List of Principal Officers.....	5
Certificate of Achievement for Excellence in Financial Reporting	6

II. Financial Section

Independent Auditor's Report	7-9
Management's Discussion and Analysis	10-19
Basic Financial Statements:	
Statement of Net Position	20-21
Statement of Revenues, Expenses and Changes in Net Position	22
Statement of Cash Flows	23-24
Notes to Financial Statements	25-53
Required Supplementary Information:	
Schedule of Changes in Total OPEB Liability and Related Ratios	54
Schedule of Proportionate Share of Net Pension Liability – Florida Retirement System	55
Schedule of Proportionate Share of Net Pension Liability- Health Insurance Subsidy Program	56
Schedule of Contributions – Florida Retirement System	57
Schedule of Contributions – Health Insurance Subsidy Program.....	58
Supplementary Information:	
Schedule of Revenues and Expenses Compared to Budget.....	59
Schedule of Net Position	60 and 61
Schedule of Revenues, Expenses and Changes in Net Position	62
Schedule of Cash Flows	63 and 64
Water and Wastewater System-Schedule of Revenues and Expenses compared to Budget	65
Sanitation System – Schedule of Revenues and Expenses compared to Budget	66
Material Recycling System - Schedule of Revenues and Expenses compared to Budget	67

III. Statistical Section – Unaudited

Net Position by Component – Last Ten Years.....	68
Schedules of Revenues and Expenses – Last Ten Years.....	69-70
Outstanding Debt by Type and Per Customer – Last Ten Fiscal Years	71
Parity Debt Service Coverage – Last Ten Years.....	72

TABLE OF CONTENTS
(Continued)

III. Statistical Section – Unaudited (continued)

Number of Active Customers at Fiscal Year End – Last Ten Years	73
Principal Customers	74
Principal Employers.....	75
Recorded Rainfall	76
Water Consumption – Last Ten Years	77
Sewage Plant Flows – Last Ten Years	78
Operating Indicators – Last Ten Years	79
Miscellaneous Statistics – Last Ten Years.....	80-83
Schedule of Insurance	84 and 85

IV. Other Reports

Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with <i>Government Auditing Standards</i>	86 and 87
Independent Auditor’s Report on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance.....	88-90
Schedule of Expenditures of Federal Awards	91
Notes to the Schedule of Expenditures of Federal Awards	92
Schedule of Findings and Questioned Costs.....	93
Schedule of Prior Year Findings.....	94
Management Letter	95 and 96
Independent Accountant’s Report on Compliance with Section 218.415, Florida Statutes.....	97

February 10, 2023

Citizens of Escambia County and
Members of the Board
Emerald Coast Utilities Authority
Pensacola, Florida

The management and staff of the Emerald Coast Utilities Authority (the “Authority”) are pleased to present the Annual Comprehensive Financial Report (ACFR) for the year ended September 30, 2022. The financial statements are audited in conformity with Chapter 166.241(1), Florida Statutes, and Chapter 10.550 of the Rules of the Auditor General of the State of Florida. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Management’s Discussion and Analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Government Profile

The Authority was created by State legislation in 1981 to acquire, consolidate, manage and operate the water and wastewater systems in Escambia County, Florida. The Authority’s service area covers most of southern Escambia County, which is located in the northwestern part of the State of Florida. The Authority is an independent special district and is governed by a board of five members who are elected from districts located in Escambia County. The Authority employs an executive director, who is the chief executive officer of the Authority.

The Authority provides reliable high-quality potable water to over 100,000 customers. The wastewater system serves nearly 80,000 customers conveying wastewater to three treatment plants with a total capacity of 33.1 million gallons. The Authority began providing sanitation service in 1992 through an acquisition of the system previously operated by Escambia County. Since that time, mandatory garbage collection has been implemented in Escambia County and automated pick-up and recycling have been implemented throughout the service area. The Authority also purchased two additional residential systems in 1994. The Authority serves 95,000 sanitation customers in Escambia County. In September 2016, the Authority opened a Material Recycling Facility in an effort to keep recyclable materials out of the County landfill.

Financial Information

The Authority's financial accounting system is based on the full accrual basis in accordance with generally accepted accounting principles in the United States of America (GAAP). All activities of the Authority are accounted for within a single proprietary (enterprise) fund. The intent of the governing body is that the cost of providing goods or services to the general public is financed primarily through user charges. Operational and maintenance costs, including minor equipment purchases, are funded from customer fees and charges. The acquisition and construction of capital assets are funded by bonds, loans, Federal and State grants, contributions from customers and developers, and customer revenues.

The Authority's Board annually approves an operating budget and a five-year capital improvement budget. Budgetary controls are maintained by the Authority. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is by total appropriations. The Executive Director may approve transfers of appropriations within the budget. However, changes in total appropriations require Board approval. Budget-to-actual comparisons are provided in the Annual Comprehensive Financial Report (ACFR) separately for the combined water and wastewater system, the sanitation system, and for the materials recycling system, as well as for the Authority as a whole. Although these systems do not meet the definition of separate "funds", the Authority has established a policy that each system be self-supporting in accordance with sound accounting policy.

Local economy. Escambia County's unemployment rate decreased to 2.6% during 2022. The County continues to maintain a diverse economic base that includes military, industry, shipping, tourism and recreation, agriculture, services, and retail sales trade that fosters economic growth. This sustained growth has led to an increase in per capita personal income and in residential housing construction.

Long-term financial planning. Capital construction planning involves an evaluation and ranking process that begins in advance of the operating budget process. The Board and Committee members, Authority staff, and the public give input culminating in a plan that clearly expresses the capital needs of the Authority. It is the Authority's philosophy that new projects are only undertaken if current and future operating revenues are sufficient to fund the associated operating costs. The fiscal year 2023 capital improvement budget targets funding for system repairs, the Sanitary Sewer Overflow/Inflow and Infiltration program, replacement of antiquated water lines, a new sanitation transfer station facility, new equipment to serve additional sanitation customers, replacement of a portion of the fleet, and replacement of certain equipment for the composting activity. Funding for the 2023 capital improvement budget will come from operating revenues, the Capital Improvement Fee, impact fees, a newly created transfer station fee, funds received from agreements with other entities, and long term debt. The current capital improvement plan (CIP), funded annually, totals \$400.8 million over the next five year planning period. Details about the fiscal year 2023-2027 CIP budget can be found in the separately issued CIP Budget document found online at www.ecua.fl.gov/news/reports.

Rates and charges. The Authority remains financially sound through conservative budgeting and continuously monitoring costs compared to the budget. Authority staff continues to make a concerted effort to be frugal with expenditures, which helps to keep annual rate increases minimal. In order to provide adequate service to its customers, the Authority must receive sufficient revenue to cover operating and maintenance expenses, planned cash outlays, debt service payments and required cash reserves. Rates are reviewed annually during the budget process based on a cost of service analysis. Effective October 1, 2022 for fiscal year 2023, the Authority Board approved a 5% increase to water and wastewater rates and approved a 6% sanitation rate increase in addition to a monthly fee of \$1 per customer that is dedicated to funding the construction of the new transfer station for Escambia County customers. These rate increases are necessary to cover the increased operating cost and capital improvement needs for each system.

Independent audit. Chapter 218.39 of the Florida Statutes requires that the Authority's financial statements be audited by an independent certified public accounting firm. This requirement has been satisfied by the certified public accounting firm of Mauldin & Jenkins, LLC. Their report on the Authority's financial statements is included in the financial section of this report.

Awards and Acknowledgements

The Authority has been awarded a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) for its ACFR for the fiscal year ended September 30, 2021. This is the thirty-fourth consecutive year the Authority has received this prestigious national award. The certificate recognizes conformance with the highest standards for preparation of state and local government financial reports. In order to receive this award, a government must publish an easily readable and efficiently organized ACFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate. Preparation of this ACFR would not have been possible without the dedicated effort of the entire Finance Department staff. We would also like to thank the Board for their leadership and support for maintaining the highest standards of professionalism in the management of the Authority's finances.

Respectfully submitted,

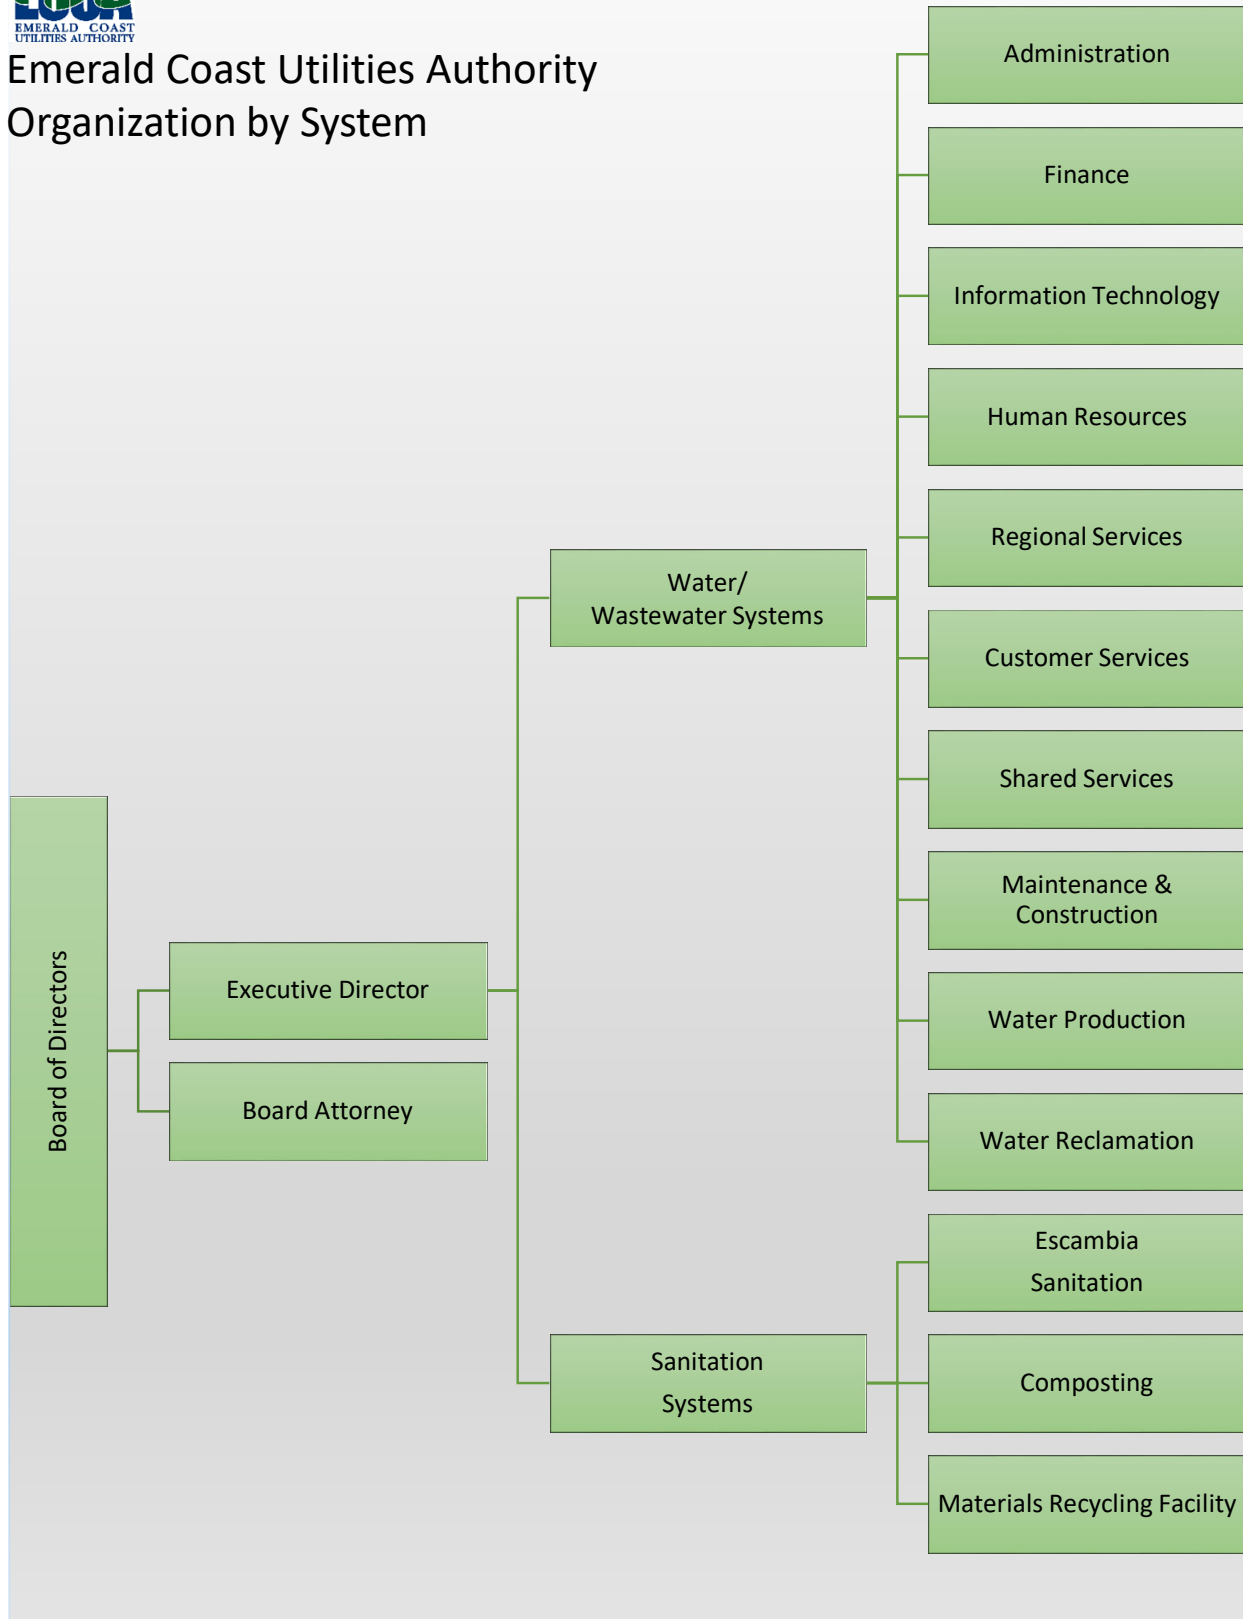

J. Bruce Woody
Executive Director

Justin Smith
Director of Finance

INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors of the
Emerald Coast Utilities Authority
Pensacola, Florida**

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the Emerald Coast Utilities Authority (the "Authority"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority as of September 30, 2022, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (on pages 10 through 19), the schedule of changes in the total OPEB liability and related ratios, the schedule of proportionate share of the net pension liability – Florida retirement system, the schedule of proportionate share of the net pension liability – health insurance subsidy program, the schedule of contributions – Florida retirement system, and the schedule of authority contributions – health insurance subsidy program (on pages 55 through 58) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying supplementary information as listed in the table of contents and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 10, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS

This page left blank intentionally

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Management's Discussion and Analysis offers readers of the Authority's financial statements an overview of the financial activities for the fiscal year ended on September 30, 2022. Please read it in conjunction with the letter of transmittal, the financial statements, and the accompanying notes.

Financial Highlights

- The Authority's financial position continues to be strong with adequate cash and debt service coverage. Assets and deferred outflows exceeded its liabilities and deferred inflows on September 30, 2022 by \$687.3 million (net position), a \$38.7 million increase over the previous fiscal year, or 5.9%. Of this amount, \$127.1 million (unrestricted net position) may be used to meet the Authority's ongoing obligations to customers and creditors. Of the remaining \$560.2 million, approximately \$516.2 million is the net investment in capital assets while the remainder is restricted for utility plant expansion (\$12.8 million) and debt service and other bond requirements (\$31.2 million).
- Operating revenue increased by \$6.8 million, or 4.4% from fiscal year 2021. This is primarily due to rate increases and a growing customer base. Rainfall during fiscal year 2021 was 75 inches, which is slightly below the 10 year average of 76 inches. During fiscal year 2022 the average residential customer's water consumption was approximately 4% less than fiscal year 2021.
- Operating expenses for fiscal year 2022 increased by \$6.9 million, or 5.45%. This is primarily due to the inflationary pressure felt nationwide. The Consumer Price Index for All Urban Consumers (CPI-U) increased every month during fiscal year 2022 and the 12-month increase in September 2022 was 8.7%.
- Debt service coverage decreased from 232% to 230% at the end of the fiscal year. No new parity debt was issued by the Authority during fiscal year 2022; however, the Authority financed a \$2.3 million purchase of new robotic sorters at the Materials Recycling Facility.
- The Authority experienced a 1% increase in water customers, a 1% increase in wastewater, and a 1% increase in sanitation customers during fiscal year 2022. The Authority sold 10 billion gallons of potable water and processed 8 billion gallons of wastewater at its three water reclamation facilities during fiscal year 2022. Authority collection trucks picked up over 120 thousand tons of residential, yard and recycling waste in Escambia County during fiscal year 2022.
- The Authority generated \$21.6 million in capital contributions during 2022. This amount consists of \$11.6 million of impact fees and other cash contributions for capital projects along with non-cash developer contributions in the form of water/wastewater infrastructure. The donation of developer infrastructure increased 48% over fiscal year 2021, indicating that developers completed several new projects in Escambia County.
- The capital improvement fee for funding capital improvements within the Water and Wastewater system generated \$9.8 million in revenue. The capital funding fee implemented during fiscal year 2019 for the sanitation system generated \$1.6 million in revenue. These funds are used to pay for either new or on-going capital projects and/or related debt service to finance the projects.

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Overview of the Annual Financial Report

The Annual Comprehensive Financial Report (ACFR) is presented in four sections: Introductory, Financial, Statistical, and Other Reports. The Introductory section includes a letter of transmittal, the Authority's Organization Chart, and a list of Principal Officials. The Financial section includes Management's Discussion and Analysis, Financial Statements with accompanying notes, and the Supplementary Information schedules. The Statistical section includes selected financial, operational, and demographic information generally presented on a multi-year basis. Other reports by the auditor regarding internal accounting controls and compliance with laws and regulations are included in the final section of this report, along with the auditor's management letter.

The Authority is a single enterprise fund even though it provides various utility services. The financial statements present the financial position of the Authority using full accrual accounting methods similar to those used by private sector companies. The financial statements include a statement of net position; a statement of revenues, expenses, and changes in net position; a statement of cash flows; and notes to the financial statements.

The **statement of net position** presents information on all of the Authority's assets, liabilities, and deferred inflows and outflows, with the difference reported as net position. Net position over time may serve as a useful indicator of the Authority's financial position.

The **statement of revenues, expenses, and changes in net position** presents the results of the business activities during the reporting period and information as to how the net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods. This statement can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges.

The **statement of cash flows** presents changes in cash and cash equivalents, resulting from operating, capital and related financing, and investing activities. This statement presents cash receipts and cash disbursement information, without consideration of the earnings event, when an obligation arises, or the depreciation of capital assets.

The **notes to the financial statements** provide required disclosures and other information essential to fully understand the data provided in the financial statements. The notes present information about the Authority's significant accounting policies, account balances and activities, material risks, obligations, commitments and contingencies.

The **supplementary information** section presents additional financial data, budgetary comparisons, and schedules that focus on the Water and Wastewater System, the Sanitation System, and the Recycling System. The schedule of revenue and expenses compared-to-budget can be used to determine the Authority's compliance with the budget. The separate schedules reflecting financial information for each system can be used to determine if the separate systems have recovered all associated costs for that system. It is the Board's philosophy that each system should be self-supporting.

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Financial Analysis

A comparative summary of the Authority's statement of net position as of September 30, 2022, and 2021, is shown below.

Comparative Summary of the Statement of Net Position
As of September 30, 2022 and 2021
(In Thousands)

	2022	2021	Increase (Decrease)	
			Change	%
Current assets	\$ 105,404	\$ 86,062	\$ 19,342	22.5%
Non-current assets-other than capital assets	119,250	135,111	(15,861)	-11.7%
Total Capital Assets (Net)	<u>785,090</u>	<u>780,057</u>	<u>5,033</u>	0.6%
Total Assets	<u>1,009,744</u>	<u>1,001,230</u>	<u>8,514</u>	0.9%
Total Deferred Outflows of Resources	<u>10,924</u>	<u>10,299</u>	<u>625</u>	6.1%
Current liabilities	50,552	51,835	(1,283)	-2.5%
Non-current liabilities	<u>278,846</u>	<u>288,449</u>	<u>(9,603)</u>	-3.3%
Total Liabilities	329,398	340,284	(10,886)	-3.2%
Total Deferred Inflows of Resources	<u>3,920</u>	<u>22,587</u>	<u>(18,667)</u>	-82.6%
Net investment in capital assets	516,221	484,341	31,880	6.6%
Restricted - debt service and bond requirements	31,261	34,727	(3,466)	-10.0%
Restricted - expansion of utility plant	12,750	7,816	4,934	63.1%
Unrestricted	<u>127,118</u>	<u>121,774</u>	<u>5,344</u>	4.4%
Total Net Position	<u>\$ 687,350</u>	<u>\$ 648,658</u>	<u>\$ 38,692</u>	6.0%

At the end of fiscal year 2022, the Authority is able to report positive balances in all three categories reported in net position, namely net investment in capital assets, restricted net position, and unrestricted net position. The largest portion of the Authority's net position reflects its investment in capital assets (i.e., land, buildings, improvements, and equipment) less any related outstanding debt used to acquire those assets. The Authority uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. The Authority's restricted net position represents resources that are subject to restrictions as to how they may be used, namely bond covenants and other restrictions delineated by Board approved Resolutions. The remaining portion, unrestricted net position represents assets that may be used to meet any of the Authority's on-going obligations to customers and creditors.

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

The Authority's net position increased by 6% to \$687.4 million as of September 30, 2022, mainly due to an increase in operating revenues and capital contributions. There was a 2.5% rate increase for all water and wastewater customers and a 9.5% increase for sanitation customers.

In 2022, the Authority completed \$18.8 million of projects that were under construction in prior years, added \$20.1 million of new capital project completions, received \$10 million of capital assets through non-cash contributions, disposed of \$2.7 million of assets and recorded \$42 million in depreciation.

Total Liabilities decreased \$10.9 million (3.2%) during fiscal year 2022. This is due to the Authority paying down \$31.7 million in principle on long-term debt. However, this was partially offset by an increase of \$19.9 million to the Authority's proportionate share of the Florida Retirement System net pension liability during fiscal year 2022. The Authority financed the purchase of new robotic sorters at the Materials Recycling Facility at a cost of \$2.3 million. This was offset by normal debt service payments.

A comparison of current unrestricted assets as compared to current unrestricted liabilities for business-type activities can be a good indication of the Authority's ability to meet its current and existing operation responsibilities. The comparison ratios are as follows:

Fiscal year ending September 30:	2022	2021
Current unrestricted assets	\$87,538	\$64,356
Current unrestricted liabilities	\$11,149	\$11,960
Ratio of current assets to current liabilities	7.9	5.4

The ratio of current assets to current liabilities is a commonly used balance sheet indicator of cash solvency. A ratio greater than 1.0 is generally viewed as an acceptable indicator of an entity's ability to pay its current obligations. The Authority's current year ratio indicates adequate operating cash flows.

Debt and Debt Service Coverage

In the Authority's bond resolution, the Authority covenants that it will fix, establish, and revise from time to time whenever necessary, maintain and collect always such fees, rates, rentals, and other charges for the use of the product, services and facilities of the System which will always provide gross revenues in each year sufficient to pay 100% of all costs of operation and maintenance of the system, and 125% of the bond service requirement due in each year on all outstanding bonds. The rate covenant in the bond resolution obligates the Authority to review rates annually and to revise such rates and charges as necessary to meet the coverage test and to pay 100% of all costs of operations and maintenance of the System during that fiscal year.

Debt service coverage for 2022 and 2021 was 230% and 232%, respectively, both of which exceeded the debt service covenants requirement of 125%. The Authority believes the ratio is appropriate for the degree of risk in the organization, and it is clear evidence of the strength of its equity. The following table presents the required net earnings as defined by the bond covenants, actual net earnings available for debt service, and total annual debt service. Additional debt service coverage is shown in the statistical section of this report.

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

At the end of the current fiscal year, the Authority had total notes and bonded debt outstanding of \$210.3 million. The Authority did not issue any new bonds or notes during fiscal year 2022. Decreases in the amount outstanding were attributable to normal debt service principal reductions for the revenue bonds and notes. The following table summarizes the Authority's outstanding bonded debt and notes:

Outstanding Bonded Debt and Notes
Emerald Coast Utilities Authority
Outstanding Bonded Debt and Notes

	2022	2021
Utility Systems Revenue Bonds	\$ 40,070,000	\$ 46,467,000
Utility Systems Revenue Notes	\$ 170,198,000	\$ 189,173,000
	<u>\$ 210,268,000</u>	<u>\$ 232,507,000</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022

Revenues

The following Condensed Statement of Revenues, Expenses, and Changes in Net Position, shows the results of operations for the current and the prior fiscal years:

Comparative Summary of the Changes in Net Position
For the Years Ended September 30, 2022 and 2021
(In Thousands)

	2022	2021	Increase (Decrease)	
			Change	%
Operating Revenues:				
Customer charges for services	\$ 140,032	\$ 136,200	\$ 3,832	2.8%
Other revenues	23,315	20,439	2,876	14.1%
Total operating revenues	163,347	156,639	6,708	4.4%
Operating Expenses:				
Water & wastewater system	101,779	95,774	6,005	6.3%
Sanitation system	29,602	28,974	628	2.2%
Materials recycling system	2,593	2,301	292	12.7%
Total operating expenses	133,974	127,049	6,925	5.5%
Operating Income	29,373	29,590	(217)	-0.7%
Non-Operating Revenues (Expenses):				
Investment earnings (loss)	(2,864)	324	(3,188)	-984.0%
Interest expense	(10,179)	(11,308)	1,129	-10.0%
Insurance reimbursements	580	988	(408)	-41.3%
Gain (Loss) on disposal on assets	143	(414)	557	-134.5%
Total non-operating revenues (expenses)	(12,320)	(10,410)	(1,910)	18.3%
Gain before contributions	17,053	19,180	(2,127)	-11.1%
Capital Contributions	21,639	15,602	6,037	38.7%
Change in net position	38,692	34,782	3,910	11.2%
Total Net Position - Beginning	648,658	613,876	34,782	5.7%
Total Net Position - Ending	\$ 687,350	\$ 648,658	\$ 38,692	6.0%

The \$6.7 million (4.4%) increase in total operating revenues is the result of the rate increases and customer growth. The demand for housing in northwestern Escambia County remains high as we continue to see new businesses expand into the area. The number of water customers grew by 561 (0.5%) while

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

the number of wastewater customers increased by 889 (1%) and sanitation customers increased by 1,186 (1%).

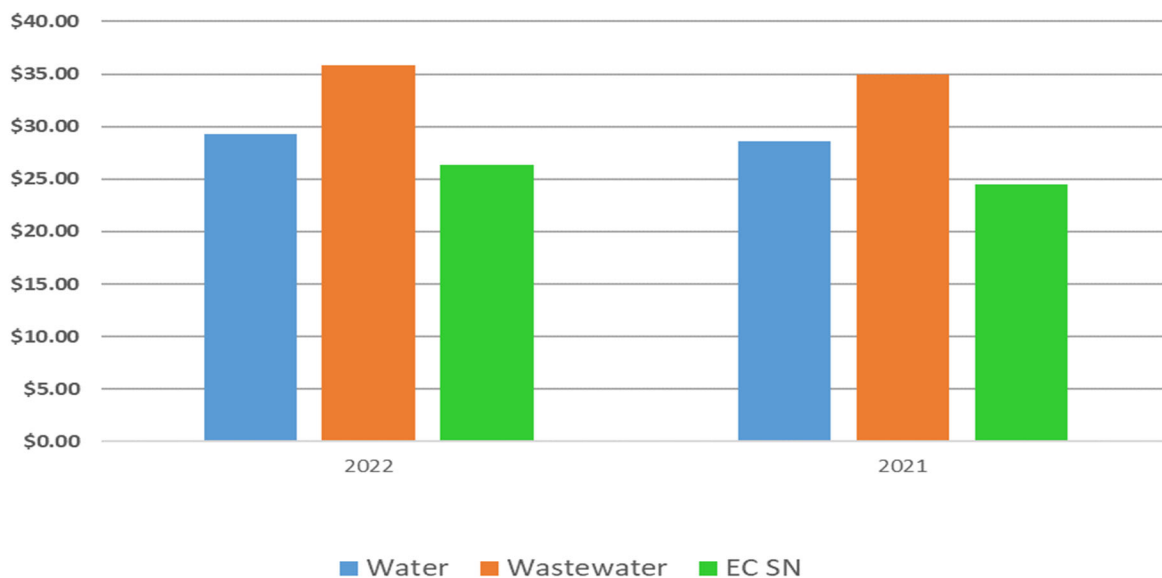

The Authority Board approved a budget with a 2.5% rate increase for water and wastewater customers and 9.5% for Escambia County sanitation customers effective October 1, 2021.

Recycling revenue decreased by \$86.9 thousand or 3.4% from fiscal year 2021. The MRF processed a total of 20,621 tons of recyclables during fiscal 2022 as compared to 27,656 tons of recyclables during fiscal year 2021, a decrease of approximately 25.4%. The MRF was shut down from June 16, 2022 – September 2022 to perform major repairs at the facility. Despite the shut downs, the MRF was still able to generate sufficient revenue to cover expenditures for the year.

Non-cash developer contributions increased 48.3% from the previous fiscal year and water and wastewater connection fees increased 10.6% indicating that residential housing construction is underway in the new developments. Non-cash contributions reflect the utility system contributions by builders and developers. The increases over the years are a reflection of the variances in construction starts in Escambia County. The utility system contributions are primarily residential and have been completed in accordance with plans and specifications approved by the Authority. These contributions are not budgeted, as they are generally non-cash, of limited relevance to rate setting, and the timing is not subject to the Authority control.

The table below shows the average monthly residential customer’s bill for the fiscal years 2022 and 2021. The charges are calculated using the typical residential consumption of 6,100 gallons of water and 4,600 gallons of wastewater.

Monthly Residential Customer Bill

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Expenses

Operational expenses are broken down into three categories: water and wastewater service, sanitation service and recycling service. Operating expenses totaled \$134 million for fiscal year 2022, a 5.45% increase over the previous fiscal year. Water and wastewater operating expenses increased \$6.0 million (6.3%) primarily due increases in personnel costs, utilities, and operating supplies. The Authority experienced a 16.6% increase in utilities consisting of electricity and natural gas rate increases. Also, inflationary pressures and high demand for chemicals resulted in a 14.4% increase in operating supplies for fiscal year 2022. Sanitation operating expenses increased approximately \$628 thousand (2.2%) primarily increases in personnel costs, temporary labor, and operating supplies. Operating expenses for the Materials Recycling Facility (MRF) increased by \$292 thousand (12.7%) over the previous fiscal year due to increases in personnel costs, contractual services, and repairs and maintenance. Several vacancies were filled in fiscal year 2022 resulting in an increase of 29.8% in personnel costs. The MRF was shut down for approximately four months during fiscal year 2022 and the Authority incurred significant expenses during this period performing major repairs to the facility.

The graph below compares the expenses to the program revenues supporting the operations.

Capital Assets

During 2022, the Authority spent \$53.4 million for construction and equipment, consisting of the following: \$14.9 million to upgrade or replace sewer lines, \$4.3 million for vehicles and equipment, \$4.7 million to upgrade or replace lift stations, \$1.1 million on utility relocations and \$9.7 million to upgrade or replace water distribution lines.

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

The following lists some of the Authority's completed capital projects for fiscal year 2022:

- Construction totaling \$3.4 million was completed on the utility relocation projects on Nine Mile Road in conjunction with the Florida Department of Transportation.
- Construction totaling \$1 million was completed on the River Gardens sewer expansion.
- Construction totaling \$5.1 million was completed on the Innerarity Island sewer expansion.
- Construction totaling \$1.7 million was completed on Phase 4 of the Navy Point sewer expansion project.
- Construction totaling \$2.9 million was completed on the Guillemard Trunk Main project.
- \$1.4 million for on-going costs to repair and replace Cured In Place Lateral Lining.
- \$3.1 million for on-going costs for Sanitary Sewer Lateral Lining.
- \$2.1 million for on-going costs to repair and replace water meters throughout the system.
- Construction totaling \$1.1 was completed on the Mobile Hwy and Perdido Key booster pump stations.
- \$5.0 million on various vehicles, trucks, and other equipment.
- \$24.4 million worth of projects are still under construction at the end of the fiscal year.

See Note 6 in the Notes to the Financial Statements section for additional information on the Authority's capital assets.

Economic Factors and Next Year's Budget and Rates

The 2023 budget approved by the Board establishes funding at a level that maintains current programs and provides for enhancements to our existing level of service as well as funding \$93.6 million for capital improvements. The capital improvement program will be funded with fiscal year 2022 carry forward funds, current year revenues, capital improvement fees, impact fees, debt issues, and grant funding from State and/or Federal agencies. The Authority has executed grant agreements with the Florida Department of Environmental Protection Agency for sewer expansion projects in certain geographical areas. The total cost of these projects are \$21.8 million, of which 50% will be funded by grants and the remaining 50% is expected to be funded through the issuance of debt. The 2023 budget also includes \$15 million for the construction of a transfer station and other sanitation facilities. This project is expected to be funded through the issuance of debt and the related debt service costs will be paid for using the newly established transfer station fee of \$1 per month for every sanitation customer. The capital improvement budget includes \$9 million for the Inflow and Infiltration construction phase of the Florida Department of Environment Protection consent order. The remaining \$47.8 million is for other normal infrastructure projects and vehicle and equipment replacements. The operating budget, which includes a 5% rate increase for water and wastewater customers, continues to support costs associated with compliance for inflow and infiltration and lab tests mandated by the consent order, the community awareness campaign, and other increases to normal operating costs due to inflation.

The Authority Board approved a 6% increase in the Escambia sanitation rates and established a transfer station fee of \$1 per month for every sanitation customer. The transfer station fee will be used to cover the debt service and related expenses for the construction of the sanitation transfer station and other sanitation facilities. The sanitation budget contains funding for increases in normal operating costs such as personnel, contractual services for day laborers, repair and maintenance, fuel and lubricants, and

**EMERALD COAST UTILITIES AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

tipping fees at the Escambia County landfill due to our growing customer base. The fiscal year 2023 sanitation budget also includes funding for the purchase of approximately 21 residential collection vehicles to replace a portion of our aging fleet that have reached the end of their useful life.

No rate setting is involved with the MRF. The Authority is now managing operations in-house and has interlocal agreements with several nearby cities and counties to accept their recyclable materials. Revenues from the sale of the recovered materials and the tipping fees from entity's that utilize the facility pay for the entire operation, including debt service.

Requests for Information

This financial report is designed to provide the Authority's ratepayers and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Emerald Coast Utilities Authority, Director of Finance, P.O. Box 17089, Pensacola, Florida 32522-7089, or e-mail justin.smith@ecua.fl.gov.

NOTES TO FINANCIAL STATEMENTS

This page left blank intentionally

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity - The Emerald Coast Utilities Authority (formerly, the Escambia County Utilities Authority) (the “Authority”) was formed pursuant to the provisions of Chapter 81-376 Laws of Florida, Special Acts of 1981 as amended. The Authority is governed by a Board of five members elected from districts located in Escambia Authority, Florida. The purpose of the Authority as mandated by the Legislature is to acquire, consolidate, manage and operate the water and wastewater systems in Escambia Authority.

In addition to its water and wastewater utility, the Authority also operates a sanitation collection utility for both residential and commercial services and a material recycling facility to handle recyclable material. The Authority has established policies that both the sanitation system and the recycling facility be self-supporting.

The Emerald Coast Utilities Authority is an independent special district as defined by Section 218.31, Florida Statutes and is not included for financial reporting purposes as a component unit of Escambia Authority or the City of Pensacola, Florida. There are no organizations that should be considered for inclusion as component units in the Authority’s financial statements.

Measurement Focus and Basis of Accounting - The Authority is accounted for as an enterprise fund and uses the flow of economic resources measurement focus and the accrual basis of accounting in the preparation of its annual financial statements, whereby revenues are recognized when earned and expenses are recognized when incurred. The accounting and reporting policies of the Authority conform to the accounting rules prescribed by the Governmental Accounting Standards Board (GASB).

The Authority’s financial statements are reported using the accrual basis of accounting, distinguishing operating revenues and expense from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund’s principal ongoing operations. The principal operating revenues of the Authority’s enterprise fund are charges to customers of sales and services. Operating expenses include the cost of providing utility and recycling services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Cash and Cash Equivalents includes cash on hand, demand deposits, certificates of deposit, money market accounts, savings accounts, investments in the State Board of Administration Florida Local Government Surplus Funds Trust Fund (SBA) and highly liquid investments (including restricted assets) with a maturity of three months or less when purchased.

Investments are stated at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, except for the Authority’s position in the Local Government Surplus Funds Trust Fund, which are external 2a7-like investment pool stated at share price. All valuations are based on quoted market prices. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income. The Authority’s investment policy provides asset allocation, issuer, and maturity limits to protect the Authority’s cash and investments. The policy allows for a short-term strategy (maturities of 12 months or less) to provide for operating funds and a longer-term strategy (maturities not exceeding 5 years) for the “core” portion of the portfolio. As defined by GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, money market investments are reported at amortized costs rather than fair value.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Accounts Receivable consisting of unbilled revenues for services delivered during the last month of the fiscal year are accrued based on services rendered for September. Also included are outstanding balances relating to finance agreements. Receivables related to operating revenues are recorded as current assets, net of an allowance for doubtful account of \$1,490,200. The allowance is based upon management's specific identification of receivables that may become uncollectible.

Inventory consisting primarily of supplies held for use in maintaining the system is stated at weighted average cost and expenses are recognized when inventories are used.

Restricted Assets are Authority assets that are restricted by specific provisions of rates and charges resolutions, bond resolutions, and other agreements. Assets so designated are identified as restricted assets on the statement of net position.

Capital Assets, which include property, plant, equipment, intangibles, and infrastructure assets (e.g. water and sewer pipes) are capitalized at cost when purchased, except for property contributed by customers and developers, which are capitalized at their acquisition value at the date received as estimated by engineers. The Authority's capitalization threshold is \$5,000 and an estimated useful life in excess of one year. Major outlays for capital assets and improvements are capitalized as projects are constructed. Depreciation is provided using the composite straight-line method over the estimated useful lives of the assets. Estimated useful lives are generally as follows:

Buildings	20 to 50 years
Improvements	20 to 50 years
Equipment	5 to 10 years

Intangible Assets are amounts paid for solid waste collection rights within unincorporated areas of Escambia Authority. The amounts are being amortized over 30 years using the straight-line method.

Debt Issuance Costs are amortized over the estimated life of the issue using the straight-line method. The Authority follows GASB Statement No. 62 which allows matching the regulated rate recovery of the costs if certain criteria are met.

Bond Discounts and Premiums are deferred in the year of issuance and amortized using the effective interest method over the life of the issuance.

Compensated Absences represent the liability under the Authority's policy to permit employees to accumulate a limited amount of earned but unused leave benefits, which are paid upon separation of service. Unpaid compensated absences are recorded as a liability when the benefits are earned.

Other Post-Employment Benefits represent the liability under the provisions of GASB statement No. 75, Accounting and Financial Reporting by Employers for Post-Employment Benefits (OPEB) to report expense and related liabilities (assets), of post-employment benefits other than pensions.

Claims Liabilities represent liabilities for reported claims based on an actuarial review of claims pending and historical experience.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Pension represents the Authority's proportionate share of the net pension liability of the cost-sharing pension plans in which it participates.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Florida Retirement System ("FRS") defined benefit plan and the Health Insurance Subsidy ("HIS") defined benefit plan, and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Deferred Outflows and Inflows of Resources are reported in a separate section from assets and liabilities on the statement of net position. Separate from assets is the statement element, deferred outflows of resources, which represent a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense) until that time. Separate from liabilities is the statement element, deferred inflows of resources, which represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time.

The Authority has three items that qualify for reporting as deferred outflows of resources, which are the deferred amount on refunding, the deferred outflows related to pensions, and the deferred outflows related to other post-employment benefits. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the remaining life of the original issue or the life of the new issue. In fiscal year 2022, the Authority reports \$836,443 related to the refunding of debt. The Authority's other two items that qualify for reporting as deferred inflows of resources relate to the Authority's pensions and other post-employment benefits. The deferred outflows and inflows of resources related to pension and other postemployment benefits are further discussed in Notes 11 and 12.

Net Position is the Authority's equity classified as net position and is further classified in the following components:

Net investment in capital assets consists of all capital assets, net of accumulated depreciation reduced by outstanding debt that is attributable to the acquisition, construction or improvement of those assets. Debt related to unspent proceeds or other restricted cash and investments is excluded from the determination.

Restricted for debt service and other bond requirements represents assets whose use is subject to constraints that are externally imposed by creditors (such as through debt covenants), along with constraints placed on use by revenue bond resolution.

Restricted for expansion of utility plant consists of impact fees received and to be used only for expansion of the utility plant.

Unrestricted net position represents assets that are neither restricted nor invested in capital assets. Authority management has the discretion to make managerial decisions regarding the use of these assets.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Use of Restricted Resources occurs first when an expense is incurred for purposes for which both restricted and unrestricted resources are available. It is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

Revenue and Unearned Revenue represents the customer billing for water, wastewater and sanitation services monthly on a cycle basis. Unbilled revenue between the end of the cycle and the end of the month is accrued. Connection charges are based on actual costs and, accordingly, are recorded as revenue. Connection charges collected in advance are recorded as unearned revenue.

Operating Revenues and Expenses generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority's water, wastewater, and sanitation systems are customer charges for water, wastewater and sanitation services. The Recycling System derives revenue from the sale of processed recyclable materials. Operating expenses include the cost of providing utility and recycling services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Capital Contributions are recognized in the statements of revenues, expenses and changes in net position when earned, and include impact fees, construction grants and property received from customers and developers.

Estimates are used in the preparation of financial statements in conformity with generally accepted accounting principles. This requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

The Authority's Board approves total budget appropriations only. The Executive Director is authorized to transfer budget amounts between departmental and object codes. However, any revisions that alter the total appropriations must be approved by the Board. Therefore, the level of budgetary responsibility is by total appropriations; however, for report purposes, this level has been expanded to an object code basis (personal services, contractual services, professional services, etc.). All appropriations lapse at year-end.

Formal budgetary integration is employed as a management tool during the year.

Budgetary Basis of Accounting:

The budget is prepared on a basis that differs significantly from generally accepted accounting principles. The primary differences are as follows:

- 1) The budget does not include a provision for depreciation expense or amortization of debt issuance costs. It also does not include adjustments for pension and other post-employment benefits related expenses.
- 2) The budget includes provisions for capital outlay and debt retirement which are not included in the results of operations under generally accepted accounting principles.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

The budget amounts shown in the financial statements are the final authorized amounts as amended during the year.

NOTE 3 – CASH AND INVESTMENTS

The investment of surplus funds and restricted reserve funds is governed by the Authority’s investment policy under the provisions of Section 218.415, Florida Statutes. Investments authorized by the Authority’s investment policy and state statute include intergovernmental investment pools, money market funds, including money market mutual funds, interest bearing time deposits or savings accounts in qualified public depositories, direct obligations of the U.S. Treasury and U.S. agencies and instrumentalities, and other investments authorized by law or by resolution for a special district.

Deposits – Cash and Cash Equivalents

The Authority’s cash deposits are held by a bank that qualifies as a public depository under the Florida Security for Public Deposits Acts, as required by Chapter 280, Florida Statutes. As such, these deposits are considered to be entirely covered by federal depository insurance or pooled collateral held the State Treasurer under the provisions of Chapter 280, Florida Statutes. As of September 30, 2022, the carrying value of the Authority’s bank deposit accounts was \$31,077,235 and the bank balance was \$31,386,119.

Investment Portfolio

As of September 30, 2022, investment holdings detailed in the table below are reported at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and GASB Statement No. 72, *Fair Measurement and Application*.

	Fair Value	Weighted Average Maturity (Years)
Certificates of Deposit	\$ 3,292,958	0.205

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Interest Rate Risk

To the extent possible, an attempt is made to match investment maturities with known cash needs and anticipated cash flow requirements. For operating funds, investment maturities are matched with known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than 12 months. For core funds, investments of reserves, project funds, debt proceeds and other non-operating funds shall have a term appropriate to the need for funds and in accordance with debt covenants, but in no event shall exceed five years and the average duration of the funds as a whole may not exceed three years.

The Authority utilizes “weighted average duration” as a measurement of interest rate risk and as of September 30, 2022, the investments had a weighted average duration of 1.130 years.

The Authority had securities with embedded options consisting of the option at the discretion of the issuer to call their obligation or pay a stated increase in the interest rate as follows:

<u>CUSIP</u>	<u>Description</u>	<u>Maturity Date</u>	<u>Fair Value</u>	<u>Call Schedule</u>	<u>Call Date</u>
037833DE7	Apple, Inc.	1/13/2023	\$ 500,910	continuous	12/13/2022
			<u>\$ 500,910</u>		

Credit Risk

The Authority’s investment policy permits the following investments, which are limited to credit quality ratings from nationally recognized rating agencies as described below:

- 1) The Local Government Surplus Funds Trust Fund or any other authorized intergovernmental investment pool shall be rated “AAAm” by Standard & Poor’s or the equivalent by another rating agency.
- 2) Money Market Mutual Funds rated “AAAm” by Standard & Poor’s or the equivalent by another rating agency.
- 3) U.S. Government Treasury Securities, U.S. Government Agencies, and Federal Instrumentalities guaranteed by the U.S. Government or sponsored agencies.
- 4) Commercial Paper that is rated, at the time of purchase, in the highest tier by a minimum of two nationally recognized statistical rating organizations.
- 5) Corporate Notes issued by a corporation or bank denominated in U.S. Dollar, that have a long-term debt rating, at the time of purchase, at a minimum single “A” category by any two nationally recognized statistical rating organizations.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

- 6) Banker’s Acceptances issued by a domestic bank or a federally chartered domestic office of a foreign bank, which are eligible for purchase by the Federal Reserve System, at the time of purchase, the short-term paper is rated, at a minimum, “P-1” by Moody’s Investors Services and “A-1” by Standard & Poor’s.
- 7) State and/or Local Government Taxable and/or Tax-Exempt Debt, general obligation or revenue obligation, that have a long-term debt rating, at the time of purchase, at a minimum single “A” category by any two nationally recognized statistical rating organizations or at least “MIG-2” by Moody’s and “SP-2” by Standard & Poor’s for short-term debt.

The Local Government Surplus Funds Trust Fund and the Florida Palm Trust Fund are external 2a7-like investment pool, in which the fair value of the Authority’s position in the pool is the same as the value of the pool shares. There are no restrictions on redemptions. Additional information regarding the Local Government Surplus Funds Trust Fund may be obtained from the State Board of Administration.

At September 30, 2022, the Authority’s investments had the following credit quality:

Security Type	Standard & Poor's Credit Rating	Portfolio Asset Allocation
Certificates of Deposit	N/A	2.17%
Local Government Surplus Funds Trust Fund*	AAAm	42.26%
Florida Palm**	AAAm	18.64%
Money Market Mutual Funds	AAAm	0.71%
Money Market Mutual Funds	AAAm ²	0.07%
Corporate Notes	AA+	0.49%
Corporate Notes	AA	1.45%
Corporate Notes	AA-	0.15%
Corporate Notes	A+	1.90%
Corporate Notes	A	1.13%
State and Local Government Debt	AAA	0.72%
State and Local Government Debt	AA+	0.45%

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Custodial Credit Risk

The Authority's investment policy requires securities, with the exception of certificates of deposits, shall be held with a third-party custodian; and all securities purchased by, and all collateral obtained by the Authority should be properly designated as an asset of the Authority. The securities must be held in an account separate and apart from the assets of the financial institution. Certificates of deposits will be placed in the provider's safekeeping department for the term of the deposit.

As of September 30, 2022, the Authority's securities portfolio was held with a third-party custodian as required by the Authority's investment policy.

Concentration of Credit Risk

The Authority's investment policy has established asset allocation and issuer limits on the following investments to reduce concentration of credit risk of the Authority's investment portfolio.

	Asset Allocation Maximum	Individual Issuer Limit
Local Government Surplus Funds Trust Fund	100%	N/A
Other Intergovernmental Investment Pools	25%	N/A
Money Market Mutual Funds	50%	25%
U.S. Government Treasury Securities *	100%	N/A
Interest Bearing Time Deposits or Saving Accounts	20%	10%
U.S. Government Agencies	50%	10%
Federal Instrumentalities	100%	25%
Commercial Paper	25%	5%
Corporate Notes	20%	5%
Banker's Acceptances	25%	5%
State/Local Government Tax and/or Tax-Exempt Debt	25%	N/A

* Treasury Strips are limited to 10% of available funds

City of New York	612,410	0.404%
	<u>\$ 151,546,994</u>	<u>100%</u>

Fair Value of Investments:

The Authority categorizes its fair value measurements within the fair value hierarchy established under generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 input are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

All the Authority's investments are classified at Level 2.

Securities classified in Level 2 are valued using the following approaches:

- Money Market Mutual Funds: published fair value per share (unit) for each fund;
- U.S. Treasury Securities and Federal Instrumentalities: quoted prices for identical securities in markets that are not active;

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

- Corporate Notes and State and Local Government Debt: quoted prices for similar securities in active markets.

The Local Government Surplus Funds Trust Fund and the Florida Palm Public Funds are measured at cost and excluded from the fair value hierarchy disclosure.

NOTE 4 – RECEIVABLES

Receivables at year end for the Authority’s system in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	Accounts	Notes	Accrued Interest	Gross Receivables	Allowance for Uncollectible	Net
Water/wastewater	\$19,508,415	\$29,071	\$6,802	\$19,544,288	(\$1,364,200)	\$18,180,088
Sanitation	1,867,299	-	-	1,867,299	(126,000)	1,741,299
Materials recycling	32,050	-	-	32,050	-	32,050

2028 - 2032	92,481,555	8,879,176	101,360,731
2033 - 2037	11,930,000	860,482	12,790,482
Total bond, note, and loan debt service requirements	<u>\$ 265,225,314</u>	<u>\$45,301,787</u>	<u>\$ 310,527,101</u>

Advance Refunding of Outstanding Debt in prior years permitted the Authority to issue refunding revenue bonds to defease certain outstanding bonds for the purpose of consolidation and to achieve debt service coverage savings. The Authority has placed the proceeds from the refunding issues in irrevocable escrow accounts with a trust agent to insure payment of debt service on the refunded bonds. Accordingly, the trust account assets and the liabilities for the defeased bonds are not included in the Authority's financial statements. Although defeased, the refunded debt from these earlier issues will not be actually retired until the call dates have come due or until maturity if they are not callable issues. On September 30, 2022, 14 bond issues are outstanding with an aggregate principal amount of \$59,270,000.

NOTE 8 – SEGMENT INFORMATION

The Authority has incurred debt to finance capital acquisitions for each of its systems. All systems are accounted for in a single enterprise fund (i.e., the Authority). However, investors in the revenue bonds and notes rely solely on the revenue generated by the individual system for repayment. Summary financial information by system is presented as follows:

NOTE 9 – CAPITAL CONTRIBUTIONS

Capital contributions include contributions from other governments and grant funds awarded to the Authority. Capital contributions for the years ended September 30, 2022 are as follows:

Capital contributions - cash:	
Impact fees	\$8,678,166
Other governmental entities	2,928,955
	<u>\$11,607,121</u>
Capital contributions - noncash:	
Property contributed by developers and others	\$10,031,927

NOTE 10 – RISK MANAGEMENT

The Authority has established a self-insurance program to cover its risk of loss related to general liabilities and workers' compensation claims. The Authority purchases excess insurance coverage for workers' compensation claims with a \$300,000 deductible in order to protect itself against catastrophic losses. Settled claims have not exceeded this excess coverage in any of the last three fiscal years. The Authority's policy fully covers its risks related to workers' compensation claims incurred after July 1, 2015. Excess insurance coverage is not purchased for general liabilities claims because the sovereign immunity limits of the State of Florida essentially restricts general liabilities claims to \$200,000 per person and \$300,000 per occurrence. General liabilities claims above \$200,000 would have to be approved by the State Legislature.

Claims expenses and liabilities are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used to compute claims liabilities does not necessarily result in an exact amount. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. The Authority does not discount its claims liabilities. Management believes that there are no significant liabilities for claims incurred but not reported at September 30, 2022.

Changes in the estimated liability for self-insured losses for the past two years are as follows:

	2022	2021
Claims liabilities, beginning of year	\$ 788,600	\$ 872,628
Claims incurred and changes in estimates	(82,786)	120,661
Claims paid	(243,229)	(204,689)
Unpaid claims, ending	462,585	788,600
Estimated claims due within one year	(246,015)	(416,980)
Estimated claims due longer than a year	\$ 216,570	\$ 371,620

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

At September 30, 2022, the Authority has restricted cash of \$462,585 for purposes of funding its claims liabilities.

NOTE 11 – RETIREMENT PLANS

Florida Retirement System:

The Authority participates in the Florida Retirement System (FRS) which is a cost sharing multiple employer contributory retirement system administered by the State of Florida (State). The FRS was established in 1970 by Chapter 121, Florida Statutes. In 2002, the FRS was amended to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. Chapter 112, Florida Statutes established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple employer defined benefit pension plan to assist retired members of any state-administered retirement system in paying the cost of health insurance.

The FRS offers two retirement options – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. The FRS Investment Plan is a defined contribution plan in which participants are vested after one year of service. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the funds are portable upon termination if the participant is vested. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

The State of Florida Retirement System issues a publicly available Annual Comprehensive Financial Report (ACFR) which includes financial statements and required supplementary information. Also available are the pension systems actuarial reports to support the schedules of employer allocations and schedules of pension amounts by employer. These reports are available online at:
http://www.dms.myflorida.com/workforce_operations/retirement/publications

The ACFR and actuarial reports may also be obtained by contacting the Division of Retirement at:

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

FRS Pension Plan:

Plan Description – The FRS Pension Plan (Pension Plan) is a cost-sharing, multiple employer qualified defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees. Retirees receive a lifetime pension benefit with joint and survivor payment options.

Benefits Provided – The FRS Pension Plan covers Authority employees hired before January 1, 1996 and all employees hired after September 30, 2007. The Pension Plan provides retirement and disability benefits, death benefits and survivor's benefits. Retirement benefits are set by State Statutes and are based on a formula comprised of age, average compensation, length of FRS service, and membership class. Average compensation is computed as the average of an individual's 5 highest years of earnings for employees hired before July 1, 2011 or the eight highest years of earnings for employees hired on or after July 1, 2011. Benefits fully vest after six years of creditable service for members initially enrolled in the FRS before July 1, 2011 and eight years for members initially enrolled on or after July 1, 2011. The amount of benefit payments is also affected by the retirement income option chosen by the plan participant.

Effective July 1, 2011, all FRS members, excluding Deferred Retirement Option Program (DROP) members and re-employed retirees are required to contribute 3% of their gross salary to FRS on a pre-tax basis.

The Deferred Retirement Option Program (DROP) is an elective program available for members of the FRS when the member first reaches eligibility for normal retirement. The DROP permits employees eligible for normal retirement under the Pension Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

Contributions – The Authority is required to contribute at an actuarially determined rate. These rates are a percent of annual covered employees' salaries. Contribution rates are the same whether the employee is in the Pension Plan or the Investment Plan. The employer contribution rates at September 30, 2022 were 11.91% for regular participants, 31.57% for senior management, 57.00% for elected officials, and 18.60% for DROP participants. Employees are required to contribute 3% of their annual salary, while members participating in DROP are not required to make the 3% contribution.

The Authority's contributions to the Pension Plan totaled \$3,724,766 for the year ended September 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2022 the Authority reported a net pension liability of \$27,837,418 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The Authority's proportionate share of net pension liability was based on the Authority's fiscal year contributions relative to the fiscal year contributions of all participating members. At June 30, 2022, the Authority's proportionate share was 0.074815607%.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

For the year ended September 30, 2022 the Authority recognized pension expense of \$3,758,367 related to the Pension Plan. In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,322,117	\$ -
Change in assumptions	3,428,295	-
Net difference between projected and actual earnings on Pension Plan investments	1,838,101	-
Changes in proportion and differences between Authority Pension Plan contributions and proportionate share of contributions	905,465	1,370,591
Authority Pension Plan contributions subsequent to measurement date	<u>926,606</u>	<u>-</u>
	<u>\$ 8,420,584</u>	<u>\$ 1,370,591</u>

The deferred outflows of resources to the Pension Plan totaling \$926,606 resulting from Authority contributions to the Pension Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the pensions will be recognized in pension expense as follows:

<u>Year Ending September 30</u>	
2023	\$ 1,418,526
2024	447,119
2025	(614,649)
2026	4,697,283
2027	175,109
Thereafter	<u>-</u>
	<u>\$ 6,123,387</u>

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Actuarial Assumptions – The total pension liability in the July 1, 2022 actuarial valuations was determined using the following actuarial assumptions:

	2022
Inflation	2.40%
Salary increases, average, including inflation	3.25%
Investment rate of return, net of pension plan investment expense, including inflation	6.70%

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on assumption of 6.7% used in GASB discount rate calculations consists of two building block components: (1) a long-term average annual inflation assumption of 2.4% as most recently adopted in October 2022 by the FRS Actuarial Assumption Conference; (2) an inferred real (in excess of inflation) return of 4.2% which is consistent with the 4.38% real return from the capital market outlook model developed during 2022 by the outside investment consultant to the Florida State Board of Administration. Geometrically combining those building blocks using the formula $(1 + .024) \times (1 + .0420) - 1$ generates an expected nominal return of 6.7%.

For reference, the table below contains a summary of Milliman’s in-house assumptions for each of the asset classes in which the plan was invested at that time based on the long-term target asset allocation. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the 2.4% inflation assumption. The Milliman assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

Asset Class	Policy Allocation*	Annual Arithmetic Return	Compound Annual (Geometric) Return	Annual Standard Deviation
Cash equivalents	1.0%	2.6%	2.6%	1.1%
Fixed income	19.8%	4.4%	4.4%	3.2%
Global equity	54.0%	8.8%	7.3%	17.8%
Real estate	10.3%	7.4%	6.3%	15.7%
Private equity	11.1%	12.0%	8.9%	26.3%
Strategic investments	3.8%	6.2%	5.9%	7.8%
Assumed inflation - mean			2.4%	1.3%

*Summarized current target allocation policy, as provided by Aon Hewitt Investment Consulting

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Discount Rate – The discount rate used to measure the total pension liability was 6.70% for the July 1, 2022 valuation. The FRS Pension Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Authority’s Proportionate Share of the Net Pension Liability to Changes in Discount Rate – The following table demonstrates the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the collective net pension liability to the Authority if the discount rate was 1.00% higher (7.70%) or 1.00% lower (5.70%) than the current discount rate of 6.70% at June 30, 2022.

	1% Decrease 5.70%	Current Discount Rate 6.70%	1% Increase 7.70%
Authority's proportionate share of the net pension liability	\$ 48,142,901	\$ 27,837,418	\$ 10,859,619

Pension Plan Fiduciary Net Position – Detailed information about the Pension Plan’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems ACFR.

Payables to the Pension Plan – At September 30, 2022, the Authority reported payables of \$452,822 for the outstanding amount of contributions to the Pension Plan required for the year ended September 30, 2022.

HIS Program:

Plan Description – The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs.

Benefits Provided – For the year ended September 30, 2022 eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum payment of \$30 and a maximum payment of \$150 per month pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions – The HIS Program is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. At September 30, 2022, the contribution rate was 1.66%. The Authority contributed 100% of its statutorily required contributions for the current and preceding four years. HIS Program contributions are deposited in a separate trust fund from which payments are authorized.

The Authority’s contributions to the HIS Program totaled \$552,856 for the year ended September 30, 2022.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2022, the Authority reported a net pension liability of \$9,227,972 for its proportionate share of the HIS Program’s net pension liability. The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The Authority’s proportionate share of net pension liability was based on the Authority’s fiscal year contributions relative to the fiscal year contributions of all participating members. At June 30, 2022 the Authority’s proportionate share was .087125407%.

For the year ended September 30, 2022 the Authority recognized pension expense of \$423,600 related to the HIS Program. In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 280,091	\$ 40,604
Change in assumptions	528,954	1,427,560
Net difference between projected and actual earnings on HIS investments	13,360	-
Changes in proportion and differences between Authority HIS contributions and proportionate share of contributions	84,561	700,031
Authority HIS contributions subsequent to measurement date	<u>145,953</u>	<u>-</u>
	<u>\$ 1,052,919</u>	<u>\$ 2,168,195</u>

The deferred outflows of resources related to pensions totaling \$145,953 resulting from Authority contributions to the HIS Program subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Program will be recognized in pension expense as follows:

<u>Year Ending September 30</u>	
2022	\$ (246,910)
2023	(234,513)
2024	(173,321)
2025	(198,960)
2026	(285,213)
Thereafter	<u>(122,312)</u>
	<u>\$ (1,261,229)</u>

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Actuarial Assumptions – Actuarial valuations for the HIS Program are conducted biennially. The HIS pension liability in the July 1, 2022 actuarial valuations was determined using the following actuarial assumptions:

Inflation	2.40%
Salary increases, average, including inflation	3.25%
Investment rate of return, net of pension plan investment expense, including inflation	3.54%

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study conducted for the FRS Pension Plan.

Discount Rate – The municipal bond rate used to measure the total pension liability was 2.16% for the June 30, 2021 measurement date. Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.54% was used to determine the total pension liability for the plan (Bond Buyer General Obligation 20-Bond Municipal Bond Index).

Sensitivity of the Authority’s Proportionate Share of the Net Pension Liability to Changes in Discount Rate – The following table demonstrates the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the collective net pension liability to the Authority if the discount rate was 1.00% higher (4.54%) or 1.00% lower (2.54%) than the current discount rate of 3.54% at June 30, 2022.

	1% Decrease 2.54%	Current Discount Rate 3.54%	1% Increase 4.54%
Authority's proportionate share of the net pension liability	\$ 10,557,558	\$ 9,227,972	\$ 8,127,767

Pension Plan Fiduciary Net Position – Detailed information about the HIS Program’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems ACFR.

Payables to the Pension Plan – At September 30, 2022, the Authority reported payables of \$63,065 for the outstanding amount of contributions to the HIS Program required for the year ended September 30, 2022.

Applicable totals for the Authority’s defined benefit pension plans are listed below:

	<u>FRS Pension</u>	<u>HIS Pension</u>	<u>Total</u>
Net pension liability	\$ 27,837,418	\$ 9,227,972	\$ 37,065,390

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Retirement Plan and Trust for the General Employees:

The Authority also sponsors a defined contribution retirement plan covering Authority employees hired after December 31, 1995 and before October 1, 2007 who elected to continue participation in the plan. The Authority established the defined contribution retirement plan to cover substantially all Authority employees hired subsequent to December 31, 1995. Effective October 1, 2007, employees who are eligible to participate in the Authority's defined contribution retirement plan could elect to transfer their participation from the Authority's plan to the FRS Pension Plan. Under the Authority's Plan, which is administered by the Florida League of Cities, Inc., the Authority contributes 8% of the employees' gross salaries. The Plan does not allow for employee contributions. An employee becomes fully vested after six years of employment. The Authority contributed a total of \$5,367 for the year ended September 30, 2022 which is equal to the required contribution.

NOTE 12 – OTHER POST-EMPLOYMENT BENEFITS

The Authority has implemented GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. This statement sets forth rules for how governmental employers should account for Other Post-Employment Benefits ("OPEB").

Plan Description:

The Authority provides healthcare and life insurance benefits for retirees and their spouses in the form of an implicit rate subsidy, as described below. Since this OPEB is directly tied to insurance coverage for active employees, a separate single employer benefit plan has not been established to account for the benefits and obligations related to the implicit rate subsidy. There is no trust fund or equivalent arrangement that meets the criteria in paragraph 4 of GASB Statement No. 75 into which the Authority would make contributions to advance-fund the obligation. Therefore, ultimate subsidies, which are provided over time, are financed directly by general assets of the Authority, which are invested in accordance with the investment policy previously described.

Benefits Provided:

Retirees are required to pay the full amount of the insurance company's stated premium in order to remain covered under the medical plan; however, the premiums charged are based on a blending of the experience among younger active employees and older retired employees.

Since older retirees generally have higher costs, this means that the Authority is subsidizing the cost of the retiree and spouse coverage because it pays all or a significant portion of that premium on behalf of the active employees. This practice is categorized as an "implicit rate subsidy". The Authority has assumed an obligation to pay for the implicit subsidy for the covered lifetimes of the current retirees and their spouses, as well for the covered lifetimes of the current employees after they retire in the future.

The plan also provides all retirees with \$10,000 and spouses of retirees with \$5,000 of life insurance benefits at a subsidized cost.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

The Authority engaged an actuarial firm to determine the estimated obligation associated with the plan. At September 30, 2020, the date of the latest actuarial valuation, plan participation consisted of:

Active participants	605
Retirees, beneficiaries, and disable members	<u>157</u>
	762

Total OPEB Liability:

The Authority's total OPEB liability of \$4,454,600 at September 30, 2022, was measured as of September 30, 2021, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs:

The total OPEB liability was determined by an actuarial valuation as of September 30, 2020 using the following actuarial assumptions:

Inflation	2.50%
Salary increases	varies by service
Discount rate	2.43%
Initial Healthcare cost trend rate	7.00%
Ultimate Healthcare cost trend rate	4.00%
Years to Ultimate	54
Retirees' share of benefit-related costs	100% of projected health insurance premiums for retirees

The GASB 75 discount rate is based on a high-quality municipal bond rate of 2.43%. The high-quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices nearest the measurement date. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple rates, the lowest rating is used.

All mortality rates were based on the RP-2000 mortality tables. All mortality rates are based on those outlined in Milliman's July 1, 2021 Florida Retirement System (FRS) valuation report.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Changes in the Total OPEB Liability were as follows:

Total OPEB liability, September 30, 2021	\$4,402,083
Service cost	272,845
Interest	98,608
Differences between Expected and Actual Experience	0
Changes of assumptions	(183,986)
Benefit payments	(134,950)
Net changes	<u>52,517</u>
Total OPEB liability, September 30, 2022	<u>\$4,454,600</u>

Changes of assumptions reflects a change in the discount rate from 2.14% for the reporting period ended September 30, 2021, to 2.43% for the reporting period ended September 30, 2022.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate:

The following represents the total OPEB liability of the Authority, as well as what the Authority's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (1.43%) or 1% higher (3.43%) than the current discount rate:

	1% Decrease 1.43%	Current Discount Rate 2.43%	1% Increase 3.43%
Total OPEB liability	\$5,141,502	\$4,454,600	\$3,899,398

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates:

The following represents the total OPEB liability of the Authority, as well as what the Authority's total OPEB liability would be of it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	1% Decrease 3.00% - 6.00%	Healthcare Cost Trend Rate 4.00% - 7.00%	1% Increase 5.00% - 8.00%
Total OPEB liability	\$4,162,134	\$4,454,600	\$4,809,473

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended September 30, 2022, the Authority recognized OPEB expense of \$415,691.

At September 30, 2022, the Authority reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	\$146,442	\$63,848
Changes in assumptions	321,390	317,699
Changes in contributions subsequent to measurement date	146,397	0
Total	\$614,229	\$381,547

The deferred outflows of resources related to OPEB totaling \$146,397 resulting from Authority contributions to OPEB subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending September 30	
2023	\$35,738
2024	35,738
2025	35,734
2026	10,628
2027	(12,837)
Thereafter	(18,716)
	\$86,285

NOTE 13 – DEFERRED COMPENSATION PLAN

The Authority offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all Authority employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. As required by Internal Revenue Code Section 457, all assets are held in trust for the exclusive benefit of the participants.

ANNUAL COMPREHENSIVE FINANCIAL REPORT
EMERALD COAST UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 14 – COMMITMENTS AND CONTINGENCIES

Construction Commitments: The Authority has contractual commitments of approximately \$22.9 million for construction projects at September 30, 2022.

Legal Contingencies: The Authority is involved in various lawsuits and claims incidental to the normal course of its operations. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition or results of operations of the Authority.

NOTE 15 – SUBSEQUENT EVENTS

The Authority has evaluated events and transactions that occurred between September 30, 2022 and February 10, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

STATISTICAL SECTION - UNAUDITED

This part of the Authority's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Authority's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the Authority's financial performance and well-being has changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Authority's revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Authority's current levels of outstanding debt and the Authority's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules present information to help the reader understand the environment within which the Authority's financial activities take place.

Operating Information

These schedules contain service data to help the reader understand how the information in the Authority's financial report relates to the services the Authority provides.

OTHER REPORTS

This page left blank intentionally

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**To the Board of Directors of the
Emerald Coast Utilities Authority
Pensacola, Florida**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Emerald Coast Utilities Authority (the "Authority"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 10, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE**

**To the Board of Directors of the
Emerald Coast Utilities Authority
Pensacola, Florida**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Emerald Coast Utility Authority's (the "Authority") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended September 30, 2022. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES:

This schedule includes the federal grant activity of the Emerald Coast Utility Authority for the fiscal year ended September 30, 2022, and is presented using modified accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts in, or used in the preparation of the basic financial statements. No amounts were passed through to subrecipients.

ECUA did not receive non-cash federal awards during the year ended September 30, 2022.
ECUA chose not to use the ten percent de minimis cost rate for the year ended September 30, 2022.

EMERALD COAST UTILITIES AUTHORITY

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The schedule of expenditures of federal awards is prepared using the accrual basis of accounting.

Measurement Focus

The determination of when an award is expended is based on when the activity related to the award occurred.

Program Type Determination

Type A programs are defined as federal programs with federal expenditures exceeding the larger of \$750,000 or 3% of total federal expenditures. The threshold of \$750,000 was used in distinguishing between Type A and Type B programs.

Method of Major Program Selection

The risk-based approach was used in the selection of federal programs to be tested as major programs. The Authority did not qualify as a low-risk auditee for the fiscal year ended September 30, 2022.

De-Minimis Indirect Cost Rate

During 2022, the Authority did not use the de-minimis indirect cost rate.

EMERALD COAST UTILITIES AUTHORITY

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

None reported.

EMERALD COAST UTILITIES AUTHORITY
SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Finding 2021-001 – Hazard Mitigation Grant Program Reporting (CFDA#97.039).

Condition – The Authority did not submit its 4th Quarter 2020 quarterly progress report timely.

Criteria – The Uniform Guidance requires quarterly reporting for this grant program to be submitted within 15 days of period end to maintain compliance.

Cause – Due to staffing issues, the quarterly report was submitted outside of the 15 day required timeframe.

Effect – The Authority submitted its quarterly progress report for the above timeframe outside of the 15 day timeframe which is not in compliance with reporting requirements of the grant program.

Status – Resolved.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

**To the Board of Directors of the
Emerald Coast Utilities Authority
Pensacola, Florida**

Report on the Financial Statements

We have audited the financial statements of the Emerald Coast Utilities Authority (the "Authority"), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated February 10, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and On Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 10, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No findings or recommendations were made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Authority reported:

- a. There were 578 employees compensated in the last pay period of the Authority's fiscal year.
- b. There were 31 independent contractors to whom nonemployee compensation was paid in the last month of the Authority's fiscal year.
- c. Total compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency for the year was \$32,731,118.
- d. The compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency for the year was \$12,938,660.
- e. There were 24 construction projects with a total cost of at least \$65,000 approved by the district that began on or after October 1 of the fiscal year being reported at a total cost of approximately \$6.5 million.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, has been presented in the Supplementary Information section of this report beginning on page 54.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Mauldin & Jenkins, LLC

Bradenton, Florida
February 10, 2023

INDEPENDENT ACCOUNTANT'S REPORT

**To the Board of Directors of the
Emerald Coast Utilities Authority
Pensacola, Florida**

We have examined the Emerald Coast Utilities Authority's (the "Authority") compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2022. Management is responsible for the Authority's compliance with those requirements. Our responsibility is to express an opinion on the Authority's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

We are required to be independent and to meet our ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of the Authority and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
