INDEPENDENT AUDITOR'S REPORT

Honorable Chair and Members of the Mulberry Community Redevelopment Agency
City of Mulberry, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of Mulberry Community Redevelopment Agency (the CRA) a component unit of the City of Mulberry, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the CRA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Mulberry Community Redevelopment Agency as of September 30, 2020, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2021, on our consideration of the CRA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Mulberry Community Redevelopment Agency's internal control over financial reporting and compliance.

Management's Discussion and Analysis

September 30, 2020

As management of the Mulberry Community Redevelopment Agency (the CRA), a component unit of the City of Mulberry, Florida (the City), we offer readers of the CRA's financial statements this narrative overview and analysis of the financial activities of the CRA for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here in conjunction with the basic financial statements beginning on page 9.

Financial Highlights

- The assets of the CRA exceeded its liabilities at the close of the most recent fiscal year by \$497,110 (net position). Of this amount, \$35,879 is reported as unrestricted net position.
- The CRA's total net position increased by \$256,359 during the year ended September 30, 2020.
- As of the close of the current fiscal year, the CRA's general fund reported ending fund balance of \$1,610,343 compared to \$2,941 at the end of the prior fiscal year. The increase is caused by long-term debt proceeds received in the current year that were not fully expended during the year resulting in significant unspent loan proceeds of \$1,823,010 as of September 30, 2020.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the CRA's basic financial statements. The CRA's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the CRA's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the CRA's assets, liabilities, and deferred inflows and outflows of resources with the residual measure reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the CRA is improving or deteriorating.

The statement of activities presents information showing how the CRA's net position changed during the most recent fiscal year. All changes in net position are reported in a manner similar to the approach used by private-sector business in that revenue is recognized when earned or established criteria are satisfied, and expenses are reported when incurred. Accordingly, revenues are reported even when they may not be collected for several months after the end of the year, and expenses are reported even though they may not have used cash during the current fiscal year.

Both of the government-wide financial statements are designed to distinguish functions of the CRA that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The CRA does not engage in business-type activities and as such, no business-type activities are reported in the financial statements.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Management's Discussion and Analysis

September 30, 2020

The governmental activities of the CRA are exclusively comprised of the community redevelopment function.

The government-wide financial statements can be found by referencing the table of contents of this report.

Fund financial statements: Funds are a group of self-balancing accounts. Funds are used to account for specific activities of the CRA, rather than reporting on the CRA as a whole. The CRA uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The CRA maintains only one fund, a major governmental fund designated as the general fund.

The basic governmental fund financial statements can be found by referencing the table of contents of this report.

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found by referencing the table of contents of this report.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the CRA's general fund budgetary comparisons. Required supplementary information can be found by referencing the table of contents of this report.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Management’s Discussion and Analysis

September 30, 2020

Government-wide Financial Analysis

The following is a summary of the information presented in the Statement of Net Position on page 9 of this report.

Statement of Net Position (Summary)

as of September 30,

	<u>Governmental Activities</u>	
	<u>2020</u>	<u>2019</u>
Assets		
Current and other assets	\$ 1,891,264	\$ 111,123
Capital assets	1,102,167	237,810
Total assets	<u>2,993,431</u>	<u>348,933</u>
Liabilities		
Long-term liabilities	2,200,000	-
Other liabilities	296,321	108,182
Total liabilities	<u>2,496,321</u>	<u>108,182</u>
Net position		
Net investment in capital assets	461,231	194,108
Restricted	35,879	46,643
Total net position	<u>\$ 497,110</u>	<u>\$ 240,751</u>

The largest portion of the CRA's net position, \$461,231 reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding.

The CRA’s capital assets consist solely of the Gem Theatre Renovation Project with a September 30, 2020 capitalized balance of \$1,102,167. This is offset by long-term debt that has been spent on the project of \$376,990 and project related payables of \$263,946 to arrive at the net investment in capital assets of \$461,231. Upon completion, the final project costs will be transferred to the City’s governmental activities as the City has ongoing maintenance and repair responsibilities and operational oversight.

Although the CRA’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the CRA’s net position, \$35,879 represents resources that are restricted for community redevelopment activities.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Management’s Discussion and Analysis

September 30, 2020

The following is a summary of the information presented in the Statement of Activities on page 10 of this report.

Statement of Activities (Summary)
For the year ended September 30,

	Governmental Activities	
	<u>2020</u>	<u>2019</u>
Revenues:		
<i>Program Revenues:</i>		
Charges for services	\$ -	\$ -
Operating grants and contributions	-	-
Capital grants and contributions	-	-
<i>General revenues:</i>		
Taxes	320,245	209,911
Total revenues	<u>320,245</u>	<u>209,911</u>
Expenses:		
Community redevelopment	48,486	16,307
Interest on long-term debt	15,400	-
Total expenses	<u>63,886</u>	<u>16,307</u>
Change in Net Position	256,359	193,604
Net position - October 1	240,751	47,147
Net position - September 30	<u>\$ 497,110</u>	<u>\$ 240,751</u>

Governmental activities: Governmental activities’ change in net position for 2020 was an increase of \$256,359 as compared to an increase of \$193,604 for the prior year. The main reasons for the current year changes are as follows:

- Total revenue increased by \$110,334 or 53%. The main revenue increase was due to increased ad valorem tax increment funding due to increases in the property values within the CRA area.
- Total expenses increased by \$45,579 or 292% mainly due to the following:
 - Loan issuance costs of \$29,000 and interest expense of \$15,400, both increases are related to the current year issuance of long-term debt to fund the Gem Theatre renovation project.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Management's Discussion and Analysis

September 30, 2020

Financial Analysis of the Government's Funds

Governmental funds: The focus of the CRA's governmental fund (general fund) statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the CRA's financing requirements.

As of the end of the current fiscal year, the CRA's sole fund, the general fund, reported ending fund balances of \$1,610,343 and increase of \$1,607,402 in comparison with the previously reported balance in the prior year of \$2,941. The entire fund balance of the CRA's general fund is restricted for community development expenditures.

Activity during the current fiscal year included the following key components:

- Total general fund revenue increased by \$110,334 or 53%. The main revenue increase was due to increased ad valorem tax increment funding due to increases in the property values within the CRA area.
- Total general fund expenses increased by \$45,579 or 292% mainly due to the following:
 - Loan issuance costs of \$29,000 and interest expense of \$15,400, both increases are related to the current year issuance of long-term debt to fund the Gem Theatre renovation project.
 - Capital outlay costs were \$845,674 in the current year compared to \$250,483 in the prior year, an increase of \$595,191. This was due to increased expenditures on the Gem Theatre renovation project.

This was the third year of operation of the CRA.

General Fund Budgetary Highlights

Actual resources were slightly less than budgeted resources by \$1,708 and actual charges to appropriations were \$54,926 less than budgeted resulting in an overall favorable budget variance of \$53,218. The general fund budget was amended to increase budgeted debt proceeds by \$2,200,000 and budgeted outflows were increased by \$692,796. The amendments were made to reflect the issuance of long-term debt and uses of the debt proceeds that were not expected when the original budget was adopted.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Management's Discussion and Analysis

September 30, 2020

Capital Assets and Debt Administration

Capital assets: The CRA's investment in capital assets for its governmental and business-type activities as of September 30, 2020, amounts to \$1,102,167 (net of accumulated depreciation) which is an increase of over 300%. This increase is the result of current year additions to the Gem Theatre renovation project that was still in process as of September 30, 2020.

The CRA often engages in the construction, renovation, and/or acquisition of capital assets which may include land, buildings, improvements or furniture and equipment. None of these assets are titled to the CRA and the CRA does not have operational oversight nor obligation for ongoing repair and maintenance of the assets rather the assets are transferred to the City upon acquisition or upon completion of construction or renovation.

For long term construction or renovation projects, the costs are capitalized in the governmental activities of the CRA and are transferred to the City upon completion.

Additional information on the CRA's capital assets can be found in note 6 of the notes to the financial statements which can be found by referencing the table of contents of this report.

Long-Term Debt: The CRA had total long-term debt outstanding of \$2,200,000 compared to no long-term debt in the prior year. The current year debt issue is being used to pay for Gem Theatre renovation project costs and once the project is complete, the asset will be transferred to the governmental activities of the City and the long-term debt will remain in the CRA as it is the intent of the City and the CRA that the loan will be repaid from tax-increment revenues reported in the CRA.

Additional information on the CRA's long-term debt can be found in note 7 of the notes to the financial statements which can be found by referencing the table of contents of this report.

Economic Factors and Next Year's Budgets and Rates

It is anticipated that the following significant item will affect the 2021 fiscal year:

- The approved budget for the fiscal year 2020-2021 provides for an increase in revenue of the general fund in the amount of \$186,345 or 58% due to increases in the property values within the CRA district.

This significant item was considered in preparing the CRA's budget for the 2021 fiscal year and is expected to influence the CRA's fiscal year 2021 financial results.

Requests for information

This financial report is designed to provide a general overview of the finances of the Mulberry Community Redevelopment Agency, a component unit of the City of Mulberry, Florida, for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Mulberry, 104 S. Church Street, Mulberry, Florida 33860.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds to the Statement of Activities
for the year ended September 30, 2020

Amounts reported for governmental activities in the statement of net activities are different because:

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 1,607,402

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.

This is the amount of capital assets recorded in the current period. 864,357

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds while repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

This is the current year proceeds from borrowing. (2,200,000)

This is the change in accrued interest payable on long-term debt. (15,400)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES \$ 256,359

The accompanying notes are an integral part of these financial statements

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Mulberry Community Redevelopment Agency's (the "CRA") financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The CRA is a Component Unit of the City of Mulberry, Florida. The Governmental Accounting Standards Board (GASB) is responsible for establishing U.S. GAAP for state and local governments through its statements (GASBS) and Interpretations (GASBI). The more significant accounting policies established by GAAP and used by the CRA are discussed below.

A. REPORTING ENTITY

The CRA is an independent special district created in 2015 by the City of Mulberry, Florida under Chapter 163, Part III, of the Florida Statutes. The CRA was created for the purpose of eliminating and preventing the development and spread of deterioration and blight through the clearance, re-planning, reconstruction, rehabilitation, conservation, or renewal of areas designated for residential, commercial, industrial, community, public, and other uses. The CRA's property taxes are levied under the taxing authority of the City and are included as part of the City's total tax levy. The Board of the CRA is comprised of the six members of the City Commission.

As the City and the CRA are separate legal entities, the parties also share the mutual goal of redeveloping the CRA areas. The City provides administrative support services in the same manner as provided by the City in the conduct of its own affairs or as otherwise provided by the CRA Plans or By-Laws. City Management has operational responsibility for the CRA. The CRA is not currently charged by the City for the provision of these administrative support services.

The accompanying financial statements present the CRA and its component units, entities for which the CRA is financially accountable. Criteria for determining if other entities are potential component units of the CRA which should be reported with the CRA's basic financial statements are identified and described in the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, Section 2100. The application of these criteria provides for identification of any entities for which the CRA is financially accountable and other organizations for which the nature and significance of their relationship with the CRA are such that exclusion would cause the CRA's basic financial statements to be misleading or incomplete. Based on these criteria, the financial reporting entity does not include or exclude any component units.

The City is financially accountable for the CRA and as such, the CRA is considered to be a blended component unit in the City's basic financial statements.

B. BASIS OF PRESENTATION

The basic financial statements consist of the government-wide financial statements and fund financial statements.

Government-wide Financial Statements - The required government-wide financial statements are the Statement of Net Position and the Statement of Activities, which report information on all of the nonfiduciary activities of the CRA. The effects of interfund activity have been removed from these statements. The CRA has no fiduciary funds, however, if it did they would be excluded from the government-wide financial statements since by definition these assets are being held for the benefit of a third party and cannot be used to fund activities or obligations of the CRA. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *Business-type activities*, which rely to a significant extent on fees and charges for support.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment, including depreciation. The CRA does not allocate the interest expense of governmental fund debt or indirect costs such as finance, personnel, legal, etc. *Program revenues* can include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements - The financial transactions of the CRA are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, deferred inflows and outflows of resources, fund equity, revenues and expenditures/expenses. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. GASB Cod. Sec 2200 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. Non-major funds by category are summarized into a single column. Due to the CRA's fund structure, there were no non-major funds. The various funds are reported by type within the financial statements.

The financial transactions of the CRA are recorded in a single governmental "general" fund. There are no other governmental funds, no proprietary funds nor any fiduciary funds.

THE REMAINDER OF THE PAGE LEFT INTENTIONALLY BLANK

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements and the proprietary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Property taxes, franchise and public service taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual as revenue of the current period. Grant revenues are considered earned and are accrued simultaneously with the grant expenditure. In applying the susceptibility-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the CRA; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and substantially irrevocable; i.e. revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criteria. All other revenue items are considered to be measurable and available only when cash is received by the government.

Imposed nonexchange resources (property taxes, fines) are reported as deferred inflows if received before the tax is levied or before the date when use is first permitted. Government mandated nonexchange transactions and voluntary nonexchange transactions are reported as liabilities until the eligibility requirements (excluding time requirements) are met and as deferred inflows if received before time requirements are met and all other eligibility requirements have been satisfied.

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE

CASH AND CASH EQUIVALENTS – Includes all bank demand deposits, certificates of deposit, money-market and savings accounts and all short-term highly liquid investment securities with a maturity of three months or less when purchased. At September 30, 2020, all of the CRA's cash and investments met this definition.

RECEIVABLES – All trade and other receivables are shown net of an allowance for uncollectible accounts. Long-term receivables are analyzed for their collectability based on their terms and conditions of the agreements.

INVENTORY – Inventory is immaterial and such items are recorded as expenditures/expenses when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

CAPITAL ASSETS – In the government-wide financial statements capital assets may include land, buildings, improvements, infrastructure, and furniture and equipment.

The CRA often engages in the construction, renovation, and/or acquisition of capital assets which may include land, buildings, improvements or furniture and equipment. None of these assets are titled to the CRA and the CRA does not have operational oversight nor obligation for ongoing repair and maintenance of the assets rather the assets are transferred to the CRA upon acquisition or upon completion of construction or renovation.

For long term construction or renovation projects, the costs are capitalized in the governmental activities of the CRA and are transferred to the CRA upon completion.

In the event that capital assets are purchased and titled to the CRA or if the CRA has ongoing operational responsibility of a capital asset, the CRA would report these at historical cost, if purchased and at estimated acquisition value if donated. Capital assets are defined by City policy as personal or real property or improvements with an individual cost of \$1,000 or more and an estimated useful life in excess of one year. Maintenance and repair costs which do not improve or extend the life of the respective assets are charged to expense.

In the fund financial statements, capital assets are accounted for as capital outlay expenditures of the CRA's general fund upon acquisition.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

RESTRICTED ASSETS - Include cash and investments that are legally restricted to specific uses by external parties or enabling legislation. The CRA generally uses restricted resources first when an expenditure/expense is incurred for which both restricted and unrestricted resources are available.

INTEREST COSTS - Interest costs incurred are recognized as an expense in the period in which the cost is incurred in the statement of activities or as an expenditure on a basis consistent with governmental fund accounting principles in the statement of revenues, expenditures and changes in fund balance.

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will *not* be recognized as an outflow of resources (expense/expenditure).

In addition to liabilities, the statement of net position will sometimes report a section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applied to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

LONG-TERM OBLIGATIONS - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds outstanding method. Debt issuance costs are reported as an expense in the period incurred. Bond premiums and discounts are reported, net of amortization, in the related debt balances shown in the financial statements. For current refundings and advance refundings resulting in defeasance of debt reported by governmental activities, business-type activities, and proprietary funds, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense over the remaining life of the old debt or the life of the new debt, whichever is the shorter. Long-term debt for governmental funds is not reported as liabilities in the fund financial statements; rather the debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

EQUITY CLASSIFICATIONS -

Government-wide Statements - The difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position - Consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position - Consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When both restricted and unrestricted net position is available for use, it is the CRA's policy to use restricted net position first, and then unrestricted net position as they are needed.

Fund Statements - The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the CRA is bound to honor the constraints on the specific purposes for which amounts in those funds can be spent. Spendable resources are to be shown as restricted, committed, assigned and unassigned as considered appropriate in the CRA's circumstances. The following classifications describe the relative strength of the spending constraints:

Nonspendable — amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted — amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed — amounts constrained to specific purposes by formal action (resolution) of the CRA using its highest level of decision-making authority (the CRA Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the Board of Directors takes the same highest-level action (resolution) to remove or change the constraint.

Assigned — amounts that are constrained by the CRA's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the CRA's Board of Directors or through the Board of Directors delegating this responsibility to the City Manager through the budgetary process. The CRA's Board of Directors has not established a formal policy regarding authorization to assign fund balance amounts for a specific purpose.

Unassigned — all other spendable amounts.

The CRA uses restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

USE OF ESTIMATES – The preparation of the basic financial statements in conformity with generally accepted accounting principles, as applicable to government entities, requires management to make use of estimates that affect the reported amounts in the basic financial statements. Actual results could differ from estimates.

NOTE 2 – INCREMENTAL PROPERTY TAX REVENUE

The CRA’s primary source of revenue is tax-increment funds. This revenue is computed by applying the respective operating tax rates for the City and Polk County, Florida (the “County”) multiplied by the increased value of property located within the boundaries of the redevelopment areas of the CRA in excess of the base property value, minus 5%. The City and County are required to fund this amount annually by January 1 of each year without regard to tax collections or other obligations.

The City and County millage rates in effect for the fiscal year ended September 30, 2020 were 6.44 and 7.1565, respectively.

NOTE 3 - BUDGETARY LAW AND PRACTICE

The budget is adopted by resolution of the Board of Directors of the CRA on or before October 1 of each year. Because the City has operational responsibility for the CRA, the CRA utilizes the City’s budgetary level of control policy which establishes the legal level of budgetary control at the fund level for all of the CRA’s funds. Expenditures may not exceed appropriations at this level. Within these control levels, management may transfer appropriations subject to notification of the CRA’s Board of Directors; however, any revisions that alter the total expenditure of any fund must be approved by resolution. Budgets for all funds are adopted on the basis of cash receipts and disbursements which differs from the basis used for financial reporting purposes. These differences are usually not significant.

NOTE 4 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Finance Related Legal and Contractual Provisions – the CRA had no material violations of finance legal and contractual provisions.

Deficit Fund Balance or Net Position of Individual Funds – as of September 30, 2020, no individual fund had a deficit fund balance or net position deficit.

Excess of Expenditures Over Budget Appropriations in Individual Funds – for the year ended September 30, 2020, no budgetary fund had an excess of expenditures over appropriations.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 5 - DEPOSITS AND INVESTMENTS

DEPOSITS IN FINANCIAL INSTITUTIONS - The CRA’s deposits are insured by the FDIC up to \$250,000 per financial institution. Monies invested in amounts greater than the insurance coverage are secured by the qualified public depositories pledging securities with the Chief Financial Officer, State of Florida (the “CFO”) in such amounts required by the Florida Security for Public Deposits Act. In the event of a default or insolvency of a qualified public depositor, the CFO will implement procedures for payment of losses according to the validated claims of the City or the CRA pursuant to Section 280.08, Florida Statutes.

INVESTMENTS - The types of investments in which the CRA may invest are governed by section 218.415, Florida Statutes. According to State Statutes, the CRA is authorized to invest in the following instruments: Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized through the Florida Interlocal Cooperation Act; S.E.C. registered money market funds with the highest credit quality rating from a nationally recognized rating company; interest-bearing time deposits and savings accounts in qualified public depositories; direct obligations of the U.S. Treasury and federal agencies and instrumentalities or repurchase agreements fully collateralized by such securities; and interest in an entity registered under the Investment Company Act of 1940 whose investments are limited to U.S. Governments.

The captions on the government-wide statement of net position for “cash and cash equivalents”, both restricted and unrestricted, are summarized below. There were no investment securities maintained during the year.

Cash and cash equivalents:

Deposits in financial institutions:

Insured or fully collateralized bank deposits, \$ 1,891,264

Total cash and cash equivalents \$ 1,891,264

The CRA has no policy regarding custodial credit risk, concentration of credit risk, interest rate risk or foreign currency risk.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 6 - CAPITAL ASSETS

Capital assets activity for the year ended September 30, 2020 was as follows:

	Balance October 1, 2019	Increases	Decreases	Balance September 30, 2020
<u>Governmental Activities:</u>				
Capital assets, not being depreciated:				
Construction-in-progress	\$ 237,810	\$ 864,357	\$ -	\$ 1,102,167
Total capital assets, not being depreciated	237,810	864,357	-	1,102,167
Governmental activities capital assets, net	<u>\$ 237,810</u>	<u>\$ 864,357</u>	<u>\$ -</u>	<u>\$ 1,102,167</u>

NOTE 7 - LONG-TERM OBLIGATIONS

The following is a summary of changes in long-term obligations for the year ended September 30, 2020:

	Balance October 1, 2019	Increases	Decreases	Balance September 30, 2020	Amounts Due within One Year
<u>Governmental Activities:</u>					
Long-term liabilities:					
Bonds and notes payable:					
Series 2020 Revenue Note	\$ -	\$ 2,200,000	\$ -	\$ 2,200,000	\$ 220,000
Total bonds and notes payable:	-	2,200,000	-	2,200,000	220,000
Total long-term liabilities	<u>\$ -</u>	<u>\$ 2,200,000</u>	<u>\$ -</u>	2,200,000	<u>\$ 220,000</u>
Less amounts due in one year				(220,000)	
Net long-term liabilities in excess of one year				<u>\$ 1,980,000</u>	

Notes to Long-Term Obligations Table

Long term liabilities are typically liquidated by the individual fund to which the liability is directly associated. All the CRA's long-term debt arose through direct borrowings or direct placements.

Interest included as Direct Expense - None of the interest on governmental activities long-term debt has been included in the direct expenses of any of the various programs.

Governmental Activities:

- The Capital Improvement Revenue Note, Series 2020 (the "Series 2020 Revenue Note") is secured by a covenant to budget and appropriate non-ad valorem revenues to pay the annual debt service as it becomes due. The note bears interest at a rate of 2.80% and requires annual payments of principal and interest on July 1 of each year until final maturity on July 1, 2030. The note proceeds are being used to fund the rehabilitations of the historic Gem Theatre building in downtown Mulberry. The Series 2020 Revenue Note was issued on July 2, 2020 for an initial principal amount of \$2,200,000 of which \$1,823,010 remains unspent as of September 30, 2020 as the project is in process at that time. The debt issuance activity and future debt service will be reported in the City's Community Redevelopment Agency special revenue fund.

In the event of default, the bond holder has the right to take whatever action necessary to collect the amounts due.

MULBERRY COMMUNITY REDEVELOPMENT AGENCY

(A Component Unit of the City of Mulberry, Florida)

Notes to Financial Statements

for the year ended September 30, 2020

NOTE 7 - LONG-TERM OBLIGATIONS (concluded)

Maturities: Annual requirements to repay all bonds and notes payable as of September 30, 2020, were as follows:

<u>Fiscal Year Ending</u>	<u>Principal</u>	<u>Interest</u>
2021	\$ 220,000	\$ 61,600
2022	220,000	61,600
2023	220,000	55,440
2024	220,000	49,280
2025	220,000	43,120
2026-2030	<u>1,100,000</u>	<u>123,200</u>
Total	<u>\$ 2,200,000</u>	<u>\$ 394,240</u>

NOTE 8 - RISK MANAGEMENT AND LITIGATION

During the ordinary course of its operations, the CRA is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions, and natural disasters. The CRA is covered by the City's insurance plans. The City maintains commercial insurance coverage in amounts management feels is adequate to protect and safeguard the assets of the City, including the CRA. There have been no significant reductions in coverage nor have settlement amounts exceeded the City's coverage during the year ended September 30, 2020 or the previous two fiscal years. In the opinion of the City's management and legal counsel, legal claims and litigation are not anticipated to have material impact on the financial position of the City or the CRA. Settled claims resulting from these risks have not exceeded insurance coverage.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Chair and Members
of the Mulberry Community Redevelopment Agency
City of Mulberry, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Mulberry Community Redevelopment Agency (the CRA), a component unit of the City of Mulberry, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the CRA's basic financial statements, and have issued our report thereon dated January 28, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the CRA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the CRA's internal control. Accordingly, we do not express an opinion on the effectiveness of CRA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the CRA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Chair and
Members of the Mulberry Community Redevelopment Agency
City of Mulberry, Florida

In planning and performing our audit of the financial statements of the Mulberry Community Redevelopment Agency (the CRA) a component unit of the City of Mulberry, Florida, for the year ended September 30, 2020, we considered the CRA's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

This letter furnishes information required by Chapter 10.550, *Rules of the Auditor General*, and other compliance matters.

PRIOR YEAR FINDINGS

There were no reportable findings in the prior year relating to the CRA.

CURRENT YEAR FINDINGS

There were no reportable findings during the current year.

AUDITOR GENERAL AND OTHER COMPLIANCE MATTERS

Financial Emergency Status - We have determined that the CRA did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*, that might result in a financial emergency.

Financial Condition Assessment - As required by the *Rules of the Auditor General* (Sections 10.554(1)(i)5. b and 10.556(8)), we applied financial condition assessment procedures. It is management's responsibility to monitor the entity's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information they provided.

Our audit did not disclose any further items that would be required to be reported under the *Rules of the Auditor General*, Chapter 10.550.

CONCLUSION

We have reviewed this information with appropriate officials or employees and have provided them with documentation as requested. We very much enjoyed the challenges and experience associated with this year's audit of the CRA. We appreciate the helpful assistance and courtesy afforded us by all City employees and look forward to working with you in the future.

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Chair and Members of the Mulberry Community Redevelopment Agency
City of Mulberry, Florida

We have examined the Mulberry Community Redevelopment Agency's (the CRA) compliance with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2020. We have also examined the CRA's compliance with Sections 163.387(6) and (7), *Florida Statutes* during the year ended September 30, 2020. Management is responsible for the CRA's compliance with those requirements. Our responsibility is to express an opinion on the CRA's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the CRA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examinations provide a reasonable basis for our opinion. Our examinations do not provide a legal determination on the CRA's compliance with the specified requirements.

In our opinion, the CRA complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

This report is intended solely for the information and use of the CRA and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

POWELL & JONES
Certified Public Accountants
Lake City, Florida
