

	1% Decrease	Discount Rate	1% Increase
	1.21%	2.21%	3.21%
District's proportionate share of the net pension			
liability/(asset)	\$ 2,223,403	\$ 1,923,433	\$ 1,677,909

HIS Plan Fiduciary Net Position

Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

NOTE L - RETIREMENT PLANS, CONTINUED

HIS - Plan Description and Provisions - Florida Retirement System, continued

Payable to the HIS Plan

At September 30, 2020, the District reported \$2,160 payable for the outstanding amount of contributions to the Plan required for the fiscal year ended September 30, 2020.

http://www.dms.myflorida.com/workforce_operations/retirement/publications

FRS - Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the plan, including FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members.

NOTE L - RETIREMENT PLANS, CONTINUED

FRS - Defined Contribution Pension Plan, continued

Allocations to the investment member's accounts during the 2019-20 fiscal year were as follows:

	Percent of Gross Salary				
Class	Employee	Employer (1)	Employer (3)		
Florida Retirement System, Regular	3.00%	3.30%	3.30%		
Florida Retirement System, Senior Management Ser.	3.00%	4.95%	4.95%		
Florida Retirement System, Special Risk	3.00%	11.00%	11.00%		
Deferred Retirement Option Program - Applicable					
to Members from All of the Above Classes	0.00%	NA	NA		
Florida Retirement System, Reemployed Retiree	(2)	(2)	(2)		

- (1) Employer rates include 1.66 percent for the post-employment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs for the Investment Plan. Rates for 7/1/2019-6/30/2020.
- (2) Contribution rates are dependent upon retirement class in which reemployed.
- (3) Employer rates include 1.66 percent for the post-employment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs for the Investment Plan. Rates for 7/1/2020-6/30/2021.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension contributions totaled \$227,807 for the fiscal year ended September 30, 2020, excluding HIS, inclusive of the administrative fee.

September 30, 2020

NOTE M - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS, CONTINUED

The District has two post employment other than pension (OPEB) plans:

The Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008, pursuant to GASB 74.

OPEB for those who retired on or before September 30, 2008, pursuant to GASB 75.

The measurement date for GASB 74 and GASB 75 reporting is September 30, 2020.

The reporting period is October 1, 2019 through September 30, 2020.

The actuarial valuation date is October 1, 2019.

Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008, pursuant to GASB 74

Plan Description

The District's Retiree Health Insurance Trust Fund Plan Voluntary Employee Benefit Association (VEBA) for those who retired on or after October 1, 2008 (the "VEBA Plan") is a single-employer defined benefit postemployment health care Plan that covers eligible retired employees of the District. The VEBA Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements to receive a monthly reimbursement, regardless of whether the retiree continues insurance coverage in the District's Plan.

Actuarial Assumptions:

The Total OPEB Liability was determined by an actuarial valuation as of October 1, 2019 using the following actuarial assumptions:

Discount rate	7.00% per annum,	this rate was used to	discount all future	benefit payments and is
---------------	------------------	-----------------------	---------------------	-------------------------

based on the expected long-term return on assets

Expected long-term

return on assets 7.00% per annum, (2.68% per annum is attributable to long-term inflation)

Salary increases 3.00% per annum

Mortality basis Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income

adjustments) for general and public safety employees, with full generational

improvements in mortality using Scale MP-2020

Retirement For firefighters, retirement is assumed to occur at the earlier of age 55 with six years of

service or at any age with 25 years of service; for general employees, retirement is assumed to occur at the earlier of age 62 with six years of service or at any age with 30

years of service

Other decrements Assumed employment termination is based on the Scale 155 table; assumed disability

is based on the Wyatt 1985 Disability Study (Class 4 rates were used for firefighters

and Class 1 rates were used for general employees)

Changes Since the prior measurement date, the mortality projectio scale was changed from

Scale MP-2017 to Scale MY-2020.

Covered Individuals

At October 1, 2019, the following employees were covered by the benefit term:

Inactive Plan Members, Dependent Spouses, or Beneficiaries Currently Receiving Beneficiaries	20
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	61
Total Covered Individuals	81

Contributions

The District makes periodic contributions to the VEBA Plan. No employee contributions are required.

Description of the Benefit Terms

Eligibility: Regular, full-time employees of the District who retire on or after October 1, 2008 with at least 15 years of service.

Retirement benefit provided: The VEBA Plan will provide \$450 per month for those individuals who have earned at least 25 years of service; benefit is reduced by 4% per year for each year of service less than 25; benefit is further reduced by 50% at age 65.

Payment frequency: Subsidy payments to eligible retirees are made annually as of each January 1.

Changes: The benefit ters did not change from the prior measurement date.

September 30, 2020

NOTE M - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS, CONTINUED

OPEB for those who retired before September 30, 2008, pursuant to GASB 75

Plan Description

The District's OPEB for those who retired on or before September 30, 2008 (the "Non-VEBA Plan") is an unfunded single-employer defined benefit postemployment health care Plan that covers eligible retired employees of the District. The Non-VEBA Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under one of the District's retirement plans to continue medical, dental and/or vision insurance coverage as a participant in the District's Non-VEBA Plan. For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Non-VEBA Plan does not meet the requirements for an OPEB plan administered through a trust, as no assets are accumulated. The contributions made to the program are assumed to be the benefits paid to retirees and administrative expenses. Any retiree that continues coverage on the District's health insurance still potentially may have an implicit cost, including any retiree eligible for the VEBA Plan which is reflected in these results.

Actuarial Assumptions:

The Total OPEB Liability was determined by an actuarial valuation as of October 1, 2019 using the following actuarial assumptions:

Discount rate: 2.14% per annum, this rate was used to discount all future benefit payments and is based

on the return on the S&P Municipal Bond 20-year High Grade Index as of the

measurement date.

Salary increases: 3.00% per annum

Cost of living increases: Retiree contributions, health insurance premiums, and the implicit subsidy have been

assumed to increase in accordance with the healthcare cost trend rates.

Healthcare cost trend

rates:

Increases in healthcare costs are assumed to be 7.00% for the 2019/20 fiscal year graded

down by 0.50% per year to 5.00% for the 2023/24 and later fiscal years.

Age related morbidity: Healthcare costs are assumed to increase at the rate of 3.50% for each year of age.

Implied health subsidy: Because the insurance carrier charges the same monthly rate for health insurance

regardless of age, an implied monthly subsidy of \$775 for the retiree and \$750 for the retiree's spouse has been assumed at age 62 for the 2019/20 fiscal year. At other ages, the implied subsidy was developed based on the age-related morbidity assumption and, for other fiscal years, the implied subsidy was increased in accordance with the healthcare

cost trend rates.

Mortality basis: Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income

adjustments) with full generational improvements in mortality using Scale MP-2020.

Other decrements: Assumed employment termination is based on the Scale 155 table; assumed disability is

based on the Wyatt 1985 Disability Study (Class 4 rates were used for firefighters and

Class 1 rates were used for general employees).

September 30, 2020

NOTE M - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS, CONTINUED

OPEB for those who retired before September 30, 2008, pursuant to GASB 75, Continued

Actuarial Assumptions, continued:

Retirement: For firefighters, retirement is assumed to occur at the earlier of age 55 with six years of

service or at any age with 25 years of service; for general employees, retirement is assumed to occur at the earlier of age 62 with six years of service or at any age with 30

years of service.

Health coverage

election:

50% of eligible future retirees are assumed to elect coverage for themselves upon retirement or disability until age 65. Current retirees who retired on or before September 30, 2008 are assumed to continue coverage for life. Current retirees who retired on or after October 1, 2008 are assumed to continue coverage until age 65. Spousal coverage is assumed in accordance with the employee's or retiree's current election.

Spouses and dependents: Husbands are assumed to be three years older than wives. Retirees are not assumed to

have any dependent children.

COBRA Future healthcare coverage provided solely pursuant to COBRA was not included in the

OPEB valuation because the COBRA premium is determined periodically based on the plan experience. The COBRA premium to be paid by the participant is assumed to fully

cover the cost of providing healthcare coverage during the relevant period.

Changes: Since the prior measurement date, the discount rate decreased from 3.58% per annum to

2.14% per annum, the implied monthly subsidy at age 62 for the retiree and his spouse for the 2019/20 fiscal year was decreased from \$806.25 and \$886.88, respectively, to \$775 and \$750, respectively, and the mortality mortality improvement scale was changed

from Scale MP-2017 to Scale MP-2020.

Covered Individuals

At October 1, 2019, the following employees were covered by the benefit term:

Inactive Plan Members, Dependent Spouses, or Beneficiaries Currently Receiving Benefi	ts	24
Active Plan Members		61
	Total	85

Contributions

There are no required employer or employee contributions other than the amount required to be paid by the District as an explicit subsidy.

Description of the Benefit Terms

Explicit subsidy: Individuals who retired prior to October 1, 2008 receive an explicit subsidy from the District and/or from the Florida Retirement System (FRS) to pay for all or a portion of their health insurance premium for single coverage; the explicit subsidy from the District varies depending on the collective bargaining agreement that was applicable at the time of retirement; three individuals who retired on or before September 30, 2008 receive a subsidy equal to 100% of the single premium but must turn over to the District their FRS subsidy; two individuals who retired on or before September 30, 2008 receive no explicit subsidy other than the FRS subsidy.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Commissioners Fort Myers Beach Fire Control District Fort Myers Beach, FL

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities of Fort Myers Beach Fire Control District, (the "District") as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated May 19, 2021 for the purpose of compliance with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General – Local Governmental Entity Audits.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies.

Internal Control Over Financial Reporting, continued

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Board of Commissioners Fort Myers Beach Fire Control District Fort Myers Beach, FL

Report on the Financial Statements

We have audited the financial statements of the Fort Myers Beach Fire Control District, (the "District") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated May 19, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated May 19, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The District discloses this information in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendation to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 219.39(3)(b), Florida Statues. In connection with our audit, we determined that there are no special district component units required to report to the District.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Ashley, Brown & Smith, CPAs

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the District Board of Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT OF INDEPENDENT ACCOUNTANT ON COMPLIANCE WITH LOCAL GOVERNMENT INVESTMENT POLICIES

Board of Commissioners Fort Myers Beach Fire Control District Fort Myers Beach, FL

We have examined the Fort Myers Beach Fire Control District's (the "District") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with the specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Sections 218.415, Florida Statutes and Rules of the Auditor General.
