Ft. Myers, Florida

Report on the Consolidated Financial Statements

We have audited the financial statements of Lee County Trauma Services District (the “Trauma District”) as of and for the year ended September 30, 2022 and have issued our report thereon dated February 28, 2023.

Auditors’ Responsibility

Additionally, we conducted our audit in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Report

We have issued our Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated February 28, 2023, should be considered in conjunction with this Letter of Comments and Recommendations.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. We have submitted the accompanying summary of corrective actions prepared by management in response to recommendations noted in connection with the audit of the Trauma District’s consolidated financial statements as of and for the year ended September 30, 2021.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Trauma District is a special purpose unit of local government created by a special act of the 2003 Florida Legislature, Chapter 63-1552 of the Laws of Florida, Special Acts, 1963 as re-codified by Chapter 2603-357, Laws of Florida, Special Acts 2003.

Financial Condition

Section 10.554(1)(i)5.a., *Rules of the Auditor General*, requires that we report the results of our determination as to whether or not the Trauma District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Trauma District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the Trauma District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. In connection with our audit, our procedures did not disclose deteriorating financial conditions as defined in the aforementioned section.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(a), Florida Statutes, and Sections 10.554(1)(i)6 through 10.554(1)(i)8, *Rules of the Auditor General*, the Trauma District reported the specific information in the Exhibit I accompanying this report. The information for compliance with Section 218.39(3)(a), Florida Statutes and Sections 10.554(1)(i)6 through 10.554(1)(i)8, *Rules of the Auditor General*, has not been subjected to the auditing procedures applied in the audit of the consolidated basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Matters

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. No comments or recommendations were noted in connection with our audit of the Trauma District's financial statements as of and for the year ended September 30, 2022.

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the consolidated financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

This Letter of Comments and Recommendations is intended solely for the information and use of the Board of Directors of Lee County Trauma Services District, the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, management, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

BDO USA, LLP

June 30, 2023

**Lee County Trauma Services District
 Prior Year Audit Findings
 September 30, 2022**

The following comment and recommendation were noted in connection with our audit of the Lee County Trauma Services District's (the "District") financial statements as of and for the year ended September 30, 2021.

Category	Description and Recommendation
<p>Incorrect Component Allocations</p> <p>Control Deficiency</p>	<p>Lee Memorial Health System (the System) incorrectly allocated certain payroll and related tax expense and capitalized assets to the District. The allocation errors were corrected in the accompanying audited financial statements as of and for the year ended September 30, 2021. We recommend management formalize and document a monthly reconciliation of allocations from, or transactions with, the System to supporting documentation, such as payroll registers, construction invoices and project summaries, etc.</p> <p><u>Management's Corrective Actions:</u></p> <p><i>During the year ended September 30, 2022, management has implemented more robust processes and controls over the allocation of amounts from the System to the District. Management developed a payroll report to better identify the location and/or component unit that incurs the payroll expense and reconciles the report to the payroll system and general ledger at period-end. Management also employs a series of reports from Kronos, the timekeeping system, to compute the PTO payroll liability allocable to Trauma and accounting personnel periodically reconcile the report to the general ledger. For capitalized assets, management believes the capabilities of the Infor FSM fixed assets system implemented on October 1, 2021 will allow for easier tracking of assets and allocations, as well as a vehicle to retain and review supporting documentation and month-end reconciliations.</i></p>

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Lee County Trauma Services District (the Trauma District) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Trauma District's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Trauma District as of September 30, 2022, and the changes in its fund net position and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Trauma District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trauma District's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trauma District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trauma District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 11 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of

inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2023 on our consideration of the Trauma District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Trauma District's internal control over financial reporting or on compliance.

BDO USA, LLP

February 28, 2023

Lee County Trauma Services District

Management's Discussion and Analysis (Unaudited)

Introduction

This section of the annual financial report of Lee County Trauma Services District (the Trauma District) presents management's discussion and analysis of the financial position and performance of the Trauma District for the year ended September 30, 2022 with comparative information as of and for the year ended September 30, 2021. This discussion has been prepared by management and should be read in conjunction with the basic financial statements and related footnote disclosures.

The Trauma District was created as an independent special district pursuant to Chapter 189, Florida Statutes, by the 2003 Florida Legislature with the express purpose of financially supporting the provision of trauma services in Lee County, including the comprehensive emergency medical services for victims of trauma and trauma-related injuries provided by the State of Florida Level II Trauma Center operated by Lee Memorial Health System (the System). Governance for the Trauma District is entrusted to the same publicly elected board as serves the System. The Trauma District provides a mechanism for the System to make the financial operations of its trauma services program transparent to the community, and may provide an avenue to seek a stable, long-term funding source, such as a local referendum.

Purpose of the Trauma District

The board of directors of the System (the Board) possesses the strategic vision to inspire hope and be a national leader for the advancement of health and healing. To achieve this vision, the Board works within a strategic plan and evaluates existing and new service offerings based upon community needs and economic viability. A key component of that strategy is significant involvement of physicians in the resource allocations of the Board, as well as examination of regional and national health care trends.

In keeping with its strategy, the Board found that on both a state and national level, trauma centers are facing major financial hurdles that threaten their viability. Given that the provision of trauma services is an enhancement, which is provided on a voluntary basis by the System, it is necessary for trauma program financing to not compromise core hospital services that generate positive revenue.

Dating back to 1999, the Board began to hear of increasing dissatisfaction within the physician community related to providing on-call coverage for the Trauma District. Trauma services were creating a barrier between the System and specialty physicians, in effect, driving physicians away and making it more difficult for the System to compete for vital physician services and referrals. Because the Board recognized the community need for a trauma program, a solution to stabilize the community's emergency medical response system was sought. This eventually resulted in a local sales tax referendum that would have provided funding for a broad array of community services, including emergency medical services, mental health services, primary care services, and trauma services. This was put before the Lee County voters in November 2002 and failed to pass.

Creation of the Trauma District was an outgrowth of the sales tax referendum defeat. During the campaign, there was widespread public support for the trauma center and a trauma-only sales tax referendum that continues to exist today. This support resulted in the creation of the Trauma District so as to enable voters, at some point in the future, to focus public funding solely on trauma care. The Trauma District has created a Regional Advisory Committee comprised of representatives from a five-county area in order to secure the appropriate community and regional support.

Lee County Trauma Services District

Management's Discussion and Analysis (Unaudited)

An interlocal agreement between the Trauma District and the System has been executed, which sets forth the responsibilities of both agencies. In order to avoid duplication of overhead, the System provides the Trauma District with all of its support functions, such as general administration, legal services, business and financial operations, information technology, and all hospital clinical services, excluding physician services. The System is also obligated to provide monetary support to the Trauma District so there is no financial loss (or gain) to the Trauma District.

Corporate Compliance

The health care industry is subject to numerous laws and regulations, which include, but are not limited to, matters such as government rules relating to health care participation, licensure and accreditation standards, and reimbursement for patient services, as well as Medicare and Medicaid fraud and abuse. Providers that are found to have violated these laws and regulations may be excluded from participating in government health care programs, subjected to fines or penalties, or required to repay amounts received from previously billed patient services.

As the Trauma District is dedicated to being legally and ethically correct in all of its actions, the Board has voluntarily established a corporate compliance program to assist in maintaining an ethical climate and to provide a mechanism to prevent, detect, and correct compliance violations. All employees, agents, medical staff, volunteers, and any other individual doing business with or performing functions at the Trauma District will meet its legal and ethical standards.

Overview of the Financial Statements

Our annual report consists of a series of financial statements prepared in accordance with accounting standards generally accepted in the United States of America, including all applicable effective statements of the Governmental Accounting Standards Board (GASB).

Required Financial Statements

The required statements are the statement of net position, the statement of operations and changes in fund net position, and the statement of cash flows. These statements offer short and long-term financial information about the Trauma District's activities.

The statement of net position reflects all of the Trauma District's assets, liabilities, deferred inflows and outflows of resources, and net position, and provides information about the nature and amounts of investments in resources (assets) and the obligations to creditors (liabilities). Assets, liabilities, and deferred activity are presented in a classified format, which distinguishes between their current and long-term time frame. The difference between the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position.

The statement of operations and changes in fund net position presents the change in net position resulting from revenues earned and expenses incurred. All changes in fund net position are reported as revenues are earned and expenses are incurred, regardless of the timing of related cash flows.

The statement of cash flows reports cash receipts, cash payments, and net changes in cash resulting from operating, financing (capital and non-capital), and investing activities. The purpose of the statement is to reflect the key sources and uses of cash during the reporting period.

Lee County Trauma Services District
Management’s Discussion and Analysis (Unaudited)

Financial Analysis

Condensed Statements of Net Position

A summary of the Trauma District’s statements of net position are presented below:

<i>September 30,</i>	2022	2021
Assets		
Current and other assets	\$ 569,944	\$ 418,978
Capital assets, net	1,583,624	1,236,349
Total Assets	\$ 2,153,568	\$ 1,655,327
Liabilities		
Current liabilities	\$ 245,022	\$ 634,364
Long-term liabilities	1,908,546	1,020,963
Total Liabilities	2,153,568	1,655,327
Net Position	-	-
Total Liabilities and Net Position	\$ 2,153,568	\$ 1,655,327

Current and Other Assets

Current and other assets consist primarily of patient accounts receivable from the provision of professional medical services by employed trauma surgeons, equipment used by these surgeons in the office portion of their practice, and accrued red light grant payments from the state of Florida. Net patient accounts receivable only increased by approximately \$142,000, or 34%, despite a 27% increase in net patient service revenue, due to improved collections experience in the current year. The Trauma District deposits cash received from attendees of the Trauma District’s High-Risk Driver Program, which is restricted for the payment to speakers and for supplies and educational materials related to the High-Risk Driver Program.

Capital Assets, Net

The Trauma District’s investment in net capital assets of approximately \$1,584,000 and \$1,236,000 at September 30, 2022 and 2021, respectively, is comprised of equipment, furniture, fixtures, buildings, and improvements for the trauma surgeon office. The growth in capital assets from the prior year is attributable to enabling projects for the January 2022 relocation of the Trauma District from Lee Memorial Hospital to Gulf Coast Medical Center, both component units of the System and collectively, the “Hospitals”.

Liabilities

Liabilities include accrued physician specialty support payments, payroll withholdings, other miscellaneous payables, and net amounts payable to the System. A net payable to the System of approximately \$1,676,000 is included within non-current liabilities at September 30, 2022, compared to a net payable of approximately \$701,000 in the prior year, due primarily to the System’s funding of the Trauma District’s capital project.

Lee County Trauma Services District
Management's Discussion and Analysis (Unaudited)

Debt Outstanding

There is no debt outstanding. All cash inflows and outflows are accounted for by the Trauma District via inter-company receivables from/payables to the System.

Net Position

Per the Interlocal Agreement pursuant to the provisions of Section 163.01, Florida Statutes, the System is obligated to provide monetary support to the Trauma District so there is no financial loss (or gain) or net position to the Trauma District.

Condensed Statements of Operations and Changes in Fund Net Position

<i>Year ended September 30,</i>	2022	2021
Operating revenues	\$ 3,188,159	\$ 2,786,409
Operating expenses	4,963,124	3,497,091
Operating Loss	(1,774,965)	(710,682)
Non-Operating Expense		
Interest expense, net of interest income	(10,195)	(114)
Deficit of Revenues Over Expenses	(1,785,160)	(710,796)
Transfers from Lee Memorial Health System	1,785,160	710,796
Change in Net Position	\$ -	\$ -

The Trauma District's operating revenues are generated from three key sources, the most significant being net patient service revenue related to the technical component (hospital) of the Trauma District's services. Net patient service revenue for the provision of trauma surgeon professional medical services also provides substantial funds. Net patient service revenue for the year ended September 30, 2022 increased by approximately \$538,000, or 27%, over the prior year, primarily due to increased patient volumes. Other operating revenue consists of grants to the Trauma District from fines assessed to and collected from those ticketed for running red lights under the state of Florida's red light running bill, which decreased by approximately \$136,000 over the prior year.

Expenses include salaries, wages, and benefits for employed trauma surgeons and support staff, payments to specialty physicians for providing professional services to trauma center patients, and the cost of services provided by the Hospitals. The Hospitals fund the operation of a single surgery suite, staffing for the rapid provision of services devoted to trauma patients, and the actual cost, net of collections, of providing hospital services to all trauma patients. Operating expenses for the year ended September 30, 2022 increased by approximately \$1,466,000 over the prior year, due to higher salaries, wages, and benefits as well as change in allocated purchased services in 2022. The Trauma District increased its personnel to meet a 23% increase in patient volumes and comply with Florida Department of Health staffing standards for trauma districts.

The statements of operations and changes in fund net position for the years ended September 30, 2022 and 2021 include a reduction of operating expenses for corporate allocations from the System of approximately \$3,243,000 and \$4,652,000, respectively, which represent the excess of the Hospitals' revenues over expenses related to trauma patients. The resulting income is offset, in

Lee County Trauma Services District
Management's Discussion and Analysis (Unaudited)

part, by losses incurred on the professional (physician) component of trauma services, which contributed to the operating losses of approximately \$1,775,000 and \$711,000 for the years ended September 30, 2022 and 2021, respectively.

The table below reconciles the Trauma District's basic statement of operations and changes in fund net position per the internal financial statements to the audited financial statements:

Year ended September 30, 2022

	Unaudited Internal Basic Financial Statements	Adjustments	Audited Basic Financial Statements
Operating Revenues			
Net patient service revenue, net of estimated provision for uncollectible accounts of \$1,034,000	\$ 2,562,159	\$ -	\$ 2,562,159
Other revenue	626,000	-	626,000

^(a) Salary and benefits expense adjustments related to overhead allocation.

^(b) Supplies and other expense adjustments related to overhead allocation.

^(c) Purchase services adjustments related to overhead allocation and accrual liability correction.

^(d) Depreciation adjustment related to overhead allocation.

^(e) Interest expense adjustment related to overhead allocation.

^(f) To eliminate the total impact on net assets.

Lee County Trauma Services District

Management's Discussion and Analysis (Unaudited)

Statements of Cash Flows

Net cash used in operating activities was approximately \$2,224,000 for the year ended September 30, 2022 compared to approximately \$307,000 in the prior year, primarily due to reductions in the corporate allocation from the System of approximately \$1,410,000 and the Trauma District's additional payments to employees of approximately \$389,000 in 2022.

Net cash provided by non-capital financing activities for the year ended September 30, 2022 was approximately \$2,761,000, a \$1,336,000 increase over the approximate \$1,425,000 provided by non-capital financing activities for the year ended September 30, 2021, due to transactions and funding between the Trauma District and the System.

Net cash used in capital and related financing activities for the year ended September 30, 2022 was approximately \$537,000 compared to approximately \$1,118,000 in the prior year, due to reduced costs of the capital project in the current year as the relocation project begun in the prior year was completed in January 2022.

Forward-Looking Considerations

The following items describe known facts, decisions, or conditions that are expected to have a significant effect on the Trauma District's financial position or results of operations.

The Trauma District's operations and financial condition have been impacted by the emergence of a novel coronavirus (COVID-19), which has evolved into a global pandemic. On March 13, 2020, President Trump declared a national emergency in response to the COVID-19 pandemic. A number of measures were enhanced to safeguard the health of patients, visitors, and caregivers. These measures, including conducting COVID-19 testing for all patients admitted, will continue for the foreseeable future as management works with epidemiologists and infectious disease experts, considers the Centers for Disease Control and Prevention and Florida Department of Health guidelines, and makes adjustments as indicated by the burden of the disease and the state of the science.

The financial impact of the COVID-19 pandemic has been driven by increased expenses due to an increased need for personal protective equipment for caregivers and visitors, and materials and staffing necessary for COVID-19 testing (i.e., swabs, collection kits, reagents, etc.).

Management anticipates that the extent of COVID-19's adverse impact on the Trauma District's operating results and financial position will be driven by many factors, most of which are beyond management's control and ability to forecast. The ultimate impact on operating results will be a function of the duration and scope of the COVID-19 outbreak in areas served by the Trauma District and its effect on personnel, supplies, and other costs. As a result, at this time, management cannot reasonably estimate the future impact on operations of a prolonged continuation of the COVID-19 pandemic.

Lee County Trauma Services District

Notes to Financial Statements

1. Description of Reporting Entity and Summary of Significant Accounting Policies

Description of Reporting Entity

Lee County Trauma Services District (the Trauma District) is a not-for-profit organization located in Fort Myers, Florida. The Trauma District is a special purpose unit of local government, created by a special act of the 2003 Florida Legislature, Chapter 63-1552, Laws of Florida, Special Acts, 1963 as re-codified by Chapter 2003-357, Laws of Florida, Special Acts, 2003. The Trauma District is classified as an independent special district under laws of Florida. The Trauma District is a blended component of Lee Memorial Health System (the System) and serves as an integral member of the continuum of care offered by the System and its affiliates, which includes Lee Memorial Hospital and Gulf Coast Medical Center (the Hospitals). Effective January 2022, the Trauma District was relocated from Lee Memorial Hospital to Gulf Coast Medical Center. The System provides all support functions to the Trauma District, including general administration, legal services, business and financial operations, information technology, and all hospital clinical services, and assumes responsibility for the Trauma District's financial losses.

Summary of Significant Accounting Policies

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, including all applicable effective statements of the Governmental Accounting Standards Board (GASB). The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recognized when incurred, regardless of the timing of the related cash flows.

Nonexchange transactions, in which the Trauma District receives (or gives) value without directly giving (or receiving) equal value in exchange, include certain grants. Revenues are recognized, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the grantor have been met, if probable of collection.

The accompanying financial statements of the Trauma District have been prepared on the basis that the Trauma District will continue as a going concern, which contemplates realization of assets and satisfaction of liabilities in the normal course of business. The Trauma District reported a \$1,785,160 deficit of revenues over expenses for the year ended September 30, 2022. Per the Interlocal Agreement pursuant to the provisions of Section 163.01, Florida Statutes (2002) between the System and the Trauma District, the Hospitals shall provide monetary support to the Trauma District in a sufficient amount so there is no financial loss (or gain) to the Trauma District. The Interlocal Agreement shall continue for a period of 50 years and may be terminated by either of the parties for cause, which shall be determined as the failure of the non-terminating party to fulfill any responsibility imposed by the Interlocal Agreement after receiving written notice of the same from the terminating party, which failure is not cured within 60 days after receiving such notice. Transfers from the System were \$1,785,160 for the year ended September 30, 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect

Lee County Trauma Services District

Notes to Financial Statements

the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Assets Whose Use is Restricted

Assets whose use is restricted consist of cash received from attendees of the Trauma District’s High-Risk Driver Program, which is restricted for payment to speakers and for supplies and educational materials related to the High-Risk Driver Program. These assets are comprised of cash and money market accounts, which are stated at fair market value in the accompanying statement of net position.

Capital Assets, Net

Capital assets are defined by the Trauma District as assets with estimated useful lives in excess of one year at the date of acquisition. An asset is capitalized when the cost of the individual item exceeds \$1,000. Capital assets have been recorded at cost or fair market value at date of purchase or donation, respectively. Routine maintenance and repairs are expensed when incurred. Expenditures that materially increase the value, change the capacity, or extend the useful life of an asset are capitalized.

The straight-line method of computing depreciation is used for all depreciable assets. The Trauma District’s major asset classifications and estimated useful lives are generally in accordance with those recommended by the American Hospital Association.

Estimated useful lives by major asset classification are as follows:

	Years
Buildings and improvements	5-40
Equipment, furniture, and fixtures	2-15

Impairment of Long-Lived Assets

Long-lived assets are evaluated for recoverability whenever adverse events or changes in business climate indicate a decline in service utility of the capital asset. For the year ended September 30, 2022, the Trauma District does not believe there were any adverse events or changes in business that would indicate that an impairment reserve is required.

Compensated Absences

The Trauma District’s policy is to record the cost of annual leave when earned. Employees earn annual leave at varying rates, depending upon years of service and the leave plan in which they participate.

Paid Time Off (PTO) Plan - The PTO program combines the various leave types that employees may earn into one earning rate that varies depending upon years of service. The policy does not provide for a maximum accumulation of unused PTO.

Lee County Trauma Services District

Notes to Financial Statements

Upon termination of employment, employees are paid for their current balance in PTO at a prorated amount based upon their position. The PTO program also has a bi-annual PTO cash-in option with payouts in May and November. This PTO cash-in option allows employees to cash in any and all portions of earned PTO, provided they maintain a minimum balance of 80 hours. PTO is cashed in at a prorated value of 80% for non-management staff and 50% for management staff.

Liability Calculation - The liability for accumulated annual leave, holiday leave, and PTO leave for each employee at September 30 equals the leave carried forward at the previous September 30 plus the leave earned, less the leave taken between October 1 and September 30. The liability is equal to the accumulated hours multiplied by the employee's current hourly rate. The PTO liability is included in accrued salaries and benefits and other non-current liabilities in the accompanying statement of net position, classified as current or non-current based on historical trends of PTO activity.

Fair Value of Financial Instruments

The carrying value of net patient accounts receivable, other current assets, accrued employee compensation, accrued expenses, and other liabilities approximates fair value due to the short-term nature of these accounts.

Concentrations of Credit Risk

Financial instruments that potentially subject the Trauma District to concentrations of credit risk consist principally of accounts receivable from patients.

Net Position

The Trauma District classifies net position in three components. Restricted net position consists of net position restricted for net investment in capital assets and restricted expendable net position. Net investment in capital assets is the balance of capital assets net of accumulated depreciation and reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. Restricted expendable net position must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the Trauma District. Unrestricted net position is the remaining net position that does not meet the definition of restricted for net investment in capital assets or expendable purposes.

When both restricted and unrestricted resources are available for use, the System uses the restricted resources first, then unrestricted resources as needed. Resources restricted by donors or grantors for specific operating purposes are reported in other operating revenue to the extent used in the period.

Net Patient Service Revenue and Patient Accounts Receivable

The Trauma District has agreements with third-party payors that provide for payments to the Trauma District at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursement costs, discounted charges, and per-diem payments. Net patient service revenue is recorded at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are

Lee County Trauma Services District

Notes to Financial Statements

accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined.

The Trauma District grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors is as follows:

<i>September 30, 2022</i>	(%)
Medicare	13.3
Medicaid	5.4
Managed care	11.3
Insurance	20.8
Self-pay and other	49.2
	100.0

The provision for uncollectible accounts is based on management's assessment of historical and expected net collections, considering business and economic conditions, trends in federal and state governmental health care coverage, and other collection indicators. Throughout the year, management assesses the adequacy of the allowance for uncollectible accounts based upon these trends. The results of this review are then used to make any modification to the provision for uncollectible accounts to reduce patient accounts receivable to their estimated net realizable value. Patient accounts receivable are written off after collection efforts have been followed under the Trauma District's policies.

Other Operating Revenue

Other operating revenue consists of payments to the Trauma District by the state of Florida from fines assessed to and collected from those ticketed for running red lights under the state of Florida's red light running bill.

Operating Loss

The Trauma District's statement of operations and changes in fund net position distinguishes between operating and non-operating loss and other changes in net position. Operating income or loss results from exchange transactions associated with providing health care services, the Trauma District's principal activity. Other changes in net position include related-party transfers received for purposes other than capital asset acquisition.

Income Taxes

The Trauma District has been recognized by the Internal Revenue Service as a tax-exempt organization, as described in Section 501(c)(3) of the Internal Revenue Code (the Code). Income earned in furtherance of the Trauma District's tax-exempt purpose is exempt from federal and state income taxes. The Code provides for taxation of unrelated business income under certain circumstances. The Trauma District has no material unrelated business income; however, such status is subject to final determination upon examination of the related income tax returns by the appropriate taxing authorities.

Lee County Trauma Services District

Notes to Financial Statements

Accounting Pronouncements

In June 2022, the GASB issued GASB Statement 100, *Accounting Changes and Error Corrections* (GASB 100). GASB 100 prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections and requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior periods, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. The requirements of GASB 100 for changes in accounting principles apply to the implementation of a new pronouncement in absence of specific transition provisions in the new pronouncement. GASB 100 also requires that the aggregate amount of adjustments to and restatements of beginning net position, fund balance, or fund net position, as applicable, be displayed by reporting unit in the financial statements. GASB 100 is effective for reporting periods beginning after June 15, 2023.

In June 2022, the GASB issued GASB Statement 101, *Compensated Absences* (GASB 101). GASB 101 aligns the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures. GASB 101 requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. GASB 101 also establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as of the date of the financial statements. A liability for leave that has been used but not yet paid or settled should be measured at the amount of the cash payment or noncash settlement to be made. GASB 101 is effective for reporting periods beginning after December 15, 2023. The Trauma District is currently evaluating the impact GASB No. 101 will have on its financial statements.

2. Net Patient Service Revenue

Net patient service revenue consists of the following:

Year ended September 30, 2022

Gross patient service revenue	\$ 9,813,871
Third-party payor and other contractual adjustments	(6,217,772)
Estimated provision for uncollectible accounts	(1,033,940)
Net Patient Service Revenue	\$ 2,562,159

For Medicare cost reporting services, the Trauma District is considered a department of the Hospitals. The System is reimbursed for cost reimbursable items at a tentative rate with final settlement, determined after submission of annual cost reports by the System and audits thereof by the Medicare fiscal intermediary. The System's Medicare cost reports have been audited, and final settlement has been determined by the intermediaries for all years through September 30, 2016. Estimated third-party settlements for the Medicare program for open years, subject to cost reimbursement, reflect management's estimates of the ultimate settlements for each program year. Differences between amounts estimated and actual settlements will be reflected as contractual adjustments to net patient service revenue in the period in which the determination of such differences is made.

Lee County Trauma Services District

Notes to Financial Statements

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Trauma District believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future governmental review and interpretation, as well as significant regulatory action, including fines, penalties, and exclusion from the Medicare and Medicaid programs.

3. Related Party Transactions

The System provides all support functions, such as general administration, legal services, business and financial operations, information technology, and all hospital clinical services, excluding physician services, at no additional cost to the Trauma District. The System also pays all normal operating expenses on behalf of the Trauma District, which totaled \$8,026,367 for the year ended September 30, 2022.

The Hospitals allocate to the Trauma District the actual cost, net of collections, of providing hospital services to all trauma patients. Patients are categorized as trauma patients based upon the guidelines defined in the Florida Department of Health's Florida Trauma Registry Manual. Expenses include labor and benefits for employed trauma surgeons and support staff, payments to specialty physicians for providing professional services to trauma center patients and purchased services from the Hospitals inclusive of funding the operation of a single surgery suite and staffing for the rapid provision of services devoted to trauma patients. The System also allocates the excess (or deficit) of the Hospitals' revenues over expenses related to trauma patients to the Trauma District as a reduction of (or increase to) operating expenses. The System allocated \$3,242,633 to the Trauma District as a reduction of operating expenses for the year ended September 30, 2022.

At September 30, 2022, other non-current liabilities include amounts due to the System of \$1,676,339.

The remainder of this page was intentionally left blank.

Lee County Trauma Services District

Notes to Financial Statements

4. Capital Assets, Net

Capital asset additions, transfers and retirements for the year ended September 30, 2022 are as follows:

	Balance, September 30, 2021	Additions and Transfers	Retirements and Transfers	Balance, September 30, 2022
Construction-in-progress	\$ 1,215,410	\$ 485,575	\$ (1,700,985)	\$ -
Total Capital Assets Not Depreciated	1,215,410	485,575	(1,700,985)	-
Buildings and improvements	129,452	-	-	129,452
Equipment	464,250	1,700,985	(28,494)	2,136,741
Total Capital Assets Being Depreciated	593,702	1,700,985	(28,494)	2,266,193
Less accumulated depreciation for:				
Buildings and improvements	(127,888)	(1,873)	-	(129,761)
Equipment	(444,875)	(136,427)	28,494	(552,808)
Total Accumulated Depreciation	(572,763)	(138,300)	28,494	(682,569)
Total Capital Assets Being Depreciated, Net	20,939	1,562,685	-	1,583,624
Total Capital Assets, Net	\$ 1,236,349	\$ 2,048,260	\$ (1,700,985)	\$ 1,583,624

Depreciation expense was \$179,390 for the year ended September 30, 2022, of which \$41,090 represents an overhead allocation of depreciation by the System.

5. Commitments and Contingencies

Risk Management

The Trauma District is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental, and accident benefits. A combination of the System's commercial insurance and self-administered, self-funded programs provide coverage to the Trauma District for claims arising from such matters. Settled claims have not exceeded the commercial coverage. The System allocates estimated liabilities and expense under the self-insurance programs to the Trauma District based on its actual claims experience for each program. Estimated liabilities include estimates of the ultimate costs for both reported claims and claims incurred but not reported.

Professional Liability Insurance

The System, including the Trauma District as a blended component unit, is subject to various medical malpractice claims arising in the normal course of its business activities. The System is self-insured for professional liability claims and is relying on a limitation of its liability established by the Waiver of Sovereign Immunity Act of the State of Florida (the Act). The Act limits the amount of damages the Trauma District would be required to pay up to \$100,000 per claimant or \$200,000 per incident. Effective October 1, 2011, the sovereign immunity limits in Florida have been increased to \$200,000 per claimant or \$300,000 per incident. In 1986, the Florida Supreme Court

Lee County Trauma Services District

Notes to Financial Statements

affirmed the constitutionality of the Act and its applicability to public hospitals. Various suits and claims arising in the ordinary course of business are pending against the System. Management is of the opinion that future potential uninsured losses from incidents occurring prior to September 30, 2022, if any, will not be materially different from the amounts recorded in the accompanying financial statements.

Health and Workers' Compensation

The System is self-insured for group health and workers' compensation insurance and establishes a liability for each of these types of claims based on actuarial estimates, including an estimate of incurred but not reported claims. Estimated liabilities allocated to the Trauma District were \$140,710 for the year ended September 30, 2022. Amounts estimated to be due within one year were \$15,028 as of September 30, 2022.

Accrued Employee PTO

The activity related to employee PTO liabilities for the year ended September 30, 2022 is as follows:

Amount of PTO Liabilities, beginning of year	\$	131,924
Earned PTO		199,505
PTO used, forfeit, or paid		(160,812)
<hr/>		
Amount of PTO Liabilities, end of year	\$	170,617

Employee PTO liabilities are classified as current or non-current, according to the timing of expected utilization based on historical experience, and are reported as other accrued expenses and other non-current liabilities in the accompanying statement of net position. Employee PTO liabilities estimated to be due within one year were \$64,092 as of September 30, 2022.

Other Industry Risks

The health care industry is subject to numerous complex laws and regulations imposed by federal, state, and local governments. Compliance with these laws and regulations can be subject to government review and interpretation by both the Trauma District with respect to implementation, as well as the government with respect to retrospective review. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Such investigations and allegations often take multiple years to resolve. Violations of these laws and regulations could result in significant fines and penalties, including repayments for patient services previously reimbursed.

From time-to-time, the Trauma District receives requests for certain information from governmental agencies, and with the assistance of legal counsel, submits the required information. Management believes that the Trauma District is in compliance with current laws and regulations. To the extent that issues with noncompliance are identified, the Trauma District's management takes the appropriate steps to correct such matters. Management of the Trauma District believes that the exposure from any such matters would not have a material effect on the financial statements of the Trauma District.

Lee County Trauma Services District

Notes to Financial Statements

The Health Insurance Portability and Accountability Act (HIPAA) was enacted on August 21, 1996, to assure health insurance portability, reduce health care fraud and abuse, guarantee security and privacy of health information, and enforce standards for health information. Effective August 2009, the Health Information Technology for Economic and Clinical Health Act (HITECH Act) was introduced, imposing notification requirements in the event of certain security breaches relating to protected health information. Organizations are subject to significant fines and penalties if found not to be compliant with the provisions outlined in these laws and accompanying regulations.

6. COVID-19 Pandemic

The Trauma District's operations and financial condition have been impacted by the emergence of a novel coronavirus (COVID-19), which has evolved into a global pandemic. On March 13, 2020, President Trump declared a national emergency in response to the COVID-19 pandemic. A number of measures were enhanced to safeguard the health of patients, visitors, and caregivers. These measures, including conducting COVID-19 testing for all patients admitted, will continue for the foreseeable future as management works with epidemiologists and infectious disease experts, considers the Centers for Disease Control and Prevention and Florida Department of Health guidelines, and makes adjustments as indicated by the burden of the disease and the state of the science.

The financial impact of the COVID-19 pandemic has been driven by increased expenses due to an increased need for personal protective equipment for caregivers and visitors, and materials and staffing necessary for COVID-19 testing (i.e., swabs, collection kits, reagents, etc.). Management anticipates that the extent of COVID-19's adverse impact on the Trauma District's operating results and financial position will be driven by many factors, most of which are beyond management's control and ability to forecast. The ultimate impact on operating results will be a function of the duration and scope of the COVID-19 outbreak in areas served by the Trauma District and its effect on personnel, supplies, and other costs. As a result, at this time, management cannot reasonably estimate the future impact on operations of a prolonged continuation of the COVID-19 pandemic.

7. Subsequent Events

The Trauma District has assessed the impact of subsequent events through February 28, 2023, the date the audited financial statements were issued, and has concluded that there are no such events that require adjustment to or disclosure in the financial statements.

On September 28, 2022, Hurricane Ian made landfall on Florida's western coast in Lee County, causing widespread damage, flooding, power outages, and water and communication services interruption, and severely disrupting normal economic activity in the region. In addition to the toll the storm put on the System's staff, health system, and the community, Hurricane Ian caused the System to suffer a significant interruption in normal operations. The System experienced increases in labor and supply expenses as it operated in disaster response mode, coupled with declining revenue due to closures of various facilities and cancellation of procedures, both during and in the immediate aftermath of the storm, resulting in a 30% volume reduction and 50% decrease in net revenue compared to budget. While volumes have started to normalize and all facilities reopened, the need for the System to be nimble and proactively look for ways to improve efficiencies and lower costs is apparent, as the storm will likely have lasting effects on patient volumes as the area rebuilds. The System is currently assessing the extent of the impact to the Trauma District.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Directors
Lee County Trauma Services District
Fort Myers, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the basic financial statements of Lee County Trauma Services District (the Trauma District), which comprise the basic statement of net position as of September 30, 2022, and the related basic statements of operations and changes in fund net position and cash flows for the year then ended, and the related notes to the basic financial statements, and have issued our report thereon dated February 28, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the Trauma District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trauma District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Trauma District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's basic financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trauma District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the basic financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Board of Directors
Lee Memorial Health System
Ft. Myers, Florida

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Lee Memorial Health System and its subsidiaries and the pension trust fund as of and for the year ended September 30, 2022 (collectively, the System), and the related notes to the consolidated financial statements, which collectively comprise the System's basic consolidated financial statements as listed in the table of contents.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the System as of September 30, 2022, and the changes in its fund net position and its cash flows for the year then ended, and the financial position of the pension trust fund as of September 30, 2022 and the respective change in financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. The financial statements of Lee Memorial Health System Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern within one year after the date that the consolidated financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 8 through 18 and the schedules of changes in the net pension liability and related ratios, employer contributions, investment returns, changes in total other post-employment benefits (OPEB) liability, and total other post-employment benefits (OPEB) contributions on pages 72 through 79 be presented to supplement the basic consolidated financial statements. Such information is the responsibility of management and, although not a part of the basic consolidated financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic consolidated financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic consolidated financial statements, and other knowledge we obtained during our audit of the basic consolidated financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements that collectively comprise the System's basic consolidated financial statements. The supplemental consolidating schedules on pages 81 through 85 and the schedule of expenditures of federal awards and state financial assistance, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Chapter 10.550, *Rules of the State of Florida Auditor General*, are presented for purposes of additional analysis and are not required parts of the basic consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic consolidated financial statements or to the basic consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating schedules of net position and revenues, expenses, and changes in fund net position, and the related note to the consolidating schedules, and schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic consolidated financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2023 on our consideration of the System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope

of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)

Introduction

This section of Lee Memorial Health System's (the System) annual financial report presents management's discussion and analysis of the financial position and performance of the System for the year ended September 30, 2022 with comparative information as of and for the years ended September 30, 2021 and 2020. This discussion has been prepared by management and should be read in conjunction with the consolidated financial statements and related footnote disclosures.

The System is governed by a ten-member, publicly elected Board of Directors (the Board). Each Board member can be elected to an unlimited number of four-year terms with six members being up-for-election normally in the presidential election year and four in the nonpresidential election year. This assists in providing leadership continuity among the Board members.

The System is an integrated health care provider that consists of 1,865 acute care hospital beds located at four campuses, which includes a 135-bed designated children's hospital, a 60-bed rehabilitation hospital, a 75-bed skilled nursing unit, and an 18-bed skilled nursing unit. In addition, the System operates a 112-bed skilled nursing facility, a home health agency, outpatient treatment and diagnostic centers, and physician offices. For further detail on these entities, refer to Note 1 of the consolidated financial statements.

The Board's mission is to be a trusted partner, empowering healthier lives through care and compassion. The Board's vision is to inspire hope and be a national leader for the advancement of health and healing. To achieve this vision, the Board works within a strategic plan and evaluates existing and new services based upon community needs and economic viability.

Four strategic pillars underpin the Board's strategic plan to achieve the System's mission and vision: (1) deliver a patient-focused experience through the System's engaged and service-driven team members; (2) provide safe, individualized care to promote an optimal quality of life; (3) deliver uniquely convenient and seamless care; and (4) improve the affordability of care and ensure ongoing financial viability. These strategic priorities will be achieved by resourcing and deploying strategies and tactics that are fully aligned and deployed to operations through our lean operating system. The strategies will be driven by data analytics to improve processes, standardize to best practices, and utilize human capital and technology to achieve the highest probability of success in improving outcomes and lowering costs.

Overview of the Consolidated Financial Statements

The System's annual report consists of a series of consolidated financial statements prepared in accordance with accounting standards generally accepted in the United States of America, including all applicable effective statements of the Governmental Accounting Standards Board (GASB).

Required Financial Statements

The required statements are the consolidated statements of net position; the consolidated statements of revenues, expenses, and changes in fund net position; and the consolidated statements of cash flows. These statements offer short and long-term financial information about System activities. In accordance with GASB 84, *Fiduciary Activities*, the required statements also include the statements of net position and statements of changes in net position of the Pension Trust Fund for the frozen retirement plan of former Cape Coral Medical Center, Inc. employees.

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

The consolidated statements of net position reflect all of the System's assets, liabilities, deferred inflows and outflows of resources, and net position and provide information about the nature and amounts of investments in resources (assets) and the obligations to creditors (liabilities). Assets, liabilities, and deferred activity are presented in a classified format, which distinguishes between their current and long-term time frame. The difference between the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position.

The consolidated statements of revenues, expenses, and changes in fund net position present the change in net position resulting from revenues earned and expenses incurred. All changes in fund net position are reported as revenues are earned and expenses are incurred, regardless of the timing of related cash flows.

The consolidated statements of cash flows report cash receipts, cash payments, and net changes in cash resulting from operating, financing (capital and non-capital), and investing activities. The purpose of the statements is to reflect the key sources and uses of cash during the reporting period.

Financial Analysis

Effective October 1, 2021, the System adopted GASB Statement No. 87, *Leases*, and adjusted its fiscal year 2021 consolidated financial statements to reflect the impact of GASB 87 adoption as of July 1, 2020. GASB 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB 87, the System was required to recognize a lease liability and an intangible right-to-use lease asset for certain leases reported as operating leases under the previous accounting standards. As a result of the adoption of GASB 87, amounts for the years ended September 30, 2021 reflect an increase of \$68.3 million for the recognition of the net right-of-use asset and a corresponding increase in lease obligations of \$68.2 million. Additionally, for leases for which the System is the lessor, the adoption of GASB 87 resulted in an increase in leases receivable of \$12.2 million and an increase in deferred inflows of resources of \$12.2 million for the year ended September 30, 2021.

Management's Discussion and Analysis (Unaudited)

Condensed Consolidated Statements of Net Position

A summary of the System's consolidated statements of net position is presented below (in thousands):

<i>September 30,</i>	2022	*As Adjusted 2021	2020
Assets			
Current and other assets	\$ 2,048,872	\$ 2,141,280	\$ 1,822,114
Capital assets, net	1,456,334	1,412,352	1,323,478
Total Assets	\$ 3,505,206	\$ 3,553,632	\$ 3,145,592
Total Deferred Outflows of Resources	\$ 111,447	\$ 113,740	\$ 114,395
Liabilities			
Current liabilities	\$ 307,291	\$ 468,320	\$ 482,343
Long-term liabilities	1,129,250	1,007,436	986,224
Total Liabilities	\$ 1,436,541	\$ 1,475,756	\$ 1,468,567
Total Deferred Inflows of Resources	\$ 13,791	\$ 18,543	\$ 4,853
Net Position			
Restricted	\$ 59,715	\$ 58,552	\$ 52,034
Net investment in capital assets	409,394	478,971	415,307
Unrestricted	1,697,212	1,635,550	1,319,226
Total Net Position	\$ 2,166,321	\$ 2,173,073	\$ 1,786,567

* Balances as of September 30, 2021 were adjusted for the adoption of GASB 87.

Total assets at September 30, 2022 decreased by \$48.4 million, or 1.4%, due primarily to a decrease in cash and cash equivalents of \$68.3 million, or 40.1%, and a decrease of short-term investments of \$67.6 million, or 4.6%, which was partially offset by increases in capital assets of \$44 million. The decrease in cash is due to increasing operating expenses (an increase of \$359.4 million over the prior year) and the decrease in short-term investments was due to poor market performance during the period. Growth in capital assets offset these losses primarily due to strategic growth projects approved during the course of the fiscal year. In 2021, total assets increased by \$408 million, or 12.9%, due primarily to increases in short-term investments of \$269.3 million, or 22.4%. The other driver of the 2021 increase in total assets was an \$88.9 million, or 6.7%, increase in capital assets due to the adoption of GASB 87.

Deferred outflows of resources decreased by \$2.3 million in 2022 due to the payment of \$1.1 million additional excess consideration provided for acquisitions, net of 2022 amortization expense of \$3.7 million. Deferred outflows of resources decreased in 2021 by \$0.7 million, or 0.6%, over the prior year due to \$3.8 million amortization of excess consideration provided for acquisitions and deferred loss on debt refunding in 2021, partially offset by an increase in deferred outflows on pension and post-employment benefit plans of \$3.2 million.

Total liabilities decreased by \$39.2 million, or 2.7%, in 2022, due primarily to the recoupment of \$125.5 million of the advance funds received under the Medicare Accelerated and Advanced Payment Program, partially offset by a \$113.7 million increase in long-term debt. In 2021, total

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

liabilities increased by \$7.2 million, or 0.5%, due primarily to a \$25.1 million increase in long-term debt and a \$33.0 increase in estimated third-party settlements, mostly offset by the recoupment of \$35.2 million of the advance funds received under the Medicare Accelerated and Advanced Payment Program and a \$20.0 million reduction in the liability related to Provider Relief Funds as amounts were earned in 2021.

Deferred Inflows of resources decreased in 2022 by \$4.8 million, or 25.6%, due to decreases in the deferred inflows of resources related to pension and post-employment benefits and those related to leases of \$2.5 million and \$1.6 million, respectively. In 2021, deferred inflows of resources increased by \$13.7 million, related to the \$12.2 million increase in deferred inflows related to leases as a result of the adoption of GASB 87.

Fund net position decreased by \$6.8 million, or 0.3%, in 2022 and increased by \$386.5 million, or 21.6%, in 2021. The 2022 decrease reflects positive operating income of \$188.1 million and non-operating losses of \$191.4 million and a \$3.5 million distribution to holders of a minority interest in Paramount Surgery Center, LLC. The 2021 increase reflects positive operating income of \$219.0 million and non-operating income of \$167.5 million.

Capital Assets

The System's investment in net capital assets was \$1,456.3 million at September 30, 2022, representing a \$44 million net increase over the prior year's net capital assets of \$1,412.3 million, due primarily to a \$24.5 million increase in capitalize right-of-use assets due to new leases and \$156.9 million capital expenditures in 2021, partially offset by the 2022 disposal of capital assets with net book values of \$25.1 million and approximately \$112 million of depreciation and amortization in 2022. The composition of net capital assets is more fully described in Note 6 to the consolidated financial statements.

The System expects to make total capital expenditures of \$188.3 million in fiscal year 2023. These capital expenditures are primarily for facility upgrades, information systems, and patient care equipment. These capital purchases will be funded directly from operations.

Debt Outstanding

As of September 30, 2022 and 2021, the System owed \$1,046.9 million and \$933.2 million, respectively, under long-term debt arrangements (revenue bonds, loans and notes payable, and lease obligations). In 2022 and 2021, 95% and 94% of the System's total debt and total revenue bonds, respectively, incur interest at fixed rates. Long-term debt is described in more detail in Notes 9 through 12 to the consolidated financial statements.

The remainder of this page intentionally left blank.

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

Condensed Consolidated Statements of Revenues, Expenses, and Changes in Fund Net Position

A summary of the System's consolidated statements of revenues, expenses, and changes in fund net position is presented below (in thousands):

<i>Year ended September 30,</i>	2022	<i>*As Adjusted</i> 2021	2020
Operating revenues	\$ 2,801,413	\$ 2,471,292	\$ 2,063,231
Operating expenses	2,611,719	2,252,321	2,031,056
Operating Income	189,694	218,971	32,175
Other non-operating revenues and expenses, net	(211,070)	143,276	24,710
Federal and state appropriations	15,005	20,146	61,218
Contributions and grants	3,098	4,113	10,916
Total Non-Operating (Loss) Income	(192,967)	167,535	96,844
(Deficit) Excess of Revenue and Income Over Expenses	(3,273)	386,506	129,019
Other changes in net position - distributions to minority interest holders	(3,479)	-	-
(Decrease) Increase in Net Position	\$ (6,752)	\$ 386,506	\$ 129,019

* Balances as of September 30, 2021 were adjusted for the adoption of GASB 87

A summary of the System's key operating ratios is presented below. All ratios are expressed as a percentage of total operating revenue.

Year ended September 30,

	2022 (%)	2021 (%)	2020 (%)	(%) Change 2021-2022	(%) Change 2020-2021
Salaries, wages, and benefits	54.4	49.8	55.5	9.4	(10.3)
Supplies and other services	25.4	26.6	25.8	(4.5)	3.1
Purchased services	9.3	9.1	10.8	2.2	(15.7)
Capital costs (depreciation, amortization, and interest expense)	5.3	6.8	7.8	(22.1)	(12.8)

Operating Revenues

Total operating revenues increased in 2022 and 2021 by \$330.1 million, or 13.4% and \$408.1 million, or 19.8%, respectively. In 2022, net patient service revenue increased by \$242.4 million, or 10.6%, reflecting an increase in adjusted admissions of 3.1% and an increase to net revenue per adjusted admission of 7.3%, a result of favorable payor mix shifts and upward trends in patient severity. In 2021, net patient service revenue increased by \$339.0 million, or 17.3%, reflecting an increase in

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

adjusted admissions of 7.1% and an increase to net revenue per adjusted admission of 9.6%, a result of favorable payor mix shifts and upward trends in patient severity.

Capitation and other operating revenue increased by \$87.7 million, or 50%, and \$69 million, or 65%, in 2022 and 2021, respectively, due primarily to revenue received from the System's Provider Service Network (PSN) contract with the Florida Agency for Health Care Administration and Florida Medicaid, as well as the continued growth of the specialty pharmacy services at the Lee Health Coconut Point facility.

Operating Expenses

Total operating expenses increased in fiscal year 2022 by \$359.4 million, or 16.0%. Salaries, wages, and benefits increased by approximately \$294.8 million, or 24.0%, primarily due to a 14.7% increase in average hourly pay rate over the prior year. Increases in hourly rates were driven by staffing shortages that began during the COVID-19 pandemic and required the continued use of more premium labor. The System also increased personnel related to its continued expansion in outpatient services and other programs aimed at improving community health and patient access. Benefit costs increased by \$15.3 million, or 9.1%, over the prior year but decreased as a percent of salaries and wages to 13.6%. Salaries, wages, and benefits, as a percent of total operating revenues, increased from 49.8% to 54.5% in 2022. Supplies and other services expenses increased in 2022 by \$53.9 million, or 8.2%, due mostly to a 3.5% increase in supply costs per adjusted admission, as costs for, and utilization of, supplies related to the COVID-19 pandemic increased significantly. Additionally, supplies and other services expenses also increased commensurate with the 3.1% increase in patient volumes. Purchased services increased by \$33.6 million, or 14.9%, due primarily to increased expenses for physician contracts, contract services pertaining to new technology initiatives, and specialty pharmacy services.

Total operating expenses increased in fiscal year 2021 by \$221.3 million, or 10.9%. Salaries, wages, and benefits increased by approximately \$85.9 million, or 7.5%, primarily due to a 5.1% increase in average hourly pay rate over the prior year. Increases in hourly rates were driven by staffing needs related to the COVID-19 pandemic, which required the use of more premium labor. The System also increased personnel related to its continued expansion in outpatient services and other programs aimed at improving community health and patient access. Benefit costs increased by \$10.7 million, or 6.8%, over the prior year but remained comparable as a percent of salaries and wages of 13.6%. Salaries, wages, and benefits, as a percent of total operating revenues, decreased from 55.5% to 49.8% in 2021. Supplies and other services expenses increased in 2021 by \$125.1 million, or 23.5%, due mostly to a 16.7% increase in supply costs per adjusted admission, as costs for, and utilization of, supplies related to the COVID-19 pandemic increased significantly. Additionally, supplies and other services expenses also increased commensurate with the 7.1% increase in patient volumes. Purchased services increased by \$3.2 million, or 1.4%, due primarily to increased expenses for physician contracts, contract services pertaining to new technology initiatives, and specialty pharmacy services.

Depreciation and amortization expense decreased by \$22.9 million over the prior year, to \$115.5 million in 2022, due primarily to the System revising its estimates of the useful life assigned to certain buildings, building improvements, and equipment assets effective October 1, 2021. Depreciation and amortization expense increased by \$7.2 million in 2021 over the prior year, to \$138.4 million, due to the System's continued investments in expansion, renovation, and upgrades in technology.

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

Non-Operating Revenues and Expenses

Total 2022 non-operating loss reflected a \$360.5 million, or 215.2%, decrease from the prior year non-operating income, primarily attributable to net unrealized losses resulting from changes in the fair market value of investments, which may vary significantly from year-to-year dependent on financial market performance. Total investment income decreased in 2022 by \$371.4 million. 2022 investment income included unrealized losses of \$305.4 million and investment income and realized gains of \$105.0 million, a decrease of \$417.1 million and an increase of \$45.7 million over 2021 amounts, respectively. The System recognized federal and state appropriations of \$15.0 million in 2022. Interest expense increased by \$2.7 million to \$32.3 million in 2022, compared to \$29.5 million in 2021.

Total 2021 non-operating income increased by \$70.7 million, or 73.0%, over the prior year, primarily attributable to unrealized gains on investments due to changes in the fair market value, which can vary significantly from year-to-year dependent on financial market performance. Total investment income increased in 2021 by \$95.3 million. 2021 investment income included unrealized gains of \$111.7 million and investment income and realized gains of \$59.3 million, increases of \$67.8 million and \$27.5 million over 2020 amounts, respectively. The System recognized federal and state appropriations of \$20.1 million and \$61.2 million related to the CARES Act Provider Relief Funds received in 2020. In 2020, the System deferred recognition of the \$20.0 million for funds at risk for potential payback based on continuously evolving eligibility criteria published by the United States of America (U.S.) Department of Health and Human Services (HHS). Interest expense remained comparable at \$29.5 million for 2021 and 2020.

Below is a table outlining the System's Board defined and monitored operating ratios. These ratios are compared with Moody's A-rated hospitals.

<i>Year ended September 30,</i>	2021 Moody's Median (%)	2022 (%)	2021 (%)	2020 (%)
Profitability Ratios				
Operating margin*	3.1	5.6	7.7	0.1
Excess margin**	6.7	(0.1)	14.5	5.9
EBITDA margin***	8.8	10.9	14.5	7.9
Liquidity Ratios				
Days cash on hand	268.4	217.3	279.5	271.8
Cushion ratio	31.5	15.2	20.1	18.0
Cash-to-debt	220.4	143.8	175.9	157.8
Capitalization Ratios				
Debt to capitalization	29.1	33.3	30.6	34.4
Annual debt service coverage	6.0	4.8	5.8	3.3
Debt to cash flow	2.6	2.5	2.3	4.2

* Operating margin is calculated as operating income less interest expense divided by total operating revenues.

** Excess margin is calculated as the excess (deficit) of revenues and income over expenses divided by [total operating revenues plus non-operating income or loss plus interest expense].

*** EBITDA margin is calculated as [operating income plus depreciation and amortization divided by total operating revenues].

Annually, the Board establishes targets for these key ratios and then monitors these ratios each month to ensure that the System remains an A-rated organization. The excess margin, days cash on

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

hand, cushion, cash-to-debt, debt to capitalization, and annual debt service coverage ratios fall outside the range of the Moody's 2021 Medians.

Consolidated Statements of Cash Flows

Unrestricted and restricted cash and cash equivalents decreased \$61.4 million in 2022. Cash used in capital and related financing activities and to purchase additional investments exceeded the System's positive cash flow from operating activities.

Net cash provided by operating activities was \$128.7 million and \$264.8 million for the years ended September 30, 2022 and 2021, respectively. In 2022, the System made additional payments of \$292.7 million and \$69.2 million to employees and suppliers, respectively, as compared to the prior year. The impact of these additional payments was partially offset additional cash of \$141.3 million and \$84.4 million, received for patient care and from other operations, respectively.

Net cash provided by noncapital financing activities in 2022 was \$26.0 million, compared to \$4.3 million provided by noncapital financing activities in the prior year.

Net cash used in capital and related financing activities was \$62.1 million in fiscal year 2022 and \$223.9 million in fiscal year 2021. Net proceeds from borrowings of long-term debt of \$152.9 million significantly offset capital and related financing activities' cash outflows in 2022; however, the decrease in cash outflows was partially offset by higher expenditures for capital assets of \$158.2 million.

Net cash used in investing activities was \$154.0 million for fiscal year 2022 compared to \$99.9 million in the prior year. The System invested an additional \$81.9 million in 2022 compared to the investment of \$157.1 million in 2021. Additionally, investment income received through interest earnings and realized gains was \$105.9 million and \$57.2 million in 2022 and 2021.

Community Benefit

As a special purpose unit of government, the System is committed to meeting the needs and improving the health status of the people of Southwest Florida. The essential services that are provided throughout the System were created from its commitment to the community and not because of an economic opportunity. Therefore, the System regularly assesses the needs of the community so that even the most vulnerable of its citizens are provided care even though a particular service might generate a low or negative margin.

The entire cost of providing care to low-income citizens or to fund unprofitable services is subsidized through our tax-exempt status. The System regularly estimates the benefit of its tax-exempt status as compared to the "community benefits" that are provided to the citizens as well as identifying the types of services that are provided often at significant financial loss to meet the needs of the community.

The analysis of the community benefit reveals that the System's financial benefit of its tax-exempt status was approximately \$118.6 million for 2022, \$117.5 million for 2021, and \$68.9 million for 2020. This financial benefit includes the savings derived from not having to pay certain state and federal taxes, real estate taxes, sales, and intangible taxes, as well as lower malpractice costs due to sovereign immunity as a governmental entity, and lower cost of capital due to the use of tax-exempt financing.

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

Community benefit consists of charity care provided to patients who might not otherwise have access to health care, services that are provided at less than cost to low-income members of the community (e.g., Medicaid), and other services provided at a loss, such as community wellness and health education programs. The System's commitment to its community is summarized into the following community benefit categories as follows (in thousands):

<i>Year ended September 30,</i>	2022	2021	2020
Cost of charity care for low-income patients	\$ 82,473	\$ 82,661	\$ 72,800
Cost of community outreach and educational programs and one-of-a-kind medical services	51,852	45,056	59,129
Cost of unpaid Medicaid services	115,959	159,673	77,425
Cost of unpaid Medicare and other government programs	578,551	397,769	272,551
Benefit of Services Provided to the Community	\$ 828,835	\$ 685,159	\$ 481,905

In summary, the System continues to provide benefit to the community well in excess of the value of its tax-exempt status. The System continues to be focused on the provision of essential services to all of its citizens and uses its financial surplus to further its charitable purpose.

Forward-Looking Considerations

The following items describe known facts, decisions or conditions that are expected to have a significant effect on the System's consolidated financial position or results of operations.

Medicaid and Medicare Revenues

As reflected in the following table, the System is dependent on the State and Federal government programs for the majority of its revenues, with 65.2% of the System's revenue being derived from the Medicare and Medicaid programs. Over the past several years, Medicare rate increases have not kept pace with overall medical expense increases. Management expects these trends to continue, placing continued pressure on operating margins and necessitating efforts to further enhance operating efficiencies. The System has created a department with highly trained Lean Management personnel to implement process standardization and waste elimination through the use of Lean methodologies.

Patient service revenue by payor as a percentage of total patient service revenue is as follows:

<i>September 30,</i>	2022 (%)	2021 (%)	2020 (%)
Medicare	52.0	51.3	52.2
Medicaid	13.2	13.4	12.6
Commercial	24.0	24.7	23.8
Other	10.8	10.6	11.4
	100.0	100.0	100.0

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

COVID-19 Pandemic

The System's operations and financial condition have been significantly impacted by the emergence of a novel coronavirus (COVID-19) that evolved into a global pandemic. In response to COVID-19 and its effects on the U.S. economy and the health care delivery system, Congress passed various stimulus bills, which have provided certain financial benefits to the System. The following is a summary of the key benefits provided to the System as part of the various stimulus funding packages passed by Congress:

- The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) authorized Provider Relief Funds intended to compensate healthcare providers for lost revenues and incremental expenses incurred in response to the COVID-19 pandemic. Provider Relief Funds are not required to be repaid, provided recipients attest to and comply with certain terms and conditions. In the year ended September 30, 2020, the System received approximately \$81.2 million in Provider Relief Funds, comprised of approximately \$37.8 million from the general distribution, approximately \$42.7 million in targeted high-impact funds, and approximately \$0.7 million in other funds. In December 2021, the System received another \$7.0 million. Of the total \$88.2 million received, the System recognized \$7.0 million in 2022, \$20.0 million in 2021, and \$61.2 million in 2020 as federal and state appropriations within non-operating revenue in the consolidated statements of revenues, expenses, and changes in fund net position.
- Throughout the pandemic, and as recent as June 2021, HHS has released updated guidance on reporting the appropriate use of Provider Relief Funds received under the CARES Act. Based on the most recent guidance, recipients may use Provider Relief Funds for health care-related expenses attributable to COVID-19 that another source has not reimbursed and is not obligated to reimburse, and then for lost operating income related to health care services measured through December 31, 2020, and then, if necessary, through June 30, 2021. In November 2021, the System filed the first supporting documentation for \$75.2 million of Provider Relief Funds received through June 30, 2020 and related increased labor expenses attributable to COVID-19 and lost patient revenue totaling \$160 million. HHS guidance allows the System to carryforward a portion of the excess expenses and lost revenue to support the remaining \$6.9 million of Provider Relief Funds required to be filed with HHS by March 31, 2022. Management is aware that the Provider Relief Funds received are subject to audit, and certain amounts could be at risk of being paid back in the future. However, based on the estimated financial impact of COVID-19, management does not believe such amounts, if any, would be material to the consolidated financial statements.
- The System was also able to utilize the Federal Emergency Management Assistance grant program and applied for and received a grant in the amount of \$7.9 million in 2022 to help offset \$17.0 million in additional COVID-19 expenses that were incurred through December 31, 2020 for supplies and equipment. This was also recorded as federal and state appropriations within non-operating revenue in the consolidated statements of revenues, expenses, and changes in fund net position.
- The CARES Act also expanded the Medicare Accelerated and Advance Payment Program as a way to increase cash flow to Medicare providers impacted by the COVID-19 pandemic. Acute care hospitals may request accelerated payments of up to 100% of their total Medicare payment amount for a six-month period based on the last six months of 2019. The Continuing Appropriations Act, 2021 and Other Extensions Act was signed into law on October 1, 2020 and resulted in the accelerated payments being interest free if repaid within 30 months of

Lee Memorial Health System

Management's Discussion and Analysis (Unaudited)

receipt. Beginning in April 2021, Medicare withholds 25% of all Medicare remittance advice payments for 11 months and then 50% of payments for the next six months or until fully recovered. The System received \$162.6 million of accelerated payments in April 2020 and an additional \$14.0 million in October 2021. As of September 30, 2022, the balance remaining to be withheld was \$1.8 million, classified as Medicare advance payments within current liabilities in the consolidated statement of net position.

Management anticipates that the extent of COVID-19's adverse impact on the System's operating results and financial position will be driven by many factors, most of which are beyond management's control and ability to forecast. The ultimate impact on operating results will be a function of the duration and scope of the COVID-19 outbreak in areas served by the System and its effect on patient volumes. As a result, at this time, management cannot reasonably estimate the future impact on operations of a prolonged continuation of the COVID-19 pandemic.

1. Description of Reporting Entity and Summary of Significant Accounting Policies

Description of Reporting Entity

Lee Memorial Health System (LMHS) is a special purpose unit of local government created by special act of the Florida Legislature, Chapter 63-1552, Laws of Florida, Special Acts, 1963 as re-codified by Chapter 2000-439, Laws of Florida, Special Acts, 2000 (the Enabling Act). It is classified as an independent special district under the laws of Florida. LMHS operates pursuant to the Enabling Act, as amended.

LMHS includes four acute care hospitals: Lee Memorial Hospital, HealthPark Medical Center, Gulf Coast Medical Center (GCMC), and Cape Coral Hospital. Additionally, LMHS is comprised of other healthcare facilities and services, which include a 135-bed designated children's hospital, a 60-bed rehabilitation hospital, an 18-bed skilled nursing unit, a 75-bed skilled nursing unit, a 112-bed skilled nursing facility, a home health agency, outpatient treatment and diagnostic centers, and physicians' offices. LMHS operates primarily in Lee County, Florida.

Certain of these operations have been placed in subagencies for administrative purposes. Subagencies are created by resolution of LMHS's Board of Directors under authorization granted by its Enabling Act. These subagencies are not incorporated under the corporation laws of Florida. LMHS has also formed various legal entities that enable it to participate in business relationships that provide investment opportunities and increase the provision of health care services throughout the community.

The accompanying consolidated financial statements present LMHS and its component units, entities for which LMHS is considered to be financially accountable (collectively referred to as the System throughout these notes to the consolidated financial statements). Blended component units are, in substance, part of the System's operations, even though they are legally separate entities. The discrete component unit is both legally and substantively separate from LMHS. The component units discussed below are included in the reporting entity because of their operational or financial relationships with the System. Except as indicated below, separate financial statements for component units are not publicly available.

Blended Component Units

- Cape Coral Hospital is managed through a not-for-profit organization, Cape Memorial Hospital, Inc. (Cape Coral Hospital). This corporation was created by the System's Board of Directors to receive and hold the assets purchased from Cape Coral Medical Center, Inc. (CCMC) on July 1, 1996, upon acquisition of Cape Coral Hospital. LMHS is the sole owner of Cape Coral Hospital, and ten members of LMHS's Board of Directors comprise its Board of Directors. See Note 15 for presentation of Cape Coral Hospital's condensed statements of net position, revenue, expenses, and changes in fund net position and cash flows.
- HealthPark Care Center, Inc. (HPCC) is a not-for-profit corporation, which owns and operates the System's skilled nursing facility. LMHS is the sole owner of HPCC and HPCC's Board of Directors consists of the ten members of LMHS's Board of Directors.
- Lee Memorial Home Health, Inc. (LMHH) is a not-for-profit corporation, which owns and operates the System's home health agency. LMHS is the sole owner and LMHH's Board of Directors consists of the ten members of LMHS's Board of Directors. LMHH is the sole owner of Access Medical South, LC, which was formed in 2001 to provide durable medical

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

equipment, oxygen, and respiratory services, and the sole member of Access Infusion Partners, LLP, formed in 1997 to provide infusion services in Lee County.

- Bonita Community Health Center (BCHC) is a not-for-profit organization. BCHC operates an urgent care center, a diagnostic imaging center, and an outpatient rehabilitation center in Estero, Florida. Previously, LMHS had a 50% membership interest in BCHC and accounted for its interest under the equity method. On November 29, 2019, LMHS acquired the remaining 50% membership interest.
- Lee Memorial Health System Foundation, Inc. (the Foundation) is a not-for-profit corporation created by LMHS's Board of Directors and community leaders to serve as a fund-raising organization in support of the System. Its Board of Directors consists of persons prominent in the community and interested in serving the community and the System's needs. Two Board positions are also reserved on an ex-officio basis for the Chairman of the Board of Directors of LMHS or members of such Board designated by the Chairman and the Chief Executive Officer or his/her designee. The Foundation's separately issued financial reports may be obtained on the System's website at www.leehealth.org.
- Lee County Trauma Services District (the District) is a not-for-profit organization located in Fort Myers, Florida. The District is a special purpose unit of local government created by a special act of the 2003 Florida Legislature, Chapter 63-1552, Laws of Florida, Special Acts, 1963 as recodified by Chapter 2003-357, Laws of Florida, Special Acts 2003. The District is classified as an independent special district under the laws of Florida. The District serves as an integral member of the continuum of care offered by the System. Per an Interlocal Agreement pursuant to the provisions of Section 163.01, Florida Statutes, LMHS is obligated to provide monetary support to the District so there is no financial loss (or gain) to the District. The District's separately issued financial reports may be obtained on the System's website at www.leehealth.org.
- The System provides vital patient care services through various access points. To promote access to comprehensive preventive and primary health services for medically underserved residents members of the community regardless of their ability to pay for such services, the System sought and received, from the Health Resources and Services Administration (HRSA) of the United States of America (U.S.) Department of Health and Human Services (HHS), the designation of certain System clinic locations as public-entity model federally qualified health center look-alikes (FQHC-LA), known as public health centers. Lee Community Healthcare, Inc. (LCH) is a separate tax-exempt Florida not-for-profit corporation with a Board of Directors that meets independent governance (community board) standards and retains reserve powers relative to FQHC-LA operations. The System and LCH entered into a co-applicant arrangement to comply with the federal law requirements related to independent Board of Directors oversight of the designated centers. As the public entity, the System is responsible for the operation of the centers, which are located in Cape Coral; North Fort Myers; East Fort Myers; South Fort Myers; Port Charlotte; and Lehigh Acres. LCH serves as an integral member of the continuum of care offered by the System.
- The System has population health services (Center for Care Transformation) aimed at furthering the System's mission to be a trusted partner empowering healthier lives through care and compassion. LMHS is the sole member or owner of the following entities that comprise Population Health:
 - Best Care Assurance, LLC (d/b/a Vivida Health) holds the Provider Service Network (PSN) contract with the Florida Agency for Health Care Administration and Florida Medicaid.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

- Best Care Collaborative, LLC holds the Medicare Next Generation Accountable Care Organization (ACO) contract with the Centers for Medicare and Medicaid Services (CMS).
- Best Care Partners, Inc. holds the Clinically Integrated Network (CIN) of providers, as well as the provider-led Medicare Advantage and/or a commercial employer health insurance plan. As of December 31, 2020, the Medicare Advantage plan no longer has members.
- Effective May 1, 2017, LMHS acquired 100% membership in Florida Radiology Leasing, LLC, which operates freestanding multi-diagnostic outpatient radiology centers in various leased locations.
- LMHS is the sole member of CB Medical North, LLC, which owns the land and building housing the Lee Memorial Regional Cancer Center at the Sanctuary, and CB Medical South, LLC, which owns the land and building housing the Outpatient Center at the Sanctuary.
- On October 21, 2019, LMHS's Board of Directors approved the creation of an entity to participate in investments and advantageous business relationships. LMHS is the sole member of Community Healthcare Innovations, LLC (CHI) and CHI is the sole member of the following entities:
 - Lee Healthcare Holdings, LLC (LHH) was formed on November 7, 2019 as a wholly owned subsidiary of CHI. LHH was created to participate in joint ventures and future investment ventures.
 - Lee Healthcare Investments, LLC (LHI) was formed on November 7, 2019 as a wholly owned subsidiary of CHI. LHI was created to house all of the System's wholly owned ambulatory surgery centers (ASCs).

Discrete Component Units

On December 24, 2019, LHH acquired a 51% membership interest with Paramount Surgery Center, LLC (Paramount), which is a specialized orthopedic ambulatory surgical center, for a purchase price of \$20.5 million. The consideration in excess of the value of the net assets was expensed. The accompanying consolidated financial statements do not present Paramount as a discrete component unit, but as a blended component unit, as amounts are not material to these consolidated financial statements. See Note 15 for presentation of Paramount's condensed statements of net position, revenue, expenses and changes in fund net position and cash flows. Paramount does not issue separate financial statements.

The pension trust fund is used to account for assets held in trust for the benefit of the employees of Cape Coral Medical Center, Inc. (CCMC). The frozen pension plan is sponsored by the System and governed by a committee appointed by the System's Board of Directors; therefore, the pension plan is included as a component unit of the System.

All intercompany transactions have been eliminated in the accompanying consolidated financial statements.

Summary of Significant Accounting Policies

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, including all applicable effective principles of the Governmental Accounting Standards Board (GASB). The consolidated financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

Nonexchange transactions, in which the System receives (or gives) value without directly giving (or receiving) equal value in exchange, include certain grants and donations. Revenues are recognized, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the grantor or donor have been met, if probable of collection.

The financial statements of the pension trust fund are prepared using the accrual basis of accounting. Actuarially determined employer contributions to the frozen retirement plan of former Cape Coral Medical Center, Inc. employees (the CCMC Plan) are made by the System in order to maintain sufficient assets to pay benefits and are recognized when due. Benefits are recognized when due and payable in accordance with the terms of the CCMC Plan.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently Adopted Accounting Standards

Effective October 1, 2020, the System adopted GASB 87, *Leases* (GASB 87), and adjusted its consolidated financial statements as of and for the year ended September 30, 2021. GASB 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB 87, the System was required to recognize a lease liability and an intangible right-to-use lease asset for certain leases reported as operating leases under the previous accounting standards. As a result of the adoption of GASB 87, amounts for the years ended September 30, 2021 reflect an increase of \$68.3 million for the recognition of the net right-of-use asset and a corresponding increase in lease obligations of \$68.2 million. Additionally, for leases for which the System is the lessor, the adoption of GASB 87 resulted in an increase in leases receivable of \$12.2 million and an increase in deferred inflows of resources of \$12.2 million for the year ended September 30, 2021.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

The System adopted the standard as of October 1, 2020 and accordingly the consolidated financial statements for the year ended September 30, 2021 have been adjusted, as summarized below:

September 30, 2021

	As Previously Reported	Adjustment Related to GASB 87 Adoption	As Adjusted
Assets			
Current Assets			
Current assets excluding other current assets	\$ 2,030,127	\$ -	\$ 2,030,127
Other current assets	49,700	1,501	51,201
Total Current Assets	2,079,827	1,501	2,081,328
Non-Current Assets			
Assets whose use is restricted	14,257	-	14,257
Capital assets, net	1,344,067	68,285	1,412,352
Other assets	34,961	10,734	45,695
Total Assets	\$ 3,473,112	\$ 80,520	\$ 3,553,632

Total Net Position	\$ 2,173,073	\$ -	\$ 2,173,073

Cash and Cash Equivalents

Cash and cash equivalents consist of amounts held as bank deposits and highly liquid investments with original maturities of three months or less at date of purchase.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

The System places its cash and cash equivalents with what management believes to be high-credit quality financial institutions. Included in cash and cash equivalents are bank deposits that may be in excess of the federal insured amount of \$250,000. However, the System is a Qualified Public Depositor with the state of Florida. As such, deposits at Qualified Public Depositories are insured at the full amount on deposit. Management does not anticipate nonperformance risk by the financial institutions.

Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents consist of amounts held as bank deposits and highly liquid investments with original maturities of three months or less at date of purchase and are restricted by donors for specific purposes or are held under other regulatory or contractual agreements.

Inventories

Inventories consist principally of pharmaceuticals and medical and surgical supplies that are valued, using the first-in, first-out method, at the lower of cost or net realizable value.

Investments and Investment Income

Investment securities held by the System, including investments in companies that are deemed to be alternative investment funds, are carried at fair value. Investment income, including interest, dividends, realized gains and losses based on the specific identification method, and unrealized gains and losses, are included in non-operating revenues when earned.

The System's investments in companies deemed to be alternative investment funds and the approximate ownership interest in each company were as follows:

<i>September 30,</i>	2022 (%)	2021 (%)
SEI Core Property Fund, LP (Core Property Fund)	4.30	3.81
SEI Special Situations Fund, Ltd. (Special Situations Fund)	7.62	8.07
SEI Core Property Fund, LP (held by the Foundation)	0.06	0.05

Assets Whose Use is Restricted

Assets whose use is restricted consist primarily of investments restricted by donors for specific purposes, investments held by the trustee under the terms of the System's bond indenture agreements, and assets held under other contractual agreements (see Note 4). The current portion of assets whose use is restricted relates to the corresponding estimated current obligations.

Capital Assets, Net

Capital assets are defined by the System as assets with estimated useful lives in excess of one year at the date of acquisition. An asset is capitalized when the cost of the individual item exceeds \$1,000. Capital assets have been recorded at historical cost or acquisition value at date of purchase or donation, respectively. Routine maintenance and repairs are expensed when incurred. Expenditures that materially increase the value, change the capacity, or extend the useful life of an asset are capitalized.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

The straight-line method of computing depreciation is used for all depreciable assets. Buildings and equipment under lease arrangements are amortized under the straight-line method over the shorter of the lease term or estimated useful life of the asset.

Prior to October 1, 2021, major asset classifications and estimated useful lives were generally in accordance with those recommended by the American Hospital Association. From time to time, the System may reassess useful lives as facts and circumstances change in regard to how assets are being used. During the year ended September 30, 2022, the System performed a review of its property and equipment with a net book value greater than \$50,000 as of October 1, 2021 which identified assets with an expected remaining economic life in excess of the assigned estimated useful life, based on an analysis of the usage, maintenance, and current state of those assets. The System reassessed the assigned useful life for these assets effective October 1, 2021 and accounted for the change in estimate prospectively in the period of change and future periods. The change in estimated useful lives resulted in a decrease in depreciation for the year ended September 30, 2022, and a resulting increase in net position, of approximately \$29,500,000.

Estimated useful lives by major asset classification were as follows:

	2022 (Years)	2021 (Years)
Buildings and improvements	10-80	10-40
Equipment	2-20	2-15

Impairment of Long-Lived Assets

Long-lived assets are evaluated for recoverability whenever adverse events or changes in business climate indicate a decline in service utility of the capital asset. For the years ended September 30, 2022 and 2021, the System does not believe there were any adverse events or changes in business that would indicate that an impairment reserve is required.

Leases

Lessor - The System has leased to third-parties multiple nonfinancial assets. The System recognizes a lease receivable and a deferred inflow of resources in the combined financial statements.

At the commencement of the lease, The System measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments receivable. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the System determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts. The System uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the non-cancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee. The System monitors changes in circumstances that would require a re-measurement of its lease and will re-measure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

Lessee - The System is party to multiple leases of nonfinancial assets as a lessee. The System recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the consolidated statements of net position.

At the commencement of a lease, the System initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life or lease term, whichever is shorter.

Key estimates and judgments related to leases include how the System determines (1) the discount rate used to discount the expected lease payments to present value, (2) lease term, and (3) lease payments. The System uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the System generally uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the non-cancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the System is reasonably certain to exercise.

The System monitors changes in circumstances that would require a re-measurement of its leases and will re-measure lease assets and liabilities if certain changes occur that are expected to significantly affect the amount of any lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the consolidated statements of net position.

The System recognizes short-term lease payments, property taxes, and common area maintenance (CAM) and certain other variable lease payments to supplies and other services expense as incurred.

Excess Consideration Provided for Acquisition

Excess consideration provided for acquisition represents the consideration paid by the System for various acquisitions in excess of the estimated fair value of net position acquired. This deferred outflow is being attributed to future periods (i.e., amortized) in a systematic and rational manner over the periods presented in the table below. The System recognized approximately \$3.7 million in amortization expense for the years ended September 30, 2022 and 2021 with such amounts being included as a component of depreciation and amortization in the consolidated statements of revenues, expenses, and changes in fund net position.

The remainder of this page intentionally left blank.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

The table below depicts the components of this balance, annual amortization, and the weighted-average amortization period at the component level, as well as System totals:

September 30, 2022

	Balance	Annual Amortization	Weighted- Average Amortization Period (Years)
Gulf Coast Medical Center	\$ 78,743	\$ 2,449	39.8
Lee Memorial Hospital	17,489	745	31
Cape Coral Hospital	5,838	489	20
Total	\$ 102,070	\$ 3,683	37.8

During the year ended September 30, 2022, the System acquired a private entity as part of the System's strategic plan to deliver convenient and seamless care. Cash consideration of \$1.1 million paid by the System was fully attributable to excess of consideration provided for the acquisition and was recorded as a deferred outflow of resources to be amortized over a period of 20 years.

Bond and Note Issuance Costs

Bond issuance costs are expensed at time of issuance.

Bond Premiums and Discounts

Bond premiums and discounts are amortized over the period the bonds are outstanding using the effective interest method.

Compensated Absences

The System's policy is to record the cost of annual leave when earned. Employees earn annual leave at varying rates depending upon years of service and the leave plan in which they participate.

Paid Time Off (PTO) Plan - The PTO program combines the various leave types that employees may earn into one earning rate that varies depending upon years of service. The policy does not provide for a maximum accumulation of unused PTO.

Upon termination of employment, employees are paid for their current balance in PTO at a prorated amount based upon their position. The PTO program also has a bi-annual PTO cash-in option with payouts in May and November. This PTO cash-in option allows employees to cash in any and all portions of earned PTO, provided they maintain a minimum balance of 80 hours. PTO is cashed in at a prorated value of 80% for non-management staff and 50% for management staff.

Liability Calculation - The liability for accumulated annual leave, holiday leave, and PTO leave for each employee at September 30 equals the leave carried forward at the previous September 30 plus the leave earned, less the leave taken between October 1 and September 30. The liability is equal to the accumulated hours multiplied by the employee's current hourly rate. The PTO liability is included in accrued salaries and benefits and other noncurrent liabilities in the accompanying

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

consolidated statements of net position, classified as current or noncurrent based on historical trends of PTO activity.

Self-Insurance Programs

Estimated liabilities for self-insured medical malpractice, employee health, and workers' compensation claims include estimates of the ultimate costs for both reported claims and claims incurred but not reported.

Deferred Outflows and Inflows of Resources

Deferred outflows of resources are defined as a consumption of net assets by the System that is applicable to a future reporting period. Deferred inflows of resources are defined as an acquisition of net assets by the System that is applicable to a future reporting period. Deferred outflows of resources increase net position, similar to assets, and deferred inflows of resources decrease net position, similar to liabilities.

Net Position

Net position of the System is classified in four components. Net position for investment in capital assets equals the balance of capital assets, net of accumulated depreciation, reduced by amounts due under outstanding borrowings used to finance the purchase or construction of those assets. Restricted expendable net position relates to noncapital net assets that must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the System, including amounts deposited with trustees as required by revenue bond indentures. Restricted nonexpendable net position is equal the principal portion of permanent endowments. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets or restricted net position.

When both restricted and unrestricted resources are available for use, the System uses the restricted resources first, then unrestricted resources as needed. Resources restricted by donors or grantors for specific operating purposes are reported in other operating revenue to the extent used in the period.

Net Patient Service Revenue and Patient Accounts Receivable

The System has agreements with third-party payors that provide for payments to the System at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, and per-diem payments. Net patient service revenue is reported when earned at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

The System grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors is as follows:

<i>September 30,</i>	2022 (%)	2021 (%)
Medicare	34	30
Medicaid	9	10
Managed care	24	27
Commercial insurance	11	10
Self-pay and other	22	23
	100	100

The provision for uncollectible accounts is based on management's assessment of historical and expected net collections, considering business and economic conditions, trends in federal and state governmental health care coverage, and other collection indicators. Throughout the year, management assesses the adequacy of the allowance for uncollectible accounts based upon these trends. The results of this review are then used to make any modification to the provision for uncollectible accounts to establish an appropriate allowance to reduce patient accounts receivable to estimated net realizable value. Patient accounts receivable are written off after collection efforts have been followed under the System's policies.

Charity Care

The System provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the System does not pursue collection of these amounts, charity care is not reported as net patient service revenue. The level of direct charity care provided during the years ended September 30, 2022 and 2021 consisted of foregone revenues of approximately \$374.9 million and \$370.0 million, respectively.

Capitation Revenue

The System, through its component unit, Best Care Assurance, LLC (d/b/a Vivida Health), administers the PSN contract with the Florida Agency for Health Care Administration (AHCA) under the Florida Statewide Medicaid Managed Care program. The System receives a Per Member Per Month (PMPM) capitation payment and certain additional supplemental payments in return for the obligation to pay for all covered medical services provided to its qualified members. The Agency for Health Care Administration (AHCS) makes capitation payments to the System each month and the System is obligated to pay for its members covered services incurred during that month. The System recognizes capitation revenue as the System satisfies the stand-ready obligation to fund members' medical care. The System records expense for paid claims on a monthly basis and estimates a liability for incurred but not reported claims on a monthly basis.

Other Revenue

Other revenue is comprised of amounts earned by the System primarily for the provision of on-site pharmacy and specialty pharmacy services, but also includes amounts earned for food and beverage, gift store, unrestricted gifts and donations, rental income, and other amounts not directly related to patient care. The System recognizes pharmacy service revenue at the time of service at estimated net realizable amounts from patients, third-party payors, and others for services rendered.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

Non-Operating Revenues and Expenses

The System's consolidated statements of revenues, expenses, and changes in fund net position distinguish between operating and non-operating revenues and expenses. Operating revenues result from exchange transactions associated with providing health care services, the System's principal activity. Nonexchange revenues, including taxes, grants, and contributions received for purposes other than capital asset acquisition, are reported as non-operating revenues and expenses. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

Income Taxes

The System is a special purpose unit of local government created by the Enabling Act. Certain of the System's controlled subsidiaries have been recognized by the Internal Revenue Service as tax-exempt organizations described in Section 501(c)(3) of the Internal Revenue Code (the Code). Income earned in furtherance of the System's tax-exempt or governmental purpose is exempt from federal and state income taxes. The Code provides for taxation of unrelated business income under certain circumstances. The System has no significant unrelated business income; however, such status is subject to final determination upon examination of the related income tax returns by the appropriate taxing authorities.

Recently Issued Accounting Standards Not Yet Adopted

In March 2020, the GASB issued GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements (GASB No. 94)*. The primary objective of GASB No. 94 is to improve financial reporting and address certain issues related to public-private and public-public partnership arrangements (PPP) and to provide guidance for accounting and financial reporting for availability payment arrangements (APA). A PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. An APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. GASB No. 94 is effective for fiscal years beginning after June 15, 2022. The System is currently evaluating the impact GASB No. 94 will have on its consolidated financial statements.

In May 2020, the GASB issued GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (GASB No. 96)*. GASB No. 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA) for government end-users. A SBITA is defined as a contract that conveys control of the right to use another party's information technology software, alone or in combination with tangible capital assets, as specified in the contract for a period of time in an exchange or exchange-like transaction. GASB No. 96 establishes that a SBITA results in a right-to-use subscription asset, an intangible asset, and a corresponding subscription liability, and requires additional disclosures regarding a SBITA. GASB No. 96 is effective for fiscal years beginning after June 15, 2022. The System is currently evaluating the impact GASB No. 96 will have on its consolidated financial statements.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

In April 2022, the GASB issued GASB Statement No. 99, *Omnibus 2022* (GASB No. 99). GASB No. 99 addresses comparability in accounting and financial reporting for a number of practice issues, a number of which were effective upon issuance and had no material impact on the System's consolidated financial statements. Practice issues related to the determination of a lease term and classification of leases as short-term in accordance with GASB 87 and clarification of provisions of GASB 96 relating to SITBAs, including classification as a short-term SITBA and recognition and measurement of a subscription liability, are effective for fiscal years beginning after June 15, 2023. GASB 99 also clarifies that a government extending an exchange or exchange-like financial guarantee should recognize a liability and expense/expenditure related to the guarantee when qualitative factors and historical data indicate that it is more likely than not a government will be required to make a payment related to the guarantee. GASB 99 excludes guarantees related to special assessment debt, financial guarantee contracts within the scope of GASB 53, or guarantees related to conduit debt obligations. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of GASB 53 are also effective for fiscal years beginning after June 15, 2023. The System is currently evaluating the impact GASB No. 99 will have on its consolidated financial statements.

In June 2022, the GASB issued GASB Statement 100, *Accounting Changes and Error Corrections* (GASB 100). GASB 100 prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections and requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior periods, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. The requirements of GASB 100 for changes in accounting principles apply to the implementation of a new pronouncement in absence of specific transition provisions in the new pronouncement. GASB 100 also requires that the aggregate amount of adjustments to and restatements of beginning net position, fund balance, or fund net position, as applicable, be displayed by reporting unit in the financial statements. GASB 100 is effective for reporting periods beginning after June 15, 2023.

In June 2022, the GASB issued GASB Statement 101, *Compensated Absences* (GASB 101). GASB 101 aligns the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures. GASB 101 requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. GASB 101 also establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as of the date of the financial statements. A liability for leave that has been used but not yet paid or settled should be measured at the amount of the cash payment or noncash settlement to be made. GASB 101 is effective for reporting periods beginning after December 15, 2023. The System is currently evaluating the impact GASB No. 99 will have on its consolidated financial statements.

Lee Memorial Health System
Notes to Consolidated Financial Statements

2. Third-Party Payors

The System has agreements with third-party payors that provide for payment at amounts different from its established rates. A summary of the basis of payment with major third-party payors is as follows:

Medicare

Inpatient acute care services, rehabilitative services, psychiatric services, skilled nursing services, hospital outpatient services, and home health services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates based on the Ambulatory Payment Classification System (APC).

The System is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the System and audits thereof by the Medicare fiscal intermediary. The System's Medicare cost reports have been audited and final settlements determined by the Medicare intermediary for all years through September 30, 2016. Retroactive adjustments for cost report settlements are accrued on an estimated basis in the period when the related services are rendered and adjusted in future periods when final settlements are determined.

Medicaid

Medicaid reimburses the System for inpatient services on an interim basis under a prospective payment system using an All-Patient Refined Diagnosis Related Groups (APR DRG) methodology. The payments made under APR DRG are paid on a per-case basis based on the APR DRG assignment that reflects severity of illness and resources related to services rendered. Medicaid reimburses most outpatient services, except for laboratory and pathology services, on an interim basis under a prospective payment system using an Enhanced Ambulatory Patient Groups (EAPG) methodology. Patients in each EAPG have similar clinical characteristics and similar resource use and cost.

The System's Medicaid cost reports have been audited and final settlements determined by the Medicaid intermediary for all years through September 30, 2017. The System's classification of patients and the appropriateness of their admission are subject to review by the fiscal intermediaries administering the Medicare and Medicaid programs. An allowance is provided for estimated retroactive adjustments for unsettled years through 2021.

Other Payors

The System has also entered into payment arrangements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the System under these arrangements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined per-diem rates. Some of these arrangements provide for review of paid claims for compliance with the terms of the contract and result in retroactive settlement with third parties. Retroactive adjustments for other third-party claims are recorded in the period when final settlement is determined.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

3. Net Patient Service Revenue

Net patient service revenue, including subagency service revenue, consists of the following:

<i>Year ended September 30,</i>	2022	2021
Gross patient service revenue	\$ 11,747,817	\$ 10,765,853
Third-party payor and other contractual adjustments	(8,903,419)	(8,176,578)
Provision for uncollectible accounts	(305,931)	(293,242)
Net Patient Service Revenue	\$ 2,538,467	\$ 2,296,033

4. Assets Whose Use is Restricted

Assets whose use is restricted, which are required to meet current obligations of the System, are reported in current assets. The fair market value of assets whose use is restricted consists of the following:

<i>September 30,</i>	2022	2021
Restricted by donors for specific purposes	\$ 11,983	\$ 13,666
Held by trustee under bond indenture agreements	1,024	1,024
Held in trust for other uses	427	587
Held by Board of Directors for future use	411	479
Total Assets Whose Use is Restricted	13,845	15,756
Less: amounts required to meet current obligations	(1,435)	(1,499)
Assets Whose Use is Restricted, net of amounts required to meet current obligations	\$ 12,410	\$ 14,257

5. Investments and Assets Whose Use is Restricted

The System primarily invests its resources in domestic and international equity and fixed-income mutual funds and securities, alternative investment funds, and money market funds. The System's investment portfolios include investments available for current operations, as well as investments designated as assets whose use is restricted. The System's investment policy authorizes a strategic asset allocation that is designed to provide an optimal return over the System's investment horizon within the System's risk tolerance and cash requirements.

The System's mutual fund and fixed income securities investments are carried at fair value as determined through the use of quoted market prices (market approach). As the System's investments in alternative investment funds do not have readily determinable fair values, the System has established the fair value of these investments by using each investment's net asset value (NAV) per share.

The System categorizes its fair value measurements within the fair value hierarchy, which is summarized in three levels:

Level 1 - This level consists of observable inputs that reflect quoted prices for identical investments.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

Level 2 - This level consists of other significant observable inputs, including quoted prices for similar investments, interest rates, or credit risk.

Level 3 - This level consists of unobservable inputs, including entity-specific inputs or inputs derived through extrapolation or interpolation that cannot be derived from market data.

The recurring fair value measurement of investments and assets whose use is restricted is as follows:

September 30, 2022

	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by Fair Value Level				
Mutual Funds

The System has an investment management agreement with SEI Investments Company (SEI) to manage approximately 99.87% of their investments. Less than 0.1% of investments are monitored and managed through the Foundation on a quarterly basis, with the remainder residing in money markets, which are monitored daily.

The System's mutual fund investments can be liquidated within the trade date plus one business day and the fixed income securities at the trade date plus two business days. SEI requires a 30-days' notice for termination and full liquidation of public market funds held in the portfolio. The SEI Core Property Fund, LP can liquidate 90% of holdings quarterly with a 95-days' pre-notification. The SEI Special Situations Fund, Ltd. can liquidate 90% of holdings semi-annually with a 95-days' pre-notification. SEI holds 10% of total redemptions until completion of the funds' audit for both hedge funds.

As of September 30, 2022 and 2021, these alternative investment funds made up approximately 12.4% and 10.5%, respectively, of total investments and assets whose use is restricted in the accompanying consolidated statements of net position.

The System has assessed the custodial credit risk, concentration of credit risk, credit risk, and interest rate risk of its investments and assets whose use is restricted below.

- *Custodial Credit Risk* - The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the System will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The System's deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not held in the System's name.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

At September 30, 2022 and 2021, the System's investments were not exposed to custodial credit risk since the full amount of investments were insured or registered, and securities held by the System or its agent are in the System's name.

- *Concentration of Credit Risk* - This is the risk of loss attributed to the magnitude of the System's investment in a single issuer. Disclosure is required for investments in any one issuer that represents 5% or more of total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, alternative investment funds, and other pooled investments are excluded from this requirement. The System has no investments from any one issuer that exceeds 5%. The System's investment policy states that no corporate fixed-income issue shall represent more than 5% of any portfolio at the time of purchase, nor shall any single corporate position exceed 10%. Equity assets of any one issuer, when purchased, shall represent no more than 3% of the portfolio and shall not grow to exceed 10%.
- *Credit Risk* - This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The System's investment policy provides guidelines for its fund managers and lists specific allowable investments. The policy provides for the utilization of varying styles of managers so that portfolio diversification is maximized, and total portfolio efficiency is enhanced.

As of September 30, 2022, 96.3% of the System's portfolio was invested in mutual funds. Due to the nature of mutual funds, credit risk rating is not consistent with the credit risk ratings of individual stocks that are measured by Moody's Investors Services and Standard & Poor's. These rating agencies do not provide credit risk rating of mutual funds.

- *Interest Rate Risk* - This is the risk that an investment's value will be adversely affected due to a change in the level of interest rates. The System's investment policy authorizes a strategic asset allocation that is designed to provide an optimal return over the System's investment horizon within the System's risk tolerance and cash requirements.

During the years ended September 30, 2022 and 2021, the System recorded net realized gains of approximately \$4.3 million and \$26.0 million, respectively, from the sale of investments. The calculations of realized gains and losses are independent of the calculation of the net increase in the fair value of investments. Realized gains and losses on investments that have been held for more than one fiscal year and sold in the current year may have unrealized gains and losses recognized in the prior year due to a change in the fair value of the investments.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

The net change in the fair value of investments for the years ended September 30, 2022 and 2021 was approximately \$308.5 million decrease and \$112.9 million increase, respectively. These amounts take into account all changes in fair value (including purchases and sales) that occurred during the year.

The total unrealized (losses) gains on investments held at September 30, 2022 and 2021 were approximately \$(37.2) million and \$271.2 million, respectively. Unrealized gains or losses on investments resulting from fair value fluctuations are recorded in the accompanying consolidated statements of revenues, expenses, and changes in fund net position in the period such fluctuations occur.

6. Capital Assets, Net

Capital asset additions, retirements, and balances were as follows:

* Balances as of September 30, 2021 were adjusted for the adoption of GASB 87 (see Note 1)

Construction-in-progress (CIP) at September 30, 2022 consists primarily of expenditures for computer equipment, surgical equipment, and building renovations and improvements. The numerous projects underway at September 30, 2022 are funded through operations and by assets designated by the System's Board of Directors for the replacement of plant and equipment. The System did not capitalize interest for the years ended September 30, 2022 or 2021.

Depreciation expense was approximately \$111.8 million and \$134.7 million for the years ended September 30, 2022 and 2021, respectively.

7. Other Assets

Other assets consist of the following:

<i>September 30,</i>	2022	*As Adjusted 2021
Deposits and other	\$ 5,826	\$ 11,924
Long-term lease receivable	9,265	10,734
Investments in joint ventures	41,634	23,037
Other Assets	\$ 56,725	\$ 45,695

* Balances as of September 30, 2021 were adjusted for the adoption of GASB 87 (see Note 1)

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

On May 23, 2022, the System, through LHH, acquired a 49.0% membership interest in Encompass Health Rehabilitation Hospital of Cape Coral, LLC (Encompass Health) for cash consideration of \$16.3 million and accounts for such interest under the equity method. Encompass Health owns and operates a 40-bed rehabilitation facility in Cape Coral, Florida. The System's interest in Encompass Health's equity was approximately \$15.6 million at September 30, 2022 and is included in noncurrent assets. The System reported its interest in Encompass Health's net loss as non-operating loss of approximately \$0.7 million for the year ended September 30, 2022. Encompass Health's operating expenses exceeded revenue due to the start-up nature of its operations. Separate financial statements of Encompass Health are not publicly available.

The System entered into an Ancillary Services Agreement with Encompass Health, effective May 18, 2022, to provide laboratory, radiology, cardiovascular imaging, and emergency room services to Encompass Health patients. The agreement is for a one-year term and automatically renews for additional one-year terms, unless otherwise terminated. Either party may terminate the agreement without cause with at least 60 days' prior written notice. Where permitted, the System directly bills the patient or insurer for services provided to Encompass Health patients. Where not permitted by law, government or a commercial third party to directly bill the patient, Encompass Health pays the System for the services provided at rates equal to the Medicare fee schedule.

The System has a 44.45% membership interest in a not-for-profit organization, LeeSar, Inc. (LeeSar) and accounts for such interest under the equity method. The System, along with the two other member health systems, developed LeeSar to meet the participating health systems' materials services and distribution needs. The System's interest in the equity of LeeSar was approximately \$26.1 million and \$23.0 million at September 30, 2022 and 2021, respectively, and is included in other noncurrent assets. The System's interest in LeeSar's excess of revenues over expenses was approximately \$1.7 million and \$3.6 million for the years ended September 30, 2022 and 2021, respectively. The change in LeeSar's reported excess of revenues over expenses from 2021 to 2022 was driven primarily by a decrease in other income of \$3.8 million, due primarily to a \$4.9 million forgiveness of a Paycheck Protection Program Loan in 2021. Separate financial statements of LeeSar are not publicly available.

LeeSar provides supplies, storage and distribution services, meal preparation services, and medical equipment sterilization services to the System. Total payments to LeeSar for such services were \$174.8 million and \$194.8 million for the years ended September 30, 2022 and 2021. At September 30, 2022 and 2021, respectively, amounts due to LeeSar of approximately 12.2 million and \$14.5 million are included in accounts payable and amounts due from LeeSar of approximately \$8.3 million and \$6.9 million are included in other current assets in the consolidated statements of net position.

The remainder of this page intentionally left blank.

8. Accrued Expenses

Accrued expenses consist of the following:

<i>September 30,</i>	2022	<i>*As Adjusted</i> 2021
Employee compensation	\$ 58,637	\$ 61,524
Interest	13,579	12,622
Other	72,497	67,725
Accrued Expenses	\$ 144,713	\$ 141,871

* Balances as of September 30, 2021 were adjusted for the adoption of GASB 87 (see Note 1)

9. Revenue Bonds

Revenue bonds consist of the following outstanding principal balances. Payment descriptions refer to principal payments only.

<i>September 30,</i>	2022	2021
Revenue Bonds		
Hospital Revenue Bonds, 2019 Series A (2019 Series A Bonds), payable in variable annual installments beginning April 2020 through April 2049. Net of unamortized premium of approximately \$48,143 and \$51,845 in 2022 and 2021, respectively.	\$ 441,053	\$ 453,650
Hospital Revenue Bonds, 2019 Series B (2019 Series B Bonds), payable in variable annual installments beginning April 2038 through April 2049.	50,315	50,315
Hospital Revenue Bonds, 2010 Series A (2010 Series A Bonds), payable in variable annual installments beginning April 2025 through April 2027.	42,000	42,000
Total Revenue Bonds	533,368	545,965
Less: current installments	(4,710)	(8,895)
Revenue Bonds, excluding current installments	\$ 528,658	\$ 537,070

2019 Series A Bonds

In April 2019, the System issued Hospital Revenue Bonds, 2019 Series A, in the amount of \$421.4 million. The proceeds of the bonds were used to finance capital improvements to the health care facilities of the System, as well as refund certain revenue bonds and loans and notes payable. Costs of bond issuance were covered through proceeds of the bond. The 2019 Series A Bonds were issued in two interest rate modes: (1) 2019 Series A-1 as fixed rate and (2) 2019 Series A-2 as term rate. Both modes pay interest semi-annually on April 1 and October 1 each year with the term rate of 5.0%. The issuance of the 2019 Series A Bonds resulted in a premium of \$60.9 million to be amortized over the life of the bonds and bond issuance costs of \$3.0 million.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

2019 Series B Bonds

In April 2019, the System issued Hospital Revenue Bonds, 2019 Series B, in the amount of \$50.3 million. The proceeds of the 2019 Series B Bonds were used to finance capital improvements to the health care facilities of the System. Costs of bond issuance were covered through proceeds of the bonds. The 2019 Series B Bonds were issued as variable in the R-FLOATS mode with interest rates reset weekly and payable monthly. Weekly rates are determined by the remarketing agent based off current relevant market conditions and credit rating factors. If the remarketing agent fails to determine the weekly rate, an alternate rate based off the Securities Industry and Financial Markets Association (SIFMA) index is utilized. Principal is paid annually in April. No premiums or discounts were recognized in the issuance of this debt.

2010 Series A Bonds

In May 2010, the System issued Hospital Revenue Bonds, 2010 Series A (Build America Bonds - Direct Payment) in the amount of \$42.0 million. The proceeds of the 2010 Series A Bonds were used to finance a portion of the costs of acquisition, equipping, and construction of the System's healthcare facilities. The 2010 Series A Bonds were issued as fixed-rate bonds with interest payable semi-annually on April 1 and October 1 of each year at 7.281% with a 33.005% interest paid rebate from the Internal Revenue Service, which becomes an effective rate of 4.878%.

Master Trust Indenture

The System's outstanding revenue bonds are secured by the Master Trust Indenture (MTI) formed by the Obligated Group composed of entities within the System. The following information summarizes finance-related consequences. The MTI is available on the EMMA (Electronic Municipal Market Access) website for full disclosure.

Per the MTI, the following are considered financial events of default:

- Inability of the Obligated Group to make payment of principal, premium, or interest.
- Failure of any member of the combined group to comply with any covenant or agreement under the MTI for a period of 30 days within written notice of such failure.
- Failure of any member of the Obligated Group to make any required payment with respect to indebtedness, which indebtedness is in an aggregate principal amount greater than 1% of total revenues for the most recent fiscal year.
- Consent of petition seeking reorganization, arrangement adjustment, or composition under the U.S. Bankruptcy Code.

In the event of default, the Master Trustee may declare all obligations outstanding immediately due and payable in an amount equal to the total principal amount of all determined obligations, plus all interest accrued to the date of acceleration. The Master Trustee shall enforce its rights and the rights of the holders by enforcing payment of amounts due or becoming due under the obligations; suit upon all or any part of the obligations; or civil action to require any person holding moneys, documents, or other property pledged to secure payment of amounts due or becoming due on the obligations.

Lee Memorial Health System

10. Loans and Notes Payable

Loans and notes payable consist of the following outstanding principal balances. Payment descriptions refer to principal payments only.

<i>September 30,</i>	2022	2021
Loans and Notes Payable		
2022 TD Bank Loan, payable in variable annual installments beginning April 2023 through April 2052	\$ 75,000	\$ -
2022 JP Morgan Chase Loan, payable in variable annual installments beginning April 2023 through April 2052	75,000	-
2020 TD Bank Loan, payable in variable annual installments beginning April 2021 through June 2035	97,300	99,700
2020 JP Morgan Chase Loan, payable in fixed annual installments beginning April 2021 through April 2032	43,333	47,667
2016 BAPCC Loan, payable in variable monthly installments beginning July 2016 through June 2023	2,810	6,506
2015 BAPCC Loan, payable in variable monthly installments beginning October 2015 through September 2025	16,045	21,186
2015 Bank of America Loan, payable in variable annual installments beginning April 2016 through April 2024	30,390	40,010
Other direct borrowings	58,428	64,332
Total Loans and Notes Payable	398,306	279,401
Less: current installments	(42,591)	(32,469)
Loans and Notes Payable, excluding current installments	\$ 355,715	\$ 246,932

The System's loans and notes payable primarily require compliance with the MTI and, in some (but not all) cases, are secured by the MTI. In addition, the loan or lease agreements underlying the direct and other direct borrowings may contain additional and/or more restrictive covenants and additional events of default than are contained in the MTI and, in the case of the leases, different remedies upon default, as noted in the individual descriptions of the direct borrowings below.

2022 TD Bank Loan

In March 2022, the System's Board of Directors approved the issuance of the new direct bank loan in the amount of \$75 million to reimburse the System for prior capital expenditures. The 2022 TD Bank Loan closed April 12, 2022 and is secured by Obligation No. 34 issued under the MTI. Principal payments are paid annually in April and amortized over 30 years with a mandatory purchase date of April 12, 2037. Interest is payable quarterly accruing at a fixed rate of 2.42% per annum and is subject to adjustments. The loan agreement includes covenants and events of default that are more expansive than the MTI and provides that Obligation No. 34 is an accelerable instrument upon an event of default. Obligation No. 34 and the loan agreement is located on the EMMA website for full disclosure. Issuance costs were paid with internal funds.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

2022 JP Morgan Chase Loan

In March 2022, the System's Board of Directors approved the issuance of the new direct bank loan in the amount of \$75 million to reimburse the System for prior capital expenditures. The 2022 JP Morgan Chase Loan (DNT Asset Trust) closed April 12, 2022 and is secured by Obligation No. 35 under the MTI. Principal payments are paid annually in April and amortized over 30 years with a mandatory purchase date of April 12, 2037. Interest is payable semi-annually in October and April accruing at a fixed rate of 2.33% per annum and is subject to adjustments. The loan agreement includes covenants and events of default that are more expansive than the MTI and provides that Obligation No. 35 is an accelerable instrument upon an event of default. Obligation No. 35 and the loan agreement is located on the EMMA website for full disclosure. Issuance costs were paid with internal funds.

2020 TD Bank Loan

In March 2020, the System's Board of Directors approved the issuance of the new direct bank loan in the amount of \$102 million to reimburse the System for prior capital expenditures. The 2020 TD Bank Loan closed June 25, 2020 and is secured by Obligation No. 33 issued under the MTI. Principal payments are paid annually in April and amortized over 30 years with a mandatory purchase date of June 25, 2035. Interest is payable quarterly accruing at a fixed rate of 1.88% per annum and is subject to adjustments. The loan agreement includes covenants and events of default that are more expansive than the MTI and provides that Obligation No. 33 is an accelerable instrument upon an event of default. Obligation No. 33 and the loan agreement are located on the EMMA website for full disclosure. Issuance costs were paid with internal funds.

2020 JP Morgan Chase Loan

In January 2020, the System's Board of Directors approved the issuance of the new direct bank loan in the amount of \$52 million to reimburse the System for prior capital expenditures related to the expansion of Gulf Coast Medical Center. The 2020 JP Morgan Chase Loan (DNT Asset Trust) closed March 3, 2020 and is secured by Obligation No. 32 under the MTI. Principal payments are paid annually in April with the loan set to mature in April 2032. Interest is payable semi-annually in October and April accruing at a fixed rate of 1.68% per annum. The loan agreement includes covenants and events of default that are more expansive than the MTI and provides that Obligation No. 32 is an accelerable instrument upon an event of default. Obligation No. 32 and the loan agreement are located on the EMMA website for full disclosure. Issuance costs were paid with internal funds.

2016 BAPCC Loan

On April 28, 2016, the System's Board of Directors approved the issuance of new debt in the amount of \$25 million to reimburse the System for prior capital expenditures through a lease under a master lease agreement. The 2016 BAPCC Loan bears a fixed rate of 1.55% paid monthly and matures in June 2023. Issuance costs were paid with internal funds. If the System is unable to make payment within 30 days of written notice, it will be considered in default. The lessor may terminate the lease, demand payment of all amounts up to the original term and any contemplated renewal terms and require the return of all equipment under the lease.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

2015 BAPCC Loan

On August 27, 2015, the System's Board of Directors approved the issuance of new debt in the amount of \$50 million to reimburse the System for prior capital expenditures through a lease under a master lease agreement. The 2015 BAPCC Loan bears a fixed-interest rate of 1.97% paid monthly and matures in September 2025. Issuance costs were paid with internal funds. If the System is unable to make payment within 30 days of written notice, it will be considered in default. The lessor may terminate the lease, demand payment of all amounts up to the original term and any contemplated renewal terms and require the return of all equipment under the lease.

2015 Bank of America Loan

On June 25, 2015, the System's Board of Directors approved the refunding and refinancing of certain revenue bonds with a direct bank loan of \$50.85 million. Principal payments of the 2015 Bank of America Loan are paid annually in April while the interest payments are paid semi-annually in October and April at a fixed rate of 2.79%. The 2015 Bank of America Loan is set to mature in April 2024. Issuance costs were paid with internal funds. Inability to make debt service payments for this loan or any general debt obligations, or the inability to meet specified debt covenants will be considered an event of default. If such events occur, at the discretion of the lender, the balance outstanding of this loan along with other obligations of the System to the lender, become immediately due and payable within 15 days of declaration and/or the rate of interest on the unpaid principal shall be increased at the lenders discretion, to the lesser of the prime rate plus 3% per annum, or the maximum rate permitted by law. Unpaid interest or fees, for the purpose of calculating interest, may become part of the principal balance, and is compounded on a daily basis until the entire outstanding principal and interest balance is paid.

Other Direct Borrowings

In September 2005, the System entered into a ground lease with CB Medical South, LLC and a ground lease with CB Medical North, LLC (collectively, the Lessors), whereby CB Medical South, LLC and CB Medical North, LLC are leasing constructed medical office buildings to the System. Since the System had continuing involvement with the assets as discussed in lease guidance addressing sale-leaseback transactions involving real estate, the System was unable to remove the assets and related debt from its consolidated statements of net position after construction of the assets were completed.

On August 26, 2010, the System's Board of Directors approved the acquisition of the ownership interest in CB Medical North, LLC, which owns the land and building housing the Lee Memorial Regional Cancer Center at the Sanctuary and CB Medical South, LLC, which owns the land and building housing the Outpatient Center at the Sanctuary. The System acquired full ownership effective October 1, 2010. As part of the transaction, the System assumed the mortgages on the properties, which totaled approximately \$62.0 million plus approximately \$2.3 million in cash. The System was required to update the previous capital asset and long-term debt recordings to reflect the purchase transaction. The CB Medical South, LLC and CB Medical North, LLC values for capital assets and long-term debt reported as of September 30, 2010 reflected the lease guidance addressing sale-leaseback transactions. The CB Medical South, LLC and CB Medical North, LLC values for capital assets and long-term debt reported as of September 30, 2014 reflect the full ownership interest resulting from the October 1, 2010 acquisition transaction. At September 30, 2022 and 2021, the value included in capital assets, net of accumulated depreciation, amounted to approximately \$21.3 million and \$22.3 million, respectively, for the Sanctuary Regional Cancer

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

Center, and the total outstanding debt amounted to approximately \$20.7 million and \$21.7 million, respectively. At September 30, 2022 and 2021, the value included in capital assets, net of accumulated depreciation, amounted to approximately \$23.7 million and \$24.9 million, respectively, for the Sanctuary Outpatient Center, and the total outstanding debt amounted to approximately \$28.1 million and \$29.3 million, respectively.

In April 2018, the System entered into a Purchase Money Mortgage with Lee Healthcare Resources, a Florida not-for-profit corporation, in the amount of \$10.3 million plus approximately \$1.9 million in cash for the Med Plaza One Building. Principal payments of \$2.1 million plus interest will be paid annually through April 2023. Interest on the principal sum of this note as of September 2021 was 0.89% per annum and is subject to annual adjustment based on the Applicable Federal Rate. The Med Plaza One Building is comprised of medical and administrative offices. If principal or interest payments are not made within 30 days of the due date, the System will be considered in default. In the event of default, interest on principal outstanding shall be computed at the rate of 10% per annum, but not in excess of the maximum rate permitted by Florida law. The holder may, at its option and without notice, require full payment of principal and accrued interest outstanding.

In November 2018, the System entered into a 20-year lease agreement with Plantation Medical Center SNU, LLC, a Florida Limited Liability Company. The System utilizes the 57,650 square-foot facility as the Skilled Nursing Unit at GCMC. The System has accounted for the debt obligation in its consolidated financial statements with a total value of \$22.0 million and the remaining balance of \$17.8 million as of September 30, 2022. There is a 2.5% annual increase to the rent obligation each November until the 11th year of the agreement, at which point the rent is adjusted to the Market Lease Rate as determined by an appraiser. The rate will continue to increase annually by 2.5% for the remainder of the lease. The System has the option to purchase the premises at year ten and every five years thereafter.

In February 2020, the System entered into a promissory note with Lee Healthcare Resources in the amount of \$12.2 million for the purchase of land and medical offices that the System had been previously leasing. The Pine Island/Bass Road Note is payable in equal payments of \$3.2 million each over four years beginning February 20, 2021, including interest accruing at a fixed rate of 1.75% per annum. The Pine Island/Bass Road Note is not secured by the MTI. If principal or interest payments are not made within 30 days of the due date, the System will be considered in default. In the event of default, interest on principal outstanding shall be computed at the rate of 10% per annum, but not in excess of the maximum rate permitted by Florida law. Upon an event of default, the holder may, at its option and without notice, require full payment of principal and accrued interest outstanding.

The MTI and direct borrowing loan and lease agreements require the System to maintain specified financial ratios, the most restrictive of which are a minimum debt service coverage ratio, long-term debt to capital ratio, and minimum cash and investment balances, and provide a pledge of revenues of the System on a parity basis. The System was in compliance with the financial covenants for the years ended September 30, 2022 and 2021. The nonobligated group members include the Lee County Trauma Services District; Lee Memorial Home Health, Inc.; Health Park Care Center; the Lee Health Foundation, Inc.; LCH; Best Care Assurance, LLC.; Best Care Collaborative, LLC; Best Care Partners, Inc.; Bonita Community Health Center Inc.; Lee Healthcare Holdings, LLC.; and Paramount Surgery Center LLC.

11. Right-of-Use Lease Obligations

Right-of-use lease obligations are as follows:

<i>September 30,</i>	2022	<i>*As Adjusted</i> 2021
Right-of-use lease obligations	\$ 115,266	\$ 107,862
Less current installments	(13,613)	(14,836)
Right-of-Use Lease Obligations, less current installments	\$ 101,653	\$ 93,026

* Balances as of September 30, 2021 were adjusted for the adoption of GASB 87 (see Note 1)

During the year ended September 30, 2022 interest expense of approximately \$5.3 million was incurred related to the lease obligations with interest rates ranging from 0.33% to 4.89%. During the year ended September 30, 2022, the System incurred and reported approximately \$2.1 million in short-term and variable lease-related expense as supplies and other services expense in the accompanying consolidated statements of revenues, expenses, and changes in fund net position.

12. Long-Term Debt

Long-term debt is comprised of revenue bonds and related bond premium, loans and notes payable, and lease obligations. Long-term debt activity for the years ended September 30, 2022 and 2021 were as follows:

	<i>*As Adjusted</i> Balance, September 30, 2021	Increases	Decreases	Balance, September 30, 2022	Due Within One Year
Revenue Bonds					
2019 Series A Bonds	\$ 453,650	\$ -	\$ (12,597)	\$ 441,053	\$ 4,710

13. Retirement Plans

Tax Sheltered Annuity Plan

The System provides a single-employer tax deferred annuity program for all eligible employees who elect to participate in the program. The annuity program is administered by the System. The Lee Memorial Hospital Tax Sheltered Annuity Plan (the Annuity Plan) purchases annuity contracts for participating employees through salary reduction, thereby deferring taxability of these amounts. For employees with one year or more of eligible service, the System participates in the Annuity Plan by matching approximately 5% of the participating employees' salaries. The Board of Directors of the System has the sole discretion to amend the Annuity Plan and change the contribution amount. Contribution expense incurred by the System in connection with the Annuity Plan was \$25.0 million and \$20.0 million for the years ended September 30, 2022 and 2021, respectively.

Retiree Health Insurance Plan

The System sponsors the Retiree Health Insurance Plan (the RHI Plan), which is a post-employment benefit plan (OPEB).

Plan Description

As of September 30, 2022, the System's RHI Plan, which provides medical benefits to active employees, also provides medical benefits to eligible retired employees under a defined benefit post-employment healthcare plan.

The contribution requirements of the RHI Plan members and the System are established and may be amended by the System's Board of Directors. Current retiree RHI Plan members who are receiving benefits do not contribute to the RHI Plan as the System covered their health insurance based on current Medicare regulations, which made the RHI Plan the secondary payer with Medicare paying as the primary payer.

Effective January 1, 2009, employees who retire at age 65 or later with 20 years of continuous full-time service or equivalent part-time service will receive, if they elect retiree health coverage, a \$2,500 check each year for the rest of their life, which will be increased in subsequent years by 2%.

Benefits Provided

The RHI Plan provides for a \$2,500 per-retiree benefit to be paid on an annual basis. The RHI Plan also sets forth an increase of 2% per year after retirement. To be eligible for benefits, an employee must meet one of four eligibility requirements. The first is to retire after attaining age 65 with 20 years of continuous full-time (or equivalent) service and retire after January 1, 2009. The second is to be age 63 or older on May 1, 1993 and retire after attaining age 65 with 20 years full-time (or equivalent) service. The third is to become disabled with 20 years continuous full-time (or equivalent) service, before attaining age 65. Last, an employee would need to have 30 or more years of full-time (or equivalent) service on September 30, 2009. Part-time services count as ½ of full-time service. Temporary or PRN service is not eligible.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

Contributions

The System's funding policy is to fund on a pay-as-you-go basis so there are no contributions.

Employees Covered by Benefit Terms

As of April 1, 2020, the census date for the OPEB liability, the following employees were covered by the benefit terms:

Participant data, as of April 1, 2020:

Retirees	463
Fully eligible	966
Other	2,070
	3,499

Net OPEB Liability

The System's OPEB service cost and total OPEB liability were measured as of July 1, 2022, the measurement date, based on participant data as of the census date.

The total OPEB liability in the September 30, 2022 actuarial valuation was projected from the measurement date using standard methodology, adjusting for benefit payments, expected growth in benefit obligations, changes in key assumptions and plan provisions, and any significant changes in plan demographics that occurred during the year. Assumptions and methods used in the estimate are as follows:

Current health care cost trend rate		6.25%
Investment rate of return	0.0%, due to unfunded nature of the RHI Plan	
Salary increases		3.0%

Healthy mortality rates were based on the following demographic assumptions: a base table of Pri-2012, a base mortality table year 2012, table type - no collar, table weighting - headcount, blending of separate rates for annuitants and non-annuitants (based on Employees table), blending of retirees, and contingent annuitants of combined non-disabled annuitant mortality. The mortality improvement scale (male table for males and female table for females) was MP-2021.

The disability mortality rates (non-sunset employees only) were based on the following demographic assumptions: a base table of Pri-2012, base mortality table year 2012, table type - no collar, table weighting - headcount, and a base scale of MP-2021.

The actuarial cost method used is Entry Age Normal (EAN).

The discount rate used to measure the total OPEB liability was 1.84%. The individual EAN Cost Method is used in completing the actuarial valuation. Under this method, the normal cost is the level percentage of pay contribution that would have been required from age on the valuation date coincident with or next following the date the employee is hired in order to fund the employed participant's OPEB benefits if the current plan provisions regarding accrual of benefits had always been in effect. The total OPEB liability is the excess of the present value of future benefits over the

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

present value of future service costs for employed participants. The service cost and total OPEB liability for the RHI Plan are the sums of the individually computed service costs and OPEB liabilities for all plan participants.

The discount rate for an unfunded OPEB plan is based on a 20-year high-quality municipal bond rate as of the last business day preceding or coincident with the measurement date. The discount rate used in the valuation was determined using the 20-year yields on the Fidelity AA Municipal General Obligation Fund (rounded to two decimal places).

Changes in the net OPEB liability are summarized in the following table:

Net OPEB Liability, September 30, 2021	\$	68,835
Changes for the year:		
Service cost		1,445
Interest cost		1,354
Changes in benefit terms		-
Differences between expected and actual experience		(402)
Changes of assumptions		1,753
Benefit payments		(1,746)
Net Change		2,404
Net OPEB Liability, September 30, 2022	\$	71,239

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following table presents, as of September 30, 2022, the System's net OPEB liability calculated using the discount rate of 1.84%, as well as the net OPEB liability using a discount rate that is 1% lower (1.0%) or 1% higher (3.0%):

	1% Decrease (1.0%)	Current Discount Rate (1.84%)	1% Increase (3.0%)
Net OPEB Liability	\$ 62,497	\$ 71,239	\$ 81,764

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents, as of September 30, 2022, the System's net OPEB liability calculated using the healthcare cost trend rate of 6.25%, as well as the net OPEB liability using a rate that is 1% lower (5.0%) or 1% higher (7.0%):

	1% Decrease (5.0%)	Current Healthcare Cost Trend Rate (6.25%)	1% Increase (7.0%)
Net OPEB Liability	\$ 70,209	\$ 71,239	\$ 72,863

The System is currently funding the OPEB obligation as benefits are paid; therefore, no assets have been segregated and/or restricted to provide the postemployment benefits.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

Significant actuarial assumptions used as of the measurement date are as follows:

Discount rate on 20-year general obligation municipal bonds	1.84% as of the last business day preceding the measurement date
Rates of increase in compensation	3.0% based on the System's budgetary salary increase for the fiscal year 2023 budget year

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The System recognized OPEB expense of approximately \$5.8 million and \$5.1 million for the years ended September 30, 2022 and 2021, respectively. At September 30, 2022, the System reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

September 30, 2022

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,547	\$ 362
Changes of assumptions	4,903	-
Total	\$ 6,450	\$ 362

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense, as follows:

Year ending September 30,

2023	\$ 1,842
2024	1,512
2025	1,512
2026	1,067
2027	155
Thereafter	-

Payable to the OPEB Plan

As of September 30, 2022, there are no payables to the RHI Plan.

Defined Benefit Pension Plan

Plan Description

Effective July 1, 1996, the System became the sponsor of the frozen retirement plan of the CCMC Plan). The CCMC Plan was frozen on September 30, 1995 by the management in place at that time. The CCMC Plan is a noncontributory, single-employer defined benefit plan, administered by a committee appointed by the System. Under the provisions of the CCMC Plan, the System has the authority to make amendments. There have been no new members of the CCMC Plan since the date the CCMC Plan was frozen. The CCMC Plan provides life-only annuity benefits to plan members and beneficiaries. An actuarial report is prepared each year effective June 30 and is available from the

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

System. The funding policy of the System is to contribute an amount at least equal to the annual required contribution prescribed by GASB and determined by the actuary. For the years ended September 30, 2022 and 2021, the Annual Required Contribution (ARC) was \$1.2 million each year.

Benefits Provided

The CCMC Plan provides for retirement and death benefits. Retirement benefits are determined based upon varying formulas dependent on years of service. All employees of the employer were eligible to participate in the CCMC Plan as of the first day of the month coincident with or next following the date on which they completed one year of vesting service. All other employees became participants as of the first day of the month coincident with or next following the completion of one year of service during which they accumulated at least 1,000 hours of service. No new participants entered after September 30, 1995, unless they had previously been participants before September 30, 1995.

The accrued benefit is calculated using the formula for the normal retirement benefit, based upon the average monthly compensation and years of benefit service as of the date of the calculation. The accrued benefit is payable at the normal retirement date in the normal form of payment. Accrued benefits were frozen as of September 30, 1995. The normal retirement benefit is calculated by taking 2% of the average monthly compensation multiplied by years of benefit service up to a maximum of 20 years. Benefit terms also provide for annual cost-of-living adjustments to retired participants based upon the Secretary of the Treasury for cost-of-living increases.

Employees Covered by Benefit Terms

At July 1, 2022, the measurement date for the pension liability, the following employees were covered by the benefit terms:

Participant data, July 1, 2022:

Active	60
Terminated vested	412
Retired	455
	<hr/>
	927

Contributions

The CCMC Plan Sponsor's funding policy is to make contributions to meet the minimum funding requirements of the Code Sections 412(a) and 430 as determined by an independent actuary. Additionally, the Plan Sponsor may contribute an amount above the required contribution. For the years ended September 30, 2022 and 2021, the Plan Sponsor's contributions of approximately \$2.1 million and \$1.6 million, respectively, meet the minimum funding requirements.

Net Pension Liability

The System's net pension liability was measured as of July 1, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2022. The net pension liability of \$7.1 million and \$2.7 million is included in pension and post-employment benefit plan liabilities in the accompanying statements of net position at September 30, 2022 and 2021, respectively.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

The total pension liability in the September 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.4%
Investment rate of return*	5.7%
Salary increases	N/A

* Net of pension plan investment expense, including inflation

Effective September 30, 2022, the assumption for mortality amounts weighted rates from the Pri-2012 mortality study projected generationally from 2012 with Scale MP-2021.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected real rates of return (expected returns, net of plan investment expenses, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation.

The best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2022 are summarized as follows:

Asset Class	Target Allocation (%)	Real Rate of Return (%)
Domestic equity	37.1	4.3
International equity	17.0	5.3
Corporate fixed income	24.0	0.4
Government fixed income	20.2	0.3
Cash	1.7	(0.2)
Total	100	

The discount rate used to measure the total pension liability was 5.70% and 5.75% for the years ending September 30, 2022 and 2021, respectively. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in amounts equal to the actuarially determined contributions. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. For the year ended September 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 5.70%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

Changes in the net pension liability are summarized as follows:

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Beginning Balance, September 30, 2021	\$ 32,804	\$ 30,110	\$ 2,694
Changes for the year:			
Interest	1,830	-	1,830
Differences between expected and actual experience	(289)	-	(289)
Changes of assumptions	230	-	230
Net investment income	-	(4,262)	4,262
Benefit payments	(1,976)	(1,976)	-
Contributions from the System	-	1,786	(1,786)
Administrative expense	-	(137)	137
Net Change	(205)	(4,589)	4,384
Ending Balance, September 30, 2022	\$ 32,599	\$ 25,521	\$ 7,078
Plan Fiduciary Net Position, as a percentage of the total pension liability		78%	

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents, as of September 30, 2022, the System's net pension liability calculated using the discount rate of 5.75%, as well as the net pension liability using a discount rate that is 1% lower (4.75%) or 1% higher (6.75%):

	1% Decrease (4.70%)	Current Discount Rate (5.70%)	1% Increase (6.70%)
Net Pension Liability	\$ 10,028	\$ 7,078	\$ 4,535

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Defined Benefit Pension

The System recognized a \$0.8 million increase of total pension liability as pension benefit expense for the year ended September 30, 2022. The System recognized a \$1.3 million net reduction of total pension liability as a reduction of pension benefit expense for the year ended September 30, 2021.

The System reported deferred outflows of resources and deferred inflows of resources related to defined benefit pension from the following sources as of September 30, 2022:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,256	\$ -
Contributions made after measurement date	299	-
Total	\$ 2,555	\$ -

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to defined benefit pension will be recognized in pension expense, as follows:

Year ending September 30,

2023	\$	608
2024		-
2025		590
2026		442
2027		1,200

Payable to the Defined Benefit Pension Plan

As of September 30, 2022 and 2021, there are no payables to the CCMC Plan.

14. Commitments and Contingencies

Risk Management

The System is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental, and accident benefits. A combination of commercial insurance and self-administered, self-funded programs provide coverage for claims arising from such matters. Settled claims have not exceeded the commercial coverage in the current or preceding year.

Professional Liability Insurance

The System is subject to various medical malpractice claims arising in the normal course of its business activities. The System is self-insured for professional liability claims and is relying on a limitation of its liability established by the Waiver of Sovereign Immunity Act of the State of Florida (the Act). The Act limits the amount of damages the System would be required to pay up to \$100,000 per claimant or \$200,000 per incident. Effective October 1, 2011, the sovereign immunity limits in Florida have been increased to \$200,000 per claimant or \$300,000 per incident. In 1986, the Florida Supreme Court affirmed the constitutionality of the Act and its applicability to public hospitals. Various suits and claims arising in the ordinary course of business are pending against the System. Management is of the opinion that future potential uninsured losses from incidents occurring prior to September 30, 2022, if any, will not be materially different from the amounts recorded in the accompanying consolidated financial statements.

The System has been named as a defendant in a number of malpractice lawsuits. In the event that a claim exceeds its sovereign immunity level, the System may incur charges in excess of its established reserves that could have an adverse impact on the System's change in net position and net cash flows in the period in which it is recorded or paid. The Act provides that with regard to judgments exceeding those limits, that the plaintiff may seek enactment of a legislative claim bill by the Florida Legislature, seeking recovery of an amount in excess of those limits. A claims bill must be presented and sponsored by a Senator or Representative of the state of Florida, passed through committee, and signed by the Governor of Florida according to Florida Statute 768.28. Without waiving its entitlement to the rights and benefits of the Florida Waiver of Sovereign Immunity Act, the System has insurance protection not to exceed \$25 million, subject to a \$5 million

Lee Memorial Health System
Notes to Consolidated Financial Statements
(in thousands)

per-claim self-insured retention. This excess insurance is written on a claims-made basis, effective August 1, 2012, with a retroactive date of May 1, 2010. In accordance with Florida law, the purchase of this insurance does not operate as a waiver of the limits on damages as described above. Management does not record a liability for estimated malpractice claims in excess of the liability established pursuant to the Act until claim is approved for settlement through the claims bill process.

Cape Memorial Hospital, Inc.'s and Lee Memorial Home Health, Inc.'s professional malpractice liability insurance is covered under the System's established program under the Act, effective for claims occurring on or after October 1, 2001 and January 1, 2005, respectively. The System's Board of Directors opted to cover its nursing home for professional liability using its established program under the Act, effective for claims occurring on and after October 1, 2000.

Professional liability losses that are subject to the deductible provisions have been estimated and accrued in the accompanying consolidated financial statements. The System has employed independent actuaries to estimate the ultimate costs, if any, of the settlement of such losses. Management of the System has established a liability that provides for estimated malpractice claims identified under the System's risk management program based on several factors, including the nature of each claim, past experience, advice from legal counsel, and actuarial studies, which reflect liabilities discounted at 4% for the years ended September 30, 2022 and 2021. Management believes the established reserves are adequately stated as of September 30, 2022 and 2021.

The estimated claims incurred, payments on claims, and the balance of the reserve for professional liability claims, excluding the amounts payable pursuant to the claims bill process described above, were as follows:

<i>Year ended September 30,</i>	2022	2021
Amount of Claims Liabilities , beginning of year	\$ 17,173	\$ 15,971
Included claims	3,878	6,943
Payments on claims attributable to events of both the current fiscal year and prior fiscal years	(2,651)	(5,741)
Amount of Claims Liabilities , end of year	\$ 18,400	\$ 17,173

Malpractice liabilities are classified as current or noncurrent according to the timing of expected future payments and reported as other accrued expenses and other noncurrent liabilities in the accompanying consolidated statements of net position. Malpractice liabilities estimated to be due within one year were \$4.8 million as of both September 30, 2022 and 2021.

Health Insurance

The System is self-insured for group health insurance. Group health expense, net of employee contributions, under this program amounted to approximately \$70.4 million and \$100.0 million for the years ended September 30, 2022 and 2021, respectively. Group health insurance claims payable, including an estimate for incurred but not reported claims, is reported as other accrued expenses in the accompanying consolidated statements of net position. Although actual future results may differ from estimates of incurred but not reported claims, management believes the estimated accrual is adequately stated as of September 30, 2022 and 2021.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

The estimated claims incurred, payments on claims, and the balance of reserves for group health insurance claims were as follows:

<i>Year ended September 30,</i>	2022	2021
Amount of Claims Liabilities , beginning of year	\$ 18,712	\$ 16,711
Incurring claims	122,653	125,577
Payments on claims attributable to events of both the current fiscal year and prior fiscal years	(121,153)	(123,576)
Amount of Claims Liabilities , end of year	\$ 20,212	\$ 18,712

Workers' Compensation Insurance

The System is self-insured for workers' compensation insurance. Management of the System has established a liability for these types of claims based on actuarial evaluations in 2022 and 2021. The reserve for workers' compensation claims included in the consolidated financial statements was discounted at a rate of 4% for the years ended September 30, 2022 and 2021. The estimated claims incurred, payments on claims, and the balance of the reserve for workers' compensation claims were as follows:

<i>Year ended September 30,</i>	2022	2021
Amount of Claims Liabilities , beginning of year	\$ 13,205	\$ 12,511
Incurring claims	6,718	7,112
Payments on claims attributable to events of both the current fiscal year and prior fiscal years	(6,123)	(6,418)
Amount of Claims Liabilities , end of year	\$ 13,800	\$ 13,205

Workers' compensation liabilities are classified as current or noncurrent according to the timing of expected future payments and reported as other accrued expenses and other noncurrent liabilities in the accompanying consolidated statements of net position. Workers' compensation liabilities estimated to be due within one year were \$3.9 million as of both September 30, 2022 and 2021.

Accrued Employee Paid Time Off (PTO)

The activity related to accrued employee PTO liabilities were as follows:

<i>Year ended September 30,</i>	2020	2021
Amount of PTO Liabilities , beginning of year	\$ 45,744	\$ 45,940
Earned PTO	80,120	70,531
PTO used, forfeit, or paid	(74,850)	(70,727)
Amount of PTO Liabilities , end of year	\$ 51,014	\$ 45,744

Employee PTO liabilities are classified as current or non-current according to the timing of expected utilization based on historical experience and are reported as accrued employee compensation expense and other non-current liabilities in the accompanying consolidated statements of net position. Employee PTO liabilities estimated to be due within one year were \$20.7 million and \$17.3 million as of September 30, 2022 and 2021, respectively.

Lee Memorial Health System

Other Industry Risks

The health care industry is subject to numerous complex laws and regulations imposed by federal, state, and local governments. Compliance with these laws and regulations can be subject to government review and interpretation by both the System with respect to implementation, as well as the government with respect to retrospective review. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Such investigations and allegations often take multiple years to resolve. Violations of these laws and regulations could result in significant fines and penalties, including repayments for patient services previously reimbursed.

From time-to-time, the System receives requests for certain information from governmental agencies, and with the assistance of legal counsel, submits the required information. Management believes that the System is in compliance with current laws and regulations. To the extent that issues with noncompliance are identified, the System's management takes the appropriate steps to correct such matters. Management of the System believes that the exposure from any such matters would not have a material effect on the consolidated financial statements of the System.

The Health Insurance Portability and Accountability Act (HIPAA) was enacted on August 21, 1996, to assure health insurance portability, reduce healthcare fraud and abuse, guarantee security and privacy of health information, and enforce standards for health information. Effective August 2009, the Health Information Technology for Economic and Clinical Health Act (HITECH Act) was introduced imposing notification requirements in the event of certain security breaches relating to protected health information. Organizations are subject to significant fines and penalties if found not to be compliant with the provisions outlined in these laws and accompanying regulations.

Litigation

The System is involved in litigation and regulatory examinations arising in the normal course of business. After consultation with legal counsel, management believes that these matters will be resolved without material adverse effect on the System's future consolidated financial position, results of operations, or cash flows.

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

16. COVID-19 Pandemic

In response to the novel coronavirus (COVID-19) global pandemic and its effects on the U.S. economy and the health care delivery system, Congress passed various stimulus bills that have provided certain financial benefits to the System. Principal among these was the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), enacted on March 27, 2020. Under the CARES Act, the System received approximately \$88.2 million, of which the System recognized \$7.0 million and \$20.0 million as non-operating revenue within federal and state appropriations in the consolidated statements of revenues, expenses, and changes in fund net position for the years ended September 30, 2022 and 2021, respectively.

The System received a \$7.9 million Federal Emergency Management Assistance (FEMA) grant program during the year ended September 30, 2022, also reported as non-operating revenue within federal and state appropriations in the consolidated statements of revenues, expenses, and changes in fund net position, to help to offset \$17.0 million in COVID-19 supplied and equipment costs incurred through December 31, 2020 but not included in the System's CARES Act reported expenses.

The System also received approximately \$176.8 million as part of the expanded Accelerated and Advance Payment Program under the CARES Act. The Continuing Appropriations Act, 2021 and Other Extensions waived interest charges for accelerated payments repaid within 30 months of receipt. As of September 30, 2022 and 2021, respectively, \$1.8 million and \$127.4 million remained unpaid, classified as Medicare advance payments within current liabilities in the consolidated statements of net position.

17. Subsequent Events

The System has assessed the impact of subsequent events through February 7, 2023, the date the audited consolidated financial statements were issued, and has concluded that the following items require disclosure in the consolidated basic financial statements:

On September 28, 2022, Hurricane Ian made landfall on Florida's western coast in Lee County, causing widespread damage, flooding, power outages, and water and communication services interruption, and severely disrupting normal economic activity in the region. In addition to the toll the storm put on the System's staff, health system, and the community, Hurricane Ian caused the System to suffer a significant interruption in normal operations. Increases in labor and supply expenses as the System operated in disaster response mode, coupled with declining revenue due to closures of various facilities and cancellation of procedures, both during in the immediate aftermath of the storm, resulted in a loss from operations of \$33.2 million in the month ended October 31, 2022, a \$39.2 million deficit from expected operating income of \$6.1 million. While volumes have started to normalize and all facilities reopened, the need for the System to be nimble and proactively look for ways to improve efficiencies and lower costs is apparent, as the storm will likely have lasting effects on patient volumes as the area rebuilds.

Additionally, certain of the System's facilities and their contents were damaged by Hurricane Ian and some of the reopened facilities require replacement of equipment and furnishings. The System is currently assessing the extent of the necessary repairs and replacements.

Effective November 1, 2022, Best Care Assurance, LLC d/b/a Vivida Health (Vivida Health), a wholly owned component unit of the System, entered into a purchase agreement with Simply Healthcare Plans (Simply), a subsidiary of Elevance Health, Inc. Vivida Health is a provider-sponsored health

Lee Memorial Health System

Notes to Consolidated Financial Statements (in thousands)

plan administering Medicaid benefits to approximately 30,000 members in Region 8 in Southwest Florida under a contract with the Florida Agency for Health Care Administration (AHCA). Simply purchased Vivida Health's assets, primarily the AHCA contract and related membership, for cash consideration of \$26 million, of which \$24.9 million was recognized as a gain on sale of Vivida Health. Beginning November 1, 2022, all former Vivida Health Medicaid members will be serviced by Simply. Vivida Health will continue to pay claims incurred prior to the sale as the System winds down its operations. The System will continue as a contracted network provider to Simply's health plan.

On November 4, 2022, the System entered into a revolving line of credit agreement with TD Bank, N.A., under which the System may request advances, for general corporate and liquidity purposes, up to a maximum principal amount of \$50 million. The revolving line of credit is secured by Obligation No. 36 issued under the MTI. All outstanding principal and interest are payable in full on the maturity date, November 2, 2023.

Notes to Required Supplementary Information - CCMC Plan

1. The accompanying schedules are intended to display information for ten years. 2015 opening balances were established for purposes of year-one disclosure requirements effective October 1, 2014. Additional years will be displayed as they become available.
2. Covered payroll information is not provided as the CCMC Plan is frozen and contributions are not determined by current payroll as benefit accruals ceased September 30, 1995.
3. The information presented was determined as part of the actuarial valuation as of September 30, 2022. Additional information as of the latest actuarial valuation presented is as follows:

Actuarial cost method	Entry Age Normal Cost Method
Asset valuation method	5-year smoothing
Investment rate of return	5.4% net of pension plan investment expense, including inflation
Discount rate	5.7%
Inflation	2.4%
Salary increases	Not applicable due to plan freeze
Internal Revenue Service Limit increases	2.5%
Retirement age	65

4. Changes with respect to actuarial assumptions in the current and prior years are as follows:
 - a. From 2021 to 2022, the discount rate changed from 5.75% to 5.70% and the mortality improvement projection scale was updated from Scale MP-2020 to Scale MP-2021.
 - b. From 2020 to 2021, the discount rate changed from 5.40% to 5.75% and the mortality improvement projection scale was updated from Scale MP-2019 to Scale MP-2020.
 - c. From 2019 to 2020, the discount rate changed from 6.35% to 5.40%. Mortality assumptions were updated from RP-2006 fully generational projected using Scale MP-2018 to weighted rates from the Pri-2012 mortality study projected generationally from 2012 with Scale MP-2019.
 - d. From 2018 to 2019, the discount rate changed from 7.25% to 6.35%. The mortality projection scale was updated from MP-2017 to MP-2018.
 - e. From 2017 to 2018, the discount rate was changed from 7.50% to 7.25%.
 - f. From 2016 to 2017, the expected return on assets and discount rate changed from 7.75% to 7.5%. The mortality projection scale was updated from MP-2015 to MP-2017.

Lee Memorial Health System

Notes to Required Supplementary Information Other Post-Employment Benefits (OPEB)

1. The accompanying schedules are intended to display information for ten years. Disclosure requirements were effective October 1, 2018. Additional years will be displayed as they become available.
2. The System funds the Other Post-Employment Benefits (OPEB) obligation on a pay-as-you-go basis, so no assets have been segregated and/or restricted to provide the postemployment benefits.
3. Methods and assumptions used for the most recent year include:

Valuation date:	Actuarially determined contribution rates are calculated as of December 31, 2021, December 31, 2020, December 31, 2019, and December 31, 2018 for fiscal years 2022, 2021, 2020, and 2019, respectively.
Actuarial cost method	Entry Age
Amortization method	Average remaining service life of all participants
Asset valuation method	None, no plan assets
Rate of compensation increase	3.0%
Healthcare cost trend rates	6.25% (2022), 6.00% (2021), 6.25% (2020), and 6.5% (2019 and 2018) initial, decreasing 0.5% per year to an ultimate rate of 5.0%
Salary increases	3.0%, average, including inflation
Investment rate of return	0.0%, no plan assets
Retirement age	<i>Sunset Employees</i> - Employees who had 30 or more years of full-time (or equivalent) service as of September 30, 2009. These employees are entitled to retiree health plan coverage starting when they retire on or after age 55 or the \$2,500 subsidy on or after retiring at age 65. <i>Non-Sunset Employees</i> - Employees hired prior to July 1, 2008 who had not attained 30 or more years of full-time (or equivalent) service as of September 30, 2009. These employees are only entitled to receive the \$2,500 subsidy benefit when they retire on or after age 65.
Mortality	<i>2022: Healthy Mortality Rates</i> - MP-2021 Mortality Improvement Scale for males and females. Base table: Pri-2012, no collar, healthy, table weighting: headcount, blending of annuitants and non-annuitants (based on employee table), separate rates for annuitants and non-annuitants (based on Employees table), blending of retirees, and contingent annuitants: Combined non disabled annuitant mortality. <i>2022: Disabled Mortality Rates</i> - MP-2021 Mortality Improvement Scale for males and females. Base table: Pri-2012; Base mortality table year: 2012; Table type: no collar; Healthy or Disabled: Disabled; Table weighting: headcount. <i>2021: Healthy Mortality Rates</i> - MP-2020 Mortality Improvement Scale for males and females. Base table: Pri-2012, no collar, healthy, table weighting: headcount, blending of annuitants and non-annuitants (based on employee table), separate rates for annuitants and non-annuitants (based on Employees table), blending of retirees, and contingent annuitants: Combined non disabled annuitant mortality. <i>2021: Disabled Mortality Rates</i> - MP-2020 Mortality Improvement Scale for males and females. Base table: Pri-2012; Base mortality table year: 2012; Table type: no collar; Healthy or Disabled: Disabled; Table weighting: headcount. <i>2020: Healthy Mortality Rates</i> - MP-2019 Mortality Improvement Scale for males and females. Base table: Pri-2012, no collar, healthy, table weighting: headcount, blending of annuitants and non-annuitants (based on employee table), separate rates for annuitants and non-annuitants (based on Employees table), blending of retirees and contingent annuitants: Combined non-disabled annuitant mortality.

Lee Memorial Health System

Notes to Required Supplementary Information Other Post-Employment Benefits (OPEB)

Mortality (continued)	<p><i>2020: Disabled Mortality Rates</i> - MP-2019 Mortality Improvement Scale for males and females. Base table: Pri-2012; Base mortality table year: 2012; Table type: no collar; Healthy or Disabled: Disabled; Table weighting: headcount.</p> <p><i>2018 and 2019: Healthy Mortality Rates</i> - RP-2014 Employee and Annuitant Mortality Tables for males and females with Scale MP-2014 backed out to 2006 and then projected forward to 2006 using generational projection Scale MP-2018 for males and females.</p> <p><i>2018 and 2019: Disabled Mortality Rates</i> - RP-2014 Disabled Mortality Tables for males and females with Scale MP-2014 backed out to 2006 and then projected forward to 2006 using generational Scale MP-2017 for males and females.</p>
-----------------------	--

4. Changes with respect to actuarial methods and assumptions used in the current and prior years are as follows:
- From 2021 to 2022, the discount rate decreased from 2.00% to 1.84%. Assumed per-capita costs decreased for post-65 retirees and increased for pre-65 retirees based on the most recent claims experience and to reflect changes in distribution of enrollment by plan options. The trend rate for retiree contributions was set at 0% based on Lee Health's intentions to not increase the retiree's portion of the cost in future years. The generational mortality projection scale was updated from MP-2019 to MP-20 to better reflect assumed future mortality improvements. The retirement and termination assumptions were updated to reflect the results of an experience study and the unusually high experience during the 12-month period following the valuation date.
 - From 2020 to 2021, the discount rate decreased from 2.75% to 2.00%. Assumed per-capita costs decreased for post-65 retirees and increased for pre-65 retirees based on the most recent claims experience and to reflect changes in distribution of enrollment by plan options. The trend rate for retiree contributions was set at 0% based on Lee Health's intentions to not increase the retiree's portion of the cost in future years. The generational mortality projection scale was updated from MP-2019 to MP-20 to better reflect assumed future mortality improvements. The retirement and termination assumptions were updated to reflect the results of an experience study and the unusually high experience during the 12-month period following the valuation date.
 - From 2019 to 2020, the discount rate decreased from 3.71% to 2.75%. Assumed per-capita claims costs were decreased for post-65 retirees based on most recent claims experience and to reflect changes in distribution of enrollment by plan options. The health and disabled base table mortality assumptions were updated from RP-2014 to Pri-2012 to better reflect assumed future mortality. The generational mortality projection scale was updated from MP-2018 to MP-2019 to better reflect assumed future mortality improvements.
 - From 2018 to 2019, the discount rate increased from 3.31% to 3.71%. Assumptions related to the decrement timing were updated to reflect changes in the System's valuation software. Assumed per-capita claims costs were decreased for post-65 and increased for pre-65 retirees based on most recent claims experience and to reflect changes in distribution of enrollment by plan options. Retiree contributions were updated to reflect the actual 2018 retiree contributions. The trend assumption was updated to better reflect anticipated market conditions. The healthy and disabled mortality projection scale assumptions were updated to better reflect adjustments to assumed future mortality improvements.
 - From 2017 to 2018, the discount rate was updated from 4.00% to 3.31%. A salary assumption was added since the prior valuation, which is needed for the Entry Age Normal actuarial cost method.

Lee Memorial Health System

Note to Consolidating Schedules

The accompanying consolidating information presents the financial position and results of operations of each of the significant component operating units and affiliates of the System as of September 30, 2022 and 2021 and for the years then ended, in conformity with accounting principles generally accepted in the United States of America, including applicable statements of the GASB, on the accrual basis of accounting. The accompanying consolidating information presents adjustments necessary to eliminate significant intercompany accounts and transactions. The accompanying consolidating information is presented for purposes of additional analysis of the basic consolidated financial statements rather than to present the financial position and results of operations of the individual companies and is not a required part of the basic consolidated financial statements.

Recently Adopted Accounting Standard

Effective October 1, 2020, the System adopted GASB Statement No. 87, *Leases* (GASB 87). GASB 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB 87, the System was required to recognize a lease liability and an intangible right-to-use lease asset for certain leases reported as operating leases under the previous accounting standards. Additionally, the adoption of GASB 87 resulted in the recognition of leases receivable and deferred inflows of resources for certain leases for which the System is the lessor. The System adopted the standard as of October 1, 2020 and, accordingly, the consolidating schedules of financial position and results of operations for the year ended September 30, 2021 have been adjusted.

Internal Control and Compliance Matters

Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Directors
Lee Memorial Health System
Ft. Myers, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements of Lee Memorial Health System and its subsidiaries and the pension trust fund (the System), which comprise the consolidated statement of net position as of September 30, 2022, and the related consolidated statements of revenues, expenses, and changes in fund net position and of cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated February 7, 2023. The financial statements of Lee Memorial Health System Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Lee Memorial Health System Foundation.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the System’s internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the System’s internal control. Accordingly, we do not express an opinion on the effectiveness of the System’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the System's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the System's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BDO USA, LLP

February 7, 2023

Independent Auditor’s Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control Over Compliance Required by the Uniform Guidance and Chapter 10.550, *Rules of the State of Florida Auditor General*

The Board of Directors
Lee Memorial Health System
Ft. Myers, Florida

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited Lee Memorial Health System and its subsidiaries and the pension trust fund’s (the System) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and in the State of Florida’s *Department of Financial Services’ State Projects Compliance Supplement* that could have a direct and material effect on each of the System’s major federal programs and state projects for the year ended September 30, 2022. The System’s major federal programs and state projects are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the System complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the State of Florida Auditor General* (Chapter 10.650). Our responsibilities under those standards and the Uniform Guidance and Chapter 10.650 are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the System and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the Organization’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the System's federal programs and state projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the System's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the System's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the System's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the System's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule.

Lee Memorial Health System

Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance Year Ended September 30, 2022

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) includes the federal and state award activity of the System under programs of the federal government and the State of Florida for the year ended September 30, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the State of Florida Auditor General* (Chapter 10.550). Because the Schedule presents only a selected portion of the operations of the System, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the System.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and Chapter 10.550, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

Lee Memorial Health System has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

4. Provider Relief Funds

The Provider Relief Fund program amount on the Schedule includes \$0 of lost revenue and \$6,394,960 of out-of-period expenditures which are reported in accordance with the terms and conditions included in the U.S. Department of Health and Human Services (HHS) Post-Payment Notice of Reporting Requirements specific to the Provider Relief Fund program.

5. Out-of-Period Expenditures

The Federal Emergency Management Act and Federal Commerce Commission program amounts on the Schedule of \$7,973,932 and \$780,304, respectively, represent out-of-period expenditures, which are reported in accordance with the Office of Management and Budget's compliance supplements specific to these programs.

6. Subsequent Events

The System has evaluated subsequent events occurring after the consolidated financial statements date of September 30, 2022 through February 7, 2023, except for our report on the Schedule, for which the subsequent events date is June 30, 2023, which is the date these consolidated financial statements were available to be issued. No events arose during those periods that would require adjustments or additional disclosures.

Lee Memorial Health System

Schedule of Findings and Questioned Costs Year Ended September 30, 2022

Section 1. Summary of Auditor's Results

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with U.S. GAAP:

Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified? Yes None reported
- Noncompliance material to financial statements noted? Yes No

Federal Awards

Internal control over major federal programs:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified? Yes None reported

Type of auditor's report issued on compliance for major federal programs:

Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?

Yes No

Identification of major federal programs:

Assistance Listing Number	Name of Federal Program or Cluster
93.498	Provider Relief Funds
93.461	COVID/CARES Act - Testing for Uninsured Patients
32.006	COVID-19 Telehealth Program
97.036	Disaster Grants - Public Assistance

Dollar threshold used to distinguish between Type A and Type B programs:

\$750,000

Auditee qualified as low-risk auditee?

Yes No

State Projects

Internal control over major projects:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified? Yes None reported

Type of auditor's report issued on compliance for major state projects:

Unmodified

Any audit findings disclosed that are required to be reported in accordance with Chapter 10.550?

Yes No

Identification of major state projects:

CSFA Number	State Project
64.075	Trauma Center Financial Support

Dollar threshold used to distinguish between Type A and Type B programs:

\$300,000

Lee Memorial Health System

Schedule of Findings and Questioned Costs Year Ended September 30, 2022

Section 2. Financial Statement Findings

There were no findings related to the financial statements that are required to be reported, in accordance with generally accepted government auditing standards.

Section 3. Federal Award Findings and Questioned Costs

There were no findings and questioned costs for federal awards (as defined in 2 CFR 200.516(a)) that are required to be reported.

Section 4. State Projects Findings and Questioned Costs

There were no findings and questioned costs for state projects (as defined in Chapter 10.550) that are required to be reported.
