#### REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors Zephyr Ridge Community Development District Pasco County, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Zephyr Ridge Community Development District as of and for the year ended September 30, 2020, and the related notes to financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Fort Pierce / Stuart

To the Board of Supervisors
Zephyr Ridge Community Development District

# **Summary of Opinions**

Opinion Unit	Type of Opinion
Governmental Activities	Unmodified
Aggregate Discretely Presented Component Unit	Adverse
General Fund	Unmodified
Debt Service Fund	Unmodified
Capital Project Fund	Unmodified

#### **Basis for Adverse Opinion on the Discretely Presented Component Unit**

The financial statements do not include financial data for the District's legally separate component unit. Accounting principles generally accepted in the United States of America require the financial data for the component unit to be reported with the financial data of the District's primary government unless the District also issues financial statements for the financial reporting entity that include the financial data for its component unit. The District has not issued such reporting entity financial statements. Because of this departure from accounting principles generally accepted in the United States of America, the assets, liabilities, net position, revenues, and expenses of the aggregate discretely presented component unit should have been presented.

#### **Adverse Opinion**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the Discretely Presented Component Unit", the financial statements referred to above do not present fairly, the financial position of the discretely presented component unit of the District as of September 30, 2020, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Qualified Opinion**

In our opinion, except for the effects of the matter described in the "Basis for Adverse Opinion on the Discretely Presented Component Unit" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the aggregate remaining fund information of the District as of September 30, 2020, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Unmodified Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of September 30, 2020, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Supervisors
Zephyr Ridge Community Development District

#### **Other Matters**

Required Supplementary Information

Governmental accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with governmental auditing standards generally accepted in the United States of America, which consisted principally of inquires of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 17, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Zephyr Ridge Community Development District's internal control over financial reporting and compliance.

June 17, 2021

Management's discussion and analysis of Zephyr Ridge Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The District's basic financial statements comprise three components; 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to financial statements. The Government-wide financial statements present an overall picture of the District's financial position and results of operations. The Fund financial statements present financial information for the District's major funds. The Notes to financial statements provide additional information concerning the District's finances.

The Government-wide financial statements are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

# **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

Fund financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all governmental funds. A statement of revenues, expenditures, and changes in fund balances – budget and actual is provided for the District's General Fund. Fund financial statements provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The fund financial statements provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the fund financial statements to the government-wide financial statements, reconciliations are provided from the fund financial statements to the government-wide financial statements.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the notes to financial statements.

#### **Financial Highlights**

The following are the highlights of financial activity for the year ended September 30, 2020.

- ♦ The District's total liabilities exceeded total assets by \$(3,920,740) (net position). Net investment in capital assets for the District was \$4,483,837. Restricted net position was \$10,720. Unrestricted net position was \$(8,415,297).
- ♦ Governmental activities revenues totaled \$2,335,156 while governmental activities expenses and conveyances totaled \$8,841,868.

# **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

# **Financial Analysis of the District**

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

#### **Net Position**

	<b>Governmental Activities</b>						
	2020			2019			
Current assets	\$	76,218	\$	62,995

Unrestricted		(8,415,297)		(7,408,679)			
Total Net Position	\$	(3,920,740)	\$	2,585,972			

The decrease in capital assets is the result of the conveyances of capital assets to others in the current year.

The decrease in liabilities is primarily related to the payment of certain matured interest and principal payments on the bonds.

The decrease in net investment in capital assets is mainly related to the conveyance of capital assets.

The decrease in net position is mainly related to the conveyance of capital assets in the current year.

# **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

# <u>Financial Analysis of the District</u> (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

Net Position - Beginning of Year		2,585,972		104,850		
Net Position - End of Year	\$	(3,920,740)	\$	2,585,972		

The increase in charges for services is mainly related to an increase in special assessments.

The decrease in contributions is primarily related to a lower SPE contribution in the current year.

The increase in general government expenses is mainly related to the increase in SPE costs in the current year.

The increase in physical environment expenses is primarily related to an increase in depreciation in the current year.

The increase in interest is related to a large payment of matured and current interest from the SPE contribution.

# **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

# **Capital Assets Activity**

The following schedule provides a summary of the District's capital assets as of September 30, 2020 and 2019:

	Governmental Activities						
Description		2020		2019			
Land and improvements	\$	4,437,020	\$	4,437,020

Accumulated depreciation		(67,581)	_	(13,009)			
Total Capital Assets (Net)	\$	5,671,203	\$	12,824,417			

The activity for the year consisted of the conveyance of infrastructure to others of \$7,192,298, the transfer of construction in progress to infrastructure of \$898,066 and equipment of \$13,420 and the contribution of infrastructure of \$93,654 and \$54,572 in depreciation.

#### **General Fund Budgetary Highlights**

The budgeted amounts exceeded actual expenditures due to less management expenditures than were anticipated.

The September 30, 2020 budget was not amended.

#### **Debt Management**

Governmental Activities debt includes the following:

♦ On July 1, 2006, the District issued \$10,425,000 of Capital Improvement Revenue Bonds, consisting of \$3,705,000 Series 2006A Bonds and \$6,720,000 Series 2006B Bonds. The Bonds were issued to finance the acquisition and construction of certain improvements within the District. During the year, the District failed to meet the scheduled debt service requirements and the Series 2006 Bonds remain in default. Matured bonds payable totaled \$6,596,131 at September 30, 2020. The unmatured balance outstanding at September 30, 2020 was \$2,800,000.

# **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

# **Economic Factors and Next Year's Budget**

The District's financial conditions continue to deteriorate. The District formed an SPE and foreclosed on certain Developer property for which there were significant delinquent assessments in prior fiscal years. In addition, in the prior, current, and subsequent fiscal years, certain debt service payments were not made. As a result, the District declared an event of default in accordance with the Series 2006 Bond Indenture. Further, the debt service fund reported a deficit fund balance of (\$6,788,567) at September 30, 2020. The District does not expect significant changes in the conditions noted above for the fiscal year ended September 30, 2021.

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

# 1. Reporting Entity

The District was established on October 25, 2005, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), by Pasco County Ordinance #05-36 as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Zephyr Ridge Community Development District. The District is governed by a five member Board of Supervisors who are elected on an at large basis by landowners of the District. Four of the board members are associated with Zephyr Ridge Holdings, Inc. (the SPE) at September 30, 2020. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Zephyr Ridge Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has identified one component unit, Zephyr Ridge Holdings, Inc., (the SPE). The District was not provided any financial information from the SPE.

#### 2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2. Measurement Focus and Basis of Accounting (Continued)

#### a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments and interest. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

#### b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2. Measurement Focus and Basis of Accounting (Continued)

#### b. Fund Financial Statements (Continued)

#### **Governmental Funds**

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2. Measurement Focus and Basis of Accounting (Continued)

#### b. Fund Financial Statements (Continued)

#### **Governmental Funds (Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources".

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

#### 3. Basis of Presentation

#### a. Governmental Major Funds

<u>General Fund</u> – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 3. Basis of Presentation (Continued)

#### a. Governmental Major Funds (Continued)

<u>Debt Service Funds</u> – Accounts for the accumulation of resources for the annual payment of principal and interest on long-term general obligation debt.

<u>Capital Projects Funds</u> – The Capital Projects Funds account for the construction of infrastructure improvements within the boundaries of the District.

#### b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as land and improvements, and non-current governmental liabilities, such as general obligation bonds and due to developer be reported in the governmental activities column in the government-wide Statement of Net Position.

# 4. Assets, Liabilities, and Net Position or Equity

#### a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415. Florida Statutes. The authorized investments consist of:

- 1. Direct obligations of the United States Treasury;
- 2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
- 3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
- 4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 4. Assets, Liabilities, and Net Position or Equity (Continued)

#### b. Restricted Net Position

Certain net position of the District is classified as restricted on the Statement of Net Position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

# c. Capital Assets

Capital assets, which include land and improvements, construction in progress, buildings, infrastructure and equipment are reported in the governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Infrastructure 30 years Equipment 10 years

#### d. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

#### NOTE B - CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

#### <u>Custodial Credit Risk – Deposits</u>

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2020, the District's bank balance was \$70,241 and the carrying value was \$62,338. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

As of September 30, 2020, the District had the following investments and maturities:

Investment	<u>Maturities</u>	F	air Value
U.S. Bank Managed Money Market	N/A	\$	350,703

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that use the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investments listed above are Level 1 assets.

#### Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### NOTE B - CASH AND INVESTMENTS (CONTINUED)

#### Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. As of September 30, 2020, the District's investment in U.S. Bank Managed Money Market was not rated.

#### Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The District's investment in the U.S. Bank Managed Money Market represents 100% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2020 were typical of these items during the fiscal year then ended. The District considers any decline in fair value to be temporary.

#### NOTE C - SPECIAL ASSESSMENT REVENUES

Assessment revenues recognized for the 2019-2020 fiscal year were levied in October 2019. All taxes are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Per Section 197.162, Florida Statutes, discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Taxes paid in March are without discount.

All unpaid taxes become delinquent as of April 1. Virtually all unpaid taxes are collected via the sale of tax certificates on or prior to June 1; therefore, there were no material taxes receivable at fiscal year end.

# **NOTE D - CAPITAL ASSETS**

Capital Asset activity for the year ended September 30, 2020 was as follows:

	Balance October 1,			Balance September 30,

Current year depreciation of \$54,572 was charged to culture/recreation, \$14,351, and physical environment, \$40,221.

#### **NOTE E - LONG-TERM DEBT**

The following is a summary of activity for long-term debt of the Governmental Activities for the year ended September 30, 2020:

Long-term debt at October 1, 2019	\$ 2,895,000
Principal payments	 (95,000)
Long-term debt at September 30, 2020	\$ 2,800,000

During the year, the scheduled debt service payments on the Series 2006A bond were not paid by the District. This amount is reflected as matured bonds payable and matured interest payable in the accompanying financial statements.

Long-term debt for Governmental Activities is comprised of the following:

### **Capital Improvement Revenue Bonds**

\$3,705,000 Series 2006A Capital Improvement Bonds are due in annual principal installments beginning May 2008 maturing May 2037. Interest at 5.625% is due May and November beginning November 2006. Current portion is \$100,000.

\$ 2,800,000

The District issued \$6,720,000 Series 2006B, at 5.25% interest. The bonds matured on May 1, 2013, but the balance outstanding was not paid. The balance outstanding, \$5,782,995 is included as matured bonds payable in the accompanying financial statements.

The annual requirements to amortize the principal and interest of bonded debt outstanding as of September 30, 2020 are as follows:

Year Ending September 30,	Principal Interest		 Total	
2021	\$ 100,000	\$	157,500	\$ 257,500

2036-2037	485,000		41,343	526,343
Totals	\$ 2,800,000	\$	1,628,156	\$ 4,428,156

#### NOTE E - LONG-TERM DEBT (CONTINUED)

Summary of Significant Bond Resolution Terms and Covenants

#### **Capital Improvement Revenue Bonds**

#### Significant Bond Provisions

The Series 2006A Bonds are subject to redemption at the option of the District prior to their maturity, in whole or in part, at any time after May 1, 2015 at a redemption price set forth in the Trust Indenture. The Series 2006B Bonds are not subject to optional redemption prior to maturity. The Series 2006A and Series 2006B Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Trust Indenture.

The Trust Indenture established certain amounts be maintained in a reserve account. In addition, the Trust Indenture has certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is not in compliance with certain requirements of the Bond Indenture due to Developer nonpayment of assessment revenue.

Total principal and interest remaining on the Series 2006 Bonds, as of September 30, 2020 is \$11,556,706, which includes \$7,128,550 of matured bonds and interest payable. In the current year, the District paid the total outstanding matured interest on the Series 2006B Bonds and a portion of outstanding matured interest on the Series 2006A Bonds for a total of \$692,162.

The following is a schedule of required reserve deposits as of September 30, 2020:

Capital Improvement Bonds				
	R	Reserve		Reserve
	Balance		Red	quirement
Series 2006A	\$	55,238	\$	251,655
Series 2006B	\$	-	\$	149,938

### NOTE F – ECONOMIC DEPENDENCY AND RELATED PARTIES

A substantial portion of the District's activity is dependent upon the continued involvement of the developers, the loss of which could have a materially adverse effect on the District. At September 30, 2020, the developers owned or controlled a large portion of the assessable property located within District boundaries.

The District received \$1,790,000 from the SPE and a developer conveyed the amenity center improvements, valued at \$93,654, to the District in the current year.

#### **NOTE G - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no settled claims from these risks that have exceeded commercial insurance coverage over the past three years.

#### NOTE H - SPECIAL PURPOSE ENTITY AGREEMENT

Zephyr Ridge Holdings, Inc, a Special Purpose Entity (SPE) was created in a prior fiscal year by the District, the Trustee and the bondholders to apply for tax deeds on the purchased tax certificates and to acquire, manage, own and dispose of the acquired property. In February 2012, the SPE acquired the property within the District owned by the former Developer, which represented 88% of the total property within the District. In November 2013, the District, the SPE and the Trustee agreed to forgive all outstanding operating and maintenance assessments outstanding at that time in exchange for a payment of \$186,000, which represented the General Fund accounts payable balance at September 30, 2013. Additionally, the SPE agreed to pay its share of operating and maintenance assessments for the fiscal year ended September 30, 2014, and thereafter. It was further agreed by the parties that the collection of debt service assessments on land owned by the SPE would be held in abeyance until the land was sold. The District collected \$172,492 during the year ended September 30, 2020 in debt service assessments.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Zephyr Ridge Community Development District
Pasco County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Zephyr Ridge Community Development District, as of and for the year ended September 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated June 17, 2021.

# **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Zephyr Ridge Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Zephyr Ridge Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Zephyr Ridge Community Development District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we identified a deficiency in internal control that we consider to be a material weakness, as follows:

# Board of Supervisors

Zephyr Ridge Community Development District

#### Finding 12-01 Failure to Include Component Unit in Financial Statements

#### Finding

The District did not include the SPE as a discretely presented component unit. Generally accepted accounting principles require that the financial statements of a component unit be included in the financial statements.

#### **Effect**

The assets owned by the SPE, which will be used to payoff the outstanding matured interest, matured bonds and bonds payable, are not reflected in the financial statements of the District.

#### Recommendation

The District should work with the SPE to ensure that their financial activity is included in future financial statements.

#### Management Response

The District position is that the SPE's primarily beneficiary is the bondholders and the SPE is not a component unit.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Zephyr Ridge Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Finding 09-01 Failure to Make Debt Service Payments When Due

#### Findina

The District has not made the required debt service payments when due since 2009 and did not make the required payments in the current year.

#### Effect

The Series 2006 Bonds are in default and the District has met a financial emergency condition as described in Section 218.530(1), Florida Statutes.

#### Recommendation

The District should use all legal remedies available to collect delinquent assessments and make the required debt service payments when due.

#### Management Response

The District has entered into an agreement that allows for the abeyance of debt service assessments until the property is sold.

Board of Supervisors Zephyr Ridge Community Development District

# Finding 09-02 Failure to Meet Debt Service Requirements

#### <u>Finding</u>

The District had used certain reserve account amounts to make certain debt service payments in prior years and the reserve balances on hand do not meet the balances required by the Trust Indenture.

#### **Effect**

The inadequate reserve balance results in a technical bond default.

#### Recommendation

The District should utilize all legal remedies to collect past due assessments and restore the reserve account to the required balance.

#### Management Response

As noted above the debt service assessments are currently in abeyance.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### MANAGEMENT LETTER

To the Board of Supervisors Zephyr Ridge Community Development District Pasco County, Florida

# **Report on the Financial Statements**

We have audited the financial statements of the Zephyr Ridge Community Development District as of and for the year ended September 30, 2020, and have issued our report thereon dated June 17, 2021.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

#### **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with *AICPA Professionals Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 17, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. The findings or recommendations noted in the preceding audit were as follows:

See pages 29-31 for findings included related to internal control and compliance, Findings 12-01, 09-01 and 09-02.

To the Board of Supervisors
Zephyr Ridge Community Development District

#### Finding 09-01

#### Finding

The District did not pay the required debt service payment on the Series 2006 Bonds as a result of the non payment of debt service assessments.

#### Effect

The District meets one of the conditions described in Section 218.503(1), Florida Statutes and is in a state of financial emergency.

#### Management Response

The District, the bondholders and the Trustee agreed in November 2013 to hold debt service assessments in abeyance for the property owned by the SPE until it was sold.

#### **Current Status**

Although certain property has been sold, the debt service assessments collected are still not adequate to make the required debt service payments.

#### **Financial Condition and Management**

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Zephyr Ridge Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that Zephyr Ridge Community Development District met one of the conditions described in Section 218.503(1) Florida Statutes (See Finding 09-01 above).

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for Zephyr Ridge Community Development District. It is management's responsibility to monitor the Zephyr Ridge Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same as of September 30, 2020.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not note any such recommendations:

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

To the Board of Supervisors Zephyr Ridge Community Development District

#### **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

# INDEPENDENT ACCOUNTANT'S REPORT/COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

To the Board of Supervisors Zephyr Ridge Community Development District Pasco County, Florida

We have examined Zephyr Ridge Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2020. Management is responsible for Zephyr Ridge Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Zephyr Ridge Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Zephyr Ridge Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Zephyr Ridge Community Development District's compliance with the specified requirements.

In our opinion, Zephyr Ridge Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2020.
