To the Board of Supervisors LELY COMMUNITY DEVELOPMENT DISTRICT Naples. Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and its general fund of LELY COMMUNITY DEVELOPMENT DISTRICT as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Supervisors LELY COMMUNITY DEVELOPMENT DISTRICT February 9, 2021 Page 2

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and its general fund of LELY COMMUNITY DEVELOPMENT DISTRICT as of September 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 8 and 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2021, on our consideration of LELY COMMUNITY DEVELOPMENT DISTRICT's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of LELY COMMUNITY DEVELOPMENT DISTRICT's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering LELY COMMUNITY DEVELOPMENT DISTRICT's internal control over financial reporting and compliance.

PHILLIPS HARVEY GROUP, P.A. Certified Public Accountants

Naples, Florida

MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview and History

The LELY COMMUNITY DEVELOPMENT DISTRICT (the "District") has prepared the following Management Discussion and Analysis (the "MD&A"), which presents an overview of the District's financial activities for the fiscal year ended September 30, 2020. Please read it in conjunction with the letter of transmittal in the introductory section, and the District's audited financial statements following the MD&A.

The LELY COMMUNITY DEVELOPMENT DISTRICT is a special purpose unit of government created in 1991 under Florida Statute Chapter 190. The purpose of Community Development Districts throughout Florida is to provide a uniform method for financing and maintaining public services and capital assets. Special Districts frequently substitute or "stand-in" for general-purpose governments when their priorities would not otherwise provide for these public facilities in Master Planned Communities.

Financial Highlights

- Net position at September 30, 2020 was \$13,662,439.
- Fund balance on hand at September 30, 2020 totaled \$3,510,867 in the General Fund.
- There were no instances of non-compliance or material weaknesses noted within the compliance report requiring a response.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components:

- 1) government-wide financial statements
- 2) fund financial statements
- 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements, which consist of the following two statements, are designed to provide readers with a broad overview of the District's finances, in a manner similar to private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Increases or decreases in net position will serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during fiscal year 2020. All changes in net position are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected but earned, and unused vacation leave).

MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-Wide Financial Statements (Continued)

Both of these financial statements distinguish functions of the District that are principally supported by non-ad valorem assessments, intergovernmental and miscellaneous revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. Examples of these would include community service fees. The governmental activities of the District include general government, and community services. The government-wide financial statements can be found immediately following the MD&A.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

Fund financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balance for the District's General Fund. A statement of revenues, expenditures, and changes in fund balance - budget and actual, is provided for the District's General Fund. Fund financial statements provide more detailed information about the District's activities. Individual funds as applicable are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including buildings, land, roads, bridges, and traffic signals are reported in the statement of net position. All liabilities, including principal outstanding on bonds if any, obligated but not paid by the District, are included. The statement of activities includes depreciation on all long lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The fund financial statements provide a picture of the major funds of the District, which is the General Fund as of September 30, 2020. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds if any, and compensated absences are not included in the fund financial statements. To provide a link from the fund financial statements to the government-wide financial statements, a reconciliation is provided from the fund financial statements to the government-wide financial statements.

Notes to the financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District; investments of the District, capital assets, and long-term debt as applicable are some of the items included in the notes to the financial statements.

Analysis of Fund Balances FY 2019-2020

The general fund balance of the District at the end of 2019 was \$3,433,976. The general fund balance as of September 30, 2020 was \$3,510,867 or an increase of \$76,891.

FY 2020 Final Budget

The following budgeted revenues and expenditures have been prepared from audited statements. The District had a resolution to amend the 2019-2020 budget in fiscal 2020 to move \$45,375 from contingency reserve to the irrigation cost center. Both of these costs centers are included under community services.

Total Capital Assets, Net	<u>\$</u>	9,814,471	\$	10,175,789	4%

MANAGEMENT'S DISCUSSION AND ANALYSIS

Debt Management

There was no debt as of September 30, 2020 since bonds have been paid in full in prior years.

Economic Factors and Next Year's Budget

Lely Community Development District does not expect any economic factors to have a significant effect on the financial position or operations of the District in fiscal year 2021.

Change in General Fund Balance				Percent
_	 2019		2020	<u>Change</u>
Program Revenues				
Non Ad-Valorem Assessments and Fees	\$ 2,413,761	\$	2,409,397	0%
Comprehensive Service Agreement Fees	1,139,840		1,170,258	3%
Miscellaneous Revenue	112,168		88,660	-21% (A)
FEMA Grant	89,266		-	-100% (B)
General Revenue				
Interest Income	 76,853		32,718	-57% (C)
	3,831,888	<u></u>	3,701,033	-3%
<u>Expenses</u>				
General Government	390,980		472,160	21% (D)
Community Services	2,149,443		2,180,184	1%
Capital Outlay	 375,445		971,798	159% (E)
Total Expenditures	2,915,868		3,624,142	24%
Other Financing Sources:				
Sale of Assets	 30,478		<u>-</u>	-100%
Net Change in Fund Balance	946,498		76,891	-92%
Fund Balance – Beginning of Year	 2,487,478		3,433,976	38%
Fund Balance – Ending of Year	\$ 3,433,976	\$	3,510,867	2%

- (A) The decrease was primarily due to the favorable excess fees received from the property appraiser in the prior year. This was a one-time transaction in fiscal 2019.
- (B) The District received federal and state funds from FEMA in fiscal 2019 as reimbursement income as a result from damages caused by Hurricane Irma in 2017. There were no amounts received from FEMA during fiscal 2020.
- (C) The decrease was primarily due to the decreased interest rates due to the federal reserves decreasing interest rates as a result of the coronavirus pandemic.
- (D) The increase is primarily driven by additional engineering costs incurred as a result of the Districts various capital outlay projects in fiscal 2020 as noted in (E) below.
- (E) The District finished major project in fiscal 2020, including but not limited to, the lake bank restoration project (\$261K), streetscape land improvement project (\$251K), and street light project (\$353K). Capital outlay purchases will vary each year based on the District's needs.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

Net Position

	Governmental Funds		
	2019	2020	<u>Change</u>
Assets Current Assets Capital Assets Total Assets	\$ 3,573,396	\$ 3,789,984	6%
	9,814,471	10,175,789	4%
	13,387,867	13,965,773	4%
<u>Liabilities</u> Current Liabilities Non-Current Liabilities Total Liabilities	139,420	279,117	100% (A)
	19,579	24,217	24%
	158,999	303,334	91%
Net Position Invested in Capital Assets Unrestricted	9,814,471	10,175,789	4%
	3,414,397	3,486,650	2%
Total Net Position	<u>\$ 13,228,868</u>	<u>\$ 13,662,439</u>	3%

⁽A) The increase is primarily driven by the outstanding invoices owed (including retainage) as of September 30, 2020 related to the lake bank restoration project.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis of the District (Continued)

	Governmental Activities			Percent	
		2019		2020	<u>Change</u>
Program Revenues Charges for services	\$	3,553,601	\$	3,579,655	1%
General Revenues Interest Income Gain (loss) on sale of capital assets FEMA Grant Miscellaneous Total Revenues		76,853 (7,435) 89,266 112,168 3,824,453		32,718 - - 88,660 3,701,033	-57% (A) -100% (B) -100% (C) -21% (D) -3%
Expenses General government Community services Total Expenses		390,980 2,735,000 3,125,980		472,160 2,795,302 3,267,462	21% (E) 2% 5%
Change in Net Position		698,473		433,571	-38%
Net Position - Beginning of Year		12,530,395		13,228,868	6%
Net Position - End of Year	<u>\$</u>	13,228,868	\$	13,662,439	3%

- (A) The decrease was primarily due to the decreased interest rates due to the federal reserves decreasing interest rates as a result of the coronavirus pandemic.
- (B) The decrease was due to the disposal of fixed assets in fiscal 2019 that were not fully depreciated which created a loss net of the proceeds received from the auction of certain surplus equipment. T here were no disposal and no proceeds received during fiscal 2020.
- (C) The District received federal and state funds from FEMA in fiscal 2019 as reimbursement income as a result from damages caused by Hurricane Irma in 2017. There were no amounts received from FEMA during fiscal 2020.
- (D) The decrease was primarily due to the favorable excess fees received from the property appraisers in the prior year. This was a one-time transaction in fiscal 2019.
- (E) The increase is primarily driven by additional engineering costs incurred as a result of the Districts various capital outlay projects in fiscal 2020.

Conclusion

If you upon review of the above have any questions or concerns, please do not hesitate to contact me at (239) 592-9115.

Sincerely,

W. Neil Dorrill

W. Neil Dorrill, District Manager Lely Community Development District cc: Supervisors

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUND (GENERAL FUND) TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED SEPTEMBER 30, 2020

Amounts reported for governmental activities in the statement of activities (page 10) are different because:

Sovernmental fund report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.

Some expenses reported in the statement of activities including the sick leave expense do not require the use of current financial resource and therefore, are not reported as expenditures in the governmental fund.

(4,638)

Change in net position of governmental activities (page 10)

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Lely Community Development District ("the District") was created on January 10, 1991 pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), as a Community Development District and operates within the criteria established. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing or re-constructing, enlarging or extending, equipping, operating and maintaining water management, water supply, sewer and waste water management, bridges or culverts, district roads, landscaping, street lights and other basic infrastructure projects within or without the boundaries of the Lely Community Development District. The District is governed by a five-member Board of Supervisors, who are elected on a rotating basis for terms from two to four years.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District, therefore, the financial statements include only the operations of the District.

The District's financial statements include both government wide and fund financial statements:

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. *Governmental activities*, which normally are supported by taxes are reported separately from *business-type activities* of which the District had no such activities during the year.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for the District's governmental fund and its fiduciary fund, even though the latter is excluded from the government-wide financial statements. The District's general fund is classified as a governmental fund and is reported as a major individual fund.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting.* Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items, if any, are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting.* Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments, if any, are recorded only when payment is due. The primary revenue sources that are susceptible to accrual are non-ad valorem taxes and interest. Other receipts and fees become measurable and available when cash is received by the District and are recognized as revenue at that time.

The District has one major governmental fund:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Additionally, the government reports the following agency fund type:

<u>Pension Trust Fund</u> - The Pension Trust Fund accounts for assets held in a trustee capacity and accumulates resources for pension benefit payments to qualified employees.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Assessments

Non-ad valorem assessments are assessments on all property benefited within the District. Such assessments are levied each November 1. The fiscal year for which the non-ad valorem assessments are levied begins on October 1 with a maximum discount available for payments through November 30 and becomes delinquent on April 1. The Collier County, Florida Tax Collector's Office bills and collects these assessments, as part of the property's annual tax levy, on behalf of the District.

No allowance for losses has been recorded since the District considers all amounts to be fully collectible.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgetary Process

The General Fund budget and amendments, if any, are approved by the Board of Supervisors. The General Fund budget is prepared on the cash basis, which is considered not to be materially different from the modified accrual basis in accordance with U.S. generally accepted accounting principles. The General Fund budget amounts presented in the accompanying basic financial statements are as originally adopted, unless subsequently amended, by the District's Board of Supervisors. Budgetary control is established by the District through the appropriated budget for the General Fund.

The annual budget serves as the legal authorization for expenditures. Expenditures cannot legally exceed the total amount budgeted. All budget amendments, which change the legally adopted total appropriation, are approved by the Board of Supervisors. Appropriations lapse at the year-end.

The District follows these procedures in establishing the budgetary data reflected in these financial statements:

- a) Each year the District Manager submits to the District Board a proposed operating General Fund budget for the fiscal year commencing the following October 1.
- b) A public hearing is conducted to obtain taxpayer comments.
- c) Prior to September 1, the General Fund budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District's Board.
- e) The General Fund budget is adopted on a basis consistent with U.S. generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the fiscal year.

Due To and From Other Funds

Interfund receivables and payables arise from interfund transactions and are recorded by funds affected in the period in which transactions are executed. There were minor outstanding amounts due to and from other funds at September 30, 2020 in the accompanying fund statements.

Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - Governmental Fund Type

The budget column of this statement is prepared from the District's adopted annual budget, as amended (if applicable) during the year, which reflects budgeted revenues and expenditures in total for its governmental fund type on a cash basis which is comparable to the modified accrual basis of accounting for the year ended September 30, 2020. Appropriations lapse at year-end.

The District had a resolution to amend the 2019-2020 budget in fiscal 2020 to move \$45,375 from contingency reserve to the irrigation cost center. Both of these costs centers are included under community services.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

Investments are reported and are equal or equivalent to fair market value. Florida Statutes allows the District to invest surplus funds in:

- a) The Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, as provided in s.163.01.
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency.
- c) Interest-bearing time deposits or savings accounts in qualified public depositories, as defined in s.280.02.
- d) Direct obligations of the U.S. Treasury.
- e) Other investments authorized by law and/or denoted at Section 218.415 (17) of the Florida Statutes.

Certain funds are invested with the State Board of Administration of Florida in the Local Government Surplus Funds Trust Fund Investment Pool (2a-7 Pool). These funds (2a-7 Pool) are reported at its fair value of its position in the pool which is the same as its value of pool shares.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items, when applicable, in both the government-wide and fund financial statements.

Payables and Accruals

Such payable and accrual amounts are recorded as expenses and liabilities when incurred in the governmentwide financial statements and as expenditures and liabilities in the fund financial statements when expected to be liquidated with available expendable financial resources.

Capital Assets

Capital assets, which include infrastructure assets, building, automobiles and equipment, artwork, and land and lake improvements, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year.

In the case of initial capitalization of non-infrastructure District capital assets, the District was able to use historical cost and original purchase date for all such assets. As the District constructs or acquires additional capital assets each period, such assets are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life. In the case of donations, the District values these capital assets at the estimated fair value of the item at the date of donation. There were no donated assets received during the year, see Note 4.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

In the case of the initial capitalization of general infrastructure assets, (i.e., those reported by governmental activities), the District chose to include all such items regardless of their acquisition date or amount, with the exception of certain infrastructure conveyed to Collier County for future maintenance purposes. The District was able to quantify the initial GASB 34 reporting of such infrastructure assets through original engineering reports utilized when constructing the infrastructure of the District. As the District constructs or acquires additional infrastructure assets, such assets are capitalized and reported at historical cost.

Infrastructure assets, building, automobiles and equipment, artwork, and land and lake improvements of the District are depreciated using the straight-line method over the following estimated useful lives:

VEADO

	YEARS
Infrastructure assets	10 - 50
Building	20 - 39
Automobiles and equipment	3 - 15
Artwork	7
Land and lake improvements	20 - 30

Long-Term Obligations

In the government-wide financial statements, long-term debt, if any, and other long-term obligations are reported as liabilities in the Statement of Net Position. Related interest is expensed in the accompanying Statement of Activities. In the fund financial statements, the face amount of debt issued if any, is reported as other financing sources in the Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Fund. There was no debt nor was there any new debt issued during the year. Also, in the fund financial statements, when applicable, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. Issuance costs are reported as debt service expenditures. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Related principal and interest payments are reported as expenditures in such Statement.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section of deferred outflow of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has no items that qualify for reporting in this category for the year ended September 30, 2020. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has no items that qualify for reporting in this category for the year ended September 30, 2020.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

The District's employees earn vacation which must be taken by the end of each fiscal year with the exception of employees with five years of service. Such employees can carry over a maximum of 40 hours of unused vacation time to the following fiscal year. Unused vacation time is not paid upon termination or retirement. Unused sick leave accumulates and is paid to employees with ten years of continuous service upon termination or retirement at 50% of amount accumulated up to 1,400 hours.

Fund Equity

The District implemented GASB 54 "Fund Balance Reporting and Governmental Fund Type Definitions." This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds. Fund balance classifications, under GASB 54, are: Non-spendable, Restricted, Committed, Assigned and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restrictions placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned is limited to negative residual fund balance. For further details of various fund balance classifications refer to Note 8. Net Position in the government-wide statements are categorized as investment in capital assets, restricted or unrestricted. Investment in capital assets represents net position related to capital assets and any related debt, deferred inflows or outflows. Restricted net position, if any, represents the assets restricted by the District's bond covenants net accrued interest payable.

Risk Management

The District is exposed to various risks of loss related to torts; theft, damage, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Insurance coverage for such losses is purchased from third-party carriers. The financial impact of the District's risk management activities are reported in the general fund. For the fiscal year ended September 30, 2020 the District paid \$84,341 to third-party carriers to insure for these purposes. There has been no reduction in coverage from the prior year. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. There was no such type of occurrence during the year. No accrual has been provided for claims and incidents not reported to the insurer. Claims made have not exceeded the insurance coverage for the current year.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

<u>Explanation of certain differences between the government-wide statement of net position and the governmental fund balance sheet:</u>

Capital Assets, Net:

The government fund balance sheet includes a reconciliation between *fund balance - total governmental fund* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that "capital assets used in governmental activities are not financial resources and, therefore, are not reported in the General Fund." The details of this \$10,175,789 difference are as follows:

Total historical cost of capital assets at September 30, 2020 (see Note 4)	\$ 24,801,003
Accumulated depreciation at September 30, 2020 (see Note 4)	(14,625,214)
Net adjustment to increase fund balance - total governmental fund to arrive at net position - governmental activities	<u>\$ 10,175,789</u>

Compensated absences:

Another element of that reconciliation explains that "long term liabilities are not due and payable in the current period and therefore are not reported in the general fund." The details of this (\$24,217) difference are as follows:

Compensated absences	\$ (24,217)
Net adjustment to decrease fund balance - total governmental fund	
to arrive at net position - governmental activities	\$ (24.217)

Explanation of certain differences between the government-wide statement of activities and the governmental fund statement of revenues, expenditures, and changes in fund balance:

Depreciation and Capital Outlay:

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between *net changes in fund balance* – *total governmental fund* and *change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that, the "Governmental fund reports capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$361,318 difference are as follows:

Depreciation expense (see Note 4)	\$ (610,480)
Capital outlay (see Note 4)	 971,798
Net adjustment to decrease net changes in fund balance – total governmental fund to arrive at changes in net position of governmental activities	\$ 361,318

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

Accrued Related Items:

Another element of that reconciliation states that, "some expenses and other items reported in the statement of activities including the sick leave expense do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund." The details of this (\$4,638) difference are as follows:

Net increase in accrued sick leave \$ (4.638)

Net adjustment to decrease *net changes in fund balance – total governmental fund* to arrive at *changes in net position of governmental activities*

\$ (4,638)

NOTE 3 - CASH AND INVESTMENTS

Cash

Cash held in the general fund at September 30, 2020 consisted of the following:

Demand Deposits \$ 3,774,902

Total <u>\$ 3,774,902</u>

All deposits with banks are entirely insured by Federal Depository Insurance. All District depositories are banks designated by the Florida State Treasurer as qualified public depositories. Chapter 280 of the Florida Statutes "Florida Security for Public Deposits Act" provides procedures for public depositories to ensure public monies in banks and savings and loans are collateralized with the Treasurer as agent for the public entities.

Financial institutions qualifying as public depositories shall deposit with the Treasurer eligible collateral having a market value equal to or in excess of the average daily balance of public deposits times the depository collateral pledging level required pursuant to Chapter 280 as computed and reported monthly or 25 percent of the average monthly balance, whichever is greater. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. Chapter 280 defines deposits as demand deposit accounts, time deposit accounts, and certificates of deposit. At September 30, 2020, the District's bank balance and carrying amounts were \$3,779,277, and \$3,774,902, respectively. The District does not have a formal deposit policy that dictates deposits as a means of managing its exposure to losses and follows the guidance stipulated by Chapter 280 of Florida Statutes.

Investments

The District's investments at September 30, 2020 is in the Local Government Surplus Funds Trust Fund (labeled the Fund A Surplus Trust Fund ("Fund A").

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - CASH AND INVESTMENTS (Continued)

Investments (Continued)

The Local Government Surplus Funds Trust Fund is governed by Ch. 19-7.001 through 19-7.017 of the Florida Administrative Code, which identifies the Rules of the State Board of Administration. These rules provide guidance and establish the general operating procedures for the administration of the Local Government Surplus Funds Trust Fund. Additionally, the Office of the Auditor General performs the operational audit of the activities and investments of the State Board of Administration. As of September 30, 2020, the District's investment in the SBA totaled \$97. Information about this fund is available on the Florida State Board of Administration's website at www.sbafla.com. The District has no written and/or adopted formal investment policy and consequently adheres to the Investment Guidelines as set forth in Section 218.415 (17) of the Florida Statutes.

NOTE 4 - CAPITAL ASSETS, NET

Capital asset activity for the year ended September 30, 2020 was as follows:

	BALANCE SEPT. 30, 2019	ADDITIONS	DISPOSALS	BALANCE SEPT. 30, 2020
Governmental activities				
Capital assets, not being depreciated:

Total accumulated depreciation	(14,014,732)	(610,480)		(14,625,212)
Total capital assets, being depreciated, net	8,325,691	450,098	(88,780)	8,775,789
Governmental activities capital assets, net	\$ 9,814,471	<u>\$ 450,098</u>	\$ (88,780)	<u>\$ 10,175,789</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - CAPITAL ASSETS, NET (Continued)

Depreciation expense of \$610,480 was charged to Community Services program during the year in the accompanying Statement of Activities on page 10.

During 2010, sculpted bronze horses ("Artwork – horses") totaling \$1,400,000 were donated to the District by an artist. The Artwork – horses meet the criteria for classification as inexhaustible assets and are thus, not depreciated. An inexhaustible asset is a capital asset whose economic benefit or service potential is used up so slowly that its estimated useful life is extraordinary long.

NOTE 5 - ACCRUED LIABILITIES

Accrued liabilities at September 30, 2020, were comprised of the following:

Accrued wages and payroll taxes payable

\$ 40,922

NOTE 6 - COMPENSATED ABSENCES

Compensated absences activity for the year ended September 30, 2020 was as follows:

	ALANCE TEMBER 30, 2019	A	DDITIONS	(REDUCTIONS)		BALANCE SEPTEMBER 30, 2020		DUE WITHIN ONE YEAR	
Accrued long-term sick leave	\$ 19,579	\$	4,638	\$		\$	24,217	\$	
Total	\$ 19,579	\$	4,638	\$		\$	24,217	\$	

NOTE 7 - EMPLOYEE BENEFIT PLAN

The District established a single employer defined contribution pension plan (the "Plan") under the authority of the Florida Statute 190-011(3). In fiscal 2004, the District froze the 401K Plan and elected not to fund future contributions to the Plan. Plan assets at September 30, 2020 at Legg Mason totaled \$3,383 and were held in a money market fund. As of September 30, 2020, \$640 was due from the General Fund relating to 2003 and 2004 matching contributions. The District is making efforts to fully liquidate all funds in the Plan during the next year.

NOTE 8 - FUND BALANCE DISCLOSURE

In accordance with GASB No. 54, the District classifies governmental fund balances as follows:

- Non-spendable includes fund balance amounts that cannot be spent either because they are not in spendable form or because of legal or contractual requirements.
- Restricted includes fund balance amounts that are constrained for specific purposes which are
 externally imposed by providers, such as creditors or amounts constrained due to constitutional
 provisions or enabling legislation.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 - FUND BALANCE DISCLOSURE (Continued)

- Committed includes fund balance amounts that are constrained for specific purposes that are internally imposed by the District through a formal action of the highest level of decision making authority.
- Assigned includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned through the following:
 - (1) The District's Property Manager is authorized by the Supervisors to assign amounts for specific purpose.
 - (2) The Supervisors have authorized the District's Property Manager, in coordination with the District's auditors, to recapture excess fund balance that isn't restricted or committed and transfer the excess to the General Fund.
- Unassigned includes residual positive fund balance within the General Fund which has not been
 classified within the other above mentioned classifications. Unassigned fund balance may include
 negative balances for any governmental fund with expenditures that exceed amounts restricted,
 committed, or assigned for those specific purposes.

The District uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents and /or contracts that prohibit doing this, such as grant agreements requiring certain dollars spent. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made, with the exception of the emergency reserve established by the Supervisors. Under normal circumstances, the District would first elect to utilize the Operating Reserve (Unassigned fund balance in the General Fund) before considering use of its Emergency Reserve. The District does not have a formal minimum fund balance policy. However, the District addresses various targeted reserve positions via the annual budget process and calculates targets and actuals to report the results to the Supervisor annually.

A schedule of the District's general fund balance at September 30, 2020 is as follows:

Non-spendable	\$	4,000
Restricted		-
Assigned:		
Contingency reserve		600,000
Capital reserve		100,000
		700,000
Unassigned		2,806,867
Total	<u>\$</u>	3,510,867

NOTE 9 - INSURANCE PROCEEDS

During fiscal 2020, the District filed an insurance claim as a result of damage incurred from the irrigation main line break. The District received approximately \$42,000 as a result of this claim which was recorded as miscellaneous revenues in the statement of activities. These funds were used to repair and replace the main irrigation line.

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - COMPREHENSIVE SERVICE AGREEMENT (CSA)

In 2005, the District entered into a comprehensive service agreement ("CSA") with Lely Resort Master Property Owners Association, Inc. ("Master Association") to provide an array of public services to Classics East and West residents and property owners ("Classics") located outside the current boundaries of the District. The District agreed to provide or make available the same public services to the Classics through the Master Association on the same terms and conditions that are provided to existing owners within the District. The term of this agreement is for thirty years from the date of the agreement with an option to renew for additional twenty years at the end of the original term. Pursuant to this Agreement, the Master Association agreed to pay the District a per unit annual operation and maintenance fee based on a defined formula. This agreement was amended during 2017. Beginning January 2017 and continuing through the life of the CSA, the per unit fee for District members and annual operations and maintenance fee for Classics and CSA units will be the same, except for the per unit fee defined in the Arlington and Aster properties separate agreements. Total CSA fees received under this arrangement were \$1,170,258 during the year ended September 30, 2020.

NOTE 11 - MANAGEMENT COMPANY

The District has contracted with a management company to perform management advisory services, which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs. Total fees paid to the management company in 2020 was approximately \$351,000.

NOTE 12 - LINE OF CREDIT

During 2020, the District entered into a line of credit with a financial institution with maximum draws of up to \$750,000 with the interest rate based on the prime rate as published in the Wall Street Journal (3.25% at September 30, 2020). The line of credit is unsecured. There was no outstanding balance on the line of credit as of September 30, 2020.

NOTE 13 - CORONAVIRUS PANDEMIC

During fiscal 2020, a health care pandemic, coronavirus ("COVID-19"), has occurred in the United States and internationally. In response to the crisis, the federal, state, and municipal governments have enacted various policies to curtail group gatherings until the risk has diminished. The District took measures to protect its employees during fiscal 2020. The District has not experienced any issues as a result of the pandemic, and management and the Board of Supervisors does not anticipate issues in the near future. However, at this time, neither the duration nor scope of any potential impact to the District's operations as a result of the COVID-19 pandemic, including any potential negative financial impact (if any), to the District's financial results or financial condition cannot be reasonably estimated.

NOTE 14 - SUBSEQUENT EVENTS

In preparing the financial statements, the District has evaluated events and transactions for potential recognition or disclosure through February 9, 2021, the date that the financial statements were available to be issued. No subsequent events were identified requiring disclosure.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Nathan A. Phillips, CPA Stephanie J. Feldman, CPA Deborah L. Harvey, CPA (Decd)

David N. Phillips, CPA, MBA Michelle V. Schalmo, CPA Shannon Huber, CPA Courtney L. Cound, CPA Keith S. Boyle, CPA

February 9, 2021

To the Board of Supervisors LELY COMMUNITY DEVELOPMENT DISTRICT Naples, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and its major fund of LELY COMMUNITY DEVELOPMENT DISTRICT, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the LELY COMMUNITY DEVELOPMENT DISTRICT'S basic financial statements, and have issued our report thereon dated February 9, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered LELY COMMUNITY DEVELOPMENT DISTRICT'S internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of LELY COMMUNITY DEVELOPMENT DISTRICT'S internal control. Accordingly, we do not express an opinion on the effectiveness of LELY COMMUNITY DEVELOPMENT DISTRICT'S internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Supervisors LELY COMMUNITY DEVELOPMENT DISTRICT February 9, 2021

Compliance and Other Matters

As part of obtaining reasonable assurance about whether LELY COMMUNITY DEVELOPMENT DISTRICT'S financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To the Board of Supervisors LELY COMMUNITY DEVELOPMENT DISTRICT Naples, Florida

We have examined LELY COMMUNITY DEVELOPMENT DISTRICT's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2020. LELY COMMUNITY DEVELOPMENT DISTRICT's management is responsible for compliance with those requirements. Our responsibility is to express an opinion on LELY COMMUNITY DEVELOPMENT DISTRICT's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether LELY COMMUNITY DEVELOPMENT DISTRICT complied, in all material respects, with those requirements. An examination involves performing procedures to obtain evidence about whether LELY COMMUNITY DEVELOPMENT DISTRICT complied with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on LELY COMMUNITY DEVELOPMENT DISTRICT's compliance with specified requirements.

In our opinion, LELY COMMUNITY DEVELOPMENT DISTRICT complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

This report is intended solely for the information and use of the LELY COMMUNITY DEVELOPMENT DISTRICT and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Supervisors LELY COMMUNITY DEVELOPMENT DISTRICT Naples, Florida

Board of Supervisors:

Report on the Financial Statements

We have audited the financial statements of LELY COMMUNITY DEVELOPMENT DISTRICT, Florida, as of and for the fiscal year ended September 30, 2020 and have issued our report thereon dated February 9, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 9, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rule of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The District discloses this information in the notes to the financial statements.

To the Board of Supervisors
LELY COMMUNITY DEVELOPMENT DISTRICT
February 9, 2021

Financial Condition and Management

Sections 10.554(1)(i)5.a and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not LELY COMMUNITY DEVELOPMENT DISTRICT met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that LELY COMMUNITY DEVELOPMENT DISTRICT did not meet any of the conditions described in the Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for LELY COMMUNITY DEVELOPMENT DISTRICT. It is management's responsibility to monitor LELY COMMUNITY DEVELOPMENT DISTRICT's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
