INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors,
Walkers Green Community Development District:

Opinions

We have audited the financial statements of the governmental activities and each major fund of the Walkers Green Community Development District (the District), as of and for the year ended September 30, 2022 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2022, and the respective changes in financial position and the respective budgetary comparison for the general and special revenue fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 19, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Daytona Beach, Florida

Walkers Green Community Development District Management's Discussion and Analysis

As management of the Walkers Green Community Development District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended September 30, 2022.

Financial Highlights

- The assets of the Walkers Green Community Development District exceeded its liabilities at the close of the 2022 fiscal year by \$22,235 (net position), all of which is unrestricted.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). The governmental activities of the District include general government. The government-wide financial statements can be found on pages 9-10 of this report.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are governmental funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing

so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains one individual governmental funds, the General Fund. The General Fund is reported as a major fund.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the major funds.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 11-14 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 15-19 of this report.

Government-wide Financial Analysis

The following is a summary of the District’s governmental activities net position for each of the past two years:

	<u>2022</u>	<u>2021</u>	<u>Change</u>
ASSETS			
Current and other assets	\$ 22,934	\$ 6,298	\$ 16,636
Total assets	<u>\$ 22,934</u>	<u>\$ 6,298</u>	<u>\$ 16,636</u>
LIABILITIES			
Current liabilities	\$ 699	\$ 2,466	\$ (1,767)
Total liabilities	<u>\$ 699</u>	<u>\$ 2,466</u>	<u>\$ (1,767)</u>
NET POSITION			
Unrestricted	\$ 22,235	\$ 3,832	\$ 18,403
Total net position	<u>\$ 22,235</u>	<u>\$ 3,832</u>	<u>\$ 18,403</u>

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$22,235 at the close of the 2022 fiscal year. The full amount of the District's net position, \$22,235, reflects its unrestricted funds at year-end.

The following is a summary of the changes in the District's governmental activities net position for each of the past two years:

	<u>2022</u>	<u>2021</u>	<u>Change</u>
Revenues:			
Program revenues:			
Grants and contributions	\$ 75,000	\$ 50,862	\$ 24,138
Total revenues	<u>\$ 75,000</u>	<u>\$ 50,862</u>	<u>\$ 24,138</u>
Expenses:			
General government	\$ 56,597	\$ 44,084	\$ 12,513
Total expenses	<u>\$ 56,597</u>	<u>\$ 44,084</u>	<u>\$ 12,513</u>
Change in net position	\$ 18,403	\$ 6,778	\$ 11,625
Net position, beginning	6,778	-	6,778
Net position, ending	<u>\$ 25,181</u>	<u>\$ 6,778</u>	<u>\$ 18,403</u>

Governmental activities

Governmental activities increased the District's net position by \$18,403. This amount is primarily attributable to the District being in the first year of operations.

- The District's total revenues related to governmental activities increased by approximately \$24,000 from the prior year of \$51,000. The factor that contributed to an increase in revenues are an increase in developer contributions as the District began full operations in 2022.
- Expenses related to governmental activities increased by approximately \$13,000 from the prior year. This is related to an increase across all activity as the District began full operations in 2022.

Governmental funds

As of the end of the fiscal year 2022, the District's governmental funds reported combined ending fund balances of \$22,235, an increase of approximately \$18,403 in comparison with the prior year.

Capital Asset and Debt Administration

The District did not have any capital assets or long-term liabilities for the current or prior years.

Other Factors

Walkers Green Community Development District is an independent special district that operates under the provisions of Chapter 190, Florida Statutes. The District operates under an elected Board of Supervisors, which establishes policy and sets assessment rates. Budgeted developer contributions and user fee revenues for fiscal year 2022 were established to provide for the operations of the district as well as the necessary debt service requirements.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Walkers Green Community Development District's management company at 3501 Quadrangle Blvd Suite 270, Orlando, Florida 32817.

**WALKERS GREEN COMMUNITY DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

(1) Summary of Significant Accounting Policies:

The financial statements of the Walkers Green Community Development District (the District), have been prepared in conformance with accounting principles generally accepted in the United States of America as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted body for promulgating governmental accounting and financial reporting principles and the District has adopted the GASB Codification. The following is a summary of the District's significant accounting policies:

(a) **Reporting entity**—The Walkers Green Community Development District (the “District”) was established on September 9, 2020 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, by the District of Daytona Beach. The Act provides, among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure

The District was established for the purposes of financing and managing the acquisition, construction, maintenance, and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by a Board of Supervisors (the Board), which is comprised of five members. The Supervisors are elected on an at-large basis by the owners of the property within the District. The Board exercises all powers granted to the District pursuant to Chapter 190, Florida Statutes. Certain Board members are affiliated with Masroc Land, L.P. (the Developer).

The Board has the final responsibility for allocating and levying assessments, approving budgets, exercising control over facilities and properties, controlling the use of funds generated by the District, approving the hiring and firing of key personnel, financing improvements, and other key matters of the District.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include or exclude a potential component unit in the reporting entity was made by applying the criteria set forth by Generally Accepted Accounting Principles (GAAP) as defined by the Governmental Accounting Standards Board (GASB). Based on the foregoing criteria, no potential component units were found.

(b) **Government-wide and fund financial statements**—The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report aggregated information for the overall government for all of the activities of the primary government. These statements do not report fiduciary funds or fiduciary component units such as retirement trust funds. Those activities are reported only in fund financial statements. The effect of interfund activity has been removed from these statements.

Governmental activities, which normally are supported by assessments, are reported separately from business-type activities, which are financed wholly or partially by fees charged to external parties for goods or services and are reported in enterprise funds. However, at September 30, 2022, the District did not have any significant business-type activities. Therefore, no business-type activities are reported.

**WALKERS GREEN COMMUNITY DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

(1) **Summary of Significant Accounting Policies:** (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect costs are included in the program expense reported for individual functions and activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Assessments and other items not properly included as program revenues (i.e., charges to customers or applicants who purchase, use, or directly benefit from goods or services) are reported as general revenues.

Separate financial statements are provided for each governmental fund. Major individual governmental funds are reported as separate columns in the fund financial statements.

(c) **Measurement focus, basis of accounting, and financial statement presentation**—The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for grant revenues which are considered earned when expenditures are incurred. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Developer contributions, user fee revenue, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District. Certain grant funds have been received in advance and are considered unearned revenue until such time as they are expended as part of the infrastructure construction project.

The District reports the following major governmental fund:

General Fund—The General Fund is the principal fund of the District which accounts for all financial transactions not accounted for in other funds. The majority of current operating expenditures of the District are financed through revenues received by the General Fund.

As a general rule, the effect of the District's interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments (when applicable). Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

WALKERS GREEN COMMUNITY DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(d) **Budgets and budgetary accounting**—The District is required to establish a budgetary system and an approved annual budget. Annual budgets are legally adopted on a basis consistent with GAAP for the General Fund. Any revision to the budget must be approved by the Board. The budgets are compared to actual expenditures. In instances where budgeted appropriations and estimated revenues have been revised during the year, budget data presented in the financial statements represent final authorization amounts. The legal level of control is at the fund level.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- 2) A public hearing is conducted to obtain comments.
- 3) Prior to October 1, the budget is legally adopted by the District Board.
- 4) All budget changes must be approved by the District Board.
- 5) Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

(e) **Deposits and investments**—The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

(f) **Fund equity**—In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Those classifications are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation (i.e., when the government assesses, levies, charges, or otherwise mandates payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation

Committed – Fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by ordinance of the District Board are reported as committed fund balance.

Assigned – Fund balance amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed, are reported as assigned fund balance, except for stabilization arrangements.

Unassigned – Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

**WALKERS GREEN COMMUNITY DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

(1) **Summary of Significant Accounting Policies:** (Continued)

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, or unassigned resources are available for use in the governmental fund financial statements, it is the government's policy to use committed resources first, followed by assigned resources, then unassigned resources as needed.

(g) **Net position flow assumption**—Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to determine amounts reported as restricted and unrestricted net position, it is the District's policy to consider restricted net position to have been used before unrestricted net position is applied.

(h) **Impact fees**—The District has not adopted any ordinances or resolutions to levy impact fees in accordance with Section 163.31801, Florida Statutes.

(i) **Use of estimates**—Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates assumed in preparing the financial statements.

(2) **Reconciliation of Government-Wide and Fund Financial Statements:**

(a) **Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position**—Following the governmental fund balance sheet is a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. A detailed explanation of these differences is provided in this reconciliation.

(b) **Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities**—Following the governmental fund statement of revenues, expenditures, and changes in fund balances, there is a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. A detailed explanation of these differences is provided in this reconciliation.

(3) **Deposits and Investments:**

The District's cash and cash equivalents consist of legally authorized demand deposits in accordance with Section 218.415, Florida Statutes. The institutions in which these deposits are kept are certified as Qualified Public Depositories under the Florida Public Deposits Act. Therefore, in addition to applicable Federal Depository Insurance Corporation (FDIC) insurance, these balances on deposit at September 30, 2022, are insured or collateralized through the Bureau of Collateral Management, Florida Department of Financial Services. The District was exposed to no significant custodial credit or other risk related to its cash and investment activities.

(4) **Risk Management:**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters, all of which is satisfactorily insured by limited risk, high deductible commercial general liability insurance. Commercial insurance policies are also obtained for other risks of loss, including employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

**WALKERS GREEN COMMUNITY DEVELOPMENT DISTRICT
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

(5) Management Company:

The District has contracted with a management company to perform management advisory services, which include financial and accounting advisory services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs. For the period ended September 30, 2022, the District paid the management company \$25,000 and had a payable to the management company for \$3 at year end.

(6) Related Party Transactions:

The Developer contributed \$75,000 during the year for operations and maintenance costs in connection with an agreement to fund certain expenditures as they are incurred. Approximately \$- is due from the Developer at September 30, 2022.

A significant portion of the District's activity is dependent upon the continued involvement of the Developer, Masroc Land, L.P., the loss of which could have a material adverse effect on the District's operations.

(7) Interlocal Agreement:

In 2016, the District entered into agreements with the City of Daytona Beach (the City) and Volusia County (the County) to received funding for the construction, operation, and maintenance of a phased high quality, mixed-use retail and entertainment development to be known as "Walkers Green." Estimated construction costs for the development total \$16,328,486. There has been no construction or issuance of debt in relation to the agreement as of yearend.

OTHER REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors,
Walkers Green Community Development District:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Walkers Green Community Development District (the District), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated May 19, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

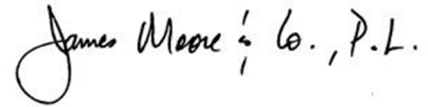

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED
BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA
OFFICE OF THE AUDITOR GENERAL**

To the Board of Supervisors,
Walkers Green Community Development District:

Report on the Financial Statements

We have audited the basic financial statements of Walkers Green Community Development District (the District), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated May 19, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, and Chapter 10.550, Rules of the State of Florida Office of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated May 19, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no such findings and recommendations.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority for the primary government of the reporting entity is disclosed in Note 1 of the basic financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the District, did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Special District Information – Walkers Green Community Development District

The following items have been provided to us to comply with state reporting requirements and have not been audited by us. We did not audit the following information within this section, nor were we required to perform any procedures to verify the accuracy or the completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on this data.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Walkers Green Community Development District reported the following unaudited data:

- a) The total number of district employees compensated in the last pay period of the district's fiscal year: 0.
- b) The total number of independent contractors to whom nonemployee compensation was paid in the last month of the district's fiscal year: 3.
- c) All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency: \$0.
- d) All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency: \$29,998.
- e) Each construction project with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:
 - a. No such projects noted.
- f) A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as follows: there were no amendments between the original and final total district expenditure budget.

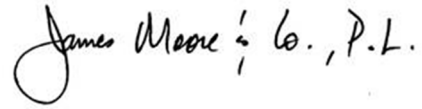

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, District Board, management, others within the District, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' EXAMINATION REPORT

To the Board of Supervisors,
Walkers Green Community Development District:

We have examined the Walkers Green Community Development District's (the District) compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies* (the Statute), for the year ended September 30, 2022. Management is responsible for the District's compliance with those requirements. Our responsibility is to obtain reasonable assurance by evaluating the District's investment policies against the Statute to determine the District's compliance and performing other procedures to obtain sufficient appropriate audit evidence to express an opinion that conveys the results of our evaluation based on our examination.

Our examination was conducted in accordance with attestation standards for a direct examination established by the American Institute of Certified Public Accountants. Those standards require that we obtain reasonable assurance by evaluating the District's investment policies against the Statute and performing procedures to obtain sufficient appropriate evidence to express an opinion that conveys the result of our measurement or evaluation of the District's compliance for the year ended September 30, 2022. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks of material noncompliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our examination engagement.

In our opinion, the District complied with the aforementioned requirements for the year ended September 30, 2022, in all material respects.
