Members of the Authority
Greater Orlando Aviation Authority | Orlando, Florida

The Annual Comprehensive Financial Report (ACFR) of the Greater Orlando Aviation Authority (the Authority) of Orlando, Florida, for the fiscal years ended September 30, 2021 and 2020, is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the presented data is accurate in all material respects and is reported in a manner that fairly presents the financial position, the results of operations of the Authority, and includes all disclosures necessary to enable the reader to gain the maximum understanding of the Authority's financial activities.

State statute, augmented by the Rules of the Florida Auditor General, requires that financial statements be presented in conformance with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities and audited in accordance with generally accepted auditing standards by licensed independent certified public accountants. This report serves to fulfill these requirements.

In addition, pursuant to Section 12 of the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as amended, an audit of the financial statements has been completed by the Authority's independent auditors, MSL, P. A. The audit was performed to provide reasonable assurance that the financial statements of the Authority are free of material misstatements. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded that there was a reasonable basis for issuing an unmodified ("clean") opinion stating that the Authority's financial statements for the fiscal years ended September 30, 2021 and 2020, are fairly presented in conformity with GAAP. The Independent Auditor's Report is presented at the front of the financial section of the ACFR.

As a recipient of federal and state financial assistance, the Authority is required to undergo a "Single Audit" in conformity with the provisions of the Single Audit Act of 1984, the U. S. Office of Management and Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2 CFR 200, the Florida Single Audit Act and the related rules of the Florida Auditor General. All schedules and reports required under these federal and state regulations are included in the compliance section of this report.

Management is responsible for establishing and maintaining internal accounting controls to provide reasonable assurance that assets are safeguarded against loss, theft or misuse and that financial records for preparing financial statements and maintaining accountability for assets are reliable. The internal control system is designed to provide reasonable, rather than absolute, assurance that these objectives are met and that the financial statements are free from material misstatement. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from that control and the evaluation of costs and benefits require estimates and judgments by management. We believe the Authority's internal controls adequately safeguard assets and provide reasonable assurance that financial transactions are properly recorded.

As a recipient of federal and state financial assistance, the Authority is also responsible for establishing an adequate internal control system to ensure compliance with applicable laws and regulations related to those programs. As part of the Authority's Single Audit, tests are performed to determine the adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine the Authority's compliance with

applicable laws and regulations. The results of the Authority's Single Audit for the fiscal year ended September 30, 2021, provided no instances of material weaknesses in the internal control system or significant violations of applicable laws and regulations.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Authority

The Authority is an agency of the City of Orlando, Florida (the City), established pursuant to the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as replaced by Chapter 98-492, Laws of Florida, as amended. The City owns the Orlando International Airport (MCO) and Orlando Executive Airport (ORL). Pursuant to an agreement dated September 27, 1976, the City transferred to the Authority the custody, control and management of the two airports for a period of fifty years subject to certain conditions. The Authority negotiated a new amendment to the Operation and Use Agreement, effective October 1, 2015, which extended the term until September 30, 2065. At the end of the term, unless otherwise extended, the Authority is obligated to return full ownership and control of all its assets to the City of Orlando. Each airport functions as a self-supporting enterprise and uses the accrual basis of accounting. For reporting purposes, both airports are combined into a single enterprise fund. The Authority and the City reviewed the Governmental Accounting Standards Board (GASB) statements on defining the governmental reporting entity and have concluded the Authority is an independent reporting entity as defined by the GASB.

The Orlando International Airport is located in Central Florida, nine miles southeast of downtown Orlando in Orange County, Florida, occupying 11,605 acres of land. The service region for the airport extends throughout Central Florida, an attribute made possible by its location at the crossroads of Florida's road network and the availability of competitive fares in the market.

During fiscal years 2021, 2020 and 2019, Orlando International Airport was the busiest airport in Florida, and during calendar year 2020 was the 9th busiest in the United States. During the 12-months ended June 2021, Orlando International Airport was the second busiest airport in the United States ranked by origin and destination traffic according to the United States Department of Transportation.

Relevant Financial Policies

An annual budget is prepared on the methodology established in the Resolution relating to Airline Rates and Charges and Airline Operating Terms and Conditions for the Use of Facilities and Services at the Orlando International Airport, which was amended effective October 1, 2019 (the "Rate Resolutions") and the 1978 Airport Facilities Revenue Bond Resolution, as amended and restated September 16, 2015, for all accounts established by those agreements and resolutions, except construction and debt service accounts. The budgets are on a non-GAAP basis since capital expenditures are included as expenses and depreciation is not budgeted. Budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level. The purchasing and accounts payable subsystems, which automatically encumber budget monies, when requisitions are entered, prior to the issuance of purchase orders and disbursement of funds, maintain and strengthen budgetary control.

Transfer of appropriations can be made within a department; however, transfer of appropriations greater than \$250,000 and changes in total appropriations require Board approval. Transfers that shift budget to a new department code or account code without changing the original intended use of the funds do not require Authority Board Approval. The Chief Executive Officer or the Chief Financial Officer may authorize transfers from the contingency fund in an emergency.

Economic Outlook

Historically, airline passenger traffic nationwide has correlated closely with the state of the U.S. economy and levels of real disposable income. Past recessions in the U.S. economy and associated high unemployment reduced discretionary income and negatively impacted airline travel demand. With the globalization of business and the increased importance of international trade and tourism, the U.S. economy has become more closely tied to worldwide economic, political, and social conditions. As a result, international economics, trade balances, currency exchange rates, political relationships, and hostilities all influence passenger traffic at major U.S. airports. Concerns about hostilities and other perceived security

and public health risks also affect travel demand to particular international destinations. Sustained future increases in passenger traffic at MCO will depend on stable international conditions as well as national and global economic growth. Traffic at MCO is also sensitive to growth in the population and fluctuations in the local economy of the area served by the airport.

Historical patterns of passenger and cargo traffic at MCO were drastically disrupted by the emergence of the COVID-19 pandemic and the airport witnessed a sharp contraction in activity beginning in March 2020. As a result, MCO has experienced a significant decrease in air service, passengers and associated revenues similar to other airports throughout the U.S. and the world. While passenger activity at the airport has fluctuated with increases in infection rates associated with new variants, including Delta and Omicron, since November 2020, the airport has ranked among the top ten least impacted airports in the U.S. in terms of TSA passenger security throughput counts. Based on TSA passenger security throughput counts for calendar year 2021, MCO was the second busiest in the nation, and the fourth least impacted airport in the nation, when compared to 2019 volume. In recognition of the severe implications of the pandemic to the aviation industry, Congress has enacted legislation to provide economic relief to both airlines and airports including the Coronavirus Aid Relief and Economic Security (CARES) Act in March 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) in December 2020 and the American Rescue Plan Act (ARPA) in March 2021.

At the onset of the COVID-19 pandemic, the Authority took immediate action to reduce costs and implement strict budget monitoring procedures for the fiscal year 2020, which continued into fiscal year 2021. In addition to other measures, to decrease operating costs of the airport, the Authority (i) instituted a hiring freeze effective March 2020, which was lifted in June 2021, (ii) deferred approximately \$28.6 million of renewal and replacement projects (in April 2021, \$11.7 million of these projects were permanently closed and \$16.9 million were reinstated), (iii) stopped work on all nonessential consultant and contractor projects through the remainder of fiscal year 2020, (iv) worked with vendors to reduce labor hours where appropriate and waive contract renewal escalators through the remainder of fiscal year 2020, (v) temporarily closed the employee parking lot and portions of the economy parking lots and reduced associated parking shuttles, (vi) reduced the capital improvement program from \$4.116 billion to \$3.577 billion and (vii) in October 2020 authorized the establishment of a voluntary separation incentive program (VSIP) for certain employees, pursuant to which the Authority approved 33 VSIP agreements for an estimated 2021 calendar year savings of approximately \$2.8 million. Due to these and other cost-cutting measures, the Authority was able to reduce operating expenses for fiscal years 2020 and 2021 as compared to fiscal year 2019. With respect to the reduction of its capital improvement program, in December 2021, the Authority adjusted its 2021-2027 Capital Improvement Program (CIP), which was originally adopted in August 2021, to reflect the construction of facilities that more appropriately match passenger demand.

Pre-pandemic, Central Florida continued to be one of the most-visited destinations in the United States. Visit Orlando announced that more than 75.8 million people traveled to the region during 2019, marking a more than one percent increase over the previous year. As the region's premier global gateway, MCO was the busiest airport in Florida, serving more than 50 million passengers in the 2019 calendar year. In 2020, more than 35.2 million people visited the Orlando MSA. The area also features significant convention and cruise ship activity. In addition to tourism, the Orlando MSA's economy features increasing diversification via healthcare, aerospace and defense, finance, and advanced manufacturing, and a large education sector with several colleges and universities, including the University of Central Florida with an enrollment of more than 70,000 students.

The Orlando MSA encompasses one of the largest leisure and hospitality centers in the world. Seven of the top ten theme parks, based on attendance, are located in the area. Several new attractions did open in 2021 including specially-themed entertainment spectacles Disney Enrichment and Harmonious at Epcot that coincide with Walt Disney World's 50th Anniversary Celebration. Universal Orlando opened the Jurassic World VelociCoaster, Florida's fastest and tallest launch coaster. SeaWorld Orlando welcomed the Riptide Race, Florida's first dueling waterslide at Aquatica Orlando. Legoland Florida opened Brickbeard's Watersports stunt show and the Kennedy Space Center Visitor Complex unveiled Planet Play, an interactive activity area for youngsters.

The growth in the number of leisure visitors also reflects the continued development of sports venues in the Orlando MSA that attract both domestic and international travelers. The Orlando MSA is home to two professional sports teams—The Orlando Magic in the National Basketball Association and Orlando City Soccer club in Major League Soccer—as well as the University of Central Florida's sports teams, spring training for the Atlanta Braves in Major League Baseball, and many minor league and semi-professional teams for several sports.

Central Florida continues to diversify its economy by emphasizing opportunities for business. Strong increases in the area's population and employment, the strength of Orlando's world-class tourism industry, and the continued development of the defense, high-tech and digital media industry sectors have all been strong drivers of business travel, historically. According to the Orlando Economic Partnership, a competitive cost environment has also favored the Orlando economy in attracting new businesses, which in turn, generate additional travel demand. Recent relocations and expansions highlight the attractiveness of the market to new and growing businesses. Disney Parks, Experience and Products Division announced plans to relocate roughly 2,000 jobs from its California headquarters to Lake Nona; Staffing firm CheckR Inc. announced plans to open its third headquarters, bringing 630 jobs to Orlando; TogetherHealth, a health insurance sales firm for Medicare, has subleased more than 24,000 square feet of office space and will hire approximately 300 people; Skywater Technology, a semiconductor manufacturer, locked in an agreement with Osceola County to open a Center for Neovation, creating 220 jobs; and Cirrus Aircraft announced plans to open new locations at Orlando Executive Airport and Kissimmee Gateway Airport that would add 30 jobs to the region.

Playing a significant role in the economic vitality of the region is Orlando International Airport. As the first and last impression many visitors have of Central Florida, it is important that we strive to improve our facilities to reassure customers that air travel is safe and secure. Through the implementation of CDC protocols regarding face coverings and social distancing, enhanced cleaning and sanitizing procedures, and a continued emphasis on customer service, MCO is striving to remain a leader in restoring consumer confidence to support and encourage the historic growth of the past several years.

Since the start of the pandemic, Orlando International Airport has remained committed to the highest of standards when it comes to cleaning and disinfecting all areas of the facility. High-touch point areas such as elevator buttons, handrails, seating areas and others are cleaned frequently. Other enhanced cleaning efforts, such as the use of sanitizing foggers, are routinely completed throughout the airport.

At a time when health and safety are so critical, in November 2020, the Orlando International Airport and the Hyatt Regency both received the Global Biorisk Advisory Council (GBAC) STAR accreditation. The GBAC STAR accreditation is the gold standard of prepared facilities. The accreditation means that a facility has: established and maintained a cleaning, disinfection, an infectious disease prevention program to minimize risks associated with infectious agents such as the novel coronavirus (SARS-CoV-2); the proper cleaning protocols, disinfection techniques, and work practices in place to combat biohazards and infectious disease; and highly informed cleaning professionals who are trained for outbreak and infectious disease preparation and response.

The return of domestic and international visitation is necessary to reinvigorate the multi-billion dollar economic engines that sustain the region. As the global gateway of choice for the majority of Central Florida's visitors, Orlando International Airport has responded to the unique demands of pandemic recovery to foster optimism for increasing demand. The Authority's commitment to expanding its facilities through the continuing construction of the new South Terminal C facility; the support of a major traffic realignment project by the Central Florida Expressway Authority; and the Brightline intercity, higher-speed rail project emphasizes the community's investment in moving forward. The Authority's participation will enhance customer service and maintain the standard of excellence that we define as The Orlando Experience®.

Major Initiatives

Orlando International Airport

The 2021-2027 Capital Improvement Program consists of: (i) Phase 1 of South Terminal C; (ii) the Phase 1 Landside Expansion of South Terminal C; (iii) capacity enhancements, renovations and expansion for the North Terminal Complex; and (iv) other projects to maintain and enhance the airport facilities. The estimated total aggregate cost of the 2021-2027 Capital Improvement Program, as amended in December 2021, is approximately \$3.58 billion, including allowances for inflation, a net reduction of \$180.0 million from August 2020. In addition to the 2021-2027 Capital Improvement Program, the Authority also undertakes renewal and replacement of major assets on an ongoing basis.

Substantially Complete and Completed Projects

Major construction programs in the CIP that reached substantial completion and were removed from the program included the Ticket Lobby, Airside 1&3 APM, Airside 4, Taxiway C, Taxiway J, South Airport Cell Lot and Travel Plaza, Loop Road System Mill and Overlay and the Parking Garage C Canopy System.

Airfield Projects Planned or Underway

The CIP includes \$138.2 million in airfield projects. The airfield, which serves both the current North and future South Terminals, is undergoing rehabilitation projects, including taxiways G & H with design beginning in the Spring of 2022.

North Terminal Projects Planned or Underway

The CIP also includes \$495.5 million for capacity enhancements, renovations and expansion for the North Terminal. This includes Airside 2 & 4 APM replacement, North Terminal Roof Replacements, and Airline Terminal Improvements to relocate Airlines and modify space to rebalance terminal utilization. A few projects such as improvements to comply with changing regulatory requirements and Health and Safety Projects provide benefits to the North and South Terminal Complex.

South Terminal Projects Planned or Underway

South Terminal C

The Authority commenced construction of the 16-gate South Terminal Complex Phase 1 in the first quarter of 2017 with an expected opening in October 2020. In May 2018, the Authority authorized staff to proceed with procurement of professional services for design and early construction activities of the South Terminal Complex Phase 1X to add three additional gates for a total of 19 gates, with each gate able to accommodate both international and domestic air traffic. However, due to the COVID-19 pandemic, in May 2020, the Authority deferred construction of four gates and decided to open with 15 gates. Construction of Phases 1 and Phase 1X of the South Terminal Complex is approximately 87% complete and is currently estimated to cost \$2.8 billion. The Authority anticipates receiving a temporary certificate of occupancy for the South Terminal Complex in February 2022 and opening in Summer 2022.

Preliminary design of the 16-gate South Terminal C was completed in 2017, and the first construction contract was awarded during the summer of 2017. The flexible gate configuration will service both domestic and international passengers and allow for narrow body, jumbo and super jumbo aircraft.

Acknowledgements and Awards

The Authority received the Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA) for its annual budget for the fiscal year beginning October 1, 2020. This represents the third consecutive year that this award has been presented to the Authority. The GFOA established the Distinguished Budget Presentation Awards Program in 1984 to encourage and assist state and local governments to prepare budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting and then to recognized individual governments that succeed in achieving that goal.

The Authority also received the GFOA Certificate of Achievement for Excellence in Financial Reporting for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2020. This represents the fortieth consecutive year that this certificate has been awarded to the Authority. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report whose content conforms to program standards. Such reports must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the requirements of the Certificate of Achievement for Excellence in Financial Reporting Program, and it will be submitted to GFOA to determine its eligibility for 2021.

The timely preparation of this report could not have been accomplished without the efficient and dedicated service of the entire Finance Department. We would like to express our appreciation to all members of the Finance Department who assisted in and contributed to its preparation.

Respectfully submitted,

Kathleen M. Sharman

Greater Orlando Aviation Authority
Orlando, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the Greater Orlando Aviation Authority (the "Authority") as of and for the fiscal years ended September 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of September 30, 2021 and 2020, and the changes in its financial position and its cash flows for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis-of-Matter

Change in Accounting Principle

As discussed in Note 1 to the financial statements, in the year ended September 30, 2021, the Authority adopted the provisions of Government Accounting Standards Board Statement (“GASBS”) Number 84, *Fiduciary Activities*. As a result of the implementation of GASBS 84, the Authority’s Pension (and Other Employee Benefit) Trust Funds are presented. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority’s basic financial statements. The introductory section, supplemental schedules, and the statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

The Authority Board
Greater Orlando Aviation Authority

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 18, 2022, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The following discussion and analysis of the Greater Orlando Aviation Authority (the Authority) provides an introduction to the basic financial statements for the fiscal years ended September 30, 2021 and 2020 with selected comparative information for the fiscal year ended September 30, 2019. This discussion has been prepared by management and should be read in conjunction with the basic financial statements, footnotes, and supplementary information found in this report. This information taken collectively is designed to provide readers with an understanding of the Authority's finances.

Overview of the Financial Statements

The Authority is structured as an enterprise fund with separate accounts for Orlando International Airport and Orlando Executive Airport. The financial statements are prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned and expenses are recognized when incurred. Capital assets are capitalized and depreciated over their useful lives, except for land and assets held for future use. See "Notes to the Financial Statements" for a summary of the Authority's significant accounting policies and practices.

The Statements of Net Position present information on all of the Authority's assets, deferred outflows, liabilities and deferred inflows, with the difference between total assets and deferred outflows and total liabilities and deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the Authority's financial position.

The Statements of Revenues, Expenses and Changes in Net Position present information reflecting current year changes in the Authority's net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for certain items that will result in cash flows in future fiscal periods.

The Statements of Cash Flows reports the flow of cash and cash equivalents. Consequently, only transactions that affect the Authority's cash accounts are recorded in these statements. A reconciliation follows these statements to assist in the understanding of the difference between cash flow from operating activities and operating income.

The Authority maintains two fiduciary funds, (i) the Retirement Plan for Employees of the Greater Orlando Aviation Authority, the Defined Benefit (DB) Plan, (ii) and the Other Postemployment Benefits (OPEB) Program. Fiduciary Funds are not reflected in the Combined Statements of the Authority because the resources of those funds are not available to support the Authority's operations. However, they are discretely presented as part of the basic financial statements in accordance with General Accounting Standard Board Statement No. 84. The accounting for fiduciary funds is similar to enterprise funds.

Impact of COVID-19

The domestic and international economic crisis caused by the COVID-19 pandemic, combined with travel restrictions, public health concerns about the contagion and social distancing requirements, resulted in drastic and unprecedented reductions in passenger volume and number of flights at the Airport and other major U.S. and international airports. These and other effects of COVID-19 have had, and continue to have, an adverse effect on Airlines serving the Airport, Airport concessionaires, rental car operations and Airport revenues. International travel restrictions, and the inconsistencies in restrictions from region to region are creating uncertainty and a slower recovery in international travel.

Due to the evolving nature of the COVID-19 pandemic, including variants of COVID-19 and the acceptance and effectiveness of the COVID-19 vaccines, and the responses of governments, businesses, and individuals to the COVID-19 pandemic, the full impact of the COVID-19 pandemic on the Airport and the Authority cannot be fully quantified at this time and the Authority cannot predict, among other things, the effect of the following on the operations and finances of the Airport: (i) the scope, duration or extent of the COVID-19 pandemic or any other outbreak or pandemic; or (ii) existing restrictions and warnings or any additional restrictions and warnings that may be imposed by local, state or federal governments, nor the timing of the relaxation or release of such restrictions.

Authority Activity Highlights

Historical patterns of passenger and cargo traffic at the Airport were drastically disrupted by the emergence of the COVID-19 pandemic and the Airport witnessed a sharp contraction in activity beginning in March 2020. While passenger activity at the Airport has fluctuated with increases in infection rates associated with new variants, including Delta and Omicron, since November 2020, the Airport has ranked among the top ten least impacted airports in the U.S. in terms of TSA passenger security throughput counts. Based on TSA passenger security throughput counts for calendar year 2021, the Airport was the second busiest in the nation, and the fourth least impacted airport in the nation, when compared to 2019 volume.

For the year ended September 30, 2021, enplaned passengers had increased 16.83% compared to 2020, but were down (31.64%) compared to total enplanements for fiscal year 2019. Total operations for fiscal year ended 2021 increased by 9.58%; however, compared to 2019, operations decreased (22.01%). The increase in enplanements included a 26.19% increase in domestic and a (60.70%) decrease in international travelers compared to fiscal year 2020. Compared to fiscal year 2019, there was a decrease of (23.02%) of domestic enplaned passengers and a decrease of (82.8%) in international enplaned passengers.

The following chart shows total enplaned passengers and flight operations (landings and take-offs) at Orlando International Airport for the three-year comparative period:

ENPLANEMENTS AND OPERATIONS ACTIVITY FOR 2019 TO 2021

	2021	2020	2019
Enplaned Passengers	16,984,242	14,538,126	24,846,842
Operations	265,586	242,368	340,530

Total passengers served by the Orlando International Airport during fiscal year 2021 increased by approximately 5.0 million from 29.1 million to 34.1 million over fiscal year 2020. This follows a decrease of approximately 20.7 million total passengers during fiscal year 2020 from 49.8 million to 29.1 million. The Authority continues to monitor changes in passenger levels, making adjustments when necessary to accommodate the demands on the airport facilities.

The following graph represents total passenger activity at Orlando International Airport for the fiscal years ended September 30:

TOTAL PASSENGERS

Fiscal Years Ended September 30, 2019-2021

Financial Highlights

Participating Airline Revenues

Under the amended Rate and Revenue Sharing Agreement, airlines that (i) commit to an annual gate access assignment of at least one gate and associated space through the term of the Rate and Revenue Sharing Agreement, and (ii) agree not to challenge the rate methodology set forth in the Rate Resolution and not to finance or otherwise participate in any challenge of the rate methodology through the term of the Rate and Revenue Sharing Agreement, are entitled to obtain the benefits of revenue-sharing (the Participating Airlines). In addition, the Authority has committed to not change the ratemaking methodology through the term of the agreement subject to any changes that might be required by the USDOT, FAA or court order.

As set forth in the Rate and Revenue Sharing Agreement that expired on September 30, 2019, (i) the Authority retained the first \$65 million in Revenues (excluding Revenues generated from Airport Exclusive Revenue Sources) less all Debt Service and Operating Expenditures (including Operating Reserve Requirements), (ii) 35% of the next \$58 million for FY 2019, (iii) after crediting the next \$10 million to the Participating Airlines for each fiscal year, 35% of any additional amounts remaining for each fiscal year. The rest of the remaining revenues will be credited to the Participating Airlines.

Under the amended Rate and Revenue Sharing Agreement that extends through September 30, 2024, (i) the Authority retains all Revenues generated from airport Exclusive Revenue Sources and the first \$55 million by which all other Revenues exceed all Debt Service and Operating Expenditures (including Operating Reserve Requirements and payment obligations under the Global Agreement), (ii) the next \$10 million is credited to the Participating Airlines, (iii) and the remaining balance, if any, is split 50/50 between the Authority and Participating Airlines.

The Authority received revenues from Participating Airlines of \$152.0 million, \$152.3 million and \$177.8 million for fiscal year 2021, 2020 and 2019 respectively, represented approximately 35.1%, 34.7% and 30.5% of total operating revenue. The Authority's total revenues increased in fiscal year 2021 compared to fiscal year 2020 primarily due to Federal Relief

Grants of \$145.8 million received during the year, included in non-operating revenue. However, total revenues have not yet returned to pre-pandemic numbers. Total Revenue results are as follows:

TOTAL REVENUES (IN THOUSANDS)

	2021	2020	2019
Total Operating Revenues	\$ 432,313	\$ 438,011	\$ 581,964
Total Non-operating Revenues	256,137	146,096	176,846
Total Revenues	\$ 688,450	\$ 584,107	\$ 758,810

Operating Revenues

Retail, food and other service concessionaires located in terminal facilities at the Airport have reported significant declines in sales. Due to the reduction in passenger traffic caused by COVID-19, many of the in-terminal concessions temporarily closed or reduced their hours beginning in March 2020 and started to re-open over the remainder of fiscal year 2020. During calendar year 2021, as passenger traffic increased, concessionaires re-opened and sales increased; although sales have not achieved pre-pandemic levels. As of November 2021, all concessionaires are open.

In August 2020, the Board adopted a resolution (the Relief Resolution) approving supplemental relief for in-terminal concessionaires and rental car companies. The Relief Resolution provided for (i) a deferral of the Minimum Annual Guarantee (MAG) due to the Authority for August and September 2020 until March 2021, convertible to a waiver upon timely payment of MAGs through March 2021, and (ii) the waiver by the Authority of 50% of the MAG due to the Authority for October 2020 through March 2021. In March 2021 the Board adopted a resolution approving additional supplemental relief. This resolution provided for (i) a 75% deferral of the MAG due to the Authority for April and May 2021 until October and November 2021, convertible to a waiver upon timely payment of MAGs through September 2021, (ii) the waiver by the Authority of 75% of the MAG due to the Authority for June 2021 through September 2021, and (iii) a concession which submits a declaration that more than 75% of its pre-pandemic traffic was international will pay 12.5% of monthly MAG, instead of the 25% due to be paid by other concessions. In October 2021 the Board adopted a resolution to extend the March 2021 resolution, a waiver of 75% of the MAG to certain concessions who continue to be impacted by the restriction of international passengers. With respect to concessionaires, the adoption of these resolutions amounted to a deferral in fiscal year 2020 of \$2.3 million, a waiver of collection in fiscal year 2020 of \$16.5 million, a waiver of collection in fiscal year 2021 of \$31.7 million, and a waiver of collection in fiscal year 2022 of \$1.2 million.

Rental car companies located in terminal facilities at the Airport reported in early 2020 declines in sales commensurate with passenger traffic declines. However, sales increased with passenger traffic increases in late 2020 through 2021 and rental car company rates increased with demand. Challenges facing the rental car companies include shortage of staffing and supply chain issues causing reduced fleets of vehicles.

The Relief Resolution provided for deferrals and waivers to the rental car companies for certain MAG fees. With respect to the rental car companies, the adoption of the Relief Resolution amounted to a waiver of collection of a portion of the MAG fees in fiscal year 2020 equal to \$17.9 million, and waiver of collection in fiscal year 2021 of \$11.3 million.

Prior to the pandemic, Transportation Network Company (TNCs) appeared to have affected all modes of transportation to and from the Airport, but had the most significant impact on taxis and permitted ground transportation companies and a modest impact on parking and rental car transactions. However, overall there had been a positive impact on ground transportation revenues pre-pandemic because TNCs are charged the same rate as pre-arranged transportation services. During the pandemic, TNC trips declined more than parking and rental car transactions reflecting hygiene concerns and the desire to minimize the prospect of close contact with others. Since the pandemic, the reduction in rental car trips per enplaned passenger reflects the shortage of cars to rent at the Airport and the corresponding increase in pricing to rent a car. The pre-pandemic patterns appear to be returning except for rental cars, which continue to experience a shortage in vehicles due to a semiconductor microchip manufacturing shortage that has impacted the rental car companies' ability to obtain a sufficient supply of new vehicles.

Overall, the operating revenues of the Authority decreased \$5.7 million in fiscal year 2021, or 1.3% from fiscal year 2020. Participating Airline Revenue decreased \$0.3 million or (0.2%) and Non-Participating Airline Revenue decreased \$6.6 million or (30.7%). Overall, Concession Revenues decreased \$3.7 million or (5.9%), Food and Beverage and General Merchandise combined revenues decreased \$1.0 million or (2.8%) while Service Concession and Other Terminal Area Revenues decreased \$2.7 million or (9.9%). Ground Transportation revenues increased \$8.5 million or 5.9% while Hotel revenues decreased \$3.3 million. Rail Station Revenue remained relatively flat for FY 2021.

In fiscal year 2020 the operating revenues of the Authority decreased \$144.0 million from fiscal year 2019, or (24.7%) from the previous year, Participating Airline Revenue decreased \$25.6 million or (14.4%), Non-Participating Airline Revenue decreased \$21.8 million or (50.5%). Overall, Concession Revenues decreased \$22.4 million or (26.4%), Food and Beverage and General Merchandise combined revenues decreased \$17.7 million or (33.3%) while Service Concession and Other Terminal Area Revenues decreased \$4.8 million or (14.9%). Ground Transportation revenues decreased \$57.3 million or (28.6%) while Hotel revenues decreased \$14.9 million (35.8%). Rail Station Revenue remained relatively flat for FY 2020.

OPERATING REVENUES BY MAJOR SOURCE (IN THOUSANDS)

	2021	2020	2019
Participating Airlines			
Landing Fees	\$ 42,439	\$ 43,803	\$ 46,979
Terminal Area Rents	62,502	64,976	70,761

Rail Station	4,121	4,349	4,311
Total Operating Revenues	\$ 432,313	\$ 438,011	\$ 581,964

The following charts show major sources of operating revenues for the years ended September 30, 2021, 2020 and 2019:

OPERATING REVENUES

Non-Operating Revenues

Non-operating revenues consist of Passenger Facility Charges (PFCs), Customer Facility Charges (CFCs), investment income, and other non-operating revenue. PFC revenues were \$76.7 million in fiscal year 2021, \$52.3 million in fiscal year 2020, and \$98.4 million in fiscal year 2019. The decrease in collections of PFCs in fiscal years 2020 and 2021 compared to 2019 was a direct effect of the decrease in passenger traffic at the Airport due to COVID-19. The increase in collections in fiscal year 2021 over 2020 signifies the gradual return of passengers. The Authority approved the collection of CFCs effective October 1, 2008, and amended in 2017. Certain Rent-A-Car Companies (RACs) agreed to assess and collect CFCs to pay for a portion of the costs and expenses of financing, designing, constructing, operating, relocating and maintaining the CFC Ground Transportation Project. Revenue related to the collection of CFCs, at the rate of \$3.50 amounted to \$26.8 million during fiscal year 2021, \$25.1 million during fiscal year 2020, and \$43.8 million during fiscal year 2019. Investment income was \$5.4 million in fiscal year 2021, \$15.3 million in fiscal year 2020, and \$22.5 million in fiscal year 2019. Investment fair value adjustment was (\$7.8) million for fiscal year 2021, \$7.6 million for fiscal year 2020 and \$8.6 million for fiscal year 2019. The fair value adjustment reflects the unrealized gain or loss if the investment is sold prior to maturity. Since the Authority typically holds investments to maturity, these unrealized gains and losses are not realized. The spike in fiscal year 2020 in Other Non-Operating Revenue is due to land sales of various properties no longer needed for aviation purposes in the fiscal year 2020 with a new gain of approximately \$43.0 million.

Included in non-operating revenue are several forms of relief have been provided to the Authority through the enactment of federal legislation. These include Coronavirus Aid, Relief and Economic Security Act (CARES) in March 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) in December 2020 and the American Rescue Plan Act (ARPA) in March 2021. The Authority was awarded approximately \$383.8 million in combined CARES, CRRSA and ARPA grants, which includes \$26.3 million for concession relief. The Authority has used or plans to use these funds to pay debt service, to defease or redeem Bonds, and to reimburse itself for expenses. Approximately \$145.8 million of federal relief was received in fiscal year 2021 and \$0.6 million in fiscal year 2020.

Operating Expenses

Due to the uncertainty of the COVID-19 pandemic, the Authority took immediate action to reduce costs and implemented strict budget monitoring procedures that continue to be in place for fiscal year 2021. The Authority instituted a hiring freeze effective March 2020, which was lifted in June of 2021, deferred approximately \$28.6 million of renewal and replacement projects, (as of April 2021, \$11.7 million of these projects were permanently closed and \$16.4 million were reinstated) stopped work on all nonessential consultant and contractor projections and worked with vendors to reduce labor hours where appropriate and to waive contract renewal escalators.

In October 2020 the Board authorized the establishment of a voluntary separation incentive program (VSIP) for certain employees, pursuant to the which the Authority approved 33 VSIP agreements for an estimated 2021 calendar year savings of approximately \$2.8 million.

Other Operating Expenses resulted in a net credit of \$1.7 million due to reduction in the net Other Post-Employment Benefits (OPEB) Liability, a reduction in accrued compensated absences and a reduction in the net Pension Liability. See Notes 8 and 9 for more information on Pension and OPEB.

Due to these cost-cutting measures as well as the change in Net Pension and OPEB Liabilities, Operating Expenses before Depreciation decreased \$28.0 million or (9.8%) from fiscal year 2020 to 2021. Operating Expenses before Depreciation decreased \$43.2 million or (13.1%) from fiscal year 2019 to 2020.

OPERATING EXPENSES (IN THOUSANDS)

	2021	2020	2019
Operations and Facilities	\$ 132,680	\$ 143,787	\$ 168,023
Safety and Security	46,175	49,210	49,479
Administration	62,903	69,344	81,341
Hotel	19,416	21,969	29,880
Other	(1,693)	3,208	1,964
Total Operating Expenses			
Before Depreciation	259,481	287,518	330,687
Depreciation	184,457	190,890	183,147
Total Operating Expenses	\$ 443,938	\$ 478,408	\$ 513,834

The following charts show major cost centers and the operating expenses (before depreciation) for the years ended September 30, 2021, 2020, and 2019:

OPERATING EXPENSES (IN THOUSANDS)

Non-Operating Expenses

Non-operating expenses consist of interest expense and Participating Airline net revenue sharing required by the Rate and Revenue Sharing Agreement. Interest expense amounted to \$18.8 million in fiscal year 2021, \$35.3 million in fiscal year 2020 and \$33.9 million in fiscal year 2019. Participating Airline net revenue sharing was \$32.7 million for fiscal year 2021, \$25.6 million for fiscal year 2020, and \$77.1 million for fiscal year 2019. The Participating Airline revenue share increased by 27.7% for fiscal year 2021 compared to 2020 and decreased (66.8)% for fiscal year 2020 over 2019.

NON-OPERATING EXPENSES (IN THOUSANDS)

TOTAL EXPENSES (IN THOUSANDS)

	2021	2020	2019
Total Operating Expenses	\$ 443,938	\$ 478,408	\$ 513,834
Total Non-operating Expenses	51,444	60,857	111,025
Total Expenses	\$ 495,382	\$ 539,265	\$ 624,859

Capital Contributions

Capital Contributions received from the federal and state governments and others amounted to \$27.5 million for fiscal year 2021, \$87.2 million for fiscal year 2020 and \$36.7 million during fiscal year 2019. Funding received on major projects including Airfield Rehabilitation, South Terminal Phase C, and North Terminal QTA improvements for fiscal years 2021, 2020 and 2019 are as follows:

CAPITAL CONTRIBUTIONS (IN MILLIONS)

	2021	2020	2019
Florida Department of Transportation	\$ 21.7	\$ 52.2	\$ 11.5
Federal Aviation Administration	4.4	26.6	19.5
Transportation and Security Administration	-	5.1	5.7
Other	1.4	3.3	-
Total Capital Contributions	\$ 27.5	\$ 87.2	\$ 36.7

The Changes in Net Position for the fiscal years ended September 30 are as follows:

CHANGES IN NET POSITION (IN THOUSANDS)

	2021	2020	2019
Operating Revenues	\$ 432,313	\$ 438,011	\$ 581,964
Operating Expenses	443,938	478,408	513,834
Operating Income/(Loss)	(11,625)	(40,397)	68,130
Net Non-operating Revenues (Expenses)	204,693	85,239	65,821
Income Before Capital Contributions	193,068	44,842	133,951
Capital Contributions	27,519	87,185	36,747
Increase in Net Position	220,587	132,027	170,698
Beginning Net Position	2,831,022	2,698,995	2,528,297
Ending Net Position	\$ 3,051,609	\$ 2,831,022	\$ 2,698,995

Financial Position

The Statement of Net Position presents the financial position of the Authority at the end of the fiscal year. The statement includes all assets, deferred outflows, liabilities and deferred inflows of the Authority. Net position is the difference between total assets and deferrals and total liabilities, and is an indicator of the current fiscal health of the Authority. During fiscal year 2021, Total Net Position increased by approximately \$220.6 million, or 67.1% over fiscal year 2020. During fiscal year 2020, Total Net Position increased by approximately \$132.0 million, or 4.89% over fiscal year 2019.

The following is a summarized comparison of the Authority's assets, deferred outflows, liabilities, deferred inflows and net position at September 30, 2021, 2020 and 2019:

CONDENSED STATEMENT OF NET POSITION (IN THOUSANDS)

	2021	2020	2019
Assets:			
Current Assets	\$ 714,437	\$ 601,729	\$ 670,467
Other Assets	1,207,736	1,688,666	1,415,506
Capital Assets	4,972,802	4,434,729	3,570,045
Total Assets	6,894,975	6,725,124	5,656,018
Deferred Outflows of Resources	15,080	21,070	24,044
Liabilities:			
Current Liabilities	481,596	439,111	468,757
Noncurrent Liabilities	3,351,073	3,470,858	2,497,480
Total Liabilities	3,832,669	3,909,969	2,966,237
Deferred Inflows of Resources	25,777	5,203	14,830
Net Position:			
Net Investment in Capital Assets	1,944,361	1,540,116	1,392,214
Restricted	693,445	942,538	981,927
Unrestricted	413,803	348,368	324,854
Total Net Position	\$ 3,051,609	\$ 2,831,022	\$ 2,698,995

The majority of the Authority's net position at September 30, 2021 represents its investment in capital assets less the related indebtedness outstanding used to acquire those capital assets. The Authority uses these capital assets to provide services to the airlines and to its passengers and visitors to the airports; consequently, these assets are not available for future spending. The Authority's investment in its capital assets is reported net of related debt. The resources required to repay this debt must be provided annually from operations since it is unlikely that the capital assets themselves will be liquidated to pay the liabilities.

Net position restricted for debt service and capital acquisitions at September 30, 2021 represents funds subject to external restrictions under the Authority's Bond Resolution, PFCs restricted by federal regulations, and CFCs restricted by the Third Amended and Restated Resolution of the Greater Orlando Aviation Authority Authorizing the Collection of a Customer Facility Charge as adopted on June 21, 2017. Restricted assets necessary to meet current obligations are classified as current assets on the Statement of Net Position. Restricted Assets are restricted for disbursements in the acquisition and construction of non-current assets, or are segregated for the liquidation of long-term debts, are classified as non-current assets. The unrestricted portion of net position, \$413.8 million on September 30, 2021 may be used to meet the Authority's ongoing obligations.

Airline Rates And Charges

Effective November 1, 2013, the Authority began operating under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions for the Use of Facilities and Services at Orlando International Airport, adopted by the Authority Board October 16, 2013 and amended and restated as of August 10, 2016, and second amendment and restatement as of August 28, 2019 (the "Resolution"). In the chart below, the actual landing fees and average terminal rental rate are shown for fiscal years 2019 through 2021. See the Airline Rates by Resolution (Note 17) for additional information.

AIRLINE RATES AND CHARGES

	Rates effective for FY 2021	Rates effective for FY 2020	Rates effective for FY 2019
Terminal Average Square Foot Rate	\$ 116.66	\$ 120.20	\$ 136.14
Landing Fee – per 1,000 lbs. Unit (gross)	\$ 2.2451	\$ 2.5701	\$ 1.9497
Cargo Landing Fee – per 1,000 lbs. Unit	\$ 2.2451	\$ 2.5701	\$ 1.9497

Passenger Facility Charges

As part of the Safety and Capacity Expansion Act of 1990, the Authority received approval from the Federal Aviation Administration to impose a PFC per eligible enplaned passenger at Orlando International Airport and has imposed the PFC since February 1993. For fiscal year 2021, the Authority collected PFCs at \$4.50. PFCs may be used to pay either eligible capital improvements or debt service on bonds issued to finance projects eligible for PFC funding. Through September 2021, the Authority approved applications to impose PFCs of approximately \$5.0 billion to fund project costs of various airport improvements. PFC collections to date (including investment earnings) are \$1.6 billion. Expenditures on PFC approved projects and debt service to date are \$1.4 billion.

Capital Acquisitions And Construction Activities

During fiscal years 2021, 2020 and 2019, the Authority expended \$718.4 million, \$1.0 billion and \$721.0 million respectively on capital projects. For fiscal year 2021 this included \$4.4 million funded by FAA contributions and \$21.7 million funded by Florida Department of Transportation. The balance was paid from tenant and other Authority funds, including bonds and PFCs. See the Schedule of Expenditures of Federal Awards and State Financial Assistance in the Compliance section for additional information regarding grant expenditures.

Major projects under construction and the amounts expended during fiscal years 2021, 2020 and 2019 are as follows:

PROJECTS UNDER CONSTRUCTION (IN MILLIONS)

Total	\$ 188.9	\$ 67.6	\$ 115.5

More detailed information about the Authority's capital assets is presented in Note 6 to the financial statements.

Debt Activities

The Authority has outstanding revenue bonds that are secured by a pledge of and lien on Revenues and Net Revenues as defined in the Bond Resolution. This senior indebtedness is expressly senior and superior to the pledge and lien securing subordinated indebtedness and secondary subordinated indebtedness.

Senior Indebtedness

Pursuant to the Bond Resolution, the Authority has issued various series of Airport Facilities Revenue Bonds to finance additions and improvements at the airport. The aggregate principal amount of such senior bonds outstanding as of September 30, 2021 and 2020 was \$1.7 billion and \$1.9 billion respectively.

In 2021, the Authority defeased and/or redeemed portions of the Series 2010A Bonds, Series 2011B Bonds, Series 2015A Bonds, and Series 2016A Bonds, totaling approximately \$97.0 million in principal amount of debt defeased. The Authority utilized its Existing Lines of Credit as liquidity for the defeasance escrows and has received reimbursements from the ARPA funds for amounts drawn on the Existing Lines of Credit plus costs to accomplish such defeasances.

On October 3, 2019, the Authority issued \$1.1 billion in Airport Facilities Revenue Bonds, Series 2019A (AMT) (the "Series 2019A Bonds") with a true interest cost of 3.26%. The Series 2019A Bonds were issued for the purpose of providing funds to finance costs of a portion of the South Terminal Complex, fund certain capital projects in the North Terminal Complex, fund other capital improvements, fund a deposit to the Composite Reserve Subaccount of the Debt Service Reserve account, pay capitalized interest, pay the line of credit draws and accrued interest totaling \$323.8 million, and certain costs of issuance. The average life of the Series 2019A Bonds is 18.59 years.

Priority Subordinated Indebtedness

Priority subordinated indebtedness as defined in the Master Indenture of Trust consists of Priority Subordinate Obligations and the Florida Department of Transportation Indebtedness. As of September 30, 2021 and 2020, the aggregate principal amount of subordinated indebtedness was \$1.0 billion.

Secondary Subordinated Indebtedness

Lines of Credit - The Authority has entered into two revolving credit agreements with Bank of America, N.A., one in the authorized amount of \$150,000,000 that expires on July 29, 2022 and one in the authorized amount of \$125,000,000 that expires on December 29, 2022 (collectively, the Bank of America Lines of Credit), and two revolving credit agreements with Wells Fargo, N.A., one in the authorized amount of \$50,000,000 that expires on July 29, 2022 and one in the authorized amount of \$225,000,000 that expires on December 1, 2022 (collectively the Wells Fargo Lines of Credit and, together with the Bank of America Lines of Credit, the Existing Lines of Credit). The Authority draws on the Existing Lines of Credit for interim financing for capital projects in anticipation of the issuance of long term bonds and/or receipt of grants, PFCs, CFCs, Authority funds, and other permanent funding sources. The Authority intends to continue using the Existing Lines of Credit to provide interim financing for portions of the 2021-2027 Capital Improvement Program and intends to renew the Existing Lines of Credit prior to their expiration dates. The Authority also utilized the Lines of Credit to provide interim funding of escrow deposits for the defeasance of debt. Pursuant to the Bond Resolution, Lines of Credit are considered Secondary Subordinated Indebtedness.

Debt Service Coverage

Airport revenue bond covenants require that revenue available to pay debt service, as defined in the Bond Resolution, be equal to or greater than 1.25 times the debt service on the senior lien airport revenue bonds and 1.00 times the debt service on all subordinated indebtedness. Further, the Master Subordinate Indenture of Trust provides that the coverage requirement will be equal to or greater than 1.10 times the debt service on Priority Subordinated Indebtedness. Coverage ratios for the past three years are shown in the following table:

COVERAGE RATIOS

	2021	2020	2019
Senior Lien Debt	5.72x	3.73x	2.95x
Priority Subordinate Obligations	5.35x	15.69x	25.62x
All Indebtedness	1.57x	3.18x	2.74x

More detailed information about the Authority's noncurrent liabilities is presented in Note 11 to the financial statements.

Request For Information

The financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority's finances. Questions concerning any information provided in this report or request for additional information should be addressed to the Chief Financial Officer, Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, FL 32827-4392.

Director of Finance

Basic Financial Statements

The statements of net position, revenues, expenses, and changes in net position, and cash flows provide a summary of the financial position and operating results of the Authority that consists of two airports, Orlando International Airport and Orlando Executive Airport.

The fiduciary financial statements reflect the combined net position and changes in net position of the Authority's pension and postemployment benefit plans. These statements also serve as an introduction to the more detailed financial statements and supplemental schedules.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES

Organization and Purpose: The Greater Orlando Aviation Authority (Authority) was established by the Florida State Legislature pursuant to the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as amended. The Authority operates Orlando International Airport and Orlando Executive Airport. For reporting purposes, these airports are combined into a single enterprise fund.

Reporting Entity: In defining the Greater Orlando Aviation Authority for financial reporting purposes, management applied the requirements of Governmental Accounting Standards Board (GASB) Statements Number 14, *The Financial Reporting Entity* and GASB Statement Number 39, *Determining Whether Certain Organizations Are Component Units*. These statements establish the basis for defining the reporting entity and whether it is considered a component unit of another entity and whether other entities are component units. Based on these criteria, the reporting entity includes only the accounts of the Authority in the reporting entity. The Authority identified no potential component units to include in these basic financial statements nor identified any other entity that should include the Authority in its basic financial statements.

Basis of Presentation and Accounting: The Authority's financial statements are prepared using the flow of economic resources measurement focus using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when incurred.

The principal operating revenues of the Authority are from sources such as airlines, concessions, rental cars and parking. Investment income, passenger and customer facility charges, federal and state operating grants and other revenues not related to the operations of the airport are considered nonoperating revenues. Operating expenses include the cost of airport and related facilities maintenance, administrative expenses, and depreciation on capital assets. Interest expense and Participating Airline net revenue sharing are considered nonoperating expenses.

Fiduciary Activities: The Authority maintains two fiduciary funds; the Retirement Plan for Employees of the Greater Orlando Aviation Authority, the Defined Benefit (DB) Plan, and the Other Postemployment Benefits (OPEB) Program. The Authority is committed to making contributions to the trusts, and therefore assumes a financial burden for the trust funds and thus has financial accountability. The assets in each trust are held for only for the Authority employee's benefit. The fiduciary assets and liabilities are not assets and liabilities of the Authority and are not recognized on the Statement of Net Position. Income and expenses are not included in the Statement of Revenues, Expenses and Changes in Net Position of the Authority.

The fiduciary financial statements are a combination of the financials of The Retirement Plan for Employees of Greater Orlando Aviation Authority (the Defined Benefit Plan), and the Greater Orlando Aviation Authority OPEB Trust Fund). The fiduciary financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental units. The Governmental Accounting Standards Board is the standard-setting body for governmental accounting and financial reporting. The employer contributions are recognized in the period in which the contributions are due and the employer has made a formal commitment to provide the contribution. Benefits are recognized when due and payable in accordance with the terms of the Plan. For more information, please refer to Notes 8 and 9.

Cash and Cash Equivalents: Demand deposits, certificates of deposits, cash on hand and repurchase agreements with an original maturity of three months or less from the date of purchase are considered cash and cash equivalents.

Accounts Receivables: Receivables are reported at their gross value when earned and are reduced by the estimated portion that is expected to be uncollectible. The allowance for uncollectible accounts is based on an analysis of past due amounts that are not covered by security deposits, letters of credit or contract bonds. When continued collection activity results in receipts of amounts previously reserved, revenue is recognized in the period collected.

Investments: The Authority's investment policy is determined by the Finance Committee and approved by the Authority Board. Permitted investments are set within the policy and the Finance Committee appoints an Authorized Investment Officer. The Authorized Investment Officer submits a semi-annual report as of March 31 and September 30 to the Finance Committee summarizing the investment portfolio.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

The Authority accounts for all investments, regardless of time to maturity or their acquisition date, at fair value on the statement of net position with unrealized gains and losses charged or credited to investment income. The Authority uses quoted market prices to determine these fair values.

Investments consist of commercial paper, corporate securities, asset-backed securities, local government investment pool, money market funds, and United States government and agency obligations.

Prepaid Expenses and Inventory: Prepaid expenses consist primarily of insurance, employee benefits and any other expenditures expected to benefit future periods. Inventory primarily consists of fuel, repairs and maintenance items and office supplies held for consumption and is valued using the average cost method.

Noncurrent Assets:

- **Restricted Assets and Liabilities:** Assets restricted to specific purposes by legally enforceable requirements are segregated on the statement of net position. Requirements include: externally imposed requirements by creditors (such as through debt covenants), grantors or contributors; laws and regulations of other governments; and enabling legislation. The Authority's restricted assets are expendable. The Authority's policy is to determine on a case-by-case basis whether to spend restricted assets or unrestricted assets when both are available for the same purpose. Restricted assets necessary to meet current obligations that are payable from the restricted assets are classified as current assets on the statement of net position. Restricted assets that are restricted for disbursements in the acquisition or construction of noncurrent assets or that are segregated for the liquidation of long-term debts are classified as noncurrent assets.

Assets restricted for construction include funds available for the design and construction of capital improvements. Assets restricted for construction include cash, investments and receivables obtained from debt proceeds, grants, and Authority funds restricted by the bond indenture for construction purposes, customer facility charges and passenger facility charges. Assets restricted for debt service include cash and investments required to pay the interest payments, principal for annual bond payments, as well as payments due on the lines of credit. The restricted assets for debt service reserve include cash, investments and interest receivable totaling the maximum amount required by the bond indentures. The debt service reserve accounts are revalued each March 31 and September 30. Any amounts in excess of the debt service reserve requirements may be transferred to the Revenue Account to be used in accordance with the Revenue Account's purposes. If the debt service reserve account is undervalued, the Authority transfers funds into the account.

- **Unrestricted Assets:** A portion of unrestricted assets is reported as noncurrent. This represents amounts of unrestricted investments with maturities greater than one year.
- **Capital Assets, Net of Accumulated Depreciation:** Capital assets, net of accumulated depreciation is shown as noncurrent assets on the statement of net position.
- **Lease and Concession Agreements:** The Authority's operations consist of agreements for use of land, buildings, terminal space and Minimum Annual Guarantees from concessionaires. The agreements consist of (a) one year, cancelable space and use permits, and (b) non-cancelable agreements for land, buildings, terminal space and concessions, which expire between the years 2021 and 2067. The Authority accounts for revenue from these agreements under the operating method and reports revenue over the terms of the agreements. See Note 7 for additional information.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Capital Assets: Property and equipment, and Property held for lease are recorded at cost when purchased or at acquisition value at the time of donation. Donated capital assets received in a service concession arrangement are reported at acquisition value, as of September 30, 2021. There were no service concession arrangements. The Authority accounts for intangible assets as required under GASB Statement No. 51. The maintenance and repair costs that do not add value or extend the useful lives of assets are not capitalized. The threshold for capitalization of capital assets is \$1,000.

Depreciation of Capital Assets: Property and equipment, and Property held for lease except land and construction in progress are depreciated using the straight-line method over the following estimated useful lives:

Building	10 to 50 years	Equipment	3 to 30 years
Improvements	5 to 50 years	Motor vehicles	5 to 15 years

Deferred Outflows and Inflows of Resources: Deferred outflows of resources represent consumption of net position that is applicable to a future reporting period. Deferred outflows has a positive effect on net position, similar to assets. Deferred inflows of resources represents an acquisition of net position that is applicable to a future reporting period. Deferred inflows has a negative effect on net position, similar to liabilities.

Pension Plans: The Authority's policy is to fund accrued defined benefit pension costs, which include normal costs for regular employees as actuarially determined. The Authority recognizes plan member contributions to the defined contribution plan in the period in which contributions are due, and the Authority has made a formal commitment to provide contributions. Additional information is disclosed in Note 8.

Other Postemployment Benefit Plans: The Authority obtains actuarial valuation reports for its Other Post Employment Benefits (OPEB) plan and records the expenses, assets and liabilities for OPEB as required under Governmental Accounting Standards Board (GASB) Statement No. 75. For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB Expense, information about the fiduciary net position of the Authority's Retiree Health Care Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payment when due and payable in accordance with the benefits terms. Investments are reported at fair value, except for money market investments and participating interest-earning contracts that have a maturity at the time of purchase of one year or less, which are reported at cost. The Authority funds its OPEB obligation to a qualifying, irrevocable trust. Additional information is disclosed in Note 9.

Compensated Absences: The Authority recognizes expenses relating to compensated absences as incurred and includes the current portion of the liabilities in accrued expenses and the noncurrent portion in other long-term liabilities.

Net Position: Net position is comprised of three components. Net investment in capital assets consists of all capital assets, net of accumulated depreciation, and reduced by outstanding debt, net of debt service reserve. Restricted net position represents assets that are legally restricted for specific purposes. These include funds restricted for debt service and other sources restricted for capital acquisition and construction. Unspent debt proceeds were \$340.8 and \$703.4 for the fiscal year ended September 30, 2021 and 2020 respectively, and are included in Net position restricted for capital acquisition and construction. The balance of net position is considered unrestricted net position.

Passenger Facility Charges: The Federal Aviation Administration (FAA) approved the collection of passenger facility charges (PFCs). The Authority uses PFCs for pre-approved airport projects that meet at least one of the following criteria: preserve or enhance safety, security or capacity of the national air transportation system; reduce noise or mitigate noise impacts resulting from an airport; or furnish opportunities for enhanced competition between

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

or among carriers. The airlines collect and remit this revenue to the Authority and the Authority records PFCs as nonoperating revenues.

Customer Facility Charges: The Authority approved the collection of customer facility charges (CFCs) effective October 1, 2008, as amended in 2017. Certain rental car companies (RACs) agreed to assess and collect CFCs to pay the costs and expenses of financing, designing, constructing, operating, relocating, and maintaining the rental automobile related facilities and other facilities that benefit RACs. The RACs collect and remit this revenue to the Authority and the Authority records CFCs as nonoperating revenues.

Arbitrage Rebate: The U.S. Treasury issued regulations on calculating the rebate due the federal government on arbitrage profits, calculating arbitrage penalties, and determining compliance with the arbitrage rebate provisions of the Tax Reform Act of 1986. Arbitrage profits arise when the Authority temporarily invests the proceeds of tax-exempt debt in securities with higher yields. The Authority records the rebate payable and reduction in investment income in accordance with the rebate calculation.

Revenue Classifications: The components of the major operating revenue classifications are as follows:

- **Airfield Area** – Fees for landings of passenger and cargo aircraft, apron use, and fuel flow system rental and fees.
- **Terminal Area** – Space rentals, privilege fees for the operation of terminal concessions, baggage fees and other miscellaneous airline fees.
- **Ground Transportation** – Revenue associated with rental car concessions, taxi, shuttle and bus ground transportation, and public parking.
- **Other Buildings and Grounds** – Fees associated with fixed base operators, cargo apron use, in-flight catering and other building and land rentals.
- **Hotel** – Revenue associated with rooms, food and beverage, telecommunications, and other rentals and income.

Capital Contributions: Capital contributions consist primarily of grants and contributions from federal and state governmental agencies, airlines, and tenants. The Authority recognizes contributions as earned as related project costs are incurred. The Authority recognizes donated property at acquisition value when received.

Interest During Construction: The Authority capitalizes interest during construction to Construction in Progress. Capitalized interest consists of interest cost on certain borrowings in excess of interest earned on related investments acquired with the proceeds of borrowings.

Airline Rates By Resolution: Effective November 1, 2013, the Authority operates under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions For the Use Of Facilities And Services At Orlando International Airport, adopted by the Authority Board October 16, 2013 (the “Resolution”) and Amended and Restated as of August 10, 2016, and second amendment and restatement as of August 28, 2019. The Resolution, which has no expiration date, provides for a compensatory rate-making methodology for use of the terminal facilities, including certain activity based charges for use of the baggage system, and a residual rate-making methodology to establish landing fees for the use of the airfield. An airline may also sign a Rate and Revenue Sharing Agreement (“Rate Agreement”), whereby the airline affirmatively agrees to the Resolution and the rate-setting methodology. Airlines that participate are entitled to share in certain revenues remaining after the payment of all Authority debt service and operating expenses. Additional information is disclosed in Note 17.

Advance Rent From Tenants: The current portion of advance rent from tenants primarily represents October revenues received in September. Amounts reported as noncurrent liabilities represent revenues to be recognized in years subsequent to the following fiscal year.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Bond Issue Costs and Bond Discounts and Premiums: The Authority expenses bond issue costs (excluding prepaid bond insurance) at the time of issuance in accordance with generally accepted accounting principles. Bond discounts and premiums are deferred in the year of issuance and amortized using the effective interest method over the life of the issuance. Losses on bond refundings are deferred and amortized over the shorter of the remaining life of the original issue or the life of the new issue.

Estimates: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimated.

Reclassifications: Certain prior year amounts have been reclassified to conform with current year financial reporting and to facilitate comparison of financial data.

Significant Upcoming Pronouncements: In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This statement will become effective for the Authority's fiscal year end September 30, 2022.

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This statement will become effective for the Authority's fiscal year end September 30, 2022.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. This standard clarifies the existing definition of a conduit debt obligation, establishes a conduit obligation is not a liability of the issuer, establishes standards for accounting and financial reporting of additional commitments and voluntary commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations, and improving required note disclosures. This standard also addresses arrangements - often characterized as leases - that are associated with debt obligations. This statement will become effective for the Authority's fiscal year end September 30, 2023.

In January 2020, GASB issued Statement No. 92, *Omnibus 2020*. This standard will enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the following: (1) The effective date of Statement No. 87, *Leases*, and Implementation Guide No. 2019-3, *Leases*, for interim financial reports; (2) Reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other postemployment benefit ("OPEB") plan; (3) The applicability of Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and *Amendments to Certain Provisions of GASB Statements 67 and 68*, as amended, and No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, to reporting assets accumulated for postemployment benefits; (4) The applicability of certain requirements of Statement No. 84, *Fiduciary Activities*, to postemployment benefit arrangements; (5) Measurement of liabilities (and

NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

assets, if any) related to asset retirement obligations (“AROs”) in a government acquisition; (6) Reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers; (7) Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature; (8) Terminology used to refer to derivative instruments. This statement will become effective for the Authority’s fiscal year end September 30, 2022.

In March 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. The objective of this Statement is to address accounting and financial reporting implications that result from the replacement of an Interbank Offered Rate (“IBOR”). This Statement achieves that objective by: (1) Providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument’s variable payment; (2) Clarifying the hedge accounting termination provisions when a hedged item is amended to replace the reference rate; (3) Clarifying that the uncertainty related to the continued availability of IBORs does not, by itself, affect the assessment of whether the occurrence of a hedged expected transaction is probable; (4) Removing LIBOR as an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap; (5) Identifying a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap; (6) Clarifying the definition of reference rate, as it is used in Statement 53, as amended. This standard will become effective for fiscal year end September 30, 2022, with the exception of the removal of LIBOR as an appropriate benchmark interest rate which will become effective September 30, 2023.

In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Private Partnerships and Available Payment Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (“PPPs”). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (“APAs”). The requirements of this Statement will improve financial reporting by establishing the definitions of PPPs and APAs and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. This standard will become effective for fiscal year end September 30, 2023.

In June 2020, GASB issued Statement No. 97, *Certain Component Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution OPEB plans, and employee benefit plans other than pension plans or OPEB plans as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (“IRC”) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal year end September 30, 2022, while all other requirements are effective immediately.

The Authority has not determined what impact, if any, these statements will have on its financial statements.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

2. OPERATION AND USE AGREEMENT – CITY OF ORLANDO

The City of Orlando and the Authority signed an Operation and Use Agreement, dated September 27, 1976, which grants the Authority the right to occupy, operate, control and use Orlando International Airport and Orlando Executive Airport for a term of fifty years commencing on October 1, 1976.

In 1976, the City of Orlando transferred assets, liabilities and equity to the Authority at the carrying amounts in the accounts of the Aviation Division of the City of Orlando, which reflected historical or estimated historical costs, with accumulated depreciation at September 30, 1976. The property and equipment, net of accumulated depreciation transferred from the Aviation Division of the City of Orlando to the Authority, amounted to approximately \$31.5 million.

Effective October 1, 2015 the Authority entered into an amended Operation and Use Agreement, which extends the term of the original contract through September 30, 2065. At the end of the lease term, unless otherwise extended, the Authority is obligated to return full ownership and control of all its assets to the City of Orlando.

The City of Orlando provides certain police and fire protection services to the Authority. Total charges for these services amounted to approximately \$18.3 million and \$15.8 million for the fiscal years 2021 and 2020, respectively. Approximately, \$3.7 million and \$1.1 million are recorded as liabilities due to the City of Orlando in connection with these services for the years ended September 30, 2021 and 2020, respectively.

3. CASH DEPOSITS AND INVESTMENTS

The Authority's cash and cash equivalents balances include amounts deposited with commercial banks in interest-bearing and non-interest bearing demand deposit accounts, as well as the Florida State Board of Administration's (the SBA) Local Government Surplus Investment Pool, referred to as the Florida Prime (the Florida Prime). The commercial bank balances are entirely insured by federal depository insurance or by collateral pursuant to the Florida Security for Public Deposits Act of the State of Florida (the Act).

The Act establishes guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements and characteristics of eligible collateral. Under the Act, the Authority's deposits in qualified public depositories are considered totally insured. The qualified public depository must pledge at least 50% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance. Additional collateral, up to a maximum of 125%, may be required, if deemed necessary under the conditions set forth in the Act. Obligations pledged to secure deposits must be delivered to the State of Florida's Chief Financial Officer (State's CFO) or, with the approval of the State's CFO, to a bank, savings association, or trust company provided a power of attorney be delivered to the State's CFO.

In accordance with generally accepted accounting principles, the Authority adjusts the carrying value of investments to fair value to be presented as a component of investment income. The fair value of investments is based on available market values. The Florida Prime operated by the SBA, and the Florida Income Trust are a "2a-7-like" pool and are also presented in accordance with generally accepted accounting principles; therefore, it is not presented at fair value but at its actual pooled share price which approximates fair value.

NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

3. CASH DEPOSITS AND INVESTMENTS (continued)

The Authority is authorized to invest in securities as described in its investment policy and in each bond resolution. As of September 30, 2021, and September 30, 2020, the Authority held the following investments as categorized below in accordance with generally accepted accounting principles:

Investment Maturities at September 30, 2021 (in thousands):

Investment Type	Less than 1 Year	1 to 5 Years	6 to 10 Years	11 to 15 Years	Total	Level
U.S. Treasury and government agency securities	\$ 139,282	\$213,030	\$ -	\$ -	\$ 352,312	1
Asset Backed Securities	-	321	908	83	1,312	
Corporate securities	11,791	6,757	-	-	18,548	1
Local government investment pool	6,029	-	-	-	6,029	N/A
Money market funds	1,111,958	-	-	-	1,111,958	N/A
Total investment	<u>\$1,269,060</u>	<u>\$220,108</u>	<u>\$ 908</u>	<u>\$ 83</u>	<u>\$1,490,159</u>	

Investment Maturities at September 30, 2020 (in thousands):

Investment Type	Less than 1 Year	1 to 5 Years	6 to 10 Years	11 to 15 Years	Total	Level
U.S. Treasury and government agency securities	\$ 834,525	\$166,492	\$ -	\$ -	\$1,001,017	1
Asset Backed Securities	114	2,224	1,777	145	4,260	
Corporate securities	16,465	20,787	-	-	37,252	1
Local government investment pool	6,020	-	-	-	6,020	N/A
Money market funds	756,271	-	-	-	756,271	N/A
Total investment	<u>\$1,613,395</u>	<u>\$189,503</u>	<u>\$ 1,777</u>	<u>\$ 145</u>	<u>\$1,804,820</u>	

The Authority had \$0.7 million invested in the Florida Prime as of September 30, 2021 and 2020.

The Authority had \$5.3 million invested in the Fixed Income Trust as of September 30, 2021 and 2020.

Fiduciary Activities: The Pension (Defined Benefit Plan) and OPEB Trust Fund's investment policy is determined by the Retirement Benefit Committee (RBC) and approved by the Authority Board. Permitted investments are set within the policy. The Plan's investments are measured and reported at fair value and categorized below in accordance with generally accepted accounting principles.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

3. CASH DEPOSITS AND INVESTMENTS (continued)

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk. All of the Plan's investments are considered to be level 1.

At September 30, 2021, the fiduciary activities investments consisted of the following:

Type of Equity	Amount	Percentage
Large Cap	\$ 70,778	30%
Mid Cap	24,381	10
Small Cap	22,764	10
International	45,178	19
Total Equities	163,101	69%
Fixed Income	76,097	31
Total Investments	\$239,198	100%

At September 30, 2020, investments consisted of the following:

Type of Equity	Amount	Percentage
Large Cap	\$ 64,496	30%
Mid Cap	22,483	11
Small Cap	18,899	9
International	37,904	18
Total Equities	143,782	68%
Fixed Income	69,242	32
Total Investments	\$213,024	100%

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority generally holds investments to maturity except for those portions of the portfolio that are actively managed by the Authority's Investment Advisor. The Authority's investment policy requires the investment portfolio to be structured to provide sufficient liquidity to pay obligations as they become due. To the extent possible, investment maturities match known cash needs and anticipated cash flow requirements. Investments under the Bond Resolution shall mature no later than needed, except for 1) investments in the Debt Service Reserve Account which shall mature not later than fifteen years (unless such investment is redeemable at the option of the holder, in which event the maturity shall not exceed the final maturity date of the Bonds secured by such investment), 2) investments in the Operation and Maintenance Fund and Operation and Maintenance Reserve Account shall mature within twelve months, and 3) investments in the Capital Expenditure Fund, the Renewal and Replacement Fund, Improvement and Development Fund, and the Discretionary Fund shall mature within five years. Investments under the Amended and Restated Master Subordinated Indenture of Trust shall mature no later than needed, except for investments in the Reserve Fund, which shall mature not later than fifteen years from the date of such investment. The Authority portfolio holds a limited number of callable securities. The schedules above

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

3. CASH DEPOSITS AND INVESTMENTS (continued)

present the maturity data of the securities. According to the SBA, the dollar weighted average days to maturity (“WAM”) of the Florida Prime at September 30, 2021 is 49 days. Next interest rate reset dates for floating rate securities are used in calculation of the WAM. The weighted average life of the Florida Prime at September 30, 2021, is 64 days. According to the Florida Fixed Income Trust, the dollar weighted average days to maturity (“WAM”) of the Fixed Income Trust at September 30, 2021 is 79 days. Next interest rate reset dates for floating rate securities are used in calculation of the WAM. The weighted average life of the Fixed Income Trust at September 30, 2021, is 104 days.

Credit Risk: The Authority’s general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and in general, avoid speculative investments. Authority policy limits the purchase of certain investments to specific rating requirements. Investment in commercial paper is limited to ratings of A-1, P-1, or F1 for short-term investments by two of the three rating agencies: S&P, Moody’s and Fitch (without regard to gradation). Investment in dollar denominated Corporate securities is limited to companies in the United States which are rated “A” or better by two of the three rating agencies (without regard to gradation). Investments held in obligations of U.S. government agencies were rated AAA by Fitch, Aaa by Moody’s and AA+ by S&P. Investments held in the portfolio as of September 30, 2021, were rated consistent with the Authority’s investment policy and bond resolutions. Funds invested in money market funds and the Florida Prime are rated AAAM by S&P. Funds invested with the Fixed Income Trust are rated AAAs/S1 by Fitch Rating.

Custodial Credit Risk: For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All the Authority’s investments are either held in the name of the Authority or held in trust under the Authority’s name.

Concentration of Credit Risk: Concentration of credit risk is the inability to recover the value of deposit, investment, or collateral securities in the possession of an outside party caused by a lack of diversification. The authority mitigates its concentration of credit risk by diversifying its investment portfolio. At September 30, 2021 and 2020, the Authority did not hold investments exceeding 5 percent of the total investment portfolio (including cash and cash equivalents) except those expressly permitted pursuant to GASB statement No. 40. The investment policy limits the maximum investment in any one issuer of commercial paper to \$5 million dollars.

Foreign Currency Risk Disclosure: The Authority invests only in securities that are denominated in U.S. dollars. Per the SBA, the Florida Prime was not exposed to any foreign currency risk during the period October 1, 2020 through September 30, 2021.

Valuation of Investments: The Authority utilizes the market approach to mark-to-market the fair value of its investment holdings.

GASB 72 established a hierarchy of inputs to valuation techniques used to measure fair value. That hierarchy has three levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are inputs-other than quoted prices-included within Level 1 that are observable for the asset or liability either directly or indirectly. Finally, Level 3 inputs are unobservable inputs, such as management’s assumption of the default rate among underlying mortgage of a mortgage-backed security.

GASB 72 generally requires investments to be measured at fair value. Investments not measured at fair value continue to include, for example, money market investments, 2a-7-like external investment pools such as the Florida Prime. GASB 72 requires disclosures be made about fair value measurements, the level of fair value hierarchy, and the valuation techniques. The Authority utilizes a third-party pricing service to mark-to-market holdings of U.S. Treasury securities, corporate securities, and government sponsored enterprise securities, such as Federal National Mortgage Association, Federal Home Loan Bank, and Federal Home Loan Mortgage Association. The Authority derives pricing for commercial paper holdings directly from the custody statements for each account that has commercial paper holdings. Regarding fair value hierarchy disclosure, GASB 72 characterizes Level 1 inputs as quoted prices in active markets for identical assets or liabilities therefore; the Authority has denoted Level 1 for each

3. CASH DEPOSITS AND INVESTMENTS (continued)

of the various holdings except for money market and Florida Prime investments. Per the SBA, the Florida Prime meets all of the necessary criteria to elect to measure all of the investments in Florida Prime at amortized cost. Therefore, the Authority’s participant account balance is considered the fair value of its investment and is considered exempt from the GASB 72 fair value hierarchy disclosures.

GASB 79 states that if a participant has an investment in a qualifying external investment pool that measures for financial reporting purposes all of its investments at amortized cost it should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool’s authority to impose liquidity fees or redemption gates).

According to the SBA, with regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states that “The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case, may the time limit set by the Trustees exceed 15 days.” With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2021, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100 percent of their account value.

4. DUE FROM OTHER GOVERNMENTAL AGENCIES

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2021 and 2020

6. CAPITAL ASSETS (continued)

During fiscal year 2021, the Authority capitalized interest in the amount of \$91.7 million to Construction Work in Progress, representing the excess of interest cost (\$94.8 million) on certain borrowings during the construction period over the interest earned (\$3.1 million) on related interest-bearing investments acquired with the proceeds of the borrowings.

During fiscal year 2020, the Authority capitalized interest in the amount of \$71.7 million to Construction Work in Progress, representing the excess of interest cost (\$89.5 million) on certain borrowings during the construction period over the interest earned (\$17.8 million) on related interest-bearing investments acquired with the proceeds of the borrowings.

7. LEASE AND CONCESSION AGREEMENTS

The Authority's operations consist of agreements for use of land, buildings, terminal space and Minimum Annual Guarantees from concessionaires. The agreements consist of (a) one year, cancelable space and use permits, and (b) non-cancelable agreements for land, buildings, terminal space and concessions, which expire between the years 2022 and 2067.

The following is a schedule by years of minimum future revenues from non-cancelable agreements as of September 30 (in thousands):

	2022	\$ 217,172
	2023	158,644
	2024	152,636
	2025	44,103
	2026	27,672
	Later years	356,335
Total minimum future revenues		\$ 956,562

Minimum future revenues do not include contingent revenues, which may be received under agreement for use of land and buildings on the basis of revenue or fuel flow fees earned. Contingent revenues amounted to approximately \$37.5 million and \$22.1 million for the years ended September 30, 2021 and 2020 respectively.

The Authority has a 50-year lease with Brightline Trains Florida, LLC, formerly known as Virgin Trains USA Florida, LLC that expires in 2067. The terms of this lease extend beyond the current Operation and Use Agreement with the City of Orlando, expiring in 2065 whereby responsibility for operating the Airport would revert to the City. Upon termination of the Operation and Use Agreement with the City and the Authority, the City shall be deemed to be the lessor and bound by all provisions of the lease.

8. PENSION PLANS

The Authority maintains two defined benefit plans for its employees, a single-employer plan covering non-firefighter employees and a multi-employer plan for firefighters. Additionally, the Authority provides two defined contribution plans, a single-employer defined contribution retirement plan for non-firefighter employees and a multi-employer defined contribution plan for firefighters. The Authority authorized all full time employees hired before October 1, 1999, other than firefighters to participate in the Defined Benefit Plan (DB Plan). The Authority authorized employees hired after September 30, 1999 to participate in the single-employer Defined Contribution Retirement Plan (DC Plan), other than firefighters. The Authority allowed employees who were participants of the DB Plan to convert to the DC Plan during the period February 23, 2001 to June 30, 2001.

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2021 and 2020

8. PENSION PLANS (continued)

Single-Employer Defined Benefit Pension Plan

General: The Authority contributes to the Retirement Plan for Employees of the Greater Orlando Aviation Authority (DB Plan), a single-employer retirement plan, a closed plan. The DB Plan provides retirement and death benefits to DB Plan members and beneficiaries. Comerica, Inc. (Comerica) currently holds the assets of the Plan in various managed accounts. Comerica currently distributes the DB Plan benefits. The Authority’s actuary prepares an actuarial valuation report which includes required supplementary information for the DB Plan, which may be obtained by writing to Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, Florida 32827, Attention: Human Resources.

Plan Description: Each full-time employee became eligible on the date of completion of 12 months of employment. The Authority credits all service from date of hire. Retirement benefits equal 3% of the average of the three years of highest annual earnings multiplied by years of credited service, for the employees final 10 years, with a maximum of 75% of the average earnings. In the event of early retirement, there is a 3% benefit reduction per year that the benefit commencement date precedes age 65. Normal retirement date is the first day of the month following, or coinciding with, the earliest of a participant’s sixty-fifth birthday and seven years of credited service, or twenty-five years of credited service. An employee is 20 % vested after the first year of credited service and achieves 100% vesting after five years of service. A member may elect to retire earlier than the normal retirement eligibility upon attainment of age 55 and seven years of credited service. Benefit provisions are established and may be amended by the Authority Board. The Plan is administered by a Retirement Benefits Committee appointed by the Authority Board.

If a member dies prior to actual retirement, the Beneficiary will receive a monthly benefit beginning on the earliest date on which the member could have retired had death not occurred. The benefit for a spouse Beneficiary is equal to one-half the amount that would have been payable had the member terminated employment a day prior to the date of death and selected the 50% Contingent Annuity Form. If the Beneficiary is not the spouse, then the benefit will be paid in the actuarial equivalent amount over a five-year period commencing within one year of death. If the member dies after actual retirement, payment to the Beneficiary will begin the first day of the month following the date of death.

Funding Policy: The actuarial valuation used for funding determines the annual contribution requirements of the Authority. The Authority does not require plan members to contribute to the DB Plan.

Current plan membership as of October 1, 2019, is as follows:

Inactive Plan members or Beneficiaries currently receiving benefits	338
Inactive Plan members Entitled to but not yet receiving benefits	85
Active Plan members	<u>68</u>
Total membership	<u>491</u>

Net Pension Liability

The total pension liability was measured as of September 30, 2020. The total pension liability used to calculate the net pension liability was determined as of that date.

(Remainder of this page intentionally left blank)

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2021 and 2020

8. PENSION PLANS (continued)

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of October 1, 2019 updated to September 30, 2020, using the following actuarial assumptions applied to all measurement periods.

Inflation	2.50 %
Salary Increases	4.25%
Investment Rate of Return	7.00%
Mortality	Pub G.H-2010 Generational with Mortality Improvement Scale MP-2018.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2020, are summarized in the following table.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Domestic Equity	45 %	7.50 %
International Equity	15	8.50
Broad Market Fixed Income	35	2.50
Global Tactical Asset Allocation	5	3.50
Total allocation	<u>100 %</u>	

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that the Authority's contribution will be made at the actuarially determined contribution rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2021, the Authority recognized a pension expense of (\$1.6) million. On September 30, 2021, the Authority reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of Assumptions	\$ -	\$ -
Difference Between Expected and Actual Experience	-	-
Difference Between Projected and Actual Earnings on Pension Plan Investments	-	2,222
Employer Contributions Subsequent to the Measurement Date	2,009	-
Total	\$ 2,009	\$ 2,222

For the year ended September 30, 2020, the Authority recognized a pension expense of \$2.1 million. On September 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of Assumptions	\$ -	\$ -
Difference Between Expected and Actual Experience	-	-
Difference Between Projected and Actual Earnings on Pension Plan Investments	-	252
Employer Contributions Subsequent to the Measurement Date	2,216	-
Total	\$ 2,216	\$ 252

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

8. PENSION PLANS (continued)

The deferred outflows of resources related to the Pension Plan, totaling \$2.0 million resulting from the Authority’s contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred inflows of resources and deferred outflows of resources related to the Pension Plan will be recognized in pension expense as follows (in thousands):

Years Ended September 30:	
2022	\$ 1,691
2023	243
2024	(475)
2025	763
Total	<u>\$ 2,222</u>

Funded Status and Funding Progress: As of October 1, 2020, the most recent actuarial valuation date, the DB Plan was 98.4% funded. The actuarial accrued liability for benefits was \$145.5 million, and the actuarial value of assets was \$143.1 million resulting in an unfunded actuarial accrued liability (UAAL) of \$2.4 million. The covered payroll was \$5.0 million, and the ratio of the UAAL to the covered payroll was 47.08%.

Other required schedules of Changes in Net Pension Liability and Related Ratios, and Schedule of Contributions are presented as required supplementary information immediately following the notes to the financial statements.

Single-Employer Defined Contribution Retirement Plan

Plan Description: The single-employer Defined Contribution Retirement Plan (DC Plan) provides benefits upon retirement to employees of the Authority. At September 30, 2021 and 2020, there were 610 and 686 active plan members respectively. The plan provides retirement and death benefits to plan participants and beneficiaries.

General: The DC Plan is administered by a Retirement Benefits Committee appointed by the Authority Board. The Authority can modify, alter or amend the DC Plan.

The DC Plan authorizes employees, other than firefighters, hired on or after October 1, 1999, to participate. Eligible employees include regular full-time employees and regular part-time employees who are normally scheduled to work 20 or more hours per week. The DC Plan allows employees to participate after three full months of service. The DC Plan has separate accounts for each employee, and employees can choose between investment options that are provided by the Plan Record-keeper. The Authority contributes 6% of base wages and up to another 4% as a matching contribution. The employee may contribute up to 10%. The DC Plan allows the employee’s first 4% contribution to be pre-tax or after-tax. Employee contributions and earnings are 100% vested. The Authority’s contributions vest at 20% per year of service, starting at one year of service. Employees hired prior to October 1, 1999, continued in the Authority’s DB Plan, or converted at their option from the DB Plan to the DC Plan during the period of February 23, 2001 to June 30, 2001.

The Authority’s payroll for employees covered by the DC Plan was \$37.3 million and \$38.3 million for the years ended September 30, 2021 and 2020 respectively. The Authority contributed \$3.6 million and \$3.8 million for the years ended September 30, 2021 and 2020 respectively. Participants contributed \$1.6 million and \$1.6 million for the years ended September 30, 2021 and 2020 respectively.

8. PENSION PLANS (continued)

Multi-Employer Pension Plans

Plan Description: All firefighters employed by the Authority participate in the Florida Retirement System (FRS), a cost-sharing, multiple-employer defined benefit public retirement plan. The FRS provides retirement and disability benefits, cost-of-living adjustments, and death benefits to plan participants and beneficiaries. Florida Statutes establish benefit provisions. The FRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Department of Management Services, Division of Retirement, Research and Education, Post Office Box 9000, Tallahassee, Florida 32315-9000, or by calling (877) 377-1737.

Participation in the FRS is compulsory for all firefighters employed by the Authority. The FRS categorizes participants as members of a special risk class. A member receives one-month credit for each month in which any salary is paid for services performed. The FRS authorizes members who meet certain requirements to purchase additional service credits to increase their retirement benefit. The FRS provides vesting of benefits after six years of creditable service (or eight years if enrolled on or after July 1, 2011). Special risk members enrolled in the FRS before July 1, 2011 meet eligibility for normal retirement after: (a) six years of special risk creditable service and attaining age fifty-five, (b) a combined total of twenty-five years of special risk creditable service and military service and attaining age fifty-two, (c) twenty-five years of special risk creditable service, or (d) thirty years of any creditable service, regardless of age. Special risk members enrolled in the FRS on or after July 1, 2011 meet eligibility for normal retirement after: (a) eight years of special risk creditable service and attaining age sixty, (b) a combined total of thirty years of special risk creditable service and military service and attaining age fifty-seven, (c) thirty years of special risk creditable service, or (d) thirty-three years of any creditable service, regardless of age. The FRS allows early retirement any time after vesting; however, there is a 5% benefit reduction for each year prior to normal retirement age or date. Options at retirement include benefits for life or reduced benefits with beneficiary rights.

As a participant in FRS, the Authority is also a participant in the Retiree Health Insurance Subsidy (HIS) Program, which is a cost-sharing, multiple employer defined benefit plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state administered retirement systems in paying their health insurance costs. For the fiscal years ended June 30, 2021 and 2020, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment was \$30 for fiscal year 2021 and 2020 and the maximum is \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Funding Policy: Various acts of the Florida Legislature determine the funding methods and benefits. These acts provide employers, such as the Authority, requirements to contribute at the current actuarially determined rate of covered payroll for special risk members. Effective July 1, 2011, all FRS employees, with the exception of Deferred Retirement Option Program (DROP) participants and reemployed retirees who are initially reemployed under covered employment on or after July 1, 2010, are required to make pretax retirement contributions of 3% of their gross salary to the plan.

The Authority's required contribution rates were as follows:

	Special Risk	DROP
July 1, 2021 – June 30, 2022	25.89%	18.34%
July 1, 2020 – June 30, 2021	25.45%	16.98%
July 1, 2019 – June 30, 2020	25.48%	14.60%

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

8. PENSION PLANS (continued)

The Authority's contributions to the FRS for each of the years ended September 30, 2021 and 2020 were approximately \$1.7 million and \$1.8 million, respectively, which represents the required contributions for each year.

At September 30, 2021, the Authority reported a liability of \$2.9 million and \$2.3 million for its proportionate share of the net pension liability for the FRS Pension Plan and HIS Program respectively. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the historical contributions made by the Authority. At June 30, 2021, the Authority's proportion was 0.038051865 percent and 0.019115220 percent for the FRS Pension Plan and HIS Program respectively, which was a decrease from 0.048929779 percent and 0.020916299 percent respectively from its proportionate share as of June 30, 2020.

For the years ended September 30, 2021 and 2020 the Authority recognized pension expense of \$0.1 million and \$5.2 million related to the FRS and HIS plans.

Actuarial Assumptions

Actuarial assumptions for both defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumption Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013 through June 30, 2018. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth for both plans is assumed at 3.25%. Both the discount rate and the long term expected rate of return used for FRS Pension Plan investments is 6.80%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 2.16% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table.

The following changes in actuarial assumptions occurred in 2021:

- FRS: Decreasing the maximum amortization period from 30 to 20 years for all current and future amortization bases.
- HIS: The municipal rate used to determine total pension liability decreased from 2.21% to 2.16%.

Sensitivity Analysis

The following represents the sensitivity of the Authority's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact of the authority's proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate at June 30, 2021 and 2020 (in thousands).

	FRS Net Pension Liability (Asset)		
	1% Decrease 5.80%	Current Discount Rate 6.80%	1% Increase 7.80%
	_____	_____	_____
June 30, 2021	\$12,854	\$ 2,875	\$ (5,468)
June 30, 2020	\$33,864	\$21,207	\$10,636

	HIS Net Pension Liability		
	1% Decrease 1.16%	Current Discount Rate 2.16%	1% Increase 3.16%
	_____	_____	_____
June 30, 2021	\$2,711	\$2,345	\$2,045
June 30, 2020	\$2,952	\$2,554	\$2,228

Pension Expense and Deferred Outflows/(Inflows) of Resources

In accordance with GASB, changes in the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current measurement period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Changes of assumption or other inputs – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employee)
- Changes in proportion and differences between contributions and proportionate share of contributions- amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Differences between expected and actual earnings on pension plan investments – amortized over five years

Contributions to the pension plans from the Authority are not included in collective pension expense.

The average expected remaining service life of all employees provided with pensions through the pension plans at June 30, 2021 was 5.7 years for FRS and 6.4 years for HIS. The components of collective pension expense reported in the pension allocation schedules for the fiscal year ended June 30, 2021, are presented below for each plan (in thousands):

The required schedules of Proportionate Share of Net Pension Liability and Schedule of Contributions as required supplementary information are presented immediately following the notes to the financial statements.

Multi-Employer Defined Contribution Retirement Plan

Effective July 2002, the FRS offered its members the Florida Retirement System Investment Plan (Investment Plan) as a second retirement plan option. The Investment Plan is a defined contribution plan funded by employer contributions established by law. Employees that do not elect this plan automatically enroll in the defined benefit plan. Employees vest after one year of service. Participants of the FRS have one lifetime option of transferring the value of their plan to the Investment Plan. The employers' contributions are based on salary and FRS membership class. Effective July 1, 2011, all FRS employees, with the exception of DROP participants and reemployed retirees who are initially reemployed under covered employment on or after July 1, 2010, are required to make pretax retirement contributions of 3% of their gross salary to the plan. As of September 30, 2021 and 2020, the Authority had twelve and nine participants in this plan, respectively.

Pension Expense

The combined pension expense across all plans for September 30, 2021 and 2020 was \$2.2 million and \$11.1 million respectively.

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Plan Description: The Greater Orlando Aviation Authority Healthcare Plan (GOAAHP) is a single-employer healthcare plan administered by the Authority. The GOAAHP provides postemployment healthcare benefits to those participants who, in accordance with Article 4 of the Retirement Plan for Employees of the Greater Orlando Aviation Authority and Article 5 of the Greater Orlando Aviation Authority Defined Contribution Retirement Plan, retire at a participant's normal retirement date or early retirement date and who receive pension benefits immediately upon termination. The Authorities' actuary issues an actuarial report that includes required supplementary information for GOAAHP, which may be obtained by writing to Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, Florida 32827, Attention: Human Resources.

Funding Policy and Annual Cost: The Authority establishes and amends benefit provisions and contribution obligations. The Authority provides medical, dental, and vision coverage at no cost to employees who retired prior to August 2, 1997.

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2021 and 2020

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

For employees that retire after August 2, 1997 and employees hired prior to October 1, 2006, eligibility for retirement healthcare benefits will be determined by the years of credited service, and whether the employee immediately begins to receive pension benefits. Employees who do not elect to receive pension benefits immediately upon termination of employment forfeit eligibility for any healthcare coverage under this policy. The Authority's premium contribution for employees retiring after August 2, 1997 and for employees hired prior to October 1, 2006 is as follows:

<u>Credited Service</u>	<u>Contribution</u>
20 or more years	100%
15 but less than 20 years	75%
10 but less than 15 years	50%
Less than 10 years	0%

The premiums for employees hired on or after October 1, 2006, will be paid by the employee at 100%. Dependent coverage is available at the retiree's expense provided the retiree is eligible to receive health benefits under this policy. The Authority is not required to fund the GOAAHP. However, on September 30, 2011, the Authority funded its OPEB obligation to a qualifying, irrevocable trust in the amount of \$26.3 million. The annual contribution of the employer, an amount actuarially determined in accordance with GASB, represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a closed twenty year period.

As of September 30, 2020, the measurement date, a fiscal year behind of the Authority, the following employees were covered by the benefit terms:

Inactive Plan Members, Covered Spouses, or Beneficiaries currently Receiving Benefits	382
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	823
Total employees covered	<u>1,205</u>

Net OPEB Liability (Asset): The Authority's net OPEB Liability (Asset) was measured as of September 30, 2020, and the total OPEB liability (asset) used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The total OPEB liability (asset) was determined by an actuarial valuation as of October 1, 2019 updated to September 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	4.25%
Discount Rate	6.50%
Investment Rate of Return	6.50%
Health cost trend rates	4.00% - 7.50%

For all Authority employees, mortality rates were based on the RP-2000 mortality tables. For female lives, 100% of the white-collar table was used. For male lives, a 50% white-collar table, 50% blue-collar table blend was used. All tables include fully generational adjustments for mortality improvements using improvement scale BB. For disabled lives, mortality rates were based on the RP-2000 sex-distinct disabled mortality tables with female lives set forward two (2) years, male lives set back for (4) years. Disabled mortality has not been adjusted for mortality improvements.

The other significant actuarial assumptions used in the October 1, 2019 valuation were based on the results of an experience study dated September 29, 2016.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

The long-term investment objective of the OPEB trust is the preservation of principal and to meet the actuarial return assumptions as revised with each annual actuarial report. The RBC shall review and monitor this rate upon receipt of the annual actuarial report. On an annual basis, the RBC shall determine the total expected annual rate of return for the current year. The RBC shall use this determination only to notify the Aviation Authority Board, the plan's sponsor, and the consulting actuary of material differences between the total expected annual rate of return and the actuarial assumed rate of return.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
US Equity	50%	7.50%
International Equity	15%	8.50%
Domestic Bonds	35%	2.50%
Total allocation	<u>100%</u>	

Discount Rate: The projection of cash flows used to determine the Discount Rate assumed that current Authority contributions will be made at the current contribution rate (100%). Based on this assumption, the OPEB Plans' Fiduciary Net Position was projected to provide all future benefit payments. Therefore, the single equivalent discount rate was set equal to the investment rate of return assumption, 6.50%.

Sensitivity of the Net OPEB Liability (Asset) to the changes in the Discount Rate: The following present the Net OPEB Liability (Asset) of the Authority, as well as what the Authority's Net OPEB Liability (Asset) would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate (in thousands):

	Net OPEB Liability (Asset)		
	1% Decrease	Current Discount Rate	1% Increase
	<u>5.50%</u>	<u>6.50%</u>	<u>7.50%</u>

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

10. RISK MANAGEMENT – WORKER’S COMPENSATION

Effective October 1, 2000, the Authority became self-insured for workers compensation and employer’s liability insurance up to \$150,000 per occurrence. The Authority purchases excess coverage for workers compensation and employer’s liability claims to provide stop loss coverage for claims in excess of \$150,000 per occurrence with limits that are consistent with statutory requirements. The Authority uses a third party administrator to provide claims administration and associated reporting services. The Authority records workers compensation liabilities when it is probable that a loss occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for the claims that have been incurred but not reported (IBNR). The Authority includes liabilities for unpaid claims at year-end in accrued expenses as current liabilities.

The Authority has a third party actuary perform a review of claim history for all claim years in which open claims are outstanding. The actuary projects the ultimate claim payment obligation (including IBNR) for each year’s claim experience. The Authority recorded this estimate as a liability. No settlements exceeded excess insurance coverage in the past three years.

Changes in the Authority’s workers compensation claims liability are as follows as of September 30, 2021 and 2020 (in thousands):

	2021	2020
Beginning Balance	\$ 460	\$ 573
Incurred claims and claims adjustment expenses:		
Provisions for insured events of the current fiscal year	244	231
Increase (Decrease) in provision for insured events of prior years	(6)	(121)
Total incurred claims and claims adjustment expenses	238	110
Payments:		
Claims and claims adjustment expenses attributable to insured events of current year	(108)	(74)
Claims and claims adjustment expenses attributable to insured events of prior year	(127)	(138)
Total payments	(235)	(212)
Expected Recoveries from or additional payments for prior year claims	11	(11)
Ending Balance	\$ 474	\$ 460

This liability is reported in the accompanying financial statements as accounts payable and accrued liabilities payable from restricted assets.

	2021	2020
Orlando International Airport	\$ 431	\$ 418
Orlando Executive Airport	43	42
Total	\$ 474	\$ 460

*The FDOT Indebtedness payments originally due in fiscal years 2022 have been deferred as a result of an amendment to the joint participation agreement.

**The Lines of Credit due in fiscal year 2022 were excluded from current liabilities, as these can be repaid with other long-term credit lines. Additionally it is the Authority’s intention to repay this debt with proceeds from a future Bond issue.

Airport Facilities Revenue Bonds (Senior Lien Bonds)

The Authority issues Airport Facilities Revenue Bonds under and pursuant to the Amended and Restated Airport Facilities Revenue Bond Resolution, authorizing Airport Facilities Revenue Bonds of the City of Orlando, Florida adopted by the governing board of the Authority, on September 16, 2015, having an effective date of May 1, 2017 (the “Bond Resolution”). As of September 30, 2021, the Authority has outstanding \$2.7 billion in Airport Facilities Revenue Bonds issued from 2009 to 2019, and payable through October 1, 2055. Proceeds from the Airport Facilities Revenue Bonds provided financing for various airport capital projects and refunding for previously issued debt.

The Airport Facilities Revenue Bonds are secured by a senior lien on and pledge of airport revenues, net of specified operating expenses, along with certain other revenues to the extent they are expressly pledged by the Authority (e.g. Available PFC Revenues). The Authority has agreed to maintain rates and charges each year to provide (i) Net Revenues plus any Transfers (each as defined in the Bond Resolution), equal to at least 1.25 times the sum of the aggregate debt service on all outstanding senior lien Airport Facilities Revenue Bonds each fiscal year, and (ii) Net Revenues plus any Transfers and Subordinated Pledged Revenues (as defined in the Bond Resolution), equal to at least 1.00 time on all debt outstanding under the Bond Resolution.

Events of default for bonds issued under the Bond Resolution include nonpayment events, bankruptcy events, and noncompliance with covenants. No assets have been pledged as collateral and no rights of acceleration exist under the Bond Resolution. In the event of default, the Authority shall, if demanded by the trustee, account for all Revenues, moneys, securities, and funds pledged by the Resolution, pay over to the Trustee all moneys, securities and Funds held in any Fund or account under the Resolution and, as received, all Revenues which the Trustee shall first apply to Operation and Maintenance expenses, including payment of reasonable charges of expenses of the Trustee and reasonable fees and disbursements to counsel, and then to payment of interest and principal and redemption price due on the Bonds in order of priority.

\$70,040,000 Airport Facilities Refunding Revenue Bonds, Series 2011B (AMT), dated September 20, 2011, of which a portion is due October 1 of each year beginning in 2019 through 2028. Coupon interest rate range from 3.25% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized discount is \$6,000 and \$39,000. These bonds refunded \$69,525,000 of the outstanding Airport Facilities Revenue Bonds, Series 1999A. On September 16, 2021, \$54,575,000 of the Series 2011B bonds were defeased.

\$40,425,000 Airport Facilities Refunding Revenue Bonds, Series 2011C (NON-AMT), dated October 12, 2011, of which \$24,880,000 Serial Bonds due October 1 of each year beginning in 2013 through 2026; \$14,505,000 and \$1,140,000 Term Bonds due October 1, 2032. Coupon interest rate range from 3.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium is \$1,103,000 and \$1,288,000. These bonds, along with Authority funds, refunded \$42,710,000 of the outstanding Airport Facilities Revenue Bonds, Series 2002A.

\$67,945,000 Airport Facilities Taxable Refunding Revenue Bonds, Series 2011D, dated October 12, 2011, of which a portion is due October 1 of each year beginning in 2012 through 2024. Coupon interest rate range from 0.84% to 4.33% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$66,260,000 of the outstanding Airport Facilities Revenue Bonds, Series 2002B.

\$37,065,000 Airport Facilities Refunding Revenue Bonds, Series 2012A (AMT), dated July 3, 2012, of which a portion is due October 1 of each year beginning in 2021 through 2032. Coupon interest rate at 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium of \$748,000 and \$1,130,000. These bonds, along with Authority funds, refunded \$40,725,000 of the outstanding Airport Facilities Revenue Bonds, Series 2002B.

\$214,450,000 Airport Facilities Revenue Bonds, Series 2015A (AMT), dated October 20, 2015, of which \$106,170,000 Serial Bonds due October 1 of each year beginning in 2016 through 2035; \$20,000,000 and \$27,880,000 Term Bonds due October 1, 2040 and \$60,400,000 Term Bond due October 1, 2045. Coupon interest rate range from 2.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium is \$10,664,000 and \$16,944,000. On September 16, 2021, \$13,795,000 of the Series 2015A bonds were defeased.

\$80,200,000 Airport Facilities Revenue Bonds, Series 2016A (AMT), dated October 13, 2016, of which \$56,495,000 of Serial Bonds due October 1 of each year beginning in 2019 through 2041; and \$23,705,000 of Term Bonds due October 1, 2046. Coupon interest rate at 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium is \$9,474,000 and \$12,309,000. On September 16, 2021, \$13,440,000 of the Series 2016A bonds were defeased.

\$101,570,000 Airport Facilities Revenue Bonds, Series 2016B (NON-AMT), dated October 13, 2016, of which \$54,890,000 of Serial Bonds due October 1 of each year beginning in 2017 through 2037; \$2,500,000 and \$6,205,000 of Term Bonds due October 1, 2039, \$14,705,000 due October 1, 2042; and \$23,270,000 due October 1, 2046. Coupon interest rate range from 3.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium of \$15,383,000 and \$16,392,000.

\$71,120,000 Airport Facilities Taxable Refunding Revenue Bonds, Series 2016C, dated October 13, 2016, of which \$50,290,000 of Serial Bonds are due October 1 of each year beginning in 2017 through 2036; and \$20,830,000 in Term Bond due October 1, 2039. Coupon interest rate range from 1.07% to 3.59% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$63,065,000 of the outstanding Airport Facilities Revenue Bonds, Series 2009C.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

11. NONCURRENT LIABILITIES (continued)

\$1,135,370,000 Airport Facilities Revenue Bonds, Series 2019A (AMT), dated October 3, 2019, of which a portion is due October 1 of each year beginning in 2020 through 2054. Coupon interest rates range from 3.25% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium is \$168,468,000 and \$178,879,000.

Direct Placement

\$46,915,000 Airport Facilities Revenue Bonds, Series 2013A (AMT), dated September 19, 2013, of which a portion is due October 1 of each year beginning in 2015 through 2028. Coupon interest rate at 3.50% due semi-annually on April 1 and October 1.

\$75,000,000 Airport Facilities Taxable Refunding Revenue Bonds, Series 2016D, dated December 19, 2016, of which a portion is due October 1 of each year beginning in 2017 through 2023. Coupon interest rate at 2.26% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$72,345,000 of the outstanding Airport Facilities Refunding Revenue Bonds, 2007A.

Priority Subordinated Indebtedness

The Bond Resolution authorizes the Authority to issue Priority Subordinated Indebtedness and Secondary Subordinated Indebtedness. To date, the Authority has issued and has outstanding under the Amended and Restated Master Subordinated Indenture of Trust, dated as of July 1, 2016 (the "Master Subordinated Indenture") both Priority Subordinated Indebtedness and Secondary Subordinated Indebtedness. As of September 30, 2021, the Authority's outstanding Priority Subordinated Indebtedness is comprised of (i) the outstanding Priority Subordinated Airport Facilities Revenue Refunding Bonds, Series 2016A, 2017A and (ii) the FDOT Indebtedness. As of September 30, 2021, the Authority's outstanding Secondary Subordinated Indebtedness is comprised of the Lines of Credit.

Priority Subordinated Indebtedness is secured by a lien on and pledge of Pledged Subordinated Revenues (as defined in the Master Subordinated Indenture) that is subordinate to the pledge of senior lien Airport Facilities Revenue Bonds, and senior to the lien of Secondary Subordinated Indebtedness. The Authority has agreed to maintain rates and charges each year to provide (i) Net Revenues plus any Transfers (each as defined in the Bond Resolution), equal to at least 1.10 times the sum of the aggregate debt service on all aggregate annual subordinated debt each fiscal year, under the Bond Resolution.

Events of default for bonds issued under the Master Subordinated Indenture include nonpayment events, bankruptcy events, and noncompliance with covenants. No assets have been pledged as collateral and no rights of acceleration exist under the Master Subordinated Indenture.

Public Offerings

\$76,930,000 Priority Subordinated Airport Facilities Revenue Refunding Bonds, Series 2016 (AMT), dated July 12, 2016, of which a portion is due October 1 of each year beginning in 2016 through 2027. Coupon interest rate range from 1.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium is \$3,954,000 and \$5,191,000.

\$923,830,000 Priority Subordinated Airport Facilities Revenue Refunding Bonds, Series 2017A (AMT), dated October 3, 2017, of which a portion is due October 1 of each year beginning in 2023 through 2052. Coupon interest rates range from 3.50% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2021 and 2020, respectively, the unamortized premium is \$92,631,000 and \$97,218,000.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

11. NONCURRENT LIABILITIES (continued)

Direct Borrowing

FDOT Indebtedness:

On November 5, 2014, the Authority entered into a Joint Participation Agreement (JPA), as amended between the Authority and the Florida Department of Transportation (FDOT), under which FDOT, combined with other FDOT grants will provide total funding of approximately \$211.0 million of funds, of which the Authority is required to reimburse FDOT for \$52.7 million of the funds provided by FDOT under the JPA, and the balance will be a grant. The proceeds of the loan will be used to pay for portions of the Intermodal Terminal Facility (ITF) that are related to the construction of the passenger rail terminal being developed as part of the ITF adjacent to the Automated People Mover system. Under the JPA, the Authority is obligated to repay the FDOT Loan with no interest commencing January 30, 2020 through 2039. On December 30, 2020, the Florida Department of Transportation (FDOT) executed an amendment agreeing to defer the principal payments due on the FDOT loan for fiscal years 2021 and 2022 as a result of the effects of the COVID-19 pandemic. The final payment has now been extended to January 30, 2039 due to the two year deferral. As of September 30, 2021 and 2020, respectively, the Authority had an outstanding balance of \$50.2 million and \$50.2 million.

Based on the JPA, upon any event of default, FDOT may cause the Authority to remit to FDOT funds sufficient to enable the Authority to satisfy its obligations.

Secondary Subordinated Indebtedness:

Direct Borrowing

Lines of Credit:

On July 31, 2019, the Authority entered into a new revolving credit agreement with Wells Fargo Bank, National Association to provide the Authority with a \$50 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. The initial term of the line of credit was three years, with an expiration date of July 29, 2022. As of September 30, 2021 and 2020, respectively, the Authority has drawn \$35,556,000 and \$3,402,000 on this line of credit. As of September 30, 2021 and 2020, respectively, the unused portion of this line of credit was \$14,444,000 and \$46,598,000.

On July 31, 2019, the Authority entered into a new revolving credit agreement with Bank of America N.A. to provide the Authority with a \$150 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFC, Authority funds and other permanent funding sources. The initial term of the line of credit was for three years, with an expiration date of July 29, 2022. As of September 30, 2021 and 2020, respectively, the Authority has drawn \$96,290,000 and \$42,378,000 on this line of credit. As of September 30, 2021 and 2020, respectively, the unused portion of this line of credit was \$53,710,000 and \$107,622,000.

On June 29, 2018, the Authority entered into a revolving credit agreement with Wells Fargo Bank, National Association to provide the Authority with a \$175 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. On April 23, 2021, the Authority amended the revolving credit agreement with Wells Fargo Bank, N.A. to provide the Authority with a \$225 million line of credit as of and after June 1, 2021. The term of the line of credit expires on December 1, 2022. As of September 30, 2021 and 2020, respectively, the Authority has drawn \$55,290,000 and \$25,101,000 on this line of credit. As of September 30, 2021 and 2020, respectively, the unused portion of this line of credit was \$169,710,000 and \$149,899,000.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

11. NONCURRENT LIABILITIES (continued)

In the event of default for the 2018 Wells Fargo Bank, N.A., the default rate shall be a fluctuating rate of interest per annum equal to the greatest of (i) the Prime Rate in effect at such time plus four percent (4.0%), (ii) the Federal Funds Rate in effect at such time plus five percent (5.0%), and (iii) ten percent (10.0%).

On June 29, 2018, the Authority entered into a new revolving credit agreement with Bank of America, N.A., to provide the Authority with a \$75 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. On April 23, 2021, the Authority amended the revolving credit agreement with Bank of America, N.A. to provide the Authority with a \$125 million line of credit as of and after June 1, 2021. The term of the line of credit expires on December 20, 2022. As of September 30, 2021 and 2020, respectively, the Authority has drawn \$64,102,000 and \$17,625,000 on this line of credit. As of September 30, 2021 and 2020, respectively, the unused portion of this line of credit was \$60,898,000 and \$57,375,000.

In the event of default for the 2018 Bank of America, N.A., the line of credit shall be charged a rate per annum equal to three percent (3%) plus the greatest of (1) the U.S. prime rate of interest published in the "Money Rates" section of the Wall Street Journal for the last day of the calendar month immediately preceding the calendar month in which the Default occurred; (2) the SIFMA Index Rate plus the Tax-Exempt Applicable Spread; or (3) the Federal Funds Rate published by the U.S. Federal Reserve Bank for the last day of the calendar month immediately preceding the calendar month in which the Default occurred plus fifty (50) basis points (0.50%).

On November 6, 2015, the Authority entered into a revolving credit agreement with PNC Bank, N.A., to provide the Authority with a \$100 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. The initial term of the line of credit was for one year. Effective October 25, 2019, the expiration date was extended to November 6, 2020. The Authority paid off the PNC Bank, N.A. line of credit on November 4, 2020. As of September 30, 2021 and 2020, respectively, the Authority had a \$0 and \$37.3 million outstanding balance that was paid off by a draw against the Bank of America, N.A. (2018) line of credit.

In the event of a default for the 2019 Bank of America, N.A., and the 2019 Wells Fargo Bank, N.A., these lines of credit shall bear interest at a rate per annum equal to three percent (3%) plus the greatest of (1) the U.S. prime rate of interest published in the "Money Rates" section of the Wall Street Journal for the last day of the calendar month immediately preceding the calendar month in which the default occurred; (2) the LIBOR Daily Floating Rate plus one hundred (100) basis points (1.0%); or (3) the Federal Funds Rate published by the U.S. Federal Reserve Bank for the last day of the calendar month immediately preceding the calendar month in which the default occurred plus fifty (50) basis points (0.50%). Once such default is cured to the reasonable satisfaction of the bank, this line of credit shall bear interest at the rate otherwise payable. The default rate shall also apply from acceleration until the amounts payable hereunder or any judgment thereon is paid in full.

The default rate shall also apply from acceleration until the amounts payable under the credit agreement or any judgement thereon is paid in full.

Customer Facility Charge Taxable Revenue Note: Direct Placement

The Authority authorized the \$160,000,000 Taxable Revenue Note (CFC Ground Transportation Project) Series 2018, dated March 29, 2018 (the "Series 2018 Note"), of which a portion is due April 1 and October 1 of each year beginning in 2020 through 2027. The coupon interest rate is 3.48% due semi-annually on April 1 and October 1. Total principal and interest remaining on the note as of September 30, 2021 is \$146.5 million. For the 12 months, ended September 30, 2021, principal and interest requirements were \$24.4 million. As of September 30, 2021 and 2020, respectively, the outstanding balance is \$131,223,555 and \$150,572,836.

The repayment of the Series 2018 Note is payable solely from customer facility charges revenue. Proceeds from the Series 2018 Note provided financing for the purpose of paying or reimbursing the Authority for a portion of the costs and expenses of financing, designing, constructing, operating, relocating and maintaining the CFC Ground Transportation Project, funding all or a portion of the CFC Stabilization Fund Requirement, and certain costs of issuance. Any bonds issued pursuant to the CFC Indenture including the Series 2018 Note are not issued under, and are not subject to the Bond Resolution, and are not secured by the Revenues as defined by the Bond Resolution.

In the event of default, the applicable default rate shall apply to the outstanding principal balance of the note and any additional bonds or refunding bonds for which a default rate is provided, until the event of default no longer exists. No assets have been pledged as collateral and no rights of acceleration exist for this issue.

12. CONDUIT DEBT OBLIGATIONS

As of September 30, 2021 and 2020, the Authority has outstanding the following series of conduit debt obligations (in thousands):

	2021	2020
Special Purpose Facilities Revenue Bonds issued to provide for the acquisition, construction and equipping of a corporate training facility and an aircraft maintenance hangar facility; payable solely from a pledge of lease payments to be received from the lease agreement and secured by the Leasehold Mortgage. The Bonds are scheduled to mature November 15, 2026 (\$12,665) and November 15, 2036 (\$29,655).	\$ 42,320	\$ 42,320

These bonds are special limited obligations of the Authority, payable as described above. The bonds do not constitute a debt, liability or obligation of the Authority, the City of Orlando, or the State of Florida or any political subdivisions thereof and accordingly have not been reported in the accompanying financial statements.

13. DEFERRED AMOUNT ON REFUNDING OF BONDS

At September 30, 2021 and 2020, the Authority reported long-term debt deferred loss from the following bonds (in thousands):

	2021	2020
Long Term Debt Deferred Loss (Gain):		
Series 2009B	\$ -	\$ 333
Series 2011B	111	134
Series 2011C	669	781
Series 2011D	37	59
Series 2012A	91	136
Series 2016C	5,234	5,697
Series 2016D	140	307
Total Long Term Debt Net Deferred Loss	\$ 6,282	\$ 7,447

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

14. BOND ISSUANCE (OTHER THAN REFUNDING ISSUES)

On October 3, 2019, the Authority issued \$1.1 billion in Airport Facilities Revenue Bonds, Series 2019A (AMT) (the “Series 2019A Bonds”) with a true interest cost of 3.26%. The Series 2019A Bonds were issued for the purpose of providing funds to finance costs for Phase 1 of South Terminal C and Phase 1 Expansion of the South Terminal Complex, fund certain capital projects in the North Terminal Complex, fund other capital improvements, fund a deposit to the Composite Reserve Subaccount of the Debt Service Reserve Account, pay capitalized interest, pay the line of credit draws and accrued interest totaling \$323.8 million, and pay certain costs of issuance. The average life of the Series 2019A Bonds is 18.59 years.

15. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

In addition to assets and liabilities, the Authority separately reports deferred outflows of resources and deferred inflows of resources, respectively. Deferred outflows of resources represent consumption of net position that is applicable to a future reporting period. Deferred outflows has a positive effect on net position, similar to assets. Deferred inflows of resources represents an acquisition of net position that is applicable to a future reporting period. Deferred inflows has a negative effect on net position, similar to liabilities.

At September 30, 2021, the Authority reported deferred outflows of resources and deferred inflows of resources from the following (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
GOAA Defined Benefit Pension Plan	\$ 2,009	\$ 2,222
Florida Retirement System Defined Benefit Plan	3,755	12,831
Florida Retirement System Health Insurance Subsidy Plan	507	266
Other Post-Employment Benefits	2,527	10,458
Long Term Debt Deferred Loss	6,282	-
Total Deferred Outflows and Inflows of Resources	\$ 15,080	\$ 25,777

At September 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources from the following (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
GOAA Defined Benefit Pension Plan	\$ 2,216	\$ 252
Florida Retirement System Defined Benefit Plan	7,530	-
Florida Retirement System Health Insurance Subsidy Plan	685	150
Other Post-Employment Benefits	3,192	4,801
Long Term Debt Deferred Loss	7,447	-
Total Deferred Outflows and Inflows of Resources	\$ 21,070	\$ 5,203

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

16. CAPITAL CONTRIBUTIONS

Grants and other contributions used to acquire capital assets are classified as capital contributions in the Statements of Revenues, Expenses, and Changes in Net Position. Capital contributions consisted of the following at September 30, 2021 and 2020 (in thousands):

	2021	2020
Federal Grants	\$ 4,401	\$ 31,729
State of Florida Grants/Other Grants	23,118	55,456
Total Capital Contributions	\$ 27,519	\$ 87,185

17. AIRLINE RATES BY RESOLUTION

Effective November 1, 2013, the Authority began operating under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions For the Use Of Facilities And Services At Orlando International Airport, adopted by the Authority Board October 16, 2013 and amended and restated as of August 10, 2016 and subsequently amended and restated as of August 28, 2019 (the “Resolution”).

The Resolution, which has no expiration date, provides for a compensatory rate-making methodology for use of the terminal facilities, including certain activity based charges for use of the baggage system, and a residual rate-making methodology to establish landing fees for the use of the airfield. Any airline may commit to use certain terminal space on an exclusive or preferential basis and, as a result, pay a fixed monthly charge for such space. Otherwise, airlines pay for terminal space assigned by the Authority on a per use basis.

Effective November 1, 2013, airlines had the option to sign a Rate and Revenue Sharing Agreement (“Rate Agreement”), whereby the airline affirmatively agreed to the Resolution and the rate-setting methodology therein, and further agreed not to challenge the rates and charges calculated under the Resolution’s rate-setting methodology through any judicial or regulatory process throughout the term of the agreement which expired on September 30, 2016. Airlines that sign, and comply with the terms of a Rate Agreement with the Authority are entitled to share in certain revenues remaining after the payment of all Authority debt service and operating expenses, including fund deposit requirements (“Net Remaining Revenue”).

Effective October 1, 2019 the Authority entered into a five year Rate and Revenue Sharing Agreement that expires on September 30, 2024. For this agreement the Authority receives the first \$55 million of Net Remaining Revenues for all five years, with participating airlines sharing in a pool of the next \$10 million of all Net Remaining Revenues. Net Remaining Revenue after the first \$65 million, will be split 50/50 between The Authority and the participating airlines.

18. OUTSTANDING CONTRACTS

As of September 30, 2021, the Authority had entered into construction contracts totaling approximately \$4.3 billion for construction, engineering services and equipment, approximately \$0.4 billion of which remains unincurred. Grants, passenger facility charges and customer facility charges will be utilized to fund a portion of these projects.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

19. COMMITMENTS AND CONTINGENCIES

Grants: The Authority receives grants from federal and state assistance programs. Amounts received or receivable under these programs are subject to audit and adjustment. The amount, if any, of disallowed claims, including amounts already collected, cannot be determined at this time, although the Authority expects such amounts, if any, to be immaterial.

City of Orlando: The Operation and Use Agreement with the City of Orlando (Note 2) provided for certain future payments by the Authority to the City of Orlando in the amount of \$2.0 million in total plus 6% interest. The Agreement provides that all principal payments will be deferred and interest payments will be abated during the full term of airport revenue bonds issued for the construction of major new terminal facilities, runways or appurtenances at Orlando International Airport. It is improbable that this liability and related interest will be paid since the term of the revenue bonds issued for such items and the outstanding revenue bonds balance will extend beyond the terms of the Agreement. As of September 30, 2021, this contingent liability of the Authority amounted to approximately \$1.7 million.

Wetland Mitigation: Pursuant to environmental permits issued by the U. S. Army Corps of Engineers, the FDEP and the South Florida Water Management District (collectively, the Environmental Agencies), the Authority has been required to provide mitigation for impacts which Authority projects had on existing wetlands. Wetland mitigation includes the preservation of both upland and wetland land in their natural state, the enhancement of existing wetlands, and the creation of new wetland areas. Wetland mitigation may also include funding the acquisition of environmentally sensitive lands by third parties.

The Authority has completed the wetland mitigation activities for mitigation enhancements projects at the site of the Disney Wilderness Preserve and Heintzelman Boulevard Extension. The mitigation was for wetland impacts to areas associated with the future South Terminal and Fourth Runway and related development areas. The mandated agency success criteria has been achieved and long-term maintenance endowments have been fully funded. In 2011, the Authority completed the purchase of approximately \$11.5 million in mitigation credits from approved mitigation banks to offset proposed impacts to the East Airfield development area. On May 21, 2018, the Authority purchased \$195.0 thousand in mitigation credits from approved mitigation banks to offset proposed impacts to the Heintzelman Boulevard Extension. Unlike the mitigation projects discussed previously, such purchases satisfy permit requirements and do not require ongoing endowments. The mitigation banks assume the full responsibility to complete the off-site mitigation improvements. No such purchases were made in 2021 and 2020.

Construction Disputes: The Authority is aware of a dispute with a contractor arising from the construction of improvements at Orlando International Airport. The contractor has filed a lawsuit resulting from a delay and impact claim against the Authority in the aggregate amount of approximately \$20,000,000 in addition to a separate delay claim in the amount of approximately \$1,100,000. The Authority vigorously contested both claims. On April 26, 2021, the Authority settled both claims for \$6,260,000 and \$100,000, respectively.

Concentration of Revenues: The Authority leases facilities to the airlines pursuant to the Resolution (see Note 17) and to other businesses to operate concessions at the Authority. For fiscal years ended September 30, 2021 and 2020, revenues realized from the following sources exceeded 5% of the Authority's total operating revenues:

	2021	2020
Southwest Airlines Co.	9.85 %	8.92 %
Enterprise Leasing Co. of Orlando	8.10	7.39
Avis Budget Car Rental LLC	6.69	4.56
Delta Air Lines	5.93	5.13
Spirit Airlines	5.38	4.18

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

20. ENVIRONMENTAL LIABILITIES

The Authority has certain polluted sites primarily from chemical and fuel spills, asbestos, and former landfills whereas the Authority is named or will be named a responsible or potentially responsible party or where pollution remediation has already commenced with monitoring being completed as necessary. The Authority recorded a pollution remediation liability as of October 1, 2008, measured at \$4.1 million, using the expected cash flow technique. Under this technique, the Authority estimated a reasonable range of potential outlays and multiplied those outlays by their probability of occurring. This liability could change over time due to changes in costs of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation efforts. The possibility of recovery of some of these costs from outside governmental funding or other parties exists; however, the Authority only recognizes these recoveries in the financial statements as they become probable. A summary of the changes in liability for the years ended September 30, 2021 and 2020, is as follows (in thousands):

	Balance October 1, 2020	Additions or Adjustments	Payments Current Year	Balance September 30, 2021
Pollution remediation liability	\$ 2,323	\$ 429	\$ (376)	\$ 2,376
Unrealized recoveries	-	-	-	-

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2021 and 2020

20. ENVIRONMENTAL LIABILITIES (continued)

The Authority has certain land sites that are being evaluated for potential remediation, in accordance with GASB 49, or are in the post-remediation stage with monitoring being completed as necessary.

Additionally, the Authority is involved in litigation for a polluted site from chemical and fuel spills on airport property. The liabilities associated with these sites are not reasonably estimable and, as such are not recorded in the financial statements.

21. SUBSEQUENT EVENTS

On October 6, 2021, the Authority defeased and/or redeemed portions of the Series 2013A and the Series 2017A Subordinated Bonds totaling \$105.5 million in principal. The Authority utilized its existing lines of credit as liquidity for the defeasance escrows and has received reimbursements from American Rescue Plan Act (ARPA), Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) and Coronavirus Aid, Relief and Economic Security Act (CARES) funds for amounts drawn on the existing lines of credit plus costs to accomplish such defeasances.

Notes to Schedule

Valuation Date: 10/1/2019

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry Age Normal

Actuarial Asset Method: All assets are valued at fair value with an adjustment made to uniformly spread actuarial investment gains and losses (as measured by actual fair value investment return against expected fair value investment return) over a five years period.

Mortality: RP-2000 Combined Healthy Table (sex distinct) with fully generational mortality

Interest Rate: 7.00% per year compounded annually, net of investment related expenses.

Normal Retirement Age: Below are the rates assumed once the Member has attained normal retirement eligibility:

Net Pension Liability as a Percentage of Covered Payroll:	<u>Number of Years Following NR</u>	<u>Age 65 with 7 Years Service</u>	<u>25 Years of Service</u>
		0	20%
	1	20%	30%
	2	20%	10%
	3	20%	10%
	4	20%	10%
	5	100%	100%

Covered Payroll	\$ 8,080	\$ 11,587	\$ 10,709	\$ 10,828	\$ 11,443
Contributions as a percentage of covered payroll	76.70 %	60.14 %	70.64 %	68.03 %	46.44 %

Early Retirement Age:

Below are the rates assumed once the Member has attained
Early retirement eligibility:

Number of Years Following NR	Rate
0	2.00%
1	2.00%
2	5.00%
3	5.00%
4	5.00%
5	5.00%
6	5.00%
7	10.00%
8	15.00%
9	15.00%

The assumed rates of early retirement were approved in
conjunction with an actuarial experience study dated
September 26, 2016.

Termination Rate:

Service	Rate
<15	2.5%
15-19	2.0%
20-24	0.5%

The assumed rates of termination were approved in
conjunction with an actuarial experience study dated
September 26, 2016.

Salary Increases:

4.25% per year until the assumed retirement age. This was approved in conjunction
with an actuarial study dated September 29, 2016.

Payroll Growth:

N/A

Marital Status:

100% of active members are assumed married. Additionally, male
spouses are assumed to be three years older than female spouses

Funding Method:

Entry Age Normal Actuarial Cost Method.

Actuarial Asset Method:

All assets are valued at fair value with an adjustment made to uniformly spread
actuarial investment gains and losses (as measured by actual fair value investment
return against expected fair value investment return) over a five-year period.

Supplemental Schedules

Supplemental schedules, although not necessary for fair presentation of financial position and results of operations in conformity with Generally Accepted Accounting Principles:

1. Present the composition of individual accounts that are used for legal or management purposes and are consolidated for financial statement reporting purposes.
2. Provide a budget versus actual comparison for those accounts for which an annual budget is adopted.
3. Provide additional information.

Orlando, Florida

GREATER ORLANDO AVIATION AUTHORITY
2020-21 INSURANCE PROGRAM

The Authority has developed a risk management program in response to its exposure to risks related to torts; theft of, damage to, or destruction of assets; errors and omissions; employee workplace accidents or disease; and natural disasters. One mitigation strategy is the procurement of commercial insurance, which is summarized herein.

Property and liability insurance is renegotiated and renewed or replaced on May 1 of each calendar year.

Property Insurance

Owned property, not insured by others in compliance with their contractual obligations to the Authority, was insured by a package policy (the package) with Lloyd's of London for the first layer of insurance above self-insured retentions. Factory Mutual (FM Global) Insurance Company provided excess property coverage.

Property coverage was all perils protection with a maximum limit of \$500 million and included coverage for loss of business income from a covered property loss. Specific sub-limits applied to certain coverages, including \$250 million for damage caused by a named windstorm.

Lloyds of London provided builders' risk (BR) property insurance for South Terminal C and associated projects.

Liability Insurance

For torts typically covered under General Liability and Auto Liability insurance, the Authority is afforded protection against losses consistent with the State of Florida sovereign immunity statute. These losses are capped at \$200,000 per person and \$300,000 per event. The Authority has elected to procure commercial insurance to respond to liabilities protected under sovereign immunity, along with any excess of the cap or any event not protected under sovereign immunity.

The Authority maintained airport liability insurance provided by ACE Property and Casualty Insurance Company.

The package, underwritten by Lloyds of London, not only covered property, but also the following liability coverages:

- Liability for the operation of all owned and non-owned automobiles while driven off airport property with a \$1 million combined single limit per occurrence including a \$25,000 self-insured retention. Excess coverage was provided by ACE Property and Casualty Insurance Company with limits of \$50 million;
- Workers' compensation and employer's liability coverage with a \$150,000 limit for claims in excess of the \$150,000 self-insured retention per occurrence. Safety National Casualty Corporation provided excess coverage for claims that exceed \$300,000 per occurrence up to statutory limits and employer's liability coverage with limits of \$1 million. Excess employer's liability coverage was provided by ACE Property and Casualty as part of the airport liability policy with a sub-limit of \$50 million; and
- Public officials' liability, including employment practices liability, with limits of \$2 million including a self-insured retention of \$100,000.

Fiduciary liability coverage for the Authority's Retirement Benefits Committee was underwritten by Travelers Casualty and Surety Company with a \$5 million limit and a \$25,000 deductible.

Owner's protective professional insurance (OPPI) coverage for South Terminal C that is excess to design professional's insurance for first-party and third-party design errors and omissions, including latent defects, and excess to the professional liability policies of the Construction Manager @ Risk Contractors was provided by Lloyds of London with limits of \$15 million. OPPI coverage of \$110 million in excess of the primary \$15 million limit was provided by Indian Harbor Insurance Company, North American Capacity Insurance Company, Ironshore Specialty Insurance Company, and Lloyd's of London.

The Authority procured other ancillary insurance products, to protect itself and its employees, as required by law and/or based on risk appetite.

GREATER ORLANDO AVIATION AUTHORITY
2020-21 INSURANCE PROGRAM

Group Insurance

Comprehensive health insurance (medical, dental, vision), group life and long-term disability insurance is provided by Cigna Health and Life Insurance Company for Authority employees. They also provide advice-to-pay for employee short-term disability claims, which are self-insured by the Aviation Authority.

Statistical Section

This section contains statistical information and differs from the financial statements because it usually covers more than one fiscal year and may present non-accounting data. This information is presented in five categories:

Financial Trends – intended to assist users in understanding and assessing how the Authority’s financial position has changed over time.

Revenue Capacity – intended to assist users in understanding and assessing the factors affecting the Authority’s ability to generate its own source revenues.

Debt Capacity – intended to assist users in understanding and assessing the Authority’s debt burden and its ability to cover and issue additional debt.

Demographic and Economic – intended to assist users in understanding the socioeconomic environment within which the Authority operates and to provide information that facilitates comparisons of financial statement information over time and among similar entities.

Operating – intended to provide contextual information about the Authority’s operations and resources to assist readers in using financial statement information to understand and assess the Authority’s economic condition.

(1) Pursuant to the Rate Resolution, effective November 1, 2013, all prior lease and use agreements with the Airlines were terminated. As a result, the Authority no longer maintains information categorizing Airlines as “signatory” or “non-signatory.” Data reported as “Participating Airline Net Revenue Sharing” for Fiscal Years 2010 through 2013 reflects amounts paid to signatory airlines under the prior lease and use agreements. See “SUMMARY OF CERTAIN PROVISIONS OF THE RATE RESOLUTION AND THE AUTHORITY’S RATE MAKING METHODOLOGY – Transition to Rate Resolution” herein.

(2) Unrestricted net position has been restated for fiscal years 2016 and 2015 and other operating expense has been restated for fiscal year 2016 as a result of the implementation of GASB 75 in fiscal year 2017. Unrestricted net position and other operating expense have not been restated for Fiscal Years prior to 2015 due to the fact that the information is not readily available and it is not practical to accumulate the information. See "Implementation of GASB 75" herein.

(3) Includes amounts received as grants from federal and State programs.

Cost per enplaned passenger	\$7.71	\$9.95	\$5.70	\$5.86

(1) Baggage System is a new activity type revenue classification introduced with the Resolution effective November 1, 2013. Previous years' revenues were derived using a real estate rate methodology and included under the Terminal Area Rents.

(2) For purpose of this schedule, the gross landing fee and the average annual terminal rent for 2014 through 2021 under the Resolution are the final true-up rates for all the airlines. During 2012 through 2013 the amounts reported represent the final Participant rates and charges under the ALUA agreement.

Available Net Revenues	[G=C-D]	272,460	157,718
Subordinate Debt Service Coverage	[G/H]	5.35	15.69

- (1) Revenues are earned by the Airport Facilities Revenue Account, before revenue sharing with airlines required by the Airlines Lease and Use Agreement and on the Rate and Revenue Sharing Agreement (see Note 17 for more information), plus miscellaneous receipts in the Operations and Maintenance Account.
- (2) Expenses and encumbrances incurred within the Airport Facilities Operations and Maintenance Account.
- (3) Effective in FY 2017, Available PFC Revenues are applied as an offset to Debt Service instead of included in Revenues pursuant to the Amended and Restated Bond resolution dated September 2015. See Note 11 for additional information.

(1) The Authority is currently authorized to impose a PFC of \$4.50 per enplaned passenger at the Airport.

(2) Expenditures for each application may commence upon notification of the approval of the Application. For reporting purposes, PFC collections are reported as applied to each application in order of the applications until the collection authority amount has been met for each application. As a result of this reporting method, there are allowable expenditures reported for applications that may not show collections directly assigned to them.

(3) PFC Application #19, which is an amendment to PFC Applications #11, #13, #14, #15, #16, #17, and #18, achieves a uniform \$4.50 collection rate.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
For the Year Ended September 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards and State Financial Assistance has been prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues when they are earned and expenditures when they are incurred. There were no subrecipients for the fiscal year ended September 30, 2021. A reconciliation of the amounts included in the Schedule of Expenditures of Federal Awards and State Financial Assistance to the amounts included in the Statements of Revenues, Expenses and Changes in Net Position for the fiscal year ended September 30, 2021, is as follows:

Schedule of Expenditures of Federal Awards and State Financial Assistance:	
Federal Award Expenditures	\$ 146,319,900
State Financial Assistance	21,721,574
Federal Awards and State Financial Assistance	<u>\$ 168,041,474</u>
Statements of Revenues, Expenses and Changes in Net Position:	
Federal and State Grants – Nonoperating Revenues	\$ 145,896,409
Capital Contributions	27,519,495
Contributions from Other Miscellaneous Sources	(1,494,664)
TSA not included on SEFA 70T04018T9CAP1154 (Elec Baggage Screening)	(3,854,984)
FDOT not included on SEFA	(24,782)
Federal Awards and State Financial Assistance	<u>\$ 168,041,474</u>

2. FDOT INDEBTEDNESS

The FDOT Indebtedness is described in a Joint Participation Agreement (JPA), as amended between the Authority and the Florida Department of Transportation (FDOT) for the Transportation Regional Incentive Program (TRIP), under which the FDOT, combined with other FDOT grants will provide total funding of approximately \$211.0 million to fund the Intermodal Terminal Facility (ITF). The Authority is required to reimburse FDOT \$52.7 million of the funds under the JPA, and the balance was a grant. The proceeds of the Loan was used to pay for portions of the ITF that are related to the construction of the passenger rail terminal being developed as part of the ITF adjacent to the Automated People Mover system. Under the JPA the Authority is obligated to repay the FDOT Loan over a period of 18 years with no interest due commencing January 30, 2020 through 2039. As of September 30, 2021 and 2020, respectively, the Authority had an outstanding balance of \$50.2 million and \$50.2 million.

3. CONTINGENCY

The grant revenue amounts received are subject to audit and adjustment. If any expenditures are disallowed by the grantor agency as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the Authority. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal laws and regulations.

4. INDIRECT COST RATE ELECTION

The Authority did not elect to charge the de minimis rate of 10% for determining indirect cost amounts, as permitted in Section 200.414 of the Uniform Guidance.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO SCHEDULE OF PASSENGER FACILITY CHARGES REVENUES AND EXPENDITURES
Year Ended September 30, 2021
(in thousands)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Passenger Facility Charges has been prepared using a modified cash basis of accounting. The modified cash basis of accounting recognizes revenues when they are received and expenditures when they are paid, with the exception of retainage, which is recorded when incurred. A reconciliation of the amounts included in the Schedule of Passenger Facility Charges to amounts included in the Statements of Revenues, Expenses and Changes in Net Position for the fiscal year ended September 30, 2021, is as follows (in thousands):

Schedule of Passenger Facility Charges Revenue:	
Passenger Facility Charges Collected	\$ 68,448
Passenger Facility Charges Revenue	<u>\$ 68,448</u>
Statements of Revenues, Expenses and Changes in Net Position:	
Passenger Facility Charges - nonoperating revenues	\$ 76,667
Net Passenger Facility Charges Accrual	<u>(8,219)</u>
Passenger Facility Charges Revenue	<u>\$ 68,448</u>

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, MAJOR STATE PROJECT, AND THE PASSENGER FACILITY CHARGE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE AND SCHEDULE OF PASSENGER FACILITY CHARGES REQUIRED BY THE UNIFORM GUIDANCE, CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*, AND *PASSENGER FACILITY CHARGE AUDIT GUIDE FOR PUBLIC AGENCIES*

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

We have audited the compliance of the Greater Orlando Aviation Authority (the “Authority”) with the types of compliance requirements described in the U.S. Office of Management and Budget (“OMB”) *Compliance Supplement*, the requirements described in the Department of Financial Services’ *State Projects Compliance Supplement*, and the requirements described in the *Passenger Facility Charge Audit Guide for Public Agencies* issued by the Federal Aviation Administration (the “Guide”) that could have a direct and material effect on each of the Authority’s major federal programs, major state projects, and the passenger facility charge program for the fiscal year ended September 30, 2021. The Authority’s major federal programs and major state projects are identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs, state projects, and the passenger facility charge program.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the Authority’s major federal programs, major state projects, and the passenger facility charge program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* (“Uniform Guidance”); and Chapter 10.550, *Rules of the Auditor General*; and the Guide.

Auditor's Responsibility (Continued)

Those standards, the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program, major state project, or the passenger facility charge program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program, major state project, and the passenger facility charge program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs, major state projects, and the passenger facility charge program for the fiscal year ended September 30, 2021.

Report on Internal Control over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program, major state project, and the passenger facility charge program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program, major state project, and the passenger facility charge program and to test and report on internal control over compliance in accordance with the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards and
State Financial Assistance and Schedule of Passenger Facility Charges**

We have audited the basic financial statements of the Authority as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements. We issued our report thereon dated February 18, 2022, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, and schedule of passenger facility charges are presented for purposes of additional analysis, as required by the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

SECTION II - FINANCIAL STATEMENT FINDINGS

None reported.

**SECTION III - FEDERAL AWARD AND STATE FINANCIAL ASSISTANCE FINDINGS
AND QUESTIONED COSTS SECTION**

None reported.

GREATER ORLANDO AVIATION AUTHORITY
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

For the Year Ended September 30, 2021

PRIOR YEAR AUDIT FINDINGS

No matters were reported over federal awards, state financial assistance, or passenger facility charges in the prior year.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements, as listed in the table of contents, of the Greater Orlando Aviation Authority (the “Authority”) as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated February 18, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management in a separate letter dated February 18, 2022.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Orlando, Florida
February 18, 2022

INDEPENDENT ACCOUNTANT'S REPORT

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

We have examined the compliance of the Greater Orlando Aviation Authority (the "Authority") with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2021. Management is responsible for the Authority's compliance with those requirements. Our responsibility is to express an opinion on the Authority's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority is in accordance with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the Authority's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2021.

February 18, 2022

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

Report on the Financial Statements

We have audited the financial statements of the Greater Orlando Aviation Authority (the "Authority") as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated February 18, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* ("Uniform Guidance"); Chapter 10.550, *Rules of the Auditor General*; and the *Passenger Facility Charge Audit Guide for Public Agencies*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges Required by the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and *Passenger Facility Charge Audit Guide for Public Agencies*; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated February 18, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district components that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the Authority reported:

- a) The total number of Authority employees compensated in the last pay period of the Authority's fiscal year as 751.
- b) The total number of independent contractors to whom nonemployee compensation was paid in the last month of the Authority's fiscal year as 2.
- c) All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$51,944,745.
- d) All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$482,506.
- e) Each construction project with a total cost of at least \$65,000 approved by the Authority that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:
 - a. Project #BP-00495 - \$926,351
 - b. Project #H-00337 - \$92,083
 - c. Project #BP-S00182 - \$1,417,424

The Authority Board
Greater Orlando Aviation Authority

- qq. Project #W-S00201A - \$149,180
- rr. Project #BP-00045 - \$265,399
- f) A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes as \$51,375,150.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Authority's Board, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
