Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the general fund of the Sanibel Public Library District (District) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the District as of September 30, 2023, and the respective changes in financial position and the budgetary comparison of the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sanibel Public Library District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

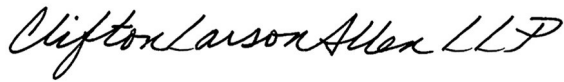

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Commissioners
Sanibel Public Library District

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 19, 2024, on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance.

**SANIBEL PUBLIC LIBRARY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2023**

The discussion and analysis of the Sanibel Public Library District (District) financial statements is designed to introduce the basic financial statements and provide an analytical overview of the District's financial activities for the fiscal year ended September 30, 2023. The basic financial statements are comprised of the government-wide financial statements, the general fund financial statements, and notes. The information presented in this MD&A should be considered in conjunction with the accompanying financial statements.

District Highlights

- The District is an independent special district which operates under Chapter 2005-336 Florida Statutes and is governed by an elected seven-member Board of Commissioners (Board). The Commissioners are elected for a four-year term (except for the first term where four members were elected for two years to allow for staggering the terms of the members).
- As of September 30, 2023, the District had eleven full-time employees and two part-time employees.
- At close of fiscal year 2023, the District's assets exceeded its liabilities, resulting in net position of \$11,853,945.
- The unrestricted net position of \$2,896,735 can be used to meet ongoing obligations of the District and fund projects designated by the Board.

Government-wide Financial Statements

Government-wide financial statements (statement of net position and statement of activities found on pages 8 and 9) are intended to allow a reader to assess a government's operational accountability. Operational accountability is defined as the extent to which the government has met its operation objectives efficiently and effectively, using all resources available for that purpose, and whether it can continue to meet its objectives for the foreseeable future. Government-wide financial statements concentrate on the District as a whole and do not emphasize fund types.

The statement of net position (page 8) presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. The District's capital assets (land, building, and equipment) are included in this statement and reported net of their accumulated depreciation, when applicable.

The statement of activities (page 9) presents revenue and expense information showing how the District's net position changed during the fiscal year. Both statements are measured and reported using the economic resource measurement focus (revenues and expenses) and the accrual basis of accounting (revenue recognized when earned and expenses recognized when a liability is incurred).

Fund Financial Statements

The accounts of the District are organized on the basis of governmental funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District currently has only one fund, the general fund.

**SANIBEL PUBLIC LIBRARY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2023**

Fund financial statements (found on pages 10 and 12) are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets.

Notes to the Financial Statements

The notes to the financial statements explain in detail some of the data contained in the preceding statements and begin on page 15. These notes are essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-Wide Financial Analysis

The government-wide financial statements were designed so the user could determine if the District is in better or worse financial condition from the prior year.

The following is a condensed summary of net position for the primary government as of September 30:

	2023	2022
ASSETS		
Current and Other Assets	\$ 3,498,007	\$ 3,291,540
Capital Assets (Net)	8,980,037	8,619,542
Total Assets	12,478,044	11,911,082
LIABILITIES		
Current Liabilities	602,334	233,396
Noncurrent Liabilities	21,765	36,272
Total Liabilities	624,099	269,668
NET POSITION		
Investment in Capital Assets	8,957,210	8,588,962
Unrestricted	2,896,735	3,052,452
Total Net Position	\$ 11,853,945	\$ 11,641,414

Current and other assets represent 28% of total assets. Current assets include unrestricted cash and cash equivalents of \$3,370,773.

The net investment in capital assets is comprised of the building, equipment, and lending collections net of accumulated depreciation, and related liabilities incurred to acquire the capital assets.

Increase (Decrease) in Net Position	<u>\$ 212,531</u>	<u>\$ (450,757)</u>

Total revenues increased \$156,700, in comparison to prior year primarily due to the increase in insurance proceeds, investment earnings, operating grants and contributions.

Total expenses decreased by \$506,588 in comparison to the prior year. The decrease in expenses for the current year is primarily due to impairment loss recorded for capital assets in the amount of \$488,494 related to Hurricane Ian damage in 2022, as well as the decrease in personal services of \$183,021 resulting from a decrease in employees in 2023.

Budgetary Highlights

The District adopts an annual budget for its funds as required by Florida Statute. There were no budget amendments during the fiscal year. See page 14 for more information. The District experienced a budget overrun of expenditures in 2023. See Note 9 for more information.

Economic Factors and Next Year's Budget Rates

The factors taken into consideration when preparing the budget for fiscal year 2023-24 were:

- The Board approved the millage rate for fiscal year 2023-24 in the amount of .5667 mills, which increased from .4150 mills for the 2022-23 fiscal year.
- On December 16, 2022, section 197.3181, Fl. Stat., was signed into law, which provides for a prorated refund of ad valorem taxes for residents whose homes were impacted by Hurricane Ian. These amounts were deducted from the total taxes collected for each taxing authority. The Districts expects to collect \$221,423 in 2023-24 to refund the tax reductions incurred in 2022-23.

Net Change in Fund Balance - General Fund \$ (156,705)

Amounts reported for governmental activities in the Statement of Activities are different because:

The general fund reports capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Transactions involving capital assets are summarized below:

Capital Outlay	\$ 786,073	-
Depreciation	<u>(425,578)</u>	360,495

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the general fund. This represents the change in compensated absences. 988

Issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transactions, however, has any effect on net position.

**SANIBEL PUBLIC LIBRARY DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Defining the Governmental Reporting Entity

The Sanibel Public Library District (District) is an independent special district created to provide public library services within the boundaries of the City of Sanibel. The District was created pursuant to Chapter 2005-336, Laws of Florida. The District's first Board of Commissioners (Board) was elected on March 7, 2006. The Board's first official meeting was on March 17, 2006. Operations of the District effectively commenced on April 1, 2006.

The business and affairs of the District are governed by a board of seven commissioners, who serve on a staggered four-year term basis.

The Financial Reporting Entity Standard requires the financial statements of the District (the primary government) to include its component units, if any. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. There are no component units required to be included in the District's financial statements.

Basic Financial Statements

The government-wide financial statements consist of a statement of net position and a statement of activities that report information about the District as a whole. The statement of net position reports all financial and capital resources.

The statement of activities demonstrates the degree to which the direct expenses of the District's program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include: 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given program, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements are presented to report additional and detailed information about the District. Fund financial statements accompany the government-wide financial statements and present a summary reconciliation to explain differences between the data reported in the general fund and the data reported for the corresponding governmental activities in the government-wide financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

**SANIBEL PUBLIC LIBRARY DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when such liabilities have matured.

Ad valorem property taxes are recorded as revenues in the fiscal year in which the taxes are due and collected within 60 days of fiscal year-end. Intergovernmental revenues are recognized at the time of receipt. Investment earnings are recognized when earned. All other revenue items are recognized when cash is received by the District, as any potential receivable amounts are not significant.

Fund Accounting

The accounts of the District are organized on the basis of a fund which is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenue, and expenditures, as appropriate. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The following governmental fund is used by the District and is reported as major in the financial statements:

General Fund – The General Fund is the general operating fund of the District. All financial resources, which are not specifically restricted or designated as to use, are recorded in the General Fund.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The District utilizes the consumption method of accounting for prepaid items, which provides that the expenditures are initially reported as assets and the recognition of the expenditures are deferred until consumed.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include property, plant, and equipment, are reported only in the government-wide financial statements. Capital assets are those acquired for general government purposes with an initial, individual cost equal to or more than \$1,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost if purchased or constructed. Donated assets are recorded at their estimated acquisition value at the date of the donation. The cost of all lending collection assets is recorded at date of purchase. Maintenance, repairs, and minor renovations are not capitalized.

Capital assets of the District are depreciated using the straight-line method over the following estimated useful lives:

Buildings	39 Years
Land and Building Improvements	10 Years
Furniture and Equipment	5 to 10 Years

The lending collection is depreciated 10% of remaining balance per year for books and 20% for all other lending materials.

Capital assets not being depreciated consist of land, construction in process, art, and shell collections.

Budgets and Budgetary Accounting

Per Florida state statutes, the following procedures are followed by the District in establishing its budget:

1. During the summer, the executive director submits to the Board for their consideration a proposed operating budget for the fiscal year commencing on October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is adopted through a resolution by the Board.
4. Budget transfers and amendments can be made throughout the year by approval of the Board.
5. The budget for the General Fund is adopted on a basis consistent with accounting principles generally accepted in the United States of America.
6. The level of control for appropriations is exercised at the fund level.

Compensated Absences

The District's employees accumulate sick and annual vacation leave based on years of continuous service. Upon termination of employment, employees can receive payment for accumulated vacation leave only if they meet certain criteria.

**SANIBEL PUBLIC LIBRARY DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences (Continued)

The amount of compensated absences recorded as expenditures in the General Fund is the amount accrued during the year that would normally be liquidated with expendable available financial resources. Only compensated absences due and payable at September 30, 2023, are recorded on the balance sheet of the General Fund. Both the current and noncurrent portion of compensated absences are reported in the statement of net position.

Fund Balance

In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balance is reported in five components: nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable Fund Balance – Amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. “Not in spendable form” includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as long-term amount of loans and notes receivable, as well as property acquired for resale. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact.

Restricted Fund Balance – Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the District’s Board, the District’s highest level of decision-making authority. Commitments may be changed or lifted only by the Board taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned Fund Balance – Includes spendable fund balance amounts established by the library director that are intended to be used for specific purposes that are neither considered restricted or committed.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for the General Fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

**SANIBEL PUBLIC LIBRARY DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (Continued)

The District expends restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal documents that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District would first use committed fund balance, followed by assigned fund balance, and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Minimum Fund Balance Policy

The District's policy is to maintain an adequate General Fund unassigned fund balance to provide liquidity to meet seasonal shortfalls in cash flow, and reduce susceptibility to emergency or unanticipated expenditures and/or revenue shortfalls. The District adopted a financial standard to maintain a General Fund minimum unassigned fund balance of approximately four months' worth of operating expenses.

Adoption of New Accounting Standards

In May 2020, GASB introduced a new standard, statement No. 96 Subscription-Based Information Technology Arrangements. This statement provides guidance on the accounting and financial reporting for subscription-based technology arrangements (SBITAs) for government end users (Governments). This statement (1) defines SBITA, (2) establishes that a SBITA results in a right-to-use subscription asset, an intangible asset, and a corresponding subscription liability, (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA, and (4) requires note disclosures regarding SBITAs. The District adopted the requirements of the guidance in 2023.

NOTE 2 CASH AND CASH EQUIVALENTS

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. In accordance with its policy, all District depositories are banks designated by the Florida State Treasurer as qualified public depositories. Chapter 280 of the Florida Statutes, "Florida Security for Public Deposits Act," provides procedures for public depositories to ensure public monies in banks and saving and loans are collateralized with the Treasurer as agent for the public entities. Chapter 280 defines deposits as demand deposit accounts, time deposit accounts, and nonnegotiable certificates of deposit.

Financial institutions qualifying as public depositories shall deposit with the Treasurer eligible collateral having a market value equal to or in excess of the average daily balance of public deposits times the depository collateral pledging level required, pursuant to Chapter 280, as computed and reported monthly, or 125% of the average monthly balance, whichever is greater. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof and, therefore, the District is not exposed to custodial credit risk.

NOTE 6 PROPERTY TAXES

Property taxes are levied after formal adoption of the District’s budget and become due and payable on November 1 of each year. Discounts are allowed for payment of property taxes before March 1 of the following year. On April 1, any unpaid taxes become delinquent. If the taxes are still unpaid in May, tax certificates are then offered for sale to the general public.

The Lee County, Florida Tax Collector performs the billing and collection of all property taxes for the District. Taxes are recognized as revenue when levied to the extent that they result in current receivables.

Key dates in the property tax cycle (latest date, where appropriate) are as follows:

- | | |
|-----------------|---|
| July 1 | ◆ Assessment roll validated |
| September 30 | ◆ Millage resolution approved and taxes levied following certification of assessment roll |
| October 1 | ◆ Beginning of fiscal year for which tax is to be levied |
| November 1 | ◆ Property taxes due and payable (levy date) with various discount provisions through March 1 |
| April 1 | ◆ Taxes become delinquent |
| Prior to June 1 | ◆ Tax certificates sold by Lee County |

The Board levied ad valorem taxes at a millage rate of \$0.4150 per \$1,000 of the 2023 net taxable value of real property located within the District. The amount of tax revenue recorded by the District for the year ended September 30, 2023 was \$2,255,969.

NOTE 7 RETIREMENT PLAN

The District maintains a Simplified Employee Pension or “SEP” plan for all eligible employees. Eligible employees are defined as employees who are at least 21 years of age and have at least two years of service. Under the terms of Section 408(k) of the Internal Revenue Code, the District makes contributions in each calendar year to the Individual Retirement Accounts or Individual Annuities of all eligible employees. The contributions are based on a discretionary percentage of the employee’s salary. In the current fiscal year, the approved percentage was 16%. Retirement plan expense for the year ended September 30, 2023 was \$121,537.

NOTE 8 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Insurance coverage for such risk of loss is purchased from commercial insurance companies. The financial impact of the District's risk management activities are reported in the accompanying financial statements. For 2023, the District paid \$126,465 in premiums for policies to insure for these risks. In addition, the Board has committed a portion of the District's unassigned fund balance to meet potential deductible amounts and provide funds in case of excess wind damage.

NOTE 9 EXPLANATION OF BUDGET OVERRUN

The District incurred expenses related to expenditures incurred related to repairs to the Sanibel Public Library that were not included in the original budget. As a result, the District experienced an overrun of expenditures in the amount of \$269,639. The expenses were necessary to repair damages caused by Hurricane Ian and ensure the District's facilities were safe and operational. In addition, the Board will continue to monitor the District's financial position and take appropriate action as needed to ensure that the District remains financially stable.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Commissioners
Sanibel Public Library District
Sanibel, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Sanibel Public Library District (District) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 19, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

We identified certain deficiencies in internal control, described in the accompanying schedule of findings as item 2023-001 that we consider to be a material weaknesses.

Report on Compliance and Other Matters

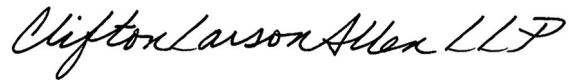

As part of obtaining reasonable assurance about whether the District’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District’s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District’s response to the findings identified in our audit and described in the accompanying schedule of findings. The District’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**SANIBEL PUBLIC LIBRARY DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED SEPTEMBER 30, 2023**

2023 - 001 Audit Adjustments

Type of Finding: Material Weakness in Internal Control over Financial Reporting.

Condition: As part of the audit, we proposed audit adjustments to correct the District's financial statements at year-end related to capital assets, account payable, and related revenue and expenditures.

Criteria of specific requirement: The Committee of Sponsoring Organizations of the Treadway Commission (COSO) Internal Control Framework states that control activities are a component of internal control. Control activities are policies and procedures established to ensure that management directives are carried out, and consist of two elements, a policy that establishes what should be done and the procedure that implements the policy. COSO Framework states that control activities must be in place for there to be adequate internal control procedures over financial reporting. Internal control procedures affect the District's ability to ensure financial transactions are authorized and accurate. The District's management is responsible for establishing and maintaining internal controls for the proper recording of all the District's transactions in the financial statements.

Effect: The District's financial records were misstated, and we proposed adjusting entries to management to correct the District's financial records. The proposed adjustments were recorded by management to correct the financial statements.

Cause: The District's internal controls over financial reporting did not detect or prevent the errors.

Repeated Finding: No

Recommendation: We recommend that management enhance its review over financial records to ensure information is accurately recorded.

View responsible official and planned corrective actions: Management is in agreement with the audit finding. Management will work with the District's bookkeeper to perform a year-end review of material accrual amounts to verify proper recording.

MANAGEMENT LETTER

Board of Commissioners
Sanibel Public Library District
Sanibel, Florida

Report on the Financial Statements

We have audited the financial statements of the Sanibel Public Library District (District), as of and for the fiscal year ended September 30, 2023, and have issued our report thereon dated June 19, 2024.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 19, 2024, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings and recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information has been included in the notes to the basic financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)(2). Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.d., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. The District does not have any special district component units.

Special District Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Sanibel Public Library District reported:

- a. The total number of district employees compensated in the last pay period of the district's fiscal year as: 16.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the district's fiscal year as: None.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as: \$1,148,729.
- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as: None
- e. Each construction project with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:
 - Hurricane Ian related repairs and improvements: \$763,332
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as: See page 14 of the financial statements.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the Sanibel Public Library District reported:

- a. The mileage rate or rates imposed by the district as: .4150 mills.
- b. The total amount of ad valorem taxes collected by or on behalf of the district as: \$2,255,969.
- c. The total amount of outstanding bonds issued by the district and the terms of such bonds as:
None.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

Board of Commissioners
Sanibel Public Library District
Sanibel, Florida

We have examined Sanibel Public Library District's (District) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds, during the year ended September 30, 2023. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2023.

This report is intended solely for the information and use of the District and the Auditor General, state of Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.
