REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors Heritage Isles Community Development District Hillsborough County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of Heritage Isles Community Development District (the "District") as of and for the year ended September 30, 2021, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Accounting Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Supervisors Heritage Isles Community Development District

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund of Heritage Isles Community Development District, as of September 30, 2021, and the respective changes in financial position, cash flows for the Enterprise Fund and the budgetary comparison for the General and Special Revenue Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated April 30, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Heritage Isles Community Development District's internal control over financial reporting and compliance.

Birger Joombo Clam Daines + Frank

Berger, Toombs, Elam, Gaines & Frank Certified Public Accountants PL Fort Pierce, Florida

April 30, 2022

Management's discussion and analysis of Heritage Isles Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements are comprised of three components; 1) *Government-wide financial statements,* 2) *Fund financial statements,* and 3) *Notes to financial statements.* The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The Government-wide financial statements are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental activities are primarily supported by special assessments. Business-type activities are supported by charges to the users of those activities, such as golf course and restaurant service charges.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position are reported in three categories; 1) net investment in capital assets, 2) restricted and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities separate from the assets, liabilities, and net position of business-type activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities or business-type activities. Governmental activities financed by the District include general government, physical environment, culture recreation and debt service. Business-type activities financed by user charges include golf course and restaurant services.

Fund financial statements present financial information for governmental funds and the enterprise fund. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The enterprise fund financial statements provide information on all assets and liabilities of the funds, changes in the economic resources (revenues and expenses), and total economic resources.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues**, **expenditures and changes in fund balances** for all governmental funds. A **statement of revenues**, **expenditures**, **and changes in fund balances – budget and actual**, is provided for the District's General Fund and Special Revenue Fund. For the enterprise fund, a **statement of fund net position**, a **statement of revenues**, **expenses**, **and changes in fund net position**; and a **statement of cash flows** are presented. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District's financial standing, split between Governmental Activities and Business-type Activities. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the statement of net position. All liabilities, including principal outstanding on capital leases, are included. The statement of activities includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The fund financial statements provide a picture of the major funds of the District. In the case of governmental activities, outlays for long-lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the fund financial statements to the government-wide financial statements, a reconciliation is provided from the fund financial statements to the government-wide financial statements.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, long term debt, and capital assets are some of the items included in the *notes to the financial statements*.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2021:

The District's total assets exceeded total liabilities by \$19,882,912 (net position). Net investment in capital assets for Governmental Activities was \$16,882,927. Net investment in capital assets for Business-type Activities was \$2,436,794. Unrestricted net position for Governmental Activities was \$2,281,501 and for Business-type Activities was \$(3,046,456). Restricted net position for Governmental Activities was \$1,328,146.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Highlights (Continued)

• Governmental Activities revenues totaled \$2,120,435 while Governmental Activities expenses totaled \$2,224,286. Business-type Activities revenues totaled \$1,672,906 while Business-type Activities expenses totaled \$1,624,484.

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District. It is not intended to be a complete presentation of government-wide financial activity.

Net Position

The decrease in capital assets for business-type activities and the decrease in capital assets for governmental activities was due to depreciation in excess of additions in the current year.

The decrease in total liabilities for governmental activities was primarily the result of principal payments on long-term debt in the current year.

The increase in total liabilities for the business-type activities was primarily related to the increase in accrued and matured interest payable due to not making the scheduled debt service payment.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Analysis of the District (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented at the government-wide level for comparison purposes. It is not intended to be a complete presentation of District-wide financial activity.

Transfers	-	(109,799)		109,799				
Change in Net Position	(103,851)	(16,217)	48,422	8,596	(55,429)	(7,621)		
Net Position - Beginning of Year	20,596,425	20,612,642	(658,084)	(666,680)	19,938,341	19,945,962		
Net Position - End of Year	\$ 20,492,574	\$ 20,596,425	\$ (609,662)	\$ (658,084)	\$ 19,882,912	\$ 19,938,341		

Change in Net Position

The increase in physical environment expenses is mainly related to increased guard services and maintenance expenses in the current year.

The increase in culture/recreation expenses is mainly related to increased payroll and maintenance expenses in the current year.

The increase in golf course charges for services is related to increased green fees and cart rentals.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Capital Assets Activity

The following schedule provides a summary of the District's capital assets activity as of September 30, 2021.

Description	Governmental Activities	Business-Type Activities	Total
Land and improvements	\$ 2,769,142	\$ 2,268,000	\$ 5,037,142
Buildings and improvements	3,284,421	820,110	4,104,531
Infrastructure	22,588,079	3,573,785	26,161,864
Equipment	290,081	617,123	907,204
Accumulated depreciation	(12,046,653)	(4,611,489)	(16,658,142)
Total Capital Assets (Net)	\$ 16,885,070	\$ 2,667,529	\$ 19,552,599

Governmental activities changes in the current year include depreciation of \$715,296, net deletions of \$8,776, and capital asset additions of \$38,687.

Business-type activities changes in the current year include depreciation of \$45,585, additions to equipment of \$20,342 and net deletions of \$12,306.

General Fund Budgetary Highlights

The budget exceeded actual expenditures for the year primarily because of less use of budgeted reserves than were anticipated.

The September 30, 2021 budget was not amended.

Debt Management

Governmental Activities debt includes the following:

In July 2016, the District instituted a \$500,000 note payable from a local bank. The loan
was issued to fund a construction project within the District. The note was paid off during
the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Debt Management (Continued)

Business Activities Debt includes the following:

 In February 1999, the District issued \$8,785,000 Series 1999 Recreational Revenue The 1999 Bonds were used to finance the acquisition, construction and Bonds. installation of certain additions and improvements to the District's recreational facility. The Recreational Revenue Bonds are secured by a pledge of Gross Revenues under the Indenture, which are defined as all income and monies received by the District from the rates, fees, rentals, charges and other income collected by the District for the use of the products, services and facilities of the golf course and restaurant to be provided by the District. The District has not made a scheduled payment since April 1, 2009. The scheduled payments not made or tendered total \$410,000 and are reflected as matured bonds payable. In January 2012, a tender offer was accepted by approximately 4% of bondholders, which resulted in the retirement of \$140,000 in outstanding bonds and a redemption gain of \$119,000. In December 2012, a tender offer was accepted by approximately 82% of bondholders, which resulted in the retirement of \$2,975,000 and a redemption gain of \$2,231,250. In December 2014, an additional \$10,000 of principal was retired at a \$7,500 gain. As of September 30, 2021, the outstanding un-matured balance was \$225,000.

Economic Factors and Next Year's Budget

Heritage Isles Community Development District does not expect any economic factors to have a significant effect on the financial position or results of operations of the District in fiscal year 2022.

Request for Information

The financial report is designed to provide a general overview of Heritage Isles Community Development District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the District Manager, Inframark Infrastructure Management Services, 210 N. University Drive, Suite 702, Coral Springs, Florida 33071.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Heritage Isles Community Development District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on October 4, 1997 by the Hillsborough County Board of Commissioners under the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, and was adopted as Hillsborough County Ordinance 97-12, under the name of Heritage Isles Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for the community development within the District.

The District is governed by a five-member Board of Supervisors (the "Board"), who are elected on an at large basis by owners of the property within the District. Among the primary powers, which the Act provides, the Board may exercise the power to manage basic service for community development, the power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure, subject to the approval of applicable State administrative agencies.

As required by GAAP, these financial statements present the Heritage Isles Community Development District (the primary government), as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility which includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include separate columns for the governmental and business-type activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

Governmental activities, which normally are supported by special assessments and interest, are reported separately from business-type activities. Program revenues include charges for services and special assessments. Program revenues are netted with program expenses in the Statement of Activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financial source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Non-spendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed Fund Balance – This classification consists of contractual obligations which require formal approval from the Board of Supervisors. This type of fund balance can only be removed by the Board of Supervisors through the same approval process.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose the district considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources". Governmental fund operating statements present increases (revenues) and decreases (expenditures) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Enterprise Funds

In the fund financial statements, the enterprise fund is presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, enterprise funds are presented using the economic resources measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Enterprise fund operating statements present increases (revenues) and decreases (expenses) in total net position. The District applies all GASB pronouncements as well as all FASB Statements and Interpretations, APB Opinions and Accounting Research Bulletins, issued on or before November 30, 1989, which do not conflict with, or contradict, GASB pronouncements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Enterprise Funds (Continued)

Enterprise fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as investment earnings, result from non-exchange transactions or ancillary activities. Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as other financing sources.

Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense.

3. Basis of Presentation

a. Governmental Major Funds

<u>General Fund</u> – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

<u>Special Revenue Fund</u> – The Special Revenue Fund accounts for all financial resources generated by the fitness facility.

b. Enterprise Major Fund

<u>Enterprise Fund</u> – The Enterprise Fund accounts for the operations of the Golf Course, Pro Shop and Restaurant, which are funded by proceeds from operations of these facilities, including green fees, cart fees and restaurant lease.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation (Continued)

c. Non-Current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as general obligation bonds, due to developer and accrued compensated absences be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

- 1. Direct obligations of the United States Treasury;
- 2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
- 3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
- 4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less and held in a qualified public depository as defined by Section 280.02, Florida Statutes.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, and Net Position or Equity (Continued)

b. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported as "internal balances".

c. Inventories

Inventories are recorded at cost using the first-in-first-out basis and recognized as expenses as they are consumed.

d. Restricted Net Position

Certain net position of the District are classified as restricted on the Statement of Net Position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

e. Capital Assets

Capital assets, which include land, buildings and improvements, infrastructure, and equipment, are reported in the applicable governmental or business-type activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Buildings and improvements	10-30 years
Equipment	5-30 years
Infrastructure	10-40 years

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, and Net Position or Equity (Continued)

f. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to the requirements of the Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

"Total fund balances" of the District's governmental funds, \$3,609,647, differs from "net position" of governmental activities, \$20,492,574, reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below.

Capital related items

When capital assets (land, buildings, infrastructure and equipment that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Land and improvements	\$	2,769,142
Infrastructure		22,588,079
Buildings and improvements		3,284,421
Equipment		290,081
Accumulated depreciation		(12,046,653)
Total	<u>\$</u>	16,885,070

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position (Continued)

Long-term debt transactions

Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2021 were:

Capital lease payable

<u>\$ (2,143)</u>

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities

The "net changes in fund balances" for government funds, \$455,560, differs from the "change in net position" for governmental activities, \$(103,851), reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated as follows.

Capital related items

When capital assets for governmental activities are purchased or constructed, they are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation. This is the amount that depreciation and loss on disposals exceeded capital outlay in the current period.

Depreciation	\$	(715,296)
Loss on disposal of assets		(8,776)
Capital outlay		38,687
Total	<u>\$</u>	<u>(685,385)</u>

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities (Continued)

Long-term debt transactions

Repayments of principal are reported as expenditures in the governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used.

Principal payments	\$	122,324
Payments on capital lease		3,650
Total	<u>\$</u>	125,974

NOTE C – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk, however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2021, the District's bank balance was \$1,881,341 and the carrying value was \$1,844,955. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

NOTE C – CASH AND INVESTMENTS (CONTINUED)

Investments

As of September 30, 2021, the District had the following investments and maturities:

Investment	Maturities	Fai	ir Value
Fidelity Government Portfolio	30 days*	\$	1,054

*Weighted Average Maturity

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable input.

Based on the criteria in the preceding paragraph, the investment listed above is a Level 1 asset.

The District's investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments in treasury funds and government loans are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices.

Concentration of Credit Risk

The types of deposits and investments and their level of risk exposure as of September 30, 2021 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

NOTE D – SPECIAL ASSESSMENT REVENUES

Special assessment revenues recognized for the 2020-2021 fiscal year were levied in October 2020. All taxes are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Per Section 197.162, Florida Statutes, discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Taxes paid in March are without discount.

All unpaid taxes become delinquent as of April 1. Virtually all unpaid taxes are collected via the sale of tax certificates on or prior to, June 1; therefore, there were no material taxes receivable at fiscal year end.

NOTE E – LEASE AGREEMENT

In November 2017, the District entered into a restaurant lease agreement to manage and operate its restaurant facility. The agreement commenced on November 1, 2017 and expires October 31, 2020. The monthly base rate change fluctuates from \$4,700 to \$5,300 for the first term with the option to renew for an additional term. In addition to the base rate, the District will receive three percent of gross revenues, less various costs, beginning in November 2018. In November 2020, the District amended the lease agreement. The amended agreement commenced on November 1, 2020 and expires on October 31, 2023. The monthly base rate change fluctuates from \$5,530 to \$6,030 for the second term with the option to renew for an additional term. In addition to the base rate, the District will receive three percent of gross revenues in excess of \$70,000, beginning in November 2020.

NOTE F – INTERFUND BALANCES

Interfund balances at September 30, 2021 consisted of the following:

	Interfund Interfund Receivables Payables	
General Fund	\$ 733,719	\$ -
Special Revenue Fund	1,687,733	386,842
Enterprise Fund		2,034,610
Total	\$ 2,421,452	\$ 2,421,452

Amounts due to the General Fund represent temporary operating advances due from the Special Revenue Fund and Enterprise Fund.

Amounts due to the Special Revenue Fund are a result of funding operating deficits of the Golf Course/Restaurant Enterprise Fund.

NOTE G - CAPITAL ASSETS

Capital Asset activity for the year ended September 30, 2021 was as follows:

	Balance October 1,	A 1 11/1		Balance September 30,
• • • • • • •	2020	Additions	Deletions	2021

Depreciation was charged to the following functions:

Golf Course

<u>\$ 45,585</u>

NOTE H – LONG TERM DEBT

Governmental Activities

The following is a summary of activity for long-term debt of the Governmental Activities for the year ended September 30, 2021:

Long-term debt at October 1, 2020	\$ 122,324
Principal payments	 (122,324)
Long-term debt at September 30, 2021	\$

NOTE H – LONG-TERM DEBT (CONTINUED)

Long-term debt for Governmental Activities is comprised of the following:

Business-type Activities

The following is a summary of activity for long-term debt of the Business-type Activities for the year ended September 30, 2021:

Recreational Revenue Bonds Series 1999		
Long-term debt at September 30, 2021	<u>\$</u>	225,000
Principal payments		(65,000)
Long-term debt at October 1, 2020	\$	290,000

\$8,785,000 Series 1999 Recreational Revenue
 Bonds due in annual principal installments beginning
 in October 1999. Interest at 7.10% is due in April and October.

Recreational Revenue Bonds Series 1999

The Recreational Revenue Bonds are secured by a pledge of revenues under the Indenture, which are defined as all income and monies received by the District from the rates, fees, rentals, charges and other income collected by the District for the use of the products, services and facilities of the golf course to be provided by the District.

The District has not reimbursed the reserve funds in the current year which were used to make a scheduled payment in a prior year. As a result of not making all of the scheduled debt service payments since April 2009, the following amounts are recognized in the accompanying financial statements.

Matured bonds payable	\$ 410,000
Matured interest payable	\$ 476,750

The annual requirements to amortize the principal and interest of enterprise fund bonds payable as of September 30, 2021 are as follows:

Year Ending September 30,	F	Principal	ıl	nterest	 Total
2022 2023 2024	\$	70,000 75,000 80,000	\$	13,490 8,343 2,839	\$ 83,490 83,343 82,839
Totals	\$	225,000	\$	24,672	\$ 249,672

NOTE H – LONG-TERM DEBT (CONTINUED)

Recreational Revenue Bonds, Series 1999 (Continued)

The District continues to communicate with the bondholders to attempt to cure the bond default. In January 2012, approximately 4% of the bondholders accepted a tender offer. As a result, \$140,000 of the total outstanding principal was retired and a redemption gain of \$119,000 was recognized. In December 2012, approximately 82% of the bondholders accepted a tender offer. As a result, \$2,975,000 of the total outstanding principal was retired and a redemption gain of \$2,231,250 was recognized. In December 2013, an additional \$10,000 of outstanding principal was retired and a redemption gain of \$7,500 was recognized.

Summary of Significant Bond Resolution Terms and Covenants

Depository Funds

The bond resolution established certain funds and determined the order in which revenues are to be deposited into these funds. A description of these funds, including their purpose, is as follows:

1. <u>Bond Reserve Fund</u> – For deposit of an amount equal to the maximum annual debt service on the bonds. The monies in the reserve account are not available for any purpose other than the payment of the principal installments of and interest on the bonds.

The following is a schedule of required reserve deposits as of September 30, 2021.

	Re	eserve	R	Reserve
	Requirement Ba		Balance	
Series 1999 Recreational Revenue Bond	\$	86,005	\$	1,054

NOTE I – CAPITAL LEASE

The District entered into two lease agreements for certain equipment during the year ended September 30, 2018. The lease agreements qualify as capital leases for accounting purposes, and therefore, have been recorded at the present value of future minimum lease payment as of the lease inception date. The first lease commenced in November 2017 for a term of 60 months. The second lease commenced in June 2018 for a term of 48 months.

Governmental Activities

As of September 30, 2021, the District held equipment under capital lease of \$10,445, with accumulated depreciation of \$6,093. The future minimum lease payments and net present value of minimum lease payments at September 30, 2021 were as follows:

Year Ending			
September 30,	A	Amount	
2022	\$	2,178	
Total minimum lease payments		2,178	
Less: amount representing interest		(35)	
Present value of minimum lease payments	\$	2,143	

NOTE I – CAPITAL LEASE (CONTINUED)

Business-type Activities

As of September 30, 2021, the District held equipment under capital lease of \$23,118, with accumulated depreciation of \$9,247. The future minimum lease payments and net present value of minimum lease payments at September 30, 2021 were as follows:

Year Ending		
September 30,	A	mount
2022	\$	5,157
2023		513
Total minimum lease payments		5,670
Less: amount representing interest		(148)
Present value of minimum lease payments	\$	5,522

NOTE J – OPERATING LEASES

Business-type Activities

The golf course entered into lease agreements for golf carts, beverage carts, maintenance equipment, and restaurant equipment. The lease terms range from 48 to 60 months and \$190,672 was recognized as an expense in 2021. The future minimum payments on the lease are as follows:

Year Ending	
September 30,	Payments
2022	\$ 134,376
2023	133,456
2024	92,366
2025	13,097
Total	\$ 373,295

NOTE K – RISK MANAGEMENT

The government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no claims or settled claims from these risks that have exceeded commercial insurance coverage over the past three years.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Heritage Isles Community Development District Hillsborough County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Heritage Isles Community Development District, as of and for the year ended September 30, 2021, and the related notes to the financial statements, and have issued our report thereon dated April 30, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Heritage Isles Community Development District's internal control as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Heritage Isles Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Heritage Isles Community Development District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Supervisors Heritage Isles Community Development District

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Heritage Isles Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Certain compliance issues are noted in our separate letter dated April 30, 2022 included on pages 39-41.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors Heritage Isles Community Development District Hillsborough County, Florida

Report on the Financial Statements

We have audited the financial statements of the Heritage Isles Community Development District as of and for the year ended September 30, 2021, and have issued our report thereon dated April 30, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with AICPA Professionals Standards, AT-C Section 315 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in that report, which is dated April 30, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been made to address findings and recommendations made in the preceding financial audit report. The following findings or recommendations were made in the preceding financial audit report:

Finding 2009-01

The District continues to meet a condition described in Section 218.503, Florida Statutes in that it failed to make the required debt service payments on the Series 1999 Recreational Revenue Bond, which are secured by the pledged revenue of the Golf Course and Restaurant.

Management Response

The District continues to work with the bondholders to remedy the default.

Berger, Toombs, Elam, Gaines & Frank Centified Public Accountants PL

To the Board of Supervisors Heritage Isles Community Development District

Finding 2014-01

The Restaurant and Golf Course operated at a deficit for the fiscal years ended September 30, 2014, 2015, 2016, 2017, 2018 and 2019. The Restaurant and Golf Course operated at a small profit for the year ended September 30, 2020 and 2021.

Management Response

The District is attempting to stabilize the restaurant operation and improve revenues of the golf course.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not Heritage Isles Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Heritage Isles Community Development District did meet one of the conditions described in Section 218.503(1), Florida Statutes (See Finding 2009-01).

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial conditions assessment procedures as of September 30, 2021 for the Heritage Isles Community Development District. It is management's responsibility to monitor the Heritage Isles Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations

Specific Information

The information provided below was provided by management and has not been audited; therefore, we do not express an opinion or provide any assurance on the information.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Heritage Isles Community Development District reported:

- 1) The total number of district employees compensated in the last pay period of the District's fiscal year: 46
- 2) The total number of independent contractors to whom nonemployee compensation was paid in the last month of the District's fiscal year: 23
- 3) All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency: \$750,987
- 4) All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency: \$325,606

To the Board of Supervisors Heritage Isles Community Development District

- 5) Each construction project with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1, 2020, together with the total expenditures for such project: The District had no construction projects during the year.
- 6) A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes: The budget was not amended.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)8, Rules of the Auditor General, the Heritage Isles Community Development District reported:

- 7) The rate or rates of non-ad valorem special assessments imposed by the District: \$512-\$1,739 for the General Fund, Special Revenue Fund, \$955 and Debt Service Funds \$54
 - \$182
- 8) The amount of special assessments collected by or on behalf of the District: Total special assessments collected was \$.2,035,624
- 9) The total amount of outstanding bonds issued by the District and the terms of such bonds. Enterprise Fund Series 1999 Bonds, \$410,000 matured and \$225,000 maturing in October 2023.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

To the Board of Supervisors Heritage Isles Community Development District Hillsborough County, Florida

We have examined Heritage Isles Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2021. Management is responsible for Heritage Isles Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Heritage Isles Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Heritage Isles Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Heritage Isles Community Development District's compliance with the specified requirements.

In our opinion, Heritage Isles Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2021.
