Report on the Financial Statements

We have audited the accompanying financial statements of the Ocean Highway and Port Authority of Nassau County (the "Authority") as of and for the years ended September 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of September 30, 2020 and 2019, and the changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (on pages 3 through 7) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2021, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Ocean Highway and Port Authority of Nassau County, Florida's (the "Authority"), annual financial report presents a narrative overview and analysis of the Authority's financial performance during its most recent fiscal year, which ended September 30, 2020. The discussion is intended to assist readers in focusing on the significant financial issues and activities of the Authority and to identify any significant changes in financial position. All presented amounts are in thousands. We encourage readers to consider the information contained in this discussion in conjunction with the Authority's financial statements.

FINANCIAL HIGHLIGHTS *(in thousands of dollars)*

2020 vs. 2019

The Authority's operating revenue was \$380 during fiscal year 2020, compared to \$429 in the prior fiscal year. Fiscal year 2020 operating expenses (excluding depreciation) of \$864 were 64% higher than the previous fiscal year of \$528. Depreciation and amortization expense decreased to \$725 compared to \$1,069 in the prior fiscal year. As a result, the Authority had an operating loss of (\$1,209) for the fiscal year ended September 30, 2020, compared to the operating loss of (\$1,168) for the previous fiscal year. The Authority recognized net non-operating revenue of \$212 in fiscal year 2020, compared to net non-operating revenue of \$193 in the prior year. The Authority received \$345 in Florida Department of Transportation grants in fiscal year 2020, and \$1,537 in 2019. Additionally, the Authority recorded debt forgiveness as capital contributions in 2019 in the amount of \$4,556. At the close of fiscal year 2020, the Authority had a net position of \$10,241.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion is to introduce the Authority's financial statements. Since the Authority is engaged in a single business-type activity only, no fund level statements are shown. The basic financial statements also include notes essential to a full understanding of the statements.

The statement of net position presents information on all of the Authority's assets and liabilities, with the difference reported as net position. The statement of revenues, expenses and changes in net position shows how the Authority's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event occurs, regardless of when cash flows may take place. As a result, some revenues and expenses in this statement are reported for items that will result in cash flows in future fiscal periods. The statement of cash flows represents cash and cash equivalent activity for the fiscal year, resulting from operating, non-capital financing, capital financing, and investing activities. The net result of these activities is added to the beginning balance of cash and cash equivalents to reconcile to the ending balance of cash and cash equivalents at the end of the fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Taken together, these financial statements demonstrate how the Authority's net position has changed. Net position is one way of assessing the Authority's current financial condition. Increases or decreases in net position are good indicators of whether the Authority's financial health is improving or deteriorating over time. Other non-financial factors, such as diversity in the local economy, are important in evaluating the Authority's overall financial condition.

Notes to the financial statements

The notes provide additional information and explanation that is necessary for a full understanding of the basic financial statements.

FINANCIAL ANALYSIS OF THE AUTHORITY

Net Position

2020 vs. 2019

Net position is a key indicator of an entity's financial position. At September 30, 2020, the Authority's net position was \$10,241. This represented a change from the prior year net of \$10,855. The Authority is engaged in a capital-intensive industry and, as such, its largest portion of net position is invested in capital assets (e.g., land, buildings, etc.).

OCEAN HIGHWAY AND PORT AUTHORITY OF NASSAU COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization:

The Ocean Highway and Port Authority of Nassau County (the "Authority") was created by the Florida Legislature and established in Florida Statutes in 1941 as an "Independent Special District". The Authority provides oversight of the Port of Fernandina and aids in the establishment and expansion of commercial enterprises for the benefit of the citizens of Nassau County and the State of Florida. The Authority's facilities handle import and export containerized, bulk and general cargos.

The Authority operates primarily as a self-supporting governmental enterprise and uses the accrual basis of accounting applicable to governmental enterprise funds. The Authority has no stockholders or equity holders and is directed by a five member governing board of port commissioners who serve staggered terms of four years. The five members are duly elected from the five congruent districts within Nassau County, Florida.

Significant Accounting Policies:

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting, under which revenues are recognized when earned and measurable and expenses are recognized when they are incurred, if measurable, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue when all eligibility requirements imposed by the provider are met. Revenues collected on an advance basis, including certain federal and state grant revenue, to which the Authority does not yet have legal entitlement, are not recognized as revenue until the related commitment arises. In accounting and reporting for its operations, the Authority applies all Governmental Accounting Standards Board (GASB) pronouncements.

The Authority is considered a special purpose government engaged in business-type activities which are those activities primarily supported by user fees and charges. As such, the Authority presents only the statements required of enterprise funds, which include the statement of net position, statement of revenues, expenses and changes in net position, and the statement of cash flows.

The Authority has sole jurisdiction to set rates for the services rendered to customers. These rates are not currently subject to regulation by any federal, State of Florida, or similar agency. Reserves for doubtful accounts, allowances and rebates are maintained based on historical results adjusted to reflect current conditions.

OCEAN HIGHWAY AND PORT AUTHORITY OF NASSAU COUNTY

NOTES TO FINANCIAL STATEMENTS

**NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Significant Accounting Policies: (Continued)

Basis of Accounting: (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the fund's principal ongoing operation. The principal operating revenues for the Authority's proprietary fund are charges to customers for sales and services. Operating expenses include direct expenses of providing the goods and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Revenues are invoiced and collected per the contractual agreement with the port operator, Nassau Terminals, a subsidiary of Worldwide Terminals.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first.

Cash and Cash Equivalents:

For the purposes of the statement of cash flows, the Authority considers all demand deposits, money market funds, bond reserve funds, and short-term investments purchased with an initial maturity of three months or less to be cash equivalents.

Accounts Receivable:

Trade accounts receivable include billed, but uncollected amounts. Allowances for doubtful accounts are maintained based on historical results adjusted to reflect current conditions. Determination as to the collectability is based on the aging of the receivable and payment history of the customer.

NOTES TO FINANCIAL STATEMENTS

**NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Significant Accounting Policies: (Continued)

Capital Assets:

Capital assets constructed or purchased are stated at cost. Capital assets are defined by the Authority as assets with an initial, individual cost of \$1,000 and an estimated useful life in excess of one year. Expenditures for maintenance, repairs and minor renewals and betterments are expensed as incurred. Major renewals and betterments are treated as property additions. Maintenance and repairs of capital assets are charged to operations and major improvements are capitalized. Upon retirement, sale or other disposition of capital assets, the cost and accumulated depreciation is eliminated from the accounts and gain or loss is recognized. There were no gains or losses recognized on disposals for the years ended September 30, 2020 and 2019.

Depreciation commences when a project is ready for its intended use or when equipment is placed in service and is computed using the straight-line method over the following estimated useful lives of assets:

Port improvements	10 to 30 years
Tradeplex improvements	30 years
Buildings	30 years
Machinery and equipment	3 to 20 years
Dredge project	10 years
Security projects	30 years

Management Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect the reported amounts of certain assets and liabilities and disclosures of contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Budgets and Budgetary Accounting:

The Authority adopts an annual budget for its operations. The budget is formally reviewed and approved by the Authority's Board of Commissioners. Budgets are prepared on the accrual basis. Neither the Authority's statute nor any bond covenants require the Authority to report budgetary information in its financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Significant Accounting Policies: (Continued)

Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Authority did not have any items that qualified for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority did not have any items that qualified for reporting in this category.

NOTE 2. CASH AND CASH EQUIVALENTS

As of September 30, 2020 and 2019, deposits that are considered cash and cash equivalents include bank demand accounts and bond reserve funds which are invested in U.S. Treasury funds. The Authority maintains its cash balances at various financial institutions, which are insured by the FDIC for up to \$250,000. As of September 30, 2020 and 2019, the Authority did not have any uninsured demand account cash balances.

Custodial credit risk. Custodial credit risk for deposits is the risk that, in the event of a depository financial institution's failure, the Authority's deposits may not be returned. The Authority's policy for custodial credit risk requires collateral to be held in the Authority's name by its agent or by the bank's trust department.

Credit risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. As the Authority currently has no investments, credit risk is not applicable as of September 30, 2020.

OCEAN HIGHWAY AND PORT AUTHORITY OF NASSAU COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 2. CASH AND CASH EQUIVALENTS (CONTINUED)

Interest rate risk. The Authority does not have a formal investment policy limiting investment maturities as part of managing its exposure to fair value losses arising from increasing interest rates. However, the Authority has minimal interest rate risk as cash and cash equivalents have maturity dates of less than one year. In addition, the majority of cash is held in short-term U.S. Treasury investments.

Advances from Nassau Terminals:

The advances from Nassau Terminals are non-interest bearing and are collateralized by port revenue. Annual payments will be based upon the cash balance position and operating cash flows of the Authority. As of September 30, 2019, Nassau Terminals forgave the amount due of \$4,555,986 and as such reflects a zero balance.

Line of Credit:

On September 1, 2018, the Authority entered into a line of credit agreement with a financial institution for an amount up to \$2,000,000 for which the Authority had drawn \$746,646 as of September 30, 2019. The line of credit was obtained to finance the cost of a new ship to shore crane at the Port of Fernandina. Principal and interest are due and payable monthly and the line of credit bears interest at the adjusted LIBOR rate. Principal and interest are computed on a fully amortizing basis with a maturity date of September 19, 2023. Interest payments made on the line of credit as of September 30, 2020, totaled \$2,257. This balance was repaid in full during the year ended September 30, 2020.

NOTE 5. CONDUIT DEBT

The Authority in prior years has issued conduit debt in the form of a solid waste pollution control revenue bond to provide financial assistance to a private-sector entity for the construction of wastewater treatment facilities deemed to be in the public interest. Conduit debt refers to certain limited-obligation revenue bonds or similar debt instruments issued by the Authority for the express purpose of providing capital financing for a specific nongovernmental third party. Although conduit debt bears the name of the Authority as issuer, it is collateralized by the resources provided by the loan with the third party on whose behalf they are issued. The Authority acts solely as a conduit issuer with respect to the debt.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. CONDUIT DEBT (CONTINUED)

Conduit debt is collateralized by the property financed and is payable solely from payments received on the underlying mortgage loans. Upon repayment of the revenue bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issue. None of the assets or revenues of the Authority are pledged to the payment of the revenue bonds and under the constitution and laws of Florida, the Authority may not legally pledge any of its revenues or assets to the payment thereof. Neither the Authority, the state nor any political subdivision thereof, is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The private sector entity was unable to provide the carrying amount of the outstanding bonds at September 30, 2020 and 2019.

NOTE 6. MANAGEMENT AGREEMENT

Through October 18, 2018, Nassau Terminals operated the Port of Fernandina under an 11 year contract, with an option of an additional 11 year term. Nassau Terminals exercised its option for an additional 11 year term on December 1, 2011. Under the terms of the contract, Nassau Terminals agrees to pay the Authority an annual fee, which is adjusted annually by the consumer price index. During fiscal year 2019, the annual fee was \$84,648. In addition, Nassau Terminals agreed to pay the Authority dockage and wharfage that is invoiced and collected. The current tariff for wharfage is \$3.05 and \$2.50 per ton on general and containerized cargo, respectively. In addition, Nassau Terminals pays the Authority \$1.50 per short ton as a use fee. The agreement provided for equal distribution to Nassau Terminals and the Authority of any excess of port revenue over debt service based on certain mutually agreed-upon conditions.

Effective October 19, 2018, the above agreement was amended and the duration extended for a period of ten years, with two optional additional terms of 12 years. Nassau Terminals agrees to pay the Authority \$251,675 annually for the entire term of the contract. In addition, Nassau Terminals agrees to contribute \$50,000 in 2019 and 2020 toward the Development of Regional Impact payments due from the Authority to the City of Fernandina Beach. Nassau Terminals further agrees to pay the Authority \$1.50 per short ton up to 549,999 tons per annum, \$1.25 per short ton from 550,000 tons up to 649,999 tons per annum, \$1.00 per short ton over 650,000 tons per annum, and \$.91 per short ton in facility use fees for bulk and general cargo. The agreement provides for equal distribution to Nassau Terminals and the Authority of any new revenue streams added subsequent to the date of the agreement.

NOTE 7. RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts, including, but not limited to: theft of assets; damage to and destruction of assets; errors and omissions; general liabilities; and natural disasters for which the Authority carries commercial insurance. There have been no significant reductions of insurance coverage, and settlement amounts have not exceeded insurance coverage for the current or the three prior years. The operating agreement provides for the operating company to provide liability and workers' compensation insurance for the facility.

NOTE 8. COMMITMENTS AND CONTINGENCIES

During 1995, the Authority installed water and wastewater facilities on Tradeplex County Road and Tradeplex Secondary Road as part of the Ocean Highway and Port Authority Nassau County Industrial Complex (the "Project"). On February 25, 1999, the Authority agreed to a long-term rent free, lease agreement for the equipment and facilities to United Water Florida, Inc. in exchange for the operation and maintenance of the leased facilities. The lease agreement expires on December 31, 2097.

NOTE 9. SUBSEQUENT EVENTS

The Authority has evaluated all subsequent events through May 26, 2021, the date the financial statements were available to be issued. As a result of the spread of the COVID-19 Coronavirus, economic uncertainties have arisen which are likely to negatively impact certain Authority revenues in 2021. Other financial impact could occur though such potential impact is unknown at this time.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS***

Board of Commissioners
Ocean Highway and Port Authority of Nassau County
Fernandina Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Ocean Highway and Port Authority of Nassau County (the “Authority”), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority’s basic financial statements, and have issued our report thereon dated May 26, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Board of Commissioners
Ocean Highway and Port Authority of Nassau County
Fernandina Beach, Florida

Report on the Financial Statements

We have audited the financial statements of the Ocean Highway and Port Authority of Nassau County (the "Authority") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated May 26, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated May 26, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations in the preceding annual financial audit report requiring correction.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Ocean Highway and Port Authority of Nassau County is an independent special district, created by the Florida Legislature and established in Florida Statutes in 1941. The Authority has no component units.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and identification of the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of Commissioners and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

Board of Commissioners
Ocean Highway and Port Authority of Nassau County
Fernandina Beach, Florida

We have examined the Ocean Highway and Port Authority of Nassau County's (the "Authority") compliance with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2020. Management of the Authority is responsible for the Authority's compliance with those requirements. Our responsibility is to express an opinion on the Authority's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2020.

This report is intended solely for the information and use of the Authority and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
