INDEPENDENT AUDITOR'S REPORT

**To the Honorable City Commission
City of Wauchula Community Redevelopment Agency
Wauchula, Florida**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and governmental fund of the City of Wauchula Community Redevelopment Agency (CRA), a component unit of the City of Wauchula, Florida as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the CRA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the CRA's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CRA's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and governmental fund of the City of Wauchula Community Redevelopment Agency as of September 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis included on pages 3–7 and other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 18, 2021, on our consideration of the CRA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the CRA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the CRA's internal control over financial reporting and compliance.

CITY OF WAUCHULA COMMUNITY REDEVELOPMENT AGENCY MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Wauchula Community Redevelopment Agency (the CRA), we offer readers of the CRA's financial statements this narrative overview and analysis of the financial activities of the CRA for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here in conjunction with the basic financial statements.

Financial Highlights

- The assets and deferred outflows of resources of the CRA exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$1,757,024 (net position).
- The government's total net position increased by \$464,830 during the year.
- The net post-employment benefit plan liability recognized under GASB Statement No. 75, *Financial Reporting and Accounting for Post-employment Benefit Plans Other Than Pensions* continues to impact the CRA. The CRA's proportionate share of the net OPEB liability at year end is \$200,703, which increased \$120,798 over prior year. The liability is based on an actuarially calculated amount. During 2016, the City of Wauchula, Florida established an Other Post-employment Benefit (OPEB) Trust Fund to reduce the related liability over time, including the CRA's proportionate share of the liability. At September 30, 2020, the trust fund balance recognized by the City of Wauchula, Florida as a fiduciary fund was \$590,569.
- As of the close of the current fiscal year, the CRA's governmental fund reported an ending fund balance of \$469,138, an increase of \$5,788 in comparison with the prior year. Of this amount, the entire fund balance is restricted for redevelopment purposes within the CRA's boundaries.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the CRA's basic financial statements. The CRA's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the CRA's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the CRA's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the CRA is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported in a manner similar to the approach used by private-sector business in that revenues are recognized when earned or established criteria are satisfied and expenses reported when incurred. Accordingly, revenues are reported even when they may not be collected for several months after the end of the year and expenses are reported even though they may not have used cash during the current fiscal year.

Both of the government-wide financial statements distinguish functions of the CRA that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The CRA is only involved in governmental activities.

The government-wide financial statements can be found on pages 8 and 9 of this report.

Fund financial statements: Funds are a group of self-balancing accounts. Funds are used to account for specific activities of the CRA. The CRA, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental fund. The CRA's sole governmental fund is used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the CRA's near-term financing requirements.

Because the focus of the governmental fund is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental fund with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the CRA's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between the governmental fund and governmental activities.

The CRA adopts an annual appropriated budget for its governmental fund. A budgetary comparison statement has been provided for these funds to demonstrate compliance with the budget.

The basic governmental fund financial statements, including reconciliations, can be found on pages 10 through 13 of this report.

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes should be read in conjunction with the financial statements.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the CRA's budgetary comparisons, as well as pension and other post-employment benefits information. Required supplementary information is listed in the table of contents.

Government-wide Financial Analysis

The following table presents a condensed statement of net position as of September 30, 2020 with comparative totals as of September 30, 2019.

	<u>Governmental Activities</u>	
	<u>2020</u>	<u>2019</u>
Current and other assets	\$ 618,277	\$ 631,657

Restricted	357,424	402,383
Unrestricted	-	-
Total Net Position	<u><u>\$ 1,757,024</u></u>	<u><u>\$ 1,292,194</u></u>

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the CRA, assets and deferred outflows exceeded liabilities and deferred inflows by \$1,757,024 at the close of September 30, 2020.

The CRA's net position include net investment in capital assets of \$1,399,600, which reflect its capital assets (e.g., land, buildings and improvements in infrastructure, machinery, and equipment), net of depreciation, less any related debt used to acquire those assets that are still outstanding. The CRA uses these capital assets to provide services to its citizens; consequently, these assets are *not* available for future spending. Although the CRA's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The CRA does not have any debt as of September 30, 2020.

The remaining fund balance is restricted for redevelopment purposes.

The following is a summary of the changes in net position for the year ended September 30, 2020, with comparative totals for the year ended September 30, 2019.

	Governmental Activities	
	<u>2020</u>	<u>2019</u>
Revenues:		
Program Revenues:		
Charges for services	\$ -	\$ -

Taxes	448,542	399,444
Other	15,390	86,569
Total revenues	<u>515,432</u>	<u>591,013</u>
Expenses:		
General government	<u>331,771</u>	<u>423,100</u>
Total expenses	<u>331,771</u>	<u>423,100</u>
Transfers from the City of Wauchula	<u>281,169</u>	<u>252,949</u>
Change in Net Position	464,830	420,862
Net Position - Beginning	1,292,194	871,332
Net Position - Ending	<u><u>\$ 1,757,024</u></u>	<u><u>\$ 1,292,194</u></u>

Governmental activities increased the CRA's net position by \$464,830. Compared to the prior year, revenues decreased \$75,581, primarily due to an increase in taxes revenue of \$49,098, offset by decreases in capital grants and contributions of \$53,500 and other revenue of \$71,179. Prior year revenues included a grant for Crews Park and the sale of voluntary tax credits that did not repeat in 2020.

General government expenses decreased by \$91,329. This was largely due to professional fees paid in conjunction with the CRA's master plan of \$53,910 that were not repeated in 2020, and changes due to the CRA's recognition of their proportionate share of pension and OPEB activity.

Financial Analysis of the Governmental Fund

As noted earlier, the CRA uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the CRA's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the CRA's financing requirements.

As of the end of the current fiscal year, the CRA's governmental fund reported an ending fund balance of \$469,138, an increase of \$5,788 in comparison with the prior year. The entire fund balance is restricted for redevelopment within the CRA's boundaries. Revenues for 2020 were the same as reported as governmental activities, increasing over prior year by \$75,581. Because expenditures at the fund level include capital outlay and do not include personnel costs that will be incurred in future years (compensated absences, pension and OPEB), the expenditures can vary significantly compared to expenses reported as governmental activities. At the fund level, expenditures decreased by \$110,701. This decrease was largely due to professional fees paid in conjunction with the CRA's master plan of \$53,910 that were not repeated in 2020, and reduced capital outlay of \$39,716.

Budgetary Highlights

The original budgeted revenues of the CRA, including transfers from the City of Wauchula, Florida, were \$1,365,621 and were not amended during the year. Original budgeted expenditures were also \$1,365,621 and were also not amended during the year. Actual revenues were under budget by \$510,902 due to grant revenues that were not realized in the current year. Actual expenditures were less than budgeted by \$574,808 due mainly to less general government and capital outlay expenditures than expected. Transfers in/out were less than the original and final budget by \$58,118.

Capital Assets and Debt Administration

Capital assets. The CRA's capital assets for its governmental-type activities as of September 30, 2020, amounted to \$1,399,600 (net of accumulated depreciation). Capital assets includes land, buildings and improvements, and construction in progress. Major capital asset events during the current fiscal year included the purchase of land and improvements to Crews Park. Capital assets as of September 30, 2020 and 2019 are as follows:

	Governmental Activities	
	2020	2019
Land	\$ 140,882	\$ -
Building and improvements	65,061	75,998
Construction in progress	1,193,657	813,813
Total	\$ 1,399,600	\$ 889,811

Additional information on the CRA's capital assets can be found in note 3.

Long-Term Debt. At the end of the current fiscal year, the CRA did not have any long-term debt. However, the CRA did recognize long-term liabilities for compensated absences of \$17,633 and its proportionate share of the City of Wauchula's OPEB liability of \$200,703.

Additional information on the CRA's long-term liabilities can be found in notes 3 and 5.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the CRA's budget for the 2021 fiscal year:

- The City of Wauchula, Florida experienced an increase in taxable assessed values of over 7%. This increase in property values is estimated to generate \$72,000 in additional revenue.
- The property tax millage rate will be 5.5532 mills in 2021.
- The City of Wauchula, Florida is restricted in assessing ad valorem tax on only 52% of total property values. Due to government, educational, hospital and other tax-exempt entity property owners, 48% of the properties included in the City limits are not assessed property taxes. Ad valorem tax revenues are heavily relied upon for redevelopment within the CRA boundaries.

Budgeted revenues for the CRA for the 2021 fiscal year are \$2,452,410, which include the use of reserves of \$252,667. Total budgeted expenditures for the 2021 fiscal year are \$2,452,410.

Requests for Information

This financial report is designed to provide a general overview of the CRA's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Wauchula, 126 South 7th Avenue, Wauchula, Florida 33873.

**CITY OF WAUCHULA COMMUNITY REDEVELOPMENT AGENCY
(A COMPONENT UNIT OF THE CITY OF WAUCHULA, FLORIDA)
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The City of Wauchula (the City) established the City of Wauchula Community Redevelopment Agency (CRA). The City of Wauchula Commission is the governing board of the CRA. As such, the CRA is considered part of the City's primary government. The CRA is responsible for carrying out the rehabilitation, conservation, and redevelopment of the Community Redevelopment Master Plan, which was last updated in 2019.

The financial statements present the financial position and results of the operations solely of the CRA. In evaluating the CRA as a reporting entity, management has addressed all potential component units for which the CRA may or may not be financially accountable. No component units exist which would require inclusion in the CRA's financial statements.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements include a statement of net position and a statement of activities. These financial statements present only governmental activities, as the CRA conducts no business-type activities. The statement of net position reports all financial and capital resources of the CRA's governmental activities. It is presented in a net position format (assets and deferred outflows less liabilities and deferred inflows equal net position) and shown with three components: net investment in capital assets, restricted net position and unrestricted net position. Since all of the net position is restricted for redevelopment within the CRA's boundaries, there is no unrestricted net position in the statement of net position. Governmental activities are supported by taxes and intergovernmental revenues. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

CITY OF WAUCHULA COMMUNITY REDEVELOPMENT AGENCY
(A COMPONENT UNIT OF THE CITY OF WAUCHULA, FLORIDA)
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION – CONTINUED

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

The CRA reports only one fund which is a governmental fund. This fund is used to account for the revenues and expenditures of the CRA, which are restricted for rehabilitation, conservation, and redevelopment of the Community Redevelopment Program.

D. CASH AND INVESTMENTS

The CRA's cash account is with a financial institution qualified under laws and regulations of the State of Florida. Deposits whose values exceeded the limits of Federal depository insurance were entirely insured or collateralized pursuant to Chapter 280 of the Florida Statutes. The CRA does not have a formal investment policy that limits its exposure to fair value losses arising from increasing interest rates. However, at September 30, 2020, the CRA did not have any investment accounts.

State statutes section 218.415 authorizes the CRA to invest its surplus public funds in the following:

- Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized through the Florida Inter-local Cooperation Act.
- S.E.C. registered money market funds with the highest credit equality rating from a nationally recognized rating company.
- Interest bearing time deposits or savings accounts in state-certified Qualified Public Depositories as defined in Section 280.02 Florida Statutes.
- Direct Obligations of the U.S. Treasury.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

E. PENSION

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Wauchula Employee Pension Plan (the Plan) and additions to/deductions from Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

F. CAPITAL ASSETS

Capital assets, which include land, buildings and improvements, machinery and equipment, and construction in progress, are reported in the government-wide financial statements. Capital assets are defined by the CRA as assets with an initial, individual cost of more than \$5,000 and an estimated life of greater than one year. If purchased or constructed, assets are reported at historical cost or estimated historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The CRA has elected to report general infrastructure assets on a prospective basis only.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are expensed as incurred.

Depreciable capital assets of the primary government are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	20 – 50

G. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Two items qualify for reporting in this category. A deferred outflow of pension resources and OPEB resources are reflected in the government-wide statement of net position.

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The CRA has two items that qualifies for reporting in this category. A deferred inflow of pension earnings and OPEB resources are reported in the government-wide statement of net position.

H. COMPENSATED ABSENCES

The CRA personnel policy provides for the payment of accrued vacation, sick and comp time pay upon separation of its employees. A liability for this amount is recorded in the government-wide financial statements. A liability for these amounts is recorded in the governmental fund only if they have matured.

I. POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City of Wauchula OPEB Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

J. NET POSITION

The elements of net position are reported in three parts as applicable: net investment in capital assets, restricted and unrestricted. When both restricted and unrestricted resources are available, restricted resources are used first, and then unrestricted resources, as they are needed. The CRA does not have unrestricted net position as of September 30, 2020.

K. FUND BALANCE

The CRA fund balance classifications comprise a hierarchy based primarily on the extent to which the CRA is bound to observe constraints imposed upon the use of the resources reported in the governmental fund. Fund balance classifications are nonspendable and spendable. Spendable is then further classified as restricted, committed, assigned, and unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements.

The CRA classified governmental fund balances as follows:

Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance:

- Restricted – Includes amounts that can be spent only for specific purposes because of State or Federal laws or enabling legislation, or which are externally restricted by providers, such as creditors or grantors.
- Committed – Includes amounts that can be spent only for specific purposes that are approved by a formal action of the City Wauchula Commissioners through a resolution or the budget process.
- Assigned – Includes amounts designated for a specific purpose by the City of Wauchula Commissioners through a resolution or the budget process, which are neither restricted nor committed.
- Unassigned – Unassigned fund balance would include negative balances of the governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

K. FUND BALANCE – CONTINUED

The CRA uses restricted amounts first when both restricted and unrestricted fund balance are available, unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the CRA would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The CRA does not have a formal minimum fund balance policy.

As of September 30, 2020, the CRA only had restricted fund balance. Restricted fund balance of \$469,138 is restricted through enabling legislation to be utilized on redevelopment within the CRA's boundaries.

L. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with U.S. generally accepted accounting principles for the governmental funds. Expenditures should not exceed total appropriations. All annual appropriations lapse at fiscal yearend. Budget amendments are approved by the City of Wauchula Commission.

The CRA follows the same procedures as established by the City of Wauchula, Florida in establishing the budgetary data reflected in the financial statements. The legal level of budgetary control is at the fund level.

M. INSURANCE

The CRA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. These risks are covered by commercial insurance purchased from independent third parties including participation in various risk sharing pools. All significant accrued losses have been funded.

N. ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles required management to make estimates and assumptions that affect reported amounts of assets, deferred outflows, liabilities, deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position:

The governmental fund balance sheet includes a reconciliation between fund balance in the governmental fund and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including compensated absences and other post-employment benefits are not due and payable in the current period and therefore are not reported in the governmental fund.” This amount includes compensated absences of \$17,633 and other post-employment benefits liability of \$200,703.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS – CONTINUED

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between net changes in fund balance of the governmental fund and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “The governmental fund reports capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this difference are as follows:

Capital additions recorded as	
expenditures in the governmental fund	\$ 522,026
Depreciation expense	<u>(12,237)</u>
	<u>\$ 509,789</u>

A. CASH AND INVESTMENTS

At year-end, the CRA’s carrying amount of deposits was \$534,666. The CRA’s deposits are held in a pooled cash account through the City of Wauchula of which had a bank balance of \$9,051,286. All deposits were in State Certified Qualified Public Depositories.

B. RESTRICTED ASSETS

Restricted assets consist of the CRA’s cash. The entire amount is restricted through enabling legislation for redevelopment purposes.

NOTE 4 – PENSION PLAN

General Information about the Pension Plan and Plan Administration

The employee of the CRA is provided with pension benefits provided through the City of Wauchula Employee Pension Plan (the Plan). The City of Wauchula (City) administers a single employer defined benefit public employee retirement system (the Plan).

Participation is mandatory for full time employees and employees are eligible on the date of hire. Benefit provisions and employer and employee contributions are authorized by the City Commission and trustees. The Plan was amended and restated pursuant to Ordinance 2014-3.

A separate financial statement is not issued for the Plan. Plan administrative costs are paid by the Plan. The Advisory Committee administers the Plan with final authority residing in the City Commission with powers to amend or extend the provisions of the Plan.

Benefit Provisions

Effective May 17, 2010, normal retirement is age 60 with 6 years of service, or any age with 30 years of service. The pension benefit is 2.50% of average earnings for each year of service up to 40 years.

Benefits are available for early retirement at age 50 with at least 6 years of service. The pension benefit is reduced by 1% for each year down to age 55 and further reduced by 2% for each year down to age 50.

Death and disability benefits are also available under the Plan. In service disability benefits are calculated at the larger of the basic pension formula or 50% of average earnings. Non-service disability is calculated as the larger of the basic pension formula or 25% of average earnings. Pre-retirement death benefits are calculated at 50% of the basic pension formula beginning at the earliest retirement age, and payable to the spouse of a vested participant for life. In addition, the beneficiary of any participant or retiree receives \$25,000, reduced by 10% for each year of service less than 10 years.

Vesting occurs after 6 years of service for general employees and 10 years for police officers. Participants who retire at age 50 or later with at least 6 years of service receive a \$100 monthly supplemental life annuity.

Contributions

Employees in the Plan are required to contribute 10% of their annual covered salary. The City is required to contribute the greater of an actuarially determined rate or 10%. Contributions to the pension plan from the CRA were \$159 for the year ended September 30, 2020.

NOTE 4 – PENSION PLANS – CONTINUED

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2020, the CRA reported a net pension asset of \$83,611 for its proportionate share of the net pension liability. The net pension liability was measured as of September 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2019. The CRA's proportion of the net pension liability was based on the CRA's proportion of covered-employee payroll. At September 30, 2020, the CRA's proportion was 3.33 percent. At September 30, 2019, the CRA's proportion was 1.73%.

For the year ended September 30, 2020, the CRA recognized pension expense of \$(892). At September 30, 2020, the CRA reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Balance as of September 30, 2019	\$ 47,447	\$ (56,296)
Change due to:

Balance as of September 30, 2020	<u>\$ 78,731</u>	<u>\$ (91,507)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended September 30:</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
2021	\$ 13,239	\$ (21,888)
2022	\$ 13,239	\$ (21,888)
2023	\$ 13,239	\$ (14,967)
2024	\$ 11,164	\$ (14,333)
2025	\$ 7,466	\$ (10,664)
Thereafter	\$ 20,384	\$ (7,767)

Actuarial Assumptions

The total pension liability, net pension liability (asset), and certain sensitivity information are based on an actuarial valuation performed as of October 1, 2019. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ending September 30, 2020. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Investment rate of return (2.77% for inflation)	7.00%
Projected salary increases	5.00% per annum
COLA	None assumed

**CITY OF WAUCHULA COMMUNITY REDEVELOPMENT AGENCY

NOTES TO FINANCIAL STATEMENTS**

NOTE 4 – RETIREMENT PLANS – CONTINUED

Actuarial Assumptions – Continued

For all eligible participants, 10% are assumed to retire at each of ages 55 through 59 and 100% are assumed to retire at age 60. Regardless of the foregoing, participants who have earned at least 30 years of service are assumed to retire immediately and deferred vested participants are assumed to commence benefits at their normal retirement age.

Sex-distinct rates set forth in the RP-2000 Combined Mortality Table were used with full generational improvements in mortality using Scale BB.

The long-term expected rate of return on pension plan investments was determined using a building-block in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included the pension plan's target asset allocation as of September 30, 2020 are summarized in the following table:

Long-Term Expected <u>Asset Class</u>	<u>Real Rate of Return</u>
Equities	
Large Cap	4.60%
Small Cap	5.50%
International	6.70%
Fixed Income	
Core Bonds	1.60%
Core Plus	2.10%
Core Real Estate	5.00%
Total or weighted arithmetic average	4.23%

Discount Rate

The discount rate used to measure the total pension liability (asset) was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

There were no changes in assumptions since the prior measurement date.

Pension Plan Fiduciary Net Position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial statements of the City of Wauchula, Florida.

Payable to the Pension Plan

At September 30, 2020, the CRA did not have any amounts outstanding of contributions to the Plan required for the year ended September 30, 2020.

NOTE 5 – OTHER POST-EMPLOYMENT BENEFIT PLAN

Plan Administration – The employee of the CRA is provided with post-employment benefits other than pensions (OPEB) through the City of Wauchula OPEB Plan (the Plan). The City administers a single employer defined benefit plan (Plan) that is used to OPEB benefits, through the City's Personnel Rules and Regulations with the following provisions:

Employees hired prior to January 1, 1999:

- Entitled to participate in the City's group medical insurance plan until becoming eligible for Medicare, and thereafter in the City approved Medicare Supplement, if the City has approved one, at their own expense unless prior to retirement of a particular employee, the City Commission decides otherwise.
- Retirees must pay a monthly premium as determined by the insurance carrier, less any explicit subsidies that are provided by the City. The premium varies depending on whether the retiree elects single, spousal, or family coverage.

Employees hired after January 1, 1999:

- Entitled to participate in any City plan upon retirement but at the employee's own expense.

The Plan is vested and subject to change by approval of the City Commissioners. Separate financial statements of the Plan are not available.

NOTE 5 – OTHER POST-EMPLOYMENT BENEFIT PLAN – CONTINUED

Benefits Provided

For employees hired prior to January 1, 1999, the City provides an explicit health insurance subsidy equal to the premium for single coverage under the City's health insurance plan, less \$100 per month which is provided under the City-sponsored pension plan. The subsidy is provided regardless of whether the retiree elects coverage under the City-sponsored health insurance plan, and the subsidy is provided for life. The City also provides a \$30 monthly utility subsidy. The utility subsidy is provided to the retiree for life and to the retiree's spouse for life after the retiree's death.

Contributions

Through 2015, the City's OPEB benefits were unfunded. Effective October 1, 2015, the City established an Other Post-Employment Benefit Trust (Trust) of which the assets are held with the Florida Municipal Pension Trust (FMPT). Annual contributions to the OPEB Trust are not required and are determined annually by the City Commissioners.

During the year ended September 30, 2020, the CRA contributed \$6,063 to the OPEB Trust. Plan members are not required to contribute to the Plan.

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At September 30, 2020, the CRA reported a liability of \$200,703 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of September 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of October 1, 2019. The CRA's proportion of the net OPEB liability was based on the CRA's proportion of covered-employee payroll. At September 30, 2020, the CRA's proportion was 3.33 percent. At September 30, 2019, the CRA's proportion was 1.73%.

For the year ended September 30, 2020, the CRA recognized OPEB expense of \$11,554. At September 30, 2020, the CRA reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>

2025	\$ 9,540	\$ (4,665)
Thereafter	\$ 16,804	\$ (5,559)

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of October 1, 2019 in which the individual entry age normal cost method was used. The actuarial valuation’s determination of the OPEB liability, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

- **Discount Rate**
2.47% per annum; this rate was used to discount all future benefit payments and is based on a blend of the expected long-term return on assets (for benefits payments during the first 11 years after the valuation date) and a yield on 20-year Grade AA/Aa or higher municipal bonds of 2.14% per annum (for benefit payments beyond the first 11 years after the valuation date); the expected long-term return on assets was determined by the Asset Consulting Group and the municipal bond yield is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.
- **Expected Long-Term Return on Assets**
6.50% per annum (2.62% per annum is attributable to long-term inflation).
- **Salary Increases**
3.00% per annum.
- **Cost-of-Living Increases**
Retiree contributions and health insurance premiums have been assumed to increase in accordance with the healthcare cost trend rates.
- **Healthcare Cost Trend Rates**
Increases in healthcare costs are assumed to be 6.50% for the 2019–20 fiscal year graded down by 0.50% per year to 5.00% for the 2022/23 and later fiscal years.
- **Age-Related Morbidity**
Healthcare costs are assumed to increase at the rate of 3.50% for each year of age.

NOTE 5 – OTHER POST-EMPLOYMENT BENEFIT PLAN – CONTINUED

Actuarial Assumptions – Continued

- **Mortality basis**
Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general and public safety employees, with full generational improvements in mortality using Scale MP-2017.
- **Retirement**
10% of eligible general employees are assumed to retire at each of ages 55 through 59 and 100% of eligible general employees are assumed to retire at age 60; 20% of eligible police officers are assumed to retire at each of ages 55 through 57, 30% of eligible police officers are assumed to retire at each of ages 58 and 59, and 100% of eligible police officers are assumed to retire at age 60; regardless of the foregoing, employees who have earned at least 30 years of service are assumed to retire immediately.
- **Disability**
Assumed disability uses age and gender based rates; general employee disability rates range from 0.075% (males) and 0.035% (females) at age 25, 0.096% (males) and 0.054% (females) at age 35, and 0.162% (males) and 0.085% (females) at age 45, to 0.400% (males) and 0.180% (females) at age 55; police officer disability rates range from 0.179% (males) and 0.075% (females) at age 25, 0.290% (males) and 0.096% (females) at age 35, and 0.795% (males) and 0.162% (females) at age 45, to 1.030% (males) and 0.040% (females) at age 55.
- **Employment Termination**
Assumed withdrawal uses age-based rates; general employee withdrawal rates range from 7.10% at age 25, 4.20% at age 35, 1.80% at age 45, and 0.80% at age 55 to 0.00% at age 60; police officer withdrawal rates range from 5.00% at age 25 and 3.00% at age 35, to 0.00% at age 45.
- **Coverage Election**
25% of eligible employees are assumed to elect medical coverage under the City's health insurance plan for life upon retirement or disability and 80% of those electing coverage are also assumed to elect coverage for their spouse.
- **Spouses and Dependents**
Husbands are assumed to be three years older than wives; retirees are not assumed to have any dependent children.
- **COBRA**
Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation; because the COBRA premium is determined periodically based on plan experience, the COBRA premium to be paid by the participant is assumed to fully cover the cost of providing healthcare coverage during the relevant period.
- **Changes in Assumptions**
Since the prior measurement date, the discount rate was decreased from 3.86% per annum to 2.47% per annum; the implied monthly subsidy for the retiree for the 2019/20 fiscal year was decreased from \$374.50 to \$350.00; and the implied monthly subsidy for the retiree's spouse for the 2019/20 fiscal year was decreased from \$481.50 to \$450.00.

NOTE 5 – OTHER POST-EMPLOYMENT BENEFIT PLAN – CONTINUED

Actuarial Assumptions – Continued

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of September 30, 2020 are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Core Bonds	1.60% per annum
Core Real Estate	5.00% per annum
Core Plus	2.10% per annum
U.S. Large Cap Equities	4.60% per annum
U.S. Small Cap Equities	5.50% per annum
Non-U.S. Equities	6.70% per annum

Discount Rate

The discount rate used to measure the total OPEB liability was 2.47 percent (decreased from 3.86% in the prior year). The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the CRA's proportionate share of the net OPEB liability of the Plan, as well as what the CRA's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.47 percent) or 1-percentage-point higher (3.47 percent) than the current discount rate:

	1% Decrease	Current Discount Rate	1% Increase
	1.47%	2.47%	3.47%
Net OPEB liability	\$ 240,094	\$ 200,703	\$ 169,672

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents CRA’s proportionate share of the net OPEB liability of the Plan, as well as what the CRA’s proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1–percentage–point lower (6.5 percent decreasing to 5.0 percent) or 1–percentage–point higher (8.0 percent decreasing to 6.0 percent) than the current healthcare cost trend rates:

	1% Decrease	Current Discount 6.50% graded down to 5.00%	1% Increase

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial statements of the City of Wauchula, Florida.

Payable to the OPEB Plan

At September 30, 2020, the CRA did not have any amounts outstanding of contributions to the Plan required for the year ended September 30, 2020.

NOTE 6 – CONTINGENCIES

From time to time, the CRA is involved in litigation with various parties. The outcome of these matters and potential losses to the CRA cannot be determined. As a result, no liability has been recorded in these financial statements. However, it is at least reasonably possible that a liability could result in the near term.

Management of the CRA is evaluating the risks associated with the COVID-19 pandemic. Management of the CRA is in the process of implementing risk mitigation as to the risk of impact, if any, of COVID-19 related to all aspects of the CRA’s operations. However, the CRA cannot, at this time, make a determination on the ultimate impacts of the COVID-19 pandemic.

INDEPENDENT ACCOUNTANT'S REPORT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable City Commission
City of Wauchula Community Redevelopment Agency
Wauchula, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and governmental fund of the City of Wauchula Community Redevelopment Agency (CRA), a component unit of the City of Wauchula, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the CRA's basic financial statements, and have issued our report thereon dated May 18, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the CRA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the CRA's internal control. Accordingly, we do not express an opinion on the effectiveness of the CRA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the CRA's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the CRA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the CRA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the CRA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Honorable City Commission
City of Wauchula Community Redevelopment Agency
Wauchula, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Wauchula Community Redevelopment Agency (CRA), a component unit of the City of Wauchula, Florida, as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated May 18, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated May 18, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Since no prior separate audit was performed for the CRA, there are no prior findings or recommendations.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the CRA met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify of the specific conditions met. In connection with our audit, we determined that the CRA was not in a state of financial emergency as it did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the CRA. It is management's responsibility to monitor the CRA's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the City of Wauchula Commission, and applicable CRA management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable City Commission
City of Wauchula Community Redevelopment Agency
Wauchula, Florida

We have examined the City of Wauchula Community Redevelopment Agency's (CRA), a component unit of the City of Wauchula, Florida, compliance with Section 218.415, Florida Statutes, regarding the investment of public funds, and Sections 163.387(6) and (7), Florida Statutes, regarding community redevelopment agencies, during the year ended September 30, 2020. Management of the CRA is responsible for the CRA's compliance with the specified requirements. Our responsibility is to express an opinion on the CRA's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the CRA complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the CRA complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the CRA's compliance with specified requirements.

Our examination disclosed that the CRA did not submit the adopted budget to the Board of County Commissioners within ten days as required by Florida Statute 163.387(6)(b).

In our opinion, except for the items described in the preceding paragraph, the CRA complied, in all material respects, with the specified requirements for the year ended September 30, 2020.

This report is intended solely for the information and use of the CRA and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
