INDEPENDENT AUDITOR'S REPORT

Board of Commissioners North River Fire District Manatee County, Florida

Report on the Audit of the Financial Statements Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of North River Fire District, Florida (the District), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of September 30, 2022, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the Unites States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1 to the financial statements, in 2022 the District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 87, *Leases.* Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

BRADENTON SARASOTA TAMPA 1001 3rd Avenue West, Suite 700 1515 Ringling Boulevard, Suite 900 101 East Kennedy Boulevard, Suite 1460 Bradenton, FL 34205 Sarasota, FL 34236 Tampa, FL 33602 ph 941.748.1040 ph 941.954.4040 ph 813.490.4490

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Governmental Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards,* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension schedules, and OPEB schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included with the basic financial statements. The other information comprises the schedule of fire assessment rates and the impact fee affidavit, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report Is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of North River Fire District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended September 30, 2022.

Financial Highlights

- The District's net position as of September 30, 2022 on the government-wide basis was \$4,957,021.
- The District's total net position increased by \$2,067,979.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$8,490,309, an increase of \$2,764,295 in comparison with the prior year. Of this total amount, \$4,156,801 is available for spending at the District's discretion (unassigned fund balance).
- The District's total long-term debt was \$343,652, which decreased during the current fiscal year by \$163,876. The District also has other long-term liabilities including OPEB of \$1,828,296, net pension liability of \$8,138,202 and accrued compensated absences of \$936,964.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to North River Fire District's financial statements. The District's financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets plus deferred outflows, and liabilities plus deferred inflows, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by fire assessments, impact fees and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The District is engaged in only governmental activities.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District utilizes governmental funds and fiduciary funds.

Governmental funds. Governmental funds focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using the modified accrual method of accounting and the current financial resources focus. As a result, long-term assets and liabilities are not included. The District uses a General Fund and a Capital Projects Fund. The General Fund is the general operating fund. All general tax revenues are accounted for in this fund. From this fund all general operating expenditures and budgeted capital expenditures are paid. The Capital Projects Fund is used to account for impact fees collected on new construction. These revenues can only be used for the acquisition, construction or purchase of assets required to provide fire protection and emergency services to new users of the District. From this fund, budgeted capital outlay and debt service costs are paid.

A reconciliation to facilitate the comparison between the governmental fund financial statements and the government-wide financial statements is presented.

The District adopts an annual budget for its general fund and capital projects fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The governmental fund financial statements can be found on pages 12 to 15 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. Fiduciary funds follow the accrual basis of accounting. The District's fiduciary fund financial statements can be found on pages 16 and 17 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 18.

Government-Wide Financial Analysis

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, using accounting methods similar to a private sector business. These statements include all assets, deferred outflows, liabilities, and deferred inflows on the accrual basis of accounting. All current year revenues and expenses are taken into account regardless of when the cash is received or paid.

The largest portion of the District's net position, \$2,889,752, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide fire protection and emergency services to citizens within the boundaries of the District; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The District also had significant assets in cash and cash equivalents and investments at year-end.

The following table presents a condensed statement of net position as of September 30, 2022 with comparable totals as of September 30, 2021:

Net Position	Governmental <u>Activities</u> 2022	Governmental <u>Activities</u> 2021
Current and other assets	\$ 10,116,276	\$ 6,020,498
Capital assets	3,233,404	3,509,849
Total assets	13,349,680	9,530,347
Deferred outflows of resources	4,496,304	391,370
Long-term liabilities outstanding	11,247,114	4,265,046
Other liabilities	301,604	194,484
Total liabilities	11,548,718	4,459,530
Deferred inflows of pension earnings	141,929	2,573,145
Deferred inflows – lease related inflows of resources	1,198,316	-0-
Net position:		
Net investment in capital assets	2,889,752	3,002,321
Restricted	1,650,100	1,279,534
Unrestricted	417,169	(1,392,813)
Total net position	<u>\$ 4,957,021</u>	<u>\$ 2,889,042</u>

An additional portion of the District's net position, \$1,650,100 represents resources, from impact fees that are subject to external restrictions on how they may be used.

The District's net position increased by \$2,067,979 during the current fiscal year.

Revenues increased \$1,295,794 due mainly to fire assessments, and impact fees. Expenses increased \$2,129,790 due to increases in the net pension liability based on actuarial valuations.

The following table presents the change in net position for the year ended September 30, 2022 with comparable totals for the year ended September 30, 2021:

Changes in Net Position

		Governmental <u>Activities</u> 2022		Governmental <u>Activities</u> 2021	
Revenues:

Net position – Ending	<u>\$</u>	4,957,021	<u>\$</u>	2,889,042	

Financial Analysis of the Government's Funds

The District utilizes only Governmental Funds, which includes a General Fund and a Capital Projects Fund, and Fiduciary Funds.

Governmental funds. The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the operating fund of the District. The total fund balance was \$6,840,209. At the end of the current fiscal year, committed fund balance was \$2,119,687, nonspendable fund balance was \$563,721, and unassigned fund balance of the general fund was \$4,156,801.

The fund balance of the District's general fund increased \$2,393,729 during the current fiscal year. Total revenues in the general fund were \$10,771,327, which includes fire assessments of \$10,343,027.

Personal service costs were \$7,611,691, operating costs were \$1,004,734, debt service was \$180,117, and capital outlay was \$160,653.

The capital projects fund has a total fund balance of \$1,650,100, all of which is reserved for the acquisition, construction or purchase of assets and related debt service required to provide fire protection and emergency services. Revenues of \$1,038,291 were offset by \$88,128 of expenditures.

Fiduciary Funds include pension funds for employees of the District. At September 30, 2022, total net position held for pension benefits was \$25,219,868 which decreased \$5,449,586 from the prior year.

General Fund Budgetary Highlights

Original and final budgeted revenues, including other financing sources were \$11,031,142. For the current fiscal year, actual revenues exceeded budgeted revenues by \$319,782. Original budgeted expenditures were \$10,081,012 and were amended to \$10,644,733. During the fiscal year the general fund budget was amended for deposits on capital assets. Actual expenditures were less than the budgeted amount by \$1,687,538, mainly due to less personal service, operating and capital outlay costs than anticipated.

Capital Assets

The District's investment in capital assets for the year ended September 30, 2022 amounts to \$3,233,404 (net of accumulated depreciation). The investment in capital assets includes land, buildings and improvements, machinery and equipment. The District's investment in capital assets for the current fiscal year decreased by \$276,445. This was comprised of \$222,919 of capital additions and depreciation expense of \$499,364.

Ca	pital Assets				
	Ge		ernmental <u>ctivities</u>	Go	vernmental <u>Activities</u>
			2022		2021
Land	\$		290,648	\$	290,648
Buildings and improvements			3,744,432		3,744,432
Machinery and equipment			5,153,572		4,930,653
Accumulated depreciation		((5,955,248)		(5,455,884)
Total net of depreciation	<u>\$</u>		3,233,404	\$	3,509,849

Additional information on the District's capital assets can be found in Note C of this report.

Long-Term Debt

At the end of the current fiscal year, the District had total debt outstanding of \$343,652. During 2022, the District paid principal of \$163,876.

Additional information on the District's long-term debt can be found in Note D of this report.

Economic Factors and Next Year's Budgets and Rates

The fiscal year 2022-2023, budgeted revenues are \$12,755,882, including fire assessments of \$11,406,083. Budgeted expenditures are \$11,617,293. Fiscal year 2022-2023 planned expenditures include an increase in personnel service costs.

These factors and others were considered in preparing the fiscal year 2022-2023 budget.

Requests for Information

This financial report is designed to provide a general overview of the North River Fire District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the District at: 1225 14th Avenue West, Palmetto, Florida 34221.

NORTH RIVER FIRE DISTRICT RECONCILIATION OF THE BALANCE SHEET – GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION SEPTEMBER 30, 2022

Amounts reported for governmental activities in the statement of net position are different because:	
Fund Balance – Governmental Funds	\$ 8,490,309
Lease assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds. Lease interest receivable Lease receivable	33,594 1,206,421
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds.	3,233,404
Deferred outflows of resources related to the pension plan do not utilize current financial resources and, therefore, are not reported in the governmental funds.	4,496,304
Deferred inflows of resources related to the pension plan do not utilize current financial resources and, therefore, are not reported in the governmental funds.	(141,929)
Deferred inflows of resources related to the leases are not due and payable in the current period and, therefore, are not reported in the governmental funds.	(1,198,316)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds.	(11,247,114)
Governmental funds follow the modified accrual basis and revenues are recognized when they become both measurable and available. Revenues received after 60 days are not deemed available. This has no impact on net position in the government-wide financial statements.	 84,348

NORTH RIVER FIRE DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2022

Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balance – total governmental funds	\$ 2,764,295
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeds capital additions.	(276,445)
The repayment of the principal on long-term debt consumes the current financial resources of governmental funds. However, the transaction has no effect on net position.	163,876
Revenues in the statement of activities that do not provide current financial resources as they do not meet the availability criteria are not reported as revenues in the governmental funds. Change in lease interest receivable Change in lease receivable Change in unavailable revenue	33,594 (25,028) 33,133
The change in unavailable revenue in the governmental funds has no impact on the change in net position in the government-wide financial statements.	84,348
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This represents the current year change in:	
Long-term compensated absences OPEB liability Net pension liability Deferred outflows of pension resources Deferred inflows of pension earnings	(155,020) 304,914 (7,395,838) 4,104,934 2,431,216
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ 2,067,979

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed by the North River Fire District (District), Manatee County, Florida:

(a) <u>Reporting Entity</u> - The District is a public municipal corporation in the State of Florida created in 1989 by Special Law 89-502 of the Legislature of the State of Florida. The District's enabling act was subsequently amended by 91-406, 96-452 and 2007-845. It is an independent special district. No other component units exist.

Revenue is provided for in the Bill by special assessments against taxable real estate lying within the territorial bounds of the District as defined by the State of Florida. Disbursements are made for maintenance and upkeep of the fire stations, purchase of firefighting and rescue equipment, payment of wages, employee benefits, and administrative expenses.

The State of Florida passed Legislation, which took effect June, 1985, and provides for the District to collect impact fees to defray the cost of improvements required to provide fire and emergency service to the new users of the District. The impact fees collected are to be used exclusively for the acquisition, purchase or construction of new facilities and equipment and related debt service required to provide these services to the new users in the District.

(b) <u>Basis of Presentation</u> -The District's financial statements include Governmentwide financial statements (which report the District as a whole excluding fiduciary activities) and Fund financial statements (which report on the General and Capital Projects Funds, as well as the Fiduciary Funds). The Financial Statements present only governmental activities, as the District conducts no business type activities.

Basis of Accounting: Financial Statements - Government Wide Statements- The Government-Wide Financial Statements (Statement of Net Position and Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting. For the most part, interfund activity has been removed from these statements. Government-wide financial statements include a Statement of Net Position and a Statement of The Statement of Net Position reports all financial and capital Activities. resources of the District's governmental activities. It is presented in a net position format (assets, plus deferred outflows less liabilities plus deferred inflows equal net position) and shown with three components; net investment in capital assets, restricted net position and unrestricted net position. The statement of activities reports direct program expenses offset by program revenues. The amounts reported as program revenues include charges for services and capital grants. General revenues include taxes and other items properly not included as program revenue.

<u>Financial Statements – Fund Financial Statements</u> – The District's accounts are organized on the basis of funds, which are a self-balancing set of accounts that comprise its assets, liabilities, deferred inflows of resources, reserves, fund balance, revenues and expenditures. The District utilizes Governmental funds, which follow the modified accrual basis of accounting. Under this method, revenues are recorded when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a fund liability is incurred. The District also utilizes Fiduciary Funds, which are accounted for on the economic resources focus and accrual basis of accounting. The District reports the following fund types, which are all considered major funds:

Governmental Funds

- (1) <u>General Fund</u> The General Fund is the general operating fund of the District. All general tax revenues are accounted for in this Fund. From the Fund are paid personal service, operating expenditures, budgeted capital expenditures, and transfers.
- (2) <u>Capital Projects Fund</u> The Capital Projects Fund is used to account for Impact Fees collected on new construction and the construction of new fire stations. These revenues can only be used for the acquisition, construction or purchase of assets and related debt service required to provide fire protection and emergency services. In addition, loan proceeds and debt service for the construction or purchase of assets used for fire protection services are accounted for in this fund. Consequently, fund balance in the Capital Projects Fund is restricted.

Fiduciary Funds

- (3) <u>Pension Trust Funds</u> The Pension Trust Funds are used to account for assets held by the District in a trustee capacity. Consequently, net position in the fiduciary fund types is reserved. Pension trust funds are accounted for on the accrual basis since capital maintenance is critical. Contributions are recognized in the period in which contributions are due. Retirement benefits and refunds are recognized when due and payable in accordance with the Plan.
- (c) <u>Estimates</u> The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, deferred inflows, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

- (d) <u>Budgets and Budgetary Accounting</u> The District prepares an annual operating budget for the fiscal year commencing October 1. Prior to September 1 of each year, the District's Chief prepares a proposed budget for the upcoming fiscal year. The budget is based on an analysis of prior year actual revenues and expenditures along with anticipated spending and revenue sources. Once the proposed budget is compiled, it is brought before the Board of Commissioners for approval. Expenditures should not exceed total appropriations. Appropriations lapse at the end of the year.
- (e) <u>Interfund Receivables/Payables/Transfers</u> Interfund receivables/payables arise from temporary interfund transfers. When a fund has an interfund receivable and an interfund payable to the same fund, the amounts are recorded in separate accounts. Internal activity and balances between governmental funds has been eliminated in the government-wide statement of net position.
- (f) <u>Fire Assessment Taxes</u> Fire assessment taxes become due and payable on November 1 of each year. The county tax collector remits the District's portion as such revenues are received. The District collects nearly all of its tax revenues during the period November 1 through April 1, at which time the taxes become delinquent. The maximum rates of tax are set by the Legislature of the State of Florida. Actual assessment amounts vary based on a sliding scale of the type of property involved and is determined by the Board of Commissioners of the District.

The key dates in the property tax cycle are as follows:

Assessment roll validated	July 1
Beginning of fiscal year for which	
taxes have been levied	October 1
Tax bills rendered and due	November 1
Property taxes payable:	
Maximum discount	November 30
Delinquent	April 1
Tax certificates sold	May 31
Fiscal year begins	October 1
Fiscal year ends	September 30

Fire assessment taxes are recognized as revenue in the fiscal year for which the taxes have been levied to the extent they result in current receivables. Under the system outlined above, no material amount of taxes is receivable after the end of the fiscal year.

(g) <u>Net position</u> - Net position is reported in three parts as applicable: net investment in capital assets, restricted and unrestricted. When both restricted and unrestricted resources are available, restricted resources are used first, and then unrestricted resources, as they are needed.

(h) <u>Fund Balance</u> – The District follows Governmental Accounting Standards Board (GASB) Statement No. 54. GASB 54 established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, under GASB 54, are Nonspendable and Spendable. Spendable is then further classified as Restricted, Committed, Assigned and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund Balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance.

In accordance with GASB Statement 54, the District classified governmental fund balance as follows:

Nonspendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance:

- Restricted includes amounts that can be spent only for specific purposes because of State or Federal laws or enabling legislation, or which are externally restricted by providers, such as creditors or grantors.
- Committed includes amounts that can be spent only for specific purposes that are approved by a formal action of the Board of Commissioners through a resolution or the budget process.
- Assigned includes amounts designated for a specific purpose by the Board of Commissioners through a resolution or the budget process, or by the Fire Chief, up to \$25,000, which are neither restricted or committed.
- Unassigned includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

The District uses restricted amounts first when both restricted and unrestricted fund balance is available, unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The District does not have a formal minimum fund balance policy.

		Capital
	General Fund	<u>Projects Fund</u>
Non-spendable	\$ 563,721	\$ -0-
<u>Spendable</u> :		
Restricted – impact fees	-0-	1,650,100
Committed to:		
Vehicle apparatus, bunker gear,		
building replacement	2,119,687	-0-
Unassigned	4,156,801	_0_
	\$ 6,840,209	\$ 1,650,100

· · · · ·

- (i) <u>Cash and Cash Equivalents</u> Florida Statute 218.415 authorizes the District to invest in the following:
 - (a) Local Government Surplus Funds Trust Fund or an intergovernmental investment pool authorized through the Florida Interlocal Cooperation Act.
 - (b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating company.
 - (c) Interest bearing time deposits or savings accounts in state-certified Qualified Public Depositories as defined in Section 280.02 Florida Statutes.
 - (d) Direct obligations of the U.S. Treasury.

Cash accounts are with institutions that are Qualified Public Depositories and post collateral as required by State Law. All of the District's cash deposits are entirely collateralized pursuant to Chapter 280 of the Florida Statutes. Investments in the general fund consist of investments in the Florida Fixed Income Trust (FL-FIT). Investments in FL-FIT are recorded at fair value. The District's investment is in its shares held in the FL -FIT pool and not the underlying investments. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District's investment in FL-FIT are included in the FL-FIT Cash Pool, which has a Fitch rating of AAAf/S1, and a weighted average to maturity of 12 days.

		Fair Value
<u>General Fund</u> :	<u> </u>	<u>Hierarchy</u>
FL-FIT Cash Pool:	<u>\$ 6,226,837</u>	Level 2

(j) <u>Compensated Absences</u> – It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured or are payable from current financial resources. These liabilities are liquidated out of the general fund.

(k) <u>Deferred Outflows/Inflows of Resources – Continued</u>

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. One item qualifies for reporting in this category. A deferred outflow of pension resources is reflected in the government-wide statement of net position.

In addition to liabilities, the government-wide statement of net position, and governmental fund balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. A deferred inflow of pension earnings and leases are reported in the government-wide statement of net position. Unavailable revenue is reported in the governmental fund balance sheet.

(I) <u>Capital Assets</u> - Capital assets, which include property, plant, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of longer than one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal repair and maintenance that do not add to the value of the asset or extend the useful life of the asset are expensed as incurred. The District does not have infrastructure assets. Property, plant, and equipment of the District are depreciated on a straight-line basis over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Buildings	40
Improvements	20 - 40
Equipment	5 – 10

- (m) <u>Long-Term Obligations</u> In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. In the fund financial statements, no long-term obligations are reported as they are not due to be paid from current financial resources.
- (n) <u>Change in Accounting Principle</u> Effective October 1, 2021, the District adopted new accounting guidance by implementing the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases* (GASB No. 87), which requires lessees recognize certain lease assets and liabilities for leases that previously were classified as operating leases based on the foundational principle that leases are financings of the right to use an underlying asset. Similarly, GASB No. 87 also requires lessors to recognize certain lease assets and deferred inflows of resources for leases meeting the same recognition principles. Accordingly, the District recognized a lease

 (n) <u>Change in Accounting Principle - Continued</u> interest receivable, lease receivable and lease-related inflows of resources in the statement of net position.

The implementation of this new standard required the initial recognition of a lease receivable of \$1,231,449 and lease-related inflows of resources of resources of \$1,231,449 as of October 1, 2021. The adoption of GASB No. 87 had no effect on net position or fund balance, as initially reported.

NOTE B – <u>LEASES</u>

Veen ending

During 1998, the District entered into a cell tower lease agreement which allows the counterparty to rent space on the District's fire station radio tower. The agreement was revised effective November 9, 2016 and shall automatically be extended for six (6) successive five (5) year renewal terms through November 8, 2058, unless terminated pursuant to the lease agreement. During the year ended September 30, 2022, the District received annual rental payments in the amount of \$28,106. Under the agreement, the annual rental payments are increased 4% every year.

Lease-related revenue recognized in the governmental activities for the year ended September 30, 2022 was as follows:

Lease revenue - Cell Tower	\$ 33,133
Interest revenue – Cell Tower	 36,673
Total lease-related revenue	\$ 69,806

Expected future minimum reductions of the lease receivable are as follows:

Year ending			
September 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ -0-	\$ 29,231	\$ 29,231
2024	-0-	30,400	30,400
2025	-0-	31,616	31,616

2028 - 2032	-0-	192,624	192,624
2033 - 2037	27,633	206,723	234,356
2038 - 2042	111,788	173,342	285,130
2043 - 2047	195,349	151,556	346,905
2048 - 2052	306,604	115,458	422,062
2053 - 2057	453,104	60,400	513,504
2058 - 2062	111,943	3,403	115,346
	<u>\$ 1,206,421</u>	<u>\$ 1,061,830</u>	<u>\$ 2,268,251</u>

NOTE C - CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2022 was:

Governmental Activities	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Capital assets, not being depreciated:					
Land	<u>\$ 290,648</u>	<u>\$ </u>	<u>\$ </u>	<u>\$ </u>	<u>\$ 290,648</u>
Total capital assets, not being depreciated	290,648				290,648
Capital assets being depreciated:					
Buildings	3,560,277	-	-	-	3,560,277
Building improvements	83,267	-	-	-	83,267
Machinery and equipment	1,100,926	179,866	-	-	1,280,792
Improvements and other building	100,888	-	-	-	100,888
Vehicle	3,829,727	43,053			3,872,780
Total capital assets being depreciated	8,675,085	222,919	-	-	8,898,004
Less accumulated depreciation	(5,455,884)	(499,364)			(5,955,248)
Total capital assets, being depreciated, net	3,219,201	(276,445)			2,942,756
Governmental activities capital assets, net	<u>\$ 3,509,849</u>	<u>\$ (276,445)</u>	<u>\$ -</u>	<u>\$ </u>	<u>\$ 3,233,404</u>

Depreciation in the amount of \$499,364 was reported as a separate line item in the statement of activities.

NOTE D – <u>LONG-TERM DEBT</u>

General long-term debt consisted of the following at September 30, 2022:

During 2015, the District entered into a direct borrowing financing agreement with Oshkosh Capital for the purchase of new fire engines. The note is payable in annual installments of \$180,117 with interest at 3.2%. The note matures on February 29, 2024 and is collateralized by the fire engines and non ad valorem revenues, impact fees and special assessments. Total future annual debt service requirements for the direct borrowing debt as of September 30, 2022 are as follows:

	Principal	Interest	Total
2023	\$ 169,120	\$ 10,997	\$ 180,117
2024	174,532	5,585	180,117
TOTAL	<u>\$ 343,652</u>	<u>\$ 16,582</u>	<u>\$ 360,234</u>

In the event of default, the lender may exercise the following remedies:

- a) Require the District to pay all amounts then currently due and all remaining payments due during the fiscal year in effect
- b) May require the return of the equipment (fire engines) pursuant to the financing agreement or may repossess the equipment

NOTE D – LONG-TERM DEBT – CONTINUED

- c) May sell, lease or otherwise dispose of the equipment in one or more public or private transactions, and if disposed, the lender shall retain all proceeds free of any claim of the District, provided, that the net proceeds shall be applied to amounts payable by the District under (a) above only to the extent that such net proceeds exceed the applicable termination value in the agreement
- d) Terminate, cancel or rescind the financing arrangement
- e) May exercise any other right, remedy or privilege available under applicable law or, by appropriate court action at law or in equity
- f) May require the District to pay all out-of-pocket costs and expenses incurred by the lender as a result of the event of default

Changes in Long-Term Liabilities

Long-term liability activity for the year ended September 30, 2022, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion
Notes Payable					
Oshkosh Capital	<u>\$ 507,528</u>	\$ -0-	<u>\$ 163,876</u>	<u>\$ 343,652</u>	<u>\$ 169,120</u>
Total Notes Payable	507,528		163,876	343,652	169,120
Other Long-Term Liabilities:					
Other Post Employment					
Benefits	2,133,210	-0-	304,914	1,828,296	-0-
Net Pension Liability	742,364	7,395,838	-0-	8,138,202	-0-
Compensated Absences	881,944	517,476	462,456	936,964	-0-
Total Other Long-Term Liabilities_	3,757,518	7,913,314	767,370	10,903,462	-0-
Long-Term Liabilities	4,265,046	<u>\$ 7,913,314</u>	<u>\$ 931,246</u>	<u>\$ 11,247,114</u>	<u>\$ 169,120</u>

NOTE E – INTERFUND TRANSFERS

Interfund transfers made from the Capital Projects Fund to the General Fund was \$579,597 during the year ended September 30, 2022.

NOTE F - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and government-wide statement of net position.

The reconciliation between the fund balance – total governmental funds as reported in the governmental fund balance sheet and net position – governmental activities as reported in the statement of net position, is included on page 13 of the basic financial statements. One line of that reconciliation explains "long-term liabilities are not due and payable in the current period and therefore are not reported in the funds." The detail of the difference is shown below:

Notes payable	\$	343,652
Compensated absences		936,964
Net pension liability		8,138,202
Other post-employment benefits		1,828,296
	<u>\$ 1</u>	<u>1,247,114</u>

NOTE F - <u>RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS -</u> <u>CONTINUED</u>

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The reconciliation between the net changes in fund balances – total governmental funds as reported in the statement of revenues, expenditures and changes in fund balances, and the changes in net position as reported in the statement of activities is included on page 15 of the basic financial statements. One line in that reconciliation explains that "Governmental Funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of the difference are shown below:

Capital additions included as expenditures	
in the governmental funds	\$ 222,919
Depreciation expense	(499,364)
	\$ (276,445)

NOTE G – <u>RETIREMENT PLANS</u>

Firefighters Pension Trust Fund

Plan Description and Summary of Significant Accounting Policies

The Board of Commissioners established the North River Fire District Firefighters' Retirement Plan (FFRP). This plan meets the requirements of Chapter 175 Florida Statutes.

The FFRP is a single employer, defined benefit plan and is accounted for in the accompanying financial statements as a Pension Trust Fund. A stand alone report is not issued. Participation is mandatory (a condition of employment) for all full-time firefighters employed by the District. Plan administrative costs are paid by the plan. The District Board has the authority to amend or extend the provisions of the plan through approval by the District's Board of Commissioners. The Pension Board consists of 2 District appointees, 2 members of the Department elected by majority vote, and 1 member elected by the other 4 trustees. The plan is administered by the Pension Board with Salem Trust Company as the Asset Custodian.

Plan Membership as of October 1, 2021:	
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	37
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	6
Active Plan Members	52
	<u> 95</u>

<u>Basis of Accounting</u> – The FFRP's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan

NOTE G - <u>RETIREMENT PLANS - CONTINUED</u>

Firefighters Pension Trust Fund - Continued

Plan Description and Summary of Significant Accounting Policies - Continued

<u>Basis of Accounting – continued</u> – are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

<u>Asset Valuation</u> - Investments are reported at market value based on quoted prices at month/year end. Investment income is recognized when earned. Gains and losses on sale and exchanges of securities are recognized on the transaction date.

Benefit Provisions

<u>Retirement</u> – Age 55 and the completion of 5 years of service or the completion of 25 years of service. For those members hired on or after January 1, 2000 vesting occurs after 10 years. The pension benefit is 3.0% of the monthly average of the highest five years of earnings during the 10 year period ending on the earliest of termination or retirement date. Monthly benefits after the age of sixty-five are reduced by the Social Security amount.

Benefits are available for early retirement at age 50 and completion of 10 years of vesting service. The pension benefit is the accrued benefit reduced by 3.0 percent per year.

Benefits are available to participants who terminate employment after completing five or more years of vesting service (10 years if hired on or after January 1, 2000), but terminate prior to eligibility for early retirement. These benefits may be paid monthly by formula, or may be paid in a lump sum outlined by formula.

<u>Death and Disability</u> – A member with five or more years credited service who becomes disabled not in the line of duty, shall receive a disability benefit of 25 percent of average final compensation for benefits accrued to date. A member who becomes disabled in the line of duty has no service time requirement and shall receive a disability benefit accrued to date with a minimum benefit of 42 percent of average final compensation. The Board of Trustees determines disability eligibility.

Upon the death of a member who was eligible for normal or delayed retirement at the date of death, the beneficiary will receive a lump sum payment or monthly benefit for life determined by a formula within the plan.

In the event a member dies prior to the normal retirement date from causes which are not related to the fire service, the beneficiary will receive an amount equal to the actuarially equivalent lump sum value of the participant's accrued benefit determined as of his date of death. If a member otherwise not eligible for benefits dies in the line of service prior to his normal retirement date, the member would obtain eligibility for membership. This benefit will be actuarially computed using the same assumptions and basis referred to above.

Firefighters Pension Trust Fund - Continued

Plan Description and Summary of Significant Accounting Policies - Continued

Benefits Provisions - Continued

<u>Death and Disability – Continued</u> – Participants who have satisfied normal retirement requirements may enter the deferred retirement option program (DROP). Individuals may participate in DROP for up to 60 months. Interest is credited on a participant's DROP account at the rate of 3% compounded monthly. At September 30, 2022, the DROP balance is \$-0-.

Supplemental Retirement Benefits

The initial crediting of the \$998,041 Excess State Monies Reserve, established as of September 30, 2014, is allocated to eligible participants. Annual premium tax reserves received in excess of the applicable frozen amount of \$180,072 shall be allocated to participant accounts on a pro-rata basis based on credited service.

Contributions

The District is required to contribute an actuarially determined rate. Contributions include an amount to amortize an unfunded accrued liability. Current year employer and state contributions totaled \$1,413,723. Significant actuarial assumptions used to compute actuarial determined contribution requirements are the same as those used to compute the actuarially accrued liability. A mandatory 4.5% employee contribution is required. Employee contributions for 2022 were \$186,033, which equaled required contributions.

<u>Investments</u>

The Pension Board establishes investment policies and allocation of invested assets and may amend the policy by majority vote. The following was the Board's adopted asset allocation policy as of September 30, 2022:

	Target
<u>Asset Class</u>	Allocation
Domestic Equity	45%
International Equity	15%
Fixed Income (Core)	10%
Fixed Income (Non-Core)	10%
Real Estate	10%
Alternative	<u> </u>
Total	<u>100%</u>

FFRP Plan investments are held by the Salem Trust Company and American Realty Advisors. At September 30, 2022 investments included:

	Fair	Percent of
	Value	<u> </u>
Held by Salem Trust:		
Cash and cash equivalents	\$ 479,432	2 1.95%
U.S. Government Securities	624,813	3 2.54%

Firefighters Pension Trust Fund - Continued

Plan Description and Summary of Significant Accounting Policies - Continued

Concentrations

The Plan did not hold investments in any one organization that represent 5% or more of the Pension Plan's fiduciary net position.

Rate of Return

The annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense was (17.14)%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Credit Risk

The cash and cash equivalents include cash and Goldman Sachs Treasury Obligation money market funds, and represents 1.95% of assets. Goldman Sachs Treasury Obligation fund has an S&P rating of AAAm.

Interest Rate Risk

The U.S. Government Agency Obligations have interest rates between 0.625% and 3.125% with maturities from 2024 to 2050. Mortgage/asset backed securities and collateralized mortgage obligations have interest rates between 1.25% and 6.0% with maturities between 2035 and 2052. Corporate and foreign bonds have interest rates between 1.35% and 7.8% with maturities from 2022 to 2062. Common stock and mutual funds are subject to market fluctuations. Foreign bonds are not exposed to significant foreign currency risk as they are expressed in U.S. dollars.

<u>Custodial Credit Risk</u> – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments of collateral securities that are in the possession of an outside party. The Plan investments are held by Salem Trust Company And American Realty Advisors as custodians for the North River Fire District Firefighters' Retirement Plan. Management invests with custodians it determines to have an acceptable custodial credit risk.

<u>Foreign Currency Risk</u> – The Board of Trustees retains outside investment managers to manage investment portfolios. The Board approves and provides investment managers with the Plan's written investment policy. The Plan's investment policy states that investments in foreign securities or corporations domiciled outside of the United States shall not exceed 10% of the value of Plan assets.

Net Pension Liability

The measurement date is September 30, 2022. The measurement period for the pension expense was October 1, 2021 to September 30, 2022. The reporting period is October 1, 2021 through September 30, 2022. The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation as of October 1, 2021 and rolled forward to September 30, 2022.

Balances at September 30, 2022	<u>\$ 32,695,990</u>	<u>\$ 24,557,788</u>	<u>\$ 8,138,202</u>

Actuarial Assumptions

The total pension liability was determined by an actual valuation as of October 1, 2021 updated to September 30, 2022 using the following actuarial assumptions:

Inflation	2.50%
Salary Increases	Service based
Discount Rate	7.40%
Investment Rate of Return	7.40%

Mortality Rate Healthy Lives:

Female: PubS.H-2010 (Below Median) for Employees, set forward one year. Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

NOTE G – <u>RETIREMENT PLANS – CONTINUED</u>

Firefighters Pension Trust Fund - Continued

Actuarial Assumptions - Continued

80% PubG.H.-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.

All rates are projected generationally with Mortality Improvement Scale MP-2018.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2022 are summarized in the following table:

	Long–Term Expected	
<u>Asset Class</u>	<u>Real Rate of Return</u>	
Domestic Equity	7.50%	
International Equity	8.50%	
Fixed Income (Core)	2.50%	
Fixed Income (Non–Core)	2.50%	
Real Estate	4.50%	
Alternative	6.22%	

Discount Rate

The discount rate used to measure the total pension liability was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the District, calculated using the discount rate of 7.40%, as well as 1% higher and 1% lower than the current rate.

		Current	
	1% Decrease	Discount Rate	1% Increase
	6.40%	7.40%	8.40%
Sponsor's Net Pension Liability	\$ 11,916,624	\$ 8,138,202	\$ 4,984,172

Thereafter	\$ 46,384

Administrative Employees Money Purchase Pension Plan

Plan Description

The District has established a defined contribution plan (the Plan) to provide retirement benefits for its administrative employees (non-firefighters). The Plan is designated as a Money Purchase Pension Plan, which does not provide for fixed and determinable retirement benefits. The Plan Administrator is North River Fire District and the Trustee of the plan is the Fire Chief. In addition, the District has appointed a committee to assist in the administration of the plan and has the responsibility of making all discretionary determinations under the Plan and for giving distribution directions to the Trustee. The Trustee will hold all amounts contributed by the District in a trust fund. Upon the direction of the Committee, the Trustee will authorize all distribution and benefit payments from the trust fund to participants and beneficiaries. The Trustee will maintain all trust fund records on a plan year basis.

Investments

The Plan has investments measured at fair value totaling \$657,079 at year end.

NOTE G - <u>RETIREMENT PLANS - CONTINUED</u>

Administrative Employees Money Purchase Pension Plan - Continued

<u>Eligibility</u>

The Plan limits participation under Section 401(a) and is exempt from tax under Section 501(a) of the Code; it is intended to meet the requirements established by the Internal Revenue Service. Employees are eligible to participate in the Plan at the age of twenty-one and have completed one year of service. The Plan specifically excludes firefighting personnel, leased employees and nonresident aliens.

Contributions and Vesting

The District will make contributions on behalf of the eligible participants equal to a percentage of participant gross salaries. The amount approved by the Board of Commissioners, for the fiscal year ended September 30, 2022 was 25% of gross salaries. In addition to District contributions, each participant account will be credited annually with a share of investment earnings or losses of the trust fund. The Plan allocates participant forfeitures as additional District contributions. The District contributed \$77,261 in 2022.

Employees have a vested interest of 100% immediately upon the plan entry date. As a result, there are no forfeitures.

<u>Custodian</u>

The District entered into an agreement with ING Financial Services (VOYA), effective February 1, 2001, to maintain the individual accounts of participants. The District will pay administrative costs for Plan maintenance. Account maintenance fees will be paid by the participants.

The following schedules present combining statements of fiduciary net position and changes in fiduciary net position.

Fair Value

The investments in the Firefighters Pension Plan and the Administrative Employees Pension Plan are measured at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Recurring fair value measurements as of September 30, 2022 are as follows:

NOTE G – <u>RETIREMENT PLANS – CONTINUED</u>

Fair Value - Continued

				Fair Value Measurements Using						
			Quoted Prices							
			In Active Significant Significant							
			Markets for Other Unobserv					ervable		
			lo	dentical	Observable		Inj	outs		
			Assets Inputs							
		Total	((Lev	(el 3)					
Investments by fair value level:										
Money Market	\$ 4	79,432	\$	479,432	\$	-0-	\$	-0-		
Debt securities:										
U.S. Government Obligations	2,8	30,300		-0-	2,8	30,300		-0-		
Corporate and Foreign Bonds	2,6	29,888		-0-	2,6	29,888		-0-		
Fixed Investment Accounts		33,454		-0-		33,454		-0-		
Equity securities:										
Common and Foreign Stock (Equity)	3,0	99,422	3	,099,422		-0-		-0-		
Mutual Funds – Equity	13,1	24,744		-0-	13,1	24,744		-0-		
Real Estate Fund	3,0	22,628		-0-		-0-	3,0	22,628		
Total investments by fair value	<u>\$ 25,2</u>	19,868	<u>\$ 3</u>	,578,854	<u>\$ 18,6</u>	<u>18,386</u>	<u>\$ 3,0</u>	22,628		

Money market accounts and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Real estate funds are classified as level 3 as the valuation is determined using significant unobservable inputs, including discounted cash flow, direct capitalization sales approach, cash equivalency and par value.

NOTE H - OTHER POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN

<u>Plan Description</u> – The District has established a single employer post-employment health plan. A stand-alone report is not issued. The District provides optional health, dental and vision insurance to retirees, their spouses, and their dependents. The plan requires retirees to contribute an amount based on the average cost of providing the benefit to the covered group. For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust.

NOTE H - OTHER POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN - CONTINUED

Employees Covered by Benefit Terms. At September 30, 2022, the following employees were covered by the benefit terms:

Plan membership at September 30, 2022 (date of actuarial valuation):

Inactive plan members or beneficiaries currently receiving benefits	6
Inactive plan members entitled to but not yet receiving benefits	0
Active plan members	<u>62</u>
Total	68

Actuarial Assumptions

The measurement date is September 30, 2022. The measurement and reporting period for the OPEB expense was October 1, 2021 to September 30, 2022.

Note - The Total OPEB Liability was measured as of September 30, 2022 using a discount rate of 2.80%.

The actuarial valuation was performed utilizing the Alternative Measurement Method for small plans.

The Total OPEB Liability was determined by an actuarial valuation as of September 30, 2022, using the following actuarial assumptions:

Inflation	2.50%
Salary Increases	3.85%
Discount Rate	2.80%
Initial Trend Rate – Medical	4.70%
Ultimate Trend Rate - Medical	4.20%
Initial Trend Rate – Pharmacy	5.20%
Ultimate Trend Rate – Pharmacy	4.20%
Initial Trend Rate - Dental and Vision	3.50% and 3.00%
Ultimate Trend Rate - Dental and Vision	3.00% and 3.00%

Mortality

Pub-2010 Public Retirement Plans Mortality Tables, with mortality improvement projected for 10 years.

Discount Rate

Given the District's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 2.80%. The high-quality municipal bond rate was based on the week closest but not later than the measurement date of the Bond Buyer 20-Bond Index as published by the Federal Reserve.

NOTE H - OTHER POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN - CONTINUED

OPEB Expense

For the year ended September 30, 2022, the District recognized OPEB Expense of (\$304,914).

Change in Total OPEB Liability

Increases and (Decreases) in Total OPEB Liability
\$ 2,133,210
70,200
37,458
(41,908)
(370,664)
(304,914)
<u>\$ 1,828,296</u>

Changes in assumptions reflect a change in the discount rate from 1.70% for the reporting period ended September 30, 2021 to 2.80% for the reporting period ended September 30, 2022.

Sensitivity of the Total OPEB Liability to changes in the Discount Rate

The following presents the Total OPEB Liability of the District, as well as what the District's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

		Current	
	1% Decrease	Discount Rate	1% Increase
	1.80%	2.80%	3.80%
Total OPEB Liability (Asset)	\$ 2,161,813	\$ 1,828,296	\$ 1,569,037

Sensitivity of the Total OPEB Liability to changes in the Healthcare Cost Trend Rates

The following presents the Total OPEB Liability of the District, as well as what the District's Total OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

		Healthcare Cost								
	1% Decrease	1% Decrease Trend Rates								
	Trend Rates	3.00% - 5.20%	Trend Rates							
Total OPEB Liability (Asset)	\$ 1,599,488	\$ 1,828,296	\$ 2,115,292							

NOTE I – <u>CONCENTRATIONS OF LABOR SUBJECT TO COLLECTIVE BARGAINING AGREEMENT</u>

The District's professional Firefighters, engineers and captains, which represent a significant portion of the District's employees, are represented by a Union.

NOTE J – <u>RISK MANAGEMENT</u>

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There has been no significant decrease in coverage from the prior year. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

NORTH RIVER FIRE DISTRICT NOTES TO SCHEDULE OF CHANGES IN NET PENSION LIABILITY

Notes to schedule of changes in net pension liability:

The covered Employee Payroll numbers are shown are in compliance with GASB No. 82, except for the September 30, 2015 measurement period, which includes DROP payroll.

Changes in assumptions:

For measurement date 9/30/2022, amount reported as changes of benefit terms resulted from Ordinance No. 37, adopted February 17, 2022, and effective October 1, 2021, which amended the definition of salary to include 70 hours of overtime compensation per member each fiscal year.

For measurement date 9/30/20, as mandated by Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the rates used in the July 1, 2019 actuarial valuation for special risk lives. Additionally, the investment return assumption was lowered from 7.50% to 7.40%.

For measurement date 9/30/19, amounts reported as changes of benefit terms resulted from the provisions of Chapter 112.1816, Florida Statutes. Amounts reported as changes in assumptions were based on an actual experience study dated 8/31/18 and the Board made the following changes: Reduced interest rate to 7.50%; modified salary increases to use service based table; updated retirement, termination and disability rates.

For measurement date 9/30/16, as a result of Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the assumptions used by the Florida Retirement System for special risk employees. The inflation assumption rate was lowered from 3.00% to 2.50%, matching the long-term inflation assumption utilized by the Plan's investment consultant.

ACTUARIAL METHODS AND ASSUMPTIONS

Valuation Date:

10/01/20

Actuarially determined contribution rates are calculated October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used	to determine contribution rates:
Funding Method:	Entry Age Normal Actuarial Cost Method.
Amortization Method:	Level Percentage of Pay, Closed.
Asset Valuation Method:	Assets valued at market value with an adjustment to
	uniformly spread actuarial investment gains and losses over a
	four-year period.
Salary Increases:	Service based.
Interest Rate:	7.40% per year compounded annually, net of investment related expenses.
Payroll Growth:	0% for purposes of amortizing the Unfunded Actuarial
	Accrued Liability.
Retirement Age:	Earlier of 1.) Age 55 and the completion of 5 years of service or 2.) the completion of 25 years of service, regardless of age. Also, any member who has reached Normal Retirement is assumed to continue employment for one additional year.
Early Retirement:	Commencing at eligibility for Early Retirement (age 50 with 10 years of service), members are assumed to retire with an immediate benefit at the rate of 3% per year.
Disability:	90% of Disability Retirement and Active
	Member deaths are assumed to be Line-of-Duty related.
Mortality:	All rates are projected generationally with Mortality
	Improvement Scale MP-2018.

NORTH RIVER FIRE DISTRICT OTHER INFORMATION SCHEDULE OF FIRE ASSESSMENT RATES

Commercial/Industrial with Non-Required Sprinkler Systems

The base and square footage assessment for commercial and industrial buildings and structures that are protected by a total, non-required, compliant sprinkler system shall receive a 25% improved hazard rating. The following buildings and structures granted this incentive based on NFPA 101/Life Safety Code and Local Ordinance 31. The base assessment shall be \$275.71 for the first 1000 square feet on a parcel. The schedule for all square footage above 1000 square feet shall be assessed per square foot based on the use code assigned; however, the district may grant an improved hazard rating to all or part of the building or structure if equipped with complete internal fire suppression facilities.

Leasehold Interest, Government Owned (9000 & 9002) with or without buildings and structures are **not exempt** and shall be assessed according to the proper category of residential, commercial/industrial, or acreage/agriculture.

Acreage/Agricultural: Per acre with total not to exceed \$1836.32 - (184 acres max) on any one parcel. Un-subdivided Acreage 0008, 0010, 0725, 0730, 1000, 1004, 1033, 1040, 1041, 3800, 4000, 5000, 5100, 5350, 5600, 6000, 6600, 6610, 6700, 6900, 7000, 8901, 9002, 9600, 9700, 9900, 9908 & 9909 Per Acre Un-subdivided Acreage with improvements 1001, 1233, 1240, 5010, 5020, 5030, 5040, 9901 & 9902 Per Acre	9.98

OTHER REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners North River Fire District Manatee County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of North River Fire District, Florida (District) as of and for the year ended September 30, 2022 and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 1, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

BRADENTON SARASOTA TAMPA 1001 3rd Avenue West, Suite 700 1515 Ringling Boulevard, Suite 900 101 East Kennedy Boulevard, Suite 1460 Bradenton, FL 34205 Sarasota, FL 34236 Tampa, FL 33602 ph 941.748.1040 ph 941.954.4040 ph 813.490.4490

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether North River Fire District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Commissioners North River Fire District Manatee County, Florida

Report on Financial Statements

We have audited the financial statements of North River Fire District, (the District) as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated March 1, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 1, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Financial Condition and Management

Section 10.554(1)(i)5.a., and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not North River Fire District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the North River Fire District, was not in a state of financial emergency and as a result, did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

BRADENTON SARASOTA TAMPA 1001 3rd Avenue West, Suite 700 1515 Ringling Boulevard, Suite 900 101 East Kennedy Boulevard, Suite 1460 Bradenton, FL 34205 Sarasota, FL 34236 Tampa, FL 33602 ph 941.748.1040 ph 941.954.4040 ph 813.490.4490 Pursuant to Sections 10.554(1)(i)5.b and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the North River Fire District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information for an Independent Special District

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the District reported:

- a. The total number of District employees compensated in the last pay period of the District's fiscal year was 64.
- b. The total number of independent contractors to whom non-employee compensation was paid in the last month of the District's fiscal year was 0, as there were none.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency was \$5,158,747.
- d. All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency was \$0, as there were none.
- e. Each construction project with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project was \$0, as there were none.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes. The budget variance schedule is presented on page 40.

Specific Information for an Independent Special District that Imposes Non-Ad Valorem Special Assessments

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the District reported:

- a. The rate or rates of non-ad valorem special assessments imposed by the District are presented on pages 46 through 48.
- b. The total amount of special assessments collected by or on behalf of the District was \$10,343,027.
- c. There were no bonds issued by the District, and as such the outstanding amount is \$0, and there were no terms.

Additional Matters

Section 10.544(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON INVESTMENT COMPLIANCE

Board of Commissioners North River Fire District Manatee County, Florida

We have examined the North River Fire District's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2022. Management is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied in all material respects, with the aforementioned compliance requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of the District and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
