## REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors  
Magic Reserve Community Development District  
Osceola County, Florida

### Report on Audit of the Financial Statements

#### *Opinion*

We have audited the financial statements of the governmental activities and each major fund of Magic Reserve Community Development District (the "District"), as of and for the year ended September 30, 2022, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Magic Reserve Community Development District as of September 30, 2022, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Supervisors  
Magic Reserve Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including currently known information that may raise substantial doubt thereafter.

### ***Auditor's Responsibility for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Supervisors  
Magic Reserve Community Development District

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued a report dated May 31, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Magic Reserve Community Development District's internal control over financial reporting and compliance.

**Magic Reserve Community Development District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Year Ended September 30, 2022**

Management's discussion and analysis of Magic Reserve Community Development District (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment and interest and other charges.

*Fund financial statements* present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

**Magic Reserve Community Development District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Year Ended September 30, 2022**

**OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

*Fund financial statements* include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliations are provided from the *fund financial statements* to the *government-wide financial statements*.

*Notes to financial statements* provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements*.

**Financial Highlights**

The following are the highlights of financial activity for the year ended September 30, 2022.

- ◆ The District's total assets exceeded total liabilities by \$158,573 (net position). Net investment in capital assets was \$(252,333) and restricted net position was \$218,393. Unrestricted net position was \$192,513.
- ◆ Governmental activities revenues totaled \$499,660 while governmental activities expenses totaled \$625,843.

Unrestricted	<u>192,513</u>	<u>269,292</u>
Total Net Position	<u>\$ 158,573</u>	<u>\$ 284,756</u>

The decrease in current assets was related to expenditures exceeding revenues at the fund level in the current year.

The decrease in capital assets and net investment in capital assets is related to current year depreciation.

The decrease in non-current liabilities is primarily related to the principal payments made on bonds payable in the current year.

Total Capital Assets, net	\$ 4,218,718	\$ 4,371,663

In the current year, depreciation was \$152,945.

**General Fund Budgetary Highlights**

The actual expenditures were greater than budgeted amounts primarily because streetlight expenditures were more than anticipated.

The September 30, 2022 budget was amended for streetlight and maintenance expenditures that were more than anticipated in the original budget.

**Debt Management**

Governmental Activities debt includes the following:

- In October 2016, the District issued \$5,160,000 Special Assessment Revenue Bonds, Series 2016. The bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. The balance outstanding at September 30, 2022 was \$4,820,000.

**Magic Reserve Community Development District**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2022**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

**1. Reporting Entity**

The District was established on March 23, 2016, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, and was adopted as Osceola County Ordinance 2016-28, as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Magic Reserve Community Development District. The District is governed by a Board of Supervisors who are elected by the owners property within the District. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Magic Reserve Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has not identified any component units.

**Magic Reserve Community Development District**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2022**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**2. Measurement Focus and Basis of Accounting**

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

**a. Government-wide Financial Statements**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by contributions and interest. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

**b. Fund Financial Statements**

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

**Governmental Funds**

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

**Nonspendable Fund Balance** – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

**Restricted Fund Balance** – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

**Assigned Fund Balance** – This classification consists of the Board of Supervisors' intent to be used for specific purposes but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

**Unassigned Fund Balance** – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

**Fund Balance Spending Hierarchy** – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**2. Measurement Focus and Basis of Accounting (Continued)**

**b. Fund Financial Statements (Continued)**

**Governmental Funds (Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”.

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

**3. Basis of Presentation**

**a. Governmental Major Funds**

General Fund – The General Fund is the District’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**a. Governmental Major Funds (Continued)**

Debt Service Funds – Accounts for debt service requirements to retire the special assessment bonds which were used to finance the construction of District infrastructure improvements.

Capital Projects Funds – Accounts for financial resources to be used in the acquisition and construction of infrastructure improvements within the boundaries of the District.

**b. Non-current Governmental Assets/Liabilities**

GASB Statement 34 requires that non-current governmental assets, such as land and improvements, and non-current governmental liabilities, such as general obligation bonds and due to developer be reported in the governmental activities column in the government-wide Statement of Net Position.

**4. Assets, Liabilities, and Net Position or Equity**

**a. Cash and Investments**

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

**4. Assets, Liabilities, and Net Position or Equity (Continued)**

**b. Restricted Net Position**

Certain net position of the District is classified as restricted assets on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

**c. Capital Assets**

Capital assets, which include infrastructure, are reported in the governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Infrastructure	30 years
----------------	----------

**d. Budgets**

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur

**NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position**

“Total fund balances” of the District’s governmental funds, \$862,774, differs from “Net Position” of governmental activities, \$158,573, reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below.

**Capital related items**

When capital assets (land, buildings and improvements and infrastructure that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Infrastructure	\$ 4,588,335
Accumulated depreciation	(369,617)
Total	<u>\$ 4,218,718</u>

**Long-term debt transactions**

Governmental Activities long-term liabilities are not due and payable in the current period and are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2022 were:

Bonds payable	<u>\$ (4,820,000)</u>
---------------	-----------------------

Accrued liabilities in the Statement of Net Position differ from the amount reported in governmental funds due to the accrued interest on bonds.

**2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities**

The “net change in fund balances” for government funds, \$(64,926), differs from the “change in net position” for governmental activities, \$(126,183), reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated as follows.

**Capital related items**

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets are capitalized and the cost is allocated over their estimated useful lives as depreciation.

Depreciation	\$ <u>(152,945)</u>
--------------	---------------------

**Long-term debt transactions**

Repayments of bond principal are reported as an expenditure in the governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used.

Bond principal payments	\$ <u>90,000</u>
-------------------------	------------------

**Accrued interest**

Interest is reported at the fund level when paid, however at the government-wide level interest is reported as incurred. This is the change in accrued interest in the current year.

Accrued interest	\$ <u>1,688</u>

**NOTE C – CASH AND INVESTMENTS**

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2022, the District's bank balance was \$311,680 and the carrying value was \$204,086. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

Investments

As of September 30, 2022, the District had the following investments and maturities:

<b>Investment</b>	<b>Maturities</b>	<b>Fair Value</b>
U S Bank Money Market	N/A	\$ 666,655

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investment listed above is a Level 1 asset.

**Magic Reserve Community Development District**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2022**

**NOTE C – CASH AND INVESTMENTS (CONTINUED)**

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments in U S Bank Money Market Accounts are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. The District's investment in U S Bank Money Market Account was unrated.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in U S Bank Money Market Accounts are 100% of the Districts total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2022 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

Depreciation of \$152,945 was charged to physical environment.

The infrastructure intended to serve the District has been estimated at a total cost of approximately \$10,255,693 (“2016 Project”). The infrastructure will include a master roadway system, a water distribution system, a reclaimed water distribution system, a wastewater collection system, an electrical distribution system, landscaping, hardscaping, signage, recreation facilities, conservation areas, and a stormwater management system. All water and wastewater infrastructure will be constructed by the Magic Reserve CDD, and subsequently dedicated to Toho Water Authority for perpetual operations and maintenance. The Developer has entered into a Completion Agreement that will obligate the Developer to complete the portion of the project not funded from bond proceeds.

Significant Bond Provisions

The District levies special assessments pursuant to Section 190.022, Florida Statutes and the assessment rolls are approved by resolutions of the District Board. The collections are to be strictly accounted for and applied to the debt service of the bond series for which they were levied. The District covenants to certify for collection special assessments in annual amounts adequate to provide for payment of principal and interest on the bonds. Payment of principal and interest is dependent on the money available in the debt service fund and the District's ability to collect special assessments levied.

The bonds are subject to redemption at the option of the District prior to their maturity, in whole or in part, at any time, on or after November 1, 2027 at a redemption price equal to the principal amount of the Series 2016 Bonds to be redeemed, together with accrued interest to the date of redemption. The bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The bond resolution and the trust indenture provide for the establishment of certain accounts. The accounts include, among others, a construction, revenue, redemption, reserve, interest and prepayment account and are maintained by a trustee.

The bond indenture provides for Debt Service Reserve Funds, which shall be held by the Trustee separate and apart from all other funds. The following is a schedule of reserve requirements and balances in the reserve accounts at September 30, 2022:

	Reserve Balance	Reserve Requirement
Series 2016 Special Assessments Revenue Bonds	\$ 343,825	\$ 343,825

**NOTE G – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The District maintains commercial insurance coverage to mitigate the risk of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. The District has not filed any insurance claims in any of the previous three fiscal years.

**Magic Reserve Community Development District**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2022**

**NOTE H – ECONOMIC DEPENDENCY**

The Developer owns a portion of land within the District; therefore, assessment revenues in the General and Debt Service Funds include the assessments levied on those lots owned by the Developer. The District's activities are dependent on the continued involvement of the Developer, the loss of which could have a material adverse effect on the District's operations.

## **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors  
Magic Reserve Community Development District  
Osceola County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements, as listed in the table of contents, of Magic Reserve Community Development District, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated May 31, 2023.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Magic Reserve Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Magic Reserve Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Magic Reserve Community Development District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

To the Board of Supervisors  
Magic Reserve Community Development District

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Magic Reserve Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## MANAGEMENT LETTER

To the Board of Supervisors  
Magic Reserve Community Development District  
Osceola County, Florida

### Report on the Financial Statements

We have audited the financial statements of the Magic Reserve Community Development District as of and for the year ended September 30, 2022, and have issued our report thereon dated May 31, 2023.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

### Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with AICPA Professionals Standards, AT-C Section 315 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in that report, which is dated May 31, 2023, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been made to address findings and recommendations made in the preceding financial audit report. There were no findings or recommendations in the preceding financial audit report.

### Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not Magic Reserve Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Magic Reserve Community Development District did not meet any of the conditions described in Section 218.503(1), Florida Statutes

To the Board of Supervisors  
Magic Reserve Community Development District

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial conditions assessment procedures for the Magic Reserve Community Development District. It is management's responsibility to monitor the Magic Reserve Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same, as of September 30, 2022.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

### **Specific Information**

The information provided below was provided by management and has not been audited; therefore, we do not express an opinion or provide any assurance on the information.

**INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE  
WITH SECTION 218.415, FLORIDA STATUTES**

To the Board of Supervisors  
Magic Reserve Community Development District  
Osceola County, Florida

We have examined Magic Reserve Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2022. Management is responsible for Magic Reserve Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Magic Reserve Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Magic Reserve Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Magic Reserve Community Development District's compliance with the specified requirements.

In our opinion, Magic Reserve Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2022.
