INDEPENDENT AUDITORS' REPORT

To the Honorable Chairman and Board Members Satellite Beach Community Redevelopment Agency

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the Satellite Beach Community Redevelopment Agency (the "Agency"), a component unit of the City of Satellite Beach, Florida, as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Satellite Beach Community Redevelopment Agency as of September 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7-12, and the budgetary comparison information on pages 39-40 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

Parr, Riggs & Chopan, L.L.C.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2022 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

Melbourne, Florida March 1, 2022

As management of the Satellite Beach Community Redevelopment Agency (the "Agency"), we offer readers of the financial statements this narrative overview and analysis of the financial activities of the Satellite Beach Community Redevelopment Agency for the fiscal year ended September 30, 2021.

Financial Highlights

- The assets and deferred inflows of resources of the Satellite Beach Community Redevelopment Agency exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$4,930,195 (net position). Of this amount, (\$16,811) represents the unrestricted net deficit due to recording accrued interest for the Community Redevelopment Agency Variable Rate Tax Increment Revenue Note on September 30, 2021.
- The Satellite Beach Community Redevelopment Agency's total net position increased \$430,148 over the course of this year's operations.
- The Satellite Beach Community Redevelopment Agency's operating fund reported an ending fund balance of \$1,404, an addition of \$1,404 from the prior year.

Overview of the Financial Statements

The financial section of this annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Satellite Beach Community Redevelopment Agency's finances, in a manner similar to a private-sector business. All the Satellite Beach Community Redevelopment Agency's activities are reported as governmental activities in the government-wide financial statements.

The statement of net position presents information on all of the Satellite Beach Community Redevelopment Agency's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the elements reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Satellite Beach Community Redevelopment Agency is improving or deteriorating.

The statement of activities presents information showing how the Satellite Beach Community Redevelopment Agency's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 15-16 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Satellite Beach Community Redevelopment Agency, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on nearterm inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Satellite Beach Community Redevelopment Agency has only one governmental fund. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the Satellite Beach Community Redevelopment Agency.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted to cash. For example, amounts reported on the balance sheet include items such as cash and receivables but do not include capital assets such as land and buildings. The operating statement for governmental funds reports only those revenues that were collected during the current period or very shortly after the end of the year. Expenditures are generally recorded when incurred.

The basic governmental fund financial statements can be found on pages 17-20 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21-35 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information (RSI) which is a comparison between the Satellite Beach Community Redevelopment Agency's adopted and final budget and actual financial results for its general fund. The Satellite Beach Community Redevelopment Agency adopts an annual budget for its general fund, and a budgetary comparison schedule has been provided to demonstrate compliance with this budget.

Required supplementary information can be found on pages 39-40 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of an Agency's financial position. In the case of the Satellite Beach Community Redevelopment Agency's assets exceeded liabilities by \$4,930,195 at the close of the most recent fiscal year.

The following table reflects the condensed statement of net position:

Satellite Beach Community Redevelopment Agency's Net Position

	2021	2020
Current and other assets	\$ 857,732	\$ 2,075,762
Capital assets	6,936,206	6,876,584
Total assets	7,793,938	8,952,346
Deferred outflows of resources	-	-
Long-term liabilities outstanding	1,989,200	2,359,900
Other liabilities	700,173	1,823,355
Total liabilities	2,689,373	4,183,255
Deferred inflows of resources	174,370	269,064
Net Position:		
Net investment in		
capital assets	4,947,006	4,516,684
Restricted	-	-
Unrestricted (deficit)	(16,811)	(16,637)
Total net position	\$ 4,930,195	\$ 4,500,047

By far the largest portion of the Satellite Beach Community Redevelopment Agency's net position reflects its investment in capital assets (e.g., land, buildings, improvements, equipment, and infrastructure); less any related debt used to acquire those assets still outstanding.

The Satellite Beach Community Redevelopment Agency uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Satellite Beach Community Redevelopment Agency reports net investment in capital assets, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current fiscal year, the Satellite Beach Community Redevelopment Agency is only able to report a positive balance in its net investment in capital assets. The Satellite Beach Community Redevelopment Agency reported an unrestricted net deficit of (\$16,811) primarily due to recording accrued interest for the Community Redevelopment Agency Variable Rate Tax Increment Revenue Note.

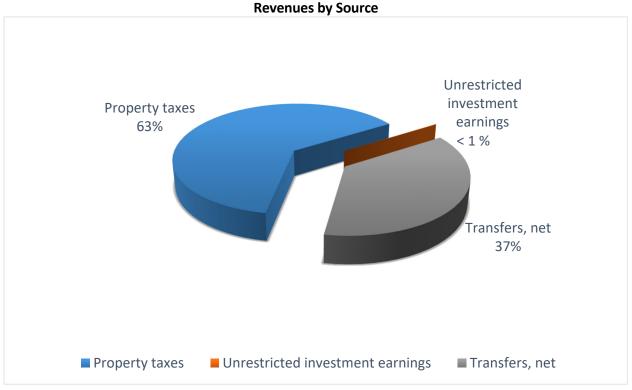

The following table shows condensed revenue and expense data:

Satellite Beach Community Redevelopment Agency's Changes in Net Position

	2021 2020		2020	
General revenues:				
Property taxes	\$	841,822	\$	631,917
Unrestricted investment earnings		1,079		7,412
Transfers, net		489,508		263,080
Total revenues		1,332,409		902,409
Program expenses:				
General government		683,233		547,080
Community development		119,251		108,011
Interest and related costs on long-				
term debt		99,777		116,872
Total expenses		902,261		771,963
Change in net position		430,148		130,446
Net position- beginning		4,500,047		4,369,601
Net position- ending	\$	4,930,195	\$	4,500,047

The Satellite Beach Community Redevelopment Agency's net position increased by \$430,148 during the current fiscal year.

Statement of Activities – Government-wide Revenues by Source

Financial Analysis of the Satellite Beach Community Redevelopment Agency

As noted earlier, the Satellite Beach Community Redevelopment Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Satellite Beach Community Redevelopment Agency's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Satellite Beach Community Redevelopment Agency's financing requirements. In particular, fund balance may serve as a useful measure of an Agency's net resources available at the end of the fiscal year.

At the end of the current fiscal year, the Satellite Beach Community Redevelopment Agency's governmental fund reported ending fund balance of \$1,404, an increase of \$1,404. Pursuant to Florida State Statute 163.387 section (7), on the last date of the fiscal year of the community redevelopment agency, any money which remains in the trust fund after the payment of expenses pursuant to subsection (6) for such year must be returned to the taxing authorities. In the case of the Satellite Beach Community Redevelopment Agency, that is the City of Satellite Beach, Florida and Brevard County, Florida.

Capital Asset and Debt Administration

Capital assets. The Satellite Beach Community Redevelopment Agency's investment in capital assets as of September 30, 2021, amounts to \$6,936,206 (net of accumulated depreciation). This investment in capital assets includes land, improvements, equipment, infrastructure, and construction in progress.

Satellite Beach Community Redevelopment Agency's Capital Assets (net of depreciation)

	2021	2020
Land	\$ 2,279,018	\$ 2,279,018
Buildings	904,036	-
Improvements other than buildings	894,290	920,997
Equipment	1,470	22,877
Infrastructure	2,187,754	2,258,891
Construction in progress	669,638	1,394,801
Total	\$ 6,936,206	\$ 6,876,584

Additional information on the Satellite Beach Community Redevelopment Agency's capital assets can be found in Note 2 on page 31 of this report.

Notes payable. At the end of the current fiscal year, the Satellite Beach Community Redevelopment Agency had notes payable outstanding of \$1,989,200.

The Satellite Beach Community Redevelopment Agency's notes payable balances decreased by \$370,700 during the current fiscal year.

Additional information on the City of Satellite Beach Community Redevelopment Agency's long-term debt can be found in Note 2 on pages 32-34 of this report.

Requests for Information

This financial report is designed to provide a general overview of the Satellite Beach Community Redevelopment Agency's finances for all those with an interest in the Satellite Beach Community Redevelopment Agency's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Support Services Department, City of Satellite Beach, 565 Cassia Blvd., Satellite Beach, Florida, 32937.

Fund balance, beginning of year		-
Fund balance, end of year	\$	1,404

Satellite Beach Community Redevelopment Agency Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance of the Governmental Fund to the Statement of Activities

For the year ended September 30, 2021

Net change in fund balance - total governmental fund	\$ 1,404
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.	72,402
In the statement of activities, the gain or loss on the disposal of capital assets is reported, whereas in the governmental funds, disposals are not reported. Thus, the change in net position differs from the change in fund balance by the net book value of the disposed capital assets.	(12,780)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items, such as accrued interest.	369,122
Change in net position of governmental activities	\$ 430,148

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Satellite Beach Community Redevelopment Agency (the "Agency"), a component unit of the City of Satellite Beach, Florida (the "City" and "Primary Government"), was created to promote the rehabilitation, conservation and/or redevelopment of the Community Redevelopment Area (the "Area"). The Agency was established by the City of Satellite Beach, Florida City Council ("City Council") via Ordinance No. 755 in June 2002. The Agency is a legal entity, separate, distinct, and independent of the City. The Agency is governed by a board comprised of five commissioners who also serve as members of the City Council. The Agency does not exercise control over other governmental agencies or authorities.

Revenue sources for the Agency consist primarily of property taxes. Any bond issue authorizations are approved by the City Council and the legal liability for the general obligation portion of the Agency's debt remains with the government.

The accompanying financial statements present only the operations of the Agency and are not intended to present the financial position and results of the City of Satellite Beach, Florida. Complete financial statements for the City of Satellite Beach, Florida may be obtained at the City's administrative offices located at:

565 Cassia Blvd Satellite Beach, Florida 32937

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the nonfiduciary activities of the Agency. *Governmental activities* are those which normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within twelve months of year-end). All other revenue items are considered to be measurable and available only when cash is received by the Agency.

Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from the governmental fund. Separate financial statements are provided for the governmental fund.

Fund Financial Statements

The fund financial statements provide information about the Agency's fund. The emphasis of fund financial statements is on the major governmental fund.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements (Continued)

The Agency reports the following major governmental fund:

The Community Redevelopment Agency Fund is the Agency's operating fund. It accounts for all financial resources of the Agency.

Budgetary Information

The Agency has elected, as permitted by Section 2400: *Budgetary Reporting* of the GASB Codification, to disclose all budgetary information in the notes to the required supplementary information.

Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity

Cash and cash equivalents

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments for the Agency are reported at fair value (generally based on quoted market prices) except for the position in the State Board of Administration Local Government Surplus Trust Fund (Florida PRIME) and the Florida Special Purpose Investment Pool (SPIA). Florida PRIME and SPIA are local government investment pools which meet all of the specified criteria in Section In5: *Investment Pools (External)* of the GASB Codification (GASBC) to qualify to elect to measure their investments at amortized cost. Accordingly, the fair value of the Agency's position in the pool is equal to the value of the pooled shares.

Receivables and payables

All trade and property tax receivables are considered to be fully collectible.

Capital Assets

Capital assets, which include property, improvements, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Agency as assets with an initial, individual cost of \$2,000 or more and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, improvements, and equipment are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Building improvements	12-20
Infrastructure	60
Equipment	3-18

Deferred inflows of resources and derivative instrument

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Agency has one item which qualifies for reporting as deferred inflows of resources.

The Agency has engaged in an effective interest rate swap agreement and has recorded the swap agreement at fair value in accordance with Section I50: *Investments* of the GASB Codification.

Interfund Transactions

Interfund transactions (transactions between the Agency and the Primary Government) are reflected as services provided, reimbursements, or transfers. Services provided, deemed to be at or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when a fund incurs at cost, charged the appropriate benefitting fund, and reduces its related costs as reimbursements. All other interfund transactions are treated as transfers.

Long-Term Obligations

In the government-wide financial statements in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds and are recorded as an adjustment to interest expense. Bonds payable are reported net of the applicable bond premium or discount. In accordance with GASB Codification Section I30: Interest Costs – Imputation, bond issuance costs are expensed in the period incurred except for prepaid insurance costs.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Categories and Classification of Fund Equity

Net position flow assumption – Sometimes the Agency will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Agency's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund balance flow assumptions – Sometimes the Agency will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Agency's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance.

Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies – Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Agency itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, specifies the following classifications:

Nonspendable fund balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

Committed fund balance – The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Agency's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the Agency that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned fund balance – Amounts in the assigned fund balance classification are intended to be used by the Agency for specific purposes but do not meet the criteria to be classified as committed. The governing council (council) has by resolution authorized the finance director to assign fund balance. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance – Unassigned fund balance is the residual classification for fund balance not meeting criteria to be reported as nonspendable, restricted, committed, or assigned.

Revenues and Expenditures/Expenses

Program revenues – Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues. The Agency has no program revenues in the fiscal year ended September 30, 2021.

Property taxes – Property taxes attach as an enforceable lien on real property and are levied as of July 1st. The tax levy is divided into two billings: the first billing (mailed on July 1) is an estimate of the current year's levy based on the prior year's taxes; the second billing (mailed on January 1) reflects adjustments to the current year's actual levy. The billings are considered past due 30 days after the respective tax billing date, at which time the applicable property is subject to lien, and penalties and interest are assessed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, March 1, 2022, and determined there were no events that occurred that required disclosure.

Recently Issued and Implemented Accounting Pronouncements

The Governmental Accounting Standards Board has issued statements that will become effective in future years. These statements are as follows:

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

Under this Statement, a lessee is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

GASB Statement No. 92, *Omnibus 2020*, enhances comparability in accounting and financial reporting and improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirement of this Statement are effective for reporting periods beginning after June 15, 2021.

In May 2020, the GASB issued Statement No. 93, Replacement of Interbank Offered Rates. The objectives of this Statement are to address financial reporting issues that result from the replacement of an Interbank Offered Rate (IBOR) by providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument's variable payment and clarification of the hedge accounting termination provisions when a hedged item is amended to replace the reference rate; replacing LIBOR as an appropriate benchmark interest rate for the evaluation of the effectiveness of an interest rate swap with a Secured Overnight Financing Rate or the Effective Federal Funds Rate; and providing exceptions to the lease modifications guidance in Statement 87 for lease contracts that are amended solely to replace an IBOR used to determine variable payments.

The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2022. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued and Implemented Accounting Pronouncements (Continued)

In May 2020, the GASB issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Assets and liabilities resulting from SBITAs should be recognized and measured using the facts and circumstances that existed at the beginning of the fiscal year in which this Statement is implemented. Governments are permitted, but are not required, to include in the measurement of the subscription asset capitalizable outlays associated with the initial implementation stage and the operation and additional implementation stage incurred prior to the implementation of this Statement.

The Agency is evaluating the requirements of the above statements and the impact on reporting.

Note 2: DETAILED NOTES ON ALL FUNDS

Deposits and Investments

Deposits

The Agency pools its deposits with the Primary Government. At September 30, 2021, the Agency's carrying amount of deposits was \$563,779. \$250,000 of the Agency's deposits is covered by the Federal Depository Insurance Corporation (FDIC). Monies invested in excess of FDIC insurance coverage are secured by the qualified public depositories pledging securities with the State Treasurer in such amounts required by the Florida Security for Public Depositories Act. In the event of a default or insolvency of a qualified public depositor, the State Treasurer will implement procedures for payment of losses according to the validated claims of the Agency pursuant to Section 280.08, Florida Statutes.

Investments

The Agency has not adopted an investment policy and the Agency's investment policies are governed by state statutes. The Agency pools its investments with the Primary Government. Investment earnings of the pool are allocated to the participating funds at the end of each month based on the ratio of each participant funds' investment to the total pooled investment.

Note 2: DETAILED NOTES ON ALL FUNDS (Continued)

Deposits and Investments (Continued)

At the close of the fiscal year, the Agency held a portion of its investments in the Local Government Surplus Funds Trust Fund ("Florida PRIME") external investment pool. The Florida PRIME is administered by the Florida State Board of Administration (SBA), who provides regulatory oversight.

During the year ended September 30, 2021, the Agency also participated in a Special Purpose Investment Account (SPIA) of the Florida Treasury Investment Pool. The SPIA is authorized by Section 17.61(1), Florida Statutes and is administered by the Florida State Treasury.

Florida PRIME and SPIA currently meet all of the necessary criteria set forth in GASB Codification Section In5: *Investment Pools (External)* to measure its investments at amortized cost; therefore, the Agency's account balance in the Florida PRIME and SPIA are reported at amortized cost.

Under GASB Codification Section I50: *Investments*, if a participant has an investment in a qualifying external investment pool that measures for financial reporting purposes all of its investments at amortized cost, it should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates) in the notes to the financial statements.

As of September 30, 2021, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit the Agency's access to 100 percent of their account value in the Florida PRIME external investment pool. For the Agency's investment in the SPIA, the investment is not currently subject to redemption notice period, and the investment is able to be redeemed immediately.

Custodial credit risk — Custodial credit risk for deposits is the risk in the event of the failure of a depository financial institution a government may not be able to recover deposits. Monies placed on deposit with financial institutions in the form of demand deposits, time deposits or certificate of deposits are defined as public deposits. The financial institutions in which the Agency places its deposits are certified as "qualified public depositories," as required under the Florida Security for Public Deposits Act. For an investment, this is the risk that, in the event of the failure of the counterparty, the Agency will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Interest rate risk – The Agency's investment policy does not address interest rate risk.

Credit risk – GASB Codification Section I50: *Investments* requires that governments provide information about credit risk associated with their investments by disclosing the credit rating of investments in debt securities as described by nationally recognized statistical rating organizations.

Foreign currency risk – The Agency's investments are not exposed to foreign currency risk. The Agency's investment policy does not address foreign currency risk.

Note 2: DETAILED NOTES ON ALL FUNDS (Continued)

Deposits and Investments (Continued)

Concentration of credit risk — GASB Codification Section I50: Investments requires disclosures of investments in any one issuer that represents five percent or more of total investments, excluding investments issued or explicitly guaranteed by the U.S government, investments in mutual funds, external investments pools and other pooled investments. The Agency's investment policy does not address concentration risk.

Fair Value — GASB Codification Section 3100: Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the codification are described as follows:

Level 1 (L1): Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Agency has the ability to access.

Level 2 (L2): Inputs to the valuation methodology include:

• quoted prices for similar assets or liabilities in active markets;

quoted prices for identical or similar assets or liabilities in inactive markets;

inputs other than quoted prices that are observable for the asset or liability;

• inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 (L3): Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At September 30, 2021, the Agency had the following investments:

		Weighted			
		Average to			
		Maturity	Effective		
Investment type	Fair Value	(WAM)	Duration	Rating	Agency
SBA (Florida PRIME)	\$ 87,729	50 days	-	AAAm	S&P
SPIA	31,854	-	2.65 years	A+f	S&P
Total	\$ 119,583				

Note 2: DETAILED NOTES ON ALL FUNDS (Continued)

Deposits and Investments (Continued)

Interest Rate Swap

The Agency's investment in the interest rate swap derivative investment of \$174,370 is valued using a market approach that considers benchmark interest rates (Level 2 inputs).

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Agency believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Capital Assets

Capital asset activity for the year ended September 30, 2021 was as follows:

	Beginning	Increases/	Decreases/	Ending	
	Balance	Transfers	Transfers	Balance	
Governmental activities:				_	
Capital assets, not being depreciated:					
Land	\$ 2,279,018	\$ -	\$ -	\$ 2,279,018	
Construction in progress	1,394,801	178,873	(904,036)	669,638	
Total capital assets,				_	
not being depreciated	3,673,819	178,873	(904,036)	2,948,656	
Capital assets, being depreciated:				_	
Buildings	-	904,036	-	904,036	
Improvements other than buildings	1,172,015	-	-	1,172,015	
Equipment	86,055	-	(18,478)	67 <i>,</i> 577	
Infrastructure	2,782,076	-	-	2,782,076	
Total capital assets being					
depreciated	4,040,146	904,036	(18,478)	4,925,704	
Less accumulated depreciation for:				_	
Buildings	-	-	-	-	
Improvements other than buildings	(251,018)	(26,707)	-	(277,725)	
Equipment	(63,178)	(8,627)	5,698	(66,107)	
Infrastructure	(523,185)	(71,137)	-	(594,322)

Governmental activities					
capital assets, net	\$ 6,876,584	\$ 976,438	\$ (916,816)	\$ 6,936,206	

Depreciation expense of \$106,471 was charged to the Community Development function.

Note 2: DETAILED NOTES ON ALL FUNDS (Continued)

Intergovernmental Receivables, Payables, and Transfers

Transfers for the year ended September 30, 2021:

	Transfers in:					
	 Community					
	Primary Redevelopment					
	Government	overnment Agency			Total	
Transfers out:						
Primary Government	\$ -	\$	2,002,879	\$	2,002,879	
Community Redevelopment Agency	(1,513,371)		-		(1,513,371)	
Total	\$ (1,513,371)	\$	2,002,879	\$	489,508	

Transfers are used to (1) move revenues from the fund that is required (per statute or budget) to collect them to the fund that is required (per statute or budget) to expend them and (2) return excess revenues not expended during the year back to the general fund at year-end in accordance with state statues.

Long-Term Debt and Liabilities

Notes payable

Community Redevelopment Agency Variable Rate Tax Increment Revenue Note: On May 4, 2006, the Community Redevelopment Agency entered into a loan agreement with a bank in an amount not to exceed \$8,000,000 to purchase real property and various capital improvements. The initial amount drawn on the note was \$6,250,000. Quarterly payments ranging from \$114,291 to \$117,988, including principal and interest, are due through the maturity date of May 1, 2026.

The note is secured by revenues of the Community Redevelopment Agency fund. Principal and interest paid for the current fiscal year was \$468,899. As of September 30, 2021, principal and interest to maturity in 2026 to be paid from pledged future revenues totaled \$2,173,145. At September 30, 2021, accrued interest for the Community Redevelopment Agency Variable Rate Tax Increment Revenue Note is \$18,215.

As a means of lowering its borrowing costs, when compared against fixed rate borrowings at the time of issuance in May 2006, the Agency entered into an interest rate swap agreement with the bank issuing it a \$6,250,000 variable rate note. The intention of the swap was to effectively change the Agency's variable rate note to a synthetic fixed rate of 4.23%. Under the swap agreement, the Agency pays the counterparty interest calculated at a fixed rate of 4.23%. In return, the counterparty owes the Agency interest based on 63.7% of the London Interbank Offering Rate (LIBOR) plus a spread of 0.50%. Only the net difference in the interest payments is actually exchanged with the counterparty. The \$6,250,000 in note principal is not exchanged; it is only the basis on which the interest payments are calculated. The swap agreement has a term of 20 years and a notional amount of \$1,989,200 as of September 30, 2021.

Note 2: DETAILED NOTES ON ALL FUNDS (Continued)

Long-Term Debt and Liabilities (Continued)

The associated variable-rate note has a \$1,989,200 principal amount as of the same date and has a like term. There are no embedded options on the swap agreements and no cash was paid or received when the swap agreements were entered into.

The debt service requirements of the variable-rate debt and net swap payments are shown below assuming current interest rates remain the same. The current variable rate on the \$6,250,000 note is 0.56% as of September 30, 2021. Therefore, the interest rate related to the \$6,250,000 swap is 3.67% as of the same date, calculated as the difference between the synthetic fixed rate of 4.23% and the 0.56% variable rate.

The interest rate swap agreement has a negative fair value of \$174,370 as of September 30, 2021. The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate note payable, creating lower synthetic rates. Because the payments on the Agency's variable-rate notes payable adjust to changing interest rates, the note payable does not have corresponding fair value increases. The fair value of the swap was obtained from the counterparty and is based on the quoted market price using the mark-to-market method. The change in fair value for the year ended September 30, 2021 is a negative of approximately \$94,694.

As of September 30, 2021, the Agency was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the Agency would be exposed to credit risk in the amount of the derivatives' fair value. As of September 30, 2021, the swap's counterparty was rated AA- by Fitch. The calculation of variable interest payments is an estimate. It is calculated based upon the total interest to be paid less the calculated amount of swap interest to be paid.

The derivative (interest rate swap) contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Agency or the counterparty may terminate the swap if the other party fails to perform under the terms of the contracts. If the swap was terminated, the variable-rate notes and bonds would no longer carry synthetic interest rates. Also, if at the time of termination a swap has a negative fair value, the Agency would be liable to the counterparty for a payment equal to the swap's fair value as of that date. As of September 30, 2021, the Agency has no intention of terminating its swap agreement.

Note 2: DETAILED NOTES ON ALL FUNDS (Continued)

Long-Term Debt and Liabilities (Continued)

Pledged revenues and principal and interest payments are as follows:

		Future	Current	Current	Current
	Amount	Principal	Pledged	Principal &	Percentage
Pledged Revenue	of issue	and Interest	Revenue	Interest	of Revenue
Community Redevelopment					
Agency Variable Rate Tax					
Increment Revenue Note	\$ 6,250,000	\$ 2,173,145	\$ 2,844,701	\$ 464,876	16%

Annual debt service requirements to maturity for the Agency's note payable are as follows:

			Interest	
September 30,	Principal	Interest	(swap)	Total
2022	\$ 386,800 \$	66,990 \$	11,086 \$	464,876
2023	403,300	52,522	8,931	464,753
2024	420,700	37,438	6,683	464,821
2025	438,800	21,703	4,338	464,841
2026	339,600	5,292	1,893	346,785
Totals	\$ 1,989,200 \$	183,945 \$	32,931 \$	2,206,076

Long-term liability activity for the year ended September 30, 2021, was as follows:

	Beginning			Ending	D	ue Within
	Balance	Additions	Reductions	Balance		One Year
Governmental activities:						
Notes from direct borrowi	ngs:					
Note payable – CRA	\$ 2,359,900	\$ -	\$ (370,700)	\$ 1,989,200	\$	386,800
Total notes from						
direct borrowings	2,359,900	-	(370,700)	1,989,200		386,800
Total long-term						
liabilities	\$ 2,359,900	\$ -	\$ (370,700)	\$ 1,989,200	\$	386,800

The note payable – CRA is liquidated by tax revenues received by the Community Redevelopment Agency fund.

Governmental Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the Agency is bound to observe constraints imposed upon the use of the resources in the governmental funds. The Agency has \$1,404 in fund balance at September 30, 2021.

Note 3: RISK MANAGEMENT

Insurance

The Agency is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the primary government carries insurance through Preferred Government Insurance Trust (PGIT). Coverage provided by PGIT includes general liability, auto liability, property and workers' compensation.

Litigation

Various suits in the ordinary course of operations are pending against the Agency. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Agency, the liabilities that may arise from such action would not result in losses that would exceed the liability insurance limits in effect at the time the claim arose or otherwise materially affect the financial position of the Agency or results of operations.

Note 4: UNCERTAINTIES

In March 2020, the World Health Organization made the assessment that the outbreak of the novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the ongoing operating activities and the future results of the Agency. The occurrence and extent of such an impact will depend on future developments, including (i) the and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain as of March 1, 2022.

Satellite Beach Community Redevelopment Agency Budgetary Notes to Required Supplementary Information

Note 1. BUDGETARY INFORMATION

An annual budget is adopted by the Agency's Board on a basis consistent with U.S. generally accepted accounting principles. All annual appropriations lapse at fiscal year-end.

The Agency's Executive Director or their designee may make transfers of appropriations within a department as long as the total budget of the department is not increased. Transfers of appropriations between departments require the approval of the Agency's Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level. The Agency's Board made several supplemental budgetary appropriations during the year.

Encumbrance accounting is employed for this governmental fund. Open commitments are recognized as expenditures in the period in which the actual goods or services are received and a liability is incurred. Encumbrances (e.g., contracts) outstanding at year end for unfulfilled obligations are cancelled and reappropriated in the succeeding year's budget. Accordingly, there were no encumbrances outstanding at year end.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Chairman and Board Members
Satellite Beach Community Redevelopment Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Satellite Beach Community Redevelopment Agency, as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Satellite Beach Redevelopment Agency's basic financial statements, and have issued our report thereon dated March 1, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Satellite Beach Community Redevelopment Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Satellite Beach Community Redevelopment Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of Satellite Beach Community Redevelopment Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Satellite Beach Community Redevelopment Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' MANAGEMENT LETTER

The Honorable Chairman and Board Members
Satellite Beach Community Redevelopment Agency

Report on the Financial Statements

We have audited the financial statements of the Satellite Beach Community Redevelopment Agency (the "Agency") as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated March 1, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 1, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings and recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority of the Satellite Beach Community Redevelopment Agency is disclosed in the footnotes. The Satellite Beach Community Redevelopment Agency has no component units.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Satellite Beach Community Redevelopment Agency met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Satellite Beach Community Redevelopment Agency did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Satellite Beach Community Redevelopment Agency. It is management's responsibility to monitor the Satellite Beach Community Redevelopment Agency's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information (unaudited)

the Agency's fiscal year as

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6-8, Rules of the Auditor General, the Satellite Beach Community Redevelopment Agency reported the information below. This information has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Satellite Beach Community Redevelopment Agency reported:

None

The total number of Agency employees compensated in the last pay period of

b.	The total number of independent contractors to whom nonemployee compensation was paid in the last month of the Agency's fiscal year as	None					
c.	c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency.						
d.	All compensation earned by or awarded to nonemployee independent						

- e. Each construction project with a total cost of at least \$65,000 approved by the
- Agency that is scheduled to begin on or after October 1 of the following fiscal year being reported, together with the total expenditures for such projects as **None, \$0**
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the See Page 39

Agency amends a final adopted budget under Section 189.016(6), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the Satellite Beach Community Redevelopment Agency reported:

a. The millage rate or rates imposed by the Agency.

8.6312

b. The total amount of ad valorem taxes collected by or on behalf of the Agency. \$ 2,844,701

c. The total amount of outstanding bonds issued by the Agency and the terms of such bonds as

None

Information required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)8, Rules of the Auditor General: The Satellite Beach Community Redevelopment Agency has not imposed any special assessments and therefore no reporting is required by Section 218.39(3), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Agency's Board Members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH LOCAL GOVERNMENT INVESTMENT POLICIES

The Honorable Chairman and Board Members
Satellite Beach Community Redevelopment Agency

We have examined the Satellite Beach Community Redevelopment Agency's (the "Agency") compliance with the requirements of Section 218.415, Florida Statutes, Local Government Investment Policies, during the year ended September 30, 2021. Management of the Agency is responsible for the Agency's compliance with the specified requirements. Our responsibility is to express an opinion on the Agency's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Agency complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Agency complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Agency's compliance with specified requirements.

In our opinion, the Agency complied, in all material respects, with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2021.

This report is intended solely for the information and use of the Agency's Board, management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REDEVELOPMENT TRUST FUND

The Honorable Chairman and Board Members
Satellite Beach Community Redevelopment Agency

We have examined the Satellite Beach Community Redevelopment Agency's (the "Agency") compliance with the requirements of Section 136.387(6) and (7), Florida Statutes, Redevelopment Trust Fund Policies, during the year ended September 30, 2021. Management of the Agency is responsible for the Agency's compliance with the specified requirements. Our responsibility is to express an opinion on the Agency's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Agency complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Agency complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Agency's compliance with specified requirements.

Our examination disclosed the following noncompliance with Section 163.387(6)(b), Florida Statutes, applicable to the Satellite Beach Community Redevelopment Agency during the fiscal year ended September 30, 2021. The Agency did not submit its annual budget for fiscal year 2021 nor one of the two subsequent amendments to the budget to the Brevard County Board of County Commissioners within 10 days after the adoption of such budget or within 10 days after the adoption of the amendment to the fiscal year 2021 budget.

In our opinion, the CRA complied, in all material respects, with the requirements of Sections 163.387(6) and 163.387(7), Florida Statutes, *Redevelopment Trust Fund*, during the year ended September 30, 2021, except for as noted in the paragraph above.

This report is intended solely for the information and use of the Agency's Board, management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.
