INDEPENDENT AUDITOR'S REPORT

**Board of Commissioners
West Manatee Fire & Rescue District
Manatee County, Florida**

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of West Manatee Fire & Rescue District (the District), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of September 30, 2022, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1 to the financial statements, in 2022 the District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Governmental Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and OPEB schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included with the basic financial statements. The other information comprises the impact fee affidavit, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 30, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

West Manatee Fire & Rescue District

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of West Manatee Fire & Rescue District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended September 30, 2022. Readers should consider the information presented here in conjunction with the basic financial statements.

Financial Highlights

- The assets and deferred outflows of the District exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$7,104,088 (*net position*).
- The District's total net position decreased by \$2,717,690.
- As of the close of the current fiscal year, the District's governmental fund reported ending fund balances of \$4,867,672, a decrease of \$297,300 in comparison with the prior year. Of this total amount, \$106,437 is unassigned fund balance. \$4,620,000 is assigned for specific purposes and \$141,235 is restricted.
- The District's paid off its remaining note payable balance of \$858,288 during the year. The District also had other long-term liabilities of \$766,505 in compensated absences, \$5,232,893 in OPEB liability, and net pension liability in the amount of \$2,571,955.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to West Manatee Fire & Rescue District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets and deferred outflows, less its liabilities and deferred inflows, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by fire assessments (non-advalorem taxes), impact fees and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The District is engaged in only governmental activities.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has governmental funds and fiduciary funds.

Governmental funds. Governmental funds focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using the modified accrual method of accounting and the current financial resources focus. As a result long-term assets and liabilities are not included. The District uses a General fund. The General Fund is the general operating fund. All general tax revenues are accounted for in this fund. From this fund all general operating expenditures, budgeted capital expenditures and debt service costs are paid.

A reconciliation to facilitate the comparison between the governmental fund financial statements and the government-wide financial statements is presented.

The District adopts an annual budget for its general fund. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 12 to 15 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government and follow the accrual method of accounting. The District's sole fiduciary fund is a pension trust fund used to account for the Chapter 175 defined benefit pension fund. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the West Manatee Fire & Rescue District's own programs.

The basic fiduciary fund financial statements can be found on pages 16-17 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 18 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of West Manatee Fire & Rescue District, assets and deferred outflows exceeded liabilities and deferred inflows by \$7,104,088 at the close of the most recent fiscal year.

A large portion of the District's net position \$8,153,995 reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide fire protection and emergency services to citizens within the boundaries of the District; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The District also had significant assets in cash and investments at year-end.

The following table presents a condensed statement of net position as of September 30, 2022 with comparative totals for September 30, 2021.

	Net Position	
	<u>Governmental Activities</u>	
	<u>2022</u>	<u>2021</u>
Current and other assets	\$ 7,683,271	\$ 5,225,359
Net pension asset	-	4,000,900
Capital assets	<u>8,153,995</u>	<u>8,592,136</u>
Total assets	<u>15,837,266</u>	<u>17,818,395</u>
Deferred outflows of pensions resources	4,328,483	965,214
Long-term liabilities outstanding	8,571,353	4,247,595
Other liabilities	<u>163,999</u>	<u>60,387</u>
Total liabilities	8,735,352	4,307,982
Deferred inflows of pension earnings	1,761,089	4,653,849
Deferred inflows - lease related inflows of resources	2,565,220	-0-
Net position:		
Net investment in capital assets	8,153,995	7,733,848
Restricted	141,235	246,920
Unrestricted	<u>(1,191,142)</u>	<u>1,841,010</u>
Total net position	<u>\$ 7,104,088</u>	<u>\$ 9,821,778</u>

An additional portion of the District's net position, \$141,235, represents resources from impact fees reserves that are subject to external restrictions on how they may be used.

The District's net position decreased by \$2,717,690 during the current fiscal year.

The following table provides a summary of the District's operations for the year ended September 30, 2022 with comparative totals for the year ended September 30, 2021.

Changes in Net Position

	Governmental Activities	
	2022	2021
Revenues:		
Program revenues:		
Charges for services	\$ 106,487	\$ 112,762
Operating grants	6,000	17,130
General revenues:		
Fire assessments	7,955,191	7,597,321
Investment income	23,787	14,640
Impact fees	120,353	83,196
Other	108,430	87,902
Total revenues	8,320,248	7,912,951
Expenses:		
Fire protection services	10,467,780	5,815,637
Depreciation	557,178	557,142
Interest on long-term debt	12,980	24,616
Total expenses	11,037,938	6,397,395
(Decrease) Increase in net position	(2,717,690)	1,515,556
Net Position – Beginning	9,821,778	8,306,222
Net Position – Ending	\$ 7,104,088	\$ 9,821,778

- Fire assessment taxes increased by \$357,870 during the year. Investment income increased due to more cash on hand and rates earned. Other income increased due to the increase of reimbursements in the current year. Total fire protection service expense increased by \$4,652,143, mainly due to changes in pension and OPEB expense based on actuarial valuations.

Financial Analysis of the District's Funds

The District utilizes Governmental Funds, which includes the General Fund and Fiduciary Funds, which includes Pension Funds.

Governmental funds. The focus of the District's *governmental fund* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental fund reported ending fund balances of \$4,867,672, a decrease of \$297,300 in comparison with the prior year. Of this total \$141,235 are restricted for impact fees, and \$4,620,000 is assigned by the District to fund future expenditures as identified in Note A (11). The remaining amount of \$106,437 is unassigned funds. Unassigned fund balance represents 1% of annual general fund expenditures.

The fund balance of the District's general fund decreased by \$297,300 during the current fiscal year. Significant current year activity included:

- An increase in the amount of fire assessments revenues of \$357,870. Operating grants decreased by \$11,130 as less was received related to FEMA reimbursements in the current year. Interest income increased due to more cash on hand and rates.
- Expenditures in the general fund decreased by \$312,773. Personnel costs increased \$528,173, operating expenditures increased by \$118,746, capital outlay decreased by \$1,604,811, and debt service costs increased by \$645,119.

General Fund Budgetary Highlights

Original budgeted revenues, including other financing sources, were \$8,142,537, amended to \$8,283,037. Original budgeted expenditures were \$8,222,287 and were amended to \$9,007,906. Actual revenues exceeded budgeted revenues by \$37,211. During the year, the General Fund budget was amended to increase debt service costs. Actual expenditures were less than budgeted expenditures by \$390,358, mainly due to less personal services, operating expenditures and capital outlay than anticipated.

Fiduciary Fund

The District's Pension Trust Fund presents a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position on pages 16 and 17. These activities are excluded from the District's government wide financial statements because the District cannot use these assets to finance its operations.

The District's Pension Trust Fund reported fiduciary net position of \$23,839,558. The fiduciary fund had contributions of \$1,511,018, net investment losses of \$4,737,881, and benefit payments and expenses of \$246,977. This Pension Trust Fund includes only firefighters hired after January 1, 1996. Other firefighters are included in the State of Florida Retirement System.

Capital Assets

The District's investment in capital assets amounts to \$8,153,995 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, and machinery and equipment. The District's investment in capital assets for the current fiscal year decreased by \$438,141; this was comprised of \$119,037 of capital additions and \$557,178 of depreciation. Significant additions included new alarm systems for the stations.

Capital Assets

	<u>Governmental Activities</u>	
	<u>2022</u>	<u>2021</u>
Land	\$ 960,347	\$ 960,347
Building and Improvements	5,707,616	5,818,375
Machinery and equipment	<u>1,486,032</u>	<u>1,813,414</u>
Total (net of depreciation)	<u>\$ 8,153,995</u>	<u>\$ 8,592,136</u>

See note C of this report for additional information on the District's capital assets.

Long-Term Liabilities

At the end of the current fiscal year, the District had paid off the remaining note payable balance of \$858,288. The District also records a long-term liability for compensated absences of \$766,505, OPEB liability of \$5,232,893, and net pension liability of \$2,571,955.

Economic Factors and Next Year's Budgets and Rates

The District's non-ad valorem assessment rates are limited to increases by F.S. 191.009(2). This revenue limitation is based on the average annual rate of personal income growth in Florida over the previous five years. The District has determined the average annual growth rate in Florida should be determined by using growth rate data provided by the United States Department of Commerce's Bureau of Economic Analysis ("BEA"). While the BEA personal income growth average was calculated at 6.78%, the District increased the assessment on the residential and commercial parcels by 4% for fiscal year 2022-2023.

The increased revenue from the fire protection assessment on all properties will be utilized to offset increased operational costs.

All of these factors will be considered in preparing the District's future budgets.

Requests for Information

This financial report is designed to provide a general overview of the West Manatee Fire & Rescue District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the District at, West Manatee Fire & Rescue District, 701 63rd St. W., Bradenton, Florida 34209.

FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances – governmental fund	\$ (297,300)
--	--------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeds capital additions.	(438,141)
---	-----------

The repayment of the principal of long-term debt consumes the current financial resources of governmental funds. However, the transaction has no effect on change in net position.	858,288
--	---------

Revenues in the statement of activities that do not provide current financial resources as they do not meet the availability criteria are not reported as revenues in the governmental funds.	
Change in lease interest receivable	78,270
Change in lease receivable	(53,827)
Change in deferred inflows – lease liability	61,937

Some expenditures in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the general fund. This represents the current year change in:	
Compensated absences	(25,715)
OPEB liabilities	(2,797,233)
Net pension liability	(2,359,098)
Deferred outflows of pension resources	3,363,269
Deferred inflows of pension earnings	(1,108,140)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ (2,717,690)</u>

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed by West Manatee Fire & Rescue District, Manatee County, Florida:

- (1) Reporting Entity – West Manatee Fire & Rescue District is a public municipal corporation in the State of Florida created in 2000 under of the Laws of Florida (Chapter 2000–401) (the Law). This act merged two predecessor Districts: The Anna Maria Fire Control District and the Westside Fire Control District. All of the assets and liabilities of the previous two Districts were transferred into the West Manatee Fire and Rescue District on the effective date of the act May 31, 2000.

Revenue is provided for in the Law by special assessments against taxable real estate lying within the territorial bounds of the District as defined by the State of Florida. Disbursements are made for maintenance and upkeep of the fire stations, purchase of fire fighting and rescue equipment, payment of wages, employee benefits, and administrative expenses.

The State of Florida passed Legislation, which took effect in 1985, which provides for the District to collect impact fees to defray the cost of improvements required to provide fire and emergency service to the new users of the District. The impact fees collected are to be used exclusively for the acquisition, purchase or construction of new facilities and equipment required to provide these services to the new users in the District.

- (2) Basis of Presentation –The District’s basic financial statements includes Government-wide (which reports the District as a whole) and Fund financial statements (which report only on the General and Fiduciary Funds). The Basic Financial Statements present only governmental activities, as the District conducts no business type activities.

Basis of Accounting: Basic Financial Statements – Government Wide Statements– The Government-Wide Financial Statements (Statement of Net Position and Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting. These statements exclude the District’s fiduciary activities (pension trust fund.) For the most part, interfund activity has been removed from these statements. The District’s net position is reported in three parts (as applicable): Net investment in capital assets; restricted net position, and unrestricted net position. The statement of activities reports direct program expenses offset by program revenues. The amounts reported as program revenues include charges for services, as well as operating and capital grants as applicable. General revenues include taxes and other items not properly included as program revenue.

Basic Financial Statements – Fund Financial Statements – The District’s accounts are organized on the basis of funds, which are self-balancing set of accounts that comprise its assets, liabilities, reserves, fund balance, revenues and expenditures. The District utilizes governmental funds, which follow the modified accrual basis of accounting. Under this method, revenues are recorded when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(2) Basis of Presentation – Continued

end of the current fiscal period. Expenditures are generally recorded when a fund liability is incurred. The District also uses a pension trust fund. The District reports the following funds, which are major funds:

Governmental Funds

General Fund – The General Fund is the general operating fund of the District. All general tax revenues are accounted for in this fund. From the fund are paid the general operating expenditures, budgeted capital expenditures and debt service costs. Impact fees collected on new construction are also accounted for in this fund. These revenues can only be used for the acquisition, construction or purchase of assets required to provide fire protection and emergency services to new construction.

Fiduciary Funds

Pension Trust Fund – Pension trust funds are accounted for on the accrual basis since capital maintenance is critical. Employer and participant contributions are recognized in the period in which the contributions are due. Retirement benefits and refunds are recognized when due and payable in accordance with the plan. The pension trust fund is used to account for a defined benefit pension plan established for employees hired on or after January 1, 1996.

- (3) Budgets and Budgetary Accounting – The District prepares an annual operating budget for the fiscal year commencing October 1. Prior to September 1 of each year, the District's Fire Chief prepares a proposed budget for the upcoming fiscal year. The budget is based on an analysis of prior year actual revenues and expenditures along with anticipated spending and revenue sources. Budgetary control is exercised on the total expenditure level. Appropriations lapse at the end of the year. The pension trust fund is not budgeted. Once the proposed budget is compiled, it is brought before the Board of Commissioners for approval.
- (4) Compensated Absences – It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured or are payable from current financial resources. Compensated absences are liquidated out of the General Fund.
- (5) Capital Assets – Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of longer than one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal repair and maintenance that do not add to the value of the asset or

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(5) Capital Assets – Continued

extend the useful life of the asset are expensed as incurred. The District does not have infrastructure assets. Property, plant and equipment of the District are depreciated on a straight-line basis over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Building	40
Improvements	20
Ladder trucks	20
Fire engines	10
Vehicles	5-7
Furniture, fixtures and equipment	5-15

(6) Long-Term Obligations - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. In the fund financial statements, no long-term obligations are reported as they are not due to be paid from current financial resources.

(7) Deferred Outflows/Inflows of Resources - In addition to assets, the statement of net position includes a separate section for deferred outflows. This represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. One item qualified for reporting in this category. A deferred outflow of pension resources is reflected in the government-wide statement of net position.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. A deferred inflow of pension earnings and a lease related inflow of resources which will be recognized as a lease revenue in future years are reported in the government-wide statement of net position

(8) Property Taxes - Property taxes become due and payable on November 1 of each year. The county tax collector remits the District's portion as such revenues are received. The District collects nearly all of its tax revenues during the period November 1 through April 1, at which time the taxes become delinquent. The maximum rates of tax are set by the Legislature of the State of Florida. The actual amount assessed is determined by the Board of Commissioners of the District.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(8) Property Taxes –Continued

The key dates in the property tax cycle are as follows:

Assessment roll validated	July 1
Beginning of fiscal year for which taxes have been levied	October 1
Tax bills rendered and due	November 1
Property taxes payable:	
Maximum discount	November 30
Delinquent	April 1
Tax certificates sold	May 31
Fiscal year ends	September 30

Property taxes are recognized as revenue in the fiscal year for which the taxes have been levied to the extent they result in current receivables. Under the system outlined above, no material amount of taxes is receivable after the end of the fiscal year.

- (9) Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (10) Net Position – Net position is reported in three parts as applicable: Net investment in capital assets; restricted and unrestricted. When both restricted and unrestricted resources are available, restricted resources are used first, and then unrestricted resources, as they are needed.
- (11) Fund Balance – The District follows Governmental Accounting Standards Board Statement No. 54 in reporting fund balance in the governmental fund. GASB 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, under GASB 54, are Nonspendable, and Spendable. Spendable is then further classified as Restricted, Committed, Assigned, and Unassigned, as applicable. These classifications reflect not only the nature of funds, but also provide clarity to the level of restrictions placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance.

In accordance with Governmental Accounting Standards Board Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District classified governmental fund balances as follows:

Nonspendable – includes amounts that cannot be spent either because they are not in a spendable form or because of legal or contractual requirements.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(11) Fund Balance – Continued

Spendable Fund Balance:

- Restricted – includes amounts that can be spent only for specific purposes because of state or federal laws or enabling legislation, or which are externally restricted by providers, such as creditors or grantors.
- Committed – includes amounts that can be spent only for specific purposes that are determined by a formal action of the Board of Commissioners through a resolution, or passage of the budget.
- Assigned – includes amounts designated by the Board of Commissioners by a majority vote that are intended to be used for specific purposes that are neither considered restricted or committed.
- Unassigned – includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The District does not have a formal minimum fund balance policy.

Spendable:

Restricted:	
Impact fees	\$ 141,235
Total restricted	141,235
Assigned:	
Contingency	4,000,000
Vehicle replacement	320,000
Emergency repair	50,000
Leave liability	125,000
Long term equipment replacement	50,000
Building maintenance replacement	50,000
Legislative Cancer Fund	25,000
Total assigned	4,620,000
Unassigned	106,437
Total Fund Balance	\$ 4,867,672

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

- (12) Change in Accounting Principle – Effective October 1, 2021, the District adopted new accounting guidance by implementing the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, Leases (GASB No. 87), which requires lessees recognize certain lease assets and liabilities for leases that previously were classified as operating leases based on the foundational principle that leases are financings of the right to use an underlying asset. Similarly, GASB No. 87 also requires lessors to recognize certain lease assets and deferred inflows of resources for leases meeting the same recognition principles. Accordingly, the District recognized a lease interest receivable, lease receivable and lease related–deferred inflow of resources in the statement of net position.

The implementation of this new standard required the initial recognition of a lease receivable of \$2,627,157 and lease related–deferred inflow of resources of \$2,627,157 as of October 1, 2021. The adoption of GASB No. 87 had no effect on net position or fund balance, as initially reported.

NOTE B – CASH AND INVESTMENTS

The District maintains two cash and investment pools. One pool is unrestricted funds and is available for use as determined by the annual budget. The other pool is restricted funds from impact fees. Investments are to be made in the following order of importance: Safety of Capital, Liquidity of Funds, and Investment Income.

Deposits and Investments

Chapter 95–194 created Section 218.415 of the Florida Statutes. In accordance with this statute, and the District’s investment policy, authorized investments are as follows:

- (a) The Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, like the Manatee County Investment Pool.
- (b) Securities and Exchange Commission registered Money Market Funds with the highest credit quality rating from a nationally recognized rating agency.
- (c) Interest bearing time deposits or savings accounts in state–certified Qualified Public Depositories as defined in Section 280.02, Florida Statutes.
- (d) Direct obligations of the U.S. Treasury.
- (e) Repurchase agreements

Cash accounts are with institutions that are Qualified Public Depositories and post collateral as required by State Law. All of the District’s cash deposits are entirely collateralized pursuant to Chapter 280 of the Florida Statutes.

Investments in the general fund consist of investments in Florida Cooperative Liquid Assets Securities System (FLCLASS), which is rated by S&P Global Ratings as AAAM. Investments in FLCLASS are recorded at fair value.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE B – CASH AND INVESTMENTS – CONTINUED

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The dollar weighted average days to maturity (WAM) of FLCLASS at September 30, 2022 is 26 days. Next interest rate reset dates of floating rate securities are used in the calculation of WAM. The weighted average life (WAL) of FLCLASS is 67 days.

NOTE C – LEASES

During 1998, the District entered into a cell tower lease agreement which allows the counterparty to rent space on the District's fire station. The agreement was revised effective August 13, 2015 and shall automatically be extended for eight (8) successive renewal terms through February 16, 2064, unless terminated pursuant to the lease agreement. During the year ended September 30, 2022, the District received annual rental payments in the amount of \$53,827. Under the agreement, the annual rental payments is increased 20% every five years. The next increase will commence in 2024.

Lease-related revenue recognized in the governmental activities for the year ended September 30, 2022 was as follows:

Lease revenue - Cell Tower	\$ 61,937
Interest revenue - Cell Tower	<u>78,270</u>
Total lease-related revenue	<u>\$ 140,207</u>

Expected future minimum reductions of the lease receivable are as follows:

<u>Year ending September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ -0-	\$ 53,827	\$ 53,827
2024	-0-	53,827	53,827
2025	-0-	64,593	64,593
2026	-0-	64,593	64,593
2027	-0-	64,593	64,593
2028 - 2032	-0-	361,719	361,719

Depreciation expense was included in the statement of activities in the amount of \$557,178.

NOTE E – LONG-TERM DEBT

During 2016, the District entered into a debt agreement with a financial institution for the construction of Station 1 in the amount of \$2,000,000. Principal and interest payments were due quarterly in the amount of \$56,537. The interest rate is 2.50% and the note was scheduled to mature September 30, 2025; however, the District paid the note in full during the fiscal year.

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One-Year</u>
Governmental Activities					
Note payable	\$ 858,288	\$ -0-	\$ 858,288	\$ -0-	\$ -0-

Governmental activity Long-term liabilities	<u>\$ 4,247,595</u>	<u>\$ 7,870,014</u>	<u>\$ 3,546,256</u>	<u>\$ 8,571,353</u>	<u>\$ -0-</u>

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE F – SICK LEAVE, VACATION PAY AND POST EMPLOYMENT HEALTH PLAN

District policy grants employees annual and sick leave and longevity pay in varying amounts. Accumulated sick leave benefits are payable at 50% upon retirement. Since the previous expenses are not expected to be liquidated with expendable financial resources, they have been recorded only in the government-wide financial statements.

The District adopted, on January 1, 2001, an Employer Participation Agreement for a Post-Employment Health Plan. The District makes annual contributions to the plan of 1% of base salary. The employee's individual balances will be used to purchase Post Employment Health costs until exhausted. \$73,570 was contributed to the plan for the year ended September 30, 2022.

NOTE G – RECONCILIATION OF GOVERNMENT – WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and government-wide statement of net position.

The reconciliation between the fund balance – governmental fund as reported in the governmental fund balance sheet and net position – governmental activities as reported in the statement of net position, is included on page 13 of the basic financial statements. One line of that reconciliation explains “long-term liabilities, including compensated absences, net pension liability and OPEB liability are not due and payable in the current period and therefore are not reported in the governmental funds.” The detail of the difference is shown below:

Compensated Absences	\$ 766,505
Net pension liability	2,571,955
OPEB liability	<u>5,232,893</u>
	<u>\$ 8,571,353</u>

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The reconciliation between the net changes in fund balances – governmental funds as reported in the statement of revenues, expenditures and changes in fund balances, and the change in net position as reported in the statement of activities is included on page 15 of the basic financial statements. One line in that reconciliation explains that “Governmental Funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of the difference is shown below:

Capital outlay included as additions	\$ 119,037
Depreciation expense	<u>(557,178)</u>
	<u>\$ (438,141)</u>

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS

FLORIDA RETIREMENT SYSTEM – (FRS)

Plan Participation

All full-time employees of the predecessor Districts prior to January 1, 1996, are covered by the State of Florida Retirement System, which is administered by the Florida Department of Management Services, Division of Retirement under the Authority of Article X, Section 14 of the State Constitution and Florida Statutes, Chapter 112 and 121. The system is a contributory, defined benefit, cost-sharing multiple-employer PERS (Public Employee Retirement System).

Plan Description

Employees (as noted above) of the District are provided with pensions through the Florida Retirement System which is administered by the Florida Department of Management Services, Division of Retirement. The State of Florida issues a publicly available comprehensive annual financial report that can be obtained at <http://www.myfloridacfo.com/transparency/state-financial-reports/FL-ACFR>.

Under this system, there are two defined benefit pension plans: The Florida Retirement System Pension Plan and the Retiree Health Insurance Subsidy Program:

- The Florida Retirement System (FRS) Pension Plan is a cost-sharing, multiple employer qualified defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes.
- The Retiree Health Insurance Subsidy Program (HIS) is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes.

Benefits Provided

The FRS provides retirees a lifetime pension benefit with joint and survivor payment options. Benefits under FRS are computed on the basis of age and/or years of service, average final compensation and service credit. Credit for each year of service is expressed as a percentage of the average final compensation.

Plan Provisions

If first employed prior to July 1, 2011: Normal retirement age for “regular” employees is 62 or 30 years of service and vesting occurs after 6 years of creditable service. Normal retirement age for “special risk” employees is 55 or 25 years of service and vesting occurs after 6 years of creditable service. The average final compensation is the average of the five highest fiscal years’ earnings.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

FLORIDA RETIREMENT SYSTEM (FRS) – Continued

If first employed on or after July 1, 2011: Normal retirement age for “regular” employees is 65 or 33 years of service and vesting occurs after 8 years of creditable service. Normal retirement age for “special risk” employees is 60 or 30 years of service and vesting occurs after 8 years of creditable service. The average final compensation is the average of the eight highest fiscal years’ earnings.

The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Under the HIS Plan, the benefit is a monthly payment to assist retirees in paying their health insurance costs. Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree must provide proof of eligible health insurance coverage, which can include Medicare.

Contributions Required and Made

Per Chapter 121, Florida Statutes, contribution requirements of the active employees and the participating employers are established and may be amended by the Florida Department of Management Services, Division of Retirement. Effective July 1, 2012, both employee and employers of the FRS are required to make contributions to establish service credit for work performed in a regularly established position. The Florida Legislature established a uniform contribution rate system for the FRS. The uniform rates are based on the class an employee is placed into which requires employees to contribute 3% and employers to contribute a specified percentage based on class. The District’s contractually required contribution rate for the year ended September 30, 2022, ranged from 10.82% – 11.91% for regular employees, 25.89% – 27.83% for special risk employees and 18.34% – 18.60% for employees in the DROP Program of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the District were \$28,814 for the year ended September 30, 2022.

The HIS Program is funded by required contributions of 1.66% and is included in the contribution rates noted above.

FLORIDA RETIREMENT SYSTEM (FRS) – Continued

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and
Deferred Inflows of Resources Related to Pensions.

At September 30, 2022, the District reported a liability of \$299,893 for its proportionate share of the net pension liability which includes both FRS and HIS. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District’s proportion of the net pension liability was based on a long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022, the District’s proportion was .000693169% for FRS and .000396332% for HIS.

For the year ended September 30, 2022, the District recognized pension income of \$153,275, related to the FRS/HIS Plan. At year end, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>FRS</u>		<u>HIS</u>	
	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Difference between expected and actual experience	\$ 12,249	\$ –0–	\$ 1,274	\$ (185)
Changes in assumptions	31,763	–0–	2,406	(6,494)
Net difference between projected and actual earnings on pension plan investments	17,030	–0–	61	–0–
Changes in proportion and differences between contributions and proportionate share of contributions	2,905	(469,962)	436	(100,568)
District contributions subsequent to the June 30, 2022 measurement date	<u>–0–</u>	<u>–0–</u>	<u>–0–</u>	<u>–0–</u>
	<u>\$ 63,947</u>	<u>\$ (469,962)</u>	<u>\$ 4,177</u>	<u>\$ (107,247)</u>

Total deferred outflows were \$68,124 and total deferred inflows were \$577,209. \$0 (FRS) and \$0 (HIS) were reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ending September 30:</u>	<u>FRS</u>	<u>HIS</u>
2023	\$ (73,511)	\$ (16,103)
2024	(73,511)	(16,103)
2025	(73,511)	(16,103)
2026	(73,511)	(16,103)
2027	(73,511)	(16,103)
Thereafter	<u>(38,460)</u>	<u>(22,555)</u>

NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

FLORIDA RETIREMENT SYSTEM (FRS) – Continued

Actuarial Assumptions

The total pension liability in the July 1, 2022 actuarial valuation (June 30, 2022 measurement date) was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, including inflation
Investment rate of return	6.70 percent, including inflation at 2.40%

Mortality rates for FRS were based on the PUB-2010 base table, projected generationally with Scale MP-2018, and mortality rates for HIS were based on the Generational PUB-2010 with Projection Scale MP-2018.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2013 – June 30, 2018. Because the HIS is funded on a pay-as-you-go basis, no experience study has been completed for that Plan, but were based on certain results of the most recent experience study for the FRS Plan.

The long-term expected rate of return on pension plan investments consists of two building block components: 1) an inferred real (in excess of inflation) return of 4.20%, consistent with the 4.38% real return from the capital market outlook model developed by the FRS consulting actuary, Milliman; and 2) a long-term average annual inflation assumption of 2.40% as adopted in October 2022 by the FRS Actuarial Assumptions Conference. The table below shows the assumptions for each of the asset classes in which the plan was invested at that time based on the long-term target asset allocation. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Annual Arithmetic Return</u>
Cash	1.00%	2.6%
Fixed income	19.8%	4.4%
Global equity	54.0%	8.8%
Real estate (property)	10.3%	7.4%
Private equity	11.1%	12.0%
Strategic investments	3.8%	6.2%

Discount Rate

The discount rate used to measure the total FRS pension liability was 6.70%, and the HIS pension liability was 3.54%.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

FLORIDA RETIREMENT SYSTEM (FRS) – Continued

Actuarial Assumptions – Continued

Discount Rate – Continued

The HIS rate is based on the Bond Buyer General Obligation 20-Bond Municipal Bond Index. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following changes in actuarial assumptions occurred in 2022:

- FRS: The discount rate and long-term expected rate of return, net of investment expense decreased from 6.80% to 6.70%.
- HIS: The municipal rate used to determine total pension liability increased from 2.16% to 3.54%; the demographic assumptions for the special risk class were updated to reflect plan changes due to HB5007, HB689, and SB838; and the election assumptions for vested terminated members was updated from 20% to 50% to reflect recent experience.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District’s proportionate share of the FRS net pension liability calculated using the discount rate of 6.70%, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (5.70%)	Discount Rate (6.70%)	1% Increase (7.70%)
District’s proportionate share of the FRS net pension liability	\$ 446,046	\$ 257,915	\$ 100,615

The following presents the District’s proportionate share of the HIS net pension liability calculated using the discount rate of 3.54%, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percent-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (2.54%)	Discount Rate (3.54%)	1% Increase (4.54%)
District’s proportionate share of the HIS net pension liability	\$ 48,026	\$ 41,978	\$ 36,973

Pension Plan Fiduciary Net Position

The District's proportion of net position has been determined on the same basis of each Plan. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of Florida comprehensive annual financial report.

BENEFITS FOR NON-FIREFIGHTERS HIRED AFTER JANUARY 1, 1996

Non-firefighters hired after January 1, 1996 receive a contribution in the amount of 12.5% of their salary into a defined contribution plan. This defined contribution arrangement was approved in Ordinance 96-03 passed on July 24, 1996. Total contributions were \$19,848 on a covered payroll of \$158,099. Participants are 100% vested after 10 years.

DEFINED BENEFIT PLAN FOR FIREFIGHTERS HIRED AFTER JANUARY 1, 1996

Plan Description and Summary of Significant Accounting Policies

Ordinance 2000-05, which was amended by Ordinances 2003-02, 2005-02, 2008-04 and 2010-01, 2013-04, 2014-05, 2016-11, 2019-03, and 2021-05 established and amended the West Manatee Fire and Rescue District Firefighters' Retirement Plan (FFRP) which combined individual plans from two predecessor Districts. This plan meets the requirements of Chapter 175 Florida Statutes. The Plan is a single member, defined benefit, public retirement system.

The District's section 175 pension plan is accounted for in the accompanying financial statements as a pension trust fund. Plan administrative costs are paid by the plan. The District Board has the authority to amend or extend the provisions of the plan. The plan is administered by the Pension Board with Salem Trust Company and American Realty Advisors as the custodians of the assets. The Pension Board consists of 5 Trustees, 2 of whom are appointed by the District Board, 2 of whom are full-time Firefighters and elected by members of the Plan, and 1 who is elected by the other 4 trustees and appointed by the Board. The District's plan does not issue a separate financial report.

Inactive employees and beneficiaries receiving benefits	6
Inactive employees entitled to, but not yet receiving, benefits	6
Active plan members	<u>40</u>
Total	<u>52</u>

Basis of Accounting – The FFRP follows the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Asset Valuation – Investments are reported at market value based on quoted prices at month/year end. Investment income is recognized when earned. Gains and losses on sales and exchanges of securities are recognized on the transaction date.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

Benefit Provisions

The Plan provides retirement, disability and death benefits to all full-time firefighters hired after January 1, 1996, effective at date of hire. Retirement benefits are calculated as 3.5% of Average Final Compensation times credited service.

Normal Retirement – Earlier of age 55 and 6 years of Credited Service, or 25 years of Credited Service, regardless of age.

Early Retirement – 6 years of Credited Service. The accrued benefits are reduced 3% for each year prior to normal retirement.

Disability – Service Incurred: Covered from Date of Employment. Non-Service Incurred: 8 years of Credited Service. Benefit accrued to date of disability, but, if service incurred, not less than 42% of Average Final Compensation, if unable to perform duties of a Firefighter, or 65%, if unable to perform any duties for the District.

Death Benefits Pre-Retirement – Line of Duty: If member was vested, the beneficiary receives the greater of: 1) the member's accrued benefit payable at the otherwise Early (reduced) or Normal Retirement Date, or 2) 50% of the member's monthly salary rate at the time of death, payable for life. Non-Spousal Beneficiaries must commence benefits immediately. If the member was not vested, the beneficiary receives 50% of the member's monthly salary rate at the time of death, payable for life.

Not in Line of Duty: If member was vested, the beneficiary receives the member's accrued benefit payable at the otherwise Early (reduced) or Normal Retirement Date. Non-Spousal Beneficiaries must commence benefits immediately. If the member was not vested, the beneficiary receives a refund of the member's own contributions.

Cost of Living Adjustment – Each July 1 following retirement, the monthly benefit amount is increased 3.5%. The increase is based on the June benefit, excluding any health insurance subsidy.

Supplemental Benefit – \$5.00 per month for each year of Credited Service.

Deferred Retirement Option Program –Satisfaction of Normal Retirement requirements. Not to exceed 60 months. Actual net rate of investment return (total return net of brokerage commissions, management fees and transaction costs) credited each fiscal quarter. The DROP Balance as of September 30, 2022 is \$0.

Contribution Information

Vesting on employer contributions occurs after 6 years of service. Employees are fully vested in their required contributions when made. Required employee contributions were 5.0% of salary. Required contributions from the District along with state contributions are required in order to pay current costs and amortize unfunded past service cost, if any, as provided in Chapter 112, Florida Statutes.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

Benefit Provisions – Continued

Contribution Information – Continued

Employer contributions for the period ended September 30, 2022 were \$987,203, on a covered payroll of \$3,525,498. State contributions totaled \$347,541, and employee contributions were \$176,274.

Investments

The Board establishes investment policies and allocation of invested assets and may amend the policy by majority vote.

Plan investments are held by the Salem Trust Company and American Realty Advisors and have a market value of \$23,884,725 and a cost of \$22,369,238 at September 30, 2022.

As of September 30, 2022, the asset allocations are as follows:

	<u>Percent of Total</u>
Money Market Funds	1.90%
U.S. Government Obligations	4.69%
Corporate Bonds	4.71%
Equity Mutual Funds	56.12%
Fixed Income Mutual Funds	21.69%
Commingled Real Estate Fund	10.89%
	<u>100.00%</u>

Concentrations – The Plan did not hold investments in any one organization that represent 5 percent or more of the Pension Plan’s fiduciary net position.

Rate of Return – For the year ended September 30, 2022 the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was (17.19)%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Credit Risk – Credit risk results from the potential default of investments that are not financially sound. Investments are limited by Florida Statute Chapter 175 and by an investment policy adopted by the Plan’s Board of Trustees. The Plan’s investments must meet the following criteria: fixed income securities/bonds with a Standard & Poor’s rating of BBB or higher or Moody’s rating of Baa or higher, except that 15% of the fixed income assets, at market, may be invested in securities not meeting this requirement, including foreign. Equities with a Value line ranking for safety 1, 2 or 3, except that 15% of equity assets, at market, may be invested in securities not meeting this requirement. Money Market with a Standard & Poor’s rating of A1 or Moody’s rating of P1. Not more than 5% of the Plan’s assets are to be invested in common stock or capital stock of any one issuing company nor the aggregate investment in any one issuing company exceed 5% of the outstanding capital stock of the Company. The value of bonds issued by a single corporation shall not exceed 10% of the Plan.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

Benefit Provisions – Continued

Custodial Credit Risk – Continued

The Money Market Fund represents 1.90% of assets and has a Moody's rating of Aaa.

Interest Rate Risk – The U.S. Government Obligations have interest rates between 0.375% and 2.75% with maturities from 2023 to 2031. Corporate bonds have interest rates between 2.38% and 5.63% with maturities between 2022 and 2029.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Plan investments are held by Salem Trust Company and American Realty Advisors as Custodians for the West Manatee Fire & Rescue District Firefighter's Retirement Plan. Management invests with custodians it determines to have an acceptable custodial credit risk.

Foreign Currency Risk – The Board of Trustees retains outside investment managers to manage investment portfolios. The Board approves and provides investment managers with the Plan's written investment policy. The Plan's investment policy states that investments in foreign securities or corporations domiciled outside of the United States shall not exceed 10% of the value at cost of Plan assets.

Fair Value

The investments held by the FFRP are measured at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District has the following recurring fair value measurements as of September 30, 2022:

	<u>Total</u>	<u>Fair Value Measurements Using</u>		
		<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Investments by fair value level:				
Money Market and Short Term Funds	\$ 454,075	\$ 454,075	\$ -0-	\$ -0-
Debt securities:				
U.S. Government Obligations	1,121,331	-0-	1,121,331	-0-
Corporate Bonds	1,078,805	-0-	1,078,805	-0-
Foreign Bonds	44,052	-0-	44,052	-0-
Mutual Funds – Fixed Income	5,181,657	-0-	5,181,657	-0-
Equity securities:				
Mutual Funds – Equity	13,404,790	-0-	13,404,790	-0-
American Core Realty Fund	<u>2,600,015</u>	<u>-0-</u>	<u>-0-</u>	<u>2,600,015</u>
Total investments by fair value	<u>\$ 23,884,725</u>	<u>\$ 454,075</u>	<u>\$ 20,830,635</u>	<u>\$ 2,600,015</u>

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

Fair Value – Continued

Investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Commingled real estate funds are classified as level 3 as the valuation is determined using significant unobservable inputs. Valuation techniques used include discounted cash flow, direct capitalization sales approach, cash equivalency and par value.

Net Pension Liability

The measurement date is September 30, 2022. The Total Pension Liability used to calculate the Net Pension Liability was determined as of that date. The measurement period for the pension expense was October 1, 2021 to September 30, 2022. The reporting period is October 1, 2021 through September 30, 2022. The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation as of October 1, 2021 and rolled forward to September 30, 2022.

The components of the net pension liability (asset) of the sponsor on September 30, 2022 were as follows:

Total Pension Liability	\$ 26,151,322
Plan Fiduciary Net Position	<u>(23,879,260)</u>
Sponsor's Net Pension Liability (Asset)	<u>\$ 2,272,062</u>
Plan Fiduciary Net Position as a percentage of Total Pension Liability	91.31%

	Total Pension Liability <u>(a)</u>	Plan Fiduciary Net Position <u>(b)</u>	Net Pension Liability (Asset) <u>(a) – (b)</u>
Balance as of September 30, 2021	\$ 23,334,491	\$ 27,335,391	\$ (4,000,900)
Change for a Year:

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

Actuarial Assumptions – The total pension liability was determined by an actuarial valuation as of October 1, 2021 rolled forward to September 30, 2022 using the following actuarial assumptions applied to all measurement periods.

Inflation	2.50%
Salary Increases	service based
Discount Rate	7.40%
Investment Rate of Return	7.40%

Mortality Rate Healthy Lives:

Female: PubS.H-2010 for employees, set forward one year.

Male: PubS.H-2010 for employees, set forward one year.

Mortality Rate Disabled Lives:

80% PubG.H-2010 for disabled retirees/20% PubS.H-2010 for Disabled Retirees.

All rates are projected generationally with Mortality Improvement Scale MP-2018.

The other significant assumptions are based upon the most recent actuarial experience study dated April 24, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. For 2022, the inflation rate assumption of the investment advisor was 2.5%. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	45%	7.5%
International Equity	15%	8.5%
Broad Market Fixed Income	25%	2.5%
Global Fixed Income	5%	3.5%
Real Estate	<u>10%</u>	4.5%
	<u>100%</u>	

Discount Rate – The discount rate used to measure the total pension liability was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The discount rate decreased from 7.50% to 7.40% in the current actuarial valuation.

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE H – RETIREMENT PLANS – CONTINUED

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate – The following presents the net pension liability (asset) of the District, calculated using the discount rate of 7.40% as well as 1% higher and 1% lower than the current rate:

	1% Decrease 6.40%	Current Discount Rate 7.40%	1% Increase 8.40%
Net Pension Liability (Asset)	\$ 6,711,674	\$ 2,272,062	\$ (1,389,238)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2022 the Sponsor recognized pension expense of \$1,678,122. At September 30, 2022 the Sponsor reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 273,698	\$ (409,553)
Changes of assumptions	311,378	(774,327)
Net difference between projected and actual earnings on investments	3,675,283	-0-
Total	\$ 4,260,359	\$ (1,183,880)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:

2023	\$ 683,828
2024	\$ 573,346
2025	\$ 644,673
2026	\$ 1,227,092
2027	\$ (35,167)
Thereafter	\$ (17,293)

AGGREGATE INFORMATION FOR PENSION PLANS

The aggregate balances of the pension plans are as follows:

	Deferred Outflows of Resources	Net Pension Liability	Net Pension Asset	Deferred Inflows of Resources	Pension Expense
Florida Retirement System Firefighters Retirement Plan	\$ 68,124	\$ 299,893	\$ -0-	\$ 577,209	\$ (153,275)
	4,260,359	2,272,062	-0-	1,183,880	1,678,122

NOTES TO FINANCIAL STATEMENTS**

NOTE I – OTHER POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN

Plan Description

The District’s Retiree Health Care Plan (Plan) is a single-employer defined benefit postemployment health care plan that covers eligible retired employees of the District. The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under one of the District’s retirement plans to continue medical and life insurance coverage as a participant in the District’s plan. For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust.

Plan membership at September 30, 2022 (date of actuarial valuation):

Inactive plan members or beneficiaries currently receiving benefits	8
Inactive plan members entitled to but not yet receiving benefits	0
Active plan members	<u>43</u>
Total	<u>51</u>

Benefits Provided

A retired employee and his or her spouse are eligible to continue health insurance identical to active employees if they meet the eligibility for retirements under the applicable Plan. The retiree is responsible for paying the entire monthly premium for health coverage and that of any covered spouse or eligible dependents.

Actuarial Assumptions

The measurement date is September 30, 2022.

The measurement and reporting period for the OPEB expense was October 1, 2021 to September 30, 2022.

The actuarial cost method used was entry age normal, based on a level percentage of payroll.

The Total OPEB Liability was measured as of September 30, 2022 using a discount rate of 4.00%.

The actuarial valuation was performed utilizing the Alternative Measurement Method for small plans.

The Total OPEB Liability was determined by an actuarial valuation as of September 30, 2022, using the following actuarial assumptions:

Inflation	2.50%
Salary Increases	3.00%

Ultimate Trend Rate – Dental and Vision	3.00% and 3.00%

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE I – OTHER POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN – CONTINUED

Mortality

Pub-2010 Public Retirement Plans Mortality Tables, with mortality improvements projected for 10 years.

Discount Rate

Given the District's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 4.00%. The high-quality municipal bond rate was based on the week closest but not later than the measurement date of the Bond Buyer 20-Bond Index as published by the Federal Reserve.

OPEB Expense

For the year ended September 30, 2022, the Sponsor will recognize OPEB expense of \$2,797,233.

Change in Total OPEB Liability

	Increases and (Decreases) in Total OPEB Liability
Reporting Period Ending September 30, 2021	\$ 2,435,660
Changes for a Year:	
Service Cost	29,180
Interest	86,516
Effect of Economic/Demographic Gains or Losses	3,158,616
Changes in Assumptions	<u>(477,079)</u>
Net Changes	<u>2,797,233</u>
Reporting Period Ending September 30, 2022	<u>\$ 5,232,893</u>

Changes in assumptions reflect a change in the discount rate from 3.51% for the prior year to 4.00% for the current year.

Sensitivity of the Total OPEB Liability to changes in the Discount Rate

The following presents the Total OPEB Liability of the Sponsor, as well as what the Sponsor's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	1% Decrease 3.00%	Current Discount Rate 4.00%	1% Increase 5.00%
Total OPEB Liability (Asset)	\$ 6,293,715	\$ 5,232,893	\$ 4,419,450

**WEST MANATEE FIRE & RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE I – OTHER POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN – CONTINUED

Sensitivity of the Total OPEB Liability to changes in the Healthcare Cost Trend Rates:

The following presents the Total OPEB Liability of the Sponsor, as well as what the Sponsor's Total OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
Total OPEB Liability (Asset)	\$ 4,352,082	\$ 5,232,893	\$ 6,360,896

NOTE J – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There has been no significant decrease in coverage from the prior year. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

NOTE K – CONCENTRATIONS OF LABOR SUBJECT TO COLLECTIVE BARGAINING AGREEMENT

The District's professional Firefighters, including Lieutenants and Captains, as well as Deputy Fire Marshall and Fire Inspectors, which represent a significant portion of the District's employees are represented by a Union.

SCHEDULE TO CONTRIBUTIONS AND NOTES – FFRP
AVAILABLE FISCAL YEARS***

Notes to Schedule

Changes in Assumptions:

For measurement date 9/30/2021, the investment rate of return was lowered from 7.50% to 7.40% per year compounded annually, net of investment related expenses.

For measurement date September 30, 2020, as mandated by Chapter 2015–157, Laws of Florida, the assumed rates of mortality were changed to the rates used in Milliman’s July 1, 2019 FRS valuation report for special risk employees, with appropriate adjustments made based on plan demographics.

For measurement date September 30, 2019, based on the Board’s review of the April 24, 2019 Experience Study, the following changes were made:

- Investment Return – was lowered from 7.70% to 7.50%.
- Salary Increases – were changed from a flat salary scale.
- Termination Rates – were reduced by one-half.
- Retirement Rates – were changed to the following:
 - a. Vested members under age 50 will begin drawing benefits at the earlier of age 50 or their otherwise Normal Retirement Date. For these individuals, the assumed termination rates will apply.
 - b. Vested members at least age 50 will retire with a 5.0% probability each year until they reach their Normal Retirement Date and will retire with a 100% probability once they reach their Normal Retirement Date.

Notes to Schedule

Valuation Date: 10/01/2020

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumption used to determine contribution rates can be found in the October 1, 2020 Actuarial Valuation for the District’s Retirement Plan prepared by Foster & Foster Actuaries and Consultants.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – FRS/HIS**

ACTUARIAL METHODS AND ASSUMPTIONS

Actuarial assumptions for both defined benefit plans (FRS and HIS) are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS Pension Plan has a valuation performed annually. This HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed for the period July 1, 2013, through June 30, 2018. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for this program.

The total pension liability for each of the defined benefit plans was determined by the individual entry age normal actuarial cost method. Inflation for both plans is assumed at 2.40%. Payroll growth for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 6.70%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.54% based on the Bond Buyer General Obligation 20-Bond Municipal Bond Index was used to determine the total pension liability for the program. Mortality assumptions for FRS were based on the PUB-2010 base table, projected generationally with Scale MP-2018, and mortality assumptions for HIS were based on the Generational PUB-2010 with Projection Scale MP-2018.

The following changes in actuarial assumptions occurred in 2022:

- FRS: The discount rate and long-term expected rate of return was decreased from 6.80% to 6.70%.
- HIS: The municipal rate used to determine total pension liability increased from 2.16% to 3.54%. The demographic assumptions for the special risk class was updated to reflect plan changes due to HB5007, HB689, and SB838. The election assumption for vested terminated members was updated from 20% to 50% to reflect recent experience.

OTHER REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS*

**Board of Commissioners
West Manatee Fire & Rescue District
Manatee County, Florida**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of West Manatee Fire & Rescue District (the District) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 30, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations during our audit, we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether West Manatee Fire & Rescue District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of the Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

**Board of Commissioners
West Manatee Fire & Rescue District
Manatee County, Florida**

Report on the Financial Statements

We have audited the financial statements of West Manatee Fire & Rescue District, (the District), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated January 30, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 30, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not West Manatee Fire & Rescue District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that West Manatee Fire & Rescue District was not in a state of financial emergency as it did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor West Manatee Fire & Rescue District's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information for an Independent Special District

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the District reported:

- a. The total number of District employees compensated in the last pay period of the District's fiscal year was 45.
- b. The total number of independent contractors to whom non-employee compensation was paid in the last month of the District's fiscal year was 0, as there were none.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency was \$3,478,154.
- d. All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency was \$0, as there was none.
- e. Each construction project with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project was \$0, as there were none.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes. The budget variance is presented on page 42.

Specific Information for an Independent Special District that imposes Non-Ad Valorem Special Assessments

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the District reported:

- a. The rate or rates of non-ad valorem special assessments imposed by the District were \$211.48 and \$0.1247 for the residential base rate and residential square foot rate, respectively, and \$525.59 and \$0.2276 for the commercial base rate and commercial square foot rate, respectively.
- b. The total amount of special assessments collected by or on behalf of the District was \$7,955,191.
- c. There were no bonds issued by the District, and as such the outstanding amount is \$0, and there were no terms.

Additional Matters

Section 10.544(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT ACCOUNTANT'S REPORT
ON INVESTMENT COMPLIANCE

To the Board of Commissioners
West Manatee Fire & Rescue District
Manatee County, Florida

We have examined West Manatee Fire & Rescue District's (the District) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2022. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds for the year ended September 30, 2022.

This report is intended solely for the information and use of the District and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
