FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors and the Executive Director
Northern Palm Beach County Improvement District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Northern Palm Beach County Improvement District (District), as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of September 30, 2020, and the respective changes in financial position, thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule on pages 4 through 15 and 45 through 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor financial statements, and other supplementary financial data and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor financial statements and other supplementary financial data and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor financial statements and other supplementary financial data and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 3, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(MD&A)

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of Northern Palm Beach County Improvement District (Northern or the District) would like to offer the readers of the District's financial statements this discussion and analysis of the District's financial activities during the fiscal year that ended on September 30, 2020. We encourage readers to consider the information presented in this discussion and analysis in conjunction with the District's financial statements, which follow this section.

FINANCIAL AND DISTRICT HIGHLIGHTS

Financial Highlights

- Net position at the end of the year was approximately \$225,843,000. Of this amount, approximately \$26,023,000 (unrestricted net position) may be used to meet the District's ongoing operations.
- Total net position of the District decreased by approximately \$16,237,000 at September 30, 2020.
 - Net investment in capital assets decreased by approximately \$13,581,000. This was mainly due to the conveyance of drainage improvements and water and sewer improvements to other entities in Units of Development 2C, Alton, and 53, Arden.
 - Net position restricted for debt service decreased by approximately \$2,739,000 primarily due to principal payments on outstanding bonds decreasing debt outstanding.
 - Unrestricted net position increased by approximately \$82,000 this year mainly due to the accumulation of funds in various special revenue funds for upcoming large projects in the District's Five Year Capital Improvement Plan.
 - The District's total revenues (on an accrual basis) were approximately \$24,308,000 for the year ended September 30, 2020. This is a decrease of approximately \$14,574,000 or 37% from the prior year and is primarily due to the prior year including the issuance of new debt totaling \$10,975,000 in Unit of Development No. 53 (Arden). Capital contributions from Land Owners decreased by approximately \$1,881,000 mainly because less developer funded projects were completed during the year within Unit of Development No. 2C, Alton. Most of the construction activity in Unit of Development No. 2C, Alton was funded by bond proceeds during this fiscal year. Operating grants and contributions decreased by approximately \$506,000 because the prior year included grant proceeds from the Solid Waste Authority of Palm Beach County and was not received again in the current fiscal year. Investment earnings decreased by approximately \$1,091,000 primarily because of decreasing interest rates and the depletion of capital projects funds in Units of Development No. 2C, Alton, and 53, Arden. Capital asset contributions from Land Owners decreased by approximately \$1,281,000 mainly because the prior year included the conveyance of approximately \$1,394,000 in certain surface water management improvements to Northern by Toll FL V in Unit 51, Frenchman's Harbor.
- Total expenses/outflow for all of the District's activities were approximately \$40,545,000 for the year. This is an increase of approximately \$5,176,000 or 15% from the previous year, primarily attributable to the increase in capital assets contributed to other entities. During the year ended September 30, 2020, in Unit of Development No. 2C, Alton, water and sewer improvements with a value approximating \$6,289,000 were given to Seacoast Utility Authority, and "private" improvements with a value approximating \$1,303,000 that had been constructed by Northern utilizing funds contributed by KH Alton were conveyed to Alton Neighborhood Five Homeowners Association. In Unit of Development No. 53, Arden, water and sewer improvements with value approximating \$3,867,000 were conveyed to Palm Beach County Water Utilities for ownership, operation, and maintenance. Physical environment expenses increased by approximately \$851,000 primarily as a result of increased depreciation expense.
- The District expended approximately \$10,578,000 on capital projects during the year, mainly in Units of Development No. 2C, Alton, 31, BallenIsles, and 53, Arden. This is an approximate \$11,719,000 or

53% decrease from the prior year, primarily because of a pause in construction activity in Unit of Development No. 2C, Alton, as new homes are under construction in the areas where infrastructure was previously completed. The largest capital projects during the fiscal year ended September 30, 2020, were for the development of the water management plan and construction of improvements in Units of Development No. 2C and 53, totaling approximately \$3,935,000 and \$3,871,000, respectively.

- GASB (Governmental Accounting Standards Board) issued Statement No. 75 *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* (OPEB) in June 2015. Northern is required to report the cost of benefits to retired employees during the time of their employment and how those benefits will be funded. Northern hired an actuary to compute the expense and accrued liability for those benefits. The State requires local governments to provide health care insurance to all retirees either funded by the government or by the retiree at the rate that all remaining employees are charged. The rate charged by insurance companies is blended rather than tiered by age. Thus, a retired employee is charged the same rate as a younger employee creating an implicit benefit. This benefit should be expensed, if material, and disclosed in the financial statements. At September 30, 2020, Northern employed 22 people and had no retirees on the health insurance plan. The actuarially determined annual required contribution and expense for fiscal year ended September 30, 2019 under GASB 75 was \$229. The actuarial accrued liability as of September 30, 2019, was \$2,266. There were no changes to the OPEB plan or significant changes to the number of employees or their retirement status this fiscal year. As such, it was determined not recalculate the contribution, liability, and expense for September 30, 2020 since any changes would be minimal. Since these amounts are not material, the District will not present them in the financial statements or the notes.

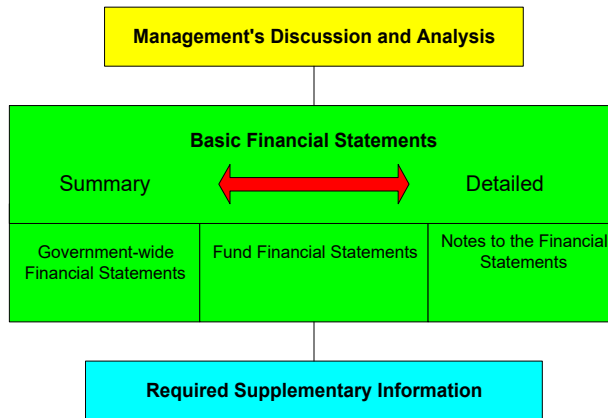

USING THIS ANNUAL REPORT

This discussion and analysis is intended to serve as an introduction to Northern Palm Beach County Improvement District's basic financial statements. The District's basic financial statements provide information on both the District as a whole (government-wide) and on the individual major funds. The District's annual report consists of *three sections: the introductory section, the financial section* which includes management's discussion and analysis (this section), the basic financial statements, required supplementary information, and an optional section that presents the combining statements for nonmajor governmental funds and other financial data and schedules and *the reporting section*. The basic financial statements themselves consist of three components: government-wide financial statements, fund financial statements and notes to the financial statements. These statements present different views of the District:

- The first two statements are ***government-wide financial statements*** that provide both long-term and short-term information about the District's *overall* financial status. This statement format combines and consolidates the governmental funds' current financial resources (short-term spendable resources) with capital assets (including infrastructure) and long-term obligations.
- The ***fund financial statements*** focus on individual parts of the District, reporting the District's operations in *more detail* than the government-wide statements. This is the manner in which the budget is typically developed. Funds are established for various purposes and the fund financial statements allow the demonstration of sources and uses of liquid resources.
- The financial statements also include ***notes*** that explain some of the information in the financial statements and provide more detailed data.

Figure A-1 shows how the required parts of the basic financial statements are arranged and relate to one another. In addition to these required elements, we have included a section with combining statements that provide details about our nonmajor governmental funds, each of which are added together and presented in single columns in the basic financial statements.

**Figure A-1
Required Components of Northern Palm Beach County Improvement
District's Basic Financial Statements**

Government-wide Financial Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the District's assets, deferred outflows of resources and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as an indicator of whether the financial position of the District is improving or deteriorating. The District's policy is to construct capital improvements for landowners and as they are completed, donate some of those improvements to other governments as a part of a Unit of Development's Plan of Improvement. As a result, the District's net position may have significant swings due solely to the amount of capital assets donated during a fiscal year. Other non-financial factors should be considered as well, such as the condition of the District's capital assets (canals, roads, pump stations, etc.) to assess the overall health of the District.

The statement of activities presents information showing how the government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The Government-wide Financial Statements can be found on pages 16-17 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate legal compliance with finance-related legal requirements. The District's funds are all categorized as governmental funds.

The District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a short-term view of the District's operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences between government-wide activities (reported in the statement of net position and the statement of activities) and governmental funds are reconciled on separate schedules.

The District's governmental funds are further divided into three fund types: special revenue funds, debt service funds and capital project funds.

Special revenue funds generally account for the maintenance activities in the various Units of Development. Restricted revenues mainly come from special assessments, interest earnings and loan proceeds. Expenditures are for maintenance activities in established Units of Development. These expenditures are typically for canal and lake maintenance, mowing, chemical weed control, road maintenance and repair projects.

Debt service funds account for the debt service for bonds and loans of the District. Generally the debt accounted for in these funds is from larger capital projects. Revenues are from special assessments, new or refunded debt and interest earnings. Expenditures are for debt service, trustee fees and refunding costs.

Capital project funds account for the larger construction projects in various Units of Development. These projects typically span multiple years and run concurrent with a Unit of Development's Plan of Improvement. Revenues are from debt issuance or landowner contributions and interest earnings. Expenditures are for capital outlay.

The District maintains 67 individual governmental funds: 47 special revenue funds, 15 debt service funds, 4 capital project funds and the general fund. Some funds are required by State law, however, the District establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting its legal responsibilities for using certain taxes and other monies. The fund financial statements provide detailed information about *the most significant funds* (major funds), not the District as a whole. Accordingly, three major funds, in addition to the general fund, are reported individually in the governmental funds balance sheet and statement of revenues, expenditures and changes in fund balances. The remaining governmental funds (non-major funds) are reported in these statements as a combined total.

The Fund Financial Statements can be found on pages 18 - 21 of this report.

Notes to Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Notes to the financial statements can be found on pages 22 – 44 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also includes required supplementary information, combining nonmajor financial statements and schedules (supplementary information), as well as other supplementary financial data and schedules which can be found on pages 45 through 88 of this report.

Capital Assets

Infrastructure Assets

Historically, a government's largest group of assets, infrastructure, (roads, water control structures, surface water management systems, etc.) have not been reported nor depreciated in governmental fund financial statements. GASB Statement No. 34 requires that these assets be valued and reported within the governmental activities column of the government-wide statements. Additionally, the government must elect to either (a) depreciate these assets over the estimated useful life or (b) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. The District utilizes the depreciation method.

Intangible Assets

Northern is required to track and capitalize the cost of intangible assets including software and easements. The cost of software has always been captured in machinery and equipment when purchased. Northern obtains easements over property for various reasons ranging from road rights-of-way to access easements to cross property to maintain our assets, to flowage easements to move stormwater across lakes. The most frequent easement obtained by Northern is an access easement to maintain District assets. The value that is assigned to the right (easement) is the fair value based on the average cost per acre of surrounding property. Northern has established that the threshold for capitalizing the cost of the easement on the financial statements is \$50,000. No easements met the threshold for fiscal year ended September 30, 2020.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Position

The District's net position decreased by 6.7% and was \$225,842,894 and \$242,080,103 as of September 30, 2020 and 2019, respectively. Assets decreased by 5.7% mostly due to the decrease in assessments receivable as a result of collections that are used for scheduled debt service payments on outstanding debt reducing the amount of debt outstanding and the corresponding assessments receivable to pay off that debt. The other significant change in assets was a decrease of approximately \$7.7 million, or 68.2%, in investments. This reduction in the amount of investments was the result of bond proceeds spent on capital asset construction during the year. Capital assets in total, however, decreased by approximately 4.8% mainly due to the conveyance of water and sewer utilities to other entities in Units of Development No. 2C, Alton, and 53, Arden. Liabilities decreased by 4.7% due to a decrease in long-term obligations at year end. The largest change in liabilities was a decrease of approximately \$9.5 million, or 5.0%, in long term obligations due in more than one year, due to scheduled amortization of existing debt without any new debt issued.

The largest portion of the District's net position (\$142,480,845 or 63.1%) represents net position restricted for debt service. An additional portion of the District's net position (\$57,338,884 or 25.4%) represents investment in capital assets (infrastructure, buildings, machinery and equipment, etc.) less any related outstanding debt and deferred outflows of resources used to acquire or construct those assets. The District uses capital assets to provide services to its residents; accordingly, these assets are not available for future spending. The remaining unrestricted net position (\$26,023,165) may be used to meet the District's ongoing operations.

The following chart highlights the components of net position as of September 30, 2020:

The following table summarizes the statement of net position as of September 30, 2020 and September 30, 2019:

Northern Palm Beach County Improvement District
Summary of Statement of Net Position

	<u>2020</u>	<u>2019</u>	<u>Difference</u>	<u>%</u>

Net position, end of year	\$ 225,842,894	\$ 242,080,103	\$ (16,237,209)	-7%

The District's total revenues (including general revenues) decreased by approximately \$14,574,000 or 37% from 2019 to 2020. The main component of the decrease was in charges for services, primarily because issuance of debt affects the District's recognized revenues in its statement of activities. In fiscal year 2020, no new debt was issued, whereas new debt totaling \$10,975,000 in Unit of Development No. 53, Arden, was issued in fiscal year 2019. The balance of debt outstanding corresponds with the balance in the deferred inflow of resources on the governmental funds balance sheet because it is unavailable special assessment revenue to be collected in future years. The change from year to year in the total deferred inflow of resources affects the amount of revenue reported on the Statement of Activities because this assessment revenue is not deferred in the Statement of Net Position. Capital contributions from Land Owners decreased by approximately \$1,881,000 primarily because there was less developer funded construction of infrastructure improvements within Unit of Development No. 2C, Alton, pursuant to funding agreements with the landowner. The decrease in interest earnings by approximately \$1,091,000 or 67% from 2019 to 2020 is primarily attributable to falling interest rates and lower balances held in capital projects funds. Capital asset contributions from Land Owners decreased by approximately \$1,281,000 primarily because the prior year included a large conveyance of capital assets to the District by Toll FL V in Unit of Development No. 51, Frenchman's Harbor. The current year balance of Capital Asset Contributions from Land Owners is primarily comprised of land conveyed to Northern by Highland Dunes for linear parks within Unit of Development No. 53, Arden.

Total expenses increased by approximately \$5,176,000 or 15% from 2019 to 2020 primarily because of the increase in capital asset contributions to other governments in Unit of Development No. 2C, Alton, and in Unit of Development No. 53, Arden. Capital assets conveyed to land owners in fiscal year 2020 consisted

of certain “private” improvements constructed by Northern utilizing funds contributed by KH Alton. These “private” improvements conveyed to Alton Neighborhood Three and Four Homeowners Associations were part of construction completed in the neighborhoods. Capital assets conveyed to other governments during fiscal year 2020 included water and sewer mains to Seacoast Utility Authority in Unit of Development No. 2C, Alton, and to Palm Beach County Water Utilities in Unit of Development No. 53, Arden.

The following graphs present the revenues and expenses for the fiscal year:

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, Northern Palm Beach County Improvement District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements as well as control and manage resources for specific purposes. The following is a discussion of the major funds of the District for fiscal year ended September 30, 2020 compared to the fiscal year ended September 30, 2019.

The general fund is the primary fund for tracking administrative and operation costs associated with the daily management of the District. Unassigned fund balance in the general fund was approximately \$1,037,000 at September 30, 2020. This was an increase of approximately \$22,000 from the prior year.

The debt service fund for Unit of Development No. 2C, Alton, had an approximate \$81,000 increase in fund balance primarily as a result of favorable budget variances on tax discount and interest earnings. The debt service fund for Unit of Development No. 53, Arden, had an approximate \$57,000 increase in fund balance primarily as a result of favorable budget variances on tax discount and interest earnings. The fund balance of the capital projects fund for Unit of Development No. 2C, Alton, decreased by approximately \$3,162,000 due to capital outlay related to the construction of Unit of Development No. 2C, Alton's Plan of Improvements.

BUDGETARY HIGHLIGHTS

The District adopted the fiscal year 2019/2020 budget on August 28, 2019. There were no budget amendments made to the budget. Total expenditures budgeted in the general fund for the fiscal year ended September 30, 2020 were approximately \$4,025,000, which are funded through operating transfers from other funds.

As presented in the Budgetary Comparison Schedule, the total of revenues and other financing sources budgeted for the general fund was approximately \$4,025,000, solely from transfers in. "Transfers in" reimburse the general fund for expenditures incurred within the general fund. Actual transfers in was approximately \$173,000 less than budgeted due to savings in the general fund expenditures which required less funds transferred in from other funds.

Total budgeted expenditures in the general fund were approximately \$4,025,000. Actual expenditures were approximately \$171,000 less than budgeted due to actual expenditures less than budgeted in health insurance, HVAC repairs, engineering expenditures, public information, and building maintenance.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the beginning of the fiscal year ended September 30, 2020, the District had \$176,952,304, net of accumulated depreciation, invested in a broad range of capital assets, including land, surface water management systems, roadway improvements, etc. A net decrease of \$8,550,114 decreased the total to \$168,402,190, net of accumulated depreciation, by the end of the fiscal year. The components of the change in capital assets included \$2,279,193 of additions during fiscal year 2020, comprised of construction, land, machinery and equipment, and \$10,829,307 of capital assets disposed of. Depreciation expense was \$8,649,269.

The more significant changes to capital assets included the following:

- Unit of Development No. 2C, Alton - Capital outlay included Parcel G Improvements and Alton Park Improvements totaling approximately \$3,935,000. Water and sewer improvements totaling approximately \$6,289,000 were conveyed to Seacoast Utility Authority for ownership, operation and maintenance. “Private” improvements with a value approximating \$1,303,000 constructed by Northern utilizing funds contributed by KH Alton were conveyed to Alton Neighborhood Five Homeowners Association, Inc.
- Unit of Development No. 11, PGA National - Capital outlay included the milling and overlay of Northern owned roads totaling approximately \$583,000.
- Unit of Development No. 16, Palm Beach Park of Commerce - Capital outlay included the milling and overlay of Northern owned roads totaling approximately \$298,000.
- Unit of Development No. 18, Ibis Golf and Country Club – Capital outlay included the replacement of diesel fuel tanks at the pump stations totaling approximately \$136,000.
- Unit of Development No. 31, BallenIsles – Capital outlay included the milling and overlay of Northern owned roads totaling approximately \$676,000.
- Unit of Development No. 53, Arden - Capital outlay included Plan of Improvement Development project costs totaling approximately \$3,867,000. Land for a linear park valued at approximately \$294,000 was conveyed to the District by Highland Dunes. Linear park improvements were conveyed to the District by Highland Dunes totaling approximately \$56,000. Water and sewer improvements totaling approximately \$4,534,000 were conveyed to Palm Beach County Water Utilities for ownership, operation and maintenance.
- Units of Development No. 2, 2C, 4, 9A, 9B, 11, 14, 15, 19, 21 and 31 - New aerators and diffusers installed totaling approximately \$550,000.
- District wide- a Telemetry radio upgrade was completed in various Units of Development within the District totaling approximately \$231,000.

The following table summarizes the District’s capital assets, net of accumulated depreciation, for the fiscal years ended September 30, 2020 and September 30, 2019:

	2020	2019
Land	\$ 20,397,447	\$ 20,103,398
Lakes and canal improvements	11,068,124	11,068,124
Preserve improvements	8,985,296	8,985,296
Construction in progress	6,498,518	21,952,700
Buildings and improvements	2,460,641	2,824,327
Parks and facilities	1,696,698	2,177,840
Machinery and equipment	2,484,952	2,204,407
Roadway improvements	44,309,712	43,251,789
Storm water pump stations	2,774,548	3,022,061
Surface water management system	46,116,220	42,497,683
Water control structures	7,949,217	8,199,236
Water, sewer and irrigation facilities	13,660,817	10,665,443
Total Capital Assets, net	<u>\$ 168,402,190</u>	<u>\$ 176,952,304</u>

Additional information on the District’s capital assets can be found in Note 3 on page 35 of this report.

Debt

The District's total outstanding debt in bonds and notes, net of bond premiums and discount, was \$190,183,494 and \$199,184,771 for the fiscal years ended September 30, 2020 and 2019, respectively.

Additional information on the District's long-term debt can be found in Note 4 on pages 36-41 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following highlights for Special Revenue Funds were considered in creating the fiscal year 2020/2021 budget:

- Unit of Development No. 1 – Canal maintenance.
- Unit of Development No. 2 – Access gate replacement.
- Unit of Development No. 2A – Canal maintenance.
- Unit of Development No. 2C - Road and sidewalk repairs and maintenance.
- Unit of Development No. 3 – Canal maintenance including engineering and surveying.
- Unit of Development No. 3A – Catch basin cleaning and inspection, aerator refurbishment, engineering and surveying and road and sidewalk repairs and maintenance.
- Unit of Development No. 4 - Aerator refurbishment and canal maintenance.
- Unit of Development No. 5A - Road and sidewalk repairs and maintenance, catch basin cleaning and inspections, and street light LED bulb upgrade and replacement.
- Unit of Development No. 5D – Backup generator transfer switch and panel.
- Unit of Development No. 9A and 9B - Canal maintenance including staff gauge conversion, road and sidewalk repairs, aerator refurbishment, culvert inspection and cleaning and telemetry maintenance.
- Unit of Development No. 11 – Aerator refurbishment, pump station repairs, catch basin cleaning and inspections including slip lining, roadway drainage inlet inspections, building repair and maintenance, telemetry upgrades and engineering design of multiple projects.
- Unit of Development No. 14 - Pump station repair and maintenance.
- Unit of Development No. 15 - Canal maintenance and trash disposal, access gate replacement and repair, and aerator refurbishment.
- Unit of Development No. 16 - Canal maintenance and washout repairs, catch basin cleaning and repairs, telemetry maintenance, engineering design of multiple projects as well as internal roadway maintenance and overlay.
- Unit of Development No. 18 –Catch basin cleaning and repairs, street sweeping, telemetry maintenance, aerator refurbishment, canal maintenance, engineering design for multiple projects, pump station repair and maintenance, alum application treatment project as well as roadway repairs.
- Unit of Development No. 19 - Canal maintenance and culvert inspection and cleaning.
- Unit of Development No. 19A - Irrigation system modifications and repairs.
- Unit of Development No. 21- Telemetry maintenance.
- Unit of Development No. 24 – Pump station repairs, telemetry maintenance and generator transfer switch.

- Unit of Development No. 31 – Internal roadway maintenance, catch basin inspections and cleaning, aerator refurbishment, miscellaneous building repairs, PGA Blvd entrance guard house planning and design, roadway modifications for PGA Blvd. entrance by guardhouse and construction of improvements (PGA Blvd. entrance guard house).
- Unit of Development No. 32 - Canal maintenance.
- Unit of Development No. 34 - Sidewalk and roadway repairs, gate repair and maintenance, as well as irrigation and landscaping maintenance.
- Unit of Development No. 38 – Catch basin cleaning and inspection, as well as internal roadway maintenance.
- Unit of Development No. 43 - Canal maintenance, pump station maintenance, telemetry maintenance, preserve structure repair and maintenance and road and sidewalk repairs.
- Unit of Development No. 45 - Road and sidewalk repairs, street sweeping, engineering for miscellaneous projects as well as roadway drainage inlet, catch basin, culvert and pipe inspection, cleaning and repairs.
- Unit of Development No. 47 – Canal Maintenance.
- Unit of Development No. 51 – Internal roadway maintenance (bridge inspections).
- Unit of Development No. 53 – Internal roadway maintenance and general repair and maintenance.
- Unit of Development - Operations- Vehicle replacement, computer upgrades and replacements, telemetry repair tools, EOC landscaping improvements, EOC water tank replacement, and building repairs and maintenance.

CONTACTING THE DISTRICT’S FINANCIAL MANAGEMENT

This financial report is designed to provide our readers with a general overview of the District’s finances and to demonstrate the District’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District’s Executive Director, O’Neal Bardin, Jr., 359 Hiatt Drive, Palm Beach Gardens, Florida 33418.

**NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION**

SEPTEMBER 30, 2020

Total Governmental Fund Balances (Page 19)	\$	52,700,046
---	-----------	-------------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds:

Cost of assets	\$ 284,062,208	
Accumulated depreciation	<u>(115,660,018)</u>	168,402,190

The focus of governmental funds is on short-term financing, some assets will not be available to pay for current-period expenditures. Those assets (assessments receivable) are offset by deferred inflow in the governmental funds and thus are not included in fund balance:

Adjustment of deferred inflows - unavailable revenue		190,280,503
--	--	-------------

Long-term liabilities, including notes and bonds payable, are not due and payable in the current period and therefore are not reported in the funds. The amount borrowed is received in the governmental funds and increases fund balance, whereas the amount escrowed for payment of the old debt reduces fund balance. The difference between those amounts as well as the bond insurance costs will be amortized as an adjustment of interest expense in the statement of activities over the remaining life of the refunded debt. Balances at year-end consist of:

Bonds and notes payable	(190,183,495)	
Less unamortized deferred amount on refunding	6,409,242	
Less unamortized bond costs (insurance)	198,556	
Accrued interest payable on long-term debt	(1,397,831)	
Compensated absences	(566,317)	(185,539,845)

Total Net Position (Page 17)	\$	225,842,894

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

Net Change in Fund Balances - Total Governmental Funds (Page 20) \$ (6,921,009)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures, however, in the statement of activities the cost of those assets is depreciated over their estimated useful lives.

Expenditures for capital outlay	\$ 10,577,999	
Less current year depreciation expense	<u>(8,649,269)</u>	1,928,730

The net effect of various miscellaneous transactions involving capital assets (i.e. , sales, trade-ins, and donations) is to decrease net assets.

Capital asset contributions to other governments	(7,579,787)	
Capital asset contributions to land owners	(3,248,442)	
Capital asset contribution from land owners	350,463	
Loss on sale/disposal of capital assets	<u>(1,077)</u>	(10,478,843)

Governmental funds report annual collections of debt assessments as revenue, including the portion collected for principal repayment. However, in the statement of activities, the principal repayment portion is recognized as revenue upon adoption of the resolutions authorizing the debt.

(8,964,888)

Some revenues, expenses, gains and losses reported in the statement of activities are not reported in the governmental funds because they have no effect on current financial resources:

Changes in compensated absences		(22,561)
---------------------------------	--	----------

Interest expense in the statement of activities differs from the amount reported in governmental funds for two reasons. The net effect of accrued interest on long-term debt (difference between amount that would have been accrued in prior year and current year accrual), and adjustments arising from bond insurance are amortized:

Net effect of accrued interest on long-term debt	55,656	
Net amortized bond discount and premium	36,388	
Amortization of bond insurance costs	<u>(835,571)</u>	(743,527)

Bond and note proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the government-wide statements, however, issuing debt increases long-term liabilities in the statement of net position.

Principal payments on long-term debt		<u>8,964,889</u>

NOTES TO BASIC FINANCIAL STATEMENTS

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Northern Palm Beach County Improvement District (the District) was created pursuant to Chapter 59-994, Florida Statutes and codified pursuant to Chapter 2000-467, Laws of Florida, and supplemented by Chapters 2004-467, 2005-302, 2006-330, 2009-256, and 2010-243, Laws of Florida, for the purpose of reclaiming the lands within its boundaries for water control and water supply purposes, and to protect the land from the effects of water by means of the construction and maintenance of canals, ditches, levees, dikes, pumping plants, and other works and improvements. The District is also authorized to construct and operate water and sewer facilities, roads, parks and parkways. The District is located in the northeastern section of Palm Beach County and encompasses approximately 128 square miles of land.

The governing body of the District is the Board of Supervisors ("the Board") which is comprised of five elected members. The Board is responsible for legislative and fiscal control of the District.

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

A. FINANCIAL REPORTING ENTITY

The financial statements were prepared in accordance with GASB Statements related to *The Financial Reporting Entity*, which establishes standards for defining and reporting on the financial reporting entity. The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the District, organizations for which the District is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The District is financially accountable for a component unit if it appoints a voting majority of the organization's governing board and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the District, or the District has operational responsibility on the organization. Based upon the application of these criteria, there were no organizations that met the criteria described above.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District.

The statement of activities demonstrates the extent to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and, 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as *general revenues*.

Major individual governmental funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-ad valorem assessments are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they become measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures for compensated absences, are recorded only when payment is due.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Non-ad valorem assessments and interest on investments associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the District. Revenues for expenditure driven grants are recognized when the related expenditures are incurred.

The District reports the following major governmental funds:

The *General Fund* is the primary operating fund and is used to account for all financial resources applicable to the general operations of the District except those required to be accounted for in another fund.

The *Unit 2C Debt Service Fund*, is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs for Unit of Development 2C.

The *Unit 53 Debt Service Fund*, is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs for Unit of Development 53.

The *Unit 2C Capital Projects Fund*, is used to account for the construction and acquisition of capital assets, such as buildings, water control structures, surface water management system, equipment, roads and roadway improvements for Unit of Development 2C.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Additionally, the District reports the following non-major fund types:

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities.

D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION OR EQUITY

1. Deposits and Investments

Cash and investments of each fund, except for certain investments governed by bond resolutions or other contractual agreements, are accounted for in pooled cash and investment accounts with each fund maintaining its proportionate equity in the pooled accounts. The use of a pooled cash and investment account enables the District to invest idle cash for short periods of time, thereby maximizing earnings potential. Income earned from this pooling of investments is allocated to the respective funds based upon average monthly proportionate balances.

The District can invest in interest-bearing checking or savings accounts, interest-bearing time deposits, the Local Government Surplus Funds Trust Fund, Securities and Exchange Commission registered money market funds, direct obligations of the U.S. Treasury, Federal Agencies and Government Sponsored Enterprises, commercial paper, securities of investment companies limited to obligations of the U.S. Government, repurchase agreements collateralized by U.S. Treasury Securities, and other investments authorized by law for districts or by resolution of the District. All investments, other than short-term investments, are reported at fair value.

The District considers cash on hand, demand deposits, money market funds and all other short-term investments that are highly liquid to be cash and cash equivalents.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION OR EQUITY (CONTINUED)

2. Accounts Receivable

Accounts receivable include refunds and net reimbursements due to the District. Management believes the amounts are fully collectible.

3. Assessments Receivable/Unavailable Revenue

Assessments receivable recorded in the Debt Service and Special Revenue Funds represent the balance of outstanding assessments levied by the District to repay outstanding debt. The assessments are levied at the time the related debt issuance is authorized. The receivables are collected in annual installments together with assessments for interest and collection costs in amounts sufficient to meet the annual debt service requirements.

The District reports unavailable revenue as a deferred inflow of resources in the fund financial statements in an amount equal to the assessments receivable since this revenue will be collected in future years. This assessment revenue is not deferred in the government-wide financial statements. Instead, it is recognized as revenue at the time the assessments are levied.

4. Prepaid Items

Payments made to vendors for services that will benefit periods beyond September 30, 2020, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is classified as non-spendable, as this amount is not available for general appropriation.

5. Capital Assets and Depreciation

Capital assets, which include property, plant, equipment, and intangible assets are reported in the government-wide financial statements. When purchased, acquired or constructed, capital assets are recorded as expenditures in the governmental funds and capitalized as assets in the government-wide statement of net position.

Capital assets are carried at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Infrastructure, such as canals, bridges, culverts and drainage systems, are capitalized along with other general capital assets at historical cost.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION OR EQUITY (CONTINUED)

5. Capital Assets and Depreciation (continued)

The District uses a capitalization threshold of \$1,000 for tangible assets as well as certain intangible assets, such as computer software. Other intangible assets, such as easements, have a capitalization threshold of \$50,000.

Depreciation has been provided over the estimated useful lives using the straight-line method of depreciation. The estimated lives for each major class of depreciable capital assets are as follows:

Water control structures	50 years
Surface water management system	50 years
Roadway improvements	20 years
Buildings and improvements	20 years
Parks and facilities	20 years
Storm water pump station	15 years
Water, sewer and irrigation facilities	15 years
Entrance gates and other improvements	10-20 years
Machinery and equipment	5-10 years

6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The District only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item,

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION OR EQUITY (CONTINUED)

6. Deferred Outflows/Inflows of Resources (continued)

unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from the balance of outstanding assessments levied by the District to repay outstanding debt. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

7. Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. On both the governmental fund statements and the government-wide statements, unearned revenues represent the corresponding liability for cash advances received to fund future expected expenditures related to permit and plat petitions.

8. Compensated Absences

The District's employees are granted compensated absence pay for vacation leave based on length of service to a maximum of 308 hours. Employees must use 75% of the annual vacation accrual or forfeit the unused portion. Vacation is accrued as a liability when benefits are earned by the employees, that is, the employees have rendered services that give rise to the vacation liability and it is probable that the District will compensate the employees upon termination or retirement. Employees who began working before July 1, 2005 are eligible for paid sick leave, up to a maximum of 420 hours. Employees who began working after July 1, 2005 are not paid for accrued sick leave. The District uses the vesting method in accruing sick leave liability. The vesting method accrues sick leave liability for employees who are eligible to receive termination payments upon separation.

Compensated absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations or retirements. For the governmental funds, compensated absences are liquidated by the general fund.

9. Long-Term Debt

Bonds payable are reported as liabilities in the government-wide statement of net position. These liabilities are not reported in the fund financial statements as they are not considered to be current liabilities.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION OR EQUITY (CONTINUED)

9. Long-Term Debt (continued)

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method which approximates the effective interest method. Bonds are reported net of the applicable bond premium or discount. Bond issuance costs, other than prepaid insurance, are expensed at issuance. Prepaid insurance associated with the issuance of debt is reported as an asset and amortized over the term of the related debt. Deferred amounts on refunding are reported as deferred inflows or outflows of resources on the statement of net position. These deferred amounts are amortized over the shorter of the life of the refunding debt (new debt) and the refunded debt (the old debt).

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as another financing source. Premiums received on debt issuances are reported as another financing source while discounts on debt issuances are reported as another financing use. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Net Position

Equity in the government-wide statement of net position is displayed in three categories: 1) net investment in capital assets, 2) restricted for debt service, and 3) unrestricted. Net investment in capital assets consist of capital assets reduced by accumulated depreciation, and by any outstanding debt/liabilities and deferred inflows and outflows of resources incurred to acquire, construct, or improve those assets. Net position is reported as restricted when there are legal limitations imposed on their use by District legislation or external restrictions by other governments, creditors, or grantors. Unrestricted net position consists of all net position that does not meet the definition of either of the other two components.

11. Fund Balances

Classifications of fund balance are hierarchical and are based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the funds may be spent. Application of the GASB Statement requires the District to classify and report amounts in the appropriate fund balance classifications. The District's accounting policies are used to interpret the nature and/or requirements of the funds and their corresponding assignment of non-spendable, restricted, committed, assigned or unassigned.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION OR EQUITY (CONTINUED)

11. Fund Balances (continued)

The District reports the following classifications in accordance with its officially adopted policy on fund balance:

Non-spendable fund balance. Non-spendable fund balances are amounts that are (a) not in spendable form, such as inventory, prepaids or capital assets, or (b) legally or contractually required to be maintained intact.

Restricted fund balance. Restricted fund balances are amounts that can be spent only from specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance. Committed fund balance can only be used for the specific purposes determined by a formal action (Board approval or Resolution having equal authority) of the Board, the District's highest level of decision making authority. Commitments may be changed or lifted only by the Board taking the same formal action (Board approval or Resolution) that imposed the constraint originally.

Assigned fund balance. Assigned fund balances are amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Intent is established by management of the District to which the Board has delegated the authority by formal policy to assign, modify, or rescind amounts to be used for specific purposes. This balance includes (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as non-spendable, restricted, or committed, and (b) amounts in the General Fund or governmental funds that are intended to be used for a specific purpose. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the fund itself.

Unassigned fund balance. Unassigned fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION OR EQUITY (CONTINUED)

12. Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

13. Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

14. Use of Estimates

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States of America. Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenue and expenditures/expenses during the period reported. These estimates include assessing the collectability of receivables and useful lives and impairment of tangible assets, among others. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from estimates.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 2 - DEPOSITS AND INVESTMENTS

DEPOSITS

In addition to insurance provided by the Federal Depository Insurance Corporation, deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or another banking institution eligible collateral. In the event of failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. The District's deposits at year end are insured or collateralized.

INVESTMENTS

The District has adopted an investment policy in accordance with Florida Statutes to establish guidelines for the efficient management of its cash reserves.

Interest Rate Risk

As of September 30, 2020, the District had the following investments subject to interest rate risk:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Average Maturity</u>
U.S. Government agencies	\$ 2,989,250	0.33 years
U.S. Treasury obligations	604,014	0.29 years
	<u>\$ 3,593,264</u>	

The District will attempt to minimize the risk that the market value of securities in the portfolio will fail due to changes in interest rates by:

- A. Structuring the investment portfolio so that the securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
- B. Investing operating funds primarily in short-term securities, money market funds, or similar investment pools unless it is anticipated that long-term securities can be held until maturity without jeopardizing the liquidity requirements.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (CONTINUED)

Credit Risk

State law and the District's investment policy limits investments in bonds, U.S. treasuries and agency obligations, or other evidences of indebtedness to the top ratings issued by nationally recognized statistical rating organizations (NRSRO) of the United States. As of the fiscal year end, the credit quality ratings of debt securities were as follows:

<u>Investment</u>	<u>Fair Value</u>	<u>Rating</u>	<u>Rating Organization</u>
U.S. government agencies:			
Federal Farm Credit Banks	\$ 2,989,250	AA+	S&P

The risk of loss due to failure of the security issuer or backer will be minimized by:

- A. Limiting investments to the safest types of securities, based on portfolio composition.
- B. Pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors with which the District will do business.
- C. Diversifying the investment portfolio so that potential losses on individual securities will not place an undue financial burden on the District.
- D. Monitoring all of the District's investments to anticipate and respond appropriately to changing market conditions. (Daily by the District's Investment Advisor, monthly by the District's finance director and quarterly by the Board.)
- E. Investments in Money Market Fund, Federal Farm Credit Bank, and Commercial Paper are rated with a nationally recognized rating agency Aaa, Aaa, and A-1+ respectively.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

FAIR VALUE HIERARCHY

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 – Investments' fair values based on prices quoted in active markets for identical assets.

Level 2 – Investments' fair values based on observable inputs for the assets either directly or indirectly, other than those considered Level 1 inputs, which may include quoted prices for identical assets in markets that are not considered to be active, and quoted prices of similar assets in active or inactive markets.

Level 3 – Investments' fair values based upon unobservable inputs.

The following is a description of the fair value techniques for the District's investments. Level 1 and 2 prices are obtained from various pricing sources by the District's custodian bank:

Short-term investments, which consist of money market funds, are reported at amortized cost.

U.S. Treasury securities of approximately \$604,000 are valued using quoted market prices.

Debt securities are valued using pricing inputs that reflect the assumptions market participants would use to price an asset or liability and are developed based on market data obtained from sources independent of the reporting entity based on a combination of matrix pricing, actual observable trades in similar securities, and yield curve analysis (Level 2). This includes U.S. federal agencies, mortgage backed and collateralized securities and state and local government securities.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 4 - LONG-TERM OBLIGATIONS AND PLEDGED FUTURE REVENUES

Long-term obligations are comprised of limited obligation bonds (special assessment debt), notes payable and compensated absences. Debt was issued primarily to provide funds to finance the cost of projects to construct or maintain improvements within the District. The limited obligation bonds and notes payable bear interest at rates ranging from 2.00% to 6.51% and mature in future years through 2049, and are collateralized by pledged future drainage and maintenance assessments (non-ad valorem assessments). The total principal and interest remaining on the debt is \$304,454,410 payable through August 1, 2049, and is 100% funded by the non-ad valorem assessments. For the current year, principal and interest paid and total non-ad valorem assessments were \$17,833,213 and \$31,167,256, respectively.

The District's failure to pay the principal or interest on any debt when due or failure to observe and perform any covenant, condition, agreement or provision in any indenture applicable to the District's various debt obligations, constitutes an event of default for the District. In the event of a default, bondholders may sue to enforce their rights or to enjoin any acts of the District that may be unlawful or in violation of their rights. In certain cases, in the event of a default, the interest rate on the debt may be increased.

SPECIAL ASSESSMENT DEBT WITH GOVERNMENTAL COMMITMENT

Special assessment debt with governmental commitment is not backed by the full faith and credit of the District but is payable solely from and secured solely by a lien on and pledge of drainage taxes (non-ad valorem assessments) of the properties benefited by the improvements.

Outstanding balances at September 30, 2020, are as follows:

\$4,835,000 Series 2013 Water Control and Improvement Refunding Bonds, Unit 2A, due in annual installments of \$210,000 to \$365,000 from August 1, 2021, through August 1, 2033, with interest from 4.00% to 5.25% payable semi-annually on February 1 and August 1 of each year.	\$ 3,575,000
\$59,380,000 Series 2014 Water Control and Improvement Bonds, Unit 2C, comprised of term bonds subject to mandatory redemptions due in annual installments totaling \$1,080,000 to \$3,725,000 from August 1, 2021, to August 1, 2046, with interest from 4.50% to 5.20% payable semiannually on February 1 and August 1 of each year.	<u>55,475,000</u>

PROVISIONS OF BOND RESOLUTIONS

The District entered into covenants with the bondholders to levy annual assessments sufficient to pay the debt service on the bonds. Reserve accounts were established and the amounts on deposit in these accounts may be used only for the purpose of paying the principal and interest on the bonds when assessments are not sufficient to meet the debt service requirements when due. The bond resolutions specify minimum amounts to be maintained in the reserve accounts. At September 30, 2020, the District was in compliance with such bond covenants.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 5 - INTERFUND TRANSACTIONS

Transfers of resources from a fund receiving revenue to the fund through which the resources will be expended are recorded as transfers and are reported as other financing sources (uses) in the governmental funds. Non-recurring or non-routine transfers of equity between funds are also reported as transfers. These transfers were made in order to close capital projects and debt service funds for which the fund's purpose had been accomplished and for surplus construction funds transferred to other funds in accordance with the original capital projects funding agreements.

Following is a summary of transfers individually by major fund and in the aggregate for non-major funds for the year.

Fund	Transfers In	Transfers Out
Major Funds:		
General fund	\$ 3,851,921	\$ -
Capital project unit 2C	-	54,563
Nonmajor funds in the aggregate	9,887	3,807,245
Total Interfund Transfers	\$ 3,861,808	\$ 3,861,808

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". There were no amounts due from and to other funds at September 30, 2020.

NOTE 6 - CONSTRUCTION COMMITMENTS

The status of contracts at September 30, 2020 is as follows:

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 7 - DEFINED CONTRIBUTION PLAN

The Northern Palm Beach County Improvement District Simplified Employee Pension (SEP) Plan is a defined contribution pension plan established by the District to provide benefits at retirement to the employees of the District.

All full-time employees of the District are eligible to participate in the plan upon completion of the six month introductory period. The District contributes an amount equal to 18% of the employee's base salary each month to the plan. Employees cannot contribute to the plan. The District's contribution for each employee (and interest allocated to the employee's account) is fully vested following completion of the six month introductory period. Employees designate which companies will administer their individual contributions. Contributions are made to the individual's SEP IRA account and are invested at the direction of the account owner. Plan revisions and contribution requirements are established and may be amended by the District's Board of Supervisors. The District made 100% of its required contributions of \$363,989 for fiscal year ended September 30, 2020.

NOTE 8 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the District carries commercial insurance. Specifically, the District purchases commercial insurance for property, medical benefits, worker's compensation, general liability, automobile liability, errors and omissions, and directors and officers liability. The District is also covered by Florida Statutes under the Doctrine of Sovereign Immunity which effectively limits the amount of liability of certain governmental entities to individual claims of \$200,000/\$300,000 for all claims relating to the same accident. There were no changes in insurance coverage from the prior year and there were no settlements that exceeded insurance coverage in the last three years.

NOTE 9 - INTERLOCAL AGREEMENTS

The District has executed interlocal agreements with forty (40) local governmental entities. Pursuant to the agreements, the District is acting as the lead applicant (with the other governmental entities as co-applicants) for the purpose of filing a permit application with the Environmental Protection Agency and to implement the regulations for the National Pollutant Discharge Elimination System (NPDES) Permit Program which addresses stormwater discharges to waters of the United States.

For the fiscal year ended September 30, 2020, the District received \$522,715 from the governmental entities including interest earnings, and spent \$508,130 on the NPDES application program. The cumulative excess of receipts over disbursements from inception of the NPDES application program through September 30, 2020 was \$284,617.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 10 - CONTINGENT LIABILITIES

LITIGATION, CLAIMS AND ASSESSMENTS

There are various claims and legal actions pending against the District for which no provision has been made in the financial statements. In the opinion of management and the District's attorneys, liabilities arising from these claims and legal actions, if any, will not have a material adverse effect on the financial condition of the District.

GRANTS

Grant monies received and disbursed by the District are for specific purposes and may be subject to audit by the grantor agencies. Such audits may result in requests for reimbursements due to disallowed expenditures or other actions by grantor agencies. Based upon prior experience, the District does not believe that such disallowances or other actions taken by the grantor agencies, if any, would have a material adverse effect on the financial position of the District.

NOTE 11 – SUBSEQUENT EVENTS

CONSTRUCTION CONTRACTS

The District awarded the following construction contract subsequent to September 30, 2020,

Contract				Original Contract Amount
Award Date	Unit	Contractor	Project Description	
1/27/2021	2C	J.W. Cheatham, LLC	Alton, Parcel D Improvement Project	\$ 2,162,336

BOND ISSUANCE

At the District's board meeting held February 24, 2021, a resolution was adopted authorizing the sale of bonds and the preparation of the preliminary official statement for up to \$14,000,000 Water Control and Improvement Bonds, Unit of Development No. 53, Series 2021, in order to finance costs associated with the Unit 53 Plan of Improvement. It is expected that the bonds will be issued sometime in March 2021.

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT

NOTE TO BUDGETARY COMPARISON SCHEDULE

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

NOTE 1. BUDGET AND BUDGETARY ACCOUNTING

A budgetary comparison schedule is presented for the general fund. Budgetary comparison schedules are not required and have not been presented for the major debt service or capital projects funds or for nonmajor funds. The procedures for establishing budgetary data reflected in the budgetary comparison schedule are as follows:

- In July of each year, the Executive Director submits to the Board of Supervisors a proposed operating budget prepared for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain landowner comments.
- Prior to October 1, the budget is legally adopted by the Board.
- Changes or amendments to any budgeted expenditure of the District must be approved by the Board of Supervisors. The legal level of budgetary control for the District is exercised at the fund level. There were no supplemental appropriations for the fiscal year ended September 30, 2020.
- The budget for the general fund is adopted on a basis consistent with generally accepted accounting principles except for certain hurricane related expenditures. All appropriations lapse at fiscal year end unless encumbered or specifically designated to be carried forward to the subsequent year. The budgeted amounts presented in the accompanying financial statements are the final authorized amounts for the fiscal year.

REPORTING SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Supervisors and Executive Director
Northern Palm Beach County Improvement District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Northern Palm Beach County Improvement District (the District), as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 3, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR
GENERAL OF THE STATE OF FLORIDA**

To the Board of Supervisors and Executive Director
Northern Palm Beach County Improvement District

Report on the Financial Statements

We have audited the financial statements of the Northern Palm Beach County Improvement District, (the District) Florida, as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated March 3, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 3, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings and recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The official title and legal authority is disclosed in the notes. There are no component units related to this District.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. This assessment was done as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. The District is not a component unit and does not have any component units.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT
ON COMPLIANCE PURSUANT TO SECTION 218.415 FLORIDA STATUTES**

To the Board of Directors and Executive Director
Northern Palm Beach County Improvement District

We have examined Northern Palm Beach County Improvement District's (the District) compliance with Section 218.415 Florida Statutes for the fiscal year ended September 30, 2020. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with Section 218.415 Florida Statutes for the fiscal year ended September 30, 2020.

This report is intended to describe our testing of compliance with Section 218.415 Florida Statutes and it is not suitable for any other purpose.
